No. 8.

Extract from the Minutes of the Meeting of the Board of Directors of the Dainichi Densen Kabushiki Kaisha held on December 22nd, 1941.

Re: Appointment of a Standing Director

It is proposed that a Standing Director be appointed to facilitate the promotion of the external relations of the Company and that Manager Imaizumi be promoted to be such.

As no objection to the above-mentioned appointment was forthcoming at the Meeting, it was proposed that this appointment be made by mutual election among all present at the meeting of the Board of Directors to be held after the closing of the Regular General Meeting of Shareholders.

(Other entries hereanent are omitted.)

I testify to the veracity of the above statement.

July 10th, 1948.

Testimony relative to Application for Reexamination of the Case of Mr. Takeo Imaizumi and for Exemption of him from Designation as Official connected with the Zaibatsu

I have never been concerned with the assumption of the post of official in the Dainichi Densen Kabushiki Kaisha by Mr. Takeo Imaizumi, Chief Managing Director of the above company, nor have I, as President of the Furukawa Mining Co., Ltd., ever directed, in the least, his performance of duties as official.

I testify that the foregoing statement is true and correct in every particular.

No. 14. Testimony

The Hon. Hitoshi Ashida,

Prime Minister.

In separate paper, I have testified to the facts pertaining to the assumption of various executive offices by Mr. Takeo Imaizumi, Chief Managing Director of the Dainichi Densen Kabushiki Kaisha. I now take the liberty of testifying hereunder how he performed his duties in those executive offices.

1. How Mr. Takeo Imaizumi performed his duties as director

That Mr Imaizumi was appointed to be Director was to initiate the practice of according considerate treatment to the employees, and I had no intention of permitting him to take part in the administration of the important affairs of the Company. At the time, I was President with the Late Mr. Nagatsuma as Chief Managing Director and my coadjutor, so that I never made Mr. Imaizumi participate in the administration of the important affairs of the Company.

2. How Mr. Takeo Imaizumi performed his duties as Director and Manager

After Mr. Nagatsuma, Chief Managing Director, resigned in January, 1940, I looked for a suitable person for the vacated position. At that time, the operation and management of the. Company was entirely carried on at my discretion. It followed, therefore, Mr. Imaizumi never took part therein, only attending the meeting of the Board of Directors and being exclusively in charge of matters relating to business.

3. How Mr. Takeo Imaizumi performed his duties as Standing Director

Mr. Imaizumi was made Standing Director simply for the purpose of facilitating the promotion of the external relations of the Company. As I was constantly on duty as President and administered all the Company's affairs, he merely managed routine business under my direction and supervision.

I testify to the veracity of the above statement.

No.15. Testimony

The Hon. Hitoshi Ashida,

Prime Minister.

I, the undersigned, entered the service of the Dainichi Densen Kabushiki Kaisha in 1922 and have been and am Director of the Company since December, 1946. Being conversant with the actual condition of performance of his duties as official by Mr. Takeo Imaizumi during this period, I beg to testify thereto hereunder.

1. When Mr. Takeo Imaizumi became an official of the Company in July, 1938, I was Manager of the Working Division of the Manufacturing Section and later when he became Director and Manager in December, 1939, I was Manager of the said Division and that of the Manufacturing Section shortly thereafter. During this period, he devoted himself exclusively to business transactions and it was seldom, if ever, that he was concerned with the matters relating to production in the factories, which the engineers like myself were accustomed to deal with in accordance with the direction of Mr. Hasegawa, President.

2. While Mr. Imaizumi was Standing Director, I was first Manager of the Manufacturing Section and then Chief of the Minoshima Branch Plant and that of the Plant attached to the Company's Head-Office. During the period under review, he principally acted as intermediary between the President and the chiefs of the factories like myself and decided everything only

with the approval of the President, to whom he made explanations of any specific matter in behalf of the engineers, when called upon to do so.

I testify to the veracity of the above statement.

Re: Actual Circumstances in which Mr. Takeo Imaizumi performed His Duties as Official

I, the undersigned, entered the service of the Dainichi Densen Kabushiki Kaisha in 1928 and am, at present, Manager of the Technical Department of the Company. Being conversant with the actual circumstances in which Mr. Takeo Imaizumi performed his duties as official during this period, I testify thereto hereunder.

While Mr. Takeo Imaizumi was Director and, subsequently, Director with the additional post of Manager, I was Manager of the Planning Division of the Technical Section and, later, Manager of the Planning Section of the Engineering Department. During the period under review, Mr. Imaizumi was exclusively occupied in the holding of matters relative to business and never participate in the work under the charge of the engineers and technicians.

After the assumption of the Standing Directorship by Mr. Imaizumi, I consulted him on technical matters on occasion, and he advised me upon them each time in accordance with instructions given by Mr. Hasegawa, President.

After his assumption of the Chief Managing Directorship, he used to conduct the business operations of the Company always from his own standpoint entirely free from the interference of the Furukawa or any other Zaibatsu, though it was customary with him to

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

deal with the important affairs of the Company strictly in pursuance of the instructions given by the President.

I testify to the veracity of the above statement.

Testimony:

The Hon. Hitoshi Ashida,

prime Minister.

I, the undersigned, entered the service of the Dainichi Densen Kabushiki Kaisha in 1932 and am, at present, Head of the Research Department of the company. Being conversant with the actual circumstances, in which Mr. Takeo Imaizumi performed his duties as official, I testify to the following facts:

During Mr. Takeo Imaizumi's tenure of Director, Director and Manager and Standing Director, I was Sectional Submanager, Department Acting Manager, Chief Reseacher of the Laboratory and eventually Manager of the Research Department. During this period, Mr. Imaizumi was exclusively charged with matters pertaining to business and never participated in the handling of matters that belonged to the province of technicians and engineers like myself.

I continued to perform my work as Sectional Submanager under Mr. Hayashi, Head of the Research Section, and Mr. Numajiri, Head of Research Department, and under the direct supervision of Mr. Hasegawa, President, and, as Chief Research and subsequently, as Departmental Manager, under the personal direction of the President.

This being the case, I was never under the direct supervision and direction of Mr. Imaizumi

I testify to the veracity of the above statement.

No. 18. Testimony

The Hon. Hitoshi Ashida,

Prime Minister.

In 1920, I entered the Dainichi Densen Kabushiki Kaisha and, at present, am in the position of Assistant Manager of the Business Department of the Company. Hereunder, I testify to the actualities of performance of his duties by Mr. Takeo Imaizumi.

Originally, Mr. Takeo Imaizumi was connected with the sales of the Company's products and, backed by its customers who reposed implicit trust and confidence in him, rendered very commendable service in extending markets for said products.

In 1938, Mr. Imaizumi assumed the Directorship at the unanimous request of the employees, but, as the Furukawa Electric Co., Ltd., had absolute control of the Company and as Mr.Tetsutaro Hasegawa, President, was above him, he did not take part inthe administration of its important affairs as executive official until he took the office of Chief Managing Director in 1946 to the best of my knowledge. Furthermore, although an executive official, he himself did everything possible to increase sales as salesman, being always occupied in the transaction of business with customers. In this,too, he never did anything on his own initiative, as may be seen from the fact that he made it a rule to secure the approval of the President for the transaction of

any and every business beforehand. It was also customary with him to make an ex post facto report on any business contract concluded.

I testify to the veracity of the above statement.

Testimony:

The Hon. Hitoshi Ashida,

prime Minister.

I, the undersigned, entered the service of the Dainichi Densen Kabushiki Kaisha in 1920 and am, at present, Chief of the Cost and Statistical Section of the General Affairs Department of the Company. Being conversant with the actual conditions, under which Mr. Takeo Imaizumi performed his duties as official, Ibeg to take the liberty of testifying to his position vis-a-vis the matters pertaining to accounts which were under my charge at that time as follows:

When Mr. Takeo Imaizumi became Director, the late Mr. Kanmei Hiraoka, Director and Manager, was head of the Accounting Section, and, as Mr. Imaizumi was Manager of the Business Section, he did not take part in matters pertaining to the accounts of the Company.

After the retirement of Mr. Hiraoka, Mr. Imaizumi succeeded to his office of Director and Manager, but, as matters pertaining to the Company's accounts were under the managership of the late Mr. Kihei Tanda, who handled all of them conformably to the direction of Mr.Hasegawa,President, he virtually had nothing to do with them.

Even after the assumption of the Managing Directorship by Mr. Imaizumi, he never participated direct in the accounting business of the Company, particularly transaction of business with the banks, in which it had an account, because Mr. Tanda continued to manage it as the proxy of Mr. Hasegawa, President, under his direction.

I testify to the veracity of the above statement.

Testimony

The Hon. Hitoshi Ashida,

Prime Minister.

I, the undersigned entered the service of the Dainichi Densen Kabushiki Kaisha in 1939 and am, at present, Manager of the Labor Section of the Company. Hereunder I beg to testify to the circumstances in which Mr. Takeo Imaizumi performed his duties as official.

1. As far as the execution of matters falling under the province of the Labor Section was concerned, Mr. Imaizumi always asked for the direction of Mr. Hasegawa, President. Needless to say, he never dealt with matters relating to the bonuses to be given the operatives, rise in their wages, etc., and even those of minor importance such as their employment and discharge, the employment of office boys and the like without the President's instructions. He never gave decision on these matters at his discretion.

2. After Mr. Imaizumi's assumption of the General Managing Directorship, he showed deep understanding of labor problems and always strove to the best of his abilities to maintain harmony between the management and the employee

and to improve their working conditions as far as practicable. Small wonder he did so, because he had risen from among the employees and had advanced democratic ideas.

I testify to the veracity of the above statement.

A Case of Purchasing Horses:

While two horses were commandeered and we have been searching for new horses in place of them, We have found horses on sale, which we want to purchase by any means as this is a time when an ox-car or horse-car replaces a small transportation. Besides, we want to purchase four or five oxen, too, the recognition of which I hereby ask you.

The Price (for two); ¥ 10,700.00.

I testify to the veracity of the above statement.

PETITION

Submitted by

All the Officials

of

DAINICHI DENSEN KABUSHIKI KAISHA

(Dainichi Electric Wire and Cable Co., Ltd.)

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

PETITION

The Hon. Hitoshi Ashida,

Prime Minister.

Mr. Takeo Imaizumi, Chief Managing Director of our Company, was in receipt from you to the effect that the designation of official connected with the Zaibatsu was applicable to him.

Then we lost no time in petitioning for permission for his continued occupation of office for one year.

We, the Officials of the Dainichi Densen Kabushiki Kaisha, well understand that how he became official, first Director, and, then through various executive offices, Chief Managing Director, as we have worked with him as the Company's employees for the past many years. And now, we have confident that he never been absolved from designation of official connected with Zaibatsu.

On the present occasion of filing an application for re-examination of his case and for exemption of him from said designation with you, we beg to take the liberty of describing hereunder the circumstances and conditions under which he assumed office and performed his duties as official in order that fair and just judgment be passed on his case and that he may be recognized as not official connected with the Zaibatsu on the following grounds:

1. How Mr. Takeo Imaizumi became official

In 1930 or thereabouts, which he entered our Company, it was in the most sorrowful plight and in such a state that unless a new way was immediately found out, it was doomed to collapse.

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

It was in those days of gloom and despair that he entered our Company as Submanager of the Business Section by the introduction of the late Mr. Hidekichi Fujiki, Standing Director. Mr. Fujiki resolutely set about extending markets for its products. He specifically entrusted Mr. Imaizumi with the task. Mr. Imaizumi made strenous and self-sacrificing endeavors to achieve it in the fact of intense competition of the other companies in the same line and successfully consolidated its business and financial basis, and increased confidence in the Company, of its customers. It is no exaggeration to say that the development of the Company to its present position among Japanese electric wire and cable manufacturers is to be largely ascribed to his painstaking efforts. On the other hand, his outstanding ability and strong, let alone simple, frank and amiable, personality won a wide circle of admirers and staunch friends, whose number swelled as time passed.

Formerly, all the officials of our Company, including the President, were appointed or replaced by the Furukawa Zaibatsu; therefore, there was no way for the employees to raise themselves to be executive officials and to rise in the world. Such being the case, as employees of long and faithful service increased in number, this became a matter of vital interest and concern to them, and their discontent at each change in official grew so strong that it could not be overlooked.

In July, 1938, Mr. Hasegawa, President, and Mr. Nagatsuma, Chief Managing Director, appointed Mr. Imaizumi official from

among the employees at their unanimous wish for the first time. This event is memorable in that it gave the employees a bright hope for their future and that a novel and encouraging practice was born in place of the old convention in the Company. The subsequent assumption of the Standing Directorship and the Chief Managing Directorship by him was the outcome of the recommendation of the employees and has absolutely nothing to do with appointment or designation by the Furukawa Zaibatsu as representative of its interest.

2. How Mr. Takeo Imaizumi performed his duties as official

Subsequent to his joining our Company, Mr. Imaizumi played an important part in solidifying its foundation by displaying his eminent ability as businessman. Thanks to his exertions, the Company was put on its own feet, attended with brisk operation of business and growing activity and prosperity, which made him increasingly popular among the employees and operatives and among the customers.

Although he became Director as the first official chosen from among the employees in 1938, yet the administration of the important business of the Company was always in the hands of Mr. Hasegawa, President, Mr. Nagatsuma, Chief Managing Director, and Mr. Hiraoka, Director and Manager, so that he was concerned only with matters connected with business and, consequently, held the Directorship only in name.

In December, 1939, Mr. Imaizumi became Director and Manager in succession to Mr. Hiraoka and, in January, 1940, he was one of

the ramaining two standing officials, the other being the President, after Mr. Nagatsuma's retirement from the post of Chief Managing Director. As, however, all the other officials were the appointees of the Furukawa Zaibatsu and as Mr. Hasegawa, President, was exceptionally industrious inthe performance of his work, all the Company's affairs were administered by the President as before and Mr. Imaizumi continued to handle matters relating to business only, occasinally assisting the President in the conduct of his work. In such circumstances, he was Director and Manager merely nominally. This state of things gradually gave rise to adverse criticism among the employees, foreshadowing serious repercussion in the years to come. Later, in December, 1941, he was appointed Standing Director, but that was due to consideration of the Company's external relations. Mr. Hasegawa was constantly on duty as President and, as the decision on any and every matter required his previous approval, the employees felt great inconvenience in handling matters that fell under their charge and often expressed to him the hope of investing Mr. Imaizumi with the authority of performing his duties as Representative Director so as to expedite the administration of all matters. Under such conditions, it may be imaginex how troubled and inconvenienced Mr. Imaizumi was in carrying on his work as Standing Director.

Even after Mr. Hasegawa, President, became Chairman of the Board of Directors and Mr. Imaizumi Chief Managing Director to administer the Company's affairs as Representative Official

consequent upon a change in its organization in July, 1947, the President continued to attend to his office and give advice and direction to the execution of all matters until February, 1948. It was only since Mr. Hasegawa retired from Chairmanship in view of his responsiblity as highest responsible official upon the enforcement of the Law for Termination of Zaibatsu Family Control on February 4th this year that Mr. Imaizumi has been able to act as Representative Director in fact as well as in name. Therefore, although his tenure of office extended for a fairly long period of time till February last, he continued merely as assistant to the President, never being permitted to perform his duties in a manner as befitted official or representative official.

3. Outstanding facts concerning the management of the Company by Mr. Imaizumi, Chief Managing Director

In view of the fact that the Furukawa Electric Co., Ltd., holds approximately 98 per cent of its capital stock, it is inevitable that our Company is regarded as a subsidiary company of the Furukawa Zaibatsu. As, however, it had long been the desir of the employees to make it independent of said Zaibatsu in respect of management, Mr. Hasegawa, President, complied with their desire and resolutely carried out the construction of its cable plant indefiance of the opposition of the Furukawa Electric Co.,Ltd. The supply of copper wirerods, principal materials of its products, was all made by the Nikko Refinery of the Furukawa Electric Co., Ltd., so that production at its factories was necessarily restricted and controlled by that company. To extricate our Company from such restriction and control and to effect a self-supply of copper wirerods by erecting a copper smeltery of its

own, thus paving the way for its further progress, were the combined and urgent wish of the employees. This wish has been conscious of the public character of industrial and commercial enterprises, Mr. Imaizumi upholds the principal that any company can develop only under rational and demoeratic management completely free from the yoke of the Zaibatsu and is resorting to every conceivable means of stabilizing the living, and promoting the welfare, of the Company's employees as well as their families numbering some 6,000 persons. Indeed, he is working, heart and soul, for elevating the will to work of the employees and encompassing the development of our Company as an ideal industrial concern.

In view of the current economic situation in this country, recovery of production is, it is superfluous to say, a matter of utmost urgency. Especially, the production of electric wires and cables for use in collieries and for communications, traffic, power and current transmission, electric lighting, etc., is essential for the reconstruction of our country and for stabilization of the living of our people, and the employees are proud of the fact that our Company is specifically designated as maker of such essential materials. In addition, our Company is, at present, formulating plans of reorganization and readjustment to be carried out as a special accounting company as the result of its having been designated as such according to the provisions of the Law for Elimination of Excessive Concentrations of Economic Power on the one hand and is confronted with the grave crisis brought about by phenomenal rise in prices and by unprecedentedly tight monetary circulation on the other.

At such a time, our Company can by no means tide over the great difficulties facing it without Mr. Imaizumi, who is rich in administrative ability and skill and enjoys the undivided trust and confidence of the employees and the clients, particularly of the banking houses with which it is related, as chief executive official. Mr. Seiichi Hayashi, Standing Director, who is next to Mr. Imaizumi, has been confined to his bed since last March. As he needs a fairly long rest, he is unable to cope with the present difficult situation in place of Mr. Imaizumi, while the other officials have been in office only for a short time and, moreover, are in charge of matters falling under their charge only, so that none of them is capable of administering the Company's affairs collectively. All things considered, Mr. Imaizumi alone is in a position to steer the Company clear of the difficulties that surround it.

Conclusion

As above stated, (a) Mr. Imaizumi never assumed office by assignment or direction by the Furukawa Zaibatsu to represent its interest; (b) until February, 1948, he was official or representative official only in name, having no substantial authority compatible therewith; and (c) he always shared with the employees a desire to sever the connection between the Company and the Furukawa Zaibatsu and conduct the Company's business independent of extraneous assistance, and is absolutely indispensable for the management of the Company, being quite irreplaceable with any other person.

We, the officials of the Company, make bold to petition you to cause the circumstances and conditions above described to be taken into due consideration when the case of Mr. Imaizumi comes up for reexamination, that he may be absolved from the designation of official connected with the Zaibatsu.

PETITION FOR RECOGNITION OF TAKEO IMAIZUMI, CHIEF MANAGING DIRECTOR OF OUR COMPANY, AS EXEMPTIBLE FROM DESIGNATION AS AN OFFICIAL CONNECTED WITH THE ZAIBATSU.

Submitted by

All the Employees

of

DAINICHI DENSEN KABUSHIKI KAISHA

(Dainichi Electric Wire and Cable Co., Ltd.)

Petition for Recognition of Takeo Imaizumi, Chief Managing Director of Our Company, as Exemptible from Designation as an Official connected with the Zaibatsu.

The Hon. Hitoshi Ashida,

Prime Minister.

Dear Sir:

Mr. Takeo Imaizumi, Chief Managing Director of Our Company, had applied for official recognition as being exemptible from designation as an official connected with the Zaibatsu, but his application was rejected. We understand that Mr. Imaizumi was designated as an official of the above-mentioned category on the ground that his tenure of office extended for a long period of time, but such an event was not in the least expected by us. We appealed to you before now for permission for his remaining in the present office for one year and beg to avail ourselves of this opportunity, offered by the filing of an application for re-examination of his case and for exemption of him from designation as an official connected with the Zaibatsu, to present a petition for recognition of non-applicability of the aforesaid designation to him jointly signed by us.

1. Object of the present Petition:

To secure your recognition that Mr. Takeo Imaizumi does not come under the category of "official connected with the Zaibatsu" specified by the Law for Termination of Zaibatsu Family Control.

2. Reason necessitating the Present Petition:

(1) Mr. Takeo Imaizumi assumed the Chief Managing

Directorship in consonance with our unanimous request in July, 1946, and has since striven to the best of his ability for the restoration of the Company by means of democratic management. We wish you to take note of the fact that, in October, 1945, our Company sustained serious damage from the typhoon and flood that overtook it then. The grounds of the main plant attached to our head-office were innundated, which dealt a serious blow to our Company's operations. We could only rely on our Minoshima plant for continued production. Scarecely we had extricated ourselves from the fix when, in December, 1946, that branch plant was forced to suspend operatio for more than a month as the result of the seismic disaster that visited Wakayama Prefecture and its environs. At one time, our monthly production dropped as low as 260 kilotons. It is due entirely to the strenuous efforts of Mr. Imaizumi that it has since been increased to 500 kilotons. We need scarcely say that we have cooperated with him as best as possible, being firmly convinced as he leads us, we can surmount any obstacle and achieve the end we have in view. In these days of ever mountin material shortage when production is growing more and more difficult every day, we implicitly rely upon the ability of Mr. Imaizumi, a most capable industrialist and executive, for the maintenance of successful producing operations.

(2) That we, 1800 employees, and our families can lead a care-free life in these days of economic unrest is, in the final analysis, the result of Mr. Imaizumi's able democratic management of the Company. He has made and makes a point of according kindly treatment to us, employees. He has such understanding and

perspicacity as cannot be discovered in any official assigned to our Company by the Furukawa Zaibatsu. He is an official who has risen from among the employees and is quite innocent of a penchant common to officials connected with the Furukawa Zaibatsu, of working for the furtherance of its interest as its representative.

(3) Improvement of living conditions and democratic management, objective of our labor movement, were set afoot only with the cooperation of Mr. Imaizumi. As far back as the end of 1945, we perceived the inevitability of the dissolution of the Zaibatsu and the possibility of our Company becoming independent of the Furukawa Zaibatsu, and, at the same time, we felt greatly reassured by and entertained much hope in the fact that we had Mr. Imaizumi, who understood us thoroughly and always took our welfare to heart, as our responsible executive and leader. He proposed for the conclusion of a labor agreement with us on his own initiative and has been and is animated with a fervent wish for the marked progress of the Company in the future.

All these things considered, Mr. Imaizumi is an executive official absolutely essential for the postwar reorganization and readjustment of our Company.

3. Conclusion.

As above stated, Mr. Imaizumi has risen to his present position from among the employees, and we are unshaken in the belief that he is a democratic executive official with perfect understanding of labor movement and fully reliable in times of prosperity and adversity alike. We, employees, look up to him

alone for the good management of the Company and for expansion of production. The sedulous, considerate and democratic manner of his performance of duties has continued unchanged since he entered the company as a lowly employee; it has by no means been followed only since the close of the war. He is neither an appointee of the Zaibatsu nor a representative of its interest; on the contrary, he is the staunch representative of the interest of the employees of our Company.

On this occasion of the submission of an application for reexamination of Mr. Imaizumi's case and for non-application of designation of an official connected with the Zaibatsu to him, we, employees of the head-office, the main plant, the Minoshima plant, the Takeda plant, and the Tokyo Branch Office of our Company, put our signatures hereto and most earnestly appeal to you that he be exempted from the above-mentioned designation, that we may continue to work and step up production as much as we desire under his leadership.

The Employees of the Dainichi
Densen Kabushiki Kaisha.

APPLICATION FOR RECOGNITION (copy)

February 4, 1948

Mr. Totsu Katayama
Prime Minister,

Dear Sir:

I hereby apply for your recognition of my not corresponding to an official related to Zaibatsu, with a statement of application, a questionnaire and attached documents, according to the requirement of the Art. 7 and 2, Art. 6 of the Law for Termination of the Zaibatsu Family Control.

Faithfully yours

Takeo Imaizumi

75, Matsumouchi-cho,
Ashiya-shi, Hyogo-ken.

Statement of Application

I, who am now in the position of General Managing Director in Dainichi Electric Wire and Cable Co.,Ltd. which is a Zaibatsu associate company of the lineage of Furukawa, hereby apply for recognition of my not being an official related to a Zaibatsu Company by the following reasons:

1. The reason for my not being an official of a Zaibatsu according to Art. 7 of the Law for Termination of the Zaibatsu Family Control:

   a. I have no family or other similar relationship with Mr. Jujun Furukawa and Mr. Sueki chi Nakagawa.

   b. Since my assumption of the office of Director of Dainichi Electric Wire and Cable Co.,Ltd. in July 1938, I occupied the post of Director and Manager in December 1939 standing Director in December 1941, and General Managing Director in July 1945 which I occupy at present, and the circumstances which made me assume those positions were as stated below, were never being the instructions of Furukawa Zaibatsu, or of Furukawa Mining Co.,Ltd. which is its direct Zaibatsu affiliate or of Furukawa Electric Ind. Co.,Ltd., which is its quasi-Zaibatsu Affiliate.

   Namely, as in July, 1938, Masakatsu Matsumoto resigned from the post of auditor in Dainichi Electric Wire and Cable Co., Ltd. and Aonzo Masuda, director, succeeded the auditor-ship resigning his directorship, there came out a Vacancy of Director.

   As no employee had been promoted to the position of official in Dainichi Electric Wire and Cable Co.,Ltd., until that time and a cry was high for promotion from the employees, President Hasegawa, conferring with the late General Managing Director Nagatsuma and the late Director and Manager Hirooka, decided to appoint a director from among

the employees by changing the old custom, and I, who had a long experience in the business and had been most highly paid among the employees, was selected as the candidate and elected in a general meeting of the shareholders, which result I agreed to accept. However, I, as Director, only attended to the officials' meetings, which were held every other month, and was wholly in Charge of sales business as Chief of the Business Department.

Then, as Kazumi Hiraoka resigned his post of Director and Manager and Nobuatsu Nagatsuma, General Managing Director, became unable to attend to the company for illness, President Hasegawa appointed me to Director and Manager in December 1939. And as Manager I had wholly been in charge of sales business assisting President and General Managing Director.

Then, in January 1940, General Managing Director Nobuatsu Nagatsuma resigned and since then the post of General Managing Director was kept in vacancy for lack of proper person, so that I was assisting President in the capacity of Director and Manager.

However, as employees in general was of the opinion that I would be diplomatically more proper, in dealing with our customers, and men of the same industry, in the capacity of standing director, then in that of mere manager, I assumed the post of Standing Director in Dec. 1941 by their recommendation.

At that time the post of General Managing Director was still in vacancy and my actual work as Standing Director was quite the same with that at the time I was Director and Manager.

In July 1941 President Tetsutaro Hasegawa expressed his intention to resign and the officials' meeting held a conference

on the election of the succeeding representative director. The conclusion of the Conference was that the postutar reconstruction of the firm necessitated (Par excellence) the smoothness of the relation between the firm and the employees, and for that purpose I, who had been elevated from the status of employee, was best capacitated, and so they proposed to me to assume the position necessarily, which proposal I accepted, and I have been holding the office until today. At the same time Expresident Tetsutaro Hasegawa assumed to chairman of Board of Directors.

At that time, Mr. Jujun Furukawa had already resigned the presidency of Furukawa Mining Co.,Ltd. and Mr. Sueki chi Nakagawa. that of Furukawa Electric Ind. Co.,Ltd. and, as may be clearly seen from the above statement, I have not assumed those positions by the instructions of Furuka Zaibatsu Furukawa Mining Co.,Ltd. or Furukawa Electric Ind. Co.,Ltd. (The certification, Hol-No. 5)

c. As stated in the preceding clause while I was acting as Director and Standing Director, I was conducting business under President Hasegawa, obeying his directions, and I never enjoyed a right or influence equal or more than equal with the highest representative official.

After my assumption of the post of General Managing Director, too, Mr. Hasegawa, formerly President and at that time, Chairman of the Board of Directors, was always attending to the firm, and I was disposing of all the important affairs always receiving the recognition of Chairman of the Board. (The certificate of Chairman Hasegawa attached.)

d. I have never held an official position in any other Zaibatsu Company of the Furukawa Lineage. (Refer to Questionaire10, (page 4) chronological record of profession and employment.)

11 The reason for my not being an official of the Zaibatsu according to 2, Item 1, Art. 6 of the Law for Termination of the Zaibatsu Family Control:

a. The circumstances of my Assumption of the Official position:

As stated in detail in (b.) in "The reasons for my not being an official of the Zaibatsu according to Art. 7 of the Law for Termination of the Zaibatsu Family Control." the circumstances of my assumption of the official position are as follows:

In July 1938 I was for the first time promoted to Director from a status of employee, and this promotion was effected by the earnest desire of the whole employees that an official should be elected out of them.

Then, my assumption of the positions of Director and Manager in December 1939 and of Standing Director in December 1941 was effected by natural orderly promotion according to the view that, as I had been wholly in charge of sales business and well acquainted with the work in that direction, those promotions would be diplomatically better for my dealing with our customers and men of the same industry, and so I have never assumed these posts by the instructions of Jujun Furukawa and Sukichi Nakagawa who are designated a related to Furukawa Zaibatsu, or Furukawa Mining Co.,Ltd., that is a direct Zaibatsu affiliate, or Furukawa Electric Ind. Co.,Ltd. that is the Quasi-Zaibatsu affiliate.

My promotion to General Managing Director in July 1946, too, was due to the recommendation based on the reason that the Co- operation of the whole employees was necessary for the postwar reconstruction of the firm. It is a matter of course that I never assumed the position as in the preceding Clause,

by the instructions of Jujun Furukawa and Sueki chi Nakagawa who are designated as related to Furukawa Zaibatsu or Furukawa Mining Co.,Ltd. that is a direct Zaibatsu Affiliate, or Furukawa Electric Ind Co.,Ltd. that is the Quasi-Zaibatsu affiliate. (Refer to Related Certificates Nos. 1,2,3,4, and 5)

b. The Actual Circumstances of my Performance of Duties While I was in the Official Positions.

1. As stated in detail in (b.) in " The Reasons for my not Being an Official of the Zaibatsu According to Art. 7 of the Law for Termination of the Zaibatsu Family Control. " throughout the period when I was Director and Manager and Standing Director, I was merely acting according to the instructions of Tetsutaro Hasegawa, Director and President, and was wholly in charge of sales affairs, managing common business. So my directorship was only nominal and I was not performing the functions proper to a director.

I became General Managing Director in July 1946, when however, the disorganisation of the Zaibatsu system had already been decided and what should be called the control of so-called Zaibatsu Companies and had disappeared, and so Dainich Electric Wire and Co.,Ltd. was performing its management independently. (of See Related Certificates.)

2. Furukawa Mining Co.,Ltd., which is a direct Zaibatsu affiliate Company, is not a share-holder of Dainichi Electric Wire and Cable Co. Ltd., and so it has no affiliate relations with the latter. And, although Furukawa Electric Ind. Co.Ltd., which is the Quasi-Zaibatsu affiliate company, is a big share-holder of Dainichi Electric Wire and Cable Co.Ltd., the articles it is manufacturing are of the same kind with those of Dainichi Electric Wire and Cable Co.,Ltd. and so they have been mutually

in competitive position, and I have been performing my duties only for the benefit of Dainichi Electric Wire and Cable Co., Ltd.

3. Besides, Tetsutaro Hasegawa, then President and Afterwards Chairman of the Board of Directors, is not of couses, a fim-ily member of Fujun Furukawa or Sukichi Nakagawa, who are designated as related to the Furukawa Zaibatsu.

From the above statement of the circumstances of my assumption of the official positions and of my performance of duties while I was occupying them, it is believed that to regard me as a Zaibatsu official is unjust.

January 30, 1948

CERTIFICATION (Copy)

To whom it may concern:

I hereby certify that Takeo Imaizumi's assumption of his position as a director of Dainichi Electric Wire & Cable Co.,Ltd. which has been designated as an zaibatsu associate company of Furukawa Mining Co.,Ltd. was not effected by the direction of Jujun Furukawa or Furukawa Mining Co., Ltd. or Furukawa Electric Ind. Co.,Ltd., but dec ided by the conference of the board of director to which I as President of the company had recommended him considering the sales and other circumstances and the wishes of the employees.

Signature Tetsutaro Hasegawa

mura, Muko-gun, Hyogo-ken.

January 29, 1948

CERTIFICATION (Copy)

To whom it may concern:

I hereby certify that, while I was in office as President of Dainichi Electric Wire and Cable Co., Ltd. I was the highest representative official, and Director Takeo Imaizumi was in charge of business under my instruction and had not an authority equal with me.

Beside, although I have appointed Takeo Imaizumi as General Managing Director entrusting him with the representa-tive right after my assumption of the post of Chairman of the Board of Director, I have ever been attending the company and given instructions concerning important affairs as before.
