

Estado del Capítulo

Chapter State

Wikimedia Conference 2013

Milano, Italia

Chapter Development

Recognized as a chapter by the WMF on **June 13th**, 2011, and founded on **July 16th**, 2011.

A private non-profit corporation under Chilean law.

We obtained legal personality by Decree N° 4426, of the Ministry of Justice, on **September 12th**, 2012. (Yay!!)

Therefore we held our first General Meeting...

We were 16 in the beginning and we are 26 now... + one more in the way.

Chapter Development

...**A**nd we elected our first non provisional board on November 17th, 2012!

It took a long time, but we got finally ready to go... and **we** are proud of it!

Cooperation

We are part of **Iberocoop**, you might already notice it and a founder member! (Pretty cool huh!?)

In the mean time, since last year, from the June 1st to 3rd we organized the **II Wikimedia Ibero-American Summit 2012**, and that's how almost 30 people came from to the conference.

Argentina, Bolivia, Brazil, Chile, Colombia, Italy, Mexico, Panama, Peru, Portugal, Spain, Uruguay and Venezuela, as well as representatives from the Wikimedia Foundation and Wikimedia Germany were present.

Indeed!

A sample of our Work

Last year we organized Wiki Loves Monuments Chile 2012, and it went great 4,083 pictures were uploaded from almost 330 different users. Do you see the cool flag over the castle?

WIKI **loves**
monuments

We had from neon signs, to Moai's from Eastern Island (or Rapa Nui if you prefer).

Also, we organized a very nice award ceremony in the GAM cultural center: almost 50 people came...

...and afterwards, an Edit-a-thon was held, the first one in Chile!

The exposition lasted almost a month, and received many visitors that attended the library.

Next week, on **April, 27th**, we are holding are **second General Assembly**, as it's requested by our bylaws.

We hope to keep expanding our member's base in the near future.

And to be able to professionalize our chapter, in every sense possible, and this means, not only contracting staff, but making our organization function as stable and healthy as possible.
