Remarks: Formerly, Teikoku Suisan Tosei K.K. Established: December 25th, 1942.
The name and organization altered on December 1st, 1945.

Nippon Sanshi Tosei Kabushiki-Kaisha
(Japan Raw Silk Control Company)
(Cf. the annexed table No.2 (6))

The above mentioned company was established in 1941 under the Silk Industry Control Law, and on the 11th of October in 1945 it was dissolved by the General Headquarters' directive of dissolution. It is now under procedure of being exempted from the list of public office described in the annexed table No.2 (6).

Shokuryo Eidan (Food Corporation)
(Cf. the annexed table No.2 (6))

The above-mentioned corporation was established under the Foods Control Law, and was divided into the Central Food Corporation and the local (prefectural) food corporations.

The Central Food Corporation, as a governmental agency, dealt chiefly with the affairs of purchasing the Korean and Formosan rices and storing the canned foods, therefor it had lost the significance of its existence after the termination of the war, and was dissolved on the 7th of November in 1946, and came to its end in fact as well as in name.

Gyogyo-kai
(The Fisheries Association)

The above-mentioned association was an organization established under Law No.47 (the Fishing Industry Organization Law) of 1943. The unit of its membership is limited only to city, town and village, and there exists no nationwide- or prefectural level association.

Ringyo-kai
(The Forestry Association)

The above-mentioned association was included in the public office as an organization which should be established on the 4th of January in 1947, when the Imperial Ordinance No.1 was promulgated, but owing to the delayed promulgation of the basic law, it was only established formely on the 25th of March in 1947.

Suisanbutsu Seizogyokai
(The Marine Products Processing Association)

The association which is an organization designated by the Law No.47 of 1943, handles the products peculior to the special districts. Many of the associations make prefectures. The only organization which handles the products common to the respective prefectures is Nippon Kako Nori Seizogyokai (the Japanese Laver Processing Association) which is reported in the annexed table.

Request a list of resigners from office prior to 4 Jan. '47 who held office between July 7, 1937 Sept. 2, 1945. Give position of resigners and date of resignation and appointment.

If Co. was not formed as of 1937, then give organization, date and resigners from date of establishment.
