To: Mr. Wolniak

Message from Mr. Nakamura, chief of the land section Oita Finance Bureau in regard to the problem of Sayuri Orphanage at Sakanoichi

1. Regarding the more 1 cho of land which is requested by the orphanage to the Finance Bureau:

Mr. Nakamura went to Sakanoichi and discussed and requested with farmers who are now being cultivated the respective land. As a result of this meeting, he failed to make agreement with farmers to return back the land of 1 cho to the Sayuri Orphanage. Otherword, no farmer would not like to give to back to orphanage. The farmer requested to the finance bureau to find out some land for orphanage in somewhere as a substiture aldn of 1 cho in Sakanoichi.

2. Therefore, Mr. Nakamura going to orphanage today in order to consult with sister in there regarding the substiture land instead of 1 cho land in Sakanoichi.

3. An application for free rent charge of the land available by orphanage will be made by the Finance Bureau on bahalf of the Sayuri Orphanage as we promissed with a official (Mr. Kita) when this substiture aldn problem is to be settled.

SUBJECT: Change in Evaluation Sheets, Reparations Plant 20-o

THRU : Commanding Officer, Kyushu Mil Government Region, APO 929

TO : General Headquarters, Supreme Commander for the Allied Powers
APO 500
Attn: Reparations Section

1. The custodian of the Sakanoichi Factory, 2nd Tokyo Military Arsenal, 30-o, recently went to Tokyo and turned in evaluation sheets covering additional items which were missed when the plant was originally evaluated.

2. He has reported to this office that the Reparations Section, SCAP, has included these items in the "available" section, although they have been released to the Japanese Government and were not originally inventoried for reparations.

3. Request that these items be transferred to the "EX" section of the evaluation records, and that this headquarters be notified so that items can be properly marked.

4. Items are listed in inclosure 1 attached.

APO 24 Unit 2

15 August 1947

SUBJECT: Release of Railroad Trackage, Sakanoichi Branch, Second Tokyo Military Arsenal, 30-6

TO : Commanding Officer, Kyushu Military Government Region, APO 929

1. Inclosure is an application from the Oita State Property Bureau for the release of railway trackage at the Sakanoichi Branch, Second Tokyo Military Arsenal, Plant 30-6.

2. Track is desired to build a spur into the area of the Headquarters, 24th Infantry Division at Kokura, as called for by work order from the Division Engineer. There is no other source of available track in this area at the present time.

3. Track designated on map has been selected because its removal will not interfere with the use of railroad planned for removal of reparations machinery.

4. Inventory of trackage has been ordered by Operational Directive 5/10, Headquarters Eighth Army dated 29 July 1947, but has not yet been accomplished.

5. Recommend that permission be granted to release this track to the Home Ministry prior to inventory.

6. Request that this headquarters be advised by the most expeditious means possible of decision in this matter. The Moji Division, Japanese Government Railroads, desires to begin removal of track on 1 September in order to meet the deadline set by Headquarters 24th Division.

INTEGRATED FACILITIES IN ARMY AND NAVY ARSENALS

SCAPIN NO. 987

Name of Arsenal: Sakanoichi Branch of 2nd Tokyo Military Arsenal and Identification Code: 30-6

Address: Sakanoichi-machi, Oita Prefecture

* Type of Manufacturing Facility : Chemical Works
(Foundry, rolling mill, glass works, etc.)

Principal Product Manufactured: Explosives (Amatols, Boosters, Angayaku
(Material and Shape where Applicable) (Japanese Name))

Approximate capacity of principal and products
in terms of one eight hour shift: Amatol 1.1/2 tons, Booster 3,300 each contains 40 grams, Angayaku 3 tons

Approximate average age of major equipment: Approximately 5 years

List of inventory code numbers for items of equipment in above listed manufacturing facility which were inventoried under OD 5/4. (For example: Electric motor that is a part of a rolling mill)

See attached list.

Remarks:

Authorized for operation as of 30 Jun 1947:

Partial	Yes	___	No	x
Total	yes	___	No	x

6 August 1947
(Date)

Signature

*Use a separate sheet for each manufacturing facility.

Incl. 1 to OD 5/9 for 1946 Hqs Eighth Army, 15 July 1947.

SUBJECT: Custody, Control and Protective Maintenance of Japanese Aircraft Plants, Arsenals and Laboratories

FROM : Tetsue Wakuda (Applicant)

3 April 1947
Date

TO : Commanding Officer Oita Military Government Team

1. Reference is made to memorandum for the Imperial Japanese Government, dated 20 January 1946 (SCAPIN-629), and memorandum for the Imperial Japanese Government, dated 28 May 1946 (SCAPIN 987), both subject as above.

2. It is desired that permission be granted to move equipment and/or machinery of aircraft factories, Army and Navy arsenals and laboratories as taken into the custody and control of the Supreme Commander for the Allied Powers.

3. The following information concerning the desired movement is submitted:

a. Owner of equipment and/or machinery: Japanese Government (Reparations Equipment)

b. Present use of equipment and/or machinery: Not in use, Stored for reparations.

c. Use intended for equipment and/or machinery after movement: To be installed in Dependent Housing Area, Beppu, Japan

d. Exact present location of equipment and/or machinery: 2d Tokyo Military Arsenal, Sakaneichi, Oita-Ken, Japan

e. Exact location to which movement of equipment and/or machinery is desired: Dependent Housing Area of Occupational Forces, Beppu, Oita-Ken, Japan.

f. Exact description of each type of equipment and/or machinery and number of items of each type to be moved are given in list attached.

g. If approval is granted, movement of this equipment and/or machinery will be accomplished between the following dates: 4 April 1947 and 6 May 1947

4. The attached list of personnel will perform the movement.

5. The proper safeguarding and maintenance of this equipment and/or machinery is my personal responsibility.

Subject: Application for temporary use of buildings and equipment of Sakanoichi Arsenal, a plant set aside for Reparations, under Operational Directive No.5.

To : The Commanding General, Eighth Army, APO 343
(Thru Channels)

1. Enclosed application for temporary use of buildings and equipment of Sakanoichi Arsenal, Oita Prefecture, is forwarded in compliance with paragraph 3c, Operational Directive Number 34, Headquarters, Eighth Army, dated 26 March 1946.

2. The buildings and equipment whose use is requested are situated at some distance from the main buildings of the Arsenal, and were used during the war as a hospital for employees of the Arsenal. The equipment is all medical equipment located in the hospital buildings and is not capital equipment subject to reparations. This equipment has been, or will be, released to the local representative of thes Home Ministry by the Disposition Officer of the tactical forces.

3. Inspection reveals that the use of the building sought will in no way interfere with the efficient storage of the machinery being kept at this plant for reparations purposes.

4. It is recommended that the application be granted.

Hq I Corps, APO 301 4 May 1946

To: CG, Eighth Army, APO 343

1. Forwarded in compliance with of Operational Directive No. 32, 20 March 1946, Headquarters Eighth Army, for necessary action. The application requests that a number of buildings presently located in Sakanoichi Arsenal be turned over to a committee of village chiefs who will jointly operate these buildings as a hospital. The equipment within these buildings is not of nature subject to reparations.

2. The application contains a statement from the Oita Prefecture liaison office testifying to the importance of securing these buildings for use as a local hospital. The military government company in the field conducted a separate inventigation of the local need for the hospital and agrees with the recommendation of the Prefecture Liaison Office.

3. It is the recommendation of this headquarters that it be authorized to issue a permit, for the temporary use of the buildings and equipment requested in application.

Serial No. "Sho" 1502 29 March 1946

To : The Commanding Officer of the Oita Occupation Forces

From : The Governor, Oita Ken

Subject: Conversation of Military Factories.

With reference to the above subject I am in receipt of an application for utilization of the Sakanoichi Factory of the Tokyo 2nd Army Arsenal. The undertaking is a peace industry and I think the utilization is most fitted to the production of civilian goods and further there is an absolute support of the people of that locality.

Therefore, I beg you to grant permission to use the installations.

1. Applicant : Masaji Miyamoto
Nobeoka city, Miyazaki ken

2. Plan of Utilization: to manufacture fruit sugar, Japanese Sake, and starch.

3. Extent of Utilization: Buildings: 55 buildings
Land : 153,300 tsubo
Machinery: A part

Signed by H. SHIMOJIMA

The Governor, Oita Ken

HEADQUARTERS
92ND MILITARY GOVERNMENT HQ & HQ COMPANY
OITA, KYUSHU, JAPAN

APO 929
11 March 1946

Serial No : 0103

Subject: Sakanoichi Factory of Tokyo F.A. listed on Inclosure 2 to Operational Directive Number 5 - Inspection of.

To : The Commanding General, I Corps, APO 301, Kyoto, Honshu
ATTN: Military Government Section
(Thru Channels)

Reference : (a) Operational Instructions Number 1 of 14 February 1946

1. In compliance with reference (a) subject factory was inspected on 8 March 1946 and the following orders were issued:

a. There are one hundred twenty (120) guards working on two (2) shifts, twenty-four (24) hours a day. It is expected that this number can be reduced to one hundred (100) upon completion of disposal of items authorized by OD-5. These guards are civilian employees. The resident manager has been directed to dismiss any guard made ineligible by SCAP directives.

b. There was no evidence of any signs posted. Orders were issued that signs in English and Japanese be placed on warehouse entrances and plant gates. Signs are to read, "This Establishement Off Limits to all United States Troops and Japanese Personnel". Additional signs reading, "Reparations Plant, Keep Out", were ordered on all gates leading into the plant grounds.

c. This arsenal is divided into approximately four (4) plant areas, the total of which covers one million four hundred three thousand ninety-eight (1,403,098) tsubo of land. Main plant areas are in Sakanoichi and Ozai areas. There are nine hundred seventy-three (973) buildings in the plant. Because of size and structure of much of the machinery it is impracticable to move machinery to a central location. However, five (5) buildings have been set aside for storage of machinery to be brought in from dispersed areas. A fence surrounds approximately three quarters of the area. The unfenced area backs on hilly rough terrain, with no roads. Of the thirteen (13) gates all were ordered closed except for one (1) most practicable in each plant area.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO.

C O P Y

d. Technicians have been employed to care for the machinery within plant area. Machinery such as lathes, gun cotton boilers, cutters, planers, drill presses, gun powder cutters and dryers have been carefully oiled and otherwise made suitable for reparations.

e. There are approximately four thousand one hundred ninety-two (4,192) machines in the plant, and dispersed outside. This number of machinery includes storage tanks and mixers. Of this number one thousand two hundred thirty-three (1,233) machines are stored in outlying areas. Orders were issued that they be brought into the plant, and it is expected this movement will be completed by the end of the month.

2. The general condition of the machinery within the plant is good, and immediately operable. Machinery stored in caves inspected is rusty, and will need considerable work to recondition it. Much of this machinery was new and had been stored in dispersed areas upon arrival at the plant. Machinery such as nitroglycerin and other mixers in the Ozai plant were destroyed by Occupation Troops

3. The resident manager, Mr. YOSHIO HATA, an explosives expert, appears cooperative. He, however, is being relieved on 1 April 1940 by Mr. TATSUYOSHI YOSHITAKE, an ex-Army Major who is presently affiliated with the Oita Branch of the Finance Ministry in Kumamoto. His position as prospective manager is uncertain.

4. Petitions have been received for use of land in the arsenal area for agricultural purposes, and for several buildings, one of which is to be a hospital for Sakanoichi-machi. Remaining buildings in petition are to start a sugar factory using sweet potatoes and other vegetables grown on arsenal land. Due to large area of land and large number of buildings, it is felt that movement and storage of reparations machinery and equipment will in no way be affected by the granting of these petitions. Request for instructions concerning these petitions will be submitted by this Headquarters under separate cover when formal written petitions, presently being prepared, are submitted.

5. The inventory requested is forwarded as Inclosure (A). Inclosure (A) is inventory of required information and consists of all machinery stored within and without plant grounds. Inasmuch as all machinery located in outlying areas is small machinery pumps, etc. no separate inventory is being submitted. However, Inclosure (A) will cover all items of machinery.
