MEMORANDUM FOR: JAPANESE GOVERNMENT

SUBJECT: Responsibilities of the Japanese Government for the packaging, Transfer, and Delivery of Property being Restored to Claimant Nations under the Restitution Program

1. The Japanese Government is informed that in restoring property which was looted or purchased under fraud or duress from United Nations areas occupied by former Japanese armed forces, the principles and procedures outlined in this memorandum, will be applicable.

2. The Japanese Government will bear all costs and perform all operations relative to the packaging, transfer, storage, delivery to a port in Japan for water-borne or air-borne craft, handling, and stowage on board the claimant nation's craft at that port of all looted property which is being restored in restitution.

3. The Japanese Government is responsible for performing the following operations or actions:

a. Dismantling, cleaning, preservation, and packaging of property to standards which will insure its stowage aboard the craft of the claimant nation in good order;

b. Supplying all materials and equipment required for dismantling, disassembly, cleaning and preservation, packaging, transportation to a port in Japan, storage in Japan, and loading and stowing with proper dunnage and dracing aboard the craft of the claimant nation;

c. Marking of containers and preparing packing lists;

d. Transporting property to ports in Japan, designated by the Supreme Commander for the Allied Powers, for water-borne or air-borne craft according to shipping schedules established by the Supreme Commander for the Allied Powers;

e. Storing property whenever necessary prior to stowage aboard the claimant nation's craft;

f. Handling and loading of property up to and including stowage with proper dunnage and bracing in the claimant nation's craft. Stowage operations will be performed under the direction of the craft's officers;

C O P Y

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO.

g. Guarding the property while enreute and in storage in Japan;

h. Making good any damage or shortage resulting from carelessness or negligence in the processes of dismantling, packaging, transporting, handling, storing, and stowing on board carrier, if such damage or shortage occured prior to final acceptance by the claimant nation aboard the carrier;

i. Making good any damage sustained by the carrier, resulting from loading, stowing and bracing cargo therein in a careless or negligent manner;

j. Other necessary operations, not listed above, relative to the packaging, transfer, and delivery in restitution of property looted or purchased under fraud or duress from areas under the control of former Japanese armed forces.

4. Damage which is the result of faulty gear of the recipient nation's carrier, sustained by the equipment or carrier in the process of loading and stowing, will be the responsibility of the recipient nation.

5. Injury to Japanese personnel engaged in the loading and stowage of the recipient nation's carrier will be the responsibility of the Japanese Government.

6. Receipt for property restored in restitution to claimant nations will be given by the claimant nation upon the completion of the proper stowage of the property aboard the claimant nation's craft, or upon acceptance of the property at the point designated by the Supreme Commander for the Allied Powers. After the delivery receipt has been executed the property will become the entire responsibility of the claimant nation.

7. Other detailed instructions to the Japanese Government regarding the dismantling, cleaning, preservation, packaging, transfer, and delivery of property to be restored in restitution will be transmitted as necessary.

FOR THE SUPREME COMMANDER:

/s/ A. J. Rehe

Subject: Application for Delaying of Impounding.

Property directed for Impounding:

Name of Veh.Maker	Model	Engine Number	Classification	No. of Veh.
Ford	1934	3993930	Fire Automobile	Old: Hyogo-1934 New: Hyogo-4940

The above mentioned automobile was bought from the Nakamichi Pump Manufacturing Co. in Osaka City on May 21, 1942, for the use of fire prevention of our Plant, and has been used up to present.

Unfortunately, however, as the records of owners of the above vehecle before the Nakamichi Co. were all burned at a time of air-raid, we could not collect any proves at all, despite of our utmost efforts. Consequently, the vehicle has been ordered to be impounded as one of the captures.

However, this fire engine, though this is old, is urgently needed for our Plant which is the one included in the factories to be compensated, and is the sole fire engine around in these regions where is few fire-prevention facilities. Consequently, in case this vehicle be impounded, there will be certainly arouse a critical situation for keeping the peace and safety.

Consequently, I hereby wish to sincerely and respectfully ask Your Honor to pay your special consideration on these circumstances, and to allowed us that the vehicle above mentioned would not be impounded at this time.

Respectfully submitted,

S. Kuzu
