Thursday

Dear Freddy:

You will have to excuse the writing paper and the typewriting but I'm at the office and don't have time to get out to the house. Sorry you couldn't make it this Sat for I'm sure we could have had a good time. Here is another suggestion. I'll be getting back to New Haven probably late Saturday night so if you are going to stay over Saturday night why not give me a ring and have dinner with me Sunday. I don't know what time your week end stops with your date but I would like seeing you so if you can make it let me know by phone, the number is 70706. In case you forget it the number is under my name but you will have to obtain that thru information.

Have you any plans for Saturday Nov. 27th? I'm either going to the Army--Navy or Columbia--Stanford and might you be interested also. Call me or let me know about that as soon as possible.

Love
Jenny
