Ten of those screened--including 2 ex-officers, 2 ex-Kempei Tai, 4 former branch chiefs of ex-servicemen's associations, and 2 others--were found disqualified for public service. Screening statistics for the month of October and for the period 4 Jan 46 to 31 Oct 50 are:

B. Registration of Purgees

SIB reported that with the 1,047 persons registered during October, registration was 90% completed. OKAMURA Toshio, Chief of the 3rd Sub-Section of the First Observation Section, is the SIB official directly charged with this function. He has a staff of eight in the central office. As of 31 Oct, he was preparing a new estimate of the number of purgees in each prefecture, and was correcting his files to record the reinstatements of September and October. Future reports should reflect these changes.

C. Appeals

The Appeals Board concluded its study of the 32,089 applications for special remission during September and presented to the Prime Minister its recommendation for recission of designation of 10,091 purgees. The Prime Minister agreed with all recommendations of the Board except one -- MATSUMOTO Jiichiro. On 12 Oct 50, the Prime Minister submitted his decision to SCAP, requesting approval of his action. SCAP approved and on 13 Oct 50, nine thousand two hundred and fifty-two persons were reinstated. Eight hundred and thirty-eight former reserve officers whose cases had been considered by the Board and included in its recommendation, had previously (on 27 Sept 50) been removed from the purge lists.

On 23 Oct 50, the Japanese Government recommended, and SCAP approved, the reinstatement of 3,250 officers of the army and navy who did not attend any military school or receive any military training before 8 Dec 41. These persons were reinstated formally on 30 Oct 50. This brought to a total of 15,010 the purgees who have been reinstated since 4 Jan 46. A break-down of reinstated purgees is as follows:

Cat.	A	B	C	D	E	F	G	Total
Reinstated by 1st Appeals Bd.	0	14	8	26	5	0	95	148

D. Retention of Purged former Army and Navy Officers in Public Service

Purgees among former army and navy officers retained in public office to aid in the work of demobilizing the armed forces in repatriation and in marine safety numbered 1470 on 14 May 48. It was planned that 5 per cent should be released each month, but adjustments and suspensions of application of this policy prolonged completion of the program. During Oct 1950, one officer resigned and 28 were reinstated leaving the following number of purgees retained in public on 31 Oct 50.

First Demobilization Board	352
Second Demobilization Board	98
