REVIEW OF RECENT CI&E FILMS

Women in Progress

NEW TRAFFIC *
Interestingly made, shows new traffic regulations re walking on right and the new method for vehicle turns. Of most value to city groups as there is no mention of safety measures for rural areas. Suitable for any group, women's, PTA, School etc., that is interested in promoting a ~~saf~~ traffic safety program.

HOUSEWIFE'S DESIRE
Strictly for Women's Groups. Shows community action of a group of housewives to have shops adhere to legal prices. Good for non-intellectual groups, easy to follow and 'light'. However, this 'lightness' somewhat lessens its impact.

STORY THAT COULDN'T BE PRINTED*
Really excellent especially for PTA's or any group which has problem of bad administrative practices which need publicity and airing. Story of freedom of information in colonial America, and the battle of a few people to get the daily press to publish facts.

BENT WITH THE YEARS
In the opinions of CE Advisors, too naive for any but the most remote country districts. Shows effects of ignorance, superstition and feudalism on Japanese women.

PROGRESS OF JAPANESE WOMEN**
Unusually well-made and interestingly put together for this type of film. Has flashbacks showing the lowering status of Jap. women back to ancient times. Shows modern occupations for women--especially well suited for labor groups (1) and other women's groups (2).

YMCA
Good for community groups. Shows YMCA establishments in the states, with activities. Indicates excellent physical equipment and high degree of prosperity for Y's.

HEALTH AND RECREATION CENTER*
Photography bad. Shows a large British community center which has facilities for health and recreation for the whole family from birth to death. Valuable in that it depicts the western idea of family recreation; mother and father dancing and partying together; children attending day nursery while mother is elsewhere, etc.

MODEL HEALTH CENTER*
Very excellent for PTA, Women's or any community groups interested in health programs. New, made in Japan, with Jap. actors and showing Jap. health institutions. Covers

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

Model Health Center (Con't.).
school nurses, cooking and health demonstrations, health exams (school), social work procedures, Public food and sanitary inspections, visiting nurses, tuberculosis in the home, home health education, etc.

CHILDREN'S SUPERVISED PLAY

Film old. Shows community efforts to set up play centers, rope off streets for play, etc., in a very poor neighborhood.

Girls Speak Up - good

Women in Industry -
