MAIZURU SAW-MILL
IINO SANGYO KAISHA LTD.,
MAIZURU CITY, KYOTO PRE.

7 April 1949

SUBJECT: Application for permit on production of grand pulp in Maizuru Saw-mill (Ex Timber Yard of Maizuru Navy Yard.)

TO: Commanding Officer of Kyoto Military Government Team.

THROUGH: Maizuru branch for reparations, Osaka Finance Bureau.

Maizuru Saw-mill, permitted the temporary use of the Ex Timber-yard of Maizuru Navy Yard, has been carrying on its main line — sawing for vessels.

In its operations, sone quantity of small-sized timber is unsuitable because works for ships require lumber oflarge size.

Utilizing this useless round timber and waste stuff caused by sawing process, production of grand pulp has been planned by the company for the purpose of making efficient use of materials in the present situation of paper shortage in Japan.

Thereupon the use of the half part of below-mentioned building is desired by us in order to materilize this plan, asking your kind and special consideration.

Remarks:

1. Building of requested use - Southern half part of No.3 Wood Ware-house. (Bldg. No. 1) in the Maizuru Saw-mill, Iino Sangyo Kaisha Ltd., Maizuru City.

2. This building has been released.

3. No reparations machine is planned to use for this purpose.

We shall infinitely appreciate your deep consideration to be paid on the matter.

Yours faithfully

Expressing to you in advance our sincere thanks for your kind and deep consideration on this matter.

Very truly yours,

Extension to be made: until the 30th of Sept., 1949.

The place where the item is shifted: -
