(Carried by the Asahi of July 11)

ON DISMISSAL QUESTION OF DIRECTOR-GENERAL, NRP

Professor Jiro Tanaka of Tokyo University (lecturer of administration laws) now travelling in Hokkaido was interviewed and told the Asahi in answer to the questions concerning the dismissal of Mr. Saito, Director-General of the Headquarters of the National Rural Police as follows:

Under the seriously tense condition now prevailing over the whole nation, it is absolutely necessary for the Government to rightly be kept informed of the conditions of the public security of the different localities in the country. In the failure of this no appropriate actions of the Government would be possible. The police who are responsible for the public safety must obtain correct informations of all districts and localities in the matters of public security and report them to the Government to enable it to carry out its appropriate government and administration for the people. Such cooperation is, as a matter of course, the responsiblity of the National Police, which is a link in the government of the nation. This by no means impairs the independence of the police authority. If the police should, from its mistaken sense of independence from the Government, purposely conceal from it any information on what is happening in the way of public security, it would be a false idea of what police independence signifies. Whether the National Police is to blame or the Government is to be censured for their poor cooperation we do not know, but it has impeded a smooth and appropriate government and administration at the expense of the people. Nothing can be more regretted for the welfare of the nation.

However, if the Government would be so rush as to lay the responsiblity to the door of the police and demand and persuade the National Public Safety Commission to dismiss Mr. Saito, it would ultravires its authority in the eye of the law. Politically, too, this would be

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

a root of future evils. The Police Law guarantees the independent authority of the National Police; and the National Public Safety Commission in carrying out its authority is not supposed to await instructions from the cabinet. As for the appointment and dismissal of the Director-General of the Headquarters of the National Rural Police, the said law prescribes that the Commission should take it upon itself to carry out independently of the cabinet and on its own authority. That the status of the Commission members is guaranteed is for the purpose of letting them discharge their duties in their independent and upright standings. The independence of the police has been guaranteed by the provision of the Police Law so as the police under the influence of a political-party cabinet may not be utilized for its own political objectives. The Government, therefore, should respect the position of the police and strictly refrain form interfering in the matters of personnel affairs of the police. If, however, the Government should go so far as to force the dismissal of the Director-General, it would be a deviation, and an initiation for the utilization of the police for the political purposes of the cabinet, and be the root of serious evils in the future; and this has been what apprehended most and restrained by the Police Law.

The National Public Safety Commission's non-compliance to the Government's dismissal demand of the Director-General is not to be held inappropriate in the light of the law. Further, it can be opined that the rejection is in keeping with the spirit of the law. On the other hand, the Government who has tried to force the Director-General's dismissal upon the Commission cannot but be blamed for having defied the spirit of the Police Law. Politically, either, such is not a proper step, because the object of the Government will not be attained by the dismissal of the Director-General and his succession by somebody else. At this juncture, the Government

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

should undertake to study more sincerely what has brought them there. It is a matter to be deeply regretted that the Government and the Police should have come at variance at a time when we confront the threat of emergency state. The Government and the police, in understanding the Police Law, is requested to intrgspect their own and make efforts for the amicable settlement of this matter.

SUBJECT: Japanese Visitor's Pass

TO: Chief, Public Safety Division

Magauki Nakano, Chief, Traffic Section, NRP, frequents this office three to four times a week, and sometimes more, on traffic matters.

It is believed from the number of times Mr. Nakano frequents this office, that it would be more convenient if he had a visitor's pass, especially at this time when traffic is a paramount issue.

SUBJECT: Report of Background and Activities of Nisso Matsuda, Mayor of Tendo-Machi, Yamagata Prefecture

TO: Chief Administrator, Police Branch, PSD

1. At the suggestion of Chief Administrator, PSD, Police Branch, the undersigned investigated certain allegations directed against Mayor Nisso Matsuda (aka Yogo Matsuda) of Tendo-Machi, Yamagata Prefecture. Said allegations were made to Mr. Harry Shupak, Investigator, PSD, by the MG Team and Japanese Police of Yamagata Prefecture during a recent inspection tour of that prefecture by Mr. Shupak. It was alleged at that time that the Mayor of Tendo-Machi (presently in office) had been elected at the last general election, 5 April 1947, as the sole contender for the Mayoralty. Mr. Shupak was told that the absence of opposing candidates was due either to fear of or intimidation by Nisso Matsuda.

2. On 17 April 1948 the undersigned visited the City of Yamagata in the course of a routine observation tour of MP and NRP installations. While there, Mr. Yoshio Fujimoto, Chief of NRP, Yamagata Prefecture, was contacted and it was requested that he arrange a meeting between the NRP Chief of Tendo-Machi area and the PSD representative. Compliance was made and the meeting was held in the residence of Major D. W. Langam, Executive Office, Yamagata Prefecture MG Team. Those present included Major Langam, Mr. Fujimoto (Prefectural NRP Chief), Chief of Tendo-Machi NRP Area, MG, Interpreter, T/3 Clark Yanemoto, and Capt. Arenschield of PSD. At this meeting the PSD representative presented a list of questions to the Chief of Tendo-Machi NRP Area relating to Mayor Nisso Matsuda. Before departing from the city of Yamagata, the PSD representative was presented in Japanese writing in part, the answers to the questions as outlined.

3. The following represents an attempt to reorganize the Japanese to English translation of the answers referred to in Paragraph 2 above.

Nisso Matsuda (Aka Yogo Matsuda) is 40 years of age and a native of Yamagata Prefecture.

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

His scholastic education was limited to graduation from primary school at the age of 14 years. From 1920 to 1925 he worked as a cabinet maker, starting as an apprentice upon leaving school.

During 1925 and 1926 he worked as a peddler, traveling throughout Yamagata Prefecture. While thus engaged, he joined the "Kagushi" - a group of itinerant peddlers.

In 1930 he became a "broker" of silk cacoons and at the same time managed a small silk mill. This venture proved a failure so he next became interested in a combination of enterprises, namely: entertainment, mining, and the sale of rice crackers on a limited scale from his home. Again, all ventures ended in failure. While the war was in progress, he engaged in the selling of machine needles and minor tools to small factories. It appears that he succeeded to some degree in this activity since no record of failure is mentioned. At the same time he was thus engaged, he joined the "Toa Renmei" (East Asia Association) and lectured throughout the prefecture in favor of the organization.

His political leanings since 1926 have been "rightist." (In the opinion of the undersigned, this reference infers that Mr. Matsuda is no doubt, a militarist and very chauvinistic).

Also, according to the verbal statement of the NRP Chief of the Tendo-Machi Area, Mr. Matsuda presently has some interests in the marketing of tools.

From 1941 to 1943 he served as a member of the Tendo-Machi Assembly and on 5 April 1947 became Mayor of the town.

In 1931 he became involved in the "Ketsumudan Case." (As far as could be ascertained, this was a high pressure group procuring signatures for some purpose related to the "Jinmukai Association.") and was held in the custody of the police for several days.

Prior to this incident in 1927 he was convicted of inflicting bodily injury upon another and served 6 months in jail.

Another offense (his second encounter with the police) and conviction of which the detailed record is not available, placed him again in penal servitude.

In 1932, he was once more convicted of inflicting bodily injury---this time serving three months in jail.

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

In 1934 he was fined ¥ 80 for the violation of the Motor Vehicle Control Law.

In 1936 he served three months for inflicting bodily injury upon another.

On 12 January 1943, (it is presumed he was a member of the Tendo-Machi Assembly at the time of this offense) he once more resorted to violence against another and served 6 months for this crime.

On 27 May 1942, Mr. Matsuda injured one Ko Tekeda, an employee of the Tendo-Machi Post Office. This man was brutally beaten, requiring medical care for a period of twenty days. There is no record of arrest or conviction in this case due, perhaps, to the claim of Mr. Matsuda that Mr. Tekeda had made improper advances toward the step-daughter of his mistress.

According to many with whom he comes in contact, Mr. Matsuda is highly emotional and, at times, is given to brutality. He is described as "cunning" and, when a situation places him at a disadvantage, shams dullness and pretends to misunderstand. He is likewise referred to as vengeful and when he feels others have outwitted him, does not rest until he has succeeded in some form of retaliation. A quotation taken from the police report given to the undersigned states, "He is disliked as a viper by us."

Since about 1936 he has suffered from Dementia Praecox and was for a time a patient in the Yamagata Mental Hospital.

When conversing with others whom he intends to impress for reasons of his own, he speaks freely of his criminal record. (No doubt, the intention is to frighten anyone who might oppose him.)

He is a man of many affairs involving women. At present, he is experiencing his fourth marriage. According to the police, his former wives divorced him because of "discord." One year following the conclusion of his third marriage, a mistress with whom he was living "ran away from home."

His present wife was a former mistress with whom he associated during his third marriage and played an important part in alienating the affections of the wife.

As of the current period, he maintains two known mistresses and, it is believed by the police, a third resides in the city of Yamagata.

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

His property is valued in the neighborhood of ¥ 1,000,000. His known monthly income is in excess of ¥ 30,000, divided as follows:

| | |
|---|---|
| Lending Business | ¥ 3,300 |
| " Ping Pong Room | ¥ 3,000 + |
| Business (Movie Theatre) | ¥15,000 (approximate) |
| Mayor's Salary | ¥ 4,000 |
| " Expenses | ¥ 5,000 |

Income derived from other sources is not known but the following will furnish some idea as to its extent.

In October 1947 he ordered two carloads of salt under the town's name (Tendo-Machi) and sold it to the citizens of that community. No clear accounting of the profits was made at the time nor since. A part, however, was used in town office (city hall) expenses, but the remainder is unaccounted for.

In March of this year a plan was underway to construct new buildings and add teaching personnel to the Tendo-Machi girls high school which would place the school on a higher educational level.

Since no money was available for the project, Mr. Matsuda ordered 12 carloads of salt to be shipped from some point near Himeiji. This salt was sold to the citizens of Tendo-Machi and seven or eight neighboring villages. The cost price is purported to have been ¥ 800 per bale and sold for ¥ 1040 per bale. The amount of profit accruing to Mr. Matsuda is unknown.

In 1944 certain equipment belonging to the Kida Needle Manufacturing Company was stored in the home of Haru Matsunami, then a mistress of Mr. Matsuda. This was done through the "good offices" of Mr. Matsuda. In the Spring of 1947, Mr. Sutaro Kida, the owner of the equipment endeavored to recover his property but was not successful until paying ¥ 10,000 for "rent and various expenses."

In March 1947 Mr. Matsuda requested the Shiono Lumber Company (Tendo-Machi) to sell him lumber at an "extremely low price." Mr. Shiono was reluctant to make an outright refusal and some time thereafter was charged by Mr. Matsuda with causing him to lose money because the lumber had not been delivered. Through intimidation and threat, Mr. Matsuda secured ¥ 100,000 from Mr. Shiono.

In March of this year (1948) a program was designed to raise ¥ 4,000,000 for the construction of a new

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

Middle School in Tendo-Machi. The police of that town have been informed that Mr. Matsuda approached wealthy residents with the threat that if they did not contribute ¥ 100,000 each to the Middle School fund, he would expose their black market activities.

The police further stated that they can get no one to appear against Mr. Matsuda because even though he is tried, convicted, and sentenced to prison, they fear he will seek reprisal upon being released.

In the election of April 1947, Mr. Shogo Niizeki, a clerk, filed to run for Mayor on the Communist ticket. At the same time it was said that Mr. Kyutaro Ito had likewise filed his candidacy. Mr. Matsuda was also a candidate for the same office.

However, Mr. Niizeki was in the employ of Mr. Ito and stated he could not oppose his employer and withdrew.

Mr. Ito was the incumbent Mayor but had his name removed from the ballot two days prior to election day. Although it seems impossible to place anyone on the stand against Mr. Matsuda, common talk indicates Mr. Ito (the incumbent Mayor until succeeded by Mr. Matsuda) dared not oppose Mr. Matsuda so withdrew in his favor.

One of his latest and outstanding ventures is the construction of a motion picture theatre. Mr. Matsuda was given a lumber priority for the express purpose of constructing a market building. However, a theatre was built instead. The theatre has a capacity of 800 persons. This act, while holding a public office and in position to use his influence as Mayor, would seem to constitute malfeasance.

It is the opinion of the undersigned that an investigation made by the C.I.D. would reveal many more criminal acts committed by Mr. Matsuda.

MEMORANDUM

SUBJECT: Information on Irregularities of Police Chief, Yotsuya Police Station, Tokyo-to

TO: Chief Police Administrator

Received information that the Chief of Police, Mr. Watarai of Yotsuya Police Station is possibly working with a Korean by the name of Maeda, who is the head of the Kono Gumi, in a shake-down racket. They work as follows:

Mr. Maeda takes the food stuffs to the different stores in Shinjuku district and demands that they sell the goods for him. Many of the storekeepers do not want to handle the foodstuffs Maeda brings in but are afraid of reprisals if they do not. In the afternoon, Mr. Maeda comes back to these stores and demands payment whether the goods have been sold or not, and it is believed by the informant that an excessive price is demanded by Maeda. Maeda also promoted wrestling matches in Shinjuku district; took collections to defray the expenses. The business people collected 5,000 yen and turned it over to Maeda. Maeda told them that it was not enough, and in the final collections, collected 300,000 yen. Mr. Maeda was arrested some time ago after a gang fight between Shinjuku and Yodabashi gangs. He was arrested by the Yodabashi police and subsequently sentenced to six months, but is out on parole. At the time of his arrest, he had hidden a pistol which the Yodabashi police had recovered. Information that we have is that Mr. Maeda is now boasting of having possession of many pistols and swords. This information has been given to Director-General, Mr. Tanaka and Chief of Criminal Affairs Section, Mr. Kebashi of the MPD who state they will make an investigation from headquarters on this case and will submit to the Investigator a complete report of results of their investigation.

Mr. Maeda lives at the Asaki Apartments, Shinjuku, 2 Chome.
