APO 24 Unit 3

SUBJECT: Request for Services of Two Japanese Vehicles

TO : Supreme Commander for Allied Powers,
General Headquarters
APO 500

1. Request that Procurement Demand JPNO 751 authorizing services of two Japanese vehicles and drivers be rewritten for an indefinite period. Demand lapsed 31.December 1947. Vehicles were included on indigenous procurement demands forecast for period 1 January - 30 June 1948.

2. Motor vehicles assigned this isolated military government team are admittedly inadequate to meet operational requirements, taking into consideration the necessarily frequent inspections of the prefecture particularly to the outlying islands which require prolonged absences, the number of vehicles normally inoperative (3) due to required organizational maintenance aggravated by isolation, and the number being employed as transportation for visitors.

FILE

3. Transportation is chiefly intended for the use of official visitors to this major prefectural area. It is pointed out that Nagasaki as one of the two atomic bomb sites and because of its history is usually included in the itinerary of most inspection parties. These visitors usually have orders to the effect that transportation will be provided or are of such rank that mi military courtesy dictates that their request be honored. This Team has had an average of 193 visitors per month for the past year. Attention is invited to inclosure 1 which enlarges on this justification.

4. Approval of this request will obviate a continued drain on organizational transportation which of necessity must be furnished to the eleven dependent families now residing in Nagasaki City. Attention is invited to the following:

a. Dependents arrived in theater too late to be included in sale of surplus ¼ ton trucks.

b. Dependent homes are scattered throughout the city and families are dependent on these taxis for all social contact and for the pittance of recreation available at the military compound area.

c. Two of the ladies are expectant mothers. ¼ ton truck rides are considered an avoidable hazard.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

BASIC: Ltr Nag Mil Govt Tm, subj: "Request for Service of Two Japanese Vehicles" dtd 9 January 1948

5. This Team most strongly recommends favorable and expeditious consideration. No other factor contributes more to the smooth operation of this Team than that of adequate transportation. The matter is of such vital importance to this Team that the Team commander personally called on the Ordnance, G-4 section of I Corps and on the procurement section of Eighth Army during the first week in December to ascertain that favorable consideration be given to the forecast for these two vehicles. Such assurance was given dependent on SCAP approval which evedently has not been forthcoming.

6. It is further recommended that approval be indefinite or to at least 31 December 1948 due to the time involved in processing request and because need will definitely exist as long as this military government team is in operation.

TO: Supreme Commander for the Allied Powers, APO 500

1. JPNO 751, authorizing the services of two sedans for the Nagasaki Military Government Team, was issued in May 1947, and was approved by your headquarters on the interim forecast. This item was disapproved on the first quarter forecast for 1948, appearing as line item 112, Eighth Army Ordnance forecast.

2. Reference is made to letter, this headquarters, 1 December 1947, file AG 400.12 (MG-X), subj: "Procurement of Transportation". The Nagasaki Military Government Team was not included in paragraph 2 of that letter because, having been approved on the interim forecast, it was assumed that this request would be approved on the forecast for the first quarter (half) of 1948.

3. Having been disapproved for the first quarter (half) of 1948, this item was not included on the forecast for the second half of 1948. Accordingly, recommend approval of SCAP-Req 0-280, attached as Incl 2, which extends JPNO 751 through 31 December 1948. The Commanding General, I Corps, concurs in this recommendation.

REPORT ON VISITORS TO NAGASAKI

1. This Team has furnished transportation to an average of 193 visitors per month during the year 1947. Requests for transportation has created a constant bruden upon the motor pool to take care of the following personnel:

a. Military: Among many other notables on official business to attend meetings, conferences and hold inspections are the following:

General Woodruff

General Lester

Genral Niblo

General Whitney

Atomic Bomb Casualty Commission

Reparations Committee (four interested nations)

b. Navy: On official business to Nagasaki Port

Admiral Bledsoe

Commander King

Commander Gano

Capt Crawford

Capt Ansel

c. Official Visitors: The wide variety of activities of this team results in visitors arriving for meetings, conferences and inspections which is a constant drain on vehicles day and night.

d. Non Official Visitors: To visit site of interest, including atomic area while on pass or leave from their organizations.

2. With the many visitors constantly arriving by rail and by water, transportation presently suthorized has been inadequate many times. However, by carefully coordinating trips and vehicles the results have been satisfactory. With the loss of procured vehicles, transportation difficulties will be increased resulting in the time wasted until transportation becomes available.

Attention: ESO

1. Request that my application for the purchase of a passenger type vehicle, dated 29 December 1947 be withdrawn and that my deposit be returned.

2. The prices of $1950 for a Ford and $1700 for a Chevrolet are prohibitive from my financial standpoint.

1. It has come to the attention of this headquarters that unit commanders are permitting the repair, service, and maintenance of privately owned vehicles in organizational motor pools and that in many instances government supplies and material are being used.

2. Attention of all concerned is directed to Circular 111, Headquarters Eighth Army, dated 20 June 1947, which specifically states that the Eighth Army Exchange Service will have full responsibility for maintenance of privately owned vehicles belonging to Occupation personnel and that all spare parts needed for the repair of these vehicles will be procured by the Exchange Officer from Ordnance or from Class I Garages.

3. It is desired that Commanders make every effort to furnish competent personnel and adequate supervision to the Exchange Service Stations and Garages in order that the standards of service rendered by those organizations may be materially improved.

4. All commanders are directed to take immediate steps to insure that this flagrant disregard of Army directives stated in par 1, above, will cease immediately. All concerned will be notified that future violations of this nature will be subject to strict disciplinary action.

FUKUOKA PREFECTURAL GOVERNMENT

Dec. 16, 1947

TO: Kyushu Military Goveenment
Attn: Lt. Bachtel
SUBJECT: Sedans in Service under JPNO. 379

1. It is to be regretted that, inspite of every exertion on our part, sedans in service under JPNO.479 has not been operated smoothly enough to satisfy you. In view of the importance of this service we have talked over with or sent letters to the owners of sedans asking their co-operation in improving the operation.

For all those efforts, however, innconsequence of the following circumstances, prospect is not quite favourable for us and we must ask your kind co-operation and assistance.

a. A List of high-class sedans in the prefecture was prepared and examination was made upon them by order of your office. Mot find out a car in such good condition as might render satisfactory service.

b. As to substituting cars, we have made arrangement with the owners of the cars on the attached lost to furnish them whenever the original cars go out of order.
However, they are also superannuated and have frequently gone out of order. Furthermore, we cannot keep them waiting in the garrage, because we have no way to bay for them unless it is authorized on the Procurement Receipt.

c. Prompt repair has also been hampered by the difficulties in securing necessary materials such as tyres and tubes.

2. To get out of this difficult situation we have to ask your kind assistance a stated below.

a. In order to furnish six sedans constantly for use, it is necessary to keep at least two spare sedans waiting in our office. It is regulated, however, that the rent for the owner shall not be paid by the Government without P.R.
So we should like to have your authorization on P.R., or, if it is impossible, a new P.D., for this two spare cars.

b. We realize that the Japanese Government is responsible for securing necessary materials such as tyres and tubes, but, whenever it is necessary, as a matter of procass please oblige us with your certificate or some other means to faciliate securing materials.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

3. It will be greatly appreciated if you will kindly take such favourable steps as above, and than we can expect to discharge our duty completely.

1. This Hqs fails to see the necessity of requesting another procurement demand for 2 additional sedans as the present procurement demand calls for the service of six sedans and does not specify any six.

2. According to current directives a procurement demand is all that is necessary to secure supplies. Therefore a certificate should not be necessary.

SUBJECT: Motor Vehicle Operators' Permit

THRU : Commanding Officer

TO : Commanding General
Hq 24th Infantry Division
APO 24

1. Refrence: Memorandum Number 39, Headquarters I Corps subject, "Operation of Military Motor Vehicles", dated 12 May 1947.

2. Request the following personnel be authorized drivers permits to drive government vehicles.

Capt	VERNON C. HILL	0238265
1st Lt	ANTHONY L. DONATELLI	02072121
Mr	JOSEPH H. MILLER	CAF-11
Mr	HOWARD C. OSWALT	CAF-7

3. Reasons for this request are as follows:

a. T/O makes no provision for enlisted driver personnel.

b. Light vehicles of this unit are operated by Japanese personnel. Presence of this personnel is not always assured. Drivers habitually take days off without notice, are always absent on numerous holidays and often for one or two following days. Efforts to correct this have failed due to low wages as paid to drivers as compared to wages paid by private concerns.

c. Presence of drivers on overnight stays or on prolonged inspections lead to complications in feeding, lodging, overtime pay, dress etc.

d. Use of enlisted personnel as drivers for trips as outlined in c above is not always practicable inasmuch as personnel of this command are all specialists.

BASIC: Ltr, Nagasaki Mil Govt Team, APO 24 Unit 3, subject: "Motor Vehicle Operators' Permit" dtd 28 Nov 1947.

4. Request is not intended to make officer assigned driver of vehicle but is intended to permit officer to drive own vehicle when Japanese driver is not available or desirable. Further, intent is chiefly to cover overnite stays especially during field inspections on outlying islands where stay is often of a weeks duration.

5. All officers of this command have been give drivers instruction over a prolonged period. Above officers are qualified as outlined in the examination prescribed for that vehicle in WDAGO PRT 565.

2. Reference, above, authorizes this Team 13 Trucks 1/4 Ton 4x4. Request is hereby made that authorization be increased to 14 such type vehicles. Vehicle to be carried as Post Camp and Station Property.

3. Reasons for this request

a. Opening of Civil Property Custodian Regional Office based on this Military Government Team. See Inclosure 1 attached hereto.

b. Paragraph 7 of Letter, GHQ, SCAP, File, AG 322 CPC/CD, subject: "Regional Service Teams, Civil Property Custodian, General Headquarters, Supreme Commander for the Allied Powers" provides that transportation be furnished commensurate with the mission of the Team. (See Incl 2)

c. Request for transportation has been made by Civil Property Custodian. (See Incl 3)

d. At this writing this Team has but 10 of the vehicles on hand of the 13 it is authorized. Even were all 13 vehicles on hand and operating it is felt that an additional vehicle is required for full useage by Civil Property Custodian.

a total of thirteen (13) trucks, ¼ ton, 4x4. Records indicate that there were eight (8) trucks, ¼ ton, on hand in your organization prior to the issue of vehicles under the provisions of letter, Headquarters Eighth Army, file AG 531 (MG-X), subject: "Motor Transportation for Military Government Units", dated 4 September 1947. Records indicate that the following issues have been authorized and completed to your organization under the provisions of the above cited letter:

Trucks ¼ ton	Auth 8th Army Radio	Available for Issue	Unit to Requisition from
1	D 99366	1 September	Kobe Base
4	D99571	1 October	229 Ord APO 503

Two of the above vehicles were authorized your organization for use of the Customs, Immigration and Quarantine Service.

2. In event any discrepancy exists between the records as available to this headquarters and the records of your headquarters the following measures will be taken:

a. Unit property records will be thoroughly reviewed and a transcript made of alltransactions relating to trucks, ¼ ton.

b. A report as to the actual status of trucks, ¼ ton, on hand, accompanied by the transcript will be submitted to this headquarters. The total number "on hand" will include vehicles issued for special purposes and any vehicles which have been turned in for replacement.

3. If the review reveals that the unit does not have the authorized number of vehicles on hand a request will be included for the issuance of the necessary vehicle(s).

AG 451 - BA 9 October 1947

SUBJECT: Drivers Badge

TO : See Distribution

1. Reference: AR 600-81

2. In view of the increase in the number of motor accidents during recent months and in an effort to increase the interest taken by enlisted men in the safety program, it is desired that unit commanders bring to the attention of all enlisted men the fact that a drivers qualification badge is available for those who pass the following requirements:

a. Pass aptitude test and standard drivers qualification tests, practical and written, as prescribed for wheel vehicles in FM 25-10.

b. Perform duty for a minimum of three (3) months as a driver or assistant driver of an Army vehicle without traffic violations and with an accident free record and rating of excellent.

c. Be assigned to duty as a driver or assistant driver of a vehicle, or as an active driver instructor.

3. Mechanics can also qualify for the qualification badge by passing the qualifications outlined in AR 600-81.

4. Subject badges will be available on requisition from supply stocks after 19 October 1947.

5. It is believed that in general there is a lack of knowledge amongst enlisted men concerning the availability of drivers qualification badges. It is hoped that increased publicity concerning same and the award of badges to qualified personnel may result in an increased interest and improvement in the safety program.
