	GRAND TOTAL	5474

Mr Hirose, chief of child welfare section, Kagawa prefecture came in with Mr Mayor of Nao-shima island on problems of land for day nursery building in this island. Mr Fujioka has the detail noted out. (18 July 1950)

He also asked Miss Randolph if Santoni worm medicine could be available for them from any sources she may know of. Before Kagawa Prefecture received 4,000 "santoni" medicine for childrens of day nurseries from LARA HQ. Mr Hirose contacted all other sources but good medicine for worms were not found. Miss Randolph told him to contact the LARA HQ, Prefecture Health Section or Health Center. Mr Hirose was adviced that prevention of worms is most necessay.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

DIGEST OF WEEKLY REPORT OF COMMUNICABLE DISEASES IN JAPAN FOR THE WEEK ENDED 1 APRIL 1950

During the thirteenth week, ended 1 April 1950, there were 22,054 cases of the 31 communicable diseases now being reported (exclusive of the four venereal diseases compared with 21,442 cases reported for the same diseases last week. A few corrections were received for preceding weeks of the current year.

Diphtheria cases increased 17 percent, from 243 last week to 284 in the present period. Deaths (30) numbered approximately the same as previously (29). This week' case total was 12 percent less than that (323) recorded for the same period of last year and a fourth below the corresponding 1948 figure (379). Half (23) of the prefectures reported more cases this week than last week while nineteen others had fewe cases and the remaining four did not change. Cases in Fukuoka Prefecture increased from 11 to 32, accounting for over a tenth of the present total. Forty-one addition al prefectures had cases ranging from 1 to 17 this week and four prefectures reporte having no cases. The current and cumulative case rates were 18.3 and 19.2 respectiv ly. Corresponding death rates were 1.9 and 2.1.

The number of dysentery cases this week (125) was 21 percent higher than in the preceding week (103). Deaths, however, decreased from 25 to 20. Present cases amounted to more than twice the totals recorded for the thirteenth weeks of last yea (61) and 1948 (53). There were increases over last week in fourteen prefectures, de creases in nine, and no change in six. Seventeen other prefectures have reported no cases for two or more weeks. Tokyo-to (23 cases), Saitama (17) and Gumma (13), all in the Kanto area, together with Osaka Prefecture (15) accounted for well over half of all cases this week. Twenty-one other prefectures reported from 1 to 9 cases each. Of this week's total cases, 123 were listed as bacillary dysentery and the remaining 2 as amebic dysentery. All deaths were from bacillary dysentery. The curre and cumulative case rates were 8.1 and 5.7 respectively, while corresponding death rates were both 1.3.

There were 49 cases of typhoid fever this week, about 15 percent fewer than in the previous week (57). Deaths decreased only slightly, from 8 to 7. The present case figure was 27 percent less than in the same period of last year (67) and 35 percent below that (75) recorded for the corresponding week of 1948. Decreases from last week occurred in twelve of the prefectures, increases in eight, and no change i seven, while no cases have been reported for two weeks or longer in the remaining nineteen. This week's

From Mr Hikose,

Before Kagawa Pref received about 4,000 "Santoni" medicine for worms from Lara. They have used it up + tried other medicine but no effect at all. "Santoni" are best for worms. Do you happen to know of any place where we can get hold of this medicine?

KOCHI SHINBUN

13 May 1950

SUBJECT: Organized Labors Program in Kochi City
Persuaded the City Mayor
Refusal at the Governor's House
Blank Day Casual Labor Case

at the governor's house

Those unfortunate blank day casual labors amounting to about 90 on May 12 1950, changed their tactics and now paid visit to the City Hall Mayor's Office. at 11 a.m. and the representatives of them had a negogiation with him saying, "Give us anything to take or job." At first the mayor was slighting them but finally conditioned that day only, he succeeded to pacify them providing the clearance job in the city fair ground to those 135. The number increased during the negotiating period.

On the other hand, women labors amounting to about ~~50~~ 40 had a parade to the Governor's home at Eikokuji-cho and requested to see the Governor's wife. Arguing forty minutes with the secretary Mr Tanaka whose answer was that the lady was out and if she came back, she would not see them, at the entrance. And at last saying that without any encouragement word from her, they would not take leave, they sit down at the entrance. But failed to see the lady and deciding to send some representatives later, they dispersed at 2 pm.

SUBJECT: Kochi Shinbun Comment on the Case (May 12, 1950)

The present given by Hayashi Prefectural General Affairs Dept Chief to those jobless casual workers meeting the request done by them, is a bit illegal not-with-standing it is just-likily procedure to be expected from the well-known person as the person full of kindness. It was just an accomplishment of "knock and answer" to the jobless but there exists no reasoning at both parties. The money was issued from fund having public money nature. Is it legal that the public money should be subsidized as bonus so easily? There is no reason at all to help those jobless people only. There are plenty of people who are in difficulty for their livelihood beside those jobless. On the other hand, those jobless, how could they be so easy to get money without working.

Mr Hayashi excuses saying, " At the time no other way, so I fixed it by ~~his~~ my own responsibilty". Yes, there should have been existed some sense of pressure but we did not notice any radical action to be called an unrest taken by the labor such as to isolate the chief or "to hang him up".

Despite the reality, the chief surrenderdd to that request (it might be called he was touchy to accept owing to his characteristic) and also gave the money without any reason. It shows how helpless he is as the responsible person of the prefecture. How much pressure he might get, if the issue is unreasonable, he should refuse with all the authority. The procedure he took this time, should be called an easy going patched up business and not toward to solve the problem but to make the problem confuse. The sum ¥180,000 is quite a big sum, whether Mr Hayashi can provide the money from his own pocket.

FROM: Ehime Prefectural Welfare Department Chief

SUBJECT: Namaishi Cases Under the Daily Security Protection o

The news of Namaishi Protection Institution Case reported on May 12, on the Ehime Press, was investigated by prefectural officials and we present to you the inter mediate report to you. We expect more investigation is necessity, so wel will report you roughly this time.

****

1. The news on the paper:

A certain Hirao Horimoto, aged 16, lost her mother while they were protected at a protection institution at Debuchi-cho, Matsuyama city and by the help of the city welfare section chief, Mr Kinouchi, he was given the protection under Mr Mitsukiden Suga aged 47, superintendent of Tomihisa Travellers Sick Home and his wife Mrs Masako Suga (36) and later he discontinued junior high school and found a job at a printing shop in the city. Not-with-standing the fact that he was earning a monthly wage of about ¥3,000, he disguised as 65 year old man and had been drawing the public protection money from the month of September, 1948. (The protection money was increased this month to ¥1,300 from ¥800) This is one case and overmore, this institution had been drawing exceptional sum of money as funeral expenses and had been usurping the difference. This is another case.

****

2. The data revealed by the investigation.

The date of investigation: May 15, 1950
The name of the investigator: Pref. Official Mr Akira Shimoda

a. The fact that the boy getting income and still drawing assistance money.

Place employed	Duration	Monthly Earning
Moriki Repair Shop	April-July '49	¥1,000
Bunka Printing Shop	Aug- Dec 1949	¥2,000
Umai Printing Shop	Jan- yp to date	¥3,000

In spite of these incomes, income records are blank on the protection book and also on the recertification paper no income is stated. The full amount of the assistant money reaches ¥11,550 from April 1949 to April 1950. He discontinued the schooling last year April, so the money paid to him recognized as the helpless before that date, bethinks reasonable.

b. The fact of the feigned age

(1) Case record

The record was prepared by the then Minsei-iin Mrs Kiyoko Ikeda at the opening time of the protection to him in the month of September 1948. The record was accepted as the age unknown at the time and it is likeable to guess that the age was later inserted but who had done it is still unknown.

(2) The recognition of income and minimum standard.

These are done on July 1, 1949 but the then minsei-iin of the district Mrs Misao Ihoki says that she got a request from a city official tp put her sign and stamp only, so she done so far and gave the papers back to the city. She didn't pay any attention to those two points, she says, on the other hand, city says, minsei-iin is the responsible person for the action.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

On the record as the householder Mr Seimei Horiuchi's name is written but minsei-iin, city, and Mr Suga made no recognition. Reasonably one of them should have done.

(3) On the record of recertification last year

The same business on the paper and recognition by three m minsei-iin but they don't know anything.

c. The fact concerning funeral expenses

The funeral agency Mr Toshihiko Kimura stated that last year he had about seven cases and each case he got the actual expenses of ¥600 and he don't know the sum of money of ¥1,300 which sum has been drawn from the city as funeral expenses for a case by Mr Suga. Mr Suga said that cost (¥600) never include the laboring business and he was the man to carry the bodies so he demanded the expenses including his labor wages and he don't think it's illegal.

d. The action taken by city to correct City made a demand to Mr Suga to pay back the money ¥11,550 paid to Mr Seimei Horiuchi from April 1949 to April 1950.

3. The action should be taken by the prefecture

a. Problem of the opening of the assistance to the case existing income. Prefecture would request the reimbursement of the public money fully and also request the recertification business of the protected persons who are staying in all the protection institutions in Matsuyama City (of course, prefectural officials would attend at the time)

b. Disguising of the ages:

Aforesaid investigation will be enough to clarify the point but we will find out who the responsible person making the official record for Mr Seimei Horiuchi case.

c. About funeral expenses

Make reinvestigation and clarify the person responsible.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

respectively. About two-thirds of the prefectures have reported no cases for two or more weeks. Increases over last week occurred in ten prefectures, decreases in four, and no change in the remaining two.. Twelve prefectures having one or two cases each accounted for the present total. The current and cumulative case rates were 1.2 and 0.6 respectively.

Trachoma cases numbered 2,635 this week compared with 2,538 last week, an increase of 4 percent. The present figure was 5 percent less than that (2,760) recorded for the same period of last year but approximately the same as the corresponding 1948 total (2,632). Changes from last week included 27 prefectures that decreased and eighteen that increased, while the one remaining prefecture stayed the same. Prefectural case figures in the present period ranged from 2 to 301. The current and cumulative case rates were 169.9 and 137.2 respectively.

No cases of infectious diarrhea have been reported for four weeks. Eight cases were recorded for the eleventh week of last year. The cumulative case rate as of 18 March 1950 was 0.1.

Schistosomiasis cases numbered two currently compared with seven in the previous week. There are no available data for either last year or 1948. Hiroshima and Fukuoka were the two prefectures that reported the two cases this week. The current and cumulative case rates were 0.1 and 0.4 respectively.

There was one case of filariasis reported this week. Last week there were four cases.. Data for last year and 1948 are not available. The one case this week occurred in Kumamoto Prefecture. The current and cumulative case rates were 0.1 and 0.2 respectively.

There continued to be no yellow fever, anthrax, glanders, dengue fever, or tsutsugamushi disease. There were also no cases recorded during the eleventh weeks of last year and 1948.

The four venereal diseases accounted for 6,177 cases this week compared with 6,878 cases last week. The current and cumulative numbers of syphilis cases this week were 2,670 and 27,811 respectively; gonorrhea, 3,190 and 33,956; chancroid, 301 and 3,543; and lymphogranuloma venereum, 16 and 128. Cases were lower this week than last week for all diseases except lymphogranuloma venereum which remained the same. Last week there were 3,056 cases of syphilis, 3,417 cases of gonorrhea, 389 cases of chancroid, and 16 cases of lymphogranuloma venereum. All totals this week were lower than in the same period of last year when syphilis cases numbered 4,192, gonorrhea 3,716, chancroid 457, and lymphogranuloma venereum 20. The current and cumulative case rates for each of these diseases as of 18 March 1950 were; syphilis, 172.2 and 163.0 respectively; gonorrhea, 205.7 and 199.0; chancroid, 19.4 and 20.8; and lymphogranuloma venereum, 1.0 and 0.8.

CIVIL WELFARE DEPARTMENT
KAGAWA LOCAL GOVERNMENT

April 25, 1950

SUBJECT: Plan of Events for Physically Handicapped Persons Welfare Law Enforcement Anniversary Week.

TO : Chief of Public Welfare Section, Shikoku C.A. Region.

I hereby beg to inform you that in observing the Week in commemoration of the enforcement of the Fhysically Handicapped Persons Welfare law, which is to be celebrated on a nation-wide scale, this prefecture will hold events as planned in attached sheets.

Y. Oribuchi

CHIEF OF CIVIL WELFARE DPT.
KAGAWA LOCAL GOVERNMENT

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

Outline of Events for Physically Handicapped Persons Welfare Law Enforcement Anniversary Week

1. Purport :

In view of the fact that if the objectives of the Physically Handicapped Persons Welfare Law to ensure the earliest rehabilitation of handicapped persons under public protection are to be fully attained, more sympathetic understanding of and co-operation with them on the part of the general public is essential, thorough publicity will be given the fundamental spirit of the law throughout this week.

2. Sponsored by : Kagawa-ken.

3. Supported by : Shikoku Railway Division.
Kagawa Branch of Japan Red Cross.
Shikoku Branch of Railway Mutual Aid Association.
Kagawa Prefectural Social Work Association.
Kagawa Prefectural League of Civil Welfare Committees.

4. Period : From 24 April, 1950 through 30 April, 1950.

5. Objectives:

a. Thorough dissemination of the spirit of the Physically Handicapped Persons Welfare Law.

b. Fostering of a nation-wide movement by the general public for extending help and protection to handicapped persons.

6. Events and other activities:

a. Publicity by radio.

Period: Throughout the week.

Substance: Interpretation of the law and clarification of measures taken by the prefectural authorities for thorough enforcement thereof.

b. Publicity by newspaper.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

Through : The Shikoku, the Mainichi and the Asahi.

SUBJECT: Distribution Condition of UNICEF Goods - Kochi Prefecture

Purpose: Purpose of this distribution of UNICEF clothing for children is to promote welfare of children who belongs to needy family.

Object of distribution:

1. First priority: Children from 3 years old to 8 years old (as of 1st of Niv 1949) out of thoses children belong to household receiving aid through Daily Life Security Law, as shown in Annex I.

2. Second priority: Children from 8 years to 11 years out of those children belong to household receiving aid through Daily Life Seciruty Law as shown in Annex II.

3.a. Item and quantity of distribution distributed to each child is as follows:

Boy - A boys suit (coat & trousers) and a pair of underwears (shirt & pants)
Total - 2

Girl - one piece dress and a pair of underwear (shirt & pants - Total 2

NOTE: Underwear for boys and girls are the same.

b. In case, even there are more than 2 eligible children in a family, they shall be given clothing in accordance with above mentioned standard.

c. As it is ver y difficult to give each child suited size, size for children older than 3 years and under 8 years divided into 3 steps (big, medium, small) and for children from 8 years to 11 years is same.

d. Period of distribution

Distribution for the object of first priority is to be completed within the year (first distribution) Distribution for the object of second priority is scheduled to be completed by around March 1950 (second distribution)

e. Standard of allotment

Allotment to each prefecture from Welfare Ministry shall be based on number of children belong to needy family receiving aid through Daily Life Security Law as of February 1949. First allotment shall be carried out in accordance with Annex II and materials delivered. As to second allotment, instruction shall be delivered later considering quantity to be distributed.

****

FROM: Kochi Welfare Department Chief 26 March 1950

TO: City mayor and gun office chiefs

SUBJECT: The Handling of the people who want to look into the case record under due protective law.

We got the following notification from the higher headquarters, so hand the knowledge to the mayors of towns and villages concerned.

Sha-Otsu-Hatsu 33
10 March 1950

FROM: Social Bureau Chief of the Welfare Ministry

TO: All the Prefectural Governors

SUBJECT: Handling of the problem when citizens ask to look into the case record and other papers under the protection law

We dispatch the following answer to the request from Shiga Pref Governor concerning the subject.

---

22 Febraury 1950

FROM: Shiga Prefecture Governor

TO: Social Bureau Chief of Welfare Ministry

SUBJECT: Inquiry how to manage the problem when general people want to see the case record and recognition papers of income and expenditure

It is said that the above said papers owing to the following reasons, should be kept confidencially and refused to be shown. We have some urgent problem so let us see what is the appropriate way to manage the asking and what will be the effect concerned with the Local Autonomy Law, Art. 75.

The points to refuse:

1. On the case record, recongnition paper of income and expenditure and other connected papers, there are written clearly the needy's economic, personal and sick conditions so automatically these papers embody the nature to be kept confidentially.

2. If above statement is right, then to show those people who are not classed as the needy and the officials who are concerned with the program, should be conceived as the act of disclosing the secrets.

3. The way to handle the secrets which the official gains by his official capacity, is connected with the following regal laws and regulations and if shown to the third person, it violate the laws and regulations concerned.

a. National Public Service Law, Art. 100 (Oct 21, 1947)

b. Enforcement Regulation of Local Autonomy Law Art. 28, 38 (May 3, 47)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

c. Regulation of the Duty of Prefectural Officials, Art. 3 (Feb 14, 1902)

d. Regulation of the Duty of City, Town and Village Staff, Art. 3 (Sept, 1911)

4. Others:

Minsei-iin Law, Art. 15

Sha-Otsu-Hatsu 33
10 March 1950

FROM: Social Bureau Chief of Welfare Ministry

TO: Shiga Prefectural Governor

SUBJECT: The management of the problem when general people ask to let them see the case record and other concerned papers under the Daily Life Security Law.

You have requested the above subject to be interpreted officially on Feb 22, 1950, now we say your way of interpreting and handling are right. For information sake we will add that the fundamental basis of the refusal originated from the following points:

1. The scope of the investigation of the needy to determine the need of the protection and its degree and way, is naturally coming to include the points which the client don't want to disclose but to keep secret. So to show freely to the others the books which show the result of the investigation, should be prohibited completely on the points of social and moral justice.

2. The protection business can be only understood by the relationship between the needy himself or the applicant and the person who applies the protection. So there exist no reasons at all to the general citizens who has no business connected with the protection program to make them to request to have a look into the books. And if there exist any complaints, the needy himself should lodge the complaints according to the provisions 3 and 4, article 8 of the Enforcement Regulation and if any questions embodied by the general citizens about the way the mayor of the community enforcing the law, then he can act the right of requesting supervision and investigation provided by the provision of the first paragraph of the article 75 of Local Autonomy Law.

3. To those books, there is no clear statement to provide any right to request to read as the Registration Law (1 paragraph, Article 10) does, so not only the general people but also the needy or his representative would have no right to approach. The mayor of the community has no responsibility to be restricted by the procedure.

4. This reasoning would become more convincing if you consult with the code of criminal procedure (Art. 144). It provides that if once mayor states so far that the issue should be kept confidentially under the official capacity, then the right of the investigation to the criminal case would be modified. This will show how rigidly the demand

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 173013

to keep the secret is requested to the public service men by the National Public Service Law and the Enforcement Regulation of Local Autonomy Law.

5. After the refusal of reading, if they still insist on by mass if they do, then it will fall within the penal claim contained in article 107 of criminal law.

NOTE: Excerpts from the Local Autonomy Law, Legistration Law and Code of Criminal Procedure.

Feb. 10, 1950

To : Chief of Welfare Section, Shikoku Civil Affairs Region

From : Chief of Welfare Division, Tokushima Prefecture

Subject: Transfer of Management and Facilities of the Compatriots Relief Association

The present state of affairs on the subject matter is hereby reported as per the attached papers.

Akira Sakai
For Chief of Welfare Division,
Tokushima Prefecture.

to F.C.
I think this is a very interesting and important report which points up how difficult it is for the Japanese officials to do their job as well as the strenuous efforts and unjust demands made by some private organizations.
I believe a Special report should be sent in on this.
LR

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

Report on Transfer of Management and Facilities
of Compatriot Relief Association

Regarding the transfer of management of Kosei-Ryo of Komatsushima Cho and Shinsei-Ryo of Bando Cho from the Tokushima Branch of Compatriots Relief Association to Municipality or prefecture we are in receipt of not only the memorandum dated March 22, 1949 for the plan of Welfare Ministry and notification of Welfare Ministry, but also several instructions from Tokushima Civil Affairs Team since last August.

This Prefecture, deeming it proper and a matter of urgency, opened formal negotiations with the Branch Association; and at the request of the said institute, the Governor officially sent a documental request to the Chairman asking him to report by January 31 the opinion of the Association concerning this matter. A number of Directors appreciating it, a meeting of officers was called on January 26. The topics of discussion in the meeting was only of election of officers and another matter, whereupon the majority of the councillors voiced their discontent against the ultra vires of the secretariat for not presenting into discussion such an important issue as that, thereupon it was introduced as an additional bill. But as a normal course of meeting election of Chairman was proposed. The councillors, then, thinking the former Chairman Daigoro KASHIWABARA who has tendered resignation and Vice-Chairman at the time of officers' election are the most suitable persons, negotiated with them. However, both of them positively declined to assume their offices for the season that they were displeased of the past inactivity of Association and of its undemocratic character. Then they were forced to select the former Vice-chairman Yasaburo OTA(the present chairman) who has tendered resignation. But OTA was then absent from the meeting. So they agreed that the meeting be adjourned. Making the meeting merely consultative all the councillors present talked about the question of the transfer and they came to agree unanimously on the transfer of the Association. But then the new chairman presented himself late at the meeting, and taking up this subject, made an utterance, without hearing a word of the councillors, to the effect that though he had no objection to the transfer, he could hardly agree unless a large amount from the prefectural budget be granted to the Association; that as to the sum he wished it to be left to himself and a councillor he would nominate; and that the decision would be deferred until then. So saying he announced the meeting be closed.

Afterwards the Chairman of the Branch Association conveyed an answer to the Governor as per the attached copy. The prefecture then negotiated with the Chairman of the Association (Branch) and secretariat as to the contents of the demand of ¥3,500.000. But the Association seems to show dissent from the transfer unless some ¥1,200.000 or ¥1,300.000 be granted. The Prefecture, however, is intending to continue negotiation with rightful, well-grounded belief from now on.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

Of the leading members of the Branch Association the following persons have tendered resignation and Vice-Chairman Tetsuzo MORIMOTO is only one person remaining in his post until Chairman is newly selected.

Daigoro KASHIWABARA, Chairman

Yasaburo OTA, Vice-chairman

Mrs. Hatsue MANNO, " "

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

(Copy)
Tokudoen No.12

Jan.30, 1950

To : Goro Abe, Governor of Tokushima-ken

From : Yasaburo Ota, Chief of Tokushima-ken Compatriot Relief Association(Imperial gift foundation)

Subject: Re the transfer of Kosei-Ryo and Shinsei-Ryo.

Submitted herewith the answer as follows to your letter of inquiry of Fuku No.71, dated Jan.21, for the view of this Association for the subject matter.

1. This association has no objection to the provisions of the constitution and the gist of Enshi No.286, notification issued jointly by chief of the Repatriation Relief Board and Chief of the Social Bureau of the Public Welfare Ministry, dated March 17, 1949, but hold a different view to Enshi No.286 notification.
2. The gist of the said notification is in the action to be taken in the case where an establishing body of and its central operating body of an establishment are the prefecture, or City, town and village, and the operation and management of an establishment are entrusted to a civil social welfare work association or other privates. In this case the repair expense and other expenses are all paid by a public body and therefore an establishment will be unconditionally returned to a public body.
3. In the case of the two establishments mentioned above, this association is an establishing body and at the same time a central operating body. Repair expense and other expense are paid equally by this association and the public body, and so that this association is hoping to talk over the transfer, putting stress on how to settle the expenses.
4. It is keenly demanded that repair expense and all other expenses will be paid by the prefectural government, acknowledging that the management of both the two establishments have been entrusted to this association, since the beginning, in compliance with the gist of Enshi No.286 notification.
5. Both the two facilities being the principal part of the work of this association, it is necessary for this association to start a new work for public welfare in place of the said two facilities. Such being the case it is keenly hoped that you will comply with the demand mentioned in Item 4 after your best consideration.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

WELFARE DEPARTMENT
KAGAWA LOCAL GOVERNMENT

Despatch No. 24
hatsu Ji No. 424

Date : 8 Nov. 1949.

SUBJECT : On results of the consultative meeting on counter-measures for children not able to attend school.

TO : Chief of Welfare Section, Shikoku C.A. Region.

I beg to inform you of the results of the meeting on the subject, held on Nov. 4 at the conference room of this prefectural office, as per attached sheets.

CHIEF OF WELFARE DEPT.,
KAGAWA LOCAL GOVERNMENT.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

Consultative meeting on counter-measures for children not able to go to school.

1. Date : 4 Nov. 1949, from 9:30 to 12:00

1. Place of meeting :

Conference room of Kagawa Kencho.

1. Attendants :

(Kagawa Local Government)

Chief of Welfare Department, Chief of Child Section, Three officials attached to Child Section, Suprit. Kubo acting for Chief of Welfare Section, Four officials attached to Welfare Section, Official acting for Chief of Crime Prevention & Statistics Section.

(Kagawa School Board)

Suprit. Fujimoto acting for Chief of School Guidance Section, Suprit. Ofuji acting for Chief of School Administration Section, Chief of Investigation Section.

(School)

Matsushima Lower 2ndary School Principal, Tsuruo Primary School Principal.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 173013

(Minsei-iin for children)

Iwaichi Sogo, Kawashima-cho,
Tomie Maekawa, Takamatsu city.

(Others)

Chief of child consultation office,
Chairman of Committee of Kagawa
Teachers Union.

1. Contents of consultations :

All the attendants agreed in the opinion, that counter-measures will be established on conducting surveys on the causes for the increase of children who are not able to attend school, basing on the list of the results investigated by the Prefectural Child Section and the School Board's Investigation Section.

On causes :

A. In "poverty of home" stated in this list, extremely poor homes only are entered. Of the children who are treated coldly at their homes and those who are not willing to learn, there are considerably many whose families are oblized to ill-treat them and who become unwilling to learn owing to poverty.

A. Such families are apt to think that training for jobs are better than going to school.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

B. The rate of school attendance of Tsuruo Primary School stood almost at 100 per cent in prewar days, but at present it is around 95 per cent. If it rains, the absence rate is doubled. This is only because the absentees' families are lacking in umbrellas and the number of the absentees rises up to about 40 per cent of all the absentees.

C. In the pre-war days, the encouragement expenses for school attendance were disbursed from the educational budgets (National and prefectural), but at present no disbursement is made. If the said encouragement expenses, no matter how little they may be, are disbursed by national or prefectural Government, the disbursement of them by city, town and village authorities will become easier.

E. At any rate, an increase is necessary for the educational expenses disbursed in accordance with the Daily Life Protection Law.

E. In "gun" (county) districts the causes for not able to attend school are, I think, (1) poverty of home, (2) child's mental weekness and physical deformity and (3) child's protector's lack of understanding of education itself. For the first cause the increase of expenses is to be made in accordance with the Daily Life Protection Law. For the 2nd cause special classes are to be established, and for the 3rd cause throughgoing publicity is to be expedited for education itself.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

E. If children at their school age were found not attending school, the general public in pre-war days would gaze at them inquisitively, but at present are not concerned a bit about them. It is necessary that the importance of the compulsory education be publicized to children's protectors and the general public.

B. I hope that Minsei-iin conduct guidance not only in living phase but also in educational phase.

F. I'm now asking that every means be resorted to for the enhancement of child welfare in close co-operation between the school which is in a position of the educator and the Council of Children's Committee.

G. I hope that teachers will make more efforts in the phase of extra-classroom guidance.

A. Strong intention seems to be lacking to get children to attend school.

E. Owing to the lack of school-buildings resulting from the enforcement of 6-3 system and other reasons, serious education is difficult to be carried out at present.
Furthermore, as the school-buildings are not fully equipped with necessities, the yearly plan for education is difficult to be established currently, and teachers take so much time to study teaching materials that they can hardly conduct extra-classroom guidance.
