NP No. 704

SUBJECT: Change of Inventory Number of Machines in Hirakata Arsenal.

THROUGH: Kinki Liaison Office.

TO : Economic Section, Osaka Military Government Team.

1. Reference is made to the directives, Headquarters Eighth Army, OD 5/10 for 1946, subject, "Inventory of Army and Navy Arsenal," dated 29 July 1947.

2. We respectfully beg you to invite your permission to adopt one inventory number on the machines in Hirakata Arsenal on the following reasons.

3. In accordance with the above directives the additional inventory numbers were marked on the machines by the custodians office. However at the time when the evalution works were conducted by the competent authorities new evaluation numbers also were marked independently on some groups of machines.

4. It is seriously desired that the two kinds of inventory number be simplified in one number from technical stand point of custodying and business administration. It is desired to demolish the additional inventory numbers marked on such machines and to adopt the number registered in the evaluation work sheets hereafter.

Hirakata Arsenal

HEADQUARTERS
OSAKA MILITARY GOVERNMENT TEAM
APO 660

21 August 1946

SUBJECT: Inspection on Progress of Inventory at Hirakata Arsenals.

1. Main arsenal has 29 men employed doing inventory work. 10 are mechanics taking inventory in Japanese with the assistance of 7 students and 7 other helpers, so far they have completed 4000 inventory sheets.

2. In the office there is only one student able to translate Japanese into English and three others that can only rewrite English. At present they are doing the inventory of the branch plants and letting the translation of the main plant inventory ride.

3. The four branch plants do the inventory in Japanese and sent it to the main plant. There it is translated into English and the sheets numbered. The sheet are then returned so the machines can be numbered.

4. Progress at Hirakata Main Arsenal.

   1. 4000 of their 7500 machines have been inventoried only in Japanese.

   2. Translation and numbering has to be done yet.

5. Progress at Nagao and Naniwa the same.

   1. 100% complete with two English copies but errors on sheets are now being corrected. Numbering of machines has to be done yet.

6. Progress at Nakajima.

   1. Original in Japanese finished, at present translating and copying English copies is being done at main plant. No numbering done yet.

7. Progress at Amanogawa.

   1. Original in Japanese submitted to main plant with minor errors. Representative was sent to Amanogawa to make corrections. Translation and numbering has to be done yet.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [redacted]

8. Recommend additional mechanics be put to work at main plant to take inventory. The need for technical translators is very urgent and is holding up the progress of all five plants concerned. As is, the completion of the main plant can not be before the end of September without additional help.

SUBJECT: Shipment of Technical Equipment

THROUGH: Osaka Liaison Office

TO: Osaka Prefectural Government
ATTN: Reparations Section

1. Inclosed is a list of technical equipment now located at the Osaka Military Arsenal (32-34). During the past few weeks, members of the 5250th Technical Intelligence Company inventoried the equipment, and tagged each item.

2. You are directed to securely box all items on the inclosed list as soon as possible for shipment to:

5250th Technical Intelligence Company
1st Tokyo Arsenal
Oji-ku, Tokyo

3. All items should be so boxed as to prevent damage enroute. Instructions in both English and Japanese should be painted or stenciled on the sides of the boxes giving the names and addresses of the consignee and consignor; and also prominently painted on all sides of the boxes should be the instruction "Handle Carefully, Technical Equipment".

4. After all items have been boxed, and before shipment is made, you are to notify this headquarters so that an inspection may be made of the shipment. After our inspection, and when the shipment has been loaded in box cars, you are to telephone this headquarters the numbers of the box cars, the number or name of the train, and the scheduled time of arrival in Tokyo.

TO: Mr. Frasee

DATE: 1500, 16 February 1951

Capt J: I have the answer to some questions you phoned in recently.

In regard to the request of the Shin Meiwa Kogyo K.K., 32-103, to remove from the scrap list three items authorized for scrapping by GPC, please send their request up through Civil Affairs channels, even though it previously went in through Japanese channels.

On 14 February you called in regard to scrapping of items at plant 13-132AK. The release by GPC of only 102 out of the 116 items you recommended by scrapped was intentional. You had better approve funds for movement of the remaining items to another arsenal for storage.

cc: Mr. Holland

K.F.B. No. 185

To : Chief,
Headquarters, Kinki Civil Affairs Region

Through : Kinki Liaison and Corrdination Office

Subject : Concentration of reparation machines

1. Your kind acceptance shall be highly appreciated of my application for concentration into Osaka Military Arsenal, Hirakata Plant (32-31) of reparation machines as per attached investigation sheet, which are under custody of Shinko Heiki, Akashi Plant, 13-132 (AK)

2. The said plant has had the custody of 117 sets of Reparation machines, 102 of which were released out of reparation as scrap-down in accordance with 387.6 dated 9th Jan., 1951 CPC/AO.

3. Accordingly, it is more convenient to concentrate them than leaving under custody of the same plant.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 1 1 0 0 3

KFB No. 244.

1. KFB intends to dispose of broken ~ worn-out parts of machine (gears, etc) lying about at Hirakata Arsenal (32-31).
2. These are by nature "scraps" and have never been inventoried or evaluated.
3. KFB applied for their release from military supplies in accordance with OD-2; we transmitted the request to S.N. Command on 11 Jan, inclosing KFB No. 164. Camp Sakai has released the scraps 8 Feb 51.
4. No further destruction operation necessary. KFB simply requests our permission to move these items out of the arsenal.
5. Recommend approval.
