LOUISIANA LEGISLATURE.

JOURNAL OF THE SENATE.

WEDNESDAY, 12th February, 1834.

The Senate met agreeably to adjournment.

Members present: Messrs. Chas. Derbigny, President, Beauvais, Burthe, Dupré, Hiriart, Labranche, Lacoste, Moore, Nicholas, Prudhomme, Sloan, Saunders, Tenney and Thomas.

Mr. Burthe, Chairman of the Committee of Enrolment, reported as duly enrolled, the bills from the House, entitled, "An Act creating additional election precincts in and for the parish of St. Landry;" and "An Act to incorporate the Lake Pontchartrain Steam Boat Navigation Company;" whereupon the President signed them, and they were taken back to the House.

Mr. Saunders, Chairman, on the part of the Senate, of the Joint Committee appointed to examine the affairs of the Mechanics' and Traders' Bank, presented the following report:

"The Joint Committee, to whom was referred the examination of the affairs of the Mechanics' and Traders' Bank of New Orleans, report: that in the discharge of the duties assigned them, they have seen nothing demanding remark beyond what is contained in the general statements of the condition of the Bank, furnished by its officers, herewith presented.

Subsequent to their appointed, and indeed to what they had supposed their final action on the matters referred to them, the attention of your Committee has been directed, by a resolution of the House of Representatives, to a memorial from the Mechanics' Society of New Orleans, complaining of a breach of the Charter of the Bank in the late election of Directors, and soliciting the "interference" of the Legislature.

"The Act incorporating the Mechanics' & Traders' Bank, provides that of eleven Directors to be elected by the stockholders, at least "five" shall be Mechanics or Traders, engaged in vending exclusively the productions of the Mechanics of the State."

The memorialists complain, that in the late election of Directors, by the stockholders, "the true intent and meaning of the Charter had been evaded or violated in substituting two Merchants or persons not engaged in mechanical pursuits, leaving but three instead of five *Mechanics* elected;" and pray "for the restoration of their privileges, and for such other relief as the Legislature may deem proper."

If your Committee have not misconceived the nature of the relief desired by the memorialists, they can have no hesitation in expressing the belief that the ordinary powers of the Legislature are inadequate to such an object."

The memorialists have not indicated their wants with such distinctness as to enable your Committee, without the aid of conjecture, to perceive that the removal of the obnoxious Directors, is the object at which they aim.

"The Legislature is not the proper authority to afford relief for such a grievance."

If any individual indulges the belief that he is entitled to the place of Director of the Bank in preference to one whose claims have been admitted, he has only to set forth the facts of his case, in legal form, and present them to the court of competent jurisdiction, and a writ will be issued against the supposed intruder, commanding him to shew the authority by which he holds the office, and if on investigation, it be found that the authority be defective or insufficient, relief will be granted.

It may be remarked, that if the Legislature possessed concurrent jurisdiction with the courts, it would be a highly injudicious application of its time, to be stow it on such matters. The courts may act with infinitely less expense to the public, and with such facility as is calculated to avoid a greater mischief than the one proposed to be remedied.
