MEMORANDUM FOR: Chief of Public Welfare Section

SUBJECT: Summary of Procedures Review of Tochigi City Welfare Office, Tochigi Prefecture

1. Dates of Review: 29 - 30 June 1950

2. Participants:

a. KaCAR:

(1) Mary E. Foster, Welfare Research Analyst

(2) Mrs. Arima (JN), Interpreter

b. Prefecture:

(1) Chief of Protection Section

(2) One Prefectural Assistant

c. Tochigi City:

(1) Mayor

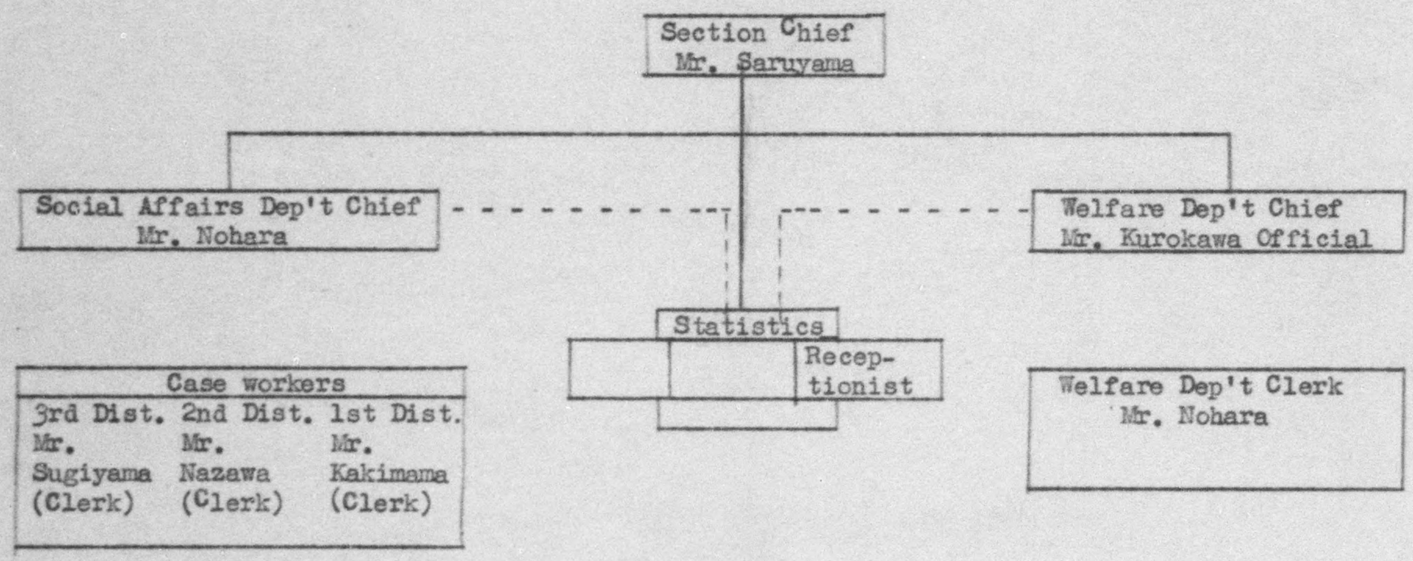
(2) Assistant Mayor

(3) Welfare Staff of 7 persons.

3. General Findings:

a. As of 1 June 1950 the new set up for Welfare Division was made in the Tochigi City Office so on this date the program is just getting well underway only having been in existense 3 to 4 weeks. The section's organized setup and staff per division is as follows:

Social Affairs Section



DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

4. Mr. Masataka Furukawa is acting as receptionist for the Social Affairs Department Chief, as well as for the divisions.

Persons on business come directly to him. They are given application forms 1 and 2 to make out. After he has looked over application he sends applicant to proper case worker for the area he is in, after the person has gone to the Minsei-iin for his seal. No register of persons calling is kept. (In addition to this procedure - delivers all mail to sections and sends notifications of payments to be made to proper individuals).

5. Mr. Yaichi Nohara - Section Chief, Social Affairs, gives applicant forms 1 and 2 in absence of receptionist and helps him fill form (if necessary). Sometimes this form is taken home to be filled out. After completion and applicant is interviewed by proper caseworker, (takes from 20 minutes to 1 hour) Mr. Nohara forwards to Chief of Social Affairs Ordinary (general) applications require about one month for approval to date of actual payment to applicant. Special rush cases can be taken care of in from 3 to 5 days. In case assignment to case worker is too far and inaccessible transportation form 3 is sent to applicant by mails. Case worker does not always go to area. Form 3 attached has to do with investigation of family and possible supporter in lieu of actual DLSL. This form goes to the Mayor or chief of village. After they make the investigation form No. 3 is returned by mail with birthplace ceritficate. This comes directly to Mr. Nohara. Form No. 4 (attached) is then filled out by case worker if a relative or other member of family can help support applicant. Form No. 4 is not always necessary. Head of family then replies to chief of Tochigi. A 7 day suspense is placed on all these papers. If possible supporter refuses to accept support of applicant, he is asked to come to city office where Mr. Nohara discusses the problem with him. If refusal is still present after this consultation, papers are then executed for full DLSL. If possible supporter promises a portion of assistance the balance is carried by DLSL.

With forms 1, 2 and 3 completed with no possible supporter (No. 4) the next procedure involves 4 or 5 to be completed by the case worker whether investigation is made personally or not. In case No. 4 is mailed out for possible supporter, No. 5 is kept by case-worker for complition when No. 4 is returned to him.

The channels of routing and approval include, Social Division Chief, Information Clerk, General Office and Accounts sections. All seals are placed thereon and Mr. Nohara advises caseworker of approval. Mr. Nohara files all these papers in a central file. He also keeps a running schedule of Case Worker's days in office and in field.

In case applicants request is disapproved for one reason or another, then form No. 6 on disapprovals goes to all Chiefs, Mayor etc.,

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

comes back to Mr. Nohara. Case worker has record too. Mr. Nohara keeps a so called "Disapproved or dead file" on all these actions.

By word of mouth Mr. Nohara tells specific Case worker of disapproval. Case worker remembers name and sends out form 7 to applicant telling him of either approval or disapproval of request.

6. Under Mr. Nohara's direct supervision are three (3) case workers, by Name - Mr. Yoichi Kakinuma, assigned area No. 1, Mr. Hideo Nozawa, assigned area No. 2, and Mr. Sugyama, assigned area No. 3. All these men were interviewed individually as to procedures used and the following findings were disclosed:

a. Receptionist tells applicant which case worker he is to see. Upon interview he discusses condition of income, living, family size, possible supporter, any medical or child needs. The case worker on investigation then sees friends or relatives of family who know family well and makes record (on general note paper) of findings. (Note: A specific form is being drawn up for this procedure, but is not completed as yet). The same forms used for DLSL are used for Medical Aid applicants. It is not sure whether new forms well be executed or not. Ones in use now seem adequate (they think). One and sometimes two (2) trips are made for one application. One to three days intervene visits.

In case of medical aid - checks also with physician with reference to nature of disease, cost of cure, need for hospitization, time involved etc. Findings are turned to Mr. Nohara who sends this channels as mentioned in his interview.

Child Welfare Procedures

Mr. Nohara in Charge

Jido-iin submits form No. 1 giving history of child, parent original comicile, present domicle, family members etc. (another reference paper is to be printed. The one in use now is the old form. It is expected to be ready soon (- no date given) No. 2 form is the former form used and they believe it adequate in the new set up. Jido-iin brings No. 1 to receptionist; receptionist turns to Mr. Nahara. After his inspection it is turned over to proper case worker in charge of area where child isliving. Case worker fills out No. 2 upon investigation. At present case worker only takes memo paper with him and fills No. 2 upon return. A plan is underway to have an investigation report such as the last page of form No. 8 (attached), drawn up. Contents will be different - but general outline is contemplated to be same.

Number of days involved in one of these cases is 2 to 3 days. After

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

1 and 2 completed receives from Case worker and it goes through channels to the mayor. (Only one case has been handled since 1 June - on child welfare). After Mayor's approval form No. 3 is executed and sent by mail to Jido-so Danjo replies to Mayor of city and also attaches letter to father, mother or relative of child in regard to decision made. This goes through channels to chief of Division then to Mr. Nohara and be turns it over to the case worker. Case worker fills out 4 and 5. Mr. Nohara keeps forms 1 and 2 and letter from Jido-so Danjo in his file which Jido-so Danjo has written. 4 and 5 being excented and kept by case worker aside from papers Mr. Nohara has. Case worker will visit home of child 2 or 3 days prior to day child is to be taken, to make arrangements. Only family and case worker is involved in this.

Jido-so Danjo has already made arrangements for institution and type of institution child is to be placed in. City Office or case workers do not have any part in this.
