MEMORANDUM FOR MR. GATES

Subj: Navy Personnel for SWNCC Secretariat.

1. The Army members of the Secretariat inform me that there has been a general understanding that each of the three departments concerned in the SWNCC will contribute equally to the administrative personnel of the Secretariat. Mr. Kane confirms this understanding.

2. The Army has already taken action to obtain the permanent services of a major who is experienced in procedural matters and five clerical personnel. I have discussed with them the Navy's participation and it is agreed that the following, on a full time, permanent basis, would be desirable:

One (1) Wave Officer to serve both as administrative assistant in charge of the office and as officer courier (preferably one who majored in history or politics in college).

Three stenographers

One typist

One assistant mimeograph operator, file clerk, etc.

It would be preferable to have military personnel for the clerical positions but civilians are acceptable.

3. As Mr. Kane has advised you, it is considered desirable to have a small office for the Secretariat in the Navy Department---sufficiently large to house a stenographer, two desks, a safe and a few files. A telephone should be provided. It is desired that this space be in the vicinity of your and Mr. Kane's offices. Following your suggestion, we have discussed the matter with Op-13.

4. If you approve these proposals, I suggest that you so indicate by your initial and I shall initiate action to obtain the personnel and space.

2. Officers reporting for duty after 1630 Saturday or on Sunday should be included in the report submitted as of the following Saturday.

3. Officers of the Marine Corps and Coast Guard should be excluded from the report.

4. Item 1, "OFFICERS 'On Board' CLOSE OF PREVIOUS WEEK", is the same figure as Item 6 of the previous week.

5. Items 2 and 7 should include only officers on permanent duty.

6. Items 1, 5, 6, 8, and 10 should include only (A) officers on permanent duty and (B) officers on temporary duty 31 days or more. They should not include officers on board for temporary duty under 31 days, temporary additional duty, or temporary duty under instruction.

7. In filling in Items 7 and 8, officers should be considered "ordered" when the Bureau, Board or Office receives a copy of orders from BuPers. These items should indicate cumulative totals at the time of the report; not just those officers ordered during the current week.

8. Items 12, 13, 14, and 15 are memorandum figures only since officers on temporary additional duty, temporary duty under instruction, and temporary duty under 31 days do not count in the allowance for each Bureau or Office.

9. Item 15 should show number of officers included in Item 10 who are on board as contact reliefs. Note that the figure will include such officers only in cases where the incumbent is not under detachment orders and consequently not included in Item 8.

10. The reporting organizational unit should be clearly identified at the top of the report after "Bureau or Office." It is important that the reporting units correspond to those for which allowances are established and include all the appropriate components thereof.

11. All reports are to be signed by the Personnel Officer or other duly authorized officer who can certify to the accuracy of data contained in the report.
