Opening of Millinery and New Goods.

WE beg to inform the ladies that on MONDAY NEXT, 16th inst, we will open our WINTER GOODS, such as bonnets and mineral bonnets, Louis XIV napoleons, velvet and satin bonnets, plain and fancy hats, Quaker Darwood plushes, velvet and moiré velvets, Gilbert's native hangings, The best assortment of the most fashionable goods, and when this is the result, a cavity is formed which enlarges and does the work of death, takes the deposit of tubercle is arrested. Now, does your remedy effect a cure? Most emphatically do. As soon as the disease is arrested, the current matter is absorbed or expectorated, and nature either furnishes the cavity with a lining membrane, or when the cavity is small, where it is of large size, its walls fall together and heal up, leaving a scar; and the remaining portions of the respiratory apparatus, true to a law running through the whole physical economy, become something that enlarged, will be increased action, and vicarious compensation for that which has been lost.

The medicine is in a powdered state, but readily prepared for using in a liquid form, according to the directions which accompany it. Depositors are promptly supplied by mail and express.

PRICE—One box, $2; three boxes, ordered at one time, $5; half dozen, $14; one dozen, $25; any number greater, $2 a box. The postage in the United States, not over 3000 miles, is 18 cents a box. In all cases the amount should be inclosed in money or stamps. We are responsible for all moneys sent us by mail

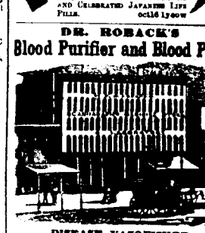
DR. ROBACK'S

Blood Purifier and Blood Pills



DISEASE VANQUISHED

By Dr. Roback's Scandinavian Remedies.

AFTER YEARS OF STUDY AND EXPERIMENT Dr. Roback, the eminent Swedish Physician, has succeeded in extracting from the mountain herbs of his native land, which note directly upon the causes of disease in the blood, and by restoring the corrupted fluid, imparting life to a condition of health and purity, expels disease from the system, wherever it may be located, or whatever may be its character. Indigestion, nervous complaints, epilepsy and other fits, coughs, consumption in its early stages, sore throat, bronchitis, tetter and spots, pimples, low fever, sexual incapacity, feminine weakness, pricking like needles, dyspepsia and dropsy, asthma, low spirits, costiveness, complaints, and other symptoms of paralysis, rheumatism, piles, dysentery, tumors, cancer, diabetes, lassitude and debility, diarrhoea and all disorders of the organs of generation, urinary and the kidneys, the stomach, the nerves, or the muscular fibre, are speedily cured by this preparation. It is to the nervous system, or nerves of disease what an alkali is to an acid; it neutralizes them with ABSOLUTE CERTAINTY, while, at the same time, it regulates the secretions, removes obstructions from the liver, gives a healthy appetite, renews bodily vigor, and regenerates every animal function. Such is the character of the effects of Dr. Roback's famous Scandinavian Blood Purifier, which, if taken in conjunction with his Blood Pills, will not only obliterate the most painful diseases, but prevent their recurrence, and lengthen life beyond its ordinary span.

Read the following certificate of a cure of Rheumatism of seven years' standing, of a lady of 72 years, which contains more than a proof of Holy Writ, the evidence which follows, and most forever banish all doubts respecting the virtue of Dr. Roback's Scandinavian Blood Purifier and Blood Pills.

CINCINNATI, O., Ohio, Sept. 27th, 1856.

Dr. C. W. ROBACK—Dear Sir: I feel it my duty to acknowledge publicly the wonderful cure made in the case of my wife, who has been afflicted with the Rheumatism in one of her knees for seven or eight years. We tried all kinds of medicine, but to little or no effect. As man is prone although her system, so that she could not rest day or night; her pain was so severe at times that she had hard work to walk. At last became perfectly helpless, so that we had to dress and feed her like a child. We had tried your medicine, who thought it of no use to make a bill when she took your Blood Pills, at my earnest prayer that God in his wisdom would direct to some means that would restore her to health again. When it appeared, like as not of Providence in answer to my prayer, that a man, passing by, handed me one of your circulars; and by on reading the wonderful cures made by your Scandinavian Blood Purifier and Blood Pills, I thought it must be the medicine that would cure my wife. So I sent by Mr. Hacker, our superintendent, the bearer of this, and got a bottle of the Blood Purifier and one box of Pills, and, to our great joy, before she had taken a bottle she was able to get up, and is now able to attend to her household duties, for which I feel thankful to God. She is now 72 years old, and has been a member of the church, all the effects of your medicine. May God grant you long life and success. Yours truly, JEREMIAH ROWAN.

Make sure of the genuine arti les by purchasing one of respectable dealers in each regular agents, or of Roback himself, No 6 East Fourth street, Cincinnati, where he may be consulted, by letter as well as personally, in all complicated and difficult cases.

Price of the Scandinavian Blood Purifier $1 per bottle, or six half dozen. Pills 25c. per box, or five boxes for $1.

# EDUCATION.

GERMAN INSTITUTION,

No. 148 Conti street, between Dauphin and Burgundy streets.

MR. O. WYTH, founder of this establishment, the oldest in New Orleans, is in receipt of the catalogue of his school, which contains one of the best testimonials of the kind ever published. The institution is conducted in a large mansion, occupying a fine central position, being well ventilated and well conditioned, and the grounds are well adapted for games.

The course of studies will include the elements of the English and German languages, with drawing enough for a good hand, and sufficient arithmetic to enable the pupils to keep a correct account of their expenditures. The course of studies will include the elements of the Latin and French languages, with such other branches as may be found necessary to a useful polite and fashionable education, from primary instruction to the more advanced courses embracing a most beautiful view of the city as far as the Lake.

The best advantages are offered to parents, as to the moral and intellectual cultivation of the minds of their children.

Students from a distance present with her pupils, and conducted during their hours of study and exercise by the diligent attention of a competent number of the first professors employed, besides Mr. Wyth, in the institution.

Every branch of a solid and refined education is taught, both in the English and German languages, such as Drawing, Painting, Dancing, and Gymnastics, with the Musical department is conducted by the most accomplished professors of the city.

It would be superfluous to say anything respecting the special attention that is paid to the English, French, Spanish, Italian, and German, the best pronunciation that can give to the pupils in that the French young ladies who have been educated by her school, speak the German language with ease.

Mr. Gurie, the celebrated musician, will superintend the vocal department.

For terms, apply at the Institution, where prospectuses can be obtained.

TOURS of Lectures, building at a distance in the different families, will be conveyed gratis to and from the Institution. 6m
