Corner Chartres and Old Levee, *NEW ORLEANS.*

Scrofula, or King's Evil.

IS a constitutional disease, the inheritance of the blood, by which this fluid becomes vitiated, weak, and thin. Scarcely any disease, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous blood is variously named by unenlightened, low living, disorderlies or unhealthy food, improper air, filth and filthy habits, the depraving vices, and, above all, by the venereal infection. Whatever may be the origin, it is inherent in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who visits the sins of the fathers upon their children."

In adults common by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and other vital organs, is productive of the most fatal swellings; and on the surface, conspicuous or not. This is the cause of more than one-half of the blood, depresses the energies of life, so that scrofulous constitutions resist less well than those of scrofulous complexion, but they have far less power to withstand disease, and, if attacked, subsequently most numbers perish by disorders to which the origin is not scrofulous; indeed, scarcely any fatal by this taint in the system. Most of the diseases which decimate the human family may be directly to this scrofulous contamination; [illegible] the sanitary influence of the liver, kidneys, and blood, of all the organs, arise from or are heated and inflamed by this cause.

One quarter of all our people are scrofulous; their humors are invaded by the hitting infection, and their health is undermined. To cleanse it from the system we must remove the blood by an alterative medicine, and invigorate it by a healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most efficient remedy which the medical skill of our times can derive for this everywhere prevailing and fatal malady. It is combined from the most active vegetables that have been discovered, by experience of this foul disease from the blood, and the cures of it by this preparation are the most astonishing and decisive of its curative consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it—Tetter or Ringworm, Scrofulous Tumors, Ulcers, Pore, Boils, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Wens, Tetter, Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Liver Complaint, and, of complaints arising from Vitiated or Impure Blood. The extensive cures by its "Imparting of the Blood" is founded in truth, for Scrofula is a disease of the blood, and the purifying purpose and virtue of this Sarsaparilla is the purest and most reliable vital fluid, without which sound health is impossible in corrupted and impoverished blood.

AYER'S

AGUE CURE,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Bilious Ague, Periodical Headache, or Bilious Headache, and Bilious Fever, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of Miasmatic Districts.

We are confident here to offer the community a remedy which will, in the cure of the above complaints, in reality, is still perfectly based on the principle, that a remedy is invariable in districts where these affections prevail. The "Ague Cure" expels the miasmatic poison of Fever and Ague from the system, and prevents the occurrence of the disease, if taken on the approach of its premonitory symptoms. It is not only the best remedy for these complaints, but the only one that can be relied on for a cure. The large quantity we supply for a dollar brings it within the reach of every body, and in bilious districts, where Fever and Ague prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the cure of these and other complaints is that it contains no Quinine or mineral, consequently it produces no stunning or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the fever.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.
All of our medicines are for sale by
J. WRIGHT & CO., 71 and 181 Chartres st.
[illegible]

L. MILLER'S

HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND

FOR RESTORING GRAY HAIRS to its original color, without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS [illegible]

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequaled gloss and brilliancy, making it soft and silky to the touches and adapting it to curl readily.

The properties of this preparation are so well known and appreciated by the increasing demand for it, that it only necessary to satisfy a discerning public of its superiority over any other article of the kind ever offered for sale. It cleanses the hair from dandruff, promotes its growth, and gives it a rich, soft, and lustrous appearance. It is not a dye, but a preparation which, by its cooling, invigorating, and healthy qualities, restores the hair to its original color, and not one the growth to their youthful vigor. It is perfectly free from all injurious ingredients, and is a most elegant dressing for the hair.

DIRECTIONS of all kinds, suited for the hair in various conditions, with the opinions of this article by medical men, the testimony of hair patrons, and numerous certificates of its efficacy, accompany each bottle. Ask for Miller's Hair Invigorator, and take no other.

Sold by all Druggists and Perfumers.
