NEW-ORLEANS:
TUESDAY MORNING, JULY 23, 1844.

CITY INTELLIGENCE.

HOT FOR PENSACOLA.—The beautiful and staunch-built Steamer *Creole* leaves the Lake end of the Railroad this morning, upon the arrival of half past 9 o'clock cars, for Pensacola, touching at Mobile and all the watering-places on the Lake shore, going and returning. The *Creole* will remain twenty-four hours at Pensacola, giving the passengers ample time for visiting the Navy yard, the different Forts, and the vessels of war now lying in that beautiful bay. Passengers may rest assured, that Capt. HERNE and his attentive Secretary *Joe Armstrong*, will leave nothing undone in their power for their comfort or enjoyments.

☞ Charles Cammeyer, was yesterday arrested by the officers of the Second Municipality police, charged with recently beating a female slave belonging to a lady in Lafayette. The examination of the case will take place to-morrow morning, before acting Recorder Caldwell.

☞ Coroner DAVIS, on Saturday afternoon, held an inquest upon the body of a white boy, aged between twelve and fourteen years, who was found drowned in the river near the Barracks. The body was recognized as the son of Mr. Mathew Tardy, living at the corner of Race and Pecannier streets, in the Second Municipality, who was drowned on the evening of the 15th inst., while bathing in the river between the wharfs, at the head of Race and Orange streets. The Coroner caused the corpse to be put in a coffin and sent to its parents for interment.

CRIMINAL COURT.—William Martin, charged with larceny, was yesterday arraigned and pleaded not guilty.

William Williams and William Boyle, charged with assault and battery, were arraigned and pleaded not guilty.

Horace St. John, indicted for uttering a forged accountable receipt, was put upon trial. The Jury not being able to agree upon a verdict, were discharged from any further consideration of the case, and the prisoner remanded back to jail to await a new trial.

☞ James West, charged with stealing a coat from Mr. O. H. Shef, living in Magazine street, was yesterday examined before acting Recorder Caldwell, and sent before the Criminal Court for trial.

☞ James Regan, charged with assaulting a watchman, was yesterday brought before acting Recorder Caldwell, and ordered to find bail for his appearance before the Criminal Court to answer to the charge.

☞ Joseph Weisse, charged with obtaining $38 from a prisoner in the Parish Prison under false pretences—representing himself to be a lawyer, and receiving the money as a fee—was yesterday arraigned before Recorder Gordon. His Honor ordered him to be remanded for further examination.

The locofocos are most unconscionable pilferers.—Every taste, as we demonstrated a few days ago, purloined the One Term principle and the Tariff doctrine from the whigs, and now they are insolently and rudely bent on imitating our paraphrasing, contributing our signs of jubilation and even appropriating our good wing songs. Three consistent and humbug-hating gentlemen who, in 1840, expressed such an immense amount of holy horror at the Log Cabin and Hard Cider days, who looked upon a tumbler of cider with about the same sympathy with milk they would examine a venomous rattle snake; and who were thrown into hysterics at the sound of whig cheer, are now employing every petty device, even our specimen of mummery to captivate the popular ear of no like the fancies of groundlings. In default of cons they have selected the *rooster* as their emblem, we tender reminiscences of the glorious of Jackonism by yet clinging to their hickory poles, while anxious to immortalize the nascent splendor of their new field candidate they have just to requisitioned poke-stalk and pokeberries. In order to invest the *Governor Tyler* scene with a semblance of the opulence of Old Hero of the Hermitage, they have forsooth poked him *"Young Hickory"*—although there is also as much resemblance between the creeping poke bush and the towering hickory as there is between a oak that raises its majestic trunk high in mid air and its parasitical tendrils that crawl about its base and red upon its substance.

☞ These are, however, the latest phases of *oppogression* tendency. Locofocoism has gone into a Presidential contest with a desperate attempt at counterfeiting whig enthusiasm, to imitate whig emblem and to usurp, if possible, among their forlorn and deported followers, a touch of that impulsive energy with carried the whigs through the canvass of 1840, and then mark their progress still. But in but a poor ed dit-copy at call. There lacks the genuine sentiment, the soul, and heartfelt enthusiasm which characterize a true Democrat. Think of a locofoco procession with a forest of poke stalks on their shoulders, planting a hickory staff in the ground, and striving to make a shoot for Free Trade and Texas; and then contrast the spectacle with an army of whigs marching proudly to their place of meeting, erect as a flag staff, and acting from from its summit the proud banner of our country, with the magic names CLAY, FRELINGHUYSEN and the UNITED STATES inscribed upon its ample folds. Thousands, of a locofoco assembly actually sing; a whig song—a circumstance that occurred lately in Virginia, where a number of the "party" not being poety enough in their souls to compose stanzas fitting occasions, sat down and spouted forth their lordly, Hear Ye Hosts of the Bugle," and converted it into a locofoco Jubilee by striking out CLAY and FRELINGHUYSEN and substituting POLK and DALLAS. This capo ne climax, locofocoism robs us of the Tariff, tries clan to the One Term principle, manufactures enthusiasm to imitation of the real whig article, and lastly sings whig songs. We stand aghast at the enormity of these proceedings!

☞ We are infinitely obliged to the *Courier* for its insinuation that we put forth statements which we do not ourself believe, and assure that journal that we do believe the *Standard*, that we do not believe the *Globe*, and that the *Globe's* authority for anything, to state, what, has little or no weight with us. We agree entirely with Mr. CALHOUN, that the *Globe* is a "filthy and mendacious sheet," and as such entitled to be a very limited amount of credit, more especially in political brags, where its known unscrupulousness cake it to forfeit the respect even of its own party.

The Bee says the Judge of the Parish of Franklin "absolutely refrained from having a single poll opened." How does it happen, then, that the Parish of Franklin is set down as having given a Whig majority of 23?—*Courier.*

It happens in this way, that the Locofoco Judge having neglected to open a poll or send a ballot-box to the Commissioner, the latter in one precinct has been made, and opened a poll on their own responsibility. The result was a Whig majority of 23. Our authority for this statement is unquestionable, and is at the service of any whig operation it.

☞ The *Courier* is unfortunate in never having seen the evidence that Louis McLANE had not changed, and that the renunciations in Alleghany county were tokens of Abolitionism. Perhaps the reason is, that the *Courier* doesn't examine Whig papers attentively. Of course Locofoco papers were not going to correct their misstatements. The Pittsburg *Gazette* is, if we rightly remember, the press which proved that Neville Craig & Co., had gone over to HENRY and not to POLK; and that for Mr. McLane, the Baltimore and Washington papers contradicted the assertion that he had changed, hypocrites authority.

☞ The *Courier* devotes quite a considerable space in its columns to attempts to explain away some of the renunciation of locofocoism published by us yesterday. If our neighbor is going to work in that way, he has fair to have no idle moments on his hands. He is accounting now for individual changes. In a few weeks he will have to explain away reductions in States.

NEW YORK.—The people of the Empire State are absolutely panting for the November elections. They are waiting with intense impatience for the moment when they will crush locofocoism within the confines of the State from Sodom to Chatauque. In the interim they are giving vent to their excitement by enthusiastic and tremendous gatherings in nearly every county. The last we have received accounts of, took place in Livingston County, on the 4th inst. Two conventions had been called for that day—a Whig Convention at Geneseo, and a Temperance one at Mount Morris. The odd water army numbered some three or four thousand bright and happy faces, but the immense whig thring kept swelling and increasing until it numbered our FIFTEEN THOUSAND. At this glorious gathering there was present not less than two thousand wily ladies. ALLEN ATRADLY was appointed President, and the vast assemblage was addressed with great power and effect by MILLARD FILLMORE, John A. COLLIER and MESSRS. CARROLL and STOUT. The Convention then dispersed amid innumerable cheers for CLAY and FRELINGHUYSEN.

☞ The whigs of Western Pennsylvania are thinking of a Mass Convention at Erie, after the manner of 1840 to be held on the 15th September, the anniversary of Perry's victory. If they do hold it, it will be the forerunner of a few county conventions, such as WALTER FORWARD, [illegible] H. CRAWFORD, BEDDLE, the Borough of Erie, [illegible] who is to hold the People to the mark.

THE TARIFF—CLAY AND POLK.

We are at length enabled to place side by side the opinions of the two candidates for the Presidency, on the subject of the Tariff. Mr. CLAY has recently written a letter to FRELINGHUYSEN J. Cope, Esq., of Greensbury, Chairman of the Committee of Correspondence for Westmoreland county, in reply to a note asking his opinion of the present Tariff. The answer we subjoin (it is brief, frank and pointed. No man can mistake it, as no man could ever have mistaken Mr. CLAY's views, save by such voluntary blindness as is specially characteristic of certain locofoco writers and slangwhingers.

Mr. CLAY says:

"ASHLAND, 29th June, 1844.

Dear Sir:—I have received your favor, stating that our political opponents represent me as being a friend of protection at the North, and for free trade at the South; and you desire an expression of my opinion, under those circumstances, in order to the prevention of misrepresentation. I am afraid that you will find the effort vain to correct misrepresentations of me. Those who choose to misrepresent my opinions can have no difficulty in clearly comprehending them. I have repeatedly expressed them as late as this spring, and several times in answer to letters from Pennsylvania. My opinions are such as they have been for many years, and have been repeatedly expressed at the south, as I ever uttered them at the north. *I have every where maintained that in adjusting a Tariff for revenue, discriminations might be made for Protection*; THAT THE TARIFF OF 1842 WAS OPERATED MORE BENEFICIALLY, and that I AM UTTERLY OPPOSED TO THE LOW TARIFF. The opinions were announced to me at public meetings in Alabama, Georgia, Charlestown in S. Carolina, North Carolina, and Virginia.

I am respectfully, your friend and o'bt. serv't,
H. CLAY.

Mr. FRED. J. COPE."

Mr. POLK's opinions are equally well known, despite his recent miserably abortive efforts to give a sort of sickly support to the principle of incidental protection. Here is an extract from his address to the people of Tennessee in May 1843, and it was on the strength of the opinions therein expressed, and the practical enforcement of those opinions, that he received the suffrages in the Southern Anti Tariff States.

"I am OPPOSED to the Tariff Act of the late Congress, considering it to be in many respects of the character—and indeed, so highly protective upon some articles as to prohibit their importation into the country altogether. I am in favor of repealing that Act, and restoring the Compromise Tariff of March 2d, 1833, or a Tariff for revenue, with such modifications as experience may show to be necessary to secure to the manufacturers, incidental protection, equally with the revenue, to which they are entitled."

FACTS FOR CALHOUN LOCOS.

1. Every camaid locofoco should be startled at the indisputable fact, that, the Tariff of 1842 was the only one by a party in place on the bench of the United States Supreme Court—where he is alive and beyond the influence of party prejudice, has become a strong advocate of the principle, and

2. It should strike every candid locofoco with amazement to find it a fact upon the record, that the very first nullifier, Judge Baldwin, who was given a seat on the bench of the United States Supreme Court—where he is alive and beyond the influence of party prejudice, has become a strong advocate of the principle, and
