3. Employer, who fails to submit this report without sufficient reason to justify that or makes false report, shall be punished with a fine of less than 10,000 *yen* or condemned to less than 6 months' penal servitude according to the provisions of the Article 53, or Article 55 of the Unemployment Insurance Law.
4. Specific Remarks on statement:

Enter here the period covered the months payroll for the majority employees whether conforming to the calender month or not. And in case the wages are paid more than twice a month, the insurance premiums for the current month shall be calculated based on the sum of wages paid during the period covered the payroll month.

(1) (a) Enter here the name and number of the working-place written in the identification card for the insured person of the Health Insurance.

(b) Enter here the location of the working-place.

(c) If an establishment carries on two more activities or produces two and or more products, main products or main activities shall be entered and subordinate activities may be listed after the principal activity or product.

The principal activity or product here means the one in which the greatest number of workers are normally engaged.

In case the principal activity or product is changed from that of previous month, if that change is temporal or for short time period less than 6 months, there is no need to change the principal activity or product from that of previous month, but it that change is expected to continue for more than 6 months or for indefinite period, the new principal activities or product should be entered.

(2) As to the entry of "Total number of workers and the turnover of insured workers," the listed number of workers and the insured workers shall be entered regardless of whether the wages for the current month were paid or not.

(d) Enter here the number in the column (i) "Total number of employees at the end of the this payroll month", of the Report of the previous month.

(e) Enter here the number in the column (h) "Number of the insured at the end of this payroll month" of report of the previous month.

(f) Enter here the number of workers, who have been qualified for insurance during this payroll month.

Those mentioned here mean the following person:

a. The one who has become an insured person for the first time by being emyloyed in this working-place.

b. The one who was an insured person in the other working place and has become an insured person by being employed in this working-place.

c. The one who was employed in that working-place as a day-worker, casual or seasonal worker and has become an insured person by being employed as a regular worker in this working-place or continues to work as a day-worker, casual or seasonal worker beyond maximum period permitted for non-insured workers under the Law.

In case the insured worker, who was calculated in the column (h) "Total number of the insured workers at the end of this month" of (2) of the Report of the previous month, was separated in this payroll month and employed again in the same working-place in this payroll month, the number of them shall not be calculated in this column of to their obtaining the qualification for unemployment insurance.

(g) Enter here the number of workers who have been disqualified for insurance during this payroll month.

Those who have been disqualified mean the following persons:

a. The one who is separated from his or her position.

b. The one who was an insured regular worker and has been disqualified by becoming a day-worker etc.

c. The one who died.

However, in case the insured worker, who was calculated in the column (h) "Total number of the insured workers at the end of this month, of (2) of the Report of the previous month, was separated from position in this payroll month and employed again in the same working-place in this payroll month, the number of them shall not be calculated in this column as to their disqualification.

(h) Enter here the number deducted the number (g) from sum of (e) and (f). And the number in this column is to be entered in the column (e) of the Report of the ensuing

month.

(i) Enter here the total number of the employees on the last pay-day of their wages for this month, that is, enter the total number of the insured and the non-insured day-worker, casual or seasonal worker and non-paid family-employes regardless with whether the wages were paid or not on the last pay-day.

The number in this column of B_1, B_2, B_3, of the column (q), and shall be entered in the column (d) of the Report for the ensuing month.

(3) (j) Enter here the total number of the insured who has been paid their wages in this payroll month and as to the staff-worker, labourer and day-worker, the necessary matters shall be entered in the column A_1, A_2, A_3, respectively. That is, in this column enter the number deducted the number of the insured not paid the wages in this payroll month from the sum of number of (e) and (f). "Staff worker" are those regular employees who are engaged in the administrative, technical, supervisory, professional and clerical work, and "Labourers" mean the whole regular employees who are not the ataff-worker, and the "insured day-worker" means the one who is employed in the same working-place over one month.

In case the casual or seasonal worker is employed in the same working-place over two or four months respectively they shall be counted as regular workers on the day after the fixed period passed.

(k) Enter here the total amount of wages paid in this payroll month to the whole insured person and enter the amount wages paid to the staff workers, labourers, and day-workers into the column A_1, A_2, A_3, respectively. Wages include all cash wages, salaries, allowances, bonuses and any other type of payment to the workers as compensation for their work under whatever designation.

In this amount of wages, the estimated amount of wages paid by the goods without cash money is included, but the "payment by goods" is only in the case of being designated the fact and its estimated amount in the labour contract.

(l) Enter here the total amount of wages paid extraordinarily and wages paid at an interval exceeding three months according to the colum (k).

The extraordinary wages mean the wages which are not expected in the maintenance of livelihood and are paid continuonsly under the name of casuality such as crisis-allowance or winter-allowance, etc. The allowances paid to the casual work which the employee has been engaged in addition are not included the extraordinary mentioned in this item.

Wages paid at an interval exceeding three months mean the allowance paid for each more than three months such as the half-year bonus and the year-end bonus ,etc., but in case these allowance payment are devided into two months or three months, these shall be regarded as the taxable wages.

(m) Enter the amount of the wage which exceeds the maximum amount of wage being basis of calculation of insurance premium in Article 31 of the Unemployment Insurance Law according to the column (k) in each column.

This maximum amount is raised up according to the increasing of average wage amount of the factory workers throughout the country, and the amended amount is shown in public by the Labour Ministry Notification.

(n) Enter here the amount on which the insurance premium is calculated, that is, enter the amount of (k)-(1)-(m) according to the column (k).

(o) Enter the amount of 2.2% of the total amount of wages in the column (n) as to each item according to the column (k).

(p) Calculate total premium according to individual earnings as shown in the "table of amount of unemployment insurance premiums" based on the column (n) and enter twice amount calculation of (p).

Amount of the insurance premium to be paid by the insured are calculated based on the "table of amnunt of unemployment insurance premiums" as to each wage paid to the insured and the same amount of insurance premium are paid by the employer, so the total of the double amount of insurance premiums paid by each worker show the estimated amount of insurance premiums to be paid by the employer. The amount in this column are stated as the estimated amount of insurance premiums, so the amount of insurance premium are decided after examination of the prefectural governor.

Therefore the amount of insurance premiums are decided bassed on the entry of column (p) and not column (e).

II. Sales terms, etc.

(1) The controlled prices of this list shall be for those including fire-fighting stuffs.

(2) The controlled prices of this list shall be for those coming under the following standard:

(a) Head hitting type chemical fire-extinguisher (10 litre type) and Bottom-open type chemical fire-extinguisher (10 litre type)

1. The outer tube is made of steel sheet having thickness of 1.2 mm or over and the inner tube of steel sheet having thickness of 0.5 mm or over, and both steel, sheet are rust-proofed. The container is proof against the hydraulic pressure of 15 kg per square centimetre at the hydraulic test, and has a capacity of 10 litre and projectile power enough to eject chemicals as far as 9 metres at the beginning when ejecting after charging stipulated quantity of chemicals.

2. The accessory chemical fire-fighting stuffs, both chemical A and chemical B, are dried powder of 700 gr. or over each and soluble into the stipulated quantity of water liquid to create bubbles effective for fire-extinguishing.

(b) Pump type fire-extinguisher with tank (16 litre type)

1. Those installed with a water-pump having an air-chamber made of brass having thickness of 0.8 mm or over in a water-tank which are made of galvanized iron sheet having thickness of 0.5 mm or over and has a capacity of 16 litre. Their projectile range shall be more than 10 metres.

(c) Hand pump type fire-extinguisher of carbon tetrachloride (containing 1 litre)

1. The container is made of brass having to thickness of 0.8 mm or over and so desined capable to eject chemicals for any direction, containing hand pump, and is charged with 1 litre of carbon tetrachloride. Their projectile range shall be more than 6 metres.

(d) Accumulation pressure type fire-extinguisher of carbon tetrachloride (containing 4 litre, 3 litre and 1.5 litre)

1. The container consists of one chamber and is made of the steel sheet of 1 mm or over, processed as rust-proof and is charged with the indicated quantity of carbon tetrachloride. It is proof against air pressure of 150 lbs., at the air pressure test, and has a projectile range of more than 8 metres at the beginning keeping always more than 75 lbs. of air.

(e) Fire-extinguisher of liquefied carbonic acid gas

1. The high-pressure container attached with liquefied carbonic acid gas.

2. The high-pressure container qualified for the standard stipulated in the Ordinance for Enforcement of the Compressed Gas and Liquefied Gas Supervision Law.

3. The valve so constructed as never to make chemicals leak out and attached with a safety device as stipulated in the above Ordinance.

(3) The controlled selling prices of producer shall be for those ex factory of the manufacturer without any packing.

(4) The controlled selling prices of dealer shall be for those ex store of seller.

Price Board Notification No. 950

September 30, 1948

In accordance with the provisions of Article 4 of the Price Control Ordinance, the controlled selling prices of agricultural chemicals (lead arsenate, calcium arsenate and calcium fluo-arsenate) are designated as follows, and of the Price Board Notification No. 46 of January, 1948 (concerning the designation of the controlled prices of agricultural chemicals), the items of lead arsenate, calcium arsenate and calcium fluo-arsenate shall hereby be abolished:

Director-General of Price Board
KURUSU Takeo
