MEMORANDUM FOR MAJOR NAPIER

SUBJECT: Disposition of Former Imperial Household Property

1. a. In accordance with approved recommendation 1 of Informal Staff Study, Subject: "Extent of Imperial Household Property," dated 27 June, (Tab One), the following report is submitted.

b. This study includes (1) the disposition of each estate listed in Tab 6, above report; (2) the 1946 evaluation of each of the estates; and (3) the 1949 estimated value of each.

2. a. The total extent of former Imperial Household property was:

Land: - 4,048,690,869.85 tsubo; value 1946 - ¥784,317,893.

Buildings: - 192,985.277 tsubo; value 1946 - ¥239,508,215.

b. Paid in kind for capital levy was:

Land: - 3,989,477,285.00 tsubo; value 1946 - ¥646,120,172.

Buildings: - 113,110.182 tsubo; value 1946 - ¥ 91,202,997.

c. Reverted to State according to Article 88 of the Constitution:

Land: - 117,450,518.38 tsubo; value 1946 - ¥32,323,854.

Buildings: - 10,150.452 tsubo; value 1946 - ¥10,801,855.

d. Whether paid in kind as capital levy or reverted to the State in accordance with Article 88 of the Constitution, this former Imperial Household property came into the care of the Custodian of State Property, Ministry of Finance, and came under the National Property Law (Law No. 73 of 1948). In accordance with the provisions of this Law, the estates were divided, transferred, rented, and sold as follows:

	Land Area tsubo	Bldg Area tsubo	
Retained in custody of Minister of Finance	11,305.417	4,519.406	(see Tab A)
Transferred to custody of Minister of Agriculture and Forestry	3,960,960,568.29	97,012.395	(see Tab B)

	Land Area tsubo	Bldg Area tsubo	
Transferred to custody of Minister of Education	194,930.423	10,707.569	(see Tab C)
Transferred to custody of Minister of Welfare	760,861.17	3,515.620	(see Tab D)
Transferred to miscellaneous users	321,886.03	20,920.294	(see Tab E)
Imperial House Use Property	7,893,333.30	51,959.60	(see Tab F)
Official Property	48,792.00	2,516.90	(see Tab G)
Rented	3,875.00	0	(see Tab I)
Sold	44,023.011	127.00	(see Tab J)
Being used by Allied Forces	2,000.00	0	(see Tab L)

e. Figures shown in Tabs F and G were furnished by the Imperial Household Office. To date, the Imperial Household Office and the Custodian of State Property have been unable to agree entirely on the amounts of lands and buildings disposed of as outlined above. There are small discrepancies, especially in forest lands. Neither do other Ministries who hold these lands in custody agree entirely with the Custodian of State Property. Figures included in this report are the ones which appear to be most accurate.

f. Value of property transferred to each of the above is impossible to determine accurately. Many of the estates were broken down into small, irregular sized tracks when they were transferred.

g. The 1946 evaluation and the 1949 estimate of value of each of the estates are shown in the detailed record of disposition of each of the properties (see Tab Three).

h. Directives and laws concerning former Imperial Household property are outlined in Tab Two.

3. Summary: Former Imperial Household property which totalled: land - 4,048,690,869.85 tsubo, valued at ¥784,317,893.00; and buildings - 192,985.277 tsubo, valued at ¥239,508,215.00, were transferred to the Custodian of State Property and disposed of as follows:

		Area (unit: tsubo)	1946 Value
Imperial House Use Property -	Land:	7,893,333.30	¥ 87,779,285.00
	Bldg:	51,959.60	¥ 93,181,385.00
Official Property -	Land:	48,792.00	¥ 7,503,822.00
	Bldg:	2,516.90	¥ 3,365,609.00
National Parks, Treasures and Common Property	Land:	4,040,748,744.45	¥689,034,786.00
	Bldg:	138,508.777	¥142,961,221.00

4. Conclusions: In general, the former Imperial Household property has been disposed of in accordance with SCAP directives. However, there are minor discrepancies in the accounting. It is possible, also, that the present procedure of managing these properties may lead eventually to actions contrary to SCAP intent.

5. Recommendations:

1. A further, more detailed check into the disposition of these lands.

2. An inquiry into the tracks retained by the Minister of Finance regarding potential use.

3. A study of the possible ways that an un-democratic organization could return any of the properties to the Imperial Household.

4. An investigation of the sale of the estates listed in Tab J to determine whether or not the transactions violate the intent of SCAPIN 300.

Notes: 1. In the above list are not included the Imperial relics, art objects, Imperial Sanctuary buildings, and Imperial mausoleum grounds, which are considered impossible or inadequate to be appraised.

2. Some of the figures in the above list are a little different from those in the inventory of the Imperial Household property already submitted to the Financial Division, ESS, for the reason that the Kyoto Imperial Palace and Shosoin Treasure House have been appraised on the basis of ¥5,000 per tsubo (6x6 ft.) this time, while in the said inventory they were appraised on the basis of ¥50,000 per tsubo, which is considered to be absurd, unpractical, and almost that of curio dealers.

3. 1 tsubo = 6 ft. x 6 ft. or 2 yards square.
1 cho = 2.5 acres.
