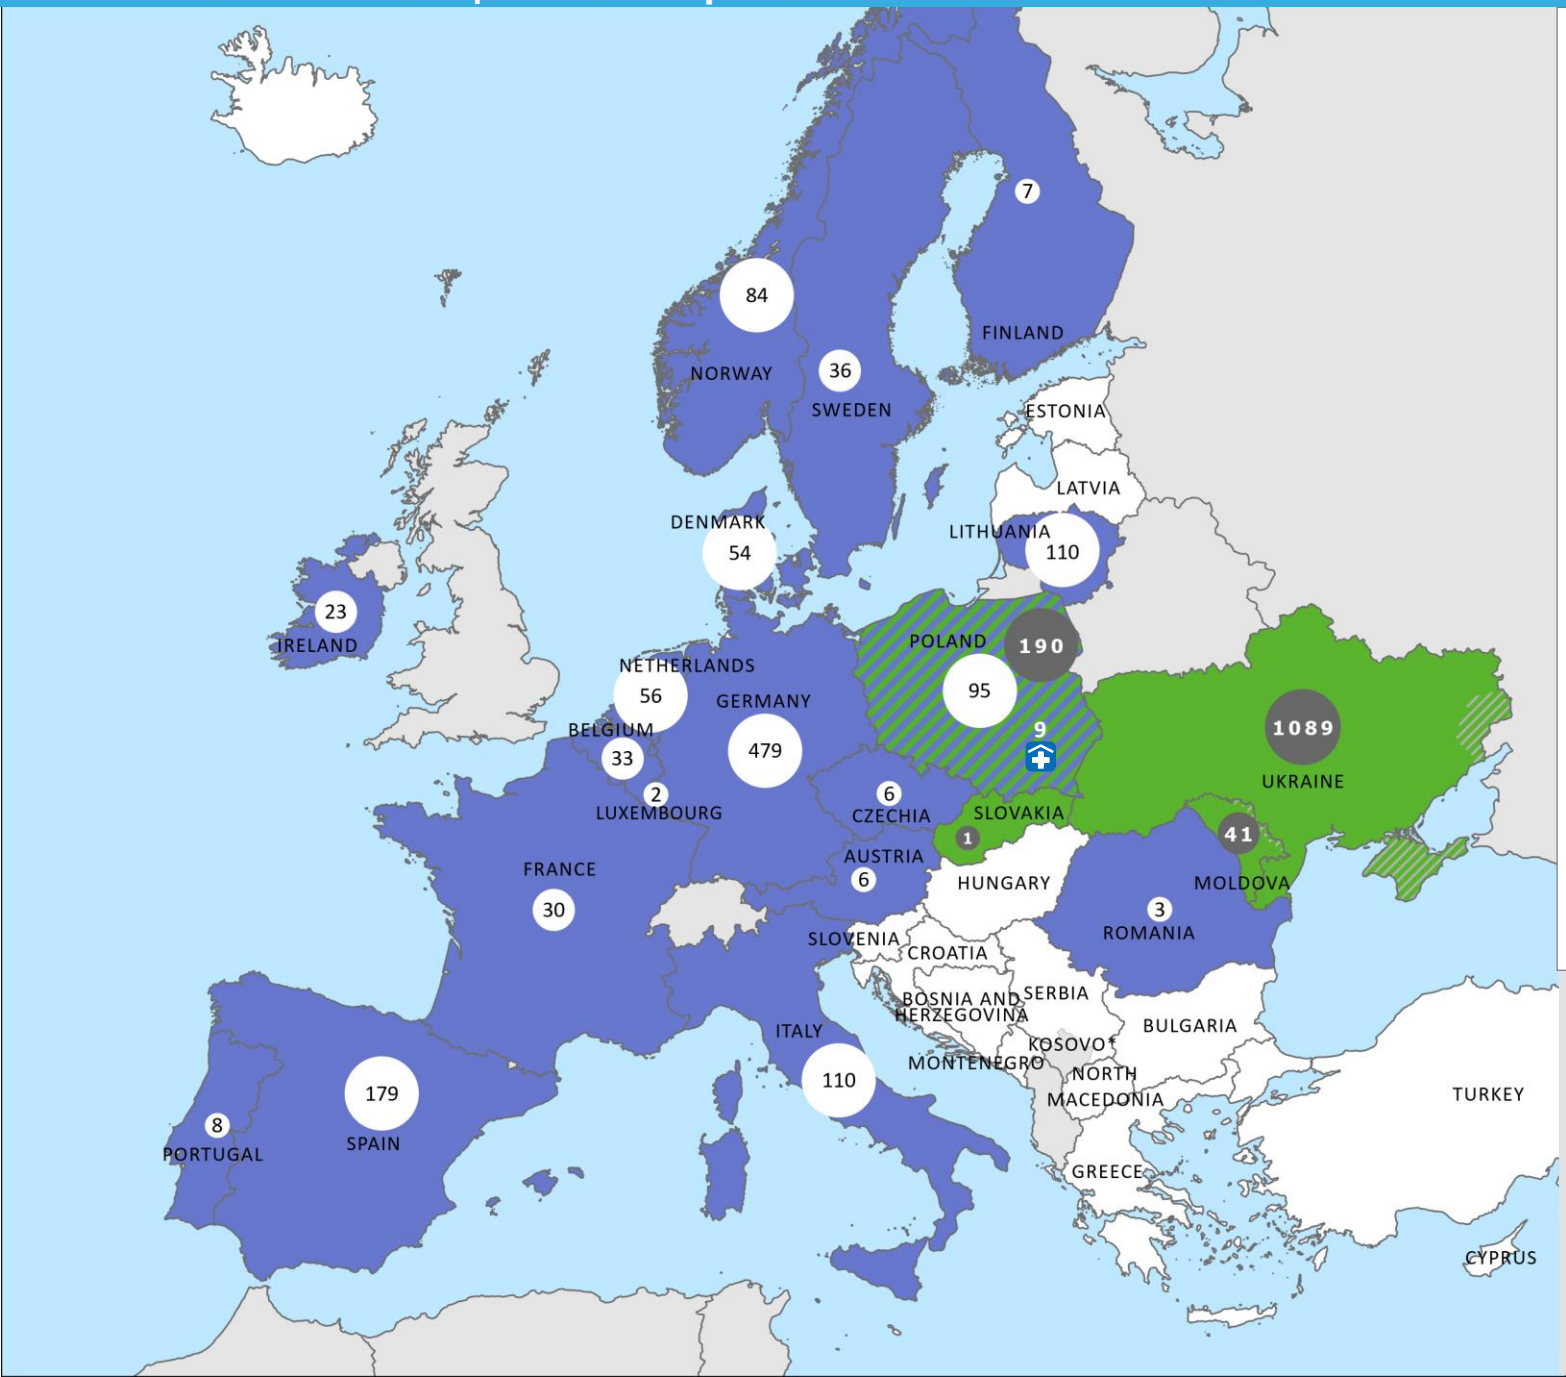
# Russia's War on Ukraine | MEDEVAC operations



**1,546**

**REQUESTS FOR MEDEVAC OPERATIONS**

as of 23 September 16:00 CEST

The European Commission (DG ECHO and DG SANTE) has set up a standard operating procedure for the medical evacuation of Ukrainian people in need of urgent medical care.

**Pre-planned flights for groups of MEDEVAC patients** have been taking place twice per week since mid-August, using a medicalised plane **offered by Norway**. This is centrally coordinated by the ERCC and by **Medevac liaison officers, who are being embedded in the ERCC**. The aim is to provide regular and predictable transport solutions for large numbers of patients, creating optimal flights and higher efficiency, while carrying out greener practices

**1,321** Completed operations

**28** Operations in progress*

*from acceptance of medevac offer to the arrival of the patient in the hosting hospital.

**171** Cancelled operations

**20** Operations pending acceptance

Norway has transported **301** patients for treatment in Belgium, Denmark, Germany, Finland & the Netherlands.

Romania has transported **10** patients for treatment in Denmark.

Receiving country

Receiving & requesting country

Requesting country

Non-EU Civil Protection Mechanism country

EU medical evacuations hub *(opened on 1 September)*

Number of patients arrived to MS/PS (>50, 50, 10)

Departed patients from requesting country

Non-government controlled area, *as of 23 February*

*This designation is without prejudice to positions on status, and is in line with UNSCR 1244/1999 and the ICJ Opinion on the Kosovo Declaration of Independence.
