TCNYP 569.14 GAC
(Case No. 2177)

9 November 1948

SUBJECT: Stevedore Damage - SS HERMAN MELVILLE - Nagasaki, Japan
29-30 June 1948

TO: General Headquarters
FEC, APO 500
c/o Postmaster
San Francisco, California
ATTENTION: Marine Casualty Investigating Officer,
Nagasaki, Japan

1. This office is investigating stevedore damage which occurred aboard the SS HERMAN MELVILLE in Nagasaki, Japan, on 29-30 June 1948, while the said vessel was under charter to the U. S. Army.

2. While stevedores were operating the No. 1 starboard and the No. 1 port winches, the winch operators permitted excess slack to accumulate on the drums of the winches and as a result, the slack of the runner on the drums fouled and broke the bull gears of the said winches.

3. The stevedores were employed by the Nagasaki Stevedore Co., Ltd., Nagasaki City, Japan. The stevedore company representative, Shigenolin Hiratsuka, signed a statement and submitted same to the Master of the SS HERMAN MELVILLE, acknowledging the fact that the damage to the No. 1 starboard winch was caused by the stevedore operating the winch. The damage to the No. 1 port winch was not mentioned in his statement.

4. It is requested that the following information be furnished:

a. U. S. Army damage report.
b. Itemized list of any repairs that may have been effected aboard the said vessel by the U. S. Army.
c. Signed statements from the stevedores involved as to their version of the occurrence of the accidents.
d. Whether the stevedores involved were directly employed by the U. S. Army or whether the said stevedores operated under a Department of Army contract.
e. In the event a Department of Army contract existed, furnish copy of same.

FOR THE COMMANDING GENERAL:

WILLIAM J. FLYNN
Lt Colonel, JAGD
Port Judge Advocate

SUBJECT: Aids to Navigation

THRU : Commanding General, I Corps, APO 301

TO : Chief of Transportation, GHQ, FEC, APO 500

1. Attention is invited to inclosed papers which outline a plan to install and reconstruct navigational aids in the Genkai Sea area. The purpose of the proposed project is to provide for safer and more expeditious navigation of motor driven intercoastal vessels in the Genkai Sea.

2. At the present time there are approximately 3,000 of these intercoastal vessels engaged in transporting coal in the Genkai Sea area. The vessels represent about 450,000 tons of shipping and transport over 90% of the coal mined on Kyushu and adjacent smaller islands. To a large number of mines, intercoastal vessels are the only means of transportation. The importance of these vessels to the current coal production program cannot be over emphasized.

3. If approved, the construction of all navigational aids will be performed by the Lighthouse Section, Maritime Safety Bureau of the Japanese Government. The estimated total cost of the project is ¥150,000,000. It is estimated that two years will be required for completion.

4. As a result of a series of conferences held at this headquarters with interested members of the Japanese Government Lighthouse Section and representatives of Commercial Transportation Companies, it is believed that the plan sub-

I Corps

22 November 1948

file

540

From: Commander Naval Forces, Far East.
To : Ministry of Transportation, General Maritime Bureau,
Ministry of Transportation, Maritime Safety Board.
Via : Liaison and Coordination Office, Tokyo.

Subject: Salvage Operations on the YUYO MARU and SABAN MARU, Authorization for.

References: (a) M.S.B. ltr No. 171(ME) dated 12 August 1948.
(b) M.S.B. ltr No. 303(MM) dated 19 October 1948.
(c) SCAPIN 403/2 dated 6 November 1948.
(d) SCAJA ltr serial 634 dated 14 November 1945.

1. By references (a) and (b), the Maritime Safety Board requested salvage authorization for the subject vessels. Salvage authorization was with-held pending clarification of title to both vessels. Substantiating evidence has been received indicating that the transfer of title to the YUYO MARU has been approved by the Supreme Commander for the Allied Powers. Reference (c) removes the necessity of prior approval for the transfer of title to the SABAN MARU.

2. The salvage authorization for the below listed vessels is granted subject to the provisions of reference (d):

NAME AND TONNAGE	LOCATION	TYPE OF SALVAGE	TO COMPLETE	SALVAGE COMPANY	
YUYO MARU 10,045 G/T	Aka Island	Vessel	in 90 days	Mitsui Salvage	Shikoku
SABAN MARU 10,241 G/T	Daikoku Kamishima	Vessel	in 180 days	Marima Salvage	I Corps

3. The Ministry of Transportation, Maritime Safety Board is directed to submit to Commander Naval Forces, Far East, complete information on the progress of the above salvage operations in the regular monthly report of merchant vessel salvage.

W. B. McHUGH,
Chief of Staff.

SUBJECT: Stevedore Damage - SS HERMAN MELVILLE - Nagasaki, Japan 29-30 June 1948

TO: General Headquarters
FEC, APO 500
c/o Postmaster
San Francisco, California
ATTENTION: Marine Casualty Investigating Officer, Nagasaki, Japan

1. This office is investigating stevedore damage which occurred aboard the SS HERMAN MELVILLE in Nagasaki, Japan, on 29-30 June 1948, while the said vessel was under charter to the U. S. Army.

2. While stevedores were operating the No. 1 starboard and the No. 1 port winches, the winch operators permitted excess slack to accumulate on the drums of the winches and as a result, the slack of the runner on the drums fouled and broke the bull gears of the said winches.

3. The stevedores were employed by the Nagasaki Stevedore Co., Ltd., Nagasaki City, Japan. The stevedore company representative, Shigenolin Hiratsuka, signed a statement and submitted same to the Master of the SS HERMAN MELVILLE, acknowledging the fact that the damage to the No. 1 starboard winch was caused by the stevedore operating the winch. The damage to the No. 1 port winch was not mentioned in his statement.

4. It is requested that the following information be furnished:

a. U.S. Army damage report.
b. Itemized list of any repairs that may have been effected aboard the said vessel by the U. S. Army
c. Signed statements from the stevedores involved as to their version of the occurrence of the accidents.
d. Whether the stevedores involved were directly employed by the U. S. Army or whether the said stevedores operated under a Department of Army contract.
e. In the event a Department of Army contract existed, furnish copy of same.

NAGASAKI MIL GOVT TEAM APO 929 8 JAN 1949

TO : Commanding Officer, Kyushu Mil Govt Region, Hq & Hq Det., APO 929.

1. In compliance with basic communication, investigation was made, and the following information is submitted:

a. According to information available there was no damage to the No.1 port winch of the SS Herman Melville, but damage did occur to No.1 starboard winch on two separate occasions while in Nagasaki. The first time was at 0415,29 June 1948. The second damage to the No.1 starboard winch was at 0630, 30 June 1948. This information is based on the Ship's Master's Statement attached as inclosures No.1 and 3.

(1) The Nagasaki Stevedoring & Shipping Co., Ltd., accepts responsibility for the first damage, but denied responsibility for the second breakdown. Statement attached as inclosures No.2 and 4.

b. There is no itemized list of repairs, in as much as, the Local Civil Maritime Commission did the work and furnished all parts except the bull gear. The bull gear was supplied by the ship. When the second damage occurred repair was not made due to the lack of an additional bull gear.

c. Signed statements from stevedores and ships master are attached as inclosures 1 thru 4 incl.

d. The stevedores involved were neither directly employed by the Army or under Dept. of Army contract.

e. Not applicable.
