15 Remarks

1. The obstacles in acquirment of the raw materials
It is very difficult to acquire the raw matercials as the result of omnipresence of goods
It is an earnest desire for us to improve the price structure
2. The obstacles in acquirment of the parts materials
The balance of demand and supply of parts materials is broken as the result of poor manufactoring capacity and increase of demand.
It is an earnest desire for us to strengthen the function of the supply control coroparation.
3. The obstacles in the traffic
The present situation of the traffic is a great obstacles for production
4. The obstacles in treatment of employees
It is an earnest desire that the food-stuff problems are solved.
5. The other obstacles
For instance, the stoppage of electric current etc. hide the plan of production.

I prove that the descriptive articles of this papers is true, as far as I know and believe.
