The Hon. Hitoshi Ashida,
Prime Minister

Sir:

Re: Application pursuant to the provisions of Articles 6 and 7 of the "Law for Termination of the Zaibatsu Family Control"

I was first elected director of the company on May 30, 1946. Then I was elected from among the directors to managing director on March 14, 1947, which I have held up to present. But the appointment or the business execution had practically nothing to do with the Zaibatsu or the Zaibatsu companies. I hereby make application pursuant to the provisions of Articles 6and 7 of the "Law for Termination of the Zaibatsu Family Control", enclosing the "Reason for Application" and the "Questionnaire". I wish to ask you for your kind examination.

REASON FOR APPLICATION

1. Personnel relationship of the Toyo High Pressure Industry Co., Ltd. with the Mitsui Honsha and the Mitsui Chemical Industry Co., Ltd. at the time of assumption of office of director.
   --- As set forth minutely in the Application made in accordance with Article 10 of the Law (so-called counter-evidence as a company by the Toyo High Pressure Industry Co., Ltd. ---

(1) Relationship with Mitsui Honsha (vide annex: Certification by Mitsui Honsha)

As the Mitsui Honsha has never been a stockholder of our company, we have never been under its control as far as atockholding is concerned. Namely, in the election of officials there existed no written arrangement between the Mitsui Honsha and our company and ever since the establishment of our company we have never installed an official dispatched from the former. In October of 1944 when the war was still in progress, a system of direct and indirect affiliates was established for the purpose of co-ordinating the various enterprises of the Mitsui and as we became an indirect affiliate, superficial relationship with the Mitsui Honsha commenced to exist. At this time, however, state control over our company became very predominant and moreover as the Mitsui Honsha was busily engrossed with policies to cope with the latter stages of the war, they were unable to give us assistance needless to say of control. Thus during this period, in the execution of important business matters and selection of officials, we never sought the approval of nor even reported such to the Mitsui Honsha.

The Mitsui Honsha actually ceased to function as a holding company after the surrender. In October of 1945 when the dissolution of the Honsha became definite, it completely discontinued to function and on November 6, 1945 the directive for its dissolution was issued. From the circumstances leading to the subsequent issuance of the dissolution statement by the president of the Mitsui Honsha, it is obvious that when I was appointed an official on May 30, 1946 the Mitsui Honsha had become extinct both in name and reality.

(2) Relationship with the Mitsui Chemical Industry Co., Ltd. (vide annex: Certification by Mitsui Chemical Industry Co., Ltd.)

The Mitsui Chemical Industry Co., Ltd., our parent company, which held 34.6% of our stocks at the end of the war, had taken over these stocks from the Mitsui Mining Co., Ltd. in April of 1941 at the time of its establishment. As our initial parent company, there used to be a tendency on the part of the Mitsui Mining Co., Ltd. to exercise control over us in matters of daily business and selection of officials. However, after the stocks were transferred to the Mitsui Chemical Industry Co., Ltd., although it was our principal stockholder, it did not have the reserve to execute policies for controlling our company, because while on one hand it was still in its incipient stage and was

busily engrossed and pressed by its own business affairs, our company the other hand had begun to assume the proportions of a major company after undergoing structural reorganization and business expansion and the state control over us had become increasingly intensified. Thus, the few officials who were dispatched to us from the Mitsui Chemical Industry Co., Ltd. were made by the latter as a reward to the dispatched officials themselves and they did not participate at all in the business affairs of our company. With the dissolution of the Mitsui Honsha after the war, all concurrent officials of the Mitsui Chemical Industry Company resigned and there were no connections with Zaibatsu companies in name and reality.

2. Reasons for Item 2, Paragraph 1, Article 6 of the Law: Unjustifiable supposition as a Zaibatsu official viewed from the circumstances leading to appointment as an official and the actual conditions of the execution of duties of such office.

As stated in my "Questionnaire", after becoming an employee of this company I spent most of the time at the local ammonium sulphate factories and I have not participated at all in the businessof the head office. After my entering the Toyo High Pressure Industry Co., Ltd. I worked at the Hikoshima Factory and at the time of my appointment as director in May of 1946 I was vice-manager of the Hokkaido Factory. Also at this time the Hokkaido Factory (factory site totalling 1 million tsubo, production program of 250,000 tons of ammonium sulphate per annum) had compledd its long construction stage and was on the eve of commencing partial operation. Moreover its operation was conditioned by various factors and the labor movement in this area after the termination of the war was very active. Also as circumstances were such that it could be easily exposed to the danger of inculcating radical influences, our company's labor administration was placed under the most difficult conditions. In addition as difficulties could readily arise in the execution of the company's business since the Hokkaido Factory was separated by great distances from the Tokyo Head Office, the president of the company at the time, Mr. Katsutaro Shibata recommended me as director while I was still vice-manager because of my long experience in handling factory affairs and thus strongly carried out the management of the Hokkaido Factory. (vide annex (3)) My appointment as director was based on the circumstances stated above and as described in annexes (1) and (2) the Mitsui Honshahad already dissolved at this time and the Mitsui Chemical Industry Company, our principal stockholder, did not participate at all in our company's business affairs. Moreover at the General Meeting of Stockholders at which I was elected director, concurrent officers from the Mitsui Chemical Industry Company had all resigned. Also judging from the opinions of the company's labor union which was strongly advocating the exclusion of any Zaibatsu officials at the time, there is ample substantiation that the circumstances leading to my appointment as director had no connections whatsoever with the Zaibatsu nor the Mitsui Chemical Industry Company. (vide annexes (4) and (5)).

In addition as stated in annex (1), the Mitsui Honsha and the Mitsui Chemical Industry Company did not participate at all in the affairs of our company and, therefore, I was not circumvented in the execution of my duties.

3. With regard to the fact that the applicant has the qualifications prescribed in Paragraph 1, Article 7 of the Law.

(1) That the applicant is not a member of the Zaibatsu nor the spouse, parent, child, brother, or sister of a person on the same family register as the Zaibatsu, or the spouse of above.

Not applicable.

(2) That no arrangement that the previous approval be obtained from the Zaibatsu or direct Zaibatsu affiliate regarding assumption of the position of official existed between the Zaibatsu company where the applicant served and the Zaibatsu or the direct Zaibatsu affiliate. In case no arrangement existed, that no approval was received.

As has been stated before no such arrangement existed, and no approval was received.

(3) That the applicant had no right or controlling power equal to or exceeding that of a managing director in case the applicant held a position of official in an indirect Zaibatsu affiliate, or that of a supreme representative official in case the applicant held a position of official in a Zaibatsu associate company.

Not applicable because the company is a direct Zaibatsu affiliate.

(4) That the applicant did not hold more than four positions of officials in Zaibatsu companies concurrently.

Not applicable.

CERTIFICATION

May 25, 1948

for Mr. Kiichi Abe
Managing Director,
Toyo High Pressure
Industry Co., Ltd.

The Toyo High Pressure Industry Co., Ltd. is a subsidiary of the Mitsui Honsha (or Mitsui Gomei, Mitsui Somotokata). There have been neither written arrangement nor custom regarding direct supervision of business or dispatchment of officials etc. Mitsui Honsha has never been a stockholder of the Toyo High Pressure Industry Co., Ltd.

In October 1944, a system of indirect affiliates was established by which the Toyo High Pressure Industry Co., Ltd. was put among the indirect affiliates. Thus the nominal system of exercising direct control over the company was established. But the period to the termination of the war being only ten months, the Mitsui Honsha was busily engrossed with policies to cope with the latter stages of the war. Therefore the system existed only in name and no actual control or assistance was effected.

On November 6, 1945 after the war, the directive for dissolution of the Mitsui Zaibatsu was issued by the Allied Powers. And the president of the Mitsui Honsha issued a statement of dissolution of the Honsha on the 8th of the same month. Since then, the relationships of the Mitsui companies with the Mitsui Honsha ceased to exist in name and reality. Therefore it is obvious from above that the Mitsui Honsha took no part whatsoever in the election of Mr. Kiichi Abe for director at the General Meeting of Stockholders of the Toyo High Pressure Industry Co., Ltd. held on May 30, 1946.

I certify that the statement contained herein is true and correct.

CERTIFICATION

May 30, 1948

Due to the decisions made on November 8, 1945 regarding the basic policy of eliminating the Zaibatsu control exercised by the Mitsui Honsha, not only was the conventional system of recommending Mitsui officials to the Toyo High Pressure Industry Co., Ltd. wholly abolished, but also all officials holding positions in the said company were dismissed from them within the following six months, because the assumption of offices in the company by any of our officers had been disapproved.

Thus being the situation, we were not concerned whatsoever in the appointment of Mr. Kiichi ABE to the office of director at the General Meeting of Stockholders held on May 30, 1946.

I certify that the statement contained herein is true and correct.

CERTIFICATION

May 15, 1948

As president of the Toyo High Pressure Industry Co., Ltd. during the period from November 29, 1945 to March 14, 1947, I recommended Mr. Kiichi Abe as director on May 30, 1946. The reasons for this recommendation was my high estimation of his capabilities on plant management regarding labor and financial and it had no connection with the Zaibatsu influence.

As the attached personal history will show I was busily engaged in the study of ammonia and methanol as an engineer of the Industrial Experimenting Station when I was invited by the Synthetic Industry Co., Ltd. which was engaged in the production of these items to give technical guidance. Later this company was amalgamated by the Toyo High Pressure Industry Co., Ltd. and I became an official of the latter. Thus, I am not a dispatched official of the Mitsui Zaibatsu. Moreover when I recommended the above person, the Mitsui Honsha had already been dissolved and the Mitsui Chemical Industry Co., Ltd. which is our principal stockholder did not take any part whatsoever in his recommendation.

Thus, because of the above reasons I was able to make recommendations of officials from my own standpoint after consulting the opinions of the employees but without the necessity of considering our relations with other Mitsui companies.

I certify that the statement contained herein is true and correct.

Open Letter to the President, Managing Directors
and other Executive Staff of the Company

May 3, 1946

Half a year since the termination of the war, and the reconstruction of Japanese economy is still slow in improving. The food crisis, disemployment and the inflation are leading the nation's living to a collapse.

We do not hope for the equalness of poverty. It is well understood that the stability of the nation's living depends, above all, on the restoration and improvement of production. But, looking at the development in reality, the unable and idle leading class has left the production as low as ever and the people hopeless.

Moreover, the situation is ever worsening, and no delay is allowed. Herefore, we, the working class, must devote ourselves to the encouragement of the production.

Thus, analysing the causes of industrial stagnation, we find that the strongest hindrnace, though there are some necks in the price and raw materials, is the restriction by capital in the management of enterprises, which has been pointed out by the intelligent and which we have always realized.

The capitalist control over management, at present, yields nothing but sabotage of production or, if not, the capitalists are devoted in protecting themselves, which is altogether against the economical reconstruction and nothing can be a stronger hindrance to the productive intention of the laborers.

And when we turn back to look at the present situation of our company, who can say this is an exception? The restoration work at the Omuta Factory and the construction work at the Hokkaido Factory are very slow, causing low efficiency of business, which is being illy reputed from in and out. The reason for this is undeniably in the weakness of managing right and the lowness of laborers' productive intention rising from it.

The Zaibatsu are being dissolved. The way of overcoming the present critical situation is to establish the subjectivity of the company through its independance and to strengthen the production efficiently by utilizing fully the abilities of the employees apart from the restriction of capital. Thus, we hope to contribute to the prompt stabilization of the national living.

Now that, we, in the name of the union, endeavor to renew the enterprise system of the company, we earnestly hope that a powerful measure by the intelligent consideration of the present directors is taken to establish a democratic managment, excluding all Zaibatsu or capital participation from the managment and leading us on a perfectly free basis.

TO: Hon Hitoshi Ashida

Prime Minister

Misao Ueda

Subject: Application for Verification of the Fact that the applicant is not a Zaibatsu Associated Officer

Applicant:

Name: Toyoroku Ando

Address: 6176 Onoda, Onoda City Yamaguchi

Occupation: Chief Executive Director Onoda Cement Co., Ltd.

1. Purpose of Application

I assumed the position of director of the Onoda Cement Co., Ltd. which is a Zaibatsu affiliated company designated by the "Deconcentration of Zaibatsu Controlling Power Law" on January 15, 1944 I wish to receive verification that I am not a Zaibatsu associated officer due to the following reasons.

2. Reason for the Application

(a) I do not belong to the Mitsui Zaibatsu nor am I an in-law of the Mitsui family or relations.

(b) The Onoda Cement Co., Ltd was at first designated as an affiliate company by the "Deconcentration of Zaibatsu Controlling Power Law" but the company never was controlled by the Mitsui Honsha or other Mitsui companies, on the contrary the administration was made entirely by its own decision . In fact the "Affiliated Company System" set by the Mitsui Honsha in October 1944 to control its affiliates, did not include the Onoda Cement Co., Ltd . among their twelve affiliated companies. Due to these reasons the company submitted an application to cancel or change the

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

designation as a Zaibatsu company pursuant to article 10 of the "Deconcentration of Zaibatsu Controlling Power Law" and received a "Change Notification No.8" dated May 4, 1948 changing our company from a Mitsui Affiliate to an indirect affiliate. Owing to these reasons there was no agreement between Onoda and Mitsui on the election of executive officers and Mitsui had no power actually or nominally on the election of executive officers. Thus my assumption of director of the Onoda Cement Co., Ltd. on January 15, 1944 was not directed by the Mitsui Zaibatsu or its companies nor was an approval received from them.

I was nominated for director by the autonomous will of the heads of the Onoda Cement Co., Ltd and approved at the general meeting of shareholders due to the contributions during my long years in Onoda since my entry and my ability.

I believe these facts are clear by the certificate submitted by Mitsui Honshal and the former president Mr. Sozo Kano.

When I became director, the staff of officers was made up by a president, one chief executive director, two managing directors, five directors and four auditors.

I was elected director from my post as manager of the Heijo branch in Korea, but after my election I stayed in Korea managing the factories in this district and was not a supreme representing director.

Also since the head office was far away I seldom took part in the

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

management of the entire company and even on the management of the factories in Korea all important affairs were decided by the president, chief executive director and managing directors, thus I did not actually have the power of a supreme representing director. This fact is clear in the example of the small construction made at the Heijo branch where a permission was applied for to the head office, a copy of the circulation for approval is attached.
Furthermore on my repatriation after the war I assumed the position of chief executive director after the approval of the Holding Company Liquidation Committee in November 1, 1947.

(c) The director of the Onoda Cement Co., Ltd. is the only post I hold as an executive officer in a Mitsui Zaibatsu Company and I do not hold any other posts.

1. Certificate of the Mitsui Honsha
2. Certificate of the Former President Mr. Sozo Kano
3. Certificate of the Onoda Cement Co., Ltd.

The Onoda Cement Co., Ltd. was designated as a Zaibatsu Company by the "Deconcentration of Zaibatsu Controlling Power Law" for being a Mitsui indirect affiliate company, but I hereby certify that the relations between the Mitsui Honsha (includes the Mitsui Bussan) and Onoda Cement Co., Ltd. were as follows:

1. There were no understanding between the two firms on the election of executive officers for the Onoda Cement Co., Ltd., also an approval from Mitsui was not necessary.
2. By the request of the Onoda Cement Co., Ltd. one men was sent from Mitsui affiliates as a director, but these directors had never intervened on the administration and personel management .

Hitherto, Onoda Cement Co., Ltd. was managed, chiefly by the President and assisted by Chief Executive Director and Managing Director. An ordinary Director had almost no power on the management of the company. I hereby certify it is true that in 1939, after I was appointed and until I resigned, I carried on business following the tradition of the former president Mr. Kasai, that I carried on business powerfully as the responsible person of production and that Chief Executive Director Mr. Toyoroku Ando was appointed an ordinary Director in 1944 and held this post untill the end of the war but he was only permitted to manage the factories in Korea and all important affairs ware submitted to the head office for approval.

Certificate

I hereby certify that Mr. Toyoroku Ando became director of this company on January 15, 1944 from the post of manager of the Heijo branch and chief executive director on November 1, 1947 holding this post up to the present, but until he was repatriated on June 1947 he served in Korea and up to the time he was appointed chief executive director he did not have the power of a supreme representing director.

Mr. Toyoroku Ando also never assumed an executive post in any other Zaibatsu companies beside the Onoda Cement Co., Ltd.

Circulation

Subject: Development Construction of the Silica Quarry at the Heijo Branch

The expense for development construction of the quarry, which was a part of the construction for the silica transportation railway, at Ungakuri, Heijo branch, (already approved), was first scheduled to be paid from the mining expense, but as mentioned below quite an amount of expense was necessary for this project thus it was planned to carry this out as a different construction as described below.

1. Details of the Construction.

A fine quality silica bed is located 6 meters above the last station of the railway, therefore it is planned to construct an incline to lower the silica that is mined.

The winch for the incline will be taken from the spare at the present Koseiri quarry.

2. Construction Budget

Entire amount	¥ 6,000
Details:	
Incline construction	¥ 2,000
Rail laying	¥ 500
Installment of winch (Includes the repair expense)	¥ 2,000
Expanding of the quarry	¥ 1,000
Miscellaneous	¥ 500

3. Construction Period

Application for Recognition as
a Non-Zaibatsu-concerned Officer Misao Ueda

To: Mr. Hitoshi Ashida, Prime Minister.

I hereby respectfully submit this application for your recognition of me as being anon-Zaibatsu-concerned officer, according to No.2, Paragraph 1 of Article 6 and Paragraph 1 of Article 7 of the Law for the Termination of Zaibatsu Family Control (Law No.2, promulgated on January 7, 1948), together with an explanatory statement, attached documents and the questionaire.

M. Araki

Mitsutaro Araki

No.386, Tamagawa-Setamachi
Setagaya-ku, Tokyo.

Explanatory Statement

I resigned from my position as a professor of economics of the Tokyo Imperial University on November 17, 1945, and was elected an auditor of the Mitsubishi Trust Company at the Ordinary Shareholders' Meeting held on April 30, 1946, which post I held until January 11, 1947, when the Mitsubishi Honsha transferred to the Holding Companies Liquidation Commission the voting rights on the shares of the Mitsubishi Trust Co. it possessed.

I do not come under the category, however, of a Zaibatsu-concerned officer as provided for in Article 3 of the Law for the Termination of Zaibatsu Family Control for the following reasons, and therefore, respectfully apply for recognition as a non-Zaibatsu-concerned officer, according to Article 6 and 7 of the above Law.

1. The reason based on No.2, Para. 1 of Article 6.

Circumstances under which I assumed office.

An auditor was scheduled to be elected at the Ordinary Shareholders' Meeting of the Mitsubishi Trust Co. to be held on April 30, 1946 under the following circumstance. At that time there were two auditors, Sakae Suzuki and Masaharu Kato, but Masaharu Kato was expected to assume the office of a director of the same company to fill the vacancy caused by the death of Director Tetsujiro Shidachi, and therefore, it was necessary to elect a new auditor to fill up the vacancy to occur by the resignation of Auditor Masaharu Kato.

As stated in the testimony of Mr. Yotaro Kurita, Ex-President of Mitsubishi Trust Co., the reason for my being elected an auditor at the Shareholders' Meeting mentioned was that I was considered to be a most suitable person for that position in a trust company, by merit of my scholarship concerning finance and economics. For the details please refer to the above testimony.

Such were the circumstances under which I assumed the office of an auditor of Mitsubishi Trust Co. and by no means was my assumption of this position made as representing the interest of the Mitsubishi Zaibatsu or any of its direct affiliated companies.

As described in the attached document "Regarding the Arrangement for Selecting Officials", it had been the usual custom of the Mitsubishi Honsha to leave the selection of officials to the Subsidiaries themselves except in the case of the Mitsubishi Honsha making recommendations when sending their own officials and also in the case of the President of a Subsidiary assuming office. But immediately after the Occupation on September 2, 1945, the Mitsubishi Honsha had the control function completely suspended. Moreover, at the time of my assumption of the position of auditor, the policy for dissolving the Mitsubishi Honsha had been established and its character of a parent company had been wiped out, and therefore, it is inconceivable that the Mitsubishi Honsha could have had any part whatsoever, giving approval etc., concerning my assuming the said position.

2. The reasons mentioned in Para. 1 (excepting No.3) of Article 7.

(1) I am not a spouse, parent, son, brother or sister of a person belonging to the Mitsubishi Zaibatsu or of a person belonging to his or her family. Nor am I a spouse of a person belonging to his or her family coming under the above categories.

(Please refer to the copy of the census register)

(2) There was no arrangement between Mitsubishi Trust Co. and the Mitsubishi Zaibatsu or any of its direct affiliated companies to the effect that the former should obtain prior approval of the latter when an auditor of the former assumes office, nor was there any fact that Mitsubishi Trust Co. obtained approval of the Mitsubishi Zaibatsu or any of its direct affiliated companies. The relations with the Mitsubishi Honsha have been described in the preceding paragraph "Circumstances under which I assumed office."

(Please refer to "Regarding the Arrangement for Selecting Officials" by the Mitsubishi Honsha and the testimony of Mr. Yotaro Kurita)

(3) I have never held office as an official of any of the companies belonging to the lineage of the Mitsubishi Zaibatsu, except Mitsubishi Trust Co.

Testimony

The circumstances which necessitated the election of an auditor at the Ordinary Shareholders' Meeting of Mitsubishi Trust Company held on April 30, 1946 were as follows. At that time there were two auditors, Sakae Suzuki and Masaharu Kato, but Masaharu Kato was expected to assume the office of a director to succeed Director Tetsujiro Shidachi, who died in February of that year. It was, therefore, necessary that an auditor should be elected at the Shareholders' Meeting above mentioned to fill the vacant seat to be caused by the resignation of Auditor Masaharu Kato, and Mitsutaro Araki was elected to the post. I considered it desirable that an auditor of a trust company, which has a public character, should be a person with a scholarship in finance and economics. It was for this reason that Mitsutaro Araki was elected an auditor of Mitsubishi Trust Co., as he had been a professor of economics in the Tokyo Imperial University and was considered to be the best qualified for the post with his profound learning and knowledge of finance and economics. To describe the circumstances more fully, I looked for a suitable person among professors, but found it impossible to attain my object, as a professor of a university is not permitted to assume the position of an official of a company. Luckily, Jiro Amakasu, then the Manager of General Affairs Department, was an intimate and old school friend of Mr. Mitsutaro Araki, who was a well-known scholar of economics and who resigned from his professorship of economics at the Tokyo Imperial University the previous

year. He was, thus, recommended by Amakasu and many of the employees. Such were the circumstances under which Mitsutaro Araki assumed office as an official and therefore his assumption to this position had absolutely no connection with the interest of the Mitsubishi Zaibatsu or any of its direct affiliated companies.

At that time there was no arrangement between the Mitsubishi Trust Co. and the Mitsubishi Zaibatsu or any of its Direct affiliated companies to the effect that the former should obtain prior approval of the latter when a new official or officials of the former assume office. Nor was there any fact that the Mitsubishi Zaibatsu or any of its direct affiliated companies had any part whatever in Mitsutaro Araki's assuming the position of an auditor of the Mitsubishi Trust Co.

Ex-President of
Mitsubishi Trust Co.

Regarding the Arrangement for Selecting Officials

January, 1948

1. In the selection of officials of the directly affiliated companies specified as "Bunkei-Kaisha" (called hereafter the Subsidiaries), the Mitsubishi Honsha enacted the following memorandum on May 27, 1941.

   "The directors and auditors of the Subsidiaries shall be recommended by the President of the Mitsubishi Honsha."

   Notwithstanding this memorandum, however, the Mitsubishi Honsha greatly esteemed the independence of the Subsidiaries and firmly observed the principle of leaving the selection of their officials to their own decisions.

   In actual practice:

   a) The Mitsubishi Honsha made recommendations when sending their own officials or staffs to the Subsidiaries as their directors or auditors.

   b) The President of the Mitsubishi Honsha gave previous approval when the President of the Subsidiary applied for it before assuming the position of President.

   Except in these two specified cases, it has been the usual custom to leave the selection of officials to the Subsidiaries themselves.

   The above-mentioned memorandum is different in nature from the arrangement regarding approval for the assumption of the position of officials under the provisions of Article 7 of the Law for the Termination of Zaibatsu Family Control. However, there existed no arrangement in writing except this memorandum, which is similar to that prescribed by the Law.

2. The Subsidiaries are companies designated as such by the Mitsubishi Honsha and placed under the direct "supervision and encouragement" of the Mitsubishi Honsha, as mentioned in the provisions of the Articles of Association which define the purposes of the Mitsubishi Honsha.

   At the termination of hostilities, the Subsidiaries of the Mitsubishi Honsha were the following:

   Mitsubishi Heavy-Industries, Limited.
   Mitsubishi Mining Company, Limited.
   Mitsubishi Warehouse Company, Limited.
   Mitsubishi Electric Manufacturing Company, Limited.
   Mitsubishi Chemical Industries Company, Limited.
   Mitsubishi Steel Manufacturing Company, Limited.
   Mitsubishi Oil Company, Limited.
   Mitsubishi Trading Company, Limited.
   The Mitsubishi Bank, Limited.
   Mitsubishi Trust Company, Limited.
   Mitsubishi Estate Company, Limited.

   However, the circumstances under which the Mitsubishi Honsha controlled each Subsidiary have varied according to the history, scale, capital relation, etc. of the respective Subsidiaries. Among the directly affiliated companies of the Mitsubishi Concern designated by the Law for the Termination of Zaibatsu Family Control, Mitsubishi Steamship Co., Ltd., Nippon Aluminium Co., Ltd. and Nippon Iron Construction Co., Ltd. are not Subsidiaries of the Mitsubishi Honsha. As far as the relation with the Mitsubishi Honsha is concerned, these three companies are quite different from the eleven companies mentioned above.

3. The Mitsubishi Honsha had no arrangement, written or unwritten, with regard to the recommendation of officials, except with the above-mentioned eleven Subsidiaries. Furthermore, except when the Mitsubishi Honsha recommended officials or staffs of the Mitsubishi Honsha as officials, the Mitsubishi Honsha have never recommended or approved officials.

4. At the Shareholders' Meeting held on November 1, 1945, the Mitsubishi Honsha deleted a part of the text with regard to the purposes of the Company in the Articles of Association, that is, "to supervise and encourage the Subsidiaries and to promote the development of the associated companies." The Mitsubishi Honsha thus wiped out its character as a parent company, and declared that it should be dissolved in the future; and at the same time the President, Vice-president and other main officials retired from their positions. All memorandums and other regulations with regard to the control of the Subsidiaries were cancelled officially on the same day. Previous to the Shareholders' Meeting, the Managing Director of the Mitsubishi Honsha called the Presidents of the Subsidiaries together and made a statement to that effect.

   As the dissolution of the Zaibatsu is one of the most important occupation policies based on the Potsdam Declaration, General Headquarters and the Japanese Government have issued various statements, directives and memorandums on the subject since the Occupation of Japan on September 2, 1945. As a result, the control function of the Mitsubishi Honsha as a parent company was completely suspended immediately after the Occupation, that is, long before the Shareholders' Meeting mentioned above. The memorandum regarding the selection of officials of the Subsidiaries has, therefore, been abolished practically since then.

5. As far as can be gathered by the Mitsubishi Honsha, there has never been any memorandum similar to Honsha's, regarding the selection of officials, between the Subsidiaries and their affiliated or associated companies. Whether the Subsidiary recommended or acknowledged officials of its affiliated or associated companies has to be proved in individual cases.

I hereby certify the above statement to be true and correct in every detail.

For the Mitsubishi Honsha,
Toshio Ishiguro (*Signed*)
Liquidator.
