they too may help some needy persons.

Because Hitoshi's father left the boy entirely in his care, he desired to take up fosterage proceedings and made an application at Meguro Ward in Feb this year. So far he has not received any word in regard to that application. wa'it

Hitoshi's chum, Sugawara Akira

Sugawara Akira ; grade 5 ; Wt-30.5kg, Ht-132cm
Birthdate ; Sept 11, 1935
Birthplace ; Takada no baba, Tokyo

Sugawara is a typical war sufferer who was lost in the milling crowd of the last days of the war. He spent 8 months at Yurakucho subway, where he was picked up by an American soldier and taken to Camp Asaka, Saitama. His soldier friends passed him on to other soldiers when they left for the states. The last soldier, Sgt. Baaro (about 45 yrs) has been specially kind to him. Sgt. Baaro lives at Iwakashira with his wife and 3 big children.

Sugawara's father is a poor carpenter and, still lives at Takada no baba, but has come to see Mr Takahira but since the boy prefers to live at Nakameguro and Mr Takahira is willing to help the poor father in educating the boy, Sugawara continues to stay in bore with Hitoshi.

He is robust and active, slightly aggressive but friendly. His school records are very good.

Hitoaki Kimura (Alias Mike Kimura)

Address: #566 - 2 chome Nakameguro, Meguro Ku, Tokyo

Birthdate: Nov. 3, 1937 Birthplace: Okayama City, Okayama Ken

General description: Height; 129 cm. Weight; 26.0 kg (school record) eyes; dark. Hair; light for a Japanese boy. Rather small for his age, freindly and of pleasing nature. Skin; fair for a Japanese.

Health and mentality: Hitoaki gets along well in school. His teacher (Mr. Seichi Sato) says he is an exceptionally bright child, joins all activities and is eager in his play. He has not stayed out of school except for one occasion, when he had to take treatments for otitis media last winter. His school physical for 1947 showed only normal conditions. This year he was given a dental checking. He is now in the 4th grade and is claimed to be an exceptionally good student.

Family: father, Naoichiro Kimura, age 39...works in a machine shop
mother, Setsuko " , age 34
sister, Chizuko " , age 14
" , Reiko " , age 7
brother, Yoshie " , age 6
baby (sex ?) , age 1

His home is in Okayama City, "in front of the Okayama Station". Father's income is hardly enough for the family. Mother tries to carry some of the financial burden by taking in odd jobs such as sewing and laundry. There is no sickness in the family.
Father was called to war in 1943. He was sent back to Japan in 1947.

Hitoaki's personal history: When father Naoichiro was drafted in 1943, the mother took the 3 children (Chizuko, Reiko and Hitoaki) to Nagoya to live with the children's grandmother and uncle. After the bombing of the city in the spring of 1945 they moved to Gifu.

In Gifu, Hitoaki was lost during one of the air-raids just before the close of war. From this time on until the little boy landed in Tokyo the story is most confusing and uncertain, but Hitoaki claims that he boarded a train one afternoon in the summer of 1945 and later found himself in Tokyo Station. There, he was "invited" into a truck and taken to Yoikuin. He had been in the institution about 3 weeks, when some soldiers visited and "asked him if he would like to accompany them." Hitoaki did not like the Yoikuin and readily agreed to go with the soldiers.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

He was taken to Ikebukuro Camp and there he stayed until his soldier friends left for the states. But Hitoaki (called Mike by the soldiers) was passed on to a Sgt. Bimble (age 35) of Camp Asaka in Saitama, and thereafter the boy lived with him as his mascot.

In the summer of 1947 when a regulation forbidding the Japanese Nationals to live on Army premises was put into effect, Hitoaki had to find a new home. The Chaplain (Capt. Krugle?) took a special interest in the boys (seven in all) who had to leave the Camp, and tried to help find homes for them. Through him Sgt, Bimble met Rev. and Mrs. P.S. Mayer, missionaries connected with the new Mejiro Church, who helped to place Hitoaki in the home of their Christian friend, Mr. Ranichi Takahira.

Mr. Takahira would have taken in all of the seven boys but he could accomodate and care for no more than two. So with Hitoaki came his chum Sugawara (Jinmie.) The boys came to live with Mr. Takahira at #566 - 2 chome Nakameguro on Aug. 30, 1947. There were no money transactions between Mr. Takahira and Sgt. Bimble.

Application to enter Aoyama Gakuin was made immediately, but principal Tomioka refused to take the boys because of their questionable background. Therefore, on 1 September 1947, the boys were placed at Nakameguro primary school at #488 - 2 chome, Nakameguro. Hitoaki was registered in the 3rd grade and his chum Sugawara in the 4th grade.

Sgt. Bimble visited the school very often. He took many pictures of Hitoaki in his class-room work and at play. Some of these pictures were put in the Mainichi Shinbun(Nov. 1947) in an effort to locate the boy's family. Naoichiro Kimura recognized his boy's picture and promptly called at the school. He then met Sgt. Bimble and Mr Takahira to discuss the boy's future plans. Father, Naoichiro, felt that since the boy was more fortunate in his present circumstances than at home in Okayama, he would not object to let the matter stand, provided that both Mr. Takahira and the boy desired it so. After careful consideration, the boy was left in the care of Mr. Takahira. Since then, father, Naoichiro, has visited the school and Mr. Takahira twice, but Hitoaki did not wish to go home with him. The boy was then sent to Okayama last summer, but after a week he returned by himself and begged to be kept at the Nakameguro home. Sgt. Bimble's visits to the school since last summer have not been as frequent as previously Mr. Takahira thinks that it is because he is kept busy and interested at home with his new baby. The Sergeant has given Hitoaki money gifts of 10 dollars on 3 or 4 occasions and clothing at various time, but no money or goods have been given to Mr. Takahira to pay for keeping the boy. Hitoaki goes to Camp Asaka once or twice a month by bus to visit the Sergeant and his family.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Hitoaki's living conditions:

Mr Takahira lives with his aged mother and keeps a fairly large place. The house is quite old and is in need of repair but housekeeping is generally well managed. The appointments are partly foreign-style with western type dining room and living room. The house is an alley but from the district policeman's comments one can be sure that it is a good neighborhood. Mr. Takahira's parents were with the diplomatic legation in the U.S.A. before he was born. Later his father was sent to Holland as Minister of the Japanese Legation. Ranichi Takahira was born in Holland. He came to Japan at age 7, finished his primary education in Tokyo and then completed Higher School (college) curricula at Kumamoto. He married once but divorced his wife. He is now 56 years old. He never remarried and he has no children. He is a devout Christian and spends his money on Christian endeavours, such as helping needy students and opening his house for Sunday School (100 children attend every Sunday) and Bible Classes (30 to 50 young people attend every Sunday evening). At one time after the close of the war he kept as many as 15 boys. Now there are 5 young men in addition to the little boys. He has 3 women servants who help with the housekeeping.

Mr. Takahira owns a pharmaceutical laboratory at Yotsuya Mitsuke, 1 chome #2, and employs 5 young men in his business office. Three of them live with him because they can not find rooming facilities. He claims that he does not make much profit now and is only able to make ends meet. However, he thoroughly enjoys "his boys." He does not expect any return favors from his proteges. He only hopes that some day they too may help some needy persons.

Inasmuch as Hitoaki's father left the boy entirely in ~~his~~ Takahira's care, he desired to take up fosterage proceedings and made an application at Meguro Ward in Feb. this year. So far he has not received any word in regard to that application. He has given some thought to Hitoaki's higher education and plans to assist him. It appears that Hitoaki is now adequately situated and that It would be to his advantage to place any funds available to him in an interest-bearing account to enable him to complete a higher education. It would seem advisable to establish a trust fund flexible ~~enough~~ to cover any unforeseen emergency needs that his present benefactor might not be able to meet.

Dear Mrs Callow

Thank you very much for your kindness Mrs Callow and at the same time I feel very sorry that I could say goodby when I was up there last Tuesday.

I am in the Sugiyama Sanitorium now and am quite satisfied to stay here although there is a little bit trouble for me due to improper bedding and poor food. But it does not matter if I get well and that is all we hope.

We took X-Ray picture on Tuesday of this week. The picture shows a little bad. Dr. Nomura, in this hospital. says my body will need at least thirty bottles of streptomycine shots if I have to go back to work two or three months, otherwise have to stay here more than a half of a year.

Well, this is a great trouble for me. At first where can I get that 30 bottles of streptomycine? Doctor says, they do not have any streptomycine in this hospital. Consequently I have to buy them from somewhere or else. But—

If I let you know my physical condition I spit phlegm more than 50 times and body temperature is 37.1° highest.

I appreciate it very much Mrs Callow if you will be able to give me an answer after conserting with Doctor and Mrs Cartmel

Please give my best regards to every one.

yours truely

Protection of foreign nationals by DLSL

File Individuals

Protection Section

Mr. Kōno Anatori (Russian), residing in # 816, Oyaguchi, Itabashi-Ku, requested ¥15.000 of living aid by DLSL orally to Welfare Minister and Governor of Tokyo-to, and we hereby should like to explain the outline of case as follows.

Note

1. about Protection

Family Member

Familyhead	Kōno Anatori	27yrs	M
mother	" Eugeniya	53	F
younger sister	" Aza	26	F

We started protection for them because they had no income and hardship for daily life. As for the case, Itabashi Ward Chief applied for approval of "excess payment for minimum standard" by Ita Min Hatsu #84, Sept. 14, '48 (grant ¥7,910). On examination, one section proved the case as proper by Minpo Hatsu # 388, June 4, '48, according to "free of ration of food for needy foreign national in Japan" and applied for Welfare Minister by Minpo Hatsu 142, Sept 21, '48, then received information from Ministry in the name of Social affairs Bureau Chief, by Ita Hatsu #1498, Oct. 18 for its approval within ¥7.000 and we rendered protection based upon the information. We handled this case by the directive of SCAP Jan. 9, '48. As for the application of this case, however, THGT had opinion not to approve this by directive of GHQ. (#19, April 19, '48), but also any foreign national incapable of self-supporting should be repatriated to their motherland, so we held this case for a while, then we handled by the informal information of Welfare Ministry saying that SCAP directive exist in spite of GHQ directive. Welfare Ministry is negotiating with authorities concerned for this problem

2. Change of Living Aid

According to change of price of staple food, miso, soy sauce and oil on Nov. 1, '48, the standard for Living Aid has also ~~been~~ changed, and the family requested ¥15,000. We can't assert the suitability of the amount of Living Aid because they requested according to the statistics of living cost they surveyed, but according to ¥2,000 approved by Minister, we can presume as follows. In those days, the standard for 3 member family was ¥2,700, and by the change, grant for this family is ¥2,310. Adding this for approved grant makes ¥2,610. Even considering the rise of price, we can never recognize ¥15,000 as proper request. At any rate, they should make application by accurate data of living cost and we can't approve by only their oral request.

3. Other reference

(1) Employment

Familyhead is healthy and wants employment, so we are assisting him by negotiating with Public Occupational Stabilization Office. Mother is healthy, but younger sister is weak-bodied.

(2) ~~Denial~~ Refusal of inspection

Familyhead came to Welfare Ministry and Tokyo-to for request, and claimed be refuge the inspection. But if they refuse our inspection, we can't expect proper protection and also it shouldn't be allowed by DLSL.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

この世帯に適用すべき生活扶助費基準額は三、三一〇円であり、従つて既に認められている超過支給額を合算すれば、七、六一〇円となるわけである。これに加配食糧の消費者価格の引上げを考慮に入れても一五、〇〇〇円という要求が妥當なものであるとは到底認められない。

何れにしても正確な生計調査の資料に基いて正當な超過支給申請をなすべきであり、單なる口頭要求のみでは、それを容認することは出來ない。

當この世帯に關することで參考となる事項を擧ぐれば

(1) 就業について

世帯主は健康にして、就職の希望があり、目下公共職業安定所と連絡して就職斡旋中である。尙母は健康であるが妹は病弱とのことである。

(2) 調査の拒絶

厚生省、都に要求のため出頭した世帯主は、一切の調査は拒絶するとの言明をなしたとのことであるが若し調査を拒むとすれば、適正な保護を期し難く生活保護法の精神からも許さるべきではないと思われる。
