COMMERCIAL.

OFFICE OF THE BEE,
FRIDAY EVENING, February 17, 1860.

Only a moderate business has been done in the cotton market during the past week, and prices for some days bending retrograde have been in favor of buyers. Fair Orleans declined ⅛@¼c ℔ lb. in the early part of the week, and in Corn we have noticed a large reduction in the rates. Flour advanced early in the week, but some of the improvement was subsequently lost. Provisions of most descriptions have been very firm, and a small demand manifested in the movement. In Tobacco the transactions continue limited. Freights have been without much alteration, while Exchange has sold at irregular rates.

Yesterday morning we published the Prices Current's advices, with Liverpool dates to the 4th instant. They reported sales of 34,000 bales of Cotton during the week, including 12,000 for speculation and export, the market having opened calm and buoyant, but closing quiet at 7¾d for Fair Orleans, and 6¾d. for Middling Orleans. The stock was stated at 700,000 bales, including 440,000 Americans. At Havre 5200 bales had been sold, and the market closed firm. Accounts from Manchester were favorable.

COTTON.—Arrived since the 10th instant, 2,719 bales, viz: 1,000 by the Europa from Liverpool, 1,719 bales, Fleetwood 1828 Havre 5853, Marseille 200, Vera Cruz 500, Barcelona 1100, Antwerp 200, Leghorn 500, Genoa 1000, Hamburg 1072, New York 254, and Baltimore 1000 bales; together, 15,323 bales, making an addition to the stock of the port of 15,323 bales, and leaving on all on shipboard not cleared this day, a stock of 57,[illegible] bales.

The week opened with rather favorable accounts from Europe by the steamer Canada at this place, but they had little effect on our market, and with only a moderate demand the sales up to Tuesday became nearly 20,000 bales at prices for Middling Orleans, and Middling, a decline of ⅛@ ¼ ℔ lb. for ordinary and medium grades. On Wednesday the Robert Lee's advices were received by the Europa, the material change at Liverpool, and with a dull market for the lower grades, the business reached 10,000 bales, Tuesday's prices, but there was a heavy, with sales of about 10,000 bales at irregular and easy rates for buyers, and to-day's transactions embraced some 12,000 bales, including 2,000 for speculation and export, the market closing at our quotations, as follows:
