AN ACT to amend and reenact section 54-06-09 of the North Dakota Century Code, relating to the filing of claims for mileage and travel expenses of state officers and employees.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 54-06-09 of the North Dakota Century Code is amended and reenacted as follows:

54-06-09. Mileage and travel expense of state officers and employees. State officials, whether elective or appointive, and their deputies, assistants, and clerks, or other state employees, entitled by law to be reimbursed for mileage or travel expense, must be allowed and paid for mileage and travel expense the following amounts:

1. The sum of twenty cents per mile [1.61 kilometers] for each mile [1.61 kilometers] actually and necessarily traveled in the performance of official duty when such travel is by motor vehicle or twenty-seven cents per mile [1.61 kilometers] if the travel is by truck, the use of which is required by the employing subdivision, agency, bureau, board, or commission. The sum of thirty-five cents per mile [1.61 kilometers] for each mile [1.61 kilometers] actually and necessarily traveled in the performance of official duty when such travel is by private airplane. Mileage by private aircraft must be computed by actual air mileage when only one state employee or official is traveling; if two or more state employees or officials are traveling by private aircraft, the actual mileage must be based on the road mileage between the geographical points. Reimbursement for private airplane travel must be calculated as follows:
  - a. If reimbursement is for one properly authorized and reimbursable passenger, reimbursement must be paid on a per-mile basis as provided in this subsection.
  - b. If reimbursement is claimed for a chartered private aircraft, reimbursement may not exceed the cost of regular coach fare on a commercial flight, if one is scheduled between the point of departure, point of destination, and return, for each properly authorized and reimbursable passenger on the charter flight; or, where there is no such regularly scheduled commercial flight, the actual cost of the charter.

No reimbursement may be paid for leased private aircraft, except for leased or rented private aircraft from a recognized fixed base aviation operator who is in the business of leasing and renting private aircraft and is located on an airport open for public use. In order to be reimbursed for the chartering of a private aircraft pursuant to subdivision b, the charter agreement must receive prior approval from the director of the office of management and budget who shall take comparable travel costs and the savings of time into account in making his decision. If only one person shall engage in such travel in a motor vehicle exceeding at any geographical point one hundred fifty miles [241.40 kilometers] beyond the borders of this state, reimbursement must be limited to eighteen cents per mile [1.61 kilometers] for the out-of-state portion of the travel beyond the first one hundred fifty miles [241.40 kilometers]. When official travel is by motor vehicle or airplane owned by the state or by any department or political subdivision thereof, no allowance may be made or paid for such mileage.

2. Except as provided in subsection 1, when travel is by rail or certificated air taxi commercial operator or other common carrier, including regularly scheduled flights by airlines, the amount actually and necessarily expended therefor in the performance of official duties.
3. Notwithstanding the other provisions of this section, state employees permanently located outside the state or on assignments outside the state for an indefinite period of time, exceeding at least thirty consecutive days, must be allowed and paid twenty cents per mile [1.61 kilometers] for each mile [1.61 kilometers] actually and necessarily traveled in the performance of official duty when such travel is by motor vehicle, and the one-hundred-fifty-mile [241.40-kilometer] restriction imposed by subsection 1 does not apply.

Before any allowance for any such mileage or travel expenses may be made, the official, deputy, assistant, clerk, or other employee shall file with the director of the office of management and budget employee's department, institution, board, commission, or agency an itemized statement showing the mileage traveled, the hour of departure and return, the days when and how traveled, the purpose thereof, and such other information and documentation as may be prescribed by rule of the office of the budget or specifically requested by such office, verified by his certification employee's department, institution, board, commission, or agency. The statement must be submitted to the office of the budget employee's department, institution, board, commission, or agency for approval and must be paid only when approved by the office of the budget employee's department, institution, board, commission, or agency.

The employee's answer to material filed may not be used as the basis for any subsequent adverse personnel action. If any material is found to be without merit or unfounded through an established grievance procedure, it must be immediately removed from the file and may not be used in any subsequent actions or proceedings against the employee.
3. The employee or the employee's designated representative must be permitted to examine the employee's official personnel file by appointment during normal business hours.

The industrial commission with respect to the lignite research fund except as required under section 57-61-01.5.

SECTION 2. A new chapter to title 54 of the North Dakota Century Code is created and enacted as follows:

Declaration of findings and public purpose. The legislative assembly finds and declares that North Dakota's lignite industry produces approximately thirty million tons of lignite annually, contributing to our state's and nation's energy independence by generating electricity for more than two million people in the northern great plains region and by producing synthetic natural gas from coal that heats three hundred thousand homes and businesses in eastern states, which is equivalent to over twenty thousand barrels of oil per day. The legislative assembly further finds and declares that North Dakota's lignite industry generates over seventeen thousand direct and indirect jobs for North Dakota, over one billion dollars in annual business volume and over sixty-five million dollars in annual tax revenue. The legislative assembly further finds and declares that it is an essential governmental function and public purpose to assist with the development and wise use of North Dakota's vast lignite resources by supporting a lignite research, development, and marketing program that promotes economic, efficient, and clean uses of lignite and products derived from lignite in order to maintain and enhance development of North Dakota lignite and its products; preserve and create jobs involved in the production and utilization of North Dakota lignite; ensure economic stability, growth, and opportunity in the lignite industry; and maintain a stable and competitive tax base for our state's lignite industry for the general welfare of North Dakota. The legislative assembly further finds and declares that development of North Dakota's lignite resources must be conducted in an environmentally sound

manner that protects our state's air, water, and soil resources as specified by applicable federal and state law.

**Lignite research council - Compensation.** The industrial commission shall consult with the lignite research council established by executive order in matters of policy affecting the administration of the lignite research fund. Members of the lignite research council may receive reimbursement from the lignite research fund for actual and necessary expenses incurred in the performance of their duties, if authorized by the industrial commission.

**Priority projects, processes, and activities.** In evaluating applications for funding from the lignite research fund for North Dakota's lignite research, development, and marketing program, the industrial commission and lignite research council shall give priority to those projects, processes, or activities that will preserve existing jobs and production, which will create the greatest number of new jobs and most additional lignite production and economic growth potential in coal-producing counties or those counties with recoverable coal reserves, which will attract matching private industry investment equal to at least fifty percent or more of the total cost, and which will result in development and demonstration of a marketable lignite product or products with a high level of probability of rapid commercialization by the year 2000 or before. For marketing applications, priority must be given to those projects, processes, or activities that develop baseline information, implement specific marketing strategies, and otherwise contribute to the effective marketing of lignite and its products by the year 2000 or before. For reclamation applications, priority must be given to those projects, processes, or activities that will reduce unnecessary regulatory costs and assist in effectively reclaiming surface mined land to its original or better productivity as soon as possible. Any projects, activities, or processes selected by the commission for funding must achieve the priorities and purposes of the program, must have undergone technical review and be determined to have technical merit, must have generated matching private industry investment, and must have received a favorable lignite research council recommendation.

**Industrial commission powers.** The industrial commission is hereby granted all powers necessary or appropriate to carry out and effectuate the purposes of this chapter, including the power:

6. To refund and refinance its evidences of indebtedness from time to time as often as it is advantageous and in the public interest to do so, and to pledge any and all income and revenues derived by the commission under this chapter or from a project, process, or activity funded under this chapter to secure payment or redemption of the evidences of indebtedness.

### OFFICE OF ADMINISTRATIVE HEARINGS

AN ACT to provide for the creation of an office of administrative hearings, the appointment of a director of administrative hearings and other administrative hearings officers, to require the adoption of uniform rules of administrative practice and procedure, and to establish an advisory council; to repeal subsection 2 of section 50-24.4-18 and subsection 18 of section 54-12-01 of the North Dakota Century Code, relating to appointment of administrative hearings officers by the attorney general and certain appeals by nursing homes; to provide an appropriation; and to provide for a transfer.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Office of administrative hearings - Agency defined - Administrative agency defined.

1. A state office of administrative hearings is created.
2. The office is under the direction of a director of administrative hearings who must be free of any association that would impair the director's ability to function officially in a fair and objective manner. The director must be an attorney-at-law in good standing, admitted to the bar in this state, and currently licensed by the state bar board. The director of administrative hearings must be appointed by the governor and confirmed by the senate and shall hold office for a term of six years, the term beginning July first of the year of appointment and ending June thirtieth of the sixth calendar year after appointment.
3. The director of administrative hearings may preside at administrative hearings and may employ or appoint additional administrative hearings officers to serve in the office as necessary to fulfill the duties of office as described in section 4 of this Act and to provide administrative hearings officers to preside at administrative hearings as requested by agencies. The director may delegate to an employee the exercise of a specific statutory power or duty as deemed advisable, subject to the director's control, including the powers and duties of a deputy director. All administrative hearings officers must be classified employees, except that the director of administrative hearings must be an unclassified employee who only may be removed, during a term of office, for cause. Each administrative hearings officer must have a demonstrated knowledge of administrative practices and procedures and must be free of any association that would impair the officer's ability to function officially in a fair and objective manner.

4. The director of administrative hearings may employ the necessary support staff required by the office. Support staff must be classified employees.
5. The director of administrative hearings shall develop categories of positions in the classified service under class titles for the appointment or employment of hearings officers and support staff in consultation with and approved by the director of the central personnel division, including the salary to be paid for each position or category of position.

When regularly appointed administrative hearings officers are not available, the director of administrative hearings may contract on a temporary basis with qualified individuals to serve as administrative hearings officers for the office of administrative hearings.

SECTION 3. Hearings before administrative hearings officers.

1. Notwithstanding the authority granted in chapter 28-32 allowing agency heads or other persons to preside in an administrative proceeding, all hearings of administrative agencies under chapter 28-32, except hearings conducted by the public service commission, the industrial commission, the commissioner of insurance, the workers compensation bureau, the state engineer, the department of transportation, job service North Dakota, and the commissioner of labor, and except rulemaking hearings held in accordance with section 28-32-02, must be conducted by the office of administrative hearings in accordance with the administrative hearings provisions of chapter 28-32 and any rules adopted pursuant to chapter 28-32. An agency may request a hearings officer to be designated to preside over the entire administrative proceeding. If a statute so requires, an agency

shall, or unless a statute prohibits, an agency may, request that the hearings officer designated issue the final order in the matter. Informal disposition of an administrative proceeding may be made by an agency at any time before or after the designation of a hearings officer from the office of administrative hearings.

3. If a party to an administrative proceeding is in default, the agency may issue a default order and a written notice of default, including a statement of the grounds for default. If issued, the default notice and order must be served upon all the parties and the hearings officer, if one has been assigned. After service of the default notice and order, the agency may conduct further proceedings necessary to complete the administrative action with or without the participation of the party in default, and with or without a hearings officer from the office of administrative hearings presiding. The agency shall determine all the issues involved.
4. When assigning administrative hearings officers to conduct administrative hearings or to preside in an administrative proceeding, the director shall attempt to assign a hearings officer having expertise in the subject matter to be dealt with.
5. SECTION 1. AMENDMENT. Section 57-02-08.1 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-02-08.1. Property tax credits for persons sixty-five years of age or older with limited income.

1. Any person sixty-five years of age or older in the year in which the tax was levied, or any person who is permanently and totally disabled in the year in which the tax was levied, as certified by a physician selected by the local governing body, with an income of thirteen thousand dollars or less per annum from all sources, including the income of any dependent person, including any county, state, or federal public assistance benefits, social security, or other retirement benefits, shall receive a reduction in the assessment on the taxable valuation on the homestead as defined in section 47-18-01, except that this exemption applies to any person who otherwise qualifies under the provisions of this subsection regardless of whether the person is the head of a family. The exemption under this subsection continues to apply if the person does not reside in the homestead and the person's absence is due to confinement in a nursing home, hospital, or other care facility, for as long as the portion of the homestead previously occupied by the person is not rented to another person. The exemption to which any person may be entitled must be determined according to the following schedule:
  - a. If the person's income is not in excess of seven thousand dollars, a reduction of one hundred percent of the taxable valuation of the person's homestead up to a maximum reduction of two thousand dollars of taxable valuation.
  - b. If the person's income is in excess of seven thousand dollars and not in excess of eight thousand five hundred dollars, a reduction of eighty percent of the taxable valuation of the

person's homestead up to a maximum reduction of one thousand six hundred dollars of taxable valuation.

- c. If the person's income is in excess of eight thousand five hundred dollars and not in excess of ten thousand dollars, a reduction of sixty percent of the taxable valuation of the person's homestead up to a maximum reduction of one thousand two hundred dollars of taxable valuation.
- d. If the person's income is in excess of ten thousand dollars and not in excess of eleven thousand five hundred dollars, a reduction of forty percent of the taxable valuation of the person's homestead up to a maximum reduction of eight hundred dollars of taxable valuation.
- e. If the person's income is in excess of eleven thousand five hundred dollars and not in excess of thirteen thousand dollars, a reduction of twenty percent of the taxable valuation of the person's homestead up to a maximum reduction of four hundred dollars of taxable valuation.

In no case may a husband and wife who are living together both be entitled to the credit as provided for in this subsection upon their homestead. The provisions of this subsection may not reduce the liability of any person for special assessments levied upon any property. Any person eligible for the exemption herein provided shall sign a statement that the person is sixty-five years of age or older or is permanently and totally disabled, that the person's income, including that of any dependent, as determined in this chapter does not exceed thirteen thousand dollars per annum and that the value of the person's assets, excluding the value of the person's "homestead" as defined in section 47-18-01, does not exceed fifty thousand dollars including the value of any assets divested within the last three years. **Any person eligible for the exemption provided in this subsection must also sign an affidavit stating that the person has not divested the property within the last three years.** The term "dependent" includes the spouse, if any, of the person claiming the exemption. The assessor shall attach the statement to the assessment sheet and shall show the reduction on the assessment sheet. 2. Any person sixty-five years of age or older, or any person who is permanently and totally disabled as certified by a physician selected by the local governing body, with an income of thirteen thousand dollars or less per annum from all sources, including the income of any dependent person, including any county, state, or federal public assistance benefits, social security, or other retirement benefits, but excluding any federal rent subsidy, and who rents living quarters is eligible for refund for that part of the annual rent which is deemed by this subsection to constitute the payment of property tax and which is further deemed to represent a burdensome share of his income. For the purpose of this subsection, twenty percent of the annual rent, exclusive of any federal rent subsidy and of charges for any utilities, services, furniture, furnishings, or personal property appliances

furnished by the landlord as part of the rental agreement, whether or not expressly set out in the rental agreement, must be considered as payment made for property tax. When any part of the twenty percent of the annual rent exceeds four percent of the annual income of a qualified applicant, said applicant shall receive a refund from the state general fund for that amount in excess of four percent of the person's annual income, but the refund may not be in excess of two hundred thirty dollars. If the calculation for the refund is less than five dollars, a minimum of five dollars must be sent to the qualifying applicant. In no case may a husband and wife who are living together both be entitled to the refund as provided for in this subsection. Each application for refund under this subsection must be made to the tax commissioner before the first day of June of each year by the person claiming the refund, but the tax commissioner may grant an extension of time to file an application for good cause. The tax commissioner shall certify to the state treasurer the amount of the refund due, if any, and the state treasurer shall issue the refund from the state general fund to the applicant. In no case may this subsection apply to rents or fees paid by a person for any living quarters, including a nursing home licensed pursuant to section 23-16-01, if that living quarter has been declared exempt from property taxation and is not making a payment in lieu of property taxes.

3. All forms necessary to effectuate this section must be prescribed and designed by the tax commissioner who shall annually distribute an adequate supply of them to each county director of tax equalization. The county directors of tax equalization shall make these forms available upon request.
4. In determining a person's income for eligibility under this section, the amount of medical expenses actually incurred by that person or any dependent person and not compensated for by insurance or otherwise must be deducted. For purposes of this section, the term "medical expenses" has the same meaning as it has for state income tax purposes.
5. No person whose homestead as defined in section 47-18-01 is a farm structure exempt from taxation under subsection 15 of section 57-02-08 may receive any property tax credit under this section.

\* SECTION 2. AMENDMENT. Section 57-02-08.4 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-02-08.4. Conditional property tax exemption for owners of wetlands. Wetlands qualifying under this section shall be exempt from taxation. To qualify for the tax exemption, the owner of wetlands must annually file with the county director of tax equalization, on a form prescribed by the state tax commissioner, a legal description of the wetlands for which an exemption is claimed and an agreement to not drain, fill, pump, concentrate water in a smaller and deeper excavation in the wetland basin or alter the physical nature of the wetland in any manner that reduces the wetland's ability to function as a natural system during the year for which the exemption is claimed. To qualify for the exemption the agreement must be filed by June thirtieth of the year for which the exemption is claimed. The exemption is not available for years prior to filing of the agreement or for any year

\* NOTE: Section 57-02-08.4 was also amended by section 96 of Senate Bill No. 2050, chapter 231.

in which the terms of the agreement are violated. The county director of tax equalization shall certify to the county auditor, for each landowner receiving the exemption, the landowner's name, the amount of tax which would have been due on the exempt acreage for the most recent past tax year, and that the landowner has filed the required agreement. The amount of the wetlands exemption must be reflected upon the property tax statement of each eligible taxpayer.

For purposes of this section, "wetlands" means all types 3, 4, and 5 wetlands, as determined by the commissioner of agriculture and the game and fish commissioner, in accordance with United States fish and wildlife service circular no. 39 (1971 edition), drainage of which would be feasible and practical.

When wetlands are drained or altered so the land no longer qualifies for the exemption provided by this section, the land is subject to additional taxes which would have been assessed if the property had not qualified for the exemption provided by this section. The taxes which would have been due on the land without the exemption for the ten years preceding the year in which the exemption is terminated shall be computed, and the property owner shall pay the difference between such amount and the taxes which were actually paid on the property in addition to taxes currently due. Absence of water on property qualifying for the exemption under this section, caused by drought conditions, shall not disqualify the property from the exemption under this section.

The wetlands tax exemption provided by this section does not grant the public any additional or greater right of access to the wetlands or diminish any right of ownership to the wetlands. The owner of property exempt under this section may use the property in any manner which does not violate the agreement filed with the county director of tax equalization.

No property shall be exempt under this section unless the tax commissioner has certified to the county auditor of each county ~~before August first~~ by December tenth of the taxable year that funds are available in the state treasury which may be used for payment in full of any state obligations under section 57-02-08.5.

SECTION 3. AMENDMENT. Section 57-02-08.5 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-02-08.5. Wetlands tax exemption payment - Certification. Prior to ~~March~~ November first of each year ~~beginning in 1988~~, the county auditor of each county shall certify to the state tax commissioner on forms prescribed by the commissioner the total amount of property tax which would have been due on property exempt under section 57-02-08.4 within the county and other information as may be prescribed by the commissioner. The county auditor shall forward to the commissioner copies of all agreements described in section 57-02-08.4 in effect in the county.

The commissioner shall audit the claims for exemption, make corrections as required, and certify to the state treasurer for payment to each county on or before June ~~30, 1988, and thirtieth of each year thereafter~~, the sum of property taxes due on property exempt under section 57-02-08.4 for the county in the preceding year.

The county treasurer upon receipt of the payment from the state treasurer shall apportion and distribute it to the county and local taxing districts on the basis on which the general real estate tax for the preceding year is apportioned and distributed.

Therefore, federal taxable income must be increased, or decreased, as the case may be, to reflect the adoption or nonadoption of the provisions of section 168(f)(8) of the Internal Revenue Code of 1954, as amended, and such adjustments must be made before computing income subject to apportionment.

- b. If the net operating loss that is attributable to North Dakota sources exceeds the sum calculated pursuant to this subsection, the excess may be carried back or carried forward for the same time period that an identical federal net operating loss may be carried back or carried forward. If a corporation uses an apportionment formula to determine the amount of income that is attributable to North Dakota, the corporation must use the same formula to determine the amount of net operating loss that is attributable to North Dakota. To the extent the tax calculation under subsection 2 exceeds the tax calculation under subsection 1, a credit for the excess amount must be allowed against the tax liability for any future years calculated under subsection 1. This credit carryover is not allowed to the extent that the liability computed under subsection 2 would result if the only adjustments and items of tax preference taken into account to arrive at federal alternative minimum taxable income were exclusion preferences as defined in section 53(d)(1)(B) of the Internal Revenue Code.
  4. The credit allowed under subsection 3 for any taxable year may not exceed the excess, if any, of tax liability of the corporation for the taxable year as calculated under subsection 1 over the tax liability of the corporation for the taxable year as calculated under subsection 2. commissioner of a claim for refund. The amount of the tax refund provided for in this section must be reduced by one-half cent per gallon [3.79 liters], except for those fuels used in aircraft or with respect to refunds claimed by aircraft fuel users, and the one-half cent per gallon [3.79 liters] withheld from the refund must be deposited in the agricultural fuel tax fund. Those persons who have a valid tax assignment permit issued by the commissioner under section 57-43.1-11 must be charged one-half cent per gallon [3.79 liters] by the dealer and the one-half cent charge must be remitted to the commissioner by the dealer when the dealer submits the tax assigned invoices for credit.

The tax provided for in section 57-43.2-03 may not be levied on sales of any such fuel for which a refund of tax is made pursuant to this section.

3. ~~The commissioner may require a dealer, as a condition precedent to the issuance of a license, to a dealer shall furnish a bond in an amount set by the commissioner, but not less than one thousand dollars, guaranteeing the payment of the motor vehicle fuel tax collected by the dealer of not less than one thousand dollars. The bond is subject to approval by the commissioner and must be in effect for at least three years. After a dealer has had a valid license for three or more years, the commissioner may review the records of the dealer and waive the bond requirement. The bond requirement may be reinstated at the discretion of the commissioner.~~

SECTION 5. AMENDMENT. Subsection 2 of section 57-43.1-17 of the North Dakota Century Code is amended and reenacted as follows:

When a wholesale dealer in motor vehicle fuels makes a sale to a retail ~~dealer outlet~~ the wholesale dealer shall credit the retail ~~dealer outlet~~ with one percent of the total state motor vehicle fuel tax applied to the gallonage sold. This must appear on the face of the delivery invoice at the time of delivery of the motor vehicle fuel in consideration of evaporation and shrinkage losses and the ~~retailer's retail outlet's~~ cost of collection of the tax. On making payments to the commissioner as provided in this chapter, the dealer shall deduct the total credit allowance granted on sales to retail ~~dealers outlets~~ in motor vehicle fuels under the provisions of this section, in addition to other deductions allowed, from the amount of tax due.

SECTION 7. AMENDMENT. Subsection 6 of section 57-43.2-01 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

6. "Importer for use" means any person importing fuel into this state in the fuel supply tank or tanks of any motor vehicle or combination of vehicles used, designed, or maintained for transportation of persons or property; and having two axles and a gross weight exceeding twenty-six thousand pounds [1179.3401 kilograms]; or having three or more axles regardless of weight; is used in combination when the weight of such combination exceeds twenty-six thousand pounds [1179.3401 kilograms] gross vehicle weight. In the case of motor vehicles that are leased or rented, the importer for use means the lessee or renter unless the commissioner has designated the lessor, renter, or some other person as the importer for use. **Any person engaged in the business of agriculture is excluded from this definition while transporting that person's produce or livestock in a motor vehicle owned by that person.**

SECTION 8. AMENDMENT. Section 57-43.2-03 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-43.2-03. Tax levied. A special excise tax of two percent is imposed on all sales of special fuels, which are exempted from the tax imposed under section 57-43.2-02, if the special fuels are sold to a special fuels user in this state, and the same rate of tax is imposed if the special fuel is imported for use in this state by a special fuels user. The rate applies to the sale price of the special fuels less any discounts for any purposes allowed and taken on the sales. The tax levied under this section does not apply to state or political subdivisions when that fuel is used for purposes set forth in section 57-43.1-08. The special excise tax applies to all sales of special fuels taxed under section 57-43.2-02 for which taxes are later refunded to a special fuels user. For purposes of this section, "use" means the consumption of fuel for heating, agricultural, or railroad purposes, or for industrial purposes other than in the performance of a contract with any unit of government. If any fuel subject to tax by this section was subject to tax in any other state or its political subdivisions, the tax in this section applies but at a rate measured by the difference between the rate imposed in this section and the rate imposed by the other state or its political subdivisions. If the tax imposed by the other state

or its political subdivisions is the same or greater than the tax imposed by this section, no tax is due. ~~The provisions for credit in this section apply only if the other state or its political subdivisions allow a credit with respect to the tax imposed by this section which is substantially similar in effect to the credit provided in this section.~~

SECTION 9. AMENDMENT. Section 57-43.2-05 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-43.2-05. Special fuel wholesaler's or dealer's license required. No person may act as a special fuel wholesaler or dealer in this state unless that person is a holder of an uncanceled special fuel wholesaler's or dealer's license issued by the commissioner. Application for a special fuel wholesaler's or dealer's license must be made to the commissioner and a separate license is required for each separate place of business or location where special fuels are regularly sold, delivered, or placed into the tanks of bulk supply vehicles for delivery into supply tanks of special fuel users. The application must be filed upon a form prepared and furnished by the commissioner and must contain such information as the commissioner requires.

SECTION 10. AMENDMENT. Section 57-43.2-07 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-43.2-07. Special fuel wholesaler's or dealer's bond.

1. ~~Except as provided in this section, no special fuel wholesaler's or dealer's license may be issued to any person or continued in force unless the person has furnished a surety bond in the form and amount as the commissioner requires, but not less than five hundred dollars, to secure his compliance with this chapter and the payment of all taxes, interest, and penalties due or to become due. As a condition precedent to the issuance of a license, a wholesaler or dealer shall furnish a bond in an amount set by the commissioner, but not less than five hundred dollars, guaranteeing the payment of the special fuels tax collected by the wholesaler or dealer. The bond is subject to approval by the commissioner and must be in effect for at least three years. After a wholesaler or dealer has had a valid license for three or more years, the commissioner may review the wholesaler's or dealer's records and waive the bond requirement. The bond requirement may be reinstated at the discretion of the commissioner.~~
2. ~~The commissioner may waive the filing of a bond if, upon investigation, it is found that the bond may be waived without impairing or jeopardizing the revenue collections of this state, or in lieu of a bond, securities, including letters of credit, approved by the commissioner in such amounts as the commissioner prescribes, may be deposited with the commissioner, which securities must be kept in the custody of the commissioner and may be sold at public or private sale, without notice to the depositor, if it becomes necessary in order to recover any tax, penalties, or interest due. The commissioner shall pay all moneys deposited as security with the commissioner under the provisions of this subsection to the state treasurer who shall credit them into a special fund to be known as the "special fuels tax security trust fund". If any tax, penalty, or interest imposed by this chapter is not paid when due, by the person depositing moneys with the tax~~

commissioner as security for the payment of tax, penalty, or interest imposed by this chapter, the commissioner shall certify that information to the director of the office of management and budget. The office of management and budget shall transmit the money to the commissioner who shall apply as much of the money deposited by the person as is necessary to satisfy the tax, penalty, and interest due. When in the commissioner's judgment it is no longer necessary to require the deposit to be maintained by the person, the commissioner shall certify that information to the director of the office of management and budget who shall pay the unused money to the person.

SECTION 11. AMENDMENT. Subsection 2 of section 57-43.2-14 of the North Dakota Century Code is amended and reenacted as follows:

2. If a special fuel dealer omits from a return a properly includable gallage amount which is in excess of it is determined upon audit that the tax due was twenty-five percent of the amount of gallage stated in the or more above the amount reported on a return, the tax may be assessed, or a proceeding in court for the collection of the tax may be begun without such assessment, at any time within six years after the due date of the return, or six years after the return was filed, whichever period expires later.

SECTION 12. AMENDMENT. Section 57-43.2-25 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-43.2-25. Liquefied petroleum gas dealers - License - Fee - Permits - Bond. It is unlawful for any person to act as a wholesale dealer in special fuel known as liquefied petroleum gas in this state unless the person is a holder of an uncanceled special liquefied petroleum gas dealer's license issued to that person by the commissioner, in addition to complying with all other provisions of this chapter. Application for the license must be made to the commissioner and a separate license is required for each separate place of business or location where liquefied petroleum gas is regularly sold, delivered, or placed into tanks of bulk supply vehicles for delivery into supply tanks of retail liquefied petroleum gas dealers or users. The cost of this license is twenty dollars, which amount must accompany each application, upon a form prepared and furnished by the commissioner. The application must contain the information the commissioner deems necessary, together with a surety bond in the form and amount as the commissioner requires, but not less than five hundred dollars, except that the commissioner may waive the filing of a bond if the commissioner finds such bond may be waived without impairing or jeopardizing the revenue collections of this state or other security as provided under section 57-43.2-07.

If any person deals only in the retail selling of liquefied petroleum gas, the provisions of sections 57-43.2-06 and 57-43.2-11 do apply, but in lieu of those provisions each liquefied petroleum gas retail dealer is required to apply to the commissioner for a liquefied petroleum gas retail dealer's permit. The cost of a permit issued by the commissioner is twenty dollars. Each liquefied petroleum gas retail dealer shall collect the special fuels excise tax levied under section 57-43.2-03, and shall transmit quarterly all taxes collected to the commissioner. The commissioner shall furnish report forms requiring the information the commissioner deems necessary for the efficient administration of this section. The report must

accompany the transmittal of all taxes collected by liquefied petroleum gas retail dealers.

SECTION 13. EFFECTIVE DATE. Section 8 of this Act is effective for taxable events occurring after December 31, 1990.

SECTION 2. AMENDMENT. Section 57-51-02 of the North Dakota Century Code is amended and reenacted as follows:

57-51-02. Gross production tax - Oil. A tax of five per centum of the gross value at the well is ~~hereby~~ levied upon all oil ~~and gas~~ produced within the state of North Dakota, less the value of any part thereof, the ownership or right to which is exempt from taxation. The tax ~~hereby~~ levied shall attach to ~~and is hereby levied upon~~ the whole production, including ~~what is commonly known as~~ the royalty interest.

SECTION 3. Section 57-51-02.2 of the North Dakota Century Code is created and enacted as follows:

57-51-02.2. Gross production tax - Gas. A gross production tax is levied upon all gas produced within North Dakota less any part thereof, the ownership or right to which is exempt from taxation. The tax levied must attach to the whole production, including the royalty interest. The tax on gas must be calculated by taking the taxable production in mcf times the gas tax rate.

1. For fiscal year beginning July 1, 1991, the gas tax rate is four cents; for fiscal years beginning July 1, 1992, and subsequent years, the gas tax rate is four cents times the gas base rate adjustment for the fiscal year as calculated pursuant to subsection 2.

  - c. The tax department shall provide the gas base rate adjustment and the gas tax rate for the fiscal year, as determined under this subsection, to affected producers by written notice mailed

on or before June first. In addition, the tax department shall publish the adjustment as a rule in the North Dakota Administrative Code.

- d. If the index used to determine the gas base rate adjustment is substantially revised, or if the base year for the index is changed, the department by administrative rule shall make appropriate adjustment to the method used to determine the gas base rate adjustment to ensure a result which is reasonably consistent with the result which would have been obtained had the index not been revised or the base year changed.
- e. If the gas fuels producer price index is discontinued, a comparable index must be adopted by the department by an administrative rule.

SECTION 4. Section 57-51-02.3 of the North Dakota Century Code is created and enacted as follows:

57-51-02.3. Valuation of oil - Alternatives - Exceptions. The gross value at the well for oil is the price paid for the oil under an arm's-length contract between the producer and the purchaser less, where applicable, transportation costs associated with moving the oil from the point of production to the point of sale under the contract. In the absence of an arm's-length contract, the gross value at the well for oil is established by the first applicable of the following methods:

1. The price paid under an arm's-length contract, to which the person paying the tax is a party, for the purchase or sale of oil of like kind, character, and quality, in the same field or, if none, in a nearby field, less, where applicable, transportation costs associated with moving the oil from the point of production to the point of sale.
2. The price paid under an arm's-length contract, between parties other than the person paying the tax, for the purchase or sale of oil of like kind, character, and quality, in the same field or, if none, in a nearby field, less, where applicable, transportation costs associated with moving the oil from the point of production to the point of sale.
3. The value determined by consideration of the posted price relevant in valuing oil of like kind, character, and quality, in the same field or, if none, in a nearby field, less, where applicable, adjustments for transportation costs to reflect the differential between the value at the point of production and the value at the location reflected in the posted price.

SECTION 5. AMENDMENT. Section 57-51-05 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-51-05. Payment of tax on quarterly basis - When tax due - When delinquent - Payment by purchaser - By producer - How casinghead gas taxed.

1. The gross production tax on oil or gas, as herein provided, must be paid on a monthly basis. The tax on oil is due and payable on the twenty-fifth day of the month succeeding the month of production.

The tax on gas is due and payable on the fifteenth day of the second month succeeding the month of production. If the tax is not paid as required by this section, it becomes delinquent and must be collected as provided in this chapter. The penalty does not apply if ninety percent of the tax due has been paid with the monthly return and the taxpayer files an amended monthly return and pays the total tax due within sixty days from the original due date. The commissioner, upon request and a proper showing of the necessity therefor, may grant an extension of time, not to exceed fifteen days, for paying the tax and when such a request is granted the tax is not delinquent until the extended period has expired. Any taxpayer who requests and is granted an extension of time for filing a return shall pay, with the tax, interest at the rate of twelve percent per annum from the date the tax was due to the date the tax is paid.

2. On oil or gas sold at the time of production, the gross production tax thereon shall be paid by the purchaser, and such purchaser shall and is hereby authorized to deduct in making settlement with the producer or royalty owner, the amount of tax so paid; provided, that in the event oil on which such gross production tax becomes due is not sold at the time of production but is retained by the producer, the tax on such oil not so sold shall be paid by the producer for himself including the tax due on royalty oil not sold; provided further, that in settlement with the royalty owner such producer shall have the right to deduct the amount of such tax so paid on royalty oil or to deduct therefrom royalty oil equivalent in value at the time such tax becomes due with the amount of the tax paid.
3. Gas when produced and utilized in any manner, except when used for fuel or otherwise used in the operation of any lease or premises in the drilling for or production of oil or gas therefrom, or for repressuring thereon, shall be considered for the purpose of this chapter, as to the amount utilized, as gas actually produced and saved.
- 4- ~~In case oil or gas is sold under circumstances where the sale price does not represent the cash price thereof prevailing for oil or gas of like kind, character or quality in the field from which such product is produced, the commissioner may require the said tax to be paid upon the basis of the prevailing price then being paid at the time of production thereof in said field for oil, or gas of like kind, quality, and character.~~

SECTION 6. AMENDMENT. Subsections 1 and 2 of section 57-51-06 of the 1989 Supplement to the North Dakota Century Code are amended and reenacted as follows:

1. The tax herein provided for ~~shall~~ must be paid to the commissioner and the person paying the tax shall file with said the commissioner at the time the tax is required to be paid, a statement, under oath, on forms prescribed by said the commissioner, giving with other information required, the following:

- a. Full description of the property by lease name, subdivision of quarter section, section, township and range, from which said oil or gas was produced.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsections 4 and 5 of section 38-08-04 of the 1989 Supplement to the North Dakota Century Code are amended and reenacted as follows:

4. To classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter, to classify and determine the status and depth of wells that are stripper well property as defined in subsection 8 of section 57-51.1-01, to certify to the tax commissioner which wells are stripper wells and the depth of those wells, and to certify to the tax commissioner which wells involve secondary or tertiary recovery operations under section 57-51.1-01, and the date of qualification for the reduced rate of oil extraction tax for secondary and tertiary recovery operations.
5. To adopt and to enforce rules and orders to effectuate the purposes and the intent of this chapter and of subsections 1, 4, 5, 6, and 8 of section 57-51.1-01.

\* SECTION 2. AMENDMENT. Section 57-51.1-01 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-51.1-01. Definitions for oil extraction tax. For the purposes of the oil extraction tax law, the following words and terms shall have the meaning ascribed to them in this section:

1. "Average daily production" of a well means the qualified maximum total production of oil from the well during a calendar month period divided by the number of calendar days in that period; and "qualified maximum total production" of a well means that the well must have been maintained at the maximum efficient rate of production as defined and determined by rule adopted by the industrial commission in furtherance of its authority under chapter 38-08.

\* NOTE: Section 57-51.1-01 was also amended by section 1 of House Bill No. 1414, chapter 691.

2. "Average price" of a barrel of crude oil means the average daily price for a barrel of west Texas intermediate cushing crude oil, as those prices appear in the Wall Street Journal, midwest edition, **for the period June first through October thirty first of any year.**
3. "Oil" means petroleum, crude oil, mineral oil, casinghead gasoline, and all liquid hydrocarbons that are recovered from gas on the lease incidental to the production of the gas.
4. "Property" means the right which arises from a lease or fee interest, as a whole or any designated portion thereof, to produce oil. A producer shall treat as a separate property each separate and distinct producing reservoir subject to the same right to produce crude oil; provided, that such reservoir is recognized by the industrial commission as a producing formation that is separate and distinct from, and not in communication with, any other producing formation.
5. "Qualifying secondary recovery project" means a project employing water flooding. To be eligible for the tax reduction provided under section 57-51.1-02, a secondary recovery project must be certified as qualifying by the industrial commission, the project must have been unitized after April 27, 1987, and the project operator must have achieved for six consecutive months an average production level of at least twenty-five percent above the level that would have been recovered under normal recovery operations.
6. "Qualifying tertiary recovery project" means a project for enhancing recovery of oil which meets the requirements of section 4993(c), Internal Revenue Code of 1954, as amended through December 31, 1986, and includes the following methods for recovery:
  - a. Miscible fluid displacement.
  - b. Steam drive injection.
  - c. Microemulsion.
  - d. In situ combustion.
  - e. Polymer augmented water flooding.
  - f. Cyclic steam injection.
  - g. Alkaline flooding.
  - h. Carbonated water flooding.
  - i. Immiscible carbon dioxide displacement.
  - j. New tertiary recovery methods certified by the industrial commission.

It does not include water flooding, unless the water flooding is used as an element of one of the qualifying tertiary recovery techniques described in this subsection, or immiscible natural gas injection. To be eligible for the tax reduction provided under

section 57-51.1-02, a tertiary recovery project must be certified as qualifying by the industrial commission, the project operator must continue to operate the unit as a qualifying tertiary recovery project, and the project operator must have achieved for at least one month a production level of at least fifteen percent above the level that would have been recovered under normal recovery operations.

7. "Royalty owner" means an owner of what is commonly known as the royalty interest and shall not include the owner of any overriding royalty or other payment carved out of the working interest.
8. "Stripper well property" means a "property" whose average daily production of oil, excluding condensate recovered in nonassociated production, per well did not exceed ten barrels per day for wells of a depth of six thousand feet or less, fifteen barrels per day for wells of a depth of more than six thousand feet but not more than ten thousand feet, and twenty barrels per day for wells of a depth of more than ten thousand feet during any preceding consecutive twelve-month period beginning after December 31, 1972. Wells which did not actually yield or produce oil during the qualifying twelve-month period, including disposal wells, dry wells, spent wells, and shut-in wells, are not production wells for the purpose of determining whether the stripper well property exemption applies.

\* SECTION 3. AMENDMENT. Section 57-51.1-02 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-51.1-02. Imposition of oil extraction tax. There is hereby imposed an excise tax, to be known as the "oil extraction tax", upon the activity in this state of extracting oil from the earth, and every owner, including any royalty owner, of any part of the oil extracted shall be deemed for the purposes of this chapter to be engaged in the activity of extracting that oil. The rate of tax shall be six and one-half percent of the gross value at the well of the oil extracted, except that for wells drilled and completed after April 27, 1987, and not otherwise exempt under section 57-51.1-03, and for a qualifying secondary recovery project or for a qualifying tertiary recovery project, the rate of tax shall be four percent of the gross value at the well of the oil extracted. However, if the average price of a barrel of crude oil between June first and October thirty-first of any year is thirty-three dollars or more then the rate of tax for the following calendar year on all taxable wells is six and one-half percent of the gross value at the well of the oil extracted: for any consecutive five-month period in any year is thirty-three dollars or more, then the rate of tax for the following months on all taxable wells is six and one-half percent of the gross value at the well of the oil extracted. However, if after the aforementioned trigger provision becomes effective, the average price of a barrel of crude oil is less than thirty-three dollars for any consecutive five-month period in any year, the rate of tax reverts to four percent of the gross value at the well of the oil extracted for any wells drilled and completed after April 27, 1987, and not otherwise exempt under section 57-51.1-03, and for a qualifying secondary recovery project or for a qualifying tertiary recovery project.

\*\* SECTION 4. AMENDMENT. Section 57-51.1-03 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

\* NOTE: Section 57-51.1-02 was also amended by section 2 of House Bill No. 1414, chapter 691.

\*\* NOTE: Section 57-51.1-03 was also amended by section 3 of House Bill No. 1414, chapter 691.

57-51.1-03. Exemptions from oil extraction tax. The following activities are specifically exempted from the oil extraction tax:

1. The activity of extracting from the earth any oil that is exempt from the gross production tax imposed by chapter 57-51.
2. The activity of extracting from the earth any oil from a stripper well property.
3. For a well drilled and completed after April 27, 1987, the initial production of oil from the well is exempt from any taxes imposed under this chapter for a period of fifteen months. Oil recovered during testing prior to well completion is exempt from the oil extraction tax. The exemption under this subsection becomes ineffective if the average price of a barrel of crude oil ~~between June first and October thirty first of any year is thirty three dollars or more~~ for any consecutive five-month period in any year is thirty-three dollars or more. However, the exemption is reinstated if, after the aforementioned trigger provision becomes effective, the average price of a barrel of crude oil is less than thirty-three dollars for any consecutive five-month period in any year.
4. The production of oil from a qualifying well that was worked over is exempt from any taxes imposed under this chapter for a period of twelve months, beginning with the first day of the third calendar month after the completion of the work-over project. The exemption provided by this subsection is only effective if the well operator files a notice of intention to begin a work-over project with the industrial commission prior to commencement of the project and establishes to the satisfaction of the industrial commission upon completion of the project that the cost of the project exceeded either a minimum of sixty-five thousand dollars or a minimum of thirty thousand dollars if production is increased at least fifty percent during the first two months after completion of the project. A qualifying well under this subsection is a well with an average daily production of no more than fifty barrels of oil during the latest six calendar months of continuous production prior to the filing of the notice required by this subsection. A work-over project under this subsection means the continuous employment of a work-over rig, including recompletions and reentries. The exemption provided by this subsection becomes ineffective if the average price of a barrel of crude oil ~~between June first and October thirty first of any year is thirty three dollars or more~~ for any consecutive five-month period in any year is thirty-three dollars or more. However, the exemption is reinstated if, after the aforementioned trigger provision becomes effective, the average price of a barrel of crude oil is less than thirty-three dollars for any consecutive five-month period in any year.

  - b. The incremental production from a tertiary recovery project which has been certified as a qualified project by the industrial commission subsequent to June 30, 1991, is exempt from any taxes imposed under this chapter for a period of ten years from the date the incremental production begins.
  - c. For purposes of this subsection, incremental production is defined in the following manner:

- (1) For purposes of determining the exemption provided for in subdivision a of this subsection and with respect to a unit where there has not been a secondary recovery project, incremental production means the difference between the total amount of oil produced from the unit during the secondary recovery project and the amount of primary production from the unit. For purposes of this paragraph, primary production means the amount of oil which would have been produced from the unit if the secondary recovery project had not been commenced. The industrial commission shall determine the amount of primary production in a manner which conforms to the practice and procedure used by the commission at the time the project is certified.
- (2) For purposes of determining the exemption provided for in subdivision a of this subsection and with respect to a unit where a secondary recovery project was in existence prior to July 1, 1991, and where the industrial commission cannot establish an accurate production decline curve, incremental production means the difference between the total amount of oil produced from the unit during a new secondary recovery project and the amount of production which would be equivalent to the average monthly production from the unit during the most recent twelve months of normal production reduced by a production decline rate of ten percent for each year. The industrial commission shall determine the average monthly production from the unit during the most recent twelve months of normal production and must upon request or upon its own motion hold a hearing to make this determination. For purposes of this paragraph, when determining the most recent twelve months of normal production the industrial commission is not required to use twelve consecutive months. In addition, the production decline rate of ten percent must be applied from the last month in the twelve-month period of time.
- (3) For purposes of determining the exemption provided for in subdivision a of this subsection and with respect to a unit where a secondary recovery project was in existence before July 1, 1991, and where the industrial commission can establish an accurate production decline curve, incremental production means the difference between the total amount of oil produced from the unit during the new secondary recovery project and the total amount of oil that would have been produced from the unit if the new secondary recovery project had not been commenced. For purposes of this paragraph, the total amount of oil that would have been produced from the unit if the new secondary recovery project had not been commenced includes both primary production and production that occurred as a result of the secondary recovery project that was in existence before July 1, 1991. The industrial commission shall determine the amount of oil that would have been produced from the unit if the new secondary recovery project had not been commenced in a manner that conforms

- to the practice and procedure used by the commission at the time the new secondary recovery project is certified.
- (4) For purposes of determining the exemption provided for in subdivision b of this subsection and with respect to a unit where there has not been a secondary recovery project, incremental production means the difference between the total amount of oil produced from the unit during the tertiary recovery project and the amount of primary production from the unit. For purposes of this paragraph, primary production means the amount of oil which would have been produced from the unit if the tertiary recovery project had not been commenced. The industrial commission shall determine the amount of primary production in a manner which conforms to the practice and procedure used by the commission at the time the project is certified.
- (5) For purposes of determining the exemption provided for in subdivision b of this subsection and with respect to a unit where there is or has been a secondary recovery project, incremental production means the difference between the total amount of oil produced during the tertiary recovery project and the amount of production which would be equivalent to the average monthly production from the unit during the most recent twelve months of normal production reduced by a production decline rate of ten percent for each year. The industrial commission shall determine the average monthly production from the unit during the most recent twelve months of normal production and must upon request or upon its own motion hold a hearing to make this determination. For purposes of this paragraph, when determining the most recent twelve months of normal production the industrial commission is not required to use twelve consecutive months. In addition, the production decline rate of ten percent must be applied from the last month in the twelve-month period of time.
- (6) For purposes of determining the exemption provided for in subdivision b of this subsection and with respect to a unit where there is or has been a secondary recovery project and where the industrial commission can establish an accurate production decline curve, incremental production means the difference between the total amount of oil produced from the unit during the tertiary recovery project and the total amount of oil that would have been produced from the unit if the tertiary recovery project had not been commenced. For purposes of this paragraph, the total amount of oil that would have been produced from the unit if the tertiary recovery project had not been commenced includes both primary production and production that occurred as a result of any secondary recovery project. The industrial commission shall determine the amount of oil that would have been produced from the unit if the tertiary recovery project had not been commenced in a manner that conforms to the practice and procedure used

by the commission at the time the tertiary recovery project is certified.

- d. The industrial commission shall adopt rules relating to this exemption that must include procedures for determining incremental production as defined in subdivision c of this subsection.

SECTION 4. EFFECTIVE DATE. This Act is effective for taxable periods beginning after June 30, 1991.

SECTION 17. Appeal from orders of authority board. Informal decision by bureau. Notwithstanding sections 28-32-05, 28-32-08, and 28-32-13, the following procedures must be followed when a claim for benefits or reapplication for benefits is made under this title:

1. All claims must be filed on forms furnished by the bureau for that purpose.

2. Upon filing of a claim, including the claimant's statement and physician's certificate, the bureau shall send a copy of the claim, along with a form provided for the employer's response by regular mail, to the employer, if the employer's response is not filed at the time the claim is filed.
3. The employer has thirty days from the day a copy of the claim is mailed to the employer by the bureau to file or mail a response. Failure of the employer to file a response to the claim within thirty days constitutes an admission by the employer that the allegations stated in the claim form are true. The bureau may reopen a determination made without an employer's report on its own motion, pursuant to section 65-05-04, on the grounds it deems sufficient.
4. The bureau shall make its informal decision on the claim after filing of the claim and the physician's certificate. The bureau shall issue a notice of decision, including a short summary indicating the reason for decision, and shall serve the notice on the parties by mailing a copy to them by regular mail. The bureau is not required to make findings of fact and conclusions of law when it makes an informal decision. Any party may, within thirty days of the date of mailing of notice of initial award, request reconsideration by filing a written request for reconsideration. The request may be accompanied by affidavits, medical records, or other evidence not previously submitted to the bureau. No later than ninety days following filing of a request for reconsideration, the bureau shall issue an order conforming to the requirements of chapter 28-32. Following issuance of an order, any party may request rehearing or file an appeal in accordance with chapter 28-32. If a timely request for reconsideration is not filed, the decision of the bureau is final, subject only to reopening of the claim under section 65-05-04. The provisions of section 65-10-01, relating to appeals from decision of the bureau, apply only when the bureau issues an order following a timely request for reconsideration.
5. The bureau may hold informal proceedings to determine any matter subject to its jurisdiction. The bureau shall issue to the parties a notice of decision, including a short statement or summary indicating the reason for the decision, and notice of the right to request reconsideration as provided by this section. The bureau may convene a formal hearing prior to issuing an administrative order, if the bureau so desires.
6. After acceptance of a claim, the bureau may continue to pay medical charges, disability benefits, or a vocational award for time loss without issuing notice of award.
7. The bureau shall issue an administrative order under chapter 28-32 when it makes a permanent partial impairment award or a vocational award, terminates or denies disability or vocational services, or has otherwise been requested to issue an administrative order by an aggrieved party by filing a request for reconsideration of its informal decision.

SECTION 27. AMENDMENT. Section 65-02-06 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

The bureau may employ as its full-time attorney a duly appointed assistant attorney general and pay from the fund the entire salary of the assistant.

SECTION 28. AMENDMENT. Section 65-02-07 of the North Dakota Century Code is amended and reenacted as follows:

65-02-07. Bureau to have seal. The bureau shall have a seal for the purpose of authentication, whenever authentication is required, upon which seal shall be inscribed the words "Workers' Compensation Bureau - Job Service North Dakota - Seal".

SECTION 29. AMENDMENT. Section 65-02-08 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-02-08. Rulemaking power of the bureau - Fees prescribed by bureau. The bureau shall ~~make, promulgate, and enforce~~ adopt such rules, not inconsistent with the provisions of this title, as may be necessary to carry out the provisions of this title. All fees on claims for legal, medical, and hospital services rendered under this title to any claimant must be in accordance with schedules of fees adopted or to be adopted by the bureau. Fee schedules for medical and hospital services must incorporate cost-saving measures and must be submitted to and approved by the committee on administrative rules before submission to the legislative council for publication. The bureau shall establish, by administrative rule, an hourly rate to compensate claimants' attorneys for legal services following constructive denial of a claim or issuance of an administrative order under chapter 28-32 reducing or denying benefits. "Constructive denial" means delay in payment, failure to issue an administrative order, or failure to act within ninety days of the date when all elements of filing or notice of reapplication of claim have been satisfied or a claim for additional benefits over and above benefits previously awarded has been made. The bureau shall establish, by administrative rule, a reasonable maximum fee for each stage of the proceedings, provided further that the maximum fee may be exceeded upon application of the claimant and approval of the bureau, which may not be unreasonably denied, upon a finding that the claim has clear and substantial merit and additional fees are warranted because the legal or factual issues involved in the dispute are unusually complex. The bureau may also provide, by administrative rule, an hourly fee for legal assistants or paraprofessionals, and fees for court reporters. The bureau may establish reasonable rules governing payment of fees, required fee statements, billing practices, reimbursement for costs, and other necessary rules governing payment for legal services not inconsistent with the provisions of this title. All attorneys' fees and costs must be paid from the bureau general fund. Nothing provided herein may be construed to prevent a claimant or employer from hiring or paying his or her own attorney; however, the

claimant's attorney may not seek or obtain costs or attorney's fees from both the bureau and the claimant relative to the same services. The bureau may deny attorneys' fees upon a finding that the claim is frivolous. All disputes relating to payment or denial of attorneys' fees must be submitted to binding arbitration by a fee arbitration panel composed of one member selected by the claimant's attorney, one member selected by the bureau, and one member selected jointly by the claimant's attorney and the bureau. An attorney who agrees to accept compensation from the bureau for services pursuant to this section agrees to binding fee arbitration of all disputes relating to payment or denial of fees.

SECTION 30. Four new sections to chapter 65-02 of the North Dakota Century Code are created and enacted as follows:

Workers' compensation binding arbitration panel - Membership. The bureau shall establish four regional listings of persons who may serve as arbitrators for workers' compensation proceedings. Each regional listing must contain an equal number of names submitted to the director by an organization, statewide in scope, which, through its affiliates, embraces a cross section and a majority of the organized labor of the state; an equal number of names submitted to the director by a recognized statewide organization of employers, representing a majority of employers; and a similarly equal number of names selected by the bureau from applications by interested persons throughout the state who demonstrate the unique ability, experience, and qualifications to serve as arbitrators. Each list must be revised every three years. The people whose names appear on a regional listing must reside in that region. When a disputed claim is submitted for binding arbitration, the employee shall select a name from the appropriate regional list that was submitted by the labor organization; the employer shall select a name from the appropriate regional list that was submitted by the statewide organization of employers or shall designate the bureau to do so; and the selected employee and employer representatives shall select a name from the appropriate regional list of those individuals who have been selected to serve as arbitrators based upon their experience and ability. The appropriate region is the region in which the employee resides. If the employee resides out of state, the appropriate region is the region of the situs of employment. As an alternative selection procedure, by mutual agreement, the employee and the employer may designate themselves as the employee and employer representatives on the panel and together shall select the third panel member from the appropriate regional list of those individuals who have been selected to serve as arbitrators based upon their experience and ability. Panel members are entitled to remuneration for their services at a rate set by the bureau and to travel expenses at the rate in effect for state employees. The bureau shall provide staff services to the panel members. The salaries and expenses of the panel must be paid from money appropriated to the bureau for that purpose.

Removal of a panel member. The director may remove a member of the workers' compensation binding arbitration panel for cause.

Binding arbitration panel - Attorneys' fees. Following constructive denial of a claim or issuance of an administrative order under chapter 28-32 reducing or denying benefits, an aggrieved employee may request that the action be submitted to binding arbitration before the workers' compensation binding arbitration panel in lieu of a formal administrative hearing or judicial remedy. The bureau shall pay, at an hourly rate established by the bureau, a claimant's attorneys' fees on claims submitted for binding

arbitration. If the aggrieved employee elects not to submit the action to binding arbitration, attorneys' fees may only be paid if the employee prevails.

Administrative orders - Decisions of binding arbitration panel - Appeals. An appeal of an administrative order is subject to section 28-32-14. A decision of the workers' compensation binding arbitration panel is final and nonreviewable by a district court, except as provided in section 65-05-04.

Upon the bureau's determination that the claim is compensable, the bureau shall pay the medical expenses associated with the claim and notify the employer of payments to be made by the employer under this section. If the employer does not pay the bureau within ninety days of notice by the bureau, the bureau may impose a penalty on that employer. The penalty may not exceed one hundred twenty-five percent of the payment owed by the employer. The bureau shall collect the penalty in a civil action against the employer and deposit the money in the fund. An employer may not directly or indirectly charge an injured employee for any payment the employer makes on a claim. When the cost of an injured employee's medical treatment exceeds two hundred fifty dollars, the bureau shall pay all further medical expenses pursuant to this title. This section is effective for all compensable injuries that occur after June 30, 1991.

SECTION 42. Two new subsections to section 65-05-07 of the 1989 Supplement to the North Dakota Century Code are created and enacted as follows:

SECTION 43. AMENDMENT. Section 65-05-08 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-05-08. Compensation not paid unless period of disability is of five days' duration or more - Application required. If the period of total or partial disability is of five consecutive calendar days' duration or more, compensation ~~shall~~ must be paid ~~during such~~ for the period of disability providing provided that:

2. When partial or total disability benefits are discontinued, the claimant shall provide the bureau written notice of reapplication for disability benefits. In case of reapplication, the award may commence no more than thirty days before the date of reapplication. Disability benefits must be reinstated upon a finding that:

  - b. The employee has provided evidence of actual wage loss attributable to the work injury; and
  - c. The employee has not retired or voluntarily withdrawn from the job market as defined in section 65-05-09.3.

After discharge from the institution, payment of benefits thereafter due must be paid as the ~~worker~~ employee would, but for the provisions of this subsection, otherwise be entitled.
4. Any ~~worker~~ employee who is eligible for, or receiving, disability benefits under this title shall report any wages earned, from part-time or full-time employment, from the employer of injury or any other employer. Failure to report such wages earned requires the ~~worker~~ employee to refund to the bureau any partial or total disability benefits overpaid by the bureau for that time period.

To facilitate recovery, the bureau may offset future benefits otherwise payable, under section 65-05-29. If the bureau determines that the failure to report wages earned was willful, the employee forfeits all further lost-time benefits otherwise payable under this title for that injury pursuant to section 65-05-33.

5. An employee shall request disability benefits on a lost-time claim form furnished by the bureau. In no case may lost-time benefits commence more than one year prior to filing of the initial lost-time claim form.

3. The report must be filed on a form furnished by the bureau, or on any other form acceptable to the bureau.
4. The claimant shall ensure that the required reports are filed.
5. Prior to expiration of a period of temporary total disability certified by a doctor, if a report certifying an additional period of disability has not been filed, the bureau shall send a notice to the claimant of intention to discontinue benefits, the reason therefor, and an explanation of the right to respond and the procedure for filing the required report or challenging the proposed action. A copy of the notice must be mailed to the claimant's doctor. Thereafter, if the required certification is not filed, the bureau shall discontinue temporary total disability benefits by formal order, effective no sooner than twenty-one days after the date of notice of intention to discontinue benefits is mailed.

6. Upon receipt of a report or other evidence indicating a claimant who is receiving temporary total disability benefits has been or will be released to return to work, the bureau shall issue and mail to the claimant a notice of intention to discontinue benefits. Such benefits may thereafter be discontinued on the date of release to return to work or twenty-one days following mailing of the notice, whichever is later. The notice must include a statement of the reason for the action, a brief summary of the evidence relied upon by the bureau, and an explanation of the right to respond and the procedure for challenging the action and submitting additional evidence to the bureau.

SECTION 45. AMENDMENT. Section 65-05-09 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-05-09. Temporary total or permanent total disability - Weekly and aggregate compensation. If an injury causes temporary total or permanent total disability, the fund shall pay to the disabled employee during such disability a weekly compensation equal to sixty-six and two-thirds percent of the gross weekly wage of the claimant, subject to a minimum of sixty percent and a maximum of one hundred percent of the average weekly wage in the state. If an employee is disabled due to an injury, that employee's benefits will be based upon the employee's wage and the bureau benefit rates in effect on the date of first disability.

1. If an employee suffers disability but is able to return to employment for a period of twelve consecutive calendar months or more, that employee's benefits will be based upon the wage in effect at the time of the recurrence of the disability or upon the wage that employee received prior to the injury, whichever is higher; and the bureau benefit rates shall be those in effect at the time of that recurrence.
2. In case of permanent total or temporary total disability, there must be paid to such disabled employee an additional dependency allowance for each child of the employee at the rate of ten dollars per week per child. Effective July 1, 1989, this rate must be paid to each eligible employee regardless of the date of injury.
3. Dependency allowance for the children may be made directly to either parent or guardian at the discretion of the bureau.
4. In no case may the compensation or combined compensation and dependency award exceed the weekly wage of the employee after deductions for social security and federal income tax.
5. When an employee who is permanently and totally disabled and must be maintained in a nursing home or similar facility, and has no dependent parent, spouse, or children, part or all of that employee's weekly compensation may be used by the bureau to help defray the cost of such care.

SECTION 46. Section 65-05-09.3 of the North Dakota Century Code is created and enacted as follows:

65-05-09.3. Retirement presumption. An employee who has retired or voluntarily withdrawn from the labor force is presumed retired from the labor

market and is ineligible for receipt of disability benefits under this title. The presumption may be rebutted by a preponderance of the evidence that the worker:

1. Is actively seeking employment;
2. Is available for gainful employment;
3. Has not rejected any job offer made by a former employer, or other bona fide job offer by another employer; and
4. Has not provided the employer, upon written request, with written notice of a scheduled retirement date.

The presumption does not apply to any employee who is permanently and totally disabled as defined under this title.

SECTION 47. AMENDMENT. Section 65-05-10 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-05-10. Partial disability - Weekly compensation. If the injury causes temporary partial disability resulting in decrease of earning capacity, the compensation is sixty-six and two-thirds percent of the difference between the injured employee's average weekly wages before the injury and the employee's wage earning capacity after the injury in the same or another employment. However, the partial disability benefits may not exceed an amount equal to sixty-six and two-thirds percent of the employee's average weekly wage at the time of the injury benefit rates as defined in section 65-05-09.

1. It is the burden of the employee to show that the inability to obtain employment or to earn as much as the employee earned at the time of injury, is due to physical limitation related to the injury, and that any wage loss claimed is the result of the compensable injury.
2. If the employee voluntarily limits income or refuses to accept employment suitable to the employee's capacity, offered to or procured for the employee, such employee is not entitled to any compensation at any time during the continuance of such refusal unless, at any time, such refusal is justified in the opinion of the bureau.
3. No compensation is payable unless the loss of earning ~~power~~ capacity exceeds ten percent. The claimant may earn up to ten percent of the claimant's average gross weekly earnings with no reduction in total disability benefits.
4. Upon securing suitable employment, the injured employee shall notify the bureau of the name and address of the employer, the date the employment began, and the amount of wages being received on an annual basis. The injured employee shall notify the bureau whenever there is a change in wages received.
5. The benefits provided by this section are available to any otherwise eligible worker, providing the loss of earning ~~power~~ capacity occurs after July 1, 1989. Partial loss of earning ~~power~~

- capacity occurring prior to July 1, 1989, must be paid at a rate to be fixed by the bureau.
6. Dependency allowance must be paid under section 65-05-09 on claims receiving benefits under this section.
  7. Benefits must be paid during the continuance of partial disability, not to exceed a period of five years. The bureau may waive the five-year limit on the duration of partial disability benefits in cases of catastrophic injury as defined in section 65-05.1-06. This subsection is effective for partial loss of earnings capacity occurring after June 30, 1991.
  8. The employee's earnings capacity may be established by expert vocational evidence of a capacity to earn in the statewide job pool where the worker lives. Actual postinjury earnings are presumptive evidence of earnings capacity where the job employs the employee to full work capacity in terms of hours worked per week, and where the job is in a field related to the employee's transferable skills. The presumption may be rebutted by competent evidence from a vocational expert that the employee's actual earnings do not fairly reflect the employee's earnings capacity in the statewide job pool, considering the employee's capabilities, education, experience, and skills.

SECTION 48. A new section to chapter 65-05 of the North Dakota Century Code is created and enacted as follows:

Permanent impairment. When there is a dispute as to the percentage of an employee's permanent impairment, all medical evidence must be submitted to an independent physician who has not treated the employee or who has not been consulted by the bureau in relation to the injury upon which the impairment is based. The bureau shall establish a comprehensive list of physicians who are medical specialists within the state. The bureau and the claimant shall choose a physician to review a disputed permanent impairment rating by striking names from the list until a name is chosen. The decision of the independent physician is presumptive evidence of the degree of permanent impairment of the employee.

SECTION 49. AMENDMENT. Section 65-05-25 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

~~65-05-25. Lump sum settlement - Granted in discretion of bureau - How computed. The bureau, if it determines it is in the best interest of the claimant, may pay a lump sum equal to the present value of all future payments of compensation. The bureau and the claimant, after an opportunity to seek legal counsel, may compromise to resolve a disputed claim. The contract of settlement made is enforceable by the parties. The probability of the beneficiary's or claimant's death before the expiration of the period during which he is entitled to compensation must be determined by reference to generally accepted mortality studies. In case of the spouse of a deceased employee, the lump sum may not exceed compensation for four hundred sixteen weeks and the probability of the happening of any other contingency affecting the amount or duration of the compensation must be disregarded. If at the expiration of a period for which lump sum settlement was made hereunder the claimant is still alive and has not remarried, the bureau, in its discretion, may again assume liability and resume pension payments. The bureau may also~~

grant a partial lump sum settlement, based upon the same computations as the complete lump sum. Any decision of the bureau rendered under this section may be appealed to the district court as provided for in chapter 65-10, and the district court shall render its decision sustaining the decision of the bureau, reversing it, or remanding it back to the bureau with instructions.

1. If an employee is determined to be permanently and totally disabled, the bureau may pay the employee a lump sum equal to the present value of all future payments of compensation. The probability of the employee's death before the expiration of the period during which the employee is entitled to compensation must be determined by generally accepted mortality studies. The bureau may not pay the employee a lump sum unless it has first determined that there is clear and convincing evidence that the lump sum payment is in the best interest of the employee. Best interest of the employee may not be deemed to exist because the employee can invest the lump sum in another manner to realize a better yield. The employee must show a specific plan of rehabilitation which will enable the employee to return to work as a productive member of society.
2. The bureau and an employee may compromise to resolve a disputed claim. The contract of settlement made is enforceable by the parties. The contract may provide that the employee shall utilize the funds to engage in certain rehabilitation programs. If the employee breaches the contract, the bureau may require the employee to repay the benefits received under the agreement. In cases in which the extent of disability is disputed and resolved by agreement, the concept of reopening a disability claim due to significant change in medical condition is applicable.

SECTION 50. AMENDMENT. Section 65-05-28 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-05-28. Examination of injured employee - Paid expenses - No compensation paid if claimant refuses to reasonably participate. Every employee who sustains an injury may select a doctor of that employee's choice to render initial treatment. Upon a determination that the employee's injury is compensable, the bureau may require the employee to begin treating with another doctor, to better direct the medical aspects of the injured employee's claim. The bureau shall provide a list of three doctors who specialize in the treatment of the type of injury the employee sustained. At the bureau's request, the employee shall select a doctor from the list. An injured employee shall follow the directives of that employee's the doctor or health care provider who is treating the employee as chosen by the employee at the request of the bureau, and comply with all reasonable requests during the time the employee is under medical care. Providing further that:

1. No employee may change from one doctor to another while under treatment or after being released, without the prior written authorization of the bureau. Failure to obtain approval of the bureau renders the employee liable for the cost of treatment and the new doctor will not be considered the attending doctor for purposes of certifying temporary disability.
  - a. Any employee requesting a change of doctor shall file a written request with the bureau stating all reasons for the change.

Upon receipt of the request, the bureau will review the employee's case and approve or deny the change of doctor, notifying the employee and the requested doctor.

- b. Emergency care or treatment or referral by the attending doctor does not constitute a change of doctor and does not require prior approval of the bureau.
2. Travel and other personal reimbursement for seeking and obtaining medical care is paid only upon request of the injured employee. All claims for reimbursement must be supported by the original vendor receipt and must be submitted within one year of the date the expense was incurred or reimbursement must be denied. Reimbursement must be made at the bureau reimbursement rates in effect on the date of incurred travel or expense. Mileage calculations must be based upon the atlas or map mileage from city limit to city limit and do not include intracity mileage. Providing further that:
    - a. No payment for mileage or other travel expenses may be made when the distance traveled is less than fifty miles [80.47 kilometers] one way, unless the total mileage equals or exceeds two hundred miles [321.87 kilometers] in a calendar month;
    - b. All travel reimbursements are payable at the rates at which state employees are paid per diem and mileage, except that the bureau may pay no more than actual cost of meals and lodging, if actual cost is less;
    - c. Reimbursement may not be paid for travel other than that necessary to obtain the closest available medical or hospital care needed for the injury. If the injured employee chooses to seek medical treatment outside a local area where care is available, travel reimbursement may be denied;
    - d. Reimbursement may not be paid for the travel and associated expenses incurred by the injured employee's spouse, children, or other persons unless the employee's injury prevents travel alone and the inability is medically substantiated; and
    - e. Other expenses, including telephone calls and car rentals are not reimbursable expenses.
  3. The bureau may at any time require an employee to submit to an independent medical examination by a duly qualified doctor or doctors designated or approved by the bureau. The independent medical examination must be for the purpose of review of the diagnosis, prognosis, treatment, or fees. The employee may have a duly qualified doctor designated by that employee present at the examination if procured and paid for by that employee. Providing further that:
    - a. In case of any disagreement between doctors making an examination on the part of the bureau and the employee's doctor, the bureau shall appoint an impartial doctor duly qualified who shall make an examination and shall report to the bureau.

- b. The employee, in the discretion of the bureau, may be paid reasonable travel and other per diem expenses under the guidelines of subsection 2. If the employee is working and loses gross wages from the employee's employer for attending the examination, the gross wages must be reimbursed as a miscellaneous expense upon receipt of a signed statement from the employer verifying the gross wage loss.
4. If an employee, or the employee's representative, refuses to submit to, or in any way intentionally obstructs, any examination, or refuses reasonably to participate in medical or other treatments, the employee's right to claim compensation under this title is suspended until the refusal or obstruction ceases. No compensation is payable while the refusal or obstruction continues, and the period of the refusal or obstruction must be deducted from the period for which compensation is payable to the employee.

SECTION 51. AMENDMENT. Section 65-05-33 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-05-33. Filing false claim or false statements - Penalty. Any person claiming benefits or payment for services under this title, who willfully files a false claim or makes a false statement, or willfully fails to notify the bureau as to the receipt of income, or an increase in income, from employment, after the issuance of an order awarding benefits, in connection with any claim or application under this title is guilty of a class ~~B~~ A misdemeanor. Provided further that:

1. For the purposes of this section, ~~the term~~ "statement" includes any testimony, claim form, notice, proof of injury, proof of return to work status, bill for services, diagnosis, prescription, hospital or doctor records, X-ray, test results, or other evidence of loss, injury, or expense.
2. In addition to any other penalties provided by law, the person claiming benefits or payment for services in violation of this section shall:
  - a. Reimburse the bureau for any benefits paid based upon the false claim or false statement, and if applicable, under section 65-05-29.
  - b. Forfeit any additional benefits relative to that injury.

SECTION 52. Section 65-05-34 of the North Dakota Century Code is created and enacted as follows:

65-05-34. False statement on employment application. A false statement in an employment application made by an employee bars all benefits under this title if:

1. The employee knowingly and willfully made a false representation as to the employee's physical condition;
2. The employer relied upon the false representation and this reliance was a substantial factor in the hiring; and

3. There was a causal connection between the false representation and the injury.

SECTION 53. Section 65-05-35 of the North Dakota Century Code is created and enacted as follows:

65-05-35. Inactive claim - Presumption.

1. A claim for benefits under this title is presumed inactive if:
  - a. A doctor's report has been filed indicating the employee has reached maximum medical recovery; and
  - b. The bureau has not paid any benefit or received a demand for payment of any benefit for a period of four years.
2. A claim that is presumed inactive may not be reopened for payment of any further benefits unless the presumption is rebutted by a preponderance of the evidence. At a minimum, the employee shall present expert medical opinion that there is a causal relationship between the work injury and the current symptoms.
3. With respect to a claim that has been presumed inactive, the employee shall provide the bureau written notice of reapplication for benefits under that claim. In case of award of lost-time benefits, the award may commence no more than thirty days before the date of reapplication. In case of award of medical benefits, the award may be for medical services incurred no more than thirty days before the date of reapplication.

SECTION 54. A new section to chapter 65-05 of the North Dakota Century Code is created and enacted as follows:

Bureau to adopt fee schedule. Unless the bureau has adopted fee schedules for medical and hospital services as required by section 65-02-08, the bureau, by February 1, 1992, shall adopt a fee reimbursement schedule for medical and hospital services and supplies for claims for workers' compensation. The amount of the fees for a specific medical or hospital service or supply set forth in the schedule adopted pursuant to this section must be equal to one hundred ten percent of the amount allowed for that medical or hospital service or supply under the urban hospital fee schedule of the medicare prevailing profile in effect at the time the service or supply is provided. The bureau shall establish a supplemental schedule to include any medical or hospital service or supply that is provided to injured employees and is not covered by the medicare prevailing profile. Any fee for a medical or hospital service or supply which is in excess of the amount allowed for that medical or hospital service or supply by the appropriate schedule under this section may not be recovered by the health care provider from the injured employee, the employer, or the bureau. A health care provider may charge a fee for a medical or hospital service or supply that is less than the fee allowed by the appropriate schedule. The fee schedules provided for in this section remain in effect until the bureau adopts fee schedules for medical and hospital services as required by section 65-02-08.

SECTION 55. AMENDMENT. Section 65-05.1-01 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

## 65-05.1-01. Rehabilitation services.

1. The state of North Dakota exercising its police and sovereign powers, declares that disability caused by injuries in the course of employment and disease fairly traceable to the employment create a burden upon the health and general welfare of the citizens of this state and upon the prosperity of this state and its citizens.
2. It is the purpose of this chapter to provide for the health and welfare by ensuring to workers' compensation claimants otherwise covered by this title, services, so far as possible, necessary to assist the claimant and the claimant's family in the adjustments required by the injury to the end that the claimant may receive comprehensive rehabilitation services. Such services shall include medical, psychological, economic, and social rehabilitation.
3. It is the goal of vocational rehabilitation to return the disabled ~~worker~~ employee to substantial gainful employment with a minimum of retraining, as soon as possible after an injury occurs. "Substantial gainful employment" means bona fide work, for remuneration, which is reasonably attainable in light of the individual's injury, medical limitations, age, education, previous occupation, experience, and transferable skills, and which offers an opportunity to restore the ~~worker~~ employee as soon as practical and as nearly as possible to the ~~worker's~~ employee's average weekly earnings at the time of injury, or to ~~seventy-five percent~~ of the average weekly wage in this state on the date the rehabilitation consultant's report is issued under section 65-05.1-02.1, whichever is less. The purpose of defining substantial gainful employment in terms of earnings is to determine the first appropriate priority option under subsection 4 of section 65-05.1-04 which meets this income test.
4. The first appropriate option among the following, calculated to return the ~~worker~~ employee to substantial gainful employment, must be chosen for the ~~worker~~ employee:
  - a. Return to the same position.
  - b. Return to a modified position.
  - c. Return to a related occupation in the local job pool which is suited to the ~~worker's~~ employee's education, experience, and marketable skills.
  - d. Return to a related occupation in the statewide job pool which is suited to the employee's education, experience, and marketable skills.
  - e. On the job training.
  - ~~e- f.~~ Short-term retraining of fifty-two weeks or less.
  - ~~f- g.~~ Long-term retraining of one hundred four weeks or less.
  - ~~g- h.~~ Self-employment.

5. If the vocational consultant concludes that none of the priority options under subsection 4 of section 65-05.1-01 are viable, and will not return the employee to the lesser of seventy-five percent of the average weekly wage, or the employee's preinjury earnings, the employee shall continue to minimize the loss of earnings capacity, to seek, obtain, and retain employment:

- a. That meets the employee's medical limitations;
- b. In which the employee meets the qualifications to compete; and
- c. Which will reasonably result in retained earnings capacity equivalent to the lesser of the employee's preinjury earnings or fifty percent of the average weekly wage in the state on the date the rehabilitation consultant's report is issued.

An award of partial disability due to retained earnings capacity under this section must be made pursuant to section 65-05-10.

~~5-~~ 6. By agreement between the bureau and the worker employee, the income test in subsection 3 and the priority options in subsection 4 may be waived.

~~6-~~ 7. Vocational rehabilitation services may be initiated by:

- a. The bureau on its own motion; or
- b. The worker employee or the employer if proof exists:
  - (1) That the claimant has reached maximum medical recovery;
  - (2) That the claimant is not working and has not voluntarily retired or removed himself from the labor force; and
  - (3) That the worker employee has made good faith efforts to seek, obtain, and retain employment.

~~7-~~ 8. The provisions of chapter 50-06.1 do not apply to determinations of eligibility for vocational rehabilitation made pursuant to this chapter.

SECTION 56. AMENDMENT. Section 65-05.1-02 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-05.1-02. Bureau responsibility. The workers compensation bureau shall:

1. Appoint a director of rehabilitation services and such other staff as necessary to fulfill the purposes of this chapter.
2. Cooperate with such federal or state agency as shall be charged with vocational education, vocational rehabilitation, and job placement in order that any duplication of effort can be avoided, as far as possible, in any individual claim.

3. Make determinations on individual claims as to the extent and duration of the ~~workers compensation~~ bureau involvement under this chapter.
4. Enter into such agreements with other agencies and promulgate any rules or regulations as may be necessary or advantageous in order to carry out the purpose of this chapter.
5. Provide such rehabilitation services and allowances as may be determined by the bureau to be most beneficial to the worker within the limits of this chapter.
6. Establish medical assessment teams, the composition of which must be determined by the bureau on a case-by-case basis, as the nature of the injury may require, for the purpose of assessing the worker's physical restrictions and limitations. The medical assessment team must be provided the medical records compiled by the worker's treating physicians. The medical assessment team may consult the worker's treating physicians prior to making its final assessment of the worker's functional capacities. The provisions of section 65-05-28 do not apply to the medical findings made under this section.
7. Appoint one or more vocational consultants, the identity of which must be determined by the bureau on a case-by-case basis, as the nature of the injury may require, for the purpose of assessing the worker's transferable skills, employment options, and the physical demand characteristics of the worker's employment options, and determining which option available under subdivisions a through f of subsection 4 of section 65-05.1-01 will enable the worker to return to employment within the physical restrictions and limitations provided by the medical assessment team. The vocational consultant shall issue to the bureau a report as provided in section 65-05.1-02.1.

SECTION 57. AMENDMENT. Section 65-05.1-02.1 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-05.1-02.1. Vocational consultant's report. The vocational consultant shall review all records, statements, and other pertinent information and prepare a report to the bureau and ~~worker~~ employee.

1. The report must:
  - a. Identify the first appropriate rehabilitation option by following the priorities set forth in subsection 4 of section 65-05.1-01.
  - b. Contain findings of why a higher listed priority, if any, is not appropriate.
2. Depending on which option the consultant identifies as appropriate, the report also must contain findings that:
  - a. Identify jobs in the local or statewide job pool and the ~~worker's~~ employee's anticipated earnings from each job;

- b. Describe an appropriate on-the-job training program, and the ~~worker's~~ employee's anticipated earnings;
  - c. Describe an appropriate short-term or long-term retraining program, the employment opportunities anticipated upon the ~~worker's~~ employee's completion of the program, and the ~~worker's~~ employee's anticipated earnings; or
  - d. Describe the ~~worker's~~ employee's potential for specific self-employment, limitations the ~~worker~~ employee might have in such a self-employment, any assistance necessary, and the ~~worker's~~ employee's anticipated earnings.
3. The vocational consultant's report is due within sixty days from the initial referral for rehabilitation assessment under this chapter. However, where the vocational consultant determines that short-term or long-term training options must be evaluated because higher priority options are not viable, the final report is due within ninety days of the initial assessment to allow the employee to assist in formulating the choice among the qualified training programs.

SECTION 58. AMENDMENT. Section 65-05.1-04 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-05.1-04. Injured ~~worker~~ employee responsibility.

1. It shall be the responsibility of the ~~The injured worker to~~ employee shall seek, obtain, and retain reasonable and substantial employment in order to reduce the period of temporary disability to a minimum. ~~The worker~~ employee has the burden to establish that the ~~worker~~ employee has met this responsibility.
2. In the event that the injured ~~worker~~ employee is unable to obtain substantial employment as a direct result of ~~his~~ his injury ~~he,~~ he, the employee shall promptly notify the bureau under subdivision b of subsection 6 of section 65-05.1-01.
3. It is the responsibility of the ~~The injured worker to~~ employee shall be available for testing under subsection 6 or 7 of section 65-05.1-02, and for any further examinations and testing as may be prescribed by the bureau to determine whether or not a program of rehabilitation is necessary.
4. If the bureau determines that a program of rehabilitation is necessary and feasible, the injured worker, upon having been so notified, shall be available for such a program. Upon notification, with the appropriate assistance and testing from a vocational coordinator appointed by the bureau, the worker shall identify a specific qualified rehabilitation program within sixty days. A qualified rehabilitation program is a rehabilitation plan that meets the criteria of this title, and which is an approved option of the rehabilitation consultant, or is a stipulated rehabilitation plan under subsection 5 of section 65-05.1-01. If the first appropriate rehabilitation option under subsection 4 of section 65-05.1-01 is return to the same or modified position, or return to related occupation, or on-the-job training, the employee

is responsible to make a good faith work trial or work search. If the employee fails to perform a good faith work trial or work search, the finding of nondisability or partial disability is res judicata, and the bureau may not reinstate total disability benefits or recalculate an award of partial disability benefits in the absence of a significant change in medical condition attributable to the work injury. However, the bureau shall recalculate the partial disability award if the employee returns, in good faith, to gainful employment. If the employee meets the burden of proving that the employee made a good faith work trial or work search and that the work trial or work search was unsuccessful due to the injury, the bureau shall reevaluate the employee's vocational rehabilitation claim. A good faith work search that does not result in placement is not, in itself, sufficient grounds to prove the work injury caused the inability to acquire gainful employment. The employee shall show that the injury significantly impacts the employee's ability to successfully compete for gainful employment in that the injury leads employers to favor those without limitations over the employee.

5. If the injured worker shall fail to comply with this section without a reasonable cause, the bureau, by administrative order, shall discontinue all lost-time benefits under this title during the period of noncompliance. If, upon the bureau order becoming final, the period of noncompliance shall continue for six months, the bureau shall have no further jurisdiction in awarding any further temporary total, temporary partial, permanent total, or rehabilitation benefits. If the first appropriate rehabilitation option under subsection 4 of section 65-05.1-01 is short-term or long-term training, the employee shall cooperate with the necessary testing to determine whether the proposed training program meets the employee's medical limitations and aptitudes. The employee shall attend a qualified rehabilitation training program when ordered by the bureau. A qualified training program is a rehabilitation plan that meets the criteria of this title, which is the approved option of the rehabilitation consultant, or is a stipulated rehabilitation plan under subsection 6 of section 65-05.1-01, and commences within a reasonable period of time such as the next quarter or semester.
6. If, without good cause, the injured employee fails to perform a good faith work trial in a return to the same or modified position, or in an on-the-job training program, or fails to make a good faith work search in return to work utilizing the employee's transferable skills, the employee must be deemed to be in noncompliance with vocational rehabilitation. If, without good cause, the injured employee fails to attend a scheduled medical or vocational assessment, or fails to attend a specific qualified rehabilitation program within ten days from the date the rehabilitation program commences, the employee must be deemed to be in noncompliance with vocational rehabilitation. If without good cause, the employee discontinues a job the employee is performing, or a training program in which the employee is enrolled, the employee must be deemed to be in noncompliance with vocational rehabilitation. If the employee establishes a pattern of noncooperation as heretofore described, involving two or more incidents of noncooperation, subsequent efforts by the employee to come into compliance with

vocational rehabilitation may not be deemed successful compliance until the employee has successfully returned to the job or training program for a period of sixty days. In all cases of noncompliance by the employee, the bureau, by administrative order, shall discontinue lost-time benefits. If, upon the bureau order becoming final, the period of noncompliance continues for sixty days, the bureau has no further jurisdiction in awarding any further temporary total, temporary partial, permanent total, or vocational rehabilitation benefits.

SECTION 59. AMENDMENT. Section 65-05.1-06.1 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-05.1-06.1. Rehabilitation award.

1. If the bureau determines that vocational rehabilitation is necessary and feasible, the bureau shall make an award of rehabilitation services by order, under chapter 28-32. Within sixty days of receipt of the final vocational consultant's report, the bureau shall issue an administrative order under chapter 28-32 detailing the employee's entitlement to lost-time and vocational rehabilitation services. The bureau shall establish, by administrative rule, an hourly rate to compensate a worker's an employee's attorney from the date the bureau has notified the worker employee to identify a rehabilitation plan under section 65-05.1-04 be available for testing under subsection 7 of section 65-05.1-02. The bureau may establish, by administrative rule, absolute maximum fees for such representation.
2. The rehabilitation award must be within the following terms: If the appropriate priority option is short-term or long-term training, the vocational rehabilitation award must be within the following terms:
  - a. For the worker's employee's lost time, and in lieu of further temporary total, temporary partial, and permanent total disability benefits, the bureau shall award a rehabilitation allowance. The rehabilitation allowance must be limited to the amount and purpose specified in the award, and must be equal to the disability and dependent benefits the worker employee was receiving, or was entitled to receive, prior to the award.
  - b. The rehabilitation allowance must include an additional twenty-five percent while the worker employee maintains two domiciles, or meets other criteria established by the bureau by administrative rule.
  - c. The rehabilitation allowance must be limited to one hundred four weeks except in cases of catastrophic injury, in which case additional rehabilitation benefits may be awarded in the discretion of the bureau. Catastrophic injury includes:
    - (1) Paraplegia, quadraplegia, severe closed head injury, total blindness, or amputation of an arm or leg, which renders a worker an employee permanently and totally disabled without further vocational retraining assistance; or

- (2) Those ~~workers~~ employees the bureau so designates, in its sole discretion, provided that the bureau finds the ~~worker~~ employee to be permanently and totally disabled without further vocational retraining assistance. There is no appeal from a bureau decision to designate, or fail to designate, a ~~worker~~ an employee as catastrophically injured under this subsection.
- d. The rehabilitation award must include the cost of books, tuition, fees, and equipment, tools, or supplies required by the educational institution. The award may not exceed the cost of attending a public college or university in the state in which the ~~worker~~ employee resides, provided an equivalent program exists in the public college or university.
- e. The rehabilitation allowance may be paid only during such time as the ~~worker~~ employee faithfully pursues vocational retraining. The rehabilitation allowance may be suspended during such time as the ~~worker~~ employee is not faithfully pursuing the training program, or has failed academically. If the work injury itself precludes the ~~worker~~ employee from continuing training, the ~~worker~~ employee remains eligible to receive disability benefits.
- f. In the event the ~~worker~~ employee successfully concludes the rehabilitation program, the bureau may make, in its sole discretion, additional awards for actual relocation expenses to move the household to the locale where the claimant has actually located work.
- g. In the event the ~~worker~~ employee successfully concludes the rehabilitation program, the bureau may make, in its sole discretion, an additional award, not to exceed two months disability benefit, to assist the ~~worker~~ employee with work search.
- h. If the ~~worker~~ employee successfully concludes the rehabilitation program, the ~~worker~~ employee is not eligible for further vocational retraining or total disability benefits unless the ~~worker~~ employee establishes a significant change in medical condition attributable to the work injury which precludes the ~~worker~~ employee from performing the work for which the ~~worker~~ employee was trained, or any other work for which the ~~worker~~ employee is suited. The bureau may waive the ~~provisions~~ of this section in cases of catastrophic injury defined by subdivision c of subsection 2.
- i. If the ~~worker~~ employee successfully concludes the rehabilitation program, the ~~worker~~ employee remains eligible to receive partial disability benefits, as follows:
- (1) Beginning the date at which the ~~worker~~ employee completes retraining, until the ~~worker~~ employee acquires and performs substantial gainful employment, the partial disability benefit is sixty-six and two-thirds percent of the difference between the injured ~~worker's~~ employee's average weekly wages before the injury, and the ~~worker's~~ employee's

- employee's wage-earning capacity after retraining, as measured by the average wage in the worker's employee's occupation, according to criteria established by job service North Dakota in its statewide labor market survey, or such other criteria the bureau, in its sole discretion, deems appropriate. The average weekly wage must be determined on the date the worker employee completes retraining. The benefit continues until the worker employee acquires substantial gainful employment, but in no case may exceed two years one year in duration.
- (2) Beginning the date at which the worker employee acquires substantial gainful employment in the field for which the worker employee was trained, or in a related occupation, the partial disability benefit is sixty-six and two-thirds percent of the difference between the injured worker's employee's average weekly wages before the injury, and the worker's employee's wage-earning capacity after retraining.
  - (3) Beginning the date at which the worker employee acquires substantial gainful employment in an occupation unrelated to the worker's employee's training, the partial disability benefit is sixty-six and two-thirds percent of the difference between the injured worker's employee's weekly wages before the injury, and the worker's employee's wage-earning capacity after retraining, as determined under paragraph 1 of this subdivision, or the worker's employee's actual postinjury wage earnings, whichever is higher.
  - (4) The partial disability benefit payable under paragraphs 1, 2, and 3 of this subdivision must be reduced so that the benefit and the worker's employee's earnings or calculated earnings capacity, together, do not exceed one hundred twenty-five percent of the average weekly wage in this state. For purposes of this subsection, the average weekly wage must be determined on the date the worker employee completes retraining or the date the worker employee acquires substantial gainful employment. The partial disability benefit so calculated is not subject to increase or decrease when the average weekly wage in this state changes.
  - (5) The partial disability benefits paid under paragraphs 1, 2, and 3 of this subdivision may not together exceed five years' one year's duration.
  - (6) For purposes of paragraph 1 of this subdivision, the date the worker employee completes retraining is defined as the date the worker employee is available for full-time work. ~~A worker~~ An employee cannot be deemed available for full-time work while the worker employee pursues education, unless such pursuit will in no way interfere with full-time work.

- (7) For purposes of paragraphs 1, 2, and 3 of this subdivision, "substantial gainful employment" means full-time bona fide work, for a remuneration, other than make-work. "Full-time work" means employment for twenty-eight or more hours per week, on average.
- (8) The bureau may waive the five year one-year limit on the duration of partial disability benefits, in cases of catastrophic injury under subdivision c of subsection 2.
3. If the appropriate priority option is return to the same or modified position, or to a related position, the bureau shall determine whether the employee is eligible to receive partial disability benefits pursuant to section 65-05-10. In addition, the bureau, when appropriate, shall make an additional award for actual relocation expenses to move the household to the locale where the claimant has actually located work.
4. If the appropriate priority option is on-the-job training, the bureau shall pay the employee a lost-time benefit throughout the duration of the on-the-job training program. Upon completion of the training program, the bureau shall determine whether the employee is eligible to receive partial disability benefits pursuant to section 65-05-10. In addition, the bureau, when appropriate, shall make an additional award for actual relocation expenses to move the household to the locale where the claimant has actually located work.

The request for bids must contain a detailed outline of services each vendor will be expected to provide. The accepted bid is binding upon both the bureau and the rehabilitation vendor. If additional services are determined to be necessary as a result of failed or inappropriate rehabilitation of an injured employee through no fault of the employee, the bureau may contract with the vendor for additional services. If the failure or inappropriateness of the rehabilitation of the injured employee is due to the vendor's failure to provide the necessary services to fulfill the contract, the bureau is not obligated to use that vendor for additional services on that claim and the bureau may refuse payment for a service that the vendor failed to perform which was a material requirement of the contract.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 65-08-01 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

65-08-01. Extraterritorial coverage; ~~when~~ - When and how furnished.

1. Compensation may be paid on account of injuries occurring outside this state or because of death due to an injury occurring outside of this state only when:

  - b. A North Dakota employee sustains an injury beyond the borders of this state in a service which is incidental to and is referable to the principal employment; the situs of which is within North Dakota.
  - c.   - d. A North Dakota employer or his authorized agent has hired an employee, who is a resident of another state, for temporary employment the situs of which is located in another state, and where such temporary employment is necessary to the principal employment of such employer; provided that such other state recognizes the coverage under this title as a sole remedy of the employee against the employer for such injury or death.
2. If the injury is sustained at an identifiable out-of-state jobsite, the services rendered and injury sustained may not be deemed to be incidental and referable to the North Dakota employment, even if

the contractual relationship between employer and employee was entered in North Dakota:

3- ~~An employer of over-the-road truck drivers will be deemed to be a North Dakota employer only if:~~

~~a. The employer's trucking business has an office, operates, and dispatches from North Dakota; and~~

~~b. The employer retains control over the driver, and does not exclusively lease the driver to out-of-state employers.~~

1. An employee who suffers an injury while working outside this state, on account of which the employee or the employee's dependents would have been entitled to workers' compensation benefits provided by this title had such injury occurred within this state, is entitled to benefits, or that employee's dependents in the event of the employee's death are entitled to benefits if at the time of injury:

a. The employment is principally localized in this state, as determined by the following:

(1) The employer has a place of business in this state;

(2) The employee regularly works at or from that place of business;

c. The employee is working under a contract of hire made in this state in employment principally localized in another state and that state's workers' compensation law is not applicable to the employer, as provided by a reciprocal agreement;

d. The employee is working under a contract of hire made in this state for employment outside the United States and the workers' compensation law of that other jurisdiction is not applicable to the employer; or

  3. An employment relationship that is principally localized outside of this state is exempt from this title while the employee is temporarily within this state unless the workers' compensation law of the state in which the employment is principally localized provides that the workers' compensation remedy in this state is the exclusive remedy for the employee or the dependents of an employee who died as the result of an injury in this state.
  4. An employer whose employment results in significant contacts with this state shall acquire workers' compensation coverage in this state unless a reciprocal agreement between the states is entered which provides that the other state will likewise recognize that an employment relationship entered into in this state is exempted from the application of the workers' compensation law of the other state. Under this subsection, an employee injured in this state may elect to file a claim in this state notwithstanding that the employee had another remedy in the state in which the employment was principally localized. Benefits paid under the other state's workers' compensation law, however, bar benefits in this state, unless benefits pursuant to the other state's act are paid only to supplement benefits under this title.

### LIVESTOCK REMOVAL WITHOUT BRAND INSPECTION

AN ACT to amend and reenact section 36-09-23 of the North Dakota Century Code, relating to the penalty for removal of livestock from the state.

VETO

March 12, 1991

The Honorable Ronald Anderson  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1447 provides a Class C felony for a second offense of removal of livestock from the state without a brand inspection.

I consider such a penalty too harsh since a second conviction, even if it occurs decades later, results in a felony.

I understand that amendments are being prepared to Section 36-09-23 NDCC to attach to legislation currently being considered which would make the penalty less onerous.

Those amendments will make the penalty more acceptable.

Therefore, I veto House Bill 1447.

Sincerely,

GEORGE A. SINNER  
Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 36-09-23 of the North Dakota Century Code is amended and reenacted as follows:

36-09-23. Removal of livestock from state - Brand inspection - Penalty. No person may remove cattle, horses, or mules from this state or to within a mile [1.61 kilometers] of any boundary of the state for the purpose of removal unless such livestock has been inspected for marks and brands by an official brand inspector of the North Dakota stockmen's association and a certificate of inspection must accompany such livestock to destination. In lieu of such inspection, the owner or possessor may make and sign an invoice or waybill covering such stock showing marks and brands, number, sex and kind of the stock and the consignee and market destination where official brand inspection is provided by or for the said stockmen's association and mail a copy of such invoice or waybill to the association before the stock leaves the state.

It is unlawful for the owner or possessor to remove any such livestock from any place of such regular official brand inspection unless and until official brand inspection has been made and the brand inspection certificate issued.

Any A first violation of this section constitutes a class B misdemeanor. A second or subsequent violation constitutes a class C felony.

### INTERSTATE HIGHER EDUCATION AGREEMENTS

AN ACT to amend and reenact section 15-10-28 of the North Dakota Century Code, relating to agreements with other states' institutions of higher learning.

VETO

March 13, 1991

The Honorable Ronald Anderson  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1371 limits the authority of the Board of Higher Education to make funding reductions, in the event of revenue shortfalls, to programs undertaken by agreement with institutions of higher education in other states.

When such shortfalls occur, the Board, like all state agencies, needs as much flexibility as possible to manage higher education programs effectively and efficiently. I believe that flexibility needs to be preserved.

Therefore, I veto House Bill 1371.

Sincerely,

GEORGE A. SINNER  
Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 15-10-28 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

15-10-28. Agreements with other states' institutions of higher learning and regional education compacts. The state board of higher education may enter into agreements with institutions of higher learning in other states and regional education compacts. The board, subject to the

In addition, the board may enter into agreements with institutions of higher learning in other states and regional education compacts for the acceptance of students from other states in North Dakota institutions of higher learning. If funding for the state board of higher education becomes limited or reduced, the board may not reduce funding to the several disciplines currently provided for under agreements with institutions of higher education in other states and under regional compacts, by a greater percentage than that percentage by which the total budget of the board was reduced.

**NURSING HOME OPERATING COST REIMBURSEMENT**

AN ACT to amend and reenact sections 50-24.4-01 and 50-24.4-10 of the North Dakota Century Code, relating to definition of terms and reimbursement for nursing home operating costs after January 1, 1990; and to provide an effective date.

VETO

March 20, 1991

The Honorable Ronald Anderson  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1276 establishes by law a formula for nursing home reimbursement, retroactive to January 1, 1990.

The objective of this legislation is the insulation of nursing homes from cuts in state funding in the event that spending reductions are necessary. In case of an allotment, Service Payments to the Elderly and Disabled (SPED), programs for children, persons with mental retardation and the mentally ill are required to bear all of the cuts. That simply is not fair.

When the Governor determines that spending reductions are necessary due to decreases in revenue, the Governor and all state agencies need maximum flexibility to make cuts in a way that results in fairness, minimum harm and shared sacrifices. House Bill 1276 would limit the flexibility necessary to accomplish those ends.

Therefore, I veto House Bill 1276.

Sincerely,

GEORGE A. SINNER  
Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 2. AMENDMENT. Section 50-24.4-10 of the North Dakota Century Code is amended and reenacted as follows:

50-24.4-10. Operating costs after January 1, 1990.

1. For rate years beginning on or after January 1, 1990, the department shall establish procedures for determining per diem reimbursement for operating costs.
2. The department shall maintain access to national and state economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.
3. The department shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective.
4. The department shall establish limits on actual allowable historical operating cost per diems based on cost reports of

allowable operating costs for the reporting year that begins July 1, 1987, taking into consideration relevant factors including resident needs, nursing hours necessary to meet resident needs, size of the nursing home, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. The limits established by the department may not be less, in the aggregate, than the sixtieth percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under this chapter based on cost reports of allowable operating costs in the previous reporting year. The limits established under this subsection remain in effect until the department establishes a new base period. Until the new base period is established, the department shall adjust the limits annually using the appropriate economic change indices established in subsection 5. In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the department shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than ninety percent of licensed capacity days, the department may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below ninety percent. The department shall establish efficiency incentives as appropriate follows: for a facility with an actual rate below the limit rate for indirect care costs, an amount equal to two dollars and sixty cents per resident day or a part thereof as determined by applying seventy percent times the differences between the actual rate, exclusive of inflation indices, and the limit rate, exclusive of current inflation indices will be included as a part of the indirect care cost rate. The department may establish efficiency incentives for different operating cost categories. The department shall consider establishing efficiency incentives in care-related cost categories. The department may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories.

5. The department shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.
6. Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category must be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in subsection 5 of this section for the operating cost category plus an efficiency incentive established pursuant to subsection 4 of this section or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there may be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the department may establish separate rates for different classes of residents based on their relative care needs.

7. Each nursing home must receive an operating margin of at least three percent based upon the lesser of the actual direct care and other direct care rates and the limit rate prior to inflation. The operating margin will then be added to the rate for direct care and other direct care costs categories.

SECTION 3. EFFECTIVE DATE. This Act becomes effective on July 1, 1991.

VETO

March 26, 1991

The Honorable Ronald Anderson  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1091 extends the wartime veterans' public employment preference to non-wartime veterans.

While some limited preference for an adjustment period might be in order for non-wartime veterans, this legislation goes too far in providing a lifetime preference. By doing so, the bill dilutes the value of the preference to wartime veterans.

We need to devote greater efforts to assist wartime and disabled veterans.

This bill would lessen our ability to do that.

Therefore, I veto House Bill 1091.

### RENT CONTROLS

AN ACT to prohibit political subdivisions from establishing rent controls.

VETO

March 26, 1991

The Honorable Ronald Anderson  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1365 prohibits political subdivisions from enacting, maintaining or enforcing ordinances or resolutions "...that would have the effect of controlling the amount of rent charged for leasing private residential or commercial property."

Our contacts with numerous city attorneys have indicated that while home rule cities may have the authority to impose rent controls, there has never been any serious discussion of doing so of which they are aware. Therefore, if this legislation is aimed at prohibiting direct rent controls, it appears to be a solution in search of a problem.

More importantly, the language, "have the effect of" is problematic. It could be interpreted to mean that a change in a zoning ordinance could "have the effect of" limiting rent increases by permitting new apartments or commercial buildings. It could be interpreted to mean inability of a city to build or maintain streets could "have the effect of" lowering the value -- and the rent -- of a building. Many actions taken or refused to be taken by city governments could "have the effect of" rent controls.

Our cities do not need to be burdened by such restrictions.

Therefore, I veto House bill 1365.

Sincerely,

GEORGE A. SINNER  
Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Rent controls - Prohibited. A political subdivision may not enact, maintain, or enforce an ordinance or resolution that would have the effect of controlling the amount of rent charged for leasing private residential or commercial property. This section does not impair the right of a political subdivision to manage and control residential property in which the political subdivision has a property interest.

April 1, 1991

The Honorable Ronald Anderson  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

While each of us has strong beliefs, the heart of the controversy over HB 1515 is women's rights during pregnancy and the question of when the separate human person, with immortal intellect and will, is present. Is it at conception, sometime later, or at birth?

No one knows.

The opinions of thoughtful people, religious and secular, on this issue, differ widely throughout history and in the present day.

Given that unknown, government's role must clearly be restrained. History is full of accounts of the misuse of governmental power, often for a "good" cause. On this issue abuse can exist on both sides. Some even suggest legally requiring abortions for cases of AIDS and to curtail overpopulation. Such abuse must be resisted vigorously on both sides. Government must not overstep its bounds. It must not play God.

I am a Catholic and, although throughout history Catholic writings on when life begins vary widely, I agree with the current Catholic judgment that abortion is wrong.

The issue here, however, is the role of law.

I do not agree with those churchmen who urge government to impose extremely restrictive laws. In that regard, I am in far greater agreement with the many Christians of all faiths who rely heavily on Christ's admonition to cling to "faith, hope and love," not "faith, hope and law," remembering that not once did Jesus say, "There ought to be a law."

The fact that so many thoughtful people today and throughout history have differed in their beliefs on this issue is perhaps why a great many caring faith communities, Jewish, Christian and otherwise, have admonished public officials to tread carefully in public policy in this area.

Let me quote some individual statements which indicate the heartfelt differences of opinion (realizing that, in some cases, there may have been varying statements by these organizations):

The Lutheran Church in America, in its 1970 social statement on "Sex, Marriage and Family," stated:

On the basis of the Evangelical ethic, a woman or couple may decide responsibly to seek an abortion. Earnest consideration should be given to the life and total health of the mother, her responsibilities to others in her family, the stage of development of the fetus, the economic and psychological stability of the home, the laws of the land, and the consequences for society as a whole.

The National Council of Catholic Bishops, on November 7, 1989, adopted the following statement:

Our long- and short-range public policy goals include: (1) constitutional protection for the right to life of unborn children to the maximum degree possible; (2) federal and state laws and administrative policies that restrict support for and the practice of abortion; (3) continual refinement and ultimate reversal of Supreme Court and other court decisions that deny the inalienable right to life; (4) supportive legislation to provide morally acceptable alternatives to abortion, and social policy initiatives which provide support to pregnant women for prenatal care and extended support for low income women and their children. We urge public officials, especially Catholics, to advance these goals in recognition of their moral responsibility to protect the weak and defenseless among us.

The United Methodist Church, in General Conference in 1988, adopted the following resolution:

We support the legal right to abortion as established by the 1973 Supreme Court decision. We encourage women in counsel with husbands, doctors, and pastors to make their own responsible decisions concerning the personal and moral questions surrounding the issue of abortion.

The American Jewish Congress, at its Biennial Convention in 1989, said the following:

The American Jewish Congress has long recognized that reproductive freedom is a fundamental right, grounded in the most basic notions of personal privacy, individual integrity and religious liberty. Jewish religious traditions hold that a woman must be left to her own conscience and God to decide for herself what is morally correct.

The policy of the Presbyterian Church, adopted in the General Assembly 1983, and reaffirmed in 1985, 1987, 1988, and 1989 reads:

...The church's position on public policy concerning abortion should reflect respect for other religious traditions and advocacy for full exercise of religious liberty. The Presbyterian Church exists within a very pluralistic environment. Its own members hold a variety of views. It is exactly this pluralism of beliefs which lead us to the conviction that the decision regarding abortion must remain with the individual, to be made on the basis of conscience and personal religious principles, and free from governmental interference.

Consequently, we have a responsibility to work to maintain a public policy of elective abortion, regulated by the health code, not the criminal code. The legal right to have an abortion is a necessary prerequisite to the exercise of conscience in abortion decisions. Legally speaking, abortion should be a woman's right because, theologically speaking, making a decision about abortion is, above all, her responsibility.

The United Church of Christ, in its General Synod 16, wrote the following:

(The Synod) Upholds the right of men and women to have access to adequately funded family planning services, and to safe, legal abortions as one option among others....

The Reorganized Church of Jesus Christ of Latter Day Saints in 1974 (reaffirmed in 1980) adopted the following:

We affirm the inadequacy of simplistic answers that regard all abortions as murder, or, on the other hand, regard abortion only as a medical procedure without moral significance.

We affirm the right of the woman to make her own decision regarding the continuation or termination of problem pregnancies. Preferably, this decision should be made in cooperation with her companion and in consultation with a physician, qualified minister, or professional counselor....

The Episcopal Church, in its General Convention in 1988, adopted the following:

We believe that legislation concerning abortions will not address the root of the problem. We therefore express our deep conviction that any proposed legislation on the part of national or state governments regarding abortions must take special care to see that individual conscience is respected and that the responsibility of individuals to reach informed decisions in this matter is acknowledged and honored.

These are the varied conclusions of thinking, caring religious Americans.

There are many other historical writings as well which have led me to conclude that, since neither I nor anyone else can prove the presence of a separate human person at the moment of conception, women's consciences must be respected.

Government policy must find a balanced way which respects the freedom of women in this difficult area. This bill does not do so.

That is why I have vetoed HB 1515.

Sincerely,

GEORGE A. SINNER  
Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 14-02.1-01 of the North Dakota Century Code is amended and reenacted as follows:

~~14-02.1-01. Purpose Legislative findings and purposes. The purpose of this chapter is to protect unborn human life and maternal health within present constitutional limits. It reaffirms the tradition of the state of North Dakota to protect every human life whether unborn or aged, healthy or sick.~~

1. The legislative assembly finds that:

- a. Unborn children are human beings, and abortion is the taking of the life of an unborn child who is a member of the human race;
- b. The most basic of all human rights is the right to life. It has properly been called "the right to have rights". Therefore, the first obligation of any legitimate government is to protect the lives of those human beings within its jurisdiction;
- c. This state has a compelling interest in protecting the lives of unborn children throughout pregnancy;
- d. This state has a compelling interest in protecting the lives of women, and specifically the lives of pregnant women;
- e. This state affirms the longstanding tradition in American law of prosecuting those who perform illegal abortions, and not the pregnant women who undergo them;
- f. Alternatives are available in this state to support women with unplanned and difficult pregnancies and to enable them to give birth, including publicly funded services, high-risk pregnancy and pediatric services, as well as privately funded alternative agencies, such as crisis pregnancy centers and adoption agencies.

2. Based on the findings in subsection 1, it is the purpose of this Act to protect the lives of unborn children; prevent arbitrary, invidious and unconstitutional discrimination against unborn children; protect pregnant women's lives by permitting those medical procedures necessary to preserve their lives; encourage childbirth for pregnant women; and reasonably regulate abortion in conformance with current decisions of the United States supreme court.

SECTION 2. AMENDMENT. Section 14-02.1-02 of the North Dakota Century Code is amended and reenacted as follows:

14-02.1-02. Definitions. As used in this chapter:

1. "Abortion" means the termination of human pregnancy with an intention other than to produce a live birth or to remove a dead embryo or fetus the use or prescription of any instrument, medicine, drug, or any other substance or device with the intent to terminate the pregnancy of a woman known to be pregnant, except to save the life or preserve the health of an unborn child, to produce a live birth, to remove a dead unborn child by accepted medical procedures, or to deliver an unborn child prematurely in order to preserve the health of either the mother or the unborn child. However, the termination of a woman's pregnancy with the intent to produce a live birth is not an abortion.
2. "Abortion facility" means a clinic, ambulatory surgical center, physician's office, or any other place or facility in which abortions are performed, other than a hospital. For purposes of this Act, an abortion clinic is one operated substantially for the performance of abortions and performs thirty or more abortions per month any two months of a calendar year or which holds itself out to the public as an abortion provider or applies for a license as an abortion provider.
3. "Conception" means the fusion of a human spermatozoon with a human ovum.
4. "Hospital" means an institution licensed by the state department of health and consolidated laboratories under chapter 23-16, and any hospital operated by the United States or this state.
- ~~4-~~ 5. "Infant born alive" or "live born child" means a born child which exhibits either heartbeat, spontaneous respiratory activity, spontaneous movement of voluntary muscles or pulsation of the umbilical cord if still attached to the child.
- ~~5-~~ 6. "Informed consent" means voluntary consent to abortion by the woman upon whom the abortion is to be performed only after full disclosure to her by the physician who is to perform the abortion of as much of the following information as is reasonably chargeable to the knowledge of the physician in his professional capacity:
  - a. According to the best judgment of her attending physician, she is pregnant.
  - b. The number of weeks elapsed from the probable time of the conception of her unborn child, based upon the information provided by her as to the time of her last menstrual period or based upon a history and physical examination and appropriate laboratory tests.
  - c. The probable anatomical and physiological characteristics of the unborn child at the time the abortion is to be performed.

- d. The immediate and long-term physical dangers of abortion, psychological trauma resulting from abortion, sterility and increases in the incidence of premature births, tubal pregnancies and stillbirths in subsequent pregnancies, as compared to the dangers in carrying the pregnancy to term.
- e. The particular risks associated with her own pregnancy and the abortion technique to be performed.
- f. Alternatives to abortion such as childbirth and adoption and information concerning public and private agencies that will provide the woman with economic and other assistance and encouragement to carry her child to term including, if the woman so requests, a list of the agencies and the services available from each.
- g. In cases where the fetus may reasonably be expected to have reached viability and thus be capable of surviving outside of her womb, the attending physician shall inform the woman of the extent to which he is legally obligated to preserve the life and health of her viable unborn child during and after the abortion.

In addition, the physician may inform the woman of any other material facts or opinions or provide any explanation of the above information which, in the exercise of ~~his~~ the physician's best medical judgment, is reasonably necessary to allow the woman to give her informed consent to the proposed abortion, with full knowledge of its nature and consequences.

Informed consent shall be evidenced by a written statement, in the form prescribed by the state department of health and consolidated laboratories and approved by the attorney general, signed by the physician and the woman upon whom the abortion is to be performed, in which statement the physician certifies that ~~he has made the~~ full disclosure ~~has been made~~ as provided above; and in which statement the woman upon whom the abortion is to be performed acknowledges that the above disclosures have been made to her and that she voluntarily consents to the abortion.

Informed consent shall not be required in the event of a medical emergency when the woman is incapable of giving her consent if a licensed physician certifies the abortion is necessary to prevent her death.

- ~~6-~~ 7. "Licensed physician" means a person who is licensed to practice medicine or osteopathy under chapter 43-17, or a physician practicing in the armed services of the United States, or in the employ of the United States.
8. "Pregnant" or "pregnancy" means that female reproductive condition of having an unborn child in the mother's body, beginning with conception.
9. "Unborn child" means an individual organism of the species homo sapiens from conception until birth.

- 7- 10. "Viable" means the ability of a fetus to live outside the mother's womb, albeit with artificial aid.

SECTION 3. AMENDMENT. Section 14-02.1-03 of the North Dakota Century Code is amended and reenacted as follows:

14-02.1-03. Consent to abortion - Notification requirements.

1. ~~No~~ A physician ~~shall~~ may not perform an abortion unless prior to ~~such performance~~ the abortion the physician certified in writing that the woman gave her informed consent fully and without coercion, after the attending physician had informed the woman of the information contained in section 14-02.1-02 not more than thirty days nor less than forty-eight hours prior to her consent to the abortion and shall certify in writing the pregnant woman's marital status and age based upon proof of age offered by her. Prior to the period of pregnancy when the fetus may reasonably be expected to have reached viability, no abortion ~~shall~~ may be performed upon an unemancipated minor unless the attending physician certifies in writing that each of the parents of the minor ~~requesting the abortion~~ has been provided by the physician in person with the information provided for in section 14-02.1-02 at least twenty-four hours prior to the minor's consent to the ~~performance of~~ abortion or unless the attending physician certifies in writing that ~~he~~ the physician has caused materials of section 14-02.1-02 to be posted by certified mail to each of the parents of the minor separately to the last known addresses at least forty-eight hours prior to the minor's consent to the ~~performance of~~ abortion. When a parent of the minor has died or rights and interests of such parent have been legally terminated, this subsection shall apply applies to the guardian or other person standing in loco parentis.
2. ~~Subsequent to the period of pregnancy when the fetus may reasonably be expected to have reached viability, no abortion, other than an abortion necessary to preserve her life, or because the continuation of her pregnancy will impose on her a substantial risk of grave impairment of her physical or mental health, may be performed upon any woman in the absence of:~~
  - a. ~~The written consent of her husband unless her husband is voluntarily separated from her; or~~
  - b. ~~The written consent of a parent, if living, or the custodian or legal guardian of the woman, if the woman is unmarried and under eighteen years of age.~~
- 3- No executive officer, administrative agency, or public employee of the state of North Dakota or any local governmental body has power to issue any order requiring an abortion, nor ~~shall~~ may any such officer or entity coerce any woman to have an abortion, nor shall any other person coerce any woman to have an abortion.

SECTION 4. AMENDMENT. Subsection 2 of section 14-02.1-03.1 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

All applications in accordance with this section ~~shall must~~ be heard by a juvenile judge or referee within forty-eight hours, excluding Saturdays and Sundays, of receipt of the application. The purpose of the hearing before the juvenile judge or referee ~~shall be is~~ to determine:
  - a. Whether or not the minor is sufficiently mature and well informed with regard to the nature, effects, and possible consequences of both having an abortion and bearing her child to be able to choose intelligently among the alternatives.
  - b.   - c. If the minor is not sufficiently mature and well informed to choose intelligently among the alternatives and it is found not to be in the best interests of the minor to notify and call in her parents or guardian for advice and counsel, whether an abortion or some other alternative would be in the best interests of the minor, with abortion being considered only as a last resort.

SECTION 5. AMENDMENT. Section 14-02.1-04 of the North Dakota Century Code is amended and reenacted as follows:

14-02.1-04. Limitations on the performance of abortions - Penalty.

1. ~~No~~ An abortion ~~shall be done~~ may not be performed by any person other than a licensed physician using medical standards applicable to all other surgical procedures.

judgment, that the woman's life would be endangered if the unborn child were carried to full term and records, either before or after the abortion, the basis for the physician's determination in the woman's medical record.

3. After the point in pregnancy where the fetus may reasonably be expected to have reached viability, no abortion may be performed except in a hospital, and then only if in the medical judgment of the physician the abortion is necessary to preserve the life of the woman or if in the physician's medical judgment the continuation of her pregnancy will impose on her a substantial risk of grave impairment of her physical or mental health.

An abortion under this subsection may only be performed if the above-mentioned medical judgment of the physician who is to perform the abortion is first certified by him in writing, setting forth in detail the facts upon which he relies in making this judgment and if this judgment has been concurred in by two other licensed physicians who have examined the patient. The foregoing certification and concurrence is not required in the case of an emergency where the abortion is necessary to preserve the life of the patient. An abortion is also authorized if:

- a. The pregnancy resulted from gross sexual imposition, sexual imposition, or sexual abuse of a ward, as those offenses are defined in chapter 12.1-20, and the offense was reported to a law enforcement agency within twenty-one days after the offense or within fifteen days after the time the victim becomes capable of reporting the offense.
- b. The pregnancy resulted from incest, as that offense is defined in chapter 12.1-20, and both the offense and the identity of the perpetrator are reported to a law enforcement agency before the pregnancy is terminated.
4. Any licensed physician who performs an abortion without complying with the provisions of this section is guilty of a class A misdemeanor. HOUSE BILL NO. 1336

### PROPERTY TAX INSTALLMENT DISCOUNT

AN ACT to amend and reenact sections 57-02-08.2 and 57-20-09 of the North Dakota Century Code, relating to a discount for early payment of property taxes to persons sixty-five years of age or older or permanently and totally disabled with limited income upon payment of property taxes in installments; to provide an appropriation; to provide for application; and to provide an effective date.

VETO

April 4, 1991

The Honorable Ronald Anderson  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1336 provides for new state payments to counties of the amount of discounts allowed for installment payments, without delinquency, of property taxes by any taxpayer who receives the homestead exemption.

This is an extension of the homestead credit program at a time when the state has had to cut or severely restrict other programs which benefit our citizens.

Although the appropriation is rather small, at \$82,200, it will result in cuts to other programs of equal or greater merit. We cannot afford new programs when we cannot adequately fund current programs.

Therefore, I veto House Bill 1336.

Sincerely,

GEORGE A. SINNER  
Governor

SECTION 1. AMENDMENT. Section 57-02-08.2 of the North Dakota Century Code is amended and reenacted as follows:

57-02-08.2. Homestead credit - Certification. Prior to March ~~+~~ ~~1975,~~ ~~and first~~ of each year ~~thereafter,~~ the county auditor of each county shall certify to the state tax commissioner on forms prescribed by ~~him~~ the tax commissioner the name and address of each person for whom the homestead credit provided for in section 57-02-08.1 was allowed for the preceding year, the amount of exemption allowed, the amount of discounts allowed for installment payments of property taxes during the preceding year under section 57-20-09, the total of the tax mill rates of all taxing districts, exclusive of any state mill rates, that was applied to other real estate in such taxing districts for the preceding year, and such other information as may be prescribed by the tax commissioner.

The tax commissioner shall audit such certifications, make such corrections as may be required, and certify to the state treasurer for payment to each county on or before June ~~+~~ ~~1975,~~ ~~and first~~ of each year ~~thereafter,~~ the sum of the amounts computed by multiplying the exemption allowed for each such homestead in the county for the preceding year by the total of the tax mill rates, exclusive of any state mill rates, that was applied to other real estate in such taxing districts for that year plus the amount of discounts allowed for installment payments of property taxes under section 57-20-09 during that year.

The county treasurer upon receipt of the payment from the state treasurer shall forthwith apportion and distribute it to the county and to the local taxing districts of the county on the basis on which the general real estate tax for the preceding year is apportioned and distributed.

Supplemental certifications by the county auditor and by the state tax commissioner and supplemental payments by the state treasurer may be made after the dates prescribed herein to make such corrections as may be necessary because of errors therein or because of approval of any application for abatement filed by a person because the exemption provided for in section 57-02-08.1 was not allowed in whole or in part.

SECTION 2. AMENDMENT. Section 57-20-09 of the 1989 Supplement to the North Dakota Century Code is amended and reenacted as follows:

57-20-09. Discount for early payment of tax. Except as provided in section 57-20-21.1, the county treasurer shall allow a five percent discount to ~~all taxpayers who shall pay~~ any taxpayer who pays all of the real estate taxes levied on any tract or parcel of real property in any one year in full on or before February fifteenth prior to the date of delinquency. ~~Such discount shall apply~~ Except as provided in section 57-20-21.1, the county treasurer shall allow a five percent discount to any taxpayer who received the homestead exemption under section 57-02-08.1 for the preceding year, if that taxpayer pays taxes in installments and pays each installment for the year without delinquency under section 57-20-01. The county treasurer shall apply the discount for installment payments under this section against the final installment payment for the year. VETO

April 4, 1991

The Honorable Ronald Anderson  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1462 would increase the community spouse resource allowance for those persons who entered long-term care prior to September 30, 1989, from \$25,000 to \$66,480.

The fiscal impact to the budget of the Department of Human Services (DHS) is estimated at \$1,061,400. No funding has been provided by the legislature in this bill nor has additional funding been added to the DHS budget for this purpose. In fact, to this point, even funding for the "critical needs funding pool," which could have provided a source for this program, has now been deleted from the DHS budget.

Therefore, there is no funding for this enhancement. It would be the worst kind of fiscal mismanagement to begin the 1991-93 biennium with cuts in other DHS programs to accommodate this legislation.

Under the North Dakota Constitution, I have no choice but to stop unfunded programs before they start. We have discussed this issue with interested legislators who, we understand, are working to restore this language if a new funding source can be found.

Therefore, I veto House Bill 1462.

The Honorable Lloyd B. Omdahl

Senate Chamber

Dear Mr. President:

Senate Bill 2294 provides for a \$500,000 appropriation to the Agriculture Experiment Station from general and special funds for the purchase of Hastings Hall from the State Seed Department.

Our research indicates that never before have state general fund dollars been utilized by one state agency to purchase a building from another state agency.

Furthermore, the general fund does not have \$300,000 in excess funding to provide for this purchase.

This bill sets a poor precedent and is the beginning of busting the budget.

Therefore, I veto Senate Bill 2294.

### HOUSING AUTHORITY FUNDING

AN ACT to create and enact a new subsection to section 23-11-11 of the North Dakota Century Code, relating to the powers of housing authorities; and to amend and reenact section 54-17-07.6 of the North Dakota Century Code, relating to the acceptance of grants, contributions, loans, and other aid by the state housing finance agency.

The Honorable Ronald Anderson

House Chambers  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1599 fragments management of housing authority moneys in this state of only 640,000 people. In addition sparsely populated areas will remain unserved or subservient to urban center authorities. Both concepts are ill advised.

Administrative monies for servicing those areas could only come from General Fund sources . . . and the already redundant structure will be made infinitely worse.

Therefore, I veto House Bill 1599.

Sincerely,

GEORGE A. SINNER  
Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new subsection to section 23-11-11 of the North Dakota Century Code is created and enacted as follows:

To exercise within its area of operation the authority granted to the industrial commission under section 54-17-07.6.

SECTION 2. AMENDMENT. Section 54-17-07.6 of the North Dakota Century Code is amended and reenacted as follows:

54-17-07.6. Acceptance of grants, contributions, loans, or other aid. Acting in its capacity as a state housing finance agency, the industrial commission ~~is authorized to may~~ contract for, accept, and administer any grant, contribution, or loan of funds, property, or other aid in any form from the federal government or from any other source, and ~~to may~~ do all things necessary to qualify for any grant, contribution, or loan under any federal program, including those things necessary to qualify for assistance under the federal housing programs in effect from time to time. A housing authority established under chapter 23-11 which elects to exercise the authority granted to the industrial commission under this section preempts the industrial commission from acting within the area of operation of that housing authority. A local housing authority may elect to exercise the authority granted to the industrial commission under this section only within two years of the effective date of this Act. For transition of housing certificates and vouchers, a local housing authority that elects to exercise the authority granted to the industrial commission and that would administer three hundred or more units of certificates and vouchers administered by the industrial commission shall agree to accept a rate of seventy percent of the total contract administrative fees for the affected certificates and vouchers for two years or until all local housing authorities in the state have entered into the administration of their certificates and vouchers, whichever is sooner. The remaining thirty percent of the fees remain with the industrial commission until that time to assure the provision of housing services to rural areas until local administration is implemented.

### DRUG OFFENSE MINIMUM SENTENCING

AN ACT to amend and reenact subsection 10 of section 12.1-32-02, sections 12.1-32-02.1, 19-03.1-23, and 54-21-25 of the North Dakota Century Code, relating to sentencing alternatives, prison terms for certain offenders, penalties for unlawful manufacture, delivery, or possession of controlled substances, and authority to contract with other governmental agencies for prisoners and juvenile delinquents; to provide a penalty; to provide an appropriation; and to provide an effective date.

VETO

April 18, 1991

The Honorable Jim Kusler  
Secretary of State  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Kusler:

House Bill 1079 requires minimum and enhanced sentences in a variety of drug-related cases.

In April of 1989, with regard to Senate Bill 2332, I wrote:

I firmly believe that judges are in the best position to address the unique cases that may come before them. Judges must impose strict sentences on those who are so evil as to maliciously prey on our children and young people, and they currently have all of the authority they need to do so.

However, I am especially concerned about first-time offenders for whom a jail or prison sentence, instead of providing any sort of rehabilitation, may only serve to confirm in them their worst instincts and result in lifetime criminals. All of us know that there are many cases -- many people -- who could have been saved had some form of alternative sentence been allowed and provided.

I believe in a system in which the judges who are present at trial, who have heard the evidence, who have available to them a pre-sentence

investigation report and who have the input of the victims are able to make an appropriate decision which conforms to the criminal, the crime and the victim.

Furthermore, no appropriation has been provided to address the significant increase in prison sentences which are likely to result from this bill. Corrections budgets in other states which have enacted mandatory sentences have gone out of control.

These same concerns are true today. Although there have been minor amendments to House Bill 1079, they do not address my concerns; and the appropriation provided in the bill -- \$126,000 -- is totally inadequate to meet the long-term needs for prison facilities.

Therefore, I veto House Bill 1079.

Sincerely,

GEORGE A. SINNER  
Governor

## CHAPTER 733

SENATE BILL NO. 2509  
(Lindgren)

### INFRASTRUCTURE BY PRIVATE OPERATORS

AN ACT to provide for infrastructure construction, improvement, rehabilitation, operation, or management by private operators and to provide for development agreements between public authorities and private operators.

VETO

April 18, 1991

The Honorable Jim Kusler  
Secretary of State  
State Capitol  
600 East Boulevard  
Bismarck, North Dakota 58505

Dear Mr. Kusler:

Senate Bill 2509 provides for private sector construction and operation of public projects, such as bridges and highways, parks, buildings and many other facilities.

The bill grants extremely broad authority to state, counties, townships and cities to enter into agreements with private persons, corporations, partnerships, cooperatives, joint ventures and consortiums to construct, improve, rehabilitate, operate, manage or own "fee-based facilities." It also provides that the "facility" could be supported, in whole or in part, by a rental fee paid by a public authority from its general funds. This feature could bind the taxpayers for a long period of time to support a privatized facility without the capability of controlling changes in the public use of the facility.

While I believe certain privatization funded only by facility user fees may work, this encumbering of general revenue moneys is ill-advised.

Therefore, I veto Senate Bill 2509.

Sincerely,

GEORGE A. SINNER  
Governor

## BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Definitions. As used in this Act, unless the context or subject matter otherwise requires:

1. "BOT facility" means a build, operate, and transfer fee-based facility constructed, improved, or rehabilitated and afterward operated by a private operator who holds title to the facility subject to a development agreement that includes a provision that title will be transferred or revert to the public authority on expiration of an agreed term.
2. "BTO facility" means a build, transfer, and operate fee-based facility constructed, improved, or rehabilitated by a private operator who:
  - a. Transfers interest it may have in the facility to the public authority before operation begins; and
  - b. Operates the fee-based facility for an agreed term pursuant to a lease, management, or concession agreement.
3. "Development agreement" means a written agreement by and between a public authority and a private operator which memorializes the parties' agreement with respect to the construction, improvement, rehabilitation, ownership, or operation of a fee-based facility. A development agreement must satisfy the requirements of section 3 of this Act.
4. "Fee-based facility" means a facility that provides a service in which the charge is based on the level of service by users or a rental fee paid by a public authority. The facility may be a library, city hall, and an appurtenant building, a water or sewage treatment plant, or other public improvement; land lying within applicable rights of way; and other appurtenant rights or hereditaments that together comprise a project for which a private operator is authorized to operate or own and impose fees or derive a rent as expressed in the development agreement.
5. "Private operator" means a private person, a corporation or partnership, a cooperative or unincorporated association, a joint venture or consortium that constructs, improves, rehabilitates, owns, leases, operates, or manages a fee-based facility subject to this Act. The term includes related parties and entities that together perform some or all of these functions for the same facility.
6. "Public authority" means the state, a county, township, or city when ownership of or jurisdiction over a fee-based facility has been tendered to and accepted by said authority.

SECTION 2. Private operators. Notwithstanding any other provision of law, private operators may construct, improve, rehabilitate, own, lease, manage, and operate fee-based facilities subject to the terms of this Act. Private operators may mortgage, grant security interests in, and pledge their interests in, for a period not to exceed the length of the development agreement:

1. Fee-based facilities and their components;
2. Development, leases and concessions, and other related agreements; and
3. Income, profits, and proceeds of the fee-based facility.

SECTION 3. Public authority may enter into development agreements. A public authority may solicit or accept proposals from private operators for the constructing, improving, rehabilitating, operating, managing, and owning of a fee-based facility that will be situated in an area subject to the public authority's jurisdiction. After a hearing, the public authority may accept a proposal that it determines to be in the public interest. A public authority may negotiate and enter into a development agreement with any private operator.

SECTION 4. Contents of development agreements. Development agreements for fee-based facilities entered into pursuant to this Act may provide for private ownership of the facilities without reversion of title; for operating the facilities under leases or management contract; for BOT facilities or BTO facilities; or any other form of ownership or operation considered advisable by the public authority. Development agreements may permit the private operator to:

1. Assemble funds from any available source, including federal, state, and local grants, bond revenues, contributions, and pledges; and
2. Incorporate related improvements into the fee-based facility, subject to requirements of state and federal law.

Development agreements may also include grants of title, easements, rights of way, and leasehold estates that are necessary to the fee-based facility. In addition, a development agreement may authorize the private operator to charge variable rate fees based on time of day, characteristics of services, or other factors and measurement methods considered significant by the public authority for the particular facility.

SECTION 5. Right-of-way acquisition. Private operators may acquire right of way and property by donation, lease, or purchase. When necessary for the construction, alteration, addition, extension, or improvement of any project under this Act, a public authority may acquire any real or personal property by the law of eminent domain of this state and may lease the property or right of way to a private operator.

SECTION 6. Lease term. A lease for public facilities must be for terms of no more than fifty years and must be reviewed and may be revised every five years.

SECTION 7. Application of other law. This Act does not excuse private operators of fee-based facilities from the necessity of obtaining environmental, navigational, design, or safety approvals that would be required if the facility were constructed or operated by a public body.

SECTION 8. Public authority may facilitate projects.

1. A public authority may exercise any power possessed by it with respect to the development and construction of infrastructure

projects to facilitate the development and construction of infrastructure projects under this Act.

2. A public authority may provide services for which it is reimbursed with respect to preliminary planning, planning, environmental certification, and preliminary design of infrastructure projects.

SECTION 9. Development agreements - Mandatory provisions. Development agreements must require:

1. That the plans and specifications for the fee-based facility satisfy the public authority's standards of construction for infrastructure of the same functional classification;
2. For fee-based facilities to be incorporated into the existing infrastructure, that any applicable department or authority review and approve the facility to the same extent as it would for a similar publicly constructed facility;
3. That, after public notice, the private operator manage and operate the fee-based facility in cooperation with the applicable public authority and subject to any bylaws that the public authority and the private operator may from time to time mutually agree upon;
4. That the fee-based facility be subject to regular safety inspections by the applicable public authority;
5. That the anticipated fees, rental income, and revenues from the operation of the facility, or other sources of funding, or any combination thereof, be sufficient to pay the maintenance and operation costs for the facility, and principal of and interest on any evidence of indebtedness to finance the facility; and
6. Any other provisions negotiated by the parties.

SECTION 10. Cost recovery. Development agreements entered into under this Act may authorize private operators of fee-based facilities to impose a fee-based charge for the use of the facility and must require that the fee revenues be applied:

1. To repayment of indebtedness incurred for the fee-based facility;
2. To lease or fee-based concessions payments, if any;
3. To costs associated with the operation, administration, and maintenance of the facility; and
4. To reasonable reserves for future capital outlays, if any.

Residual fee revenues belong to the private operator, except for any royalties that may be payable to a public authority under the development agreement or a related fee-based concession agreement. After the expiration of any lease for a BTO facility, or after title has reverted for a BOT facility, the public authority may continue to charge a fee for the use of the facility.

**SECTION 11. Joint authority.** When a fee-based facility is or will be situated in the jurisdiction of more than one public authority, or is or will be an interstate or international facility, the applicable authorities concerned may enter into a compact to delegate to one or more of the authorities or a board appointed by the various authorities the authority to exercise all of the powers, duties, and functions of the other authorities regarding the fee-based facility, including the authority to negotiate and administer the development agreement and any related lease and fee-based concession agreement. In addition, if all public authorities having jurisdiction over a fee-based facility concur, title to or authority over the facility may be tendered to the agreed upon authority of choice, which may at its option accept the title of authority to administer pursuant to the development agreement and this section.

**SECTION 12. Property tax exemptions - Exemptions from bidding requirements.**

1. If approved by the governing body of the city, for property within city limits, or by the governing body of the county, for property outside city limits, new fee-based facilities are exempt from all ad valorem taxes.
2. For portions of the project that do not involve contractor ownership, the construction, improvement, rehabilitation, operation, and management of fee-based facilities by private operators under this Act are subject to all competitive bidding and procurement requirements otherwise applicable under state and local laws, rules, and ordinances, if so determined by resolution of the governing body of the public authority.

**SECTION 13. Relation to other law.** The rights, powers, and authority conferred by this Act are in addition to other rights, powers, or authority private operators and public authorities may have under other law. This Act does not supersede or repeal, expressly or by implication, any other law permitting the construction, improvement, rehabilitation, ownership, and operation of fee-based facilities by private operators.

# MEASURE APPROVED OVER GOVERNOR'S VETO

## CHAPTER 734

### NATURAL GAS SALES TAX RATE

VETO

April 10, 1991

The Honorable Ronald Anderson  
Speaker of the House  
House Chamber  
State Capitol  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1325 reduces the rate of sales tax on natural gas from five percent to two percent of gross receipts by December of 1994.

The fiscal impact is an estimated loss of \$400,000 this biennium, increasing to at least \$5 million per biennium in the years coming up. Even though I personally have tried in 1983 to correct this, it must be done with replacement revenue or we will be short of revenue for coming years.

Therefore, given the revenue constraints with which we are operating, we simply cannot remove any revenue source without replacement.

Therefore, I veto House Bill 1325.

Sincerely,

GEORGE A. SINNER  
Governor

NOTE: The Governor's veto of House Bill No. 1325 was not sustained. For the text of House Bill No. 1325 as approved see chapter 676.

WHEREAS, pursuant to North Dakota Century Code Section 50-06-06.5, which was a recommendation resulting from a 1985-86 study by the Legislative Council's interim Budget Committee on Human Services, the Department of Human Services has developed a plan for an integrated, multidisciplinary continuum of service for mentally ill individuals; and

WHEREAS, during the 1987-88 interim the Legislative Council's Budget Committee on Human Services studied the role and function of the State Hospital in the provision of services to the mentally ill and chemically dependent, and during the 1989-90 interim the Legislative Council's Budget Committee on Human Services reviewed the plan for expanding community services for the chronically mentally ill and chemically dependent and the future role of the State Hospital; and

WHEREAS, the implementation of the plan included the appropriation of an additional \$3.6 million of state funds during the 1989-91 biennium for additional community services for the mentally ill and chemically dependent; and

WHEREAS, appropriate, quality support services are necessary for the successful treatment and integration of the mentally ill and chemically dependent into the community; and

WHEREAS, the Legislative Council's interim Budget Committee on Human Services, in monitoring the department's implementation of the plan during the 1989-90 interim, expressed a concern that adequate community services may not be currently available to accommodate the demand, due in part to a reduction in the population at the State Hospital; and

WHEREAS, the committee was informed the department's 1991-93 budget request for community services for the mentally ill and chemically dependent does not include sufficient funds to meet all the needs identified by the regional human service centers;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council monitor the continued development of a continuum of services for the mentally ill and chemically dependent,

including expanded community services, the need for adequate, quality support services especially in the area of direct patient care, and related changes in the role of the State Hospital, the related fiscal impact for the 1993-95 biennium of any proposed changes, and the extent to which adequate community services are available; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-third Legislative Assembly.

### PUBLIC ASSISTANCE STUDY

A concurrent resolution directing the Legislative Council to study the implementation of federal Family Support and Medicare Catastrophic Coverage Acts of 1988, as amended, to determine the financial impact of the Acts during the 1993-95 biennium and to review the effectiveness of changes to the system of delivering public assistance to North Dakota families and individuals.

WHEREAS, federal welfare reform legislation, known as the Family Support Act of 1988, requires North Dakota to develop a job opportunities basic skills (JOBS) program to assist individuals in transition from public assistance to independent support by providing them with education and training activities to assist them in obtaining employment; and

WHEREAS, the Act also requires North Dakota to provide the necessary case management, child care, transitional child care, transitional medical care, and expanded aid for families with dependent children (AFDC) for two parent families with unemployed or underemployed parents; and

WHEREAS, the Medicare Catastrophic Coverage Act of 1988, as amended, places additional financial requirements on North Dakota's Medicaid plan by requiring the state to pay Medicare premiums for certain low income persons, provide Medicaid coverage for children and pregnant women at an expanded eligibility level, and allow additional protection of assets and resources of persons whose spouses are in nursing homes and covered by Medicaid; and

WHEREAS, Congress is considering legislation that would make significant changes to the provision and funding of child care, and may also consider other legislation that may impact the implementation of these Acts; and

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the implementation of the federal Family Support and Medicare Catastrophic Coverage Acts of 1988, as amended, to determine the financial impact of the Acts during the 1993-95 biennium and to review the effectiveness of changes to the system of delivering public assistance to North Dakota families and individuals; and

### ANNUAL LEGISLATIVE SESSION STUDY

A concurrent resolution directing the Legislative Council to study and establish procedures necessary to implement annual sessions of the Legislative Assembly beginning in 1993 and 1994.

WHEREAS, in 1976 the Constitution of North Dakota was amended to allow the Legislative Assembly to meet in regular session for 80 natural days and to provide that days spent in regular session need not be consecutive; and

WHEREAS, after seven sessions of operating under the 80 natural day provision the Legislative Assembly requested the Legislative Council to study the legislative process during the 1989-90 interim, with emphasis on the appropriate use of the 80 natural days allowed for the Legislative Assembly to be in session; and

WHEREAS, during that study information was received on the South Dakota Legislature, which meets for a 40-day session in odd-numbered years and a 35-day session in even-numbered years, and the Wyoming Legislature, which meets for a 40-day general session in odd-numbered years and 20-day budget session in even-numbered years; and

WHEREAS, the complexities of governing the state require that the Legislative Assembly meet in annual session beginning in 1993 and 1994; and

WHEREAS, further legislative study is needed for the development of a specific procedure for an odd-numbered year session and an even-numbered year session;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study and establish procedures necessary to implement annual sessions of the Legislative Assembly beginning in 1993 and 1994; and

### STUDENT AID PROGRAM FAIRNESS URGED

A concurrent resolution urging the North Dakota Congressional Delegation to assure fairness in student aid programs.

WHEREAS, tomorrow's complex economy will demand increasing numbers of skilled workers; and

WHEREAS, only some of the skills our workforce will need to assure our future economic prosperity in an increasingly competitive world economy are taught in traditional four-year colleges; and

WHEREAS, 70 percent of all jobs over the next decade will require some form of technical education beyond high school; and

WHEREAS, only 50 percent of high school graduates will go to college and 42 percent of those students will not obtain a college degree; and

WHEREAS, access to student aid for individuals regardless of socioeconomic status is the basic premise upon which the federal student financial assistance programs were founded;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges each member of the North Dakota Congressional Delegation, during the reauthorization of the Higher Education Act of 1965, to address the human capital needs of this nation's workforce for the year 2000 and beyond by recognizing the diversity of postsecondary education options available to students with a variety of needs and goals and assuring that financial aid is neutral and not giving undue advantage to one type of education over another; to restore confidence and integrity in the student aid programs by making every effort to prevent fraud and abuse in the federal student aid programs and requiring all postsecondary institutions to provide information on the cost, educational requirements, chances of succeeding, and employment or continuing education possibilities experienced by graduates; to assure fairness in the student aid programs and provide students with the financial opportunity to choose among all schools by making student aid programs understandable and the application system appropriate to the individual; and to guarantee access to student aid on the basis of type of schools, default rates, and programs chosen; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded by the Secretary of State to each member of the North Dakota Congressional Delegation.

### STATE HEALTH CARE POLICY STUDY

A concurrent resolution directing the Legislative Council to study the need for and feasibility of adopting and implementing a state health policy for the purpose of providing basic medical and health care to all citizens of the state.

WHEREAS, the American health care system continues to decline in its ability to provide affordable, accessible, quality care to those who need that care; and

WHEREAS, neither the federal government nor state governments have determined whether health care is a basic, fundamental human right or only a commodity available for purchase by those most financially able; and

WHEREAS, there is a reliance by health care providers on costly technologies the impact of which is aggravated by the lack of any regional mechanism for providing those technologies in a manner that would reduce cost to the consumer and expand accessibility; and

WHEREAS, if the inadequacies of the health care delivery system are seen only as a crisis affecting the poor, whatever remedial measures that are devised will either be ineffective in addressing systemic problems or will aggravate present problems; and

WHEREAS, insurance companies find it necessary to increase the cost of insurance premiums while the coverages provided are reduced, thereby creating an impression in the minds of many that the health care system is driven more by a concern for financial gain than by sensitivity to the health care needs of consumers; and

WHEREAS, while the spiraling cost of health care is of national import, it directly affects each citizen of this state by limiting the accessibility and affordability of health care; and

WHEREAS, a North Dakota health task force has been formed for the purpose of creating a proposed health policy for North Dakota;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the need for and feasibility of adopting and implementing a state health policy for the purpose of providing basic medical and health care to all citizens of the state; and

BE IT FURTHER RESOLVED, that the membership of the committee to which the study is assigned include citizen members representing the health care industry, labor, employers, and principal affected executive agencies; and

BE IT FURTHER RESOLVED, that the Legislative Council receive and consider, on an ongoing basis, the reports and recommendations of the North Dakota health task force; and

A concurrent resolution directing the Legislative Council to study methods of funding higher education.

WHEREAS, it is a legislative responsibility to determine and provide adequate funding for each higher education institution in North Dakota; and

WHEREAS, the current method of determining funding for each higher education institution, which is based on the number of students at a particular institution, may be an inappropriate measure of the needs of the institution; and

WHEREAS, alternative funding methods need to be examined, including determining funding based on program needs of each institution;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the adequacy and appropriateness of the current funding method used to determine higher education institution appropriations and consider alternative methods, including program based funding for North Dakota higher education institutions; and

## UNIFORM STATE LAWS COMMISSION ANNIVERSARY

A concurrent resolution recognizing the 100th anniversary of the National Conference of Commissioners on Uniform State Laws.

WHEREAS, on August 24, 1892, representatives from seven states--Delaware, Georgia, Massachusetts, Michigan, New York, New Jersey, and Pennsylvania--met as a conference of commissioners to explore the most effective manner in which to effect uniformity of law to ease problems developing between increasingly interdependent states; and

WHEREAS, by 1912 every state had appointed commissioners to the National Conference of Commissioners on Uniform State Laws; and

WHEREAS, over its decades of existence the conference has recommended proposals concerning wills and written instruments; problems occasioned by interstate commerce; partnerships and child labor; aviation and public utilities; torts and trusts; commercial transactions; probate procedures; child custody jurisdiction, anatomical gifts, and class actions; and commercial and family law issues; and

WHEREAS, North Dakota recognized the benefit of these uniform and model acts, which provide comprehensive legislative solutions to basic state problems, by joining the national conference in 1893; by enacting its first uniform act, the negotiable instruments law, in 1899; and by adopting 107 uniform acts; and

WHEREAS, since joining the conference in 1893, the 36 commissioners who have represented North Dakota have promoted the principles of the national conference, including betterment of the law, enhancement of a federal-state system of government, and insistence of the principle of uniformity only when that principle best serves the interests of the individual states and their citizens;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-second Legislative Assembly of North Dakota recognizes the 100th anniversary of the National Conference of Commissioners on Uniform State Laws and its contributions to the betterment of the law through promotion of uniformity in the laws when uniformity best serves the interests of the states; and

### **POLITICAL SUBDIVISION EFFICIENCY STUDY**

A concurrent resolution directing the Legislative Council to study the feasibility of improving the efficiency of political subdivision government structure and services.

WHEREAS, political subdivisions are confronted with increasing demands for services and operate on limited budgets; and

WHEREAS, services and functions of political subdivisions should be constantly monitored to discover opportunities to improve the efficiency and services furnished by political subdivisions; and

WHEREAS, the growing importance of computer technology and its potential to improve the efficiency and services of political subdivision governments should be studied; and

WHEREAS, studies and recommendations of groups interested in the function of local government should be monitored by the Legislative Council;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the feasibility of improving the efficiency and services of political subdivisions, with emphasis on the potential of computer usage in this respect, and monitor studies and recommendations of groups interested in the function of political subdivision governments; and

### EMPLOYMENT FOR OLDER WORKERS STUDY

A concurrent resolution directing the Legislative Council to study employment opportunities for older workers, including barriers, benefit and retirement program options, and workplace education and training, so that older workers can maintain their economic security.

WHEREAS, approximately 28,000 North Dakotans age 55 and older are below 125 percent of the poverty guidelines; and

WHEREAS, adequate health care coverage may not be available for many North Dakotans, particularly those between 55 and 65 years of age who are not yet eligible for Medicare and may not be eligible for retirement benefits; and

WHEREAS, many older workers perceive that they will be subject to age discrimination in the labor market and, therefore, do not even make the attempt to find employment; and

WHEREAS, a declining number of young workers are entering the workforce and older workers can help fill growing worker shortages because many are willing and able to work beyond normal retirement age; and

WHEREAS, employers should be encouraged to provide workers with ongoing training because the workplace is rapidly changing and new technology requires people to update their skills continually through life-long education and job training; and

WHEREAS, employers should be encouraged to recruit older workers and redesign jobs through programs like job sharing, working from home, and flexible work schedules, to make jobs more attractive for older workers; and

WHEREAS, because traditional benefit and retirement programs can be counterproductive and create barriers to continued employment, other benefit and retirement program options should be explored for those who wish to work beyond normal retirement age; and

WHEREAS, because, according to statistics, older workers use less sick leave, switch jobs less often, are more dependable, and possess better work habits, employers should be educated to overcome myths regarding older workers and encouraged to recruit older workers;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study employment opportunities for older workers, including myths and barriers to their employment, nontraditional benefit and retirement program options which encourage alternatives to full retirement, and continued education and training programs, so that older workers can continue to work and maintain their economic security; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-third Legislative Assembly.

WHEREAS, these mandates have an impact on political subdivision's budgets, often in the middle of a budget year; and

WHEREAS, these mandates are often not accompanied by a revenue source or state appropriation; and

WHEREAS, the state should be responsible for providing funding or a funding source for mandates on political subdivisions;

### JOINT POWERS EXERCISE STUDY

A concurrent resolution directing the Legislative Council to study North Dakota laws relating to the joint exercise of governmental powers by political subdivisions to determine whether those laws unnecessarily inhibit the broad authority conferred by the state constitution for joint powers agreements among political subdivisions.

WHEREAS, "joint powers" agreements for the cooperative or joint administration of powers among political subdivisions of the state, including counties, cities, townships, park districts, and school districts, are an essential means for providing opportunities for innovation, creativity, and efficiency in the delivery of essential services by political subdivisions to the citizens of North Dakota, and for positioning those political subdivisions for effective governance in the twenty-first century; and

WHEREAS, the people of this state, through the Constitution of North Dakota, Article VII, Section 10, have provided political subdivisions with broad authority to enter into joint powers agreements with other political subdivisions, subject to limitations that may be imposed by the Legislative Assembly or home rule charter; and

WHEREAS, North Dakota Century Code Chapter 54-40 also provides political subdivisions with broad authority to enter into joint powers agreements; however, that chapter and other statutory provisions impose specific procedural requirements or limitations on that authority, or make reference to particular forms of joint powers agreements, which have raised questions regarding statutory interpretation and have caused confusion with respect to the authority of political subdivisions to enter into joint powers agreements; and

WHEREAS, state laws should not unnecessarily inhibit cooperative agreements among political subdivisions, but rather, the Legislative Assembly should further encourage these efforts by addressing the needs of political subdivisions that desire to utilize joint powers agreements, including the identification and development of model agreements and the provision of appropriate incentives;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study laws relating to the joint exercise of governmental powers by political subdivisions, including any statutes scheduled for future repeal pursuant to legislation enacted by the Fifty-second Legislative Assembly, to determine whether those laws unnecessarily inhibit political subdivisions from entering into joint powers

agreements with other political subdivisions pursuant to the broad authority conferred by the state constitution for those agreements; and

BE IT FURTHER RESOLVED, that the Legislative Council study possible sources and methods for the identification, development, and dissemination of model joint powers agreements for use by political subdivisions, and the provision of appropriate incentives to encourage political subdivisions to enter into joint powers agreements; and

A concurrent resolution urging Congress to adopt legislation to overturn the 1967 United States Supreme Court National Bellas Hess decision.

WHEREAS, the United States Supreme Court in 1967 in the National Bellas Hess v. Illinois Department of Revenue decision ruled that states cannot require out-of-state catalog companies to collect and remit sales tax if no physical presence is apparent; and

WHEREAS, adopted legislation of the fiftieth North Dakota Legislative Assembly defined a "retailer" with apparently sufficient definition to include an out-of-state catalog company as having nexus with the state of North Dakota; and

WHEREAS, enforcement efforts by the state of North Dakota to bring out-of-state catalog companies into compliance with the collection and remittance of sales tax has been thwarted by a recent North Dakota district court ruling affirming that the defendant did not have sufficient nexus with the state of North Dakota; and

WHEREAS, the state of North Dakota has lost an estimated five to ten million dollars per year in uncollected sales taxes;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges the Congress of the United States to take immediate and aggressive legislative action to overturn the 1967 United States Supreme Court National Bellas Hess decision, and to allow states to require out-of-state catalog companies to collect and remit sales taxes on sales to customers within their respective states; and

### EDUCATION ADMINISTRATION STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of various methods for redesigning the administration of education in North Dakota.

WHEREAS, it is imperative that the North Dakota educational system, as a whole, develop a sense of mission and common direction that can guide the cooperative development of a comprehensive and integrated educational strategy to prepare children and adults for life and work in the 21st Century; and

WHEREAS, a unified approach to the implementation of state education policy is essential in times when the resources available for education are limited; and

WHEREAS, coordination within the state's educational system is essential for many reasons, including the preparation and transition of public and nonpublic high school graduates to postsecondary education, the provision of varied educational opportunities for all schoolchildren, and the professional development of teachers for our elementary and secondary schools; and

WHEREAS, to maintain the efficient and effective organization of state government, including the state's educational system, it is properly the duty of the Legislative Assembly to continuously review and coordinate the functions of state government, to provide greater accountability for the operations of that government, to establish a more responsive administrative structure that provides significantly improved government services to the state's citizens, to identify opportunities to save and avoid costs by improving state government organization, and to offer an organizational structure that is appropriate for the unique economic, social, and political environment of the state; and

WHEREAS, it would be both prudent and timely for the Legislative Assembly to undertake a comprehensive review of the state's current administrative structure for the delivery of education services and programs to determine whether that structure represents the most effective and efficient organization necessary to position North Dakota for effective educational governance in the 21st Century;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

**FEDERAL CROP INSURANCE IMPROVEMENT URGED**

A concurrent resolution urging the federal government to fully fund, simplify, and improve the federal crop insurance program.

WHEREAS, from 1981 through 1990, the federally backed multiple peril crop insurance program has provided North Dakota farmers with over \$5 billion in protection on growing crops; and

WHEREAS, this insurance has protected North Dakota farmers and their farm credit resources from financially disastrous crop losses due to insurable causes beyond their control; and

WHEREAS, this protection has contributed significantly to help stabilize the whole economy of the economy of rural communities throughout the state of North Dakota; and

WHEREAS, farmers have seen marked improvements in the crop insurance program since the federal government began to utilize the expertise and efficiency of the private crop insurance industry; and

WHEREAS, the private sector is prepared to assume a larger role in improving the administration and efficiency of the program for the benefit of farmers and taxpayers; and

WHEREAS, the crop insurance reforms of the 1990 farm bill provide promise that the farmers of this state can have the added protection of improved coverages in the future;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

### HOUSE CONCURRENT RESOLUTION NO. 3026 (Kretschmar)

#### REAPPORTIONMENT PLAN STUDY

A concurrent resolution directing the Legislative Council to study and develop a legislative reapportionment plan or plans.

WHEREAS, the Legislative Assembly has the primary responsibility for reapportioning the state into legislative districts; and

WHEREAS, the demographic data necessary to complete the reapportionment task must be based on the 1990 federal decennial census; and

WHEREAS, the results of the 1990 federal decennial census will not be available to the Legislative Assembly in sufficient time to permit the Legislative Assembly to consider a legislative reapportionment plan during the regular session of the Fifty-second Legislative Assembly;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study legislative reapportionment and develop a legislative reapportionment plan or plans for use in the 1992 primary; and

BE IT FURTHER RESOLVED, that the Legislative Council be encouraged to use the following criteria to develop a plan or plans:

1. Legislative districts and subdistricts must be compact and of contiguous territory except as is necessary to preserve county and city boundaries as legislative district boundary lines and so far as is practicable to preserve current legislative district boundaries;
2. Legislative districts may have a population variance from the largest to the smallest in population not to exceed nine percent of the population of the ideal district except as is necessary to preserve county and city boundaries as legislative district boundary lines and so far as is practicable to preserve current legislative district boundaries;
3. No legislative district may cross the Missouri River;
4. Senators elected in 1990 may finish their terms except that in those districts where over 20 percent of the qualified electors were not eligible to vote in that district in 1990, senators must stand for reelection in 1992; and

BE IT FURTHER RESOLVED, that the plan or plans developed by the Legislative Council contain options for the creation of house subdistricts in any senate district that exceeds three thousand square miles; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation necessary to implement the recommendations, to a reconvened or special session of the Fifty-second Legislative Assembly.

**LANDFILL GROUND POLLUTION STUDY**

A concurrent resolution directing the Legislative Council to study the current conditions and the feasibility of reducing ground pollution in North Dakota's landfills.

WHEREAS, North Dakota's population is expected to increase in future years, so waste refuse will increase in future years; and

WHEREAS, effective disposal of refuse in landfills is an integral factor that could decrease landfill refuse in future years; and

WHEREAS, it is in the best interest of all North Dakotans to have accurate data and information about the condition of and possible reduction of North Dakota landfills for prevention of water and land pollution; and

WHEREAS, it is in the best interest of all North Dakotans to be encouraged to precycle, recycle, and use biodegradable products to avoid disposal of harmful toxic wastes in our landfills; and

WHEREAS, by establishing a need to increase recycling, North Dakota could pursue economic possibilities developed directly from recycling efforts in our state or combined efforts from surrounding states and Canada; and

WHEREAS, North Dakota is proud to be one of the most pollution-free states in the United States of America and should take a preventative stance to maintain and preserve this status for future generations;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the feasibility and ramifications of reducing the ground pollution of North Dakota landfills, with an emphasis on encouraging recycling efforts to preserve and protect our land and water; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-third Legislative Assembly.

WHEREAS, the President of the United States, with the consent of the Congress, has engaged armed forces of the United States in Operation Desert Storm to liberate Kuwait and counter the threat of invasion to Saudi Arabia by Iraq; and

WHEREAS, units and personnel of the North Dakota National Guard along with other reserve component units and personnel have been ordered to active duty for an indefinite period for Operation Desert Shield and Operation Desert Storm; and

WHEREAS, additional National Guard and other reserve component units and personnel may be ordered to active duty for Operation Desert Storm; and

WHEREAS, National Guard and other reserve component personnel who have been ordered to active duty for Operation Desert Shield and Operation Desert Storm will be separated from families for an indefinite period, will incur business losses, will be absent from college study for one or more semesters, will suffer other personal hardships, and will be "in harm's way"; and

WHEREAS, all National Guard and other reserve component personnel should be commended for their voluntary membership in the armed forces of the United States; and

WHEREAS, this nation must properly and fairly assist all military personnel who have been ordered to active duty for Operation Desert Shield and Operation Desert Storm to return to civilian life when they are released from active duty; and

WHEREAS, many members of the National Guard and other reserve components may not be considered "veterans" upon their release from active duty for Operation Desert Shield and Operation Desert Storm and may be denied veterans' benefits because of discriminatory and outdated federal laws; and

WHEREAS, all members of the National Guard and other reserve components who have been ordered to active federal duty for Operation Desert Shield and Operation Desert Storm should be considered "veterans" for all veterans' benefit purposes; and

### SOUND ENERGY POLICY URGED

A concurrent resolution urging the President and the Congress of the United States to develop expeditiously a sound and comprehensive national energy policy utilizing renewable agricultural commodities, such as ethanol, in the production of energy and lubrication products.

WHEREAS, oil embargoes instituted by the Organization of Petroleum Exporting Countries cartel during the mid 1970s held the entire industrialized world hostage to outrageous and predatory oil pricing; and

WHEREAS, the recent invasion of Kuwait by Iraq has resulted in the disruption of world oil supplies, and the political instability of the Middle East has caused extreme volatility in world oil markets; and

WHEREAS, the Food, Agriculture, Conservation, and Trade Act of 1990 falls far short of providing cost of production to the nation's agricultural producers; and

WHEREAS, the market price for most major farm commodities is substantially below the cost of producing those commodities;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges the President and the Congress of the United States to develop expeditiously a sound and comprehensive national energy policy utilizing renewable agricultural commodities, such as ethanol, in the production of energy and lubrication products; and

BE IT FURTHER RESOLVED, that the Fifty-second Legislative Assembly urges that the President request and that the Congress of the United States appropriate funds within the budgets of the Department of Defense and the Department of Agriculture to establish this sound and comprehensive energy program; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded by the Secretary of State to the President of the United States, the Secretary of Energy, the Secretary of Defense, the Secretary of Agriculture, the Speaker and the majority and minority leaders of the United States House of Representatives, the President and the majority and minority leaders of the United States Senate, and each member of the North Dakota Congressional Delegation.

### GLOBAL WARMING STUDY BY CONGRESS URGED

A concurrent resolution urging the United States Congress to support research to determine whether there is scientific basis for the global warming theory prior to adoption of proposals or policies intended to reduce emissions of carbon dioxide from the use of coal, oil, and natural gas.

WHEREAS, carbon dioxide is a naturally occurring gas in the earth's atmosphere vital to plant growth and is a byproduct of burning coal, oil, and natural gas which, in the United States, accounts for less than 10 percent of the world's total man-made greenhouse gases; and

WHEREAS, carbon or related energy taxes and limits on carbon dioxide emissions are being proposed in Congress and by the international community as a method of controlling carbon dioxide emissions; and

WHEREAS, no clear consensus among the world's scientific community exists on whether the earth's climate is warming as a result of carbon dioxide emissions from the use of coal, oil, and natural gas, and existing technology has proven incapable of accurately predicting future climate change; and

WHEREAS, carbon or related energy taxes or limits on carbon dioxide emissions would adversely impact the ability of North Dakota's energy resources to compete in the energy marketplace, preventing development of our state's abundant lignite, oil, and natural gas reserves; and

WHEREAS, carbon or related energy taxes or limits on carbon dioxide emissions would adversely impact the jobs, business volume, and tax revenue generated by our state's energy industry and result in higher per capita taxes on energy consumers in this region due to lignite's low Btu content; and

WHEREAS, carbon or related energy taxes or limits on carbon dioxide emissions would result in serious adverse economic consequences for this region and the nation by severely restricting economic growth and development and by raising costs for nearly all types of productive activity, particularly energy and agriculture;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-second Legislative Assembly of North Dakota urges the Congress of the United States to provide funds and facilities for research to determine if there is sound scientific basis to support the theory that the

earth's climate is warming as a result of carbon dioxide emissions from the worldwide use of coal, oil, and natural gas; and

BE IT FURTHER RESOLVED, that the Fifty-second Legislative Assembly of North Dakota urges the United States Congress to include in its studies of global warming a complete scientific analysis of potential impacts resulting from increased carbon dioxide in the atmosphere; and

BE IT FURTHER RESOLVED, that the Fifty-second Legislative Assembly of North Dakota urges the United States Congress to encourage the United States State Department or other departments, agencies, or representatives of the United States government to refrain from entering into international agreements or taking official action committing the United States to restricted use of coal, oil, and natural gas or imposing energy taxes on such use as a means of limiting carbon dioxide emissions; and

BE IT FURTHER RESOLVED, that the Fifty-second Legislative Assembly of North Dakota is opposed to efforts by the United States Congress to impose additional energy taxes or limits on carbon dioxide emissions from the nation's use of coal, oil, and natural gas; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded to the United States President; the United States Secretaries of State, Energy, Commerce, Agriculture, Transportation, Treasury, and Interior; the administrator of the Environmental Protection Agency; the chairmen and members of the Senate Energy and Natural Resources Committee, the Senate Environment and Public Works Committee, and the House Energy and Commerce Committee; and to each member of the North Dakota Congressional Delegation.

A concurrent resolution directing the Legislative Council to study the impact and potential benefits to be derived from the use of electronic communications in government services.

WHEREAS, it is the responsibility of the Legislative Assembly to ensure the wisest and most efficient use of the state's resources; and

WHEREAS, there is a need to reduce the cost of sharing data collected by the state and local government; and

WHEREAS, electronic mail and messaging is becoming the preferred method of communicating; and

WHEREAS, significant savings for voice communications can be achieved through volume contracts; and

WHEREAS, the increasing capabilities made available through the use of electronic communications should be utilized by the state to improve the efficiency of state and local government and to more beneficially use limited state and local resources; and

WHEREAS, for example, the use of electronic communications to transfer documents via computer technology or through the use of facsimile technology may more efficiently and effectively utilize state and local resources;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the impact and potential benefits to be derived from the use of electronic communications in government services; and

A concurrent resolution directing the Legislative Council to study the problems caused by and associated with severed mineral interests.

WHEREAS, large areas of North Dakota are or may be subject to oil and gas exploration and development; and

WHEREAS, the continued development of oil and gas resources in this state is very important to the economic well-being of the state and its people; and

WHEREAS, landowners must absorb the increased cost of updating abstracts if the mineral estate underlying their surface estate has been severed from that surface estate; and

WHEREAS, the surface owner must bear the entire burden of property taxes when the mineral estate has been severed from the surface estate; and

WHEREAS, the title to abandoned severed mineral interests should revert to the owner of the surface estate overlying the abandoned severed mineral interests who may return the severed mineral interests to valuable use; and

WHEREAS, a thorough study should be undertaken by the Legislative Council of feasible methods to discover and categorize the severed mineral interests in this state before any action concerning this issue is undertaken by the Legislative Assembly; and

WHEREAS, oil and gas exploration and development companies incur increased expenses in procuring drilling title opinions and division order opinions; and

WHEREAS, delays in royalty payments caused by division order problems adversely affect the state's royalty owners;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

### **HANDICAPPED CHILD EDUCATION ASSISTANCE URGED**

A concurrent resolution urging Congress to provide assistance for the education of all handicapped children, as provided for in Public Law 94-142.

WHEREAS, in 1975, Congress passed Public Law 94-142, the "Education of the Handicapped Act"; and

WHEREAS, in Public Law 94-142, Congress recognized that the special education needs of handicapped children were not being fully met; and

WHEREAS, in Public Law 94-142, Congress stated that developments in the training of teachers and in diagnostic and instructional procedures and methods have advanced to the point that given appropriate funding, state and local educational agencies could and would provide effective special education and related services to meet the needs of handicapped children; and

WHEREAS, in Public Law 94-142, Congress noted that the financial resources given to state and local educational agencies are inadequate to meet the special educational needs of handicapped children; and

WHEREAS, in Public Law 94-142, Congress authorized maximum state entitlements of 40 percent of the average per-pupil expenditure for special education pupils; and

WHEREAS, Congress supports special education in the amount of approximately eight percent of the average per-pupil expenditure for special education pupils;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges Congress to provide funding for special education pursuant to the provisions of Public Law 94-142; and

A concurrent resolution urging continued funding for library resources and services dedicated to the needs of blind and physically handicapped persons.

WHEREAS, the Library of Congress, through the National Library Service for the Blind and Physically Handicapped, administers a free national library program for visually and physically handicapped persons who cannot use standard print materials; and

WHEREAS, the North Dakota State Library contracts with the South Dakota Library for the Blind and Physically Handicapped, using federal funds provided by the United States Department of Education, pursuant to the Library Services and Construction Act; and

WHEREAS, the services rendered by the Library for the Blind and Physically Handicapped, particularly books on recorded discs, on cassettes, and in braille, are both important and essential to persons who cannot use standard print material; and

WHEREAS, most counties in North Dakota have residents in need of such materials; and

WHEREAS, the population of North Dakota is an aging one, all counties in North Dakota can expect to have residents who, because of failing eyesight or other physical impairments, will require these special services;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That if Congress reduces or limits funding for the Library Services and Construction Act, and if as a result, funding for recorded and brailled material is reduced, the state of North Dakota should take whatever measures possible to ensure a continuation of these special programs.

### MISSOURI RIVER BRIDGE URGED

A concurrent resolution urging Congress to provide funds to the appropriate agency to construct a bridge over the Missouri River approximately midway between Bismarck, North Dakota, and Mobridge, South Dakota, in the vicinity of Fort Yates and Emmons County, North Dakota.

WHEREAS, the Legislative Assembly in 1929 appropriated \$130,000 for a study regarding construction of a bridge in the Fort Yates area; and

WHEREAS, the Fortieth Legislative Assembly in 1967 adopted Senate Concurrent Resolution Z urging Congress to give favorable consideration to the construction of such a bridge; and

WHEREAS, the Forty-first Legislative Assembly in 1969 adopted House Concurrent Resolution No. 45 urging Congress to give favorable consideration to United States Senate Bill 229, which would authorize the construction of the bridge; and

WHEREAS, Congress adopted Senate Bill 229, which authorized construction of the bridge as part of the 1970 Flood Control Act; and

WHEREAS, \$470,000 has been expended on site studies, bridge design, and other preparatory work as of June 1972; and

WHEREAS, Congress, in 1990, authorized an additional expenditure of \$250,000 to be used for study and design purposes; and

WHEREAS, no funds have been appropriated for construction of the bridge, and the bridge project is in danger of being deauthorized by law if further funds are not expended on the project; and

WHEREAS, the vast area of North Dakota and South Dakota lying between the Missouri River crossings at Bismarck, North Dakota, and Mobridge, South Dakota, a distance of over 100 miles, has been bisected by the Missouri River and Lake Oahe, requiring residents of, and travelers through, the area to travel great distances to establish river crossings; and

WHEREAS, a modern bridge crossing over the Missouri River in the vicinity of Fort Yates and Emmons County, North Dakota, would be of great benefit to those engaged in agricultural activities in the area and would provide increased potential for industrial development, tourism, and recreational use of areas endowed with great natural beauty which will otherwise lie dormant; and

WHEREAS, the construction of a bridge over the Missouri River midway between Bismarck, North Dakota, and Mobridge, South Dakota, would further provide social, medical, and academic opportunities for the residents of south central North Dakota and north central South Dakota; and

WHEREAS, the state of North Dakota is prepared to put forth full effort into assisting with the construction of a bridge over the Missouri River midway between Bismarck, North Dakota, and Mobridge, South Dakota; and

WHEREAS, there are engineers, contractors, suppliers, and administrators native to and located within this state who should receive priority consideration in the planning and construction of the new bridge over the Missouri River midway between Bismarck, North Dakota, and Mobridge, South Dakota;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges Congress to provide funds to the appropriate agency to construct a bridge over the Missouri River in the vicinity of Fort Yates and Emmons County, North Dakota; and

BE IT FURTHER RESOLVED, that the United States Army Corps of Engineers is urged to specify the use of North Dakota engineers, contractors, suppliers, and administrators for the planning and construction of the bridge over the Missouri River in the vicinity of Fort Yates and Emmons County, North Dakota; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded by the Secretary of State to the Secretary of the Interior, the United States Army Corps of Engineers, the majority leaders in the United States Senate and House of Representatives, each member of the North Dakota Congressional Delegation, and the director of the State Department of Transportation.

WHEREAS, North Dakota has plentiful supplies of coal that should be utilized to the greatest extent possible in order to protect the United States from overdependence on foreign sources of energy such as imported oil; and

WHEREAS, the Surface Mining Control and Reclamation Act of 1977 [Pub. L. 95-87] and its state counterpart, North Dakota Century Code Chapter 38-14.1, have acted to drive small mine operators out of business because of the exorbitant cost of complying with the environmental, legal, and financial requirements of these laws; and

WHEREAS, several small surface mine operators in North Dakota have had a long history of responsible operation and are unnecessarily and unreasonably constrained from exercising their knowledge and ability to safely and economically mine coal by the Surface Mining Control and Reclamation Act of 1977 and North Dakota Century Code Chapter 38-14.1; and

WHEREAS, these small operators supply the domestic coal needs for many middle and low income families near their mines;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges the Office of Surface Mining, Reclamation and Enforcement, Department of the Interior, and the North Dakota Public Service Commission to exempt surface coal mining permits of five acres or less in size from the requirements of the Surface Mining Control and Reclamation Act of 1977 and the North Dakota surface mining and reclamation operations laws; and

### SPECIAL EDUCATION STUDY

A concurrent resolution directing the Legislative Council to study all aspects of special education.

WHEREAS, public law 94-142 requires that all children with disabilities have available to them a free appropriate education; and

WHEREAS, a student with disabilities is often best served by being provided with an appropriate education in the least restrictive environment possible; and

WHEREAS, educating a student with disabilities in the least restrictive environment possible often presents special challenges such as providing for the student's medical needs during the school day; and

WHEREAS, educating a student with disabilities in the least restrictive environment possible and meeting all of the special challenges, while ensuring that the student receives the maximum benefits from an educational experience, requires the coordination of efforts by governmental and private entities; and

WHEREAS, the cost of special education has risen dramatically in recent years; and

WHEREAS, although mandated by federal law, the financial burden of providing special education services falls primarily on the state and local school districts; and

WHEREAS, it is a legislative responsibility to review existing laws to ensure that they adequately address the purposes for which they were intended; and

WHEREAS, the area of special education has not been studied in depth by a legislative committee for a number of years;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the entire area of special education, including current legal requirements for the provision of special education services, the delivery of medical services to students with disabilities in a school environment, alternatives for the provision of various services, cost factors, and directions for the future, and review the scope and content of existing interagency cooperative agreements for individuals with disabilities to determine whether there is a need to expand participation in the agreements; and

WHEREAS, tax-exempt entities acquire substantial acreage of property in North Dakota each year and hold substantial acreage in the state on a tax-exempt basis; and

WHEREAS, removal of property from property tax rolls is a cause of growing concern to officials of political subdivisions, whose tax bases are substantially eroded by acquisition of property by tax-exempt entities, which shifts a larger tax burden to nonexempt taxpayers; and

WHEREAS, thorough review of property tax exemptions under existing law should be conducted to determine whether the purpose for the exemptions as created still exists and whether it is feasible and desirable to limit acquisition of property by tax-exempt organizations, eliminate or limit tax-exempt status of certain entities, or require divestiture of property by tax-exempt entities; and

### EDUCATIONAL FUNDING FORMULA STUDY

A concurrent resolution directing the Legislative Council to study the feasibility of implementing an educational funding formula based on current costs that considers using all sources of revenue and wealth to measure a school district's local ability to support education, incorporating sparsity of enrollment, requiring a minimum level of local effort, and providing additional funding for categories of students that are below statewide averages of per-pupil expenditures.

WHEREAS, the current education funding formula often creates widely disparate results; and

WHEREAS, the average cost per pupil in the 1989-90 school year ranged from \$13,819 to \$2,094; and

WHEREAS, the taxable valuation per pupil in the 1989-90 school year ranged from \$75,707 to \$160; and

WHEREAS, the dollars raised per pupil based on a state average mill levy during the 1989-90 school year ranged from \$12,632 to \$27; and

WHEREAS, equalization of the funding formula should include consideration of using all sources of revenue and wealth to measure a school district's local ability to support education, incorporating a school district's sparsity of enrollment as a weighting factor, requiring a minimum level of local funding effort, and providing an additional payment for any category of students having a per-pupil expenditure that is less than 90 percent of the statewide average;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the educational funding formula based on current costs that considers using all sources of revenue and wealth to measure a school district's local ability to support education, incorporating sparsity of enrollment, requiring a minimum level of local effort, and providing additional funding for categories of students that are below statewide averages of per-pupil expenditures, and determine whether that or a similar formula would, if implemented, alleviate the inequities resulting from the application of the current funding formula; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-third Legislative Assembly.

WHEREAS, the current state transportation formula evidences a disparity in the percentage of transportation costs reimbursed to school districts;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study state transportation aid to determine whether the existing formulas adequately and equitably meet the needs of large and small school districts, and if not, to consider various funding formulas that would better serve the existing and future transportation needs of large and small school districts; and

WHEREAS, state law presently provides that unexpended general fund appropriations must be turned back to the state general fund after the end of the biennium for which the funds were appropriated; and

WHEREAS, legislation has been considered by the Fifty-second Legislative Assembly that would allow state agencies, institutions, or departments to retain expenditure authority over a portion of unexpended general fund appropriations beyond the end of the biennium for one-time purchases or projects that do not result in a continuing obligation; and

WHEREAS, use of state employee sick leave can put stress on understaffed and overworked state agencies; and

WHEREAS, incentives in lieu of the use of sick leave has in some states reduced the use of sick leave; and

WHEREAS, careful study is required of the feasibility and desirability of allowing state agencies to retain expenditure authority over general fund appropriations after the end of the biennium for which the funds were appropriated;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

### ELECTION CAMPAIGN STUDY

A concurrent resolution directing the Legislative Council to study North Dakota election laws, including the laws relating to the financing of election campaigns and the reporting of election campaign expenditures.

WHEREAS, during the 1989-90 interim the Legislative Council's Elections Committee was directed to consider all aspects of the election process with emphasis on new voting concepts that would make the process more timely and cost effective; and

WHEREAS, the committee focused its study on the feasibility of mail ballot elections and adopted guidelines for use of mail ballots at the 1990 primary election; and

WHEREAS, during the latter part of the interim the committee received testimony indicating that there may be conflicting provisions and inconsistencies in North Dakota election laws and indicating that the laws relating to the financing of election campaigns and the reporting of election campaign contributions and expenditures may be inadequate;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study North Dakota election laws, including the laws relating to the financing of election campaigns and the reporting of election campaign expenditures, with an emphasis on resolving inconsistencies and conflicting provisions, on establishing more uniform and effective election procedures, and on establishing more adequate provisions relating to the financing of election campaigns and the reporting of election campaign contributions and expenditures; and

### SUBSIDIZED HEALTH INSURANCE STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and ramifications of adopting and implementing a state-subsidized health insurance program for uninsured and underinsured residents.

WHEREAS, during the 1989-90 interim, the Legislative Council's interim Industry and Business Committee studied the health care insurance needs of uninsured and underinsured persons; and

WHEREAS, among the several methods considered by the committee to address the needs of the uninsured and underinsured was a proposal to allow the Department of Human Services to contract with private health insurance providers to provide a subsidized nongroup health insurance coverage, available on a sliding fee scale basis, to persons with incomes up to 250 percent of the federal poverty level; and

WHEREAS, several issues relating to the proposal were unresolved and are worthy of further study, including whether Medicare recipients should be included in the population eligible for the subsidized coverage, whether the targeted poverty level should be lowered, and whether the coverages contemplated by the proposal should be modified; and

WHEREAS, committee members concluded that, in an effort to further consider methods of addressing the needs of the uninsured and the underinsured, issues related to the proposal, the scope of its potential implementation, and its general feasibility should be studied further;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the feasibility and ramifications of adopting and implementing a state-subsidized health insurance program for uninsured and underinsured residents, with emphasis upon a review and further development of information regarding the proposal considered by the interim Industry and Business Committee; and

### STATE GOVERNMENT PRIVATIZATION STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of the privatization of some state government services.

WHEREAS, the North Dakota 2000 Committee as part of its call for state government reform has recommended that some state government functions should be examined for possible privatization on the basis, in part, that North Dakota is perceived as having a high number of state employees as compared on a per capita basis with other states; and

WHEREAS, the general premise underlying privatization is that, because private firms are subject to competition from other firms, they are compelled to provide goods and services for less cost and more efficiently than government agencies; and

WHEREAS, although North Dakota has contracted for the provision of public sector services through the private sector, including services for the developmentally disabled, several other states have privatized other public sector services which illustrate potential opportunities for further privatization in North Dakota, particularly if privatization would provide a clear benefit for the state and the function to be privatized lies clearly outside of the function of government; and

WHEREAS, privatization of state government services is beset by a host of constitutional, statutory, and contractual issues that, to a large degree, are closely allied to an evaluation of policy questions relating to cost effectiveness, quality of services, state control or guidelines, and state contractual remedies;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the feasibility and desirability of the privatization of some state government services; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-third Legislative Assembly.

(Legislative Council)  
(Interim Jobs Development Commission)

### ECONOMIC DEVELOPMENT STUDY

A concurrent resolution directing the Legislative Council to study, analyze, and evaluate, with assistance of a consultant, public policy as determined by the Legislative Assembly and its relationship to the state's ability to enhance economic development.

WHEREAS, after thousands of hours of research, interviews, and meetings, the North Dakota 2000 Committee concluded that North Dakota's economic indicators show a state at risk; that higher prices for the state's two most basic economic generators - agriculture and energy - would not solve the state's economic problems; and that fundamental long-term changes are needed; and

WHEREAS, the North Dakota 2000 Committee and the Governor's Committee of 34 recommend changes based on a strong four-sector program featuring advanced agriculture and food processing, energy byproduct development, exported services and tourism, and advanced manufacturing; and

WHEREAS, many of the recommendations of the two committees are affected by the state's present tax structure and require an increase in state funding for economic development; and

WHEREAS, the North Dakota 2000 Committee conducted meetings in 40 communities across the state in an effort to determine whether North Dakotans perceived that the North Dakota economy was at risk and, if so, the problems causing the economy to stagnate; and

WHEREAS, although North Dakotans agreed that the state has serious economic problems and with the need for economic development in the state, recent successful referrals of bills providing for increased sales, income, and gasoline taxes, and the defeat of an initiated measure to increase sales taxes for educational purposes sent a clear message that the North Dakota taxpayer is not supportive of present policies of state government as it relates to taxes; and

WHEREAS, over time as laws are enacted to address specific shortrun concerns, the system can become overlapping or even contradictory in its use of policy tools that may be unnecessarily complex and patchworked in a manner that thwarts the accomplishment of originally intended objectives; and

WHEREAS, support for any economic change in North Dakota must come from the people and that will only be accomplished if the state's tax structure is perceived as fair and responsive to the people's needs; and

WHEREAS, although the recommendations of the North Dakota 2000 Committee and the Governor's Committee of 34 for improving the state's economic position would make sweeping changes if implemented, there is a need for additional study to ensure that the state develops a rational overall fiscal policy that considers criteria such as revenue productivity, simplicity, equity, competitiveness, economic neutrality, intergovernmental neutrality, and administrative feasibility;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study, analyze, and evaluate, with the assistance of a consultant, public policy as determined by the Legislative Assembly and its relationship to the state's ability to enhance economic development; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-third Legislative Assembly.

### RETIREMENT OFFICE CONSOLIDATION STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of consolidating the Retirement and Investment Office, Public Employees Retirement System, and Teachers' Fund for Retirement.

WHEREAS, it is in the best interests of the state and its political subdivisions to provide cost efficient and properly administered retirement programs for the benefit of public employees; and

WHEREAS, the adequacy of public employee retirement programs is dependent on the proper administration and investment of public employee retirement funds; and

WHEREAS, the merger of the investment functions of the Retirement and Investment Office, Public Employees Retirement System, and Teachers' Fund for Retirement has been successful and resulted in cost savings; and

WHEREAS, the consolidation of areas such as accounting, computerization, benefits counseling, and management staffing has the potential to result in significant further cost savings; and

WHEREAS, the management of the state health plan by the Public Employees Retirement System should be evaluated and the possibility of merging this function of the Public Employees Retirement System into a combined system consisting of the Retirement and Investment Office, Public Employees Retirement System, and Teachers' Fund for Retirement should be studied; and

WHEREAS, the decision whether to consolidate the functions of the Retirement and Investment Office, Public Employees Retirement System, and Teachers' Fund for Retirement necessarily involves the funds, and the participants in and beneficiaries of the funds; and

WHEREAS, the long-term common goal of the Retirement and Investment Office, Public Employees Retirement System, and Teachers' Fund for Retirement is to maximize benefits to public employees;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the feasibility and desirability of consolidating the Retirement and Investment Office, Public Employees Retirement System, and Teachers' Fund for Retirement; and

## PUBLIC ASSISTANCE STUDY

A concurrent resolution directing the Legislative Council to study the feasibility of establishing programs for families and individuals receiving public assistance to permit them to develop skills that will lead to gainful employment.

WHEREAS, the effective delivery of public assistance is an integral part of the well-being of significant numbers of North Dakota families and individuals; and

WHEREAS, it is in the interest of all North Dakotans that public assistance be a short-term rather than a long-term support mechanism; and

WHEREAS, it is in the interest of all North Dakotans that the state take every opportunity to assist recipients of public assistance in becoming gainfully employed; and

WHEREAS, North Dakota has university campuses, vocational campuses, and other state facilities that could be made to accommodate families and individuals; and

WHEREAS, the state could provide to such families and individuals food, shelter, and other basic care; and

WHEREAS, with the removal of concerns regarding basic necessities such as food and shelter, recipients could pursue courses of study that would prepare them for careers of their choosing; and

WHEREAS, with support, encouragement, and newly acquired skills, North Dakota families and individuals currently receiving public assistance could achieve both self-esteem and gainful employment, thereby becoming self-sufficient and no longer in need of public assistance;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the feasibility of establishing programs on utilizing our university campuses, vocational campuses, and other state facilities for families and individuals receiving public assistance to permit them to develop skills that will lead to gainful employment and study all current skills development programs as well as current and potential funding sources for those programs; and

## BLOCK GRANT FUNDS APPROVAL

A concurrent resolution regarding the approval of state agency use of block grant funds, and authorizing the Budget Section of the Legislative Council to hold the required legislative hearings on state plans for the receipt and expenditure of new or revised block grants as passed by Congress.

WHEREAS, the Congress of the United States enacted the Omnibus Budget Reconciliation Act of 1981 on July 29, 1981, thus creating several categories of "block" grant programs; and

WHEREAS, legislatures of the states are required to conduct public hearings; and

WHEREAS, the Appropriations Committees have held the required public hearings on block grant moneys expected for the next biennium by the Office of Management and Budget, Department of Human Services, and State Department of Health and Consolidated Laboratories; and

WHEREAS, the Fifty-second Legislative Assembly cannot hold public hearings on revisions to current block grants or additional block grants that may be approved by the Congress after the recess or adjournment of the Legislative Assembly; and

WHEREAS, the Legislative Assembly will not meet in regular session during 1992 and thus its public hearing responsibility for grants not approved by the Fifty-second Legislative Assembly must be delegated to a legislative entity;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the appropriation bills for the Office of Management and Budget, Department of Human Services, and State Department of Health and Consolidated Laboratories, as they are passed by this Legislative Assembly, are the Legislative Assembly's approval and contain directions on the use of block grant moneys for the period ending September 30, 1993; and

### SENATE CONCURRENT RESOLUTION NO. 4011 (Streibel, Naaden)

#### STATE ROLE IN GARRISON DIVERSION

A concurrent resolution urging the Garrison Diversion Conservancy District, with the cooperation of the State Water Commission, the Governor, the Garrison Diversion Overview Committee, and each member of the North Dakota Congressional Delegation, to attempt to negotiate promptly, with the appropriate federal officials, a greater role for the state in the development, construction, operation, and maintenance of the Garrison Diversion Project.

WHEREAS, the state of North Dakota was first promised a 1,000,000-acre multiple-purpose water project in the historic Pick-Sloan compromise, which led to the Flood Control Act of December 22, 1944, [58 Stat. 887]; and

WHEREAS, the Act of August 5, 1965, [79 Stat. 433] authorized the initial phase of the Garrison Diversion Unit which promised 250,000 acres of irrigation, fish and wildlife, municipal and rural water supplies, recreation, and other benefits for the state of North Dakota; and

WHEREAS, the Garrison Diversion Project was substantially modified by the Garrison Diversion Unit Reformulation Act of 1986 [100 Stat. 418] and project benefits to the state of North Dakota were significantly reduced; and

WHEREAS, federal officials have consistently promised the state of North Dakota that the United States would promptly develop the Garrison Diversion Unit if the state would accept a smaller project and if the state would pay an ever-increasing share of project costs; and

WHEREAS, the state of North Dakota has already contributed 550,000 acres of land for Pick-Sloan reservoirs so that downstream states may receive flood control, hydroelectric, and navigation benefits; and

WHEREAS, the state of North Dakota has already contributed thousands of acres of land for wetland, fish, and wildlife mitigation and enhancement related to the project for the benefit of the entire United States; and

WHEREAS, the United States has partially constructed the Garrison Diversion Project, but the project features have not yet been utilized and require continuing maintenance; and

WHEREAS, during the past 45 years, the state of North Dakota and North Dakota Indian tribes have fully contributed their share of the Pick-Sloan compromise and have incurred substantial social, financial, economic, and environmental costs, but the anticipated benefits have not been forthcoming; and

WHEREAS, recent events show that federal officials are renegeing on promises that were made to the state of North Dakota when the state reluctantly accepted the reduced project as provided in the Garrison Diversion Unit Reformulation Act of 1986; and

WHEREAS, continued federal equivocation on key features, such as a connecting facility between the McClusky and New Rockford canals, will virtually assure that the project will remain nonfunctional, will preclude the state from receiving promised benefits, and will seriously reduce the potential for economic advances in North Dakota's future; and

WHEREAS, Fargo and Grand Forks will benefit from an assured supply of municipal and industrial water in the Sheyenne and Red rivers; and

WHEREAS, Minot and surrounding communities will benefit from an assured water supply system; and

WHEREAS, the Garrison Diversion Unit will provide a capability to stabilize Devils Lake; and

WHEREAS, the Garrison Diversion Unit will provide thousands of acres of irrigation, which is essential to support a stable livestock industry and to diversify North Dakota agriculture; and

WHEREAS, it appears to the Legislative Assembly that the state of North Dakota, through the Garrison Diversion Conservancy District, should assume a greater role in developing, constructing, operating, and maintaining the Garrison Diversion Project; and

WHEREAS, it also appears that the state of North Dakota should consider entering cost-share arrangements with the United States to complete key project features or to assume title to project features in order to assure that the project is not abandoned by the United States;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges the Garrison Diversion Conservancy District, with the cooperation of the State Water Commission, the governor, the Garrison Diversion Overview Committee, and each member of the North Dakota Congressional Delegation, to attempt to negotiate promptly, with the appropriate federal officials, a greater role for the state in the development, construction, operation, and maintenance of the Garrison Diversion Project.

A concurrent resolution urging the President and Congress to take immediate steps to restore financial viability to agriculture.

WHEREAS, North Dakota has in recent years endured drought, insect infestation, low farm prices, and a weakened agricultural economy; and

WHEREAS, real net farm income has plummeted during the decade of the 1980s to the lowest point since recordkeeping began; and

WHEREAS, one out of six farmers in North Dakota is technically insolvent or has a debt-to-asset ratio in excess of 70 percent; and

WHEREAS, during the decade of the 1980s, North Dakota lost 6,500 farmers, the nation lost over a quarter of a million farms, and it is predicted that the rate of farm loss will double; and

WHEREAS, the loss of farm numbers and farm income has wreaked financial devastation on the main streets of rural North Dakota and has resulted in the massive outmigration of our young people; and

WHEREAS, each \$1 decrease per bushel in the price of wheat translates into a \$1.4 billion decrease to North Dakota's economy; and

WHEREAS, new farm legislation has not only failed to provide a reasonable safety net for family farm agriculture but can only be expected to further reduce market price levels, and continue devaluing farm assets;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges the President and the Congress of the United States to take immediate administrative and legislative action to:

1. Increase commodity loan rates to the statutory rate to provide reasonable cost-of-production returns to producers;
2. Negotiate the creation of international food reserves in which both importing and exporting nations share in the costs of maintaining those reserves and in making necessary adjustments in times of surplus;

3. Maintain export credits available to the Soviet Union for purchases of wheat and feed grains, making the United States competitive with other grain exporting nations; and
4. Target farm program benefits to provide price protection to the level of production for the average-sized family farm; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded by the Secretary of State to the President, the Secretary of Agriculture, each member of the United States Senate and House Agriculture Committees, and each member of the North Dakota Congressional Delegation.

WHEREAS, the unintended result of the operation and effect of North Dakota's no-fault insurance law has been higher motor vehicle insurance rates and greater litigation costs; and

### CONSTITUTIONAL PROHIBITION ON FLAG DESECRATION

A concurrent resolution requesting that the Congress of the United States propose for ratification by the states an amendment to the federal Constitution to provide that Congress and the states would have the power to prohibit the physical desecration of the flag of the United States.

WHEREAS, although the right of free expression is part of the foundation of the United States Constitution, very carefully drawn limits on expression in specific instances have long been recognized as legitimate means of maintaining public safety and decency, as well as orderliness and productive value of public debate; and

WHEREAS, there are symbols of our national soul such as the Washington Monument, the United States Capitol, and memorials to our greatest leaders, which are the property of every American and are therefore worthy of protection from desecration and dishonor; and

WHEREAS, the flag of the United States to this day is a most honorable and worthy banner of a nation which is thankful for its strengths and committed to curing its faults, and remains the destination of millions of immigrants attracted by the universal power of the American ideal; and

WHEREAS, the law as interpreted by the United States Supreme Court no longer accords to the flag of the United States that reverence, respect, and dignity befitting the banner of that most noble experiment of a nation-state; and

### CONGRESSIONAL COMPENSATION

A concurrent resolution for the ratification of the original second amendment to the Constitution of the United States, providing for a delay in any variances in compensation of members of Congress until an intervening election of the United States House of Representatives.

WHEREAS, the First Congress of the United States of America, at its first session begun on March 4, 1789, and held in New York, New York, in both houses, by a constitutional majority of two-thirds thereof, adopted the following proposition to amend the Constitution of the United States of America, in the following words, to wit:

"THE Conventions of a number of the States, having at the time of their adopting the Constitution, expressed a desire, in order to prevent misconstruction or abuse of its powers, that further declaratory and restrictive clauses should be added: And as extending the ground of public confidence in the Government, will best ensure the beneficent ends of its institution;

"RESOLVED by the Senate and House of Representatives of the United States of America, in Congress assembled, two thirds of both Houses concurring that the following [Article] be proposed to the Legislatures of the several States, as [an amendment] to the Constitution of the United States...which [Article], when ratified by three fourths of the said Legislatures, to be valid to all intents and purposes, as part of the said Constitution, viz:

"[An ARTICLE] in addition to, and amendment of the Constitution of the United States of America, proposed by Congress, and ratified by the Legislatures of the several States, pursuant to the fifth Article of the original Constitution.

"Article the second...No law, varying the compensation for the services of the Senators and Representatives, shall take effect, until an election of Representatives shall have intervened."; and

WHEREAS, Article V of the Constitution of the United States allows the Legislative Assembly of the State of North Dakota to ratify the aforementioned original second amendment to the Constitution of the United States; and

WHEREAS, the Supreme Court of the United States in 1939 ruled in the landmark case of Coleman v. Miller that if Congress does not specify a deadline on a particular proposed amendment's consideration by the state legislatures, then Congress itself is the final arbiter of whether too great

a time has elapsed between Congress' original submission of the particular amendment and the most recent state legislature's ratification of it, assuming that, as a consequence of that most recent ratification, the legislatures of three-fourths of the several states have, at one time or another, ratified it; and

WHEREAS, the Legislative Assembly of the State of North Dakota finds that the proposed original second amendment, quoted above, is still meaningful and needed as part of the United States Constitution and that the present political, social, and economic conditions are the same as or are even more demanding today than they were in the eighteenth century when the proposal was first offered by Congress; and

### **NURSING HOME INSURANCE INCENTIVES URGED**

A concurrent resolution urging Congress and the President to take action to encourage citizens to plan for retirement needs to reduce the reliance of senior citizens on public financial assistance.

WHEREAS, the proportion of the United States' population over age 65 is projected to continue to increase; and

WHEREAS, constant inflation has eroded the financial independence of many senior citizens, who now find that they require public financial assistance, especially when their health fails and they require nursing home care; and

WHEREAS, the United States would benefit in all respects from federal government encouragement of advance planning, saving, and insurance for retirement needs; and

WHEREAS, provision of a federal income tax credit or deduction for premiums paid for nursing home insurance and other means of encouraging citizens to plan, save, and obtain insurance for retirement needs should be a priority area of study by the federal government;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges the Congress of the United States and the President to provide a federal income tax credit or deduction for premiums paid for nursing home insurance and to find other means of encouraging citizens to plan, save, and obtain insurance for retirement needs, with the goal of reducing the needs of senior citizens for public financial assistance; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded by the Secretary of State to the President, the chairmen of the Senate Labor and Human Resources Committee and Subcommittee on Aging and the House Select Committee on Aging and Subcommittees on Health and Long-term Care and Human Services, and to each member of the North Dakota Congressional Delegation.

### MISSOURI RIVER BANK PROTECTION STUDY

A concurrent resolution urging the Congress of the United States and the United States Army Corps of Engineers to assume responsibility for Missouri River bank erosion downstream from all Pick-Sloan plan dams, including the Garrison Dam to Oahe Reservoir reach in North Dakota, and to begin an annual program of appropriating funds for the maintenance and construction of bank protection projects.

WHEREAS, the Flood Control Act of 1944, as amended by Senators O'Mahoney and Milliken, assured all 10 states within the Missouri River Basin equal benefits under a control and management program that came to be commonly known as the Pick-Sloan plan; and

WHEREAS, the Congress of the United States has directed the United States Army Corps of Engineers to build, operate, and maintain all the features of the Pick-Sloan plan; and

WHEREAS, the Pick-Sloan plan provides major flood control benefits, recreational benefits, power supply benefits, and navigational benefits for states lying below Sioux City, Iowa, through construction of large reservoirs in states lying above that point, and by channelizing the Missouri River from Sioux City, Iowa, to St. Louis, Missouri, at federal expense; and

WHEREAS, the Pick-Sloan plan reservoirs have been in place for many years, thus providing the downstream states in the Missouri River Basin all of the benefits promised in the Pick-Sloan plan for the past 35 years; and

WHEREAS, construction of facilities under the Pick-Sloan plan has, to date, resulted in \$3 billion of flood protection to downstream interests which continue to accrue and has allowed these downstream interests to develop the original flood plain of the Missouri River for industrial, municipal, and agricultural uses; and

WHEREAS, the United States Army Corps of Engineers has stabilized and continues to maintain the entire channel of the Missouri River from Sioux City, Iowa, to St. Louis, Missouri, all at federal cost; and

WHEREAS, under the Pick-Sloan plan the state of North Dakota has sacrificed over 550,000 acres of land, much of which was prime agricultural land; and

WHEREAS, almost two-thirds of the inexpensive hydroelectric power generated by Garrison Dam in North Dakota, which was built pursuant to the Pick-Sloan plan, is utilized in states other than North Dakota; and

WHEREAS, the United States Army Corps of Engineers stated in its final report to Congress dated December, 1981, concerning Missouri River stream bank erosion that "bank erosion in this reach results in a permanent net loss of high value lands. This process, unless halted, would eventually transform the present river into a wide area of sandbars and channels, occupying an increasing proportion of the valley width between the bluffs"; and

WHEREAS, the lands adjacent to the Missouri River have been and will continue to be seriously eroded and permanently lost to the local landowners and the state of North Dakota because of reservoir management which releases highly fluctuating amounts of clear water capable of eroding and transporting large amounts of soil; and

WHEREAS, soil eroded from the banks of the Missouri River is being deposited as a delta in the headwaters of the Oahe Reservoir thereby causing the water table to rise under the adjacent land, and is increasing the frequency and severity of ice jam hazards and has, according to recent United States Army Corps of Engineers pronouncements, endangered 6,000 acres of land containing 40 homes and valuable farmland; and

WHEREAS, a similar bank erosion problem exists for a 58-mile reach on the South Dakota-Nebraska border downstream from the Gavins Point Dam and also below the Fort Peck Dam in Montana; and

WHEREAS, destructive bank erosion continues when high winter water releases for power generation occur, even in these drought years of sharply lower total annual releases; and

WHEREAS, the Water Resources Development Act of 1988 amended the Flood Control Act of 1944 and directed the Secretary of the Army to undertake measures, such as the maintenance and rehabilitation of existing structures, which the Secretary of the Army determines are needed to alleviate bank erosion and related problems associated with reservoir releases along the Missouri River between Fort Peck Dam in Montana and a point 58 miles downstream of the Gavins Point Dam on the South Dakota-Nebraska border;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges the United States Congress to assume responsibility for the protection of lands endangered below all Pick-Sloan dams by the operation of the Pick-Sloan plan; and

BE IT FURTHER RESOLVED, that the Fifty-second Legislative Assembly urgently requests the United States Congress to begin a program of annually appropriating funds to repair existing bank protection projects now in danger of complete failure and to begin to construct bank protection projects in the most critical locations; and

BE IT FURTHER RESOLVED, that Senator Quentin N. Burdick, Senator Kent Conrad, and Congressman Byron L. Dorgan are urged to work diligently with the senators and congressmen of the states of Montana, South Dakota, and Nebraska to secure appropriations of these necessary funds; and

BE IT FURTHER RESOLVED, that funding for this project not be a normal federal water project appropriation, but rather be charged to the operation of the Pick-Sloan plan; and

BE IT FURTHER RESOLVED, that copies of this resolution be forward by the Secretary of State to the Secretary of the Interior; the District Engineer, Omaha District, United States Army Corps of Engineers; Governor George A. Sinner; the members of the North Dakota State Water Commission; and each member of the North Dakota, South Dakota, Nebraska, and Montana congressional delegations.

WHEREAS, there are many persons throughout the state of North Dakota who are incapacitated to the extent they cannot give informed consent required to receive residential, medical, legal and financial decisions and are in need of guardianship services; and

WHEREAS, many counties do not have a public administrator and in some counties that have appointed a public administrator the position is not funded by either the county or the state; and

#### **CIVIL LEGAL SERVICES STUDY**

A concurrent resolution directing the Legislative Council to study the desirability and feasibility of enhancing and improving the ability of existing civil legal services programs to provide for the delivery of civil legal services to the poor and developing equal access to civil legal services for the poor.

WHEREAS, the number of persons in North Dakota with legal problems requiring attorney assistance continues to increase; and

WHEREAS, indigent persons have a statistically larger number of civil legal problems per household than the general population; and

WHEREAS, the ratio of private attorneys to the general population in North Dakota is approximately one to 600 and the ratio of full-time attorney equivalents available to provide civil legal services to indigent North Dakotans is one to 8,000; and

WHEREAS, the number of indigent persons who contact civil legal services providers far exceeds the ability to meet their needs; and

WHEREAS, many more indigent persons do not seek legal services because they are unaware they have problems that can be addressed by the legal system; and

WHEREAS, denial of civil legal services to the poor is a critical societal issue; and

WHEREAS, lack of access to civil legal services for indigents can result in loss of shelter, food, and legally protected property, and other of life's most basic necessities; and

WHEREAS, special education programs in our districts have grown and developed over the years to meet the comprehensive mandates of the state and federal government; and

WHEREAS, the special education programs provide appropriate and needed services to our special students; and

WHEREAS, the financial support of mandated programs is left primarily to the local school districts, thereby placing a great burden on the local property tax and creating unhealthy competition for local dollars between special education and other programs; and

WHEREAS, the limited state funding is distributed on a new formula system that considers units of service, program costs, and program needs; and

WHEREAS, the issues related to low incident-high cost programs have created a myriad of problems relating to tuition charges, boarding care costs, and related services costs; and

WHEREAS, there is a growing need for family foster homes for youth; and

WHEREAS, restrictive fire codes keep certain foster homes from being licensed; and

WHEREAS, the lack of uniformity in adoption of, and interpretation of, the state fire and safety standards keeps certain family foster homes from being licensed or relicensed; and

WHEREAS, the lack of family foster homes causes the unnecessary placement of some youth in group or restrictive residential homes at a greater cost per placement; and

WHEREAS, the Child Assistance and Child Welfare Act of 1980 (Pub. L. 96-272) states "to encourage family reunification, a state must attempt to place a child in close proximity to the family and in the least restrictive setting"; and

### DEPENDENCY TREATMENT STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of the Department of Human Services contracting with the private sector for the treatment of alcohol and drug dependent persons.

WHEREAS, the North Dakota 2000 Committee recommended that state government functions be examined for possible privatization; and

WHEREAS, one of the premises underlying privatization is that, because of competition, private firms are compelled to provide goods and services for less cost and in a more efficient manner than government agencies; and

WHEREAS, licensed firms are available to contract for many of the services that the Department of Human Services is required to provide for the treatment of alcohol and drug dependent persons under North Dakota Century Code Chapter 54-38; and

WHEREAS, it has been argued by some that the Department of Human Services may have established facilities and programs in the treatment of alcoholics and drug dependent persons without fully exploring the feasibility and desirability of contracting with existing private agencies for education, research, casework, institutional and medical facilities, personnel, and services by private agencies, and without determining whether the department is competing unnecessarily and unfairly with the private sector, and without considering the quality of care provided by government and the private sector;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the feasibility and desirability of the Department of Human Services contracting with the private sector for the treatment of alcohol and drug dependent persons; and

#### STATE COMPENSATION STUDY

A concurrent resolution directing the Legislative Council to study state institution and agency pay practices.

WHEREAS, the state of North Dakota does not have a compensation plan offering state employees long-term career opportunities; and

WHEREAS, the development of an acceptable compensation plan by the Legislative Assembly would encourage persons to seek employment with the state of North Dakota; and

WHEREAS, current promotions and advancements are generally funded within the limits of average salary increases or moneys resulting from unexpected terminations which limits state agencies and institutions in providing increases to rapidly advancing highly skilled personnel; and

WHEREAS, although state employees may prefer to continue employment with their present agency, salary advancement may only be possible for those employees if they seek employment with other state agencies and institutions; and

WHEREAS, state agencies and institutions have encountered a drop in the number of persons interested in state employment in entry level positions, particularly in managerial and professional fields; and

WHEREAS, the lack of resources to fund compensation increases for persons during their early years of state employment when their value is increasing at a more rapid rate than available funding results in costly turnover problems for state agencies and institutions;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the state's compensation plan to develop recommendations to the next Legislative Assembly for the development of a long-term compensation plan which offers incentives to persons to work for the state of North Dakota; and

SENATE CONCURRENT RESOLUTION NO. 4058  
(Jerome)  
(Approved by the Committee on Delayed Bills)

### TRIBAL MISDEMEANOR JURISDICTION URGED

A concurrent resolution urging Congress to enact legislation giving Indian tribes criminal misdemeanor jurisdiction over all Indians on reservations and to review the Indian Civil Rights Act to ensure that the constitutional rights of all Indians are protected.

WHEREAS, the Supreme Court of the United States, in Duro v. Reina, 110 S.Ct. 2053 (1990), has reversed 200 years of the exercise by Indian tribes of criminal misdemeanor jurisdiction over all Indians residing on their reservations by ruling that each tribe retains such powers only over Indians enrolled in their respective tribe; and

WHEREAS, this ruling displays a lack of understanding of the reality, history, and demographics of Indian country including the fact that there are tens of thousands of Indians living on reservations who are not enrolled at that given reservation; and

WHEREAS, a nonenrolled Indian may have lived on a reservation for all of his or her life, have intermarried with a member who is enrolled, have had children with the enrolled member, and may own property on the reservation; and

WHEREAS, such a nonenrolled Indian is eligible for federal programs for which any Indian would be eligible; and

WHEREAS, for purposes of law enforcement, tribes have never distinguished between enrolled and nonenrolled Indians; and

WHEREAS, the state of North Dakota does not have the funding available to hire the extra police, investigators, prosecutors, and judges or to build the jails that would be necessary to prosecute misdemeanor crimes by Indians within the boundaries of Indian reservations and may not be able to successfully assert jurisdiction even if such funds were available; and

WHEREAS, the nontaxable status of reservation trust lands combined with the relative poverty of most Indian people do not offer any opportunity to raise the additional revenue that would be required to take over such a large job if jurisdiction were established; and

WHEREAS, the Court indicated that it is the responsibility of the Congress to address any void in jurisdiction that may result from this ruling; and

WHEREAS, the Indian Civil Rights Act should be reviewed to ensure that its goals will be met;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the North Dakota Legislative Assembly commends the Congress of the United States for passing Section 8077 (b) and (c) of Public Law No. 101-511 (signed by the President on November 5, 1990), which temporarily affirmed that tribes do retain criminal misdemeanor jurisdiction over all Indians in Indian country and does hereby urge the Congress of the United States to make this provision of Public Law No. 101-511 permanent law; and

BE IT FURTHER RESOLVED, that the North Dakota Legislative Assembly joins the tribes of North Dakota by formally requesting that the North Dakota Congressional Delegation and the United States Senate Select Committee on Indian Affairs support federal legislation confirming that tribal governments have the authority to maintain criminal jurisdiction over nonenrolled and nonmember Indians who commit criminal acts within the external boundaries of reservations and upon lands of the tribes; and

BE IT FURTHER RESOLVED, that the North Dakota Congressional Delegation support review of the Indian Civil Rights Act to ensure that its goals are accomplished; and

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to each member of the North Dakota Congressional Delegation, the United States Senate Select Committee on Indian Affairs, and the respective tribes of North Dakota.

### PHYSICAL EDUCATION PROGRAM QUALITY

A concurrent resolution urging that a high quality physical education program be provided to each North Dakota student from kindergarten through grade 12.

WHEREAS, physical education is essential to the development of growing children; and

WHEREAS, physical education increases children's mental alertness, academic performance, readiness to learn, and enthusiasm for learning; and

WHEREAS, physical education helps improve the self-esteem, interpersonal relationships, responsible behavior, and independence of children; and

WHEREAS, physical education helps improve the overall health of children by improving their cardiovascular endurance, muscular strength, power, and flexibility, and by enhancing weight regulation, bone development, posture, skillful moving, active lifestyle habits, and constructive use of leisure time; and

WHEREAS, children who participate in high quality physical education programs tend to be healthier and more physically fit; and

WHEREAS, physically fit adults have significantly reduced risk factors for heart attacks and strokes; and

WHEREAS, the Surgeon General in "Objectives for the Nation" recommended increasing the number of school-mandated physical education programs that focus on health-related physical fitness; and

WHEREAS, the Secretary of Education in "First Lessons - A Report on Elementary Education in America" recognized that elementary schools have a special mandate to provide elementary school children with the knowledge, habits, and attitudes that will equip the children for a fit and healthy life; and

WHEREAS, the North Dakota Department of Public Instruction, in cooperation with the North Dakota Alliance of Health, Physical Education, Recreation, and Dance produced the "Guidelines for Physical Education" for use in the development of quality physical education programs;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-second Legislative Assembly urges the cooperation of state and local governmental entities, as well as the private sector, in ensuring that a high quality physical education program is provided to each North Dakota student from kindergarten through grade 12; and

BE IT FURTHER RESOLVED, that the Secretary of State forward a copy of this resolution to the Superintendent of Public Instruction.

SENATE CONCURRENT RESOLUTION NO. 4060  
(Keller, Freborg)  
(Approved by the Committee on Delayed Bills)

### **GLENHAROLD MINE**

A concurrent resolution urging the United States Department of the Interior's Bureau of Land Management and the North Dakota Congressional Delegation to take action to allow mining of the maximum amount of coal available from the Glenharold mine in west central North Dakota.

WHEREAS, the Glenharold coal mine in west central North Dakota has produced coal from surface mining operations for over 20 years in compliance with applicable state and federal laws, including a progressive program of land reclamation; and

WHEREAS, the Glenharold mine was originally projected to produce coal until 1995 but, due a decision of the United States Department of the Interior's Bureau of Land Management, the mine will now have to cease production in 1993; and

WHEREAS, closure of the mine will leave over five million tons of coal in the ground that could be mined and which will probably never be recovered, resulting in a regrettable waste of a precious resource; and

WHEREAS, failure to mine five million tons of available coal would result in coal severance tax revenue losses of \$2,437,500 to the state of North Dakota, \$525,000 to Mercer County, \$393,750 to cities in Mercer County, \$393,750 to school districts in Mercer County, and \$100,000 to the North Dakota Lignite Research Fund; and

WHEREAS, closure of the Glenharold mine would end the employment of the mine's 105 employees, for whom the annual payroll is \$4,600,000, and because each dollar of lignite industry payroll generates an additional three dollars to North Dakota's economy, the state's economy would be negatively impacted in the approximate amount of \$18,400,000 per year by early closure of the mine; and

WHEREAS, an agreement by the Bureau of Land Management to accept an eight percent royalty on the remaining coal at the Glenharold mine, rather than the standard 12.5 percent royalty, would allow the recovery of over five million tons of coal that will otherwise be unused; and

WHEREAS, when the Bureau of Land Management could obtain an eight percent royalty on over five million tons of coal as compared to receiving no royalty and when our nation's precious resources would be more efficiently used by allowing the mining of the available coal before completion of reclamation of the land, it seems very short-sighted that the Bureau of Land Management has denied the request of the mine operator for a reduced royalty; and

WHEREAS, if the Bureau of Land Management does not reverse this decision, the North Dakota Congressional Delegation should seek congressional resolution of this issue to allow mining of the available coal to avoid loss of federal, state, and political subdivision revenue and waste of a valuable natural resource;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-second Legislative Assembly of North Dakota urges the United States Department of the Interior's Bureau of Land Management to reconsider its action denying a royalty rate reduction for operation of the Glenharold mine in North Dakota and urges the North Dakota Congressional Delegation to do whatever is necessary to resolve this matter successfully or to introduce legislation in Congress to allow mining of the available coal at the Glenharold mine before the mine is closed and the land is reclaimed; and

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President and Vice President of the United States, the Speaker of the United States House of Representatives, the majority and minority leaders of the United States House of Representatives and Senate, the Secretary of the United States Department of Interior, the Washington, D. C. office and the Montana state office of the Bureau of Land Management, and each member of the North Dakota Congressional Delegation.

### **CHILD SEXUAL ABUSE OFFENDERS STUDY**

A concurrent resolution directing the Legislative Council to study the investigation, prosecution, and treatment of offenders in child sexual abuse cases.

WHEREAS, child abuse and neglect reports increased from 767 cases in 1976 to 3,626 reports in 1990, an increase of 473 percent; and

WHEREAS, the average age of a child in those cases where a probable cause determination was made that abuse or neglect occurred, was seven and eight-tenths years; and

WHEREAS, special skills are necessary to effectively investigate and prosecute cases where children are the victims of or witnesses to crime; and

WHEREAS, in a typical case where children are the victims of or witnesses to crime, several months may elapse between the time of the report to authorities and the time of trial; and

WHEREAS, it is in the best interests of children that such proceedings be handled as expeditiously as possible; and

WHEREAS, treatment options for offenders in child sexual abuse cases are extremely limited in North Dakota, yet are crucial for the protection of children;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the need for establishing and funding a team of professionals to investigate and prosecute child sexual abuse cases, study laws designed to expedite the prosecution of child sexual abuse cases, and study the need for programs and facilities designed for the treatment of child sexual abuse offenders and child abuse victims; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-third Legislative Assembly.

### FEDERAL LIGNITE ROYALTY

A concurrent resolution urging the United States Congress to pass legislation giving the United States Secretary of the Interior the authority to establish a reduced royalty rate on low-Btu federal lignite with a heating value below 7,500 Btus per pound.

WHEREAS, North Dakota has 35 billion tons of recoverable low-Btu lignite reserves and mines approximately 30 million tons of lignite annually; and

WHEREAS, approximately 25 percent of North Dakota's lignite reserves are under federal ownership; and

WHEREAS, the lignite industry provides North Dakota with 18,000 jobs, \$1.2 billion in business activity, and more than \$60 million in tax revenue annually; and

WHEREAS, North Dakota's lignite resources offer the state the potential for future economic development, increased jobs, and additional tax revenue; and

WHEREAS, the current federal coal royalty rate fails to take into account differences in coal quality and mining costs, which places lignite at a competitive disadvantage; and

WHEREAS, the current federal coal royalty has caused mine operators in North Dakota to defer development of millions of tons of federal lignite and the actual bypass of over six million tons of federal lignite, resulting in lost revenue to state and federal governments; and

WHEREAS, mining operations at the Glenharold Mine near Stanton, North Dakota, will end two years earlier than planned and bypass five million federal tons of lignite because the United States Department of the Interior has denied requests to reduce the royalty on federal lignite at the mine under the guidelines set forth in Section 39 of the Mineral Leasing Act; and

WHEREAS, the state of North Dakota through its Board of University and School Lands has granted reduced royalties on state-owned lignite to a level closer to the royalty paid for privately owned lignite mined in North Dakota; and

WHEREAS, a reduced royalty on federal lignite would provide for more efficient recovery of North Dakota's lignite reserves and improve the market competitiveness of lignite;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-second Legislative Assembly of North Dakota urges the Congress of the United States to pass legislation authorizing the United States Secretary of the Interior to establish a reduced coal royalty rate for federal lignite that has a heating value below 7,500 Btus per pound; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded to the United States President; the Director of the United States Office of Management and Budget; the United States Secretary of the Interior; the Director of the Bureau of Land Management; the chairmen and members of the Senate Energy and Natural Resources Committee, Senate Environment and Public Works Committee, and the House Interior and Insular Affairs Committee; and to each member of the North Dakota Congressional Delegation.

WHEREAS, the Bagg Bonanza Farm is listed on the North Dakota and federal historic sites registries; and

WHEREAS, the Bagg Bonanza Farm is developing an agricultural interpretive center to promote rural economic growth; and

WHEREAS, the Bagg Bonanza Farm Historic Preservation Society is restoring the 24 buildings on the original 17-acre farmsite so that tourists can view the restored portions and observe the continuing progress in restoring the site; and

WHEREAS, the Bagg Bonanza Farm, located near the intersection of Interstate 29 and North Dakota Highway 13, has attracted 5,000 visitors since its September 1990 opening; and

PALMER LEVIN, who served in the 24th through the 33rd Legislative Assemblies, from the 3rd District, died February 27, 1990.

LAWRENCE ROSENDAHL, who served in the 39th Legislative Assembly, from the 28th District, died September 14, 1990.

LEO STICKA, who served in the 28th through the 34th Legislative Assemblies, from the 31st District, died July 26, 1990.

WHEREAS, today, as members of the House of Representatives of the 52nd Legislative Assembly of North Dakota, we pause to mourn the passing of our former colleagues and to honor their memories; and

WHEREAS, these legislators rendered outstanding service to the people of the state by their contributions to public service;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA:

That we express our sorrow on their passing and our appreciation, on behalf of the people of North Dakota, of the loyal and devoted service of our former colleagues, through the words of the following poem, which was the last poem written by the former Representative Ralph Dotzenrod:

Today I'll start with the rising sun  
To use what God has given me  
To use as I will 'til the day is done  
For good or ill as my choice may be.

It's really important my choice is true  
I'm trading a day of my life away  
When tomorrow comes may I never rue  
What I've bought with the coins of life today.

May it not be loss, but a gain I buy  
May it not be evil, but good instead  
May I cheer the heart of a passerby  
Or brighten a life by the right word said.

Tomorrow will come, and today will fade  
May I be sure when this day is past  
The things I have bought with my coins in trade  
Will not be regrets, but are joys that last.

BE IT FURTHER RESOLVED, that for the perpetuation of their memory this token of respect and sympathy by their successors in trust be printed in the Journal of the House of Representatives and that enrolled copies of this resolution be presented by the Secretary of State to the surviving families of these deceased Representatives.
