1. Upon enforcement of the Traders' Association Act on and from July 28, 1948, we gave a notice to the Fair Trading Committee that our company comes under the provisions of the Act.

2. We obtained an understanding of all quarters concerned that our company is to be reorganized into such a body as not comes under the provisions of the Act, by means of transferring the shares owned by the enterprisers to the officials and service men of our company.

The share-holders of this company are made up by a group of coal producers but such an organization comes under the category of a so-called collective company of the Traders' Association Act which has been enforced as from July 29th. In consequnce, our company will no longer be able to carry on business. In order to go on with the business same as before, we have to renew composition of the shareholders and the shares in hand of the producers shoud be transferred to the company's employee, thus reforming the company to such an organization which is not a collective company. For this

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

purpose, the article of incorporation should be partly revised. Further, it is desirable to fill vacancies of directors for strengthening.

The chairman asked the shareholders for deliverate discussion for the above and proceedings were commenced.

Bill No.3 Revision of the article of incorporation.

The chairman (Director Yamashita) declared that Bill No.3 would be taken up at first for convenience' sake. Prior to consultation, he let Mr. Masano, chief of the general affairs section, explain in detail how he was negotiating with the authorities about the procedures for transfer of shares and those to be taken for the Fair Trading Commission at Tokyo, as follows:

1. A notice for continuance of traders association was submitted to the Fair Trading Commission under the date of August 27th.
According to the purport of the notification, we have earnestly taken up proceedings for transfer of shares held by producers and they are nearly finished now, excepting those of 2 Special Accounting Companies(Nichiman Kogyo and Sawara Kogyo), 2 Restricted Companies (Saitozaki Mining and Hoshuyama Minning )and a Closed Institute(Nippon Coal Co., Ltd.)

1. As regards disposal of shares of the above-mentioned five companies, an investigation is in process by the Governmental Holding Company Liquidation Commission. Their investigation will presumably be finished soon and upon its completion, transfer of all shares to our employee will be completed.

1. We have arrived at the understanding that particulars of disposal of shares and objectives of to-day's extra-ordinary meeting of shareholders should be reported in writing to the Fair Trading Commission and upon completion of the abovementioned procedures for Closed Institutes & etc, dissolution of the traders' association should be notified to the Commission.

All recognized the above explanation.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

The chairman asked the chief of general affairs section to make explanation in regard to revision of the Articles of incorporation.

Mr. Masano, Chief of General Affairs Section, said, in reference to the Article of Incorporation handed to the attending stock-holders, that it should be revised as per writings in red, explaining its reasons, as follows:

Article 2. (Objective of Business) Para. 4 "Purchasing Business on commission for materials of coal mines" is entirely abolished. Para. 4 and 5 shall be para. 5 and 6 respectively.

Article 8. (Qualification of share-holders and its restriction) abolished.

Article 9. (Disposal of shares in case share-holders disqualified) ditto.

Article 10 is advanced to Art. 8
" 11 " " 13
" 12 shall be " 9
" 13/15 advanced to " 16/18
" 16 shall be " 14
" 15/18 " " 17/19

Article 19 shall be Art. 17 and its Para. 1 "the President shall be elected by the co-optation of directors and be made a representative of the company" shall read "the President and a managing director shall be elected by the co-optation of directors. Each of them will represent the company.","Para. 2 shall be revised""a managing director and a few standing directors may be elected by the co-optation of directors".

Art. 20 shall be Art. 18

Each of Art. 21/34 shall be Art. 19/32

The Chair-man (Director Yamashita) asked share-holders' opinions for the above.

Mr. Senjiro Akiyoshi, (a share-holder) expressed his agreement for the Bill proposed for revision and published his following views.

Coal producers were only qualified for share-holders in the past but the restriction for qualification is removed to let the company make a new start as a company which does not come under a category of Traders' Association. I am however afraid that the new company may contradicts with terms of the Traders' Association Act. should some share-holders become coal producers. In

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

order to avoid such happenings, I think it advisable to reach at either a certain mutual arrangement or decision at this meeting, even we may be unable to insist against the third party.
All approved his opinion and discussed the matter.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Chairman (Director, Mr. Yamashita) answered, " I agree with you. Concerning the matter, we asked the opinion of the Fair Trading Committee and got their answer purporting that it is needless to insert such kind of regulations into the articles of incorporation and we followed their opinion. Now I propose you to decide the following matters as the decision of the general meeting in order to avoid running into such circumstances."

Proposal

Our company, being formed of share holders who are coal producers, has come under the category of the collective company of the Traders' Association Act. But now it is decided that our company will be dissolved changing the system of share holders.

After the dissolution, if a share holder resign his post of the company, and if he gets into connection with a certain enterprise and it is feared that our company comes under the category of the so-called collective company of the Traders' Association Act, I propose that, he shall report it to the company before the fact, all shares of his possession shall be presented to the company and they shall be left to the discretion of the company.

If he does not take the above mentioned procedure, the company shall declare the shares of his to be void and issue new shares to sale, and the proceeds deducting expenses of sale shall be delivered to him.

The above mentioned proposal was passed unanimously. Chairman (Director, Mr. Yamashita) asked if they have any objection to decide the revision of the articles of incorporation as proposed.

No objection.

Chairman (Director, Mr. Yamashita) declared that the Bill No. 3 is decided as proposed.

Bill No. 1: To elect a director to fill a vacancy.
Bill No. 2: To elect a auditor to fill a vacancy.

Chairman (Director, Mr. Yamashita) spoke that Bill No.1 and Bill No. 2 would be referred to the general meeting with the consent of all members, and taht the term of an auditor of the company, Mr. Moichiro Kudo was expired on last Sept. 23, but he has been on his post at the request until the election of a new auditor, so that he will resign his

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

post today when a new auditor is elected. He asked the general meeting how to elect.

MONTHLY NARRATIVE REPORT
AGRICULTURAL CO-OPERATIVE ASSOCIATIONS

1. During the month of February two(2) co-operative associations were organized making a total of 1414.

2. Seventy(70) Nogyo-kai have completed transfer of assets bringing the total to 160. 6,631 practice associations and 402 sericultural associations have completed liquidation as of 28 February 1949.

3. Information received through representatives of the central bank reveals that unless more definite instructions are received on the evaluation of properties, liquidation of Nan Nogyo-Kai cannot be practically completed under Japanese cabinet orders.

4. The managing director at Chikushi-mura, Chikushi-gun, purchased in the name of the association, but at his own discretion a large quantity of merchandise valued at 2,778,000 yen. This information soon spread to the members of the association which resulted in a run of withdrawls on their accounts. The directors however, assumed the responsibility and arranged for a loan of 3,000,000 yen from the credit federation thus, complying with the desires of the association members. Business was then resumed as usual under the supervision of a Nan accountant. A general meeting is to be called in the near future, electing new directors.

5. There are some indications that three(3) Federations of Agriculture Co-operatives, namely, Guidance, Purchase and Selling are scheduled to be consolidated in the near future. This plan is well in accord with the associations as it would reduce the amount of costs and correspondence.

6. This headquarters has been conducting a study of management of co-operatives with a view toward recommending that the system does not incorporate non-agrarian interests.

1. In compliance with Operational Directive Number 3, Headquarters Eighth Army, subject: "Japanese Agricultural Cooperative Program", dated 9 January 1948, the following narrative reports are submitted.

2. Inspections of Agricultural Cooperatives were made at Obi Town and Miyakonojo City by members of this team during the month of February.

3. Local city, town and village Nogyo-Kai Property Dispoal Board have submitted a total of thirty-two (32) plans for the disposal of their assets to local cooperatives of which all have been approved by the prefectural authorities. This leaves a total of fifty-six (56) yet to be submitted before the 100% total of eighty-eight (88) village agricultural association to be liquidated can be accomplished. It is a firm belief by the Ken officials that this will be completed by the end of this month.

4. The local cooperatives have submitted a total of thirty-six (36) plans for the transfer of local Nogyo-Kai properties to their respective cooperatives, of which all have been approved by the prefectural authorities.

5. To date there has been assets valued at 162,439,000 Yen transferred from local Nogyo-Kai Associations to the Agricultural Cooperatives and 8,125,000 Yen to other sources for a total value of 170,564,000 Yen.

6. One capital stock cooperative is in operation at Obi Town with a capital of 129,000 Yen. This town is very slow on the liquidation and transferring of assets. Reasons given by the officials to members of this team for the delay in the liquidation was the property disposal board misunderstood the instructions they received and the procedure in appraising properties. It was recommended that the Property Disposal Board hire technicians and specialist to do this job, and submit their disposal plan as soon as possible.

7. Miyakonojo City has a total of eight (8) cooperatives operating in this area. The properties of the former Nogyo-Kai in this area has been appraised by the Property Disposal Board. The 20th of March the directors and auditors of the cooperatives along with Property Disposal Board are holding a general meeting for the purpose of drawing up the disposal plans. There is much discussion between the cooperative officials to borrow money to improve rural industries in this area. The farmers think that more profit can be derived from the sale of finished goods than from the sale of raw products.
