NOTICE—The subscriber respectfully informs the public, that he has taken the store at the Bazar, 92 St. Louis street, between Velize and Bienville, where he will continue to prepare and administer these Baths at his Perfumery Establishment. No. 92 St. Louis street, between Velize and Bienville.

The excellence of these Baths is universally known in a great number of chronic diseases of the skin, such as itch, pimples, tetter, scalled head, &c. They have been employed with remarkable success in other maladies, which frequently resist the resources of the medical art, such as chronic rheumatism, arthritic gout, palsy, acrofula, engorgements of the glands, of the breasts, the lymphatic system and so on. Eminent practitioners have bestowed the highest praises on the remedy, and are in the habit of prescribing it for their patients, when they require powerful sudorific agents. The success obtained by the mode of treatment is confirmed by the time that has elapsed since the establishment was opened.

The undersigned hopes that his efforts to give satisfaction to those who have honored his establishment with their patronage, will ensure a continuance of patronage where cases require the employment of medicated sudatoir or Vapor Baths.
