Yokohama, October 10th 1870.

Sir,

I have the honor to inform your Excellency that I am desirous that Mr. England should proceed to Kobé by the steamer "Aden" that leaves here on Friday. Mr. England will return in about 7 days & will then proceed on his overland journey at your Excellency's pleasure.

Mr. Blundell (the Resident Engineer at Kobé) awaits the sanction of his superiors & the government before proceeding further with his work, it is therefore desirable that a report of his proceedings should be at once laid before your Excellency. I had intended proceeding to Osaka myself, but am unable to do so owing to the great press of business I have now in hand.

I have the honor to be Sir
Your Excellency's obedt Servt
Edwd Morel
Engineer in Chief

His Excellency
