HEADQUARTERS EIGHTH ARMY
United States Army
Office of the Commanding General
APO 343

AGMGCI 411

SUBJECT: Distribution of Audio-Visual Materials

TO : See distribution

1. Reference: Operational Directive 57, this headquarters, dated 25 October 1948, subject: "Japanese Visual Education Program."

2. Pending revision of the operational directive referred to in par 1, above, changes in the distribution of audio-visual equipment as noted in the attached Freight Information Bulletin 16 will be put into effect immediately.

3. Chiefs of Regional Civil Affairs teams and the Tokyo, Kanagawa and Shizuoka Civil Affairs teams will at once secure the names of all Japanese authorized to ship and receive audio-visual materials and transmit such names to the local RTO's concerned.

BY COMMAND OF LIEUTENANT GENERAL WALKER:

J. A. O'BRIEN
CWO USA
Asst Adj Gen

2 Incls:
Incl 1 - Freight Information Bulletin #16
Incl 2 - Shipping Instructions for Japanese Audio-Visual Agencies

DISTRIBUTION:

CG's I and IX Corps
Chiefs, All CAff Regions
Chiefs, CAff Teams, Tokyo, Kanagawa and Shizuoka
Chief, Hokkaido CAff District (for information)

HEADQUARTERS
3D TRANSPORTATION MILITARY RAILWAY SERVICE
APO 503

FREIGHT INFORMATION BULLETIN 20 October 1949

NUMBER 16

SUBJECT: HANDLING OF CI&E, SCAP DOCUMENTARY FILMS, EXHIBITS, PROJECTORS, ETC.,

1. The inactivation of prefectural civil affairs teams throughout Japan will necessitate that the Regional Civil Affairs Teams distribute educational films and motion picture equipment direct to Japanese Regional Repair and Distribution Offices, for further shipment direct to Japanese Prefectural Audio-Visual Libraries. The films and equipment will be returned and exchanged direct by the Japanese Prefectural Audio-Visual Libraries to the Japanese Regional Repair and Distribution Offices.

2. Express and/or LCL facilities, at occupation expense, will be used depending on the urgency of the movement.

3. The Japanese Audio-visual authorized agency, will use a properly prepared movement order. This movement order will show the Japanese Audio-Visual organization in the prefecture or region as the shipper and in all cases, will be handled by authorized indigenous personnel.

a. In making shipment from the prefectural audio-visual library to the regional repair and distribution office, or vice versa, it will not be necessary for representatives of the regional civil affairs teams to authorize individual shipments or countersign the movement orders.

b. The regional civil affairs team will inform the local RTO's or Division Superintendents of the names of the Japanese authorized to make shipment of audio-visual materials loaned by GHQ, SCAP. Only those Japanese names reported to the local RTO Office by the regional civil affairs team will be accepted as authority for shipment. The number of individuals authorized to make such shipment will be kept to the minimum consistent with proper operations. Changes in personnel authorized to make such shipment will be promptly reported to the local RTO offices by the regional civil affairs team.

4. Division Superintendents are requested to make certain that Assistant RTO's are appointed in the various prefectures to obtain receipts for and accept such shipments as they are offered. These Assistant RTO's should be informed that films, exhibits, audio-visual equipment, etc., are US government property, and although Japanese appear as shippers, these articles will move at occupation expense when shipped from the Japanese prefectural audio-visual library to the regional repair and distribution office, and vice-versa. These agencies are authorized to ship only films, exhibits, or audio-visual equipment loaned to the Japanese by GHQ, SCAP. Violations of the instructions contained herein, or shipment by Japanese audio-visual agencies of unauthorized items for personal use, will be promptly reported to this headquarters.

BY ORDER OF LIEUTENANT COLONEL MANN:

Max M. Rule

MAX M. RULE
1st Lt, TC
Adjutant

DISTRIBUTION:
Yokohama Liaison Office, JNR
75 - C.A. Sec, 8th Army
"C"

Incl. 1.

3rd Transportation Military Railway Service
Shipping Instructions for Japanese Audio-Visual Agencies

Following are the procedures to be observed in the shipment of films, exhibits and audio-visual equipment to and from the Prefectural Audio-Visual Libraries and Regional Repair and Distribution Offices, via 3rd Transportation Military Railway Service facilities. Use of these facilities will be confined to the shipment of films, exhibits and audio-visual equipment loaned from GHQ, SCAP. Repeated violations of the procedures outlined herein, or use of 3rd TMRS shipping facilities for other than officially authorized purposes will result in withdrawal of audio-visual equipment by GHQ:

1. Prepare films, exhibits or audio-visual equipment for shipment.

2. Take items to be shipped to local RTO. In making shipments from the prefectural Audio-visual Library to the regional Repair and Distribution Office, and vice-versa, it will not be necessary for a representative of the regional Civil Affairs Team to authorize shipment or countersign the movement orders.

3. Fill out movement orders in seven (7) copies, in English. See attached sample, inclosure 2a. Local RTO offices will provide audio-visual agencies with a stock of the necessary block movement order forms, upon application by the authorized Japanese representative concerned.

4. When filling out movement orders, shipper will include telephone number of consignee in the upper right hand side of the movement order. Serial numbers of equipment and title and print number of each film will be written in the column "description of contents" on the movement order.

5. Shipper will retain one copy of the movement order on file for a minimum of six months. One copy will be delivered to the Civil Information section of the regional Civil Affairs Team with the monthly report. Copies may be destroyed after lapse of this six month period.

6. The RTO located in the consignee's city will notify the consignee upon receipt of the item shipped.

7. It is recommended that shipper personally inform consignee of date, number of shipment and estimated date of arrival of shipment, by telephone or mail. This will provide security against loss or delay in snipment.
