Removal of the Prisoners to *Whitecross Street* Prison.

[7th August 1862.]

‘ **W**HEREAS the Amendment of the Law of Bankruptcy
‘ and Imprisonment for Debt has reduced the Number of
‘ Prisoners in the Queen's Prison to such an Extent that it is ex-
‘ pedient to discontinue the said Prison, and to remove the Pri-
‘ soners now remaining therein to the Debtors Prison for *London*
‘ and *Middlesex* situate in *Whitecross Street*, and herein-after
‘ referred to as *Whitecross Street* Prison:’ Be it therefore
enacted by the Queen's most Excellent Majesty, by and with
the Advice and Consent of the Lords Spiritual and Temporal,
and Commons, in this present Parliament assembled, and by the
Authority of the same, as follows :

Short Title.

1. This Act may be cited for all Purposes as “ The Queen's
Prison Discontinuance Act, 1862.”

Prohibition
of Committal
to Queen's
Prison.

2. After the passing of this Act no Person shall be committed
to the Queen's Prison, but all Persons now imprisoned in the
Queen's Prison may, until their Removal therefrom as herein-after
mentioned, be detained in the same Manner as if this Act had not
passed.

All Persons who before the passing of this Act might lawfully
have been committed to the Keeper of the Queen's Prison may be
committed to the Keeper of *Whitecross Street* Prison, subject to
this Proviso, that no Person shall be removed by Writ of Habeas
corpus from any other Prison to *Whitecross Street* Prison, and
Whitecross Street Prison shall for all Purposes of Law be deemed
and regarded as the Queen's Prison.

Prisoners to be
removed by
Warrant of
Lord Chief
Justice of
Queen's Bench.

3. At such Time after the passing of this Act as may be deter-
mined by One of Her Majesty's Principal Secretaries of State the
Keeper of the Queen's Prison shall certify under his Hand to the
Lord Chief Justice of the Court of Queen's Bench a true List
of the Names of the Prisoners then in his Custody, with the
several Causes and Times of their Commitments, and as soon
thereafter as conveniently may be the Lord Chief Justice of
the Court of Queen's Bench shall issue his Warrant or Warrants
from Time to Time under his Hand directed to the Keeper of
the Queen's Prison, requiring him to deliver into the Custody of
the Keeper of *Whitecross Street* Prison the Prisoners named in
such Warrant, and upon the Receipt of any such Warrant the
Keeper of the Queen's Prison shall deliver such Prisoners into
the Custody of the Keeper of *Whitecross Street* Prison, with the
Processes under which they were respectively committed, and
such last-mentioned Keeper shall remove such Prisoners to
Whitecross Street Prison.

If any Person named in any Warrant of the Lord Chief Justice
has been lawfully discharged out of the Custody of the Keeper

Any Part of *Whitecross Street Prison* may from Time to Time be appropriated for the Purposes of the Prisoners removed or committed there in pursuance of this Act, and the Intermixture of the said Prisoners with other Prisoners in the said Prison shall not be construed to be an Escape from the Custody under which the first-mentioned Prisoners are held.

Neither the President, Treasurer, or Governors of *Bethlehem Hospital*, nor the Superintendent of any Asylum to which a Prisoner may be removed under this Act, shall be answerable for the Escape of such Prisoner from such Hospital or Asylum.

The Queen's Prison Discontinuance (1862).

12. If at any Time hereafter the Mayor, Aldermen, and Commons of the City of *London* provide such Prison Accommodation as may in the Opinion of One of Her Majesty's Principal Secretaries of State be properly substituted for *Whitecross Street* Prison, it shall be lawful for the said Secretary, by Writing under his Hand, to direct all the Prisoners confined in *Whitecross Street* Prison to be removed to the Prison so substituted, and upon such Removal being effected the said Prison at *Whitecross Street* shall be discontinued, and may be disposed of as the said Mayor, Aldermen, and Commons think fit; and the Prison so substituted shall for all Purposes be deemed to be in the Place of the Prison for which it is substituted.

“The London Railway Depôt and Storehouses Act, 1862.”

Recites that in 1860 the London Railway Depôt and Storehouses Company were empowered to form a new Street or Approach, with a Railway or Tramway under the Surface thereof, and to acquire Lands and to enter into certain Arrangements with the Mayor and Commonalty and Citizens of the City of London (in this Act called “the Corporation of London”) and with the Metropolitan Railway Company; that the Object of such Street and Railway was to connect the Metropolitan Railway with the Metropolitan Meat and Poultry Market at Smithfield authorized to be established by the Corporation of London by their Act of 1860, and in such Act the Corporation of London are restricted from opening the Market until a Street should have been formed between the Market House and Victoria Street; that by Two Acts passed in 1861 the Metropolitan Railway Company are authorized to make an improved Railway Communication with the Meat and Poultry Market at Smithfield, and to extend their Railway to Finsbury Circus; that the Corporation of London are desirous of themselves constructing the Street which is to be formed before the opening of the Meat and Poultry Market in a different Manner to the Street authorized to be formed by the Company, and have made Application to Parliament for a Bill for that Purpose under the Short Title of “The Metropolitan Meat and Poultry Market (Western Approach) Bill;” that in that Case the Powers granted to the Company of forming the Street and Railway will become unnecessary, and those Objects of the Act of 1860 will be accomplished by the Construction of the improved Railway Communication by the Metropolitan Railway Company, and by the Formation of the Street under the Bill applied for by the Corporation of London; that the Company have consented to abandon all their Powers which will interfere with the Powers sought or acquired by the Metropolitan Railway Company and the said Corporation, and that the Company have not acquired any Lands or entered into Contracts with reference thereto, and it is expedient that the compulsory Powers of purchasing Lands and constructing the Street and Railway should be repealed, and the Company dissolved, and that Provision should be made for Repayment of any Monies deposited in the Court of Chancery.

"Saint Giles in the Fields Glebe Act, 1862."

Recites that by 43 Geo. 3. c. xx., intituled "An Act to provide a new Burial Ground and erect a Chapel thereon, for the Parish of Saint Giles in the Fields in the County of Middlesex," the Rector and Churchwardens of the Parish and other Persons were appointed Trustees for putting the Act into execution, and were authorized to purchase Land not exceeding Five Acres in the whole in any Parish in the County of Middlesex adjacent to the Parish of Saint Giles in the Fields, for the Purposes of a Burial Ground for that Parish, and Provision was therein made for the Inclosure thereof, or of such Part thereof as the Trustees should judge necessary, and for the Consecration of the same and the Erection of a Chapel thereon, and the Trustees, or any Five or more of them, were authorized with the Privy and Consent of the Vestry, but not otherwise, to agree for, sell, dispose of, and convey, or let or demise so much (if any) of the Ground, Hereditaments, and Premises so purchased as should not be deemed necessary for the Burial Ground, and Provision was also made for the raising

by the Trustees of Money by Annuities chargeable on the Rates ; that under the Act of 1803 the Trustees purchased Lands and Hereditaments in the Parish of Saint Pancras in the County of Middlesex, Part of which were inclosed and consecrated for the Purposes of a Burial Ground for the Parish of Saint Giles in the Fields, and a Chapel erected thereon, and the Remainder thereof were, on the 23d November 1803 demised by the Trustees for a Term of 61 Years ; that by Order of Her Majesty in Council, under the Authority of the Public General Acts amending the Laws concerning the Burial of the Dead in the Metropolis, the Burial Ground has been closed as a Burial Ground, subject as therein mentioned ; that all Annuities and Principal Monies and Interest chargeable in accordance with the Act of 1803 for any of the Purposes thereof on any of the Rates by that Act authorized have long since been fully paid off or satisfied and discharged, and the Trustees have no Debt or other Debt whatsoever ; that the several Provisions of the Act of 1803 with respect to the Trustees are either superseded or have become unnecessary ; that the Trustees are desirous and it is expedient that the Lands and Hereditaments now vested in them should (subject to all now subsisting Charges under or by virtue of the Act of 1803, and to the decent Maintenance of the disused Burial Ground) be transferred to and vested in the Rector of the Parish of Saint Giles in the Fields and his Successors for ever.

“The Newry and Armagh Railway Amendment Act, 1862.”

Recites that 20 & 21 Vict. c. clvi. and 22 & 23 Vict. c. xxxviii. are the Two Acts now in force immediately relating to the

Newry and Armagh Railway Company, by the first whereof the former Acts of the Company (who had been theretofore known as the Newry and Enniskillen Railway Company) were repealed and consolidated, and the Company were authorized to construct their Railway to Armagh, and were re-incorporated under the Name of the Newry and Armagh Railway Company ; that the Time conferred by that Act for the compulsory Purchase of Lands expired on the 17th August 1860, and the Time for making the said Extension will expire on the 17th August 1862 ; that the Company have made great Progress with the said Extension, but they have not bought all the Land which is required, and it is expedient that the Powers of compulsory Purchase should be revived in respect of certain Lands, and also that a further Time should be given for making the said Extension ; that by the Act of 1859 the Company were authorized to divert a Portion of the said Extension and their Line to the Albert Basin at Newry, and to make a Branch Railway in the said Town ; that the Time for the Purchase of Lands by Compulsion under the said Act of 1859 expired on the 1st August 1861, and the Time for making the Works by the said Act authorized will expire on the 1st August 1862 ; and it is expedient that the Powers for the Purchase of Lands should be revived in respect of the Deviation of the said Extension and for the said Branch Railway, and that a further Time should be given for making such Deviation and Branch Railway ; that it is expedient that the Company should for the Purposes of their Undertaking have Power to divert Carlingford Road in the said Town of Newry, and to purchase certain Properties in the Vicinity of their Station at Newry ; that by the said Act of 1857 the Share Capital of the Company was altered and rearranged, and it was enacted that "from and after the " passing of the Act every Person holding Three Shares in " the Series A. of the dissolved Company" (meaning the Newry and Enniskillen Railway Company), "upon which " all the Calls have been paid, shall in the Stead thereof be " deemed to hold a Share of 10*l.* in the Newry and Armagh " Railway Company, to be called a Deferred Share, upon " which a Call of 1*l.* may still be made, and shall be entitled " to receive, and shall within One Month after the passing " of this Act, on Demand thereof, receive a Certificate for " such Deferred Share of 10*l.*, upon presenting at the prin- " cipal Office of the Company, or at such other Place as " the Directors shall appoint, the Certificates of his Three " original Shares of 20*l.* to be cancelled ;" and the said Act further provides that the Call of 1*l.* shall not be made upon the " Deferred Shares of 10*l.* each until 9*l.* per Share has " been called and paid up on the new Shares to be created " by the Company ;" that many of the said Series A. Shares have not been sent in to the Company for the Purpose of being exchanged, and great Confusion is thereby caused in keeping the Books of the Company ; and it is expedient that Provision should be made for making it

obligatory upon the Holders of these Shares to register the same; and also that the Company should have Power to convert their Mortgage Debt from Time to Time into an irredeemable Debenture Stock.

Cap. lxxvi.

“Tyne General Ferry Act, 1862.”

Recites that the Population of Newcastle-upon-Tyne, Gateshead, North and South Shields, and other Places adjacent or near to the River Tyne, and the Trade and Commerce of the Ports of Newcastle-upon-Tyne and Shields, within the said River, have greatly increased, and there are large Manufactories and Works established on both Banks of the River, and Docks have been made on the North Side and also on the South Side thereof, and the Means of conveying Traffic on, along, and across the River now provided are insufficient, and additional Means are much needed, and it is expedient that Provision be made for the Purpose; that by the Act 10 Geo. 4. c. xcvi. (Local) the North and South Shields Ferry Company were incorporated, and authorized to establish and maintain a Ferry across the River Tyne between North Shields and South Shields, and to make and maintain Ferry Houses, Offices, Roads, and other Works, and to take Tolls for the User of the Ferry; and it was enacted that after the Ferry was made fit for Carriages, Horses, Cattle, and Foot Passengers no other Ferry should be set up across the River Tyne within the Limits of the Parish of Tynewood, in the County of Northumberland, and of the Townships of South Shields and Westoe, otherwise Wivestoe, in the Parish of Jarrow, in the County of Durham; that the North and South Shields Ferry Company accordingly established the Ferry so authorized; that the Population of North and South Shields and other Places near to the River Tyne having increased, and further Accommodation for the Conveyance of Passengers across the River Tyne having become requisite, “The Tyne Direct Ferry Company Act, 1848,” was passed, and thereby the Tyne Direct Ferry Com-

pany were incorporated, and authorized to establish and maintain Steam and other Boats for the Conveyance of Foot Passengers and other Traffic across the River Tyne, between Stations at Willington Quay and Jarrow, and at Whitehill Point and Penny Pie Stairs, and, in the event therein expressed, at Comical Corner, and to make and maintain Stations, Landing Places, and other Works in the Parishes of Tynemouth and Wallsend in the County of Northumberland, Jarrow, and the Parochial Chapelry of St. Hilda in the Parish of Jarrow, in the County of Durham, and St. Nicholas in the Town and County of the Town of Newcastle-upon-Tyne, and to take Tolls for the User of the Ferries so established, and Provision was made for the Purchase by and Transfer to the North and South Shields Ferry Company of the Undertaking authorized by the reciting Act; but if they failed to make the Purchase for 12 Months after the passing of the reciting Act, the Tyne Direct Ferry Company were authorized to proceed in the Execution of the Undertaking without being subject to the Restrictions of the first-recited Act; that the North and South Shields Ferry Company accordingly purchased the Undertaking of the Tyne Direct Ferry Company; that the Provisions of the first-recited Act restricting the Establishment of Ferries or Passages across the River Tyne prevent the Establishment of those Means of Communication across the River which the increasing Population of the Districts on its Banks and the Trade of the Ports require, and it is expedient that those Provisions should be modified; that by "The Tyne Improvement Act, 1861," the Tyne Improvement Commissioners were authorized to provide or license the making of public Landing Places on the River Tyne, and to purchase and maintain any Ferries established in and over the River; that it is expedient to incorporate a Company, with Powers to carry Passengers, Animals, and Things from any one Landing Place on the River Tyne to any other Landing Place thereon, and to authorize Arrangements between the Company by this Act to be incorporated, and the Tyne Improvement Commissioners and other Persons interested in Ferries across the River Tyne, or having Landing Places on the River.

Railway; that the Deviation was made with the Concurrence of the Landowners affected thereby, and it affords better Accommodation to Alford than the authorized Line would have done, and it is expedient that the Company should be authorized to maintain their Railway as it has been constructed; that the estimated Cost of the Alford Valley Railway was 85,000*l.*, and the Company were empowered by the said Act to raise 85,000*l.* by the Creation of 8,500 Shares of 10*l.* each, and 28,000*l.* by borrowing; that the whole of the said Share Capital was subscribed for and the Company have borrowed and now owe on Mortgage 27,962*l.* 3*s.*; but only 3,195 out of the said 8,500 Shares have been paid in full; and the Company have only received 12,779*l.* 5*s.*, instead of 53,050*l.*, upon or in respect of the remaining Shares, and these Shares are liable to be forfeited; but if sold, they would not realize the Arrears of Calls with Interest due thereon; that the Company in the Construction of their Railway have incurred Debts and Liabilities, for the Liquidation of which the whole of the unpaid Share Capital of the Company will be required, and it is expedient that further Powers should be conferred upon the Company with respect to the Forfeiture of Shares, and that they should be authorized to attach a Preference to their unissued Shares and to issue Preference Shares in the Place of those to be forfeited or cancelled; and that none of the existing Shares of the Company are Preference Shares.

of 1852 the recited Act was repealed, and the Shareholders in the said Company were re-incorporated by the same Name of the Deeside Railway Company, and a Portion of the then authorized Line between Banchory Ternan and Aboyne was abandoned, and the other Portion of the Line, with some Alterations, was authorized to be constructed according to certain Plans and Sections deposited as referred to in the original Act, and the Share Capital of the Company was reduced to 106,250*l.*, divided into Shares of 10*l.* each, and the Borrowing Power of the Company was also reduced to 35,400*l.*; that the original Railway to Banchory, as authorized by the Act of 1852, has long been open to the Public; that by their Extension Act, 1857, the Company were authorized to extend the Railway as originally contemplated from Banchory to Aboyne, but by a different Route, and for that Purpose to raise an additional Share Capital of 80,000*l.*, and to borrow on Mortgage or Bond the additional Sum of 26,600*l.*, which Share and borrowed Capital was to be kept distinct from the original Share and borrowed Capital of the Company for all Purposes of Expenditure and Dividend, and the Holders of such Extension Share Capital constitute a separate and distinct Class of Shareholders of the Company, and in like Manner the Holders of the Extension Loan Capital constitute a separate Class of Creditors of the Company; that the Extension Railway has been constructed, but it was found necessary to construct the Aboyne Terminus thereof, including the Portion of Line within the Station at that Terminus, about Half a Mile in Length beyond the Limits of the Line as laid down on the Plans thereof deposited, as referred to in the Extension Act, and it was also found necessary to construct a Portion, about 1 Mile 2 Furlongs and 8 Chains in Length, of the said Extension Railway in the Parish of Kincardine O'Neil, beyond the Limits of Deviation laid down on the said deposited Plans of the Extension Railway; that the said Extension Railway is now open to the Public, and has proved of great local and public Advantage; that the Company, under Powers for that Purpose contained in the Extension Act, subscribed out of the original Capital the Sum of 5,000*l.* towards the Extension Capital, and also provided additional Rolling Stock and Plant for working the Extension Railway, and in consequence of the Increase of Traffic on both the original and Extension Railways the Company have been obliged to provide additional Station Accommodation, and to construct a Goods Station in Aberdeen, not originally contemplated, and other Works; that the Company have received the Sum of 101,526*l.*, Part of the original Share Capital of 106,250*l.*, and the Sum of 4,724*l.*, the Residue thereof, remains to be paid up for the Purposes of the original Undertaking; that they have raised the whole of the original Loan Capital of 35,400*l.* authorized by the original Act, and have expended the whole of the Sums so raised for the Purposes of the original Act, and, including the Sum of 5,000*l.* subscribed to the Extension Railway, they have

expended a further Sum of 19,000*l.* and upwards for Purposes in connexion with the original Railway; that an additional Sum of 10,350*l.* will be required to provide additional Rolling Stock and Workshops, and other Accommodation for the Business of the Company; that there are no Preference Shares in the original Capital of the Company, and to meet the before-mentioned Expenditure it is expedient that the Capital for the Purposes of the original Act should be increased by the Creation of Preference Shares to the Amount of 24,000*l.*, and that further Monies should be raised by borrowing on the Credit of the Revenue of the original Railway; that it is expedient that the Company should be authorized to raise by the Creation of Debenture Stock a Sum sufficient to pay off the original Debt of the Company and to make the Dividend on such Debenture Stock rank *pari passu* with the unpaid Portion of such original Debt, and prior to the Dividends on the Preference and original Shares in the original Capital; that the Company have raised the Sum of 24,300*l.*, Part of the Sum of 26,600*l.* by the Extension Act authorized to be raised by Loans, the Sum of 2,300*l.*, the Residue thereof, being represented by the Value of Feu Duties granted by the Company on the Purchase of Lands for the Extension Railway; that it is also expedient that the Company should be enabled to raise by the Creation of Debenture Stock a Sum sufficient to pay off the Extension Debt of the Company for the Time being, and to make the Dividend on such Debenture Stock rank *pari passu* with the unpaid Portion of such Extension Debt, and prior to the Dividends on the original Shares in the Extension Capital, and that the Acts should be amended.

Company with the Company ; and that Meeting also sanctioned the Creation of One general preferential Four per Cent. Stock of the Company (to be called North-eastern Consolidated Four per Cent. Preferential Stock), and the Allotment thereof to the Holders of any of the different preferential Shares or Stock of the Company in exchange for such Shares or Stock in accordance with the Provisions of the Capital Act of 1857 ; that the Holderness Railway was some Time since opened for public Traffic, and is now and for some Time past has been worked by the Company in connexion with their Railways under Arrangements made between them and the Holderness Company, as authorized by the Holderness Act, and which received the Sanction of the Company at a Meeting of their Shareholders on the 14th February 1860, and of the Holderness Company on the 16th February in that Year, and under which it was agreed that the Holderness Railway should be thereafter worked by the Company, and that the Holderness Company should receive in perpetuity, as their net Share of the Rates, Tolls, and Charges in respect of the Traffic by the said Railway, such a Sum, payable half-yearly, as would, after giving Credit for any Income they should from Time to Time receive from or in respect of any of their Property, real or personal, be sufficient to discharge the Interest of their Debts and Liabilities, and secure to their Shareholders, on the Amount paid up in respect of their Share Capital, Dividends at the Rate of 3*l.* 10*s.* per Centum per Annum for the Years 1860 and 1861, and 4*l.* per Centum per Annum for the Year 1862 and every Year thereafter, with a Provision that Power should be applied for by the Company for Authority to exchange the Capital Stock of the Holderness Company for an equal Amount of North-eastern Consolidated Preferential Four per Cent. “The Water Supply to Kent County Gaol and Lunatic Asylum Act, 1862.”

Recites 13 Geo. 2. c. xxvi., for making the River Medway navigable in the Counties of Kent and Sussex, which incorporated certain Persons by the Name of “The Company of Proprietors of the Navigation of the River Medway”; that the said Company have claimed, as they now claim, certain Powers, Rights, and Interests over and in the Medway in and above Maidstone; that the Asylum for the Pauper Lunatics of the County of Kent, situate at Barming Heath, in that County, stands about a Mile from and at an Elevation of about 250 Feet above a Lock constructed by the Medway Navigation Company near East Farleigh, on the Medway, about Two Miles

above Maidstone, herein-after called "Farleigh Lock"; that in 1856 the Committee of Visitors of the Asylum, having occasion to obtain a Supply of Water for the Use of the Asylum, agreed with the Medway Navigation Company to pay them the Sum of 5*l.* a Year for their Permission to take from the Medway above Farleigh Lock a sufficient Supply of Water for the Use of the Asylum, and for working Machinery necessary for raising the Supply to the Asylum; that in order to effect the Object of taking such Supply of Water from the Medway as aforesaid the Committee of Visitors agreed with the South-eastern Railway Company to purchase Land and Easements requisite in that Behalf, and erected a Water Wheel and Pumps, and laid down a Pipe into the Medway through which Water flowed from the Medway into a Cistern, whence a sufficient Portion thereof was pumped up by means of the said Water Wheel and Pumps and other Machinery (worked by Part of the Water which flowed from the Medway), and was conveyed by a Pipe to a Reservoir at the Asylum, the Residue thereof being returned into the Medway below the Lock along or through a Culvert or Channel constructed for that Purpose, all which Works were constructed with the Knowledge of the General Manager employed by the Medway Navigation Company, and according to a Plan approved of by him on the Part of that Company; that the Gaol and the House of Correction for the County of Kent are situated together in Maidstone, about Three Miles from Farleigh Lock, and the Visiting Justices of the Gaol, by Order of the Court of General Sessions, with the Concurrence of the Committee of Visitors of the Asylum, have laid down Pipes from the Asylum to the Gaol; that the supplying of Water to the Asylum and Gaol in manner aforesaid was and would be of great public Advantage, and it is expedient that such Supply should be renewed and continued, and if need be increased, and that for those Purposes the Visiting Justices of the Gaol for the Time being and the Committee of Visitors of the Asylum for the Time being should be empowered, subject to the Control of the Justices for the County of Kent at their Court of General Sessions, to maintain the said existing Works, and to construct and maintain other Works for conveying Water from the Reservoir at the Asylum to the Gaol, with necessary and proper Powers relative thereto, on Payment to the Medway Navigation Company of such Compensation as herein-after mentioned; that the Agreement made by the Committee of Visitors of the Asylum with the South-eastern Railway Company has not been completed, nor has the Money agreed to be paid for the Purchase been paid, and it may be questionable whether the said Agreement for Purchase is a valid and binding Contract; that it is also expedient that for the Purposes aforesaid the Joint Committee should be empowered to take, compulsorily or by Agreement, the Lands on which the said existing Works have been constructed, and to take other Lands for the said intended new Works.

- (2.) A Pipe or Pipes commencing from and connected with the said Pumps and Works, passing through and out of Lands belonging to the South-eastern Railway Company to and along the Highway or Road leading from Farleigh Bridge to the Asylum into a Reservoir there:

19. For the supplying of Water to the Asylum and the Gaol the Joint Committee may, by means of the said existing Works and of the said intended new Works, to the Extent and in manner following, take and use from the Medway the Water thereof; namely,

21. In case it shall at any Time occur that there shall be a Deficiency of Water in the said River for the Purposes of the said Navigation, (of which Deficiency the Fact that no Water shall be running over the Weir at Farleigh Lock shall be conclusive Evidence,) such Deficiency not being caused by the said Lock or the Gates or the Sluices thereof not being in fair ordinary working Repair and Condition, nor by the wilful Act or Default of the Medway Company, their Servants or Agents, then and in every such Case it shall not be lawful for the said Justices or the Joint Committee to use the said Works or draw any Water from the said River so long as such Deficiency shall continue.

Byelaws may be repealed.

4. The Corporation may from Time to Time as they shall think fit repeal any Byelaws which may be made in pursuance of this Act, and make others in their Stead.

Byelaws to be confirmed.

5. No Byelaw made under the Provisions of this Act shall be of any Force until the Expiration of 40 Days after the same or a Copy thereof shall have been sent, sealed with the Seal of the Corporation, to One of Her Majesty's Principal Secretaries of State, and shall have been published once in Two of the Liverpool Newspapers ; and if at any Time within the said Period of 40 Days Her Majesty, with the Advice of Her Privy Council, shall disallow the same Byelaw or any Part thereof, such Byelaw, or the Part thereof disallowed, shall not come into operation : Provided also, that it shall be lawful for Her Majesty, if She shall think fit, at any Time within the said Period of 40 Days, to enlarge the Time within which such Byelaw (if allowed) shall not come into force, and no such Byelaw shall in that Case come into force until after the Expiration of such enlarged Time ; provided that a Copy of any such Byelaw under the Seal of the Corporation, with a Declaration thereon signed by the Mayor of the Borough, that the same has been sent, sealed as aforesaid, to One of Her Majesty's Principal Secretaries of State, and published in Two of the Liverpool Newspapers as aforesaid, shall be received as Evidence of any such Byelaw, and of the sending and publishing thereof as aforesaid, in all Courts of Law and Equity and before all Justices.

6. All Byelaws made in pursuance of this Act shall be printed, and a Copy thereof shall be affixed and continued in the Police Office of the Borough of Liverpool, and Copies thereof shall be delivered by the Town Clerk to any Person who may apply for the same, on the Payment of such Sum as the Corporation shall think fit.

“The Trent, Ancholme, and Grimsby Railway Act,

“Wem and Bronygarth Roads Act, 1862.”

Recites Two Acts, 19 & 20 Vict. and 23 & 24 Vict., relating to the Wem and Bronygarth Roads, by the last-mentioned of which Acts Two Districts of Roads, entitled the First District and the Second District, were constituted; that in the Preamble of the said Act it is, amongst other things, recited, that the estimated Expense of making and maintaining the Roads proposed to be thereby authorized other than certain Roads (being the Roads Numbers Three and Five of the Second District) which it was thereby provided should be made only in the event of the Funds for making and also maintaining the same being separately and specially provided for, was the Sum of 6,000*l.*; and that certain Persons named in the Schedule (A.) to the said Act annexed were willing and had offered to the said Trustees to subscribe and contribute the Sums respectively set opposite to their Names in the said Schedule, making together the Sum of 2,555*l.*, towards making and completing the said Roads, upon Condition that Interest, at the Rate of Four per Centum per Annum upon the Sums to be so subscribed and contributed by them, should be paid out of the Tolls by the said Act authorized to be taken upon such Roads, preferably to the Payment of Interest on any further Sums to be raised by the Trustees for the Purposes of the said Act, and that other Persons might also be willing to subscribe further Sums on the same Conditions; that it was in the said Preamble further recited that the Cambrian Slate Company (Limited), who were (and who still are) interested in extensive Slate Quarries situate at Chwarel Ucha, in the Parish of Llan-saintffraid-Glyn-Ceiriog, in the County of Denbigh, worked by them, and which will be accommodated by some of the

Roads authorized by the said Act (being Part of the Roads thereby constituted the Second District), were willing and had offered to the said Trustees to provide One Half of the necessary Funds for completing the said Roads, and to allow to the Subscribers of the said Sum of 2,555*l.* a Preference and Priority in the Payment of Interest upon the said Sum, but upon Condition that Interest at the Rate of 5*l.* per Centum per Annum on the Sum to be subscribed by the said Company should be paid out of the Tolls and other Revenue of the same Roads as in the said Act provided, and that such Lease should be granted to them as was therein-after mentioned before Payment of their Subscription should be called for; that by the said Act the Trustees were authorized, in consideration of the Sum agreed to be advanced and subscribed by the said Company as aforesaid, and prior to calling upon the said Company for Payment of the Monies agreed to be subscribed by them as aforesaid, or any Part thereof, if and when thereto required, to grant a Lease to such Company of the several Roads constituting the Second District under the said Act, or of any Portion thereof required by the said Company, for a Period not exceeding the Term created by the said Act, upon such Terms and Conditions as might be agreed upon; that by the said Act, the Maintenance and Repairs of the Road Number Two of the Second District were made chargeable on the Revenue of the First District; that in pursuance of the said Power the said Trustees granted to the Company a Lease of the several Roads Numbers One and Four of those constituting the Second District as aforesaid, which Lease is dated the 13th April 1860, at an annual Rent of such a gross and aggregate Sum of Money as shall be sufficient to pay the Salaries, Costs, Interest, Sinking Fund, Repairs, and other Charges provided for by the 39th Section of the said Act, and which Rent the said Company thereby covenanted and are still liable to pay; that the Company contributed and have paid to the Trustees for the Purposes of the said Act the Sum of 3,000*l.*, being the whole of their Subscription, and One Half of the Funds estimated at the Time the said Act was passed to have been necessary for completing the said Roads; but the other Subscribers named in the Schedule to the said Act, instead of contributing and paying the said Sum of 2,555*l.*, have only contributed and paid in all the Sum of 1,262*l.* 10*s.*; that the Trustees proceeded, under the Powers of the said Act, to acquire the Land for the new Roads thereby authorized, and constituting the Second District (other than Roads Numbers Three and Five thereof), and to make the same, and they have in so doing and in partially defraying the Expenses of obtaining the said Act, and in carrying into effect the other Purposes thereof, expended the whole Sums of Money received by them from the said Company and from the other Subscribers, but by reason of their having failed to obtain the Contributions originally promised or other or further Contributions from the Public for the Purpose, they have been unable to complete the said

new Roads, and the Works necessary for that Purpose have been suspended for more than a Year, and the Trustees are wholly unable to obtain Funds to enable them to proceed with the same; that the present Communication between the Roads of the Second District and the Great Western Railway (which is the Railway on which the District depends for its Railway Communications with the rest of the Kingdom) is very inconvenient and circuitous, and it is therefore expedient that the new Road herein-after described should be authorized, so as to connect the said Roads with the said Railway at the Chirk Station thereon, which is a First-class Station; that the estimated Cost of such new Road is 20*l.*; that the Company have consented that the said Lease should be annulled, and that the Rate of Interest payable to them in respect of the Monies already advanced by them or to be hereafter advanced shall be 4*l.* per Centum, with the view of enabling the Trustees to borrow the Funds necessary to complete the Roads already authorized (other than the Roads Numbers Three and Five of the Second District), and to construct the proposed new Road; that it is expedient that the said Lease should be annulled, and that the Trustees and the Company should be released from the whole Covenants and Obligations thereof, and from all other Covenants and Undertakings entered into between them in regard to the Matters aforesaid.

New Road to be made according to deposited Plans; Power to deviate, §§ 3 to 7.

"The United Kingdom Electric Telegraph Act, 1862."

Recites that under the Provisions of the Joint Stock Companies Acts, 1856 and 1857, a Company was incorporated, called "The United Kingdom Electric Telegraph Company (Limited)," for the Purposes, as stated in the Memorandum of Association of the said Company, of making, working, and maintaining Telegraphic Communication between various Places in Great Britain and Ireland, and purchasing and carrying out the Systems of one Thomas Allan in Electric Telegraphy, and making, working, and maintaining, obtaining, purchasing, selling, disposing, doing, transacting, and performing all Things necessary or incident to the carrying out of the aforesaid Objects, or any of them, with Power to sell or lease to any other Company or Person all or any of the Telegraphic Lines so made, or any of the Patents, Privileges, Easements, or Things required, or to grant any Licences in respect thereof, or to confer on any other Company or Person the Right to make, work, or maintain any Telegraph which the Company would be by the now reciting Memorandum authorized to make, and to acquire and hold any Lands or Hereditaments, Patents, Licences, Permissions, Easements, Rights, Privileges, or Authorities necessary or conducive to the carrying out of the said Undertaking, and to enter into and carry out any Arrangements with any other Person or Companies for the connecting the said Telegraphic Lines of any of them with other Telegraphic Lines, or for leasing, purchasing, or hiring the said last-mentioned Lines, and generally to do all Things whatsoever directly or indirectly incident to the above-mentioned Undertakings, or to carrying into effect the Purposes of the Company; that the Systems of the said Thomas Allan, as mentioned in the said Memorandum of Association, were certain alleged Improvements in Electric Telegraphy for which he had obtained Patents; that Agreements were entered into between the said Company, or the Directors thereof, and the said Thomas Allan relating to the purchasing and carrying out of his said Systems, but such Agreements had since been determined, and the said Company had abandoned so much of the Purposes aforesaid as relates to the said Systems; that it would be for the public Benefit if such Powers were conferred upon the Company as would enable them effectually to carry on their Undertaking, and to perform the Duties and Services of an Electric Telegraph Company.

"The Level of Hatfield Chase Act, 1862."

Recites that by virtue of Articles of Agreement between King Charles the First and Cornelius Vermuyden Esquire (afterwards Sir Cornelius Vermuyden), and of a Contract under the Great Seal of England between the same Parties, Sir Cornelius Vermuyden with the Aid of his fellow Adventurers or "Participants" executed certain great Works for the draining and reclaiming the Level of Hatfield Chase, in the Counties of York, Lincoln, and Nottingham, and in consideration of and by way of Compensation for those Works, and in part pursuance of the said Contract, the King by Letters Patent under the Great Seal, dated 24th March 1636, granted to the said Participants certain Lands within the said Level, Parcel of the Lands reclaimed by them; and among them Lands which are described in the First Schedule to this Act, and are known as the "Participants Scotted Lands," which Lands are subject to the Payment of Scots or Rates for the Maintenance of the said ancient Works of Drainage in the Level, and also to the Maintenance of Works executed by the Commissioners of Sewers of the Level of Hatfield Chase, with the Concurrence of the said Participants, under the Powers of Acts passed in the Years 1783 and 1787; recites also the 53 Geo. 3. c. 161, for the more effectually draining and improving Lands within the said Level, which Act, after reciting that the Lands belonging to the Participants "are chargeable with " the Expenses of supporting certain Works of Drainage " within the said Level and Parts adjacent," appoints Two Commissioners and authorizes them to execute certain Outfall Works at the River Trent and other specified as well as general Works of Drainage in the said Level, and the said Act gives to the Commissioners Powers to tax the Participants Lands during the Construction of the Works for the Purpose of defraying the Cost thereof; that the Works contemplated by the said Act have been accomplished, and that there are also within the said Level certain Lands described in the Second Schedule to this Act and known as

"The Decreed Lands," which are held in trust for the Participants by Trustees from Time to Time appointed, the Rents and Profits of which Decreed Lands are applied in the Discretion of such Trustees with the Approval of the Participants in General Meeting assembled, mainly for the Maintenance of the said Drainage Works in reduction of the said Scots; that there are within the said Level Two Districts (the North District and the South District), the North District being bounded on the North by the Stainforth and Keadby Canal and on the South by the New Torne River, the South District being bounded on the North by the said River and on the South by the River Idle and By-Carrs Dyke, and the main Outfall of the Waters from both the said Districts is into the River Trent at Keadby by Main Outlet Drains known as the North Double River, the Hatfield Waste Drain, and the South Double River Drain; that by virtue of the last-mentioned Act the Commissioners thereby appointed have erected in the South District a Steam Engine, and made Drains and Works connected therewith for conducting the Drainage Waters to the said Engine and discharging them into the Trent, and the said Engine and Works were constructed and are maintained by means of an Engine Rate levied on such of the Participants Lands as lie within the said South District in addition to the Scots; that it would be very advantageous to the Lands in and adjacent to the North District if a Steam Engine with the needful Drains and Works were constructed for the especial Drainage of that District, and it would also be advantageous to all the Lands in the said Level if the Arrangements of the said Main Outlet Drains were modified, and if Power were vested in the Participants to improve from Time to Time the Works of Drainage in the Level; that the Extension and Improvement of the ancient Works of Drainage, for the Maintenance of which the Participants Lands were liable to Scot, and the Erection of the South Engine and the Construction of other new Works of Drainage have greatly benefited Lands in the said Level other than the Participants Lands, and it is fitting that the Owners of such other Lands should contribute Funds towards the Maintenance of such Works, and should also contribute (according to the Benefit derived by them) towards the Construction of the new Engine and Works in the North District and to any Works which may hereafter be undertaken for the Drainage of the Level; that the said last-mentioned Act provides that the Commissioners thereby appointed shall, after the Works of Drainage provided for in the said Act are perfected, make an Award prescribing the Proportion or Rate at which the several Lands of the Participants are to be taxed with relation to the Construction and Maintenance of the said Works, and that after the Completion of the said Works and after the recording of the said Award in the Manner prescribed by the Act the Functions of the said Commissioners shall

cease, but no such Award has been made, and it is expedient that Provision be made for prescribing not only the said Rate or Proportion, but also the Rate at which the Lands in the said Level benefited by the Works of Drainage therein (whether such Lands belong to the Participants or not) should be assessed, and also for prescribing the Application of the Rents and Profits of the Decreed Lands, and also for closing at a definite Period the Commission under the said Act of 1813; that Makiu Durham of Thorne in the County of York and George Dyson Simpson of Loversall in the said County, Gentlemen, are the Commissioners under the said Act; and that it would contribute to the convenient Transaction of their Business and to the more efficient Maintenance and Improvement of Works of Drainage in the said Level if the said Participants were incorporated, and if the Decreed Lands were vested in them as such Corporation, and if the Owners of Lands to be taxed under the Powers of this Act other than Participants Lands formed Part of such Corporation, and if the said Corporation were empowered (subject to the Conditions herein-after contained) to execute from Time to Time Works of Drainage within the said Level, and to levy Rates and Taxes for the Maintenance and Improvement of existing Works and the Construction and Maintenance of future Works of Drainage therein, and to borrow Money for the Purposes thereof.

2. Within Two Months after the passing of this Act the Clerk of the Participants shall send to every Participant and to every Person liable to be taxed under the Powers of this Act, so far as he can ascertain the same, a Circular addressed to the usual Place of Abode of such Participant or other Person, summoning him to a Meeting for the Purpose of electing Commissioners to execute the Powers of this Act, and such Meeting shall be held in the Second Week of the Month of November 1862, and shall be presided over by some Participant nominated at the said Meeting.

“Llanelly Railway and Dock Act, 1862.”

Recites that by “The Llanelly Railway and Dock Act, 1853,” divers Acts relating to the Company were repealed, and some of the Powers and Provisions thereof were amended, re-enacted, or continued ; and the Company were authorized to maintain their then existing Railways and Docks, and to make and maintain Additions thereto, and (among them) a Branch Railway in the Parish of Llandebie, the Period for the Completion whereof was Five Years from the Commencement of the reciting Act ; that the Company have made a Branch Railway in the Parish of Llandebie, but the Line thereof is not coincident with the Line of the Branch Railway so authorized, and it is doubted whether the Branch Railway so made fulfils the Requirements of the recited Act ; that by “The Burry Navigation and Llanelly Harbour Act, 1858,” the Commissioners for the Execution of that Act were authorized, with the Consent of the Company, to purchase Docks and other Works of the Company ; that by “The Llanelly Railway and Dock Act, 1860,” the Company and the Burry Commissioners were authorized to agree with respect to guaranteeing Interest or Profit on any Sums not exceeding in the whole 50,000*l.*, to be raised by the Company for the Purposes of additional Dock Gates and other Works and

Conveniences to be executed by the Company ; and by the same Act the Company and other Persons were authorized to agree with respect to guaranteeing Interest or Profit on any Part of the same Sum of 50,000*l.*, and it is expedient that Arrangements between the Company and such Commissioners and Persons respectively, with respect to the making to them by the Company of counter Guarantees, be authorized ; that by "The Llanelly Railway (New Lines) Act, 1861," the Company were authorized to make and maintain additional Lines of Railway, called "the Swansea Lines" and "the Carmarthen Line," and after reciting that the Carmarthen Line, as laid down on the Plans deposited for the Purposes of the Act now in recital would pass in front of Abergwilli Palace, the Episcopal Residence of the Bishop of St. David's, and that it was alleged that, consistently with the Attainment of the Objects to be effected by that Line, a Deviation might be made from the Course thereof, so as to carry it behind the Palace, it was enacted, that as regarded the Portion of the Carmarthen Line between the Land numbered on those Plans 77, in the Parish of Abergwilli, and the Junction of that Line with the Carmarthen and Cardigan Railway, none of the Powers by the reciting Act granted for the taking of Lands or the Construction of the Railway should be exercised by the Company before the 31st August 1862, without the Consent in Writing of the Bishop ; and that if the Company should in the Session of Parliament in the Year 1862 obtain an Act authorizing them to make a Deviation of that Portion of the Carmarthen Line so as to carry it behind and to the North of that Residence, or if the Company failed in the then next Session of Parliament to apply for and use their best Endeavours to obtain such an Act, then and in either of such Cases all the Powers by the reciting Act given to the Company for making that Portion of the Carmarthen Line, and for taking Lands for the Purposes thereof, should, in the First Case, from the passing of such Act, and in the Second Case from the Termination of the Session of Parliament in the Year 1862, cease and determine ; that it is expedient that the Company be authorized to make Lines of Railway by way of Deviation of the Carmarthen Line so as to carry it behind and to the Northward of Abergwilli Palace, to make and maintain the other Lines of Railway and Works by this Act authorized, to abandon the making of so much of the Swansea Lines and the Carmarthen Line respectively, as will be rendered unnecessary by the making of Lines of Railway by this Act authorized, to lay down Narrow Gauge Rails on Part of the Railway of the Carmarthen and Cardigan Railway Company ; also that Arrangements be authorized between the Company and the Vale of Neath Railway Company with respect to the Railway No. 6 (Swansea Lines) by this Act authorized, and between the Company and the South Wales Railway Company with respect to the Railways Nos. 1, 4, and 6 (Swansea Lines) by this Act authorized ; that by the Act of 1861 the Company's Undertaking was divided into their original

Undertaking, and their Swansea Lines Undertaking, and their Carmarthen Line Undertaking, and they were authorized to raise a separate Capital for each of those Undertakings and to borrow separate Monies on Mortgage in respect of each of those Undertakings; that the proposed Lines of Railway and Works are respectively in extension of or in substitution for Parts of the Swansea Lines and the Carmarthen Line respectively; and that it is expedient that the Company be authorized to raise further Monies for the Purposes of those Lines of Railway and Works.

“The Nene Valley Act, 1862.”

Recites that by “The Nene Valley Drainage and Navigation Improvement Act, 1852,” the Nene Valley Drainage and Navigation Improvement Commissioners were incorporated and were empowered to execute Works for the Improvement of the River Nene and the Drainage of Lands adjacent thereto, and the Area which they were authorized to improve was divided into Three Districts, respectively called therein “the First District,” “the Second District,” and “the Third District,” and the River was divided into Two Parts, one called “the Upper Division,” and the other “the Lower Division;” and for Navigation Purposes the River between Northampton Bridge and Bevis Hall was divided into Three Navigation Divisions (the Third Navigation Division comprising that Part of the River in the Third District which is situated between Peterborough Bridge and Bevis Hall, where the Lower Division of the River commences), and the incorporated Commissioners were required to proceed in the Order thereby provided with the Works in the Third District, being that Part of the River which is

situated between the Boundary of the Counties of Norfolk and Cambridge and the City of Peterborough ; that by the said Act Provision was made for Contributions towards the Expense of the Works in the Third District (in addition to Tolls granted by the Act) by several Parties, One of them being the Duke of Bedford, who had agreed to make a gratuitous Contribution, and the Names or Descriptions of such Contributors are set forth in the First Schedule to this Act ; that the Commissioners proceeded with the Works in the Third District, and erected a new Bridge at Wisbech and a Bridge at a Place called "the Dog-in-a-Doublet," and have executed divers Works in and through Wisbech and in the Lower Division and in other Parts of the Third District, and have deepened the River and commenced and partially made the Bank for protecting the Lands described in the Act of 1852, and also in this Act, as "the Wash Lands," from the River ; that in "The Nene Valley Drainage and Navigation Improvement (Amendment) Act, 1854," it is recited that the Commissioners had ascertained that the Amount by the Act of 1852 authorized to be raised for the Purposes of the Works in the Third District would be insufficient for the Execution and Maintenance of those Works, and that the Duke of Bedford had agreed to pay a further gratuitous Contribution towards the Funds of the Third District, and it was enacted that the Contributors should contribute such further Sums in that Behalf as by that Act is provided, being the Sum of 55,000*l.*, and the further Sum of 10,000*l.* to be levied and raised only upon the Requisition in Writing of Robert Stephenson, Civil Engineer, or his Successors, for additional Works in the Lower Division therein referred to, and the further Sum of 15,000*l.* to be raised and levied only in the event of the Wisbech Bridge and the Dog-in-a-Doublet Bridge, or either of them, being required by the Board of Admiralty to be made opening Bridges, or other Works therein specified in relation to the Fresh Water Supply being required, those Three Sums making together the Sum of 80,000*l.* ; that the Sum of 7,376*l.* 7*s.* 10½*d.*, Part of the last-mentioned Sum of 15,000*l.*, has been reserved for the Purpose of executing any Works for remedying any Injury which might arise to the Supply of Fresh Water from the River Nene under the Provisions of the Act of 1852, and the said Sum was apportioned upon the Contributors and in the Proportions mentioned in the Third Schedule hereto ; that by the Act of 1854, it was provided that the Proportions in which the Contributors should pay the 80,000*l.* should be determined by a Referee or Referees, or an Umpire appointed by the Board of Trade ; the Right Honourable Sir John Somerset Pakington, Baronet, was appointed sole Referee, and made certain Awards in relation thereto ; that in or about the Year 1856 it was found that the Works (Part of which were in progress and Part of which were not commenced) would not be adequate for the Purpose of protecting the Banks and Slopes of the River against the

Action of the Tide and of Floods, and that additional Works must be undertaken, and certain Modifications be made in the Works authorized and required to be constructed by the Act of 1852, and that further large Sums of Money must be raised and expended if the Provisions of the Act of 1852 were fully carried into effect in the Third District; that about the Month of November 1856 the Commissioners ceased to proceed with any Works in the Third District, save such as have from Time to Time been deemed essential for the Security of the Banks of the River and for preventing the Destruction of Property by Inundation; that the Sum of 20,000*l.* is now due upon Mortgage of the Navigation Tolls in the Third District, and certain of the Commissioners, in addition to the Security thereby afforded, are personally responsible for the Payment; hereof and the Interest thereon, and the Commissioners have also incurred Debts and Liabilities which are set forth in the Second Schedule to this Act, and they are entitled to the Sum of Money set forth in the said Schedule, and it is expedient that such Debts and Liabilities should be discharged; that the Sum required to discharge the Debts of the Commissioners in the Third District (other than a Mortgage Debt of 25,000*l.* charged on the Tax on the Wash Lands, and the Mortgage Debts affecting the District Tax on the flooded Lands in Standground) is 43,200*l.*; that it is expedient that the Commissioners should be empowered to receive and levy such additional Contribution upon the Contributors in manner herein-after mentioned; that the Districts should be separated and the Commission dissolved; and that the Act of 1852 and the Act of 1854 be in other respects amended.

Recited Acts

8. The Outfall Tax and the Tax on the Wash Lands respectively authorized to be raised by this Act, to be comprised in any Mortgage granted by the incorporated Commissioners under the Powers of this Act, may be any fixed annual average Sum per Acre as to the Outfall Tax, and any fixed annual Tax per Acre as to the Tax on the Wash Lands, but not exceeding in the whole in either Case the highest Amount of the additional annual Contribution to be contributed under this Act by the Parties liable to such Taxes respectively; and

9. The 55th Section of the Act of 1854, as to the Redemption of the Taxes charged on the Wash Lands in the Third District, shall be applicable to the increased Taxes to be charged on the said Wash Lands, and also to the Outfall Taxes to be charged and assessed on the Meadows and Lands in the First and Second Districts, and the flooded Lands in Standground in the Third District, or on the Owners or Occupiers thereof, under the Powers of this Act: Provided always, and except that no such Redemption shall be compulsory on or made without the Consent of the incorporated Commissioners and their Mortgagees: Provided also, that in all Cases where the total annual Tax chargeable on any Land, or the Owner or Occupier thereof, under the Acts of 1852 and 1854 and this Act, shall not amount to the Sum of One Shilling in any One Year (such Occupier not being chargeable with Payment in respect of any other Land for the same Tax exceeding the Sum of One Shilling), it shall be imperative on the Person charged with the said Tax, not exceeding One Shilling, if required by the incorporated Commissioners, by Notice under the Hand of their Collector, to redeem the same at a Sum to be determined by the said incorporated Commissioners, not exceeding 25 Times the Amount of the annual Tax charged thereon, deducting any Amount of such Tax charged for Repayment of Principal Monies; and the Redemption Money for such Taxes shall be applied in Payment of the Mortgages thereon; and in case of default in Payment of the Redemption Money for Two Months after such Notice, the Amount may be recovered by the incorporated Commissioners in like Manner as Taxes in arrear are recoverable under this or any other Act.

“The Metropolitan Meat and Poultry Market (Western Approach) Act, 1862.”

Recites that by “The Metropolitan Meat and Poultry Market Act, 1860,” the Mayor, Aldermen, and Commons of the City of London were authorized to appropriate Part of the ancient Site of Smithfield Market as a Site for, and to erect, build, construct, and maintain thereon, and on other Land by the Act authorized to be taken, a Market House and Market Place, or Market Houses or Market Places, for the Exposure and Sale of Meat and Poultry and other Provisions, together with such Houses, Shops, Stalls, Standings, Sheds, Buildings, Works, and Conveniences for the Purposes of the said

Markets, and for the Accommodation of the Persons resorting thereto, as the Mayor, Aldermen, and Commons might think necessary, and they were also authorized to appropriate the whole or any Part of the underground Surface beneath the intended Market or Market Places, and the Buildings belonging thereto, and beneath certain Roads or Streets surrounding the same, for the Purpose of a Railway Station or Railway Terminus, to be used by any Railway Company or any Persons desirous of constructing a Railway to such Market or Market Places ; and by the 18th Section of the same Act it was provided that it should not be lawful for the Mayor, Aldermen, and Commons to open the said Market or any Part thereof for the Exposure and Sale of Meat, Poultry, or other Provisions, or to permit the Use of the said Railway Station, until a Road, 60 Feet in Width, should have been made and opened from Victoria Street at or near West Street in the Parish of Saint Sepulchre, Middlesex, to the intended Market House in the Parish of Saint Sepulchre, London ; and by the 20th Section of the same Act the Mayor, Aldermen, and Commons were authorized to borrow on the Credit of the Tolls by the Act authorized to be taken, and also the Estates and other Property of the Mayor and Commonalty and Citizens of the City of London, herein-after called "the Mayor and Commonalty and Citizens," any Sum of Money not exceeding the Sum of 235,000*l.*, for the Purchase of Land for the Site of the said intended Market and Market Places and of the Approaches thereto, and for effecting the several Improvements by the Act authorized ; and by the 37th Section of the said Act, it was provided that the Tolls which might be received by the Mayor, Aldermen, and Commons, under Schedule (A.), by virtue of that Act, together with the Rent which should be received by them from any Railway Company for the Use of the underground Station or Terminus thereto, should be applied, in the first place, in defraying the Costs and Expenses of collecting and receiving the said Tolls and Rent, and in the next place in Payment of the Interest and Principal of the Monies expended in the Purchase or Acquisition of Land for the Site of the said intended Market and Market Places, and of the Roads or Streets surrounding or intersecting or approaching the same, and in making the several Improvements in that Act authorized or required to be made ; and when all such Principal Monies should have been repaid, with all Interest which should from Time to Time or at any Time have accrued in respect thereof, the Tolls in Schedule (A.) by that Act authorized to be taken should cease and determine, unless Parliament should in the meantime otherwise direct, and the Rents and other Monies which should be received for the Use of the said Railway Station or Terminus should be applied toward the Maintenance and Improvement of the said Market and Market Places ; and in case the Tolls which might be received by the Mayor, Aldermen, and Commons, under Schedule (A.), by virtue of that Act, together with the Rent which should be received by them from any Rail-

way Company for the Use of the underground Station or Terminus, should at any Time be insufficient to defray the Costs and Expenses of collecting and receiving the said Tolls and Rent, and the Interest of the Monies which might be borrowed on the Credit thereof, the Deficiency should be made good by the Mayor and Commonalty and Citizens out of their own Monies ; and such Sums of Money as might be paid and advanced by them for the Purposes aforesaid should be repaid to them, with Interest after the Rate of 4*l*. per Centum per Annum from the Time of advancing the same, out of any future Tolls or Rent which might be received by them ; that the said Sum of 235,000*l*. did not include the estimated Cost of constructing the said Road or Street required by the said Act to be made and opened from Victoria Street previously to the opening of the said Market, and the User of the said Railway Station, which was added during the Progress of the said Act through Parliament, without any Provision being made for defraying the Cost of the same ; that by the Newgate Market Abolition Act, 1861, Newgate Market was directed to be discontinued from the Day on which the Metropolitan Meat and Poultry Market should be opened for the Use of the Public, and by Section 15 of the said Act it was provided, that if, after the Expiration of Five Years from the Day on which the Market established under the Provisions of "The Metropolitan Meat and Poultry Market Act, 1860," should have been opened for the Use of the Public, it should be proved to the Satisfaction of One of Her Majesty's Principal Secretaries of State that the Amount of the Tolls arising from the said Metropolitan Meat and Poultry Market had not been sufficient to pay the Charges thereon imposed by the said Act and by the Act now in recital, then and in such Case it should be lawful for the Common Council from thenceforth to demand and take for or in respect of all Meat and Poultry and other Provisions brought into the said Market Tolls not exceeding One Farthing per Stone of 14 Pounds, instead of One Farthing for every 21 Pounds, as specified in the Schedule to the said Act annexed, and all the Provisions of such Act should be applicable to such Tolls ; and by the 17th Section of the same Act it was provided, that if the Newgate Market Fund, by the Act directed to be formed out of Part of the Proceeds of the Sale of the Site of Newgate Market, should be insufficient to discharge the Expense of carrying the Act into execution, and other the Costs, Charges, and Expenses therein mentioned, the Difference should be charged upon the Tolls authorized to be taken by "The Metropolitan Meat and Poultry Market Act, 1860 ;" that by "The Metropolitan Railway Act, 1861," the Metropolitan Railway Company were authorized, amongst other things, to construct a Line of Railway commencing by a Junction with their Main Line in the Parish of Saint John, Clerkenwell, in the County of Middlesex, and terminating beneath the Metropolitan Meat and Poultry Market ; that a new Western Approach to the Metropolitan Meat and Poultry Market, by means of a Street

in continuation of the intended Street on the North Side of the said Market to Victoria Street, will be more convenient as an Approach from the Westward to the said Market than the Street required to be constructed in a similar Direction by the aforesaid 18th Section of "The Metropolitan Meat and Poultry Market Act, 1860," and it is expedient that the said proposed new Street should be authorized to be made in lieu thereof; that for the Purpose of enabling the Mayor, Aldermen, and Commons to construct the said Western Approach to the said Market, it is expedient that they should be authorized to borrow or raise further Sums of Money; and that better Provision should be made for securing the Repayment to the Mayor and Commonalty and Citizens of the Sums of Money which may be advanced by them for the Purposes of "The Metropolitan Meat and Poultry Market Act, 1860," and "The Newgate Market Abolition Act, 1861," and of this Act, which are intended to be charged upon the Tolls to be taken in respect of the Meat and Poultry Market.

“Brecon Markets Act, 1862.”

Recites that by 1 & 2 Vict. c. xii. for providing Market Places and for regulating the Markets within the Borough of Brecon, the Mayor, Aldermen, and Burgesses of the Borough of Brecon were authorized to purchase certain Lands in the Borough of Brecon, and to appropriate the same and other Lands in the Borough for the Purposes of the reciting Act, and to provide thereon Market Houses and Market Places, and to preserve for the Corn Market a Portion of the then existing Market Place (that Portion being situate under the Guildhall of the Borough), and to maintain and regulate the then Corn Market and the then Cattle Market, and the Market House or Market Place by the reciting Act authorized to be provided; and, for the Purpose of providing the new Market House or Market Places, the Corporation were authorized to borrow at Interest on the Credit of the Tolls, Rents, and Stallage specified in the Second Schedule to the reciting Act, and in the Third Schedule to this Act annexed, such Sums as they should think requisite, and to assign the said Tolls by way of Mortgage accordingly, but subject to the Provisions of the reciting Act with respect to the Priority of Payment and Application of such

Tolls ; and for the Purposes of the reciting Act the Corporation were authorized to raise Money by Mortgage or Sale of their Lands, and to apply the Money to be received by virtue of the reciting Act, and (subject as therein expressed) the said Tolls, first in paying the Expenses of obtaining the reciting Act, and next in paying the Expenses of providing the Market Places, and next in retaining and setting apart such Sums as, with the Rents, Tolls, and Dues which should be received by the Corporation from any Property belonging to them other than the said Tolls, should be equal in Amount to or necessary to make up the annual Sum of 210*l.*, the Amount of the net annual Income of the Corporation from the whole Tolls of the Borough and other Property of or belonging to them, of which Sum of 210*l.* a competent Part should be applied by the Corporation towards defraying the Interest of any Incumbrance then affecting their Property, and the Remainder should be by them applied to such Purposes and in such Manner as by Law they were then authorized and empowered to apply their net annual Income, and afterwards the Surplus Tolls should be applied in paying the Interest of all Monies borrowed under and for the Purposes of the reciting Act ; and subject to those Payments the Residue of the Surplus Tolls should be divided into Two equal Parts, one of which should be paid to the Persons entitled to any of the Securities for any Money so borrowed on Mortgage, and their respective Executors, Administrators, and Assigns, in proportion to the respective Sums advanced by them, without any Preference, and the other should be retained by the Corporation towards enabling them to pay off the Money borrowed on Mortgage, and after the Payment thereof the whole of the Surplus Tolls should be by them applied to such Purposes of public Benefit within the Borough as to them should seem meet ; and the Tolls theretofore payable in respect of the Market in the Borough should continue until the new Market Places were completed and opened for public Use, and thereafter there should be paid to the Corporation or their Collector in respect of the Markets such Tolls, Rents, and Stallage as should from Time to Time be appointed by the Corporation, not exceeding the scheduled Tolls ; and the Corporation were authorized to remove the Corn Market to some other convenient Place belonging to the Corporation in the Borough, and to appropriate Land belonging to the Corporation in the Borough for the Cattle Market, and to take Tolls for the Cattle Market, and Provision was made for the holding of the then Markets in the Streets in the Borough until other Market Places were provided, and the Corporation were authorized to provide Slaughter-houses in the Borough ; that the Corporation accordingly, under the Powers of the recited Act, provided a Market House, but they have not provided any Slaughter-house, and they have removed their general Market to the new Market House so provided, but they have not removed the Corn

Market from below the Guildhall, and the Cattle Market and the Fairs are still held in the Streets in the Borough ; that the Corporation borrowed at Interest on the Security of the scheduled Tolls divers Sums amounting in the whole to 9,914*l.* 14*s.* 6*d.*, and under the recited Act the Corporation granted Assignments of the scheduled Tolls for securing the Repayment, with Interest thereon, of the Monies so borrowed ; that for securing the Repayment, with Interest, of 1,500*l.*, Part of the Money so borrowed, the Corporation made a Mortgage of Parts of their Corporate Estates by way of collateral Security for the same, and their Mortgage Creditor afterwards obtained a Judgment against them for the Amount of the Debt ; that the Repayment, with Interest of 8,414*l.* 14*s.* 6*d.*, the Residue of the Money so borrowed, is secured only by the Debentures for the same, and the whole of the 1,500*l.* so secured by Debentures, and collaterally secured by Mortgage, and in respect of which Judgment against the Corporation has been obtained, and almost the whole of the Interest thereon which has become payable since the 4th September 1855, are now due and unpaid ; that the whole of the 8,414*l.* 14*s.* 6*d.* so secured by Debentures alone, and almost the whole of the Interest thereon which has become payable since the 1st January 1851, are now due and unpaid ; that the Property of the Corporation, other than their Property under the recited Act, comprises the Guildhall of the Borough, and the Borough Lock-up or Police Station, and a Manor or reputed Manor (if any), and divers Messuages, Lands, Chief Rents, and Tenements, and their Markets and Fairs, and Tolls and Dues arising from the same, and Drift Tolls payable on Goods of divers Persons passing through the Borough ; that the net Income arising from the Corporate Estates averages about 140*l.* a Year, consisting of about 40*l.* a Year for the Drift Tolls, and about 100*l.* a Year from Rents and Profits of other Parts of the Corporate Estates ; that the Corporate Estates or Parts thereof are subject to divers Incumbrances ; and with the Exception of the Drift Tolls have been extended, and are now held by a Creditor by Elegit for a Debt originally of 750*l.* and Costs, but the net Income arising from the same is insufficient to keep down the Interest on his Debt ; that the scheduled Tolls are received by a Receiver appointed by the Court of Chancery on behalf of the Debenture Holders ; and the average net Amount of the scheduled Tolls is about 320*l.* a Year, out of which about 70*l.* a Year is paid to the Corporation, in order to make up their Income, as provided by the recited Act, to 210*l.* a Year, and the Residue thereof is insufficient to keep down the Interest payable to the Debenture Holders ; that the only Income which the Corporation now derive for their own Benefit from their Corporate Estates and their Property under the recited Act together is about 110*l.* a Year, consisting of about 40*l.* a Year arising from the Tolls and Dues forming Part of the Corporate Estates, and about 70*l.* a Year paid to them out of

the scheduled Tolls, the Residue of their 210*l.* a Year being taken by their Elegit Creditor ; that by reason of the Manner in which the scheduled Tolls and the Corporate Estates respectively are now managed they do not produce so great an Amount of Income as they might produce if they were placed under One Management ; that the Debenture Holders, except one Edward Evans, who cannot be found, are willing to accept a Composition for their respective Debts, on condition of the Provision by this Act made in that Behalf, and for the better Management of the Corporate Estates and the Property of the Corporation under the recited Act being made ; that it is expedient that Parts of the Estates and Property of the Corporation be vested in and managed by a Company, and that Provision be made for the Discharge of the Debts and Liabilities of the Corporation ; that divers of the Debenture Holders and other Persons interested in the Welfare of the Borough are willing and it is expedient that they should be united into a Company for the Purpose, and that it is expedient that the recited Act be repealed, and that other Provisions with respect to the Markets and Fairs in the Borough be made ; and that the Company be authorized to provide a new Market Place in the Borough for the Cattle Market and Slaughter-houses, and to acquire Lands for the Purpose, and that the Cattle Market be removed from the Streets in the Borough to the Market Place so provided.

Passages to the same, and the new Rivers, Cuts, and Drains to be made by the said Earl and his Assigns, and the Banks of the same, and the Forelands in the Inside of the said Banks, not to exceed 60 Feet in Breadth; and the said Earl afterwards agreed with certain other Persons to become Participants or Adventurers with him in the said Undertaking, and the said Earl and his Son and Heir Earl William and their respective Participants or Adventurers performed the said Undertaking, and were adjudged to be entitled to and put in possession of the said 95,000 Acres of Land which lie dispersed throughout (some Portion thereof being situate within each Parish and Place in) the Bedford Level, and the same are commonly called and known as "Adventurers Lands," the Residue of the Fen Lands in the Bedford Level being, by way of Distinction, called or known as "Free Lands;" that by the Act 15 Charles 2. (1663), c. 17, intituled "An Act for settling the Draining of the Great "Level of the Fens called Bedford Level," it was, among other things, enacted, that the said William Earl of Bedford, and the Adventurers and Participants of the said Earl Francis and Earl William, or either of them, their Heirs and Assigns, should be a Body Corporate by the Name of the Governor, Bailiffs, and Commonalty of the Company of Conservators of the Great Level of the Fens, with Power to sue and be sued, and without Licence of Mortmain to purchase Lands and Hereditaments as therein mentioned, and Goods and Chattels, and dispose thereof in the Name and to the Use of the Corporation, and to lay Taxes upon the Adventurers Lands only for the Support, Maintenance, and Preservation of the Bedford Level, and do all other Things in order to the Support, Maintenance, and Preservation of the Bedford Level, and Works made and to be made; and for the Maintenance and Preservation of the Bedford Level by convenient Outfalls to Sea the Corporation were made and constituted Commissioners of Sewers for and of the Bedford Level, and were empowered from thenceforth to exercise the Powers of Commissioners of Sewers within and of the Works made and to be made without the Bedford Level for conveying the Waters thereof by convenient Outfalls to Sea, and no other Commissioners of Sewers were to intermeddle within the Bedford Level, or with any Works made within or without the Bedford Level for the Maintenance or Preservation thereof; and the Corporation was empowered from Time to Time to erect any new Works within or without the Level for conveying the Waters of the Level by convenient Outfalls to Sea, and was not to be liable to Damages for any Breaches of Banks, and the Works of the Adventurers and Corporation were to be without Prejudice to Navigation; that several other Acts were afterwards passed with respect to the Corporation, amongst others the Act (Local and Personal) of the Fourth and Fifth Years of Queen Victoria (1841), Cap. 47; that for the Purpose of performing the said Undertaking the Bedford Level was divided into Three Levels, respectively called the North

Level, Middle Level, and South Level, and separate Works were made for the Protection and Drainage of each Level, and at a Court of the Corporation held on the 10th March 1697 the Middle Level was defined as extending from the North Side of the Old Bedford River to the South Side of Moreton's Leam; and the Middle Level is now and for many Years past has been protected from Inundation by certain Barrier Banks in this Act particularly described, the whole of which Banks, with small Exceptions comprised in the First Schedule hereto, belong to or are now maintained by the Corporation; that the Lands specified in the First Schedule hereto are now and have been for many Years last past enclosed and protected by the Barrier Banks of the Middle Level, and the same drain into the Old Bedford River, and were included in the Act herein-after referred to as the Second Middle Level Act (1844); and that the Water drained from the North Level is discharged into the Sea by and through the Nene Outfall, and the Water drained from the Middle Level and South Level is discharged into the Sea by and through the Ouse Outfall; that by 27 Geo. 2. (1753), c. 19, commonly called the "First North Level Act," and by the "North Level Act, 1857," and by certain Acts therein recited or noticed relating to the Drainage of the North Level and to the Improvement of the Outfall of the River Nene, all the Powers and Duties of the Corporation so far as concerned the North Level, which in the said Act is described or referred to as that Part of the Bedford Level which lies between the North Side of Moreton's Leam and the South Side of the Welland River, were in the first instance partially superseded, and ultimately, together with the Revenues and Estates received and held by the Corporation for the Use or Purposes of the North Level, transferred to and vested in the North Level Commissioners; that by the Act 27 Geo. 2. (1753), c. 12, herein-after referred to as the "Nene Navigation Act," certain Persons were constituted Commissioners of the Nene Navigation, with Power to levy Tolls and borrow Money on the Security thereof, and apply the same in scouring out, cleansing, widening, and deepening the River Nene and certain other Rivers and Drains in the Middle Level, and in making Haling Ways, and in repairing Damages done to the Banks by haling thereon, and in other Works not prejudicial to Drainage; that the Act 34 Geo. 3. (1794), c. 92, herein-after referred to as the "Wisbech Canal Act," contains Provisions relating to the Nene Navigation Commissioners; and that divers Public and Local and Personal Acts of Parliament (the Dates and Titles whereof respectively are set forth in the Second Schedule hereto), and which are commonly known and in this Act are referred to as "District Acts," have from Time to Time been passed for improving the Drainage of divers Districts in the Middle Level, the general Scope and Object of which Acts are the Appointment of separate Commissioners for each District, with Powers to assess Taxes upon all the Fen Lands, as well

"Adventurers" as "Free," in such Districts respectively, and to raise Funds and make and erect Engines and other Works for the embanking, draining, or improving the Fen Lands within such Districts respectively, which Drainage Works are known and distinguished as "Internal Works," and are in general limited to the raising or otherwise more effectually discharging the surplus Water from the Lands in such Districts respectively into the natural Rivers or arterial or main Channels, Cuts, or Drains of the Middle Level; that by several Local and Personal Acts, commonly known as the "Eau Brink Acts," and by the "Ouse Outfall Act, 1860," certain Owners of Fen Lands in the Middle Level and South Level and adjacent Parts were constituted Commissioners, with Power to lay Taxes on all the Fen Lands in the Middle Level and South Level, as well "Adventurers" as "Free," and upon certain contiguous Lands, and to raise Funds and make a new Cut called the Eau Brink Cut, for straightening and improving the River Ouse above King's Lynn, and to contribute towards making a new Cut for straightening the said River below King's Lynn, and improving the Outfall thereof; and by the "Ouse Outfall Act, 1860," a Board called "Conservators of the Ouse Outfall" was constituted and incorporated, with Power to maintain and improve the Outfall by the River Ouse from the upper End of the Eau Brink Cut to open Sea; and by the same Act another Board called "the Denver Sluice Commissioners" was constituted (from Persons interested in Lands draining into the Ouse through or near to Denver Sluice) and incorporated with Powers to maintain and improve the River Ouse for the Purposes of Drainage from Denver Sluice to the Eau Brink Cut; that by Three several Acts, namely, 50 Geo. 3. (1810), c. 125, commonly called the "First Middle Level Act," the Act 7 & 8 Vict. (1844), c. 106, commonly called the "Second Middle Level Act," and the Act 11 & 12 Vict. (1848), the Short Title whereof is "The Middle Level Drainage Amendment Act, 1848," certain Owners of Fen Lands in the Middle Level are constituted Commissioners, commonly called Middle Level Drainage Commissioners, with Power to levy Taxes on all the Fen Lands in the Middle Level, as well "Adventurers" as "Free," and to raise Funds, and deepen, widen, and improve the natural Rivers and arterial Drainage Channels, Cuts, or Drains in the Middle Level (except in certain Districts called the Sutton and Mepal and Manca and Welney Districts), and to make a new Outfall Drain for the Middle Level, and other Works for improving and securing as well the Drainage thereof as the Navigation in and upon the navigable Rivers and Cuts previously or thereby made navigable; and in the last-mentioned Act Provision is made for the Drainage of the excepted Districts through the Middle Level by Agreement; that whereas by the Operation of the Nene Navigation Act, District Acts, Eau Brink Acts, Ouse Outfall Act, and Middle Level Acts, the Jurisdiction of the Corporation in regard to the Drainage of the Middle

Level has been practically superseded, and especially so by the Middle Level Acts, whereby Provision was made for the much better and more efficient Drainage thereof than was contemplated or provided for by the Corporation Acts ; and the Duties and Works now performed and kept up by the Corporation in the Middle Level are very limited ; that the Works of Drainage of the Middle Level and South Level are quite distinct, except only in regard to the Outfall, all the Works relating to the Maintenance and Improvement of which are now vested in the "Conservators of the Ouse Outfall ;" that the Corporation has not levied any Tax on the Adventurers Lands for several Years past, and the Rents and Revenues of the Corporation arising from the Banks, Forelands, Lands, and Hereditaments belonging to the Corporation within the Middle Level have during that Time been and still are more than sufficient for the Maintenance of the Middle Level Works now kept up by the Corporation, and it is just that the whole of those Rents and Revenues should be applied exclusively to Middle Level Works ; and that as well for the more effectually securing the Application thereof accordingly, as also for the Purpose of removing the Inconvenience arising from the Existence of concurrent Jurisdictions in relation to the same Works, it is expedient that all Rivers, Cuts, Drains, and Works, and also all Banks, Forelands, Lands, and Hereditaments, of the Corporation, situate and being within the Middle Level, should be transferred to and vested in the Middle Level Commissioners, but with such Provisions for the Superintendence of Works within or affecting the Sutton and Mepal and Manca and Welney Districts as are in this Act contained ; and it is also just, and the Owners of Free Lands within the Middle Level are willing, that upon such Transfer being made the Distinction between Adventurers Lands and Free Lands in the Middle Level should cease, and that the Adventurers Lands in that Level should not after the Commencement of this Act be liable to be taxed by the Corporation or by any other Body or Person, and that the Powers conferred upon the Corporation by the King's Lynn Port Act should be transferred to the Conservators of the Ouse Outfall ; that under the Second Middle Level Act certain additional Tolls were granted to the Nene Navigation Commissioners, One Moiety of which additional Tolls they were directed to pay over to the Middle Level Drainage Commissioners ; and by the same Act, after reciting that there was then due from the Nene Navigation Commissioners the Sum of 10,000*l.* borrowed on Security of the Tolls, and also 23 Years Interest thereon, and that the Tolls had been found inadequate to the Discharge of the Arrears of Interest, and after defraying the Expenses of collecting the same, and other necessary Charges, and of One Year's Interest, and of the official Salaries, the said Tolls had produced on an Average of the then last Seven Years an annual Surplus of less than 50*l.*, it was enacted, that the Nene Navigation Commissioners should by and out of their Funds pay and satisfy the Interest Monies (when and as

- they should severally become due, and in preference to all other Payments, but that such Funds should not be applicable to the Discharge of the Arrears of Interest or of the Principal Sums, or any Part thereof, to a greater Amount than the Sum of 50*l.* per Annum; that under "The Middle Level Drainage Amendment Act, 1848," a Portion of the Moiety of additional Navigation Tolls by the Second Middle Level Act ordered to be paid to the Middle Level Drainage Commissioners are made payable to the Sutton and Mepal Commissioners; that the said Debt of 10,000*l.* and 30 Years Interest still remain due, and since the passing of the Second Middle Level Act the Nene Navigation Commissioners have paid on an Average the yearly Sum of 137*l.* 2*s.* 7*d.* or thereabouts only on or in respect of Works, and the yearly Sum of 337*l.* 18*s.* 11*d.* or thereabouts in the Collection of Tolls and Establishment Charges, and in Payment of legal and other Expenses; that the Middle Level Drainage Commissioners have under their said Acts concurrent Jurisdiction with the Nene Navigation Commissioners in regard to the Works authorized to be done by the latter Commissioners for maintaining the Navigation under their Control, and by reason of the enlarged Powers and Funds of the Middle Level Drainage Commissioners their Jurisdiction is the more efficient, and for the avoiding of a Diversity and Conflict of Jurisdictions it is expedient that the Nene Navigation Act, so far as regards the Rights and Powers of the Nene Navigation Commissioners, should be repealed, and that such Rights and Powers, with the Tolls, Rights, and Property now vested in the Nene Navigation Commissioners, should, after the Commencement of this Act, be exercised by and be vested in the Middle Level Commissioners, and that such Provision should be made for Payment of the said Debt of 10,000*l.*, and the Arrears of Interest thereon, and for redeeming or purchasing up the same, and in respect of the Portion of Tolls payable to the Sutton and Mepal Commissioners, as are herein-after contained; and also that certain Provisions in the Middle Level Acts should be altered and amended, and that the Middle Level Commissioners should be incorporated, and that additional Provisions in relation to the said Acts should be made; and that it is also expedient that the general Powers of the District Commissioners with regard to their Meetings and Proceedings, the Assessment and Recovery of Taxes, and to the Mode of assessing the Compensation for Lands taken or injured, should be made uniform; and that inasmuch as there are within the Middle Level divers Occupation Roads and Drove-ways which generally have not been gravelled, or are otherwise out of Repair, and for the Improvement or Repair whereof no Powers or Funds at present exist, it is desirable that the District Commissioners or the Proprietors of Lands not within any District should have such Powers conferred upon them in regard to the improving and repairing of Roads and Ways, not being public Highways, and for facilitating the Dedication thereof as

public Highways, and to be thenceforth repaired and maintained accordingly, as are herein-after contained; that it is expedient to repeal Three several Acts (Local and Personal) passed in the 50th Year of George 3d (1810), namely, c. 46., c. 47., and c. 77., commonly called the "Old Bedford Barrier Bank Act, Upper Division," "Old Bedford Barrier Bank Act, Lower Division," and "Moreton's Leam Barrier Bank Act."

All the Powers, Liabilities, Duties, Authorities, and Jurisdictions which immediately before the Commencement of this Act were vested in the Corporation under the Corporation Acts, or otherwise, over, and so far as they do not extend over or relate to the South Level, but not further or otherwise, shall be transferred to and vested in the Middle Level Commissioners to all Intents and Purposes, and shall and may, subject to the Provisions of this Act, be by them used and exercised as fully and effectually as they can now be used or exercised by the Corporation, and all Drainage or other Works which the Corporation are now liable to maintain within or for the Purposes of the Middle Level proper, together with all Ways, Roads, and Appurtenances, shall (subject to the Provisions of this Act) be transferred to, vest in, and be maintained by the Middle Level Commissioners.

Powers of Middle Level Commissioners over their Properties to extend to Properties transferred to them by this

7. All and singular the Powers and Authorities of the Middle Level Commissioners in respect of any Drainage or other Works or Properties or Revenues vested in them previously to the Commencement of or by this Act, or in respect of any Rents now receivable or recoverable by them, shall extend and apply to, and be used, exercised, and enjoyed and applied by them to or in respect of, the Works, Properties, Revenues, and other Matters and Things transferred to or vested in them by this Act.

8. No Person shall be or act as a Governor, Bailiff, or Conservator, or vote at any Election of the Governor, Bailiffs, and Conservators, or otherwise act at any Meeting of the Corporation, in respect of any Lands within the Middle Level proper.

9. The present Governor, Bailiffs, and Conservators of the Corporation shall continue and be qualified to act as such until the Election of Governor, Bailiffs, and Conservators which shall take place next after the Commencement of this Act; and at, from, and after such Election the Corporation created by the said Act of the 15th Year of Charles the 2d (1663), Cap. 17, shall consist of One Governor, Six Bailiffs, Ten Conservators and Commonalty; and 300 Acres or more shall be a sufficient Qualification for each Bailiff, instead of the Provisions of the said Act requiring 20 Conservators, and 400 Acres or more for each Bailiff.

Present Governor, Bailiffs, and Conservators to continue until next Election.

10. So far as relates to Lands within the Middle Level proper, it shall not be necessary to enter any Lease, Grant, Conveyance, Will, or other Document with the Registrar or other Officer of the Corporation or of the Middle Level Commissioners.

11. In all Cases in which it is provided by any Act or Acts of Parliament now in force that any Works shall not be executed without the Consent or Approbation of the Corporation, the Corporation shall in every Case where any such Works exclusively relate to or affect the Middle Level proper, or any Part or Parts thereof, before consenting to the Execution thereof, give Notice in Writing to the Middle Level Commissioners of their Intention to consent to the Execution thereof, and if the said Commissioners shall be of opinion that such Works will be prejudicial to the Middle Level proper, or any Part or Parts thereof, they may appeal to the Board of Trade, and if in the Opinion of the Board of Trade, or of a Civil Engineer to be appointed by the Board of Trade to inquire into and report upon the Matter of such Appeal, such Works will be prejudicial to the Middle Level proper, or any Part or Parts thereof, then the same, or such Portion thereof as would in the Opinion of the Board of Trade prejudicially affect the Middle Level proper, or any Part or Parts thereof, shall not be executed without the Consent of the Middle Level Commissioners.

As to Cases where the Assent of the Corporation is now required to Works affecting the Middle Level.

12. All Books, Plans, Sections, Title Deeds, Documents, Papers, and Writings in the Possession of the Corporation or any of its Officers, which exclusively relate to or concern the Middle Level proper, or any Part thereof, or any Lands or Hereditaments of the Corporation wholly situate therein, shall be delivered up to the Middle Level Commissioners; and all Books, Plans, Sections, Title Deeds, Documents, Papers, and Writings which relate to or concern the Middle Level proper, or any Part thereof jointly with any other Part or Parts of the Bedford Level, may be retained by the Corporation or delivered up to the Middle Level Commissioners, as the Corporation think fit, but with full Liberty for the Middle Level Commissioners, if not so delivered up, or any Person or Persons they

Books, &c. to be delivered up or inspected.

may appoint from Time to Time, to have free Access thereto, and to take Copies or Extracts therefrom, and to call for the Production thereof at all reasonable Times, on Payment of all reasonable Charges in respect thereof; and if the Corporation so require, the Middle Level Commissioners shall give to the Corporation an Inventory of and a Receipt in Writing for such of the Books, Plans, Sections, Title Deeds, Documents, Papers, and Writings as shall be so delivered up under the Hands of Three of the Middle Level Commissioners.

Corporation
Accounts to be
made up.

13. On the 6th Day of April 1863 a full and complete Account shall be made up and stated by the Corporation showing the Balance then due from or to their Receiver and Expenditor General, and such Account shall be credited with the Amount of all Rents, Revenues, and Monies then due to the Corporation, and shall be debited with all Sums of Money then due from the Corporation, and the Deficiency (if any) of such Account shall be raised and paid by the Middle Level Commissioners upon or out of the Funds and Property by this Part of this Act transferred to and vested in them, and by the Corporation out of the Funds and Property remaining vested in them, according to the Proportions in which previous to the passing of this Act the Adventurers Lands in the Middle Level proper and South Level respectively were chargeable to a single Adventurers Tax, and the Surplus, if any, shall be divided between the Corporation and the Middle Level Commissioners in the same Proportions.

The Adventurers
Tax to
cease.

14. The Adventurers Lands lying within the Middle Level proper shall after the Commencement of this Act cease to be liable to be taxed by the Corporation, or by any other Body or Person under the Powers of the Corporation Acts, or any or either of them, but without Prejudice to the Rights and Remedies (if any) of the Nene Valley Drainage and Navigation Improvement Commissioners (in this Act called the Nene Valley Incorporated Commissioners) against the Corporation.

As to Claim of
the Nene Val-
ley Commis-
sioners.

15. In case the Sum of 320*l.* which the Corporation are liable to pay to the Nene Valley Incorporated Commissioners or their Successors shall not be paid on or before the 6th Day of April 1863, then the said Sum shall forthwith be raised and paid in the like Manner and Proportions as any Deficiency on the Account to be then made up is herein-before provided and directed to be raised: Provided that nothing in this Act contained shall in any way increase, alter, or vary the Liability of the Corporation under the Nene Valley Acts, or any Award in pursuance thereof, or any of them.

Account to be
kept of Funds
transferred.

16. The Middle Level Commissioners shall keep a separate and distinct Account, to be called "the Adventurers Account," of all the Rents and Revenues, Income of Property or Hereditaments, and other Funds by this Part of this Act transferred from the Corporation to and vested in or made payable to the Middle Level Commissioners, and of their Application thereof; and such Funds shall and may be applied to the following Purposes in the Order of Priority herein-after expressed: namely,

1. In paying the Middle Level proper Proportion of the Deficiency (if any) of the Corporation Account to be made up on the 6th Day of April 1863 :
2. In keeping in repair and insured against Loss or Damage by Fire the said Property and Hereditaments, or any of them, and in Payment of Taxes, Tithe Rentcharges, and other Outgoings and Expenses due from or payable by the Owners thereof, or otherwise in relation thereto :
3. In Payment to the Corporation of the Sum by this Act prescribed towards the Expenses of maintaining the Hundred Feet River and Works connected therewith :
4. In maintaining and supporting in an efficient State the Barrier Banks, Sluices, and Bridges of the Middle Level proper, which immediately before the passing of this Act were maintained by the Corporation, except Welche's Dam Sluice and such Sluices and Bridges as are in this Act specified as Works connected with the Hundred Feet River :
5. In Payment to the Sutton and Manca Committee of the annual Sum of 160*l.* on the Sixth Day of April in every Year, the First Payment thereof to be made on the 6th Day of April 1864 :
6. In providing a Reserve Fund, as herein-after directed :
7. And after answering the several Purposes aforesaid, any Surplus from Time to Time thereafter arising shall be transferred to the general Funds of the Middle Level Commissioners."

17. The Middle Level Commissioners shall, out of the Adventurers Account, pay annually to the Corporation the Sum of 250*l.* (the First Payment whereof shall be made on the 6th Day of April 1864), which Sum shall be applied by the Corporation towards the Maintenance by the Corporation of the Hundred Feet River and Works connected therewith, namely, the Cradge Bank from Mepal Bridge to Welmore Lake Sluice, the Seven Holes Sluice, Welmore Lake Sluice, the Great Dyke-pen Sluice, the Bridge over the Old Bedford and Hundred Feet Rivers at Sutton Gault and Mepal, Sutton and Mepal Causeways, and the Great Dyke across the Washes ; and no Liability shall attach to the Middle Level Commissioners other than the said annual Payment of 250*l.* in respect of the Hundred Feet River and the said Works connected therewith.

18. Provided, That in no Case whatever shall the Sutton and Manca Committee or the Commissioners of Sutton and Mepal District, or the Commissioners of Manca and Welney District, or the Owners or Occupiers of any Lands in the said Districts, be or hereafter be made liable for any Deficiency in the Funds of the Adventurers Account.

19. It shall be obligatory upon the Middle Level Commissioners to maintain and keep in an efficient State of Repair the Barrier Banks, Sluices, and Bridges of the Middle Level proper, which immediately after the Commencement of this Act are to be maintained by the Middle Level Commissioners ; and in case the Funds arising from the Adventurers Account,

Payment to Corporation in respect of Hundred Feet River, &c.

Sutton and Manca Committee not to be liable for any Deficiency in the Adventurers Fund.

Provision for the Maintenance of Barrier Banks, &c.

together with the Reserve Fund then invested, shall in any Year be insufficient for that Purpose, then the Deficiency shall be advanced and paid by the Middle Level Commissioners out of their general Funds : Provided that the Middle Level Commissioners shall not be under any greater or other Liability in respect of a Breach of any Bank, Sluice, or other Work in the Middle Level proper than the Corporation was liable to immediately before the Commencement of this Act.

Provision for Reserve Fund.

20. The Middle Level Commissioners shall from Time to Time, when and so often as the Reserve Fund shall be less than 5,000*l.*, invest and accumulate the Surplus of the Adventurers Account until the same shall amount to a Sum not less than 5,000*l.*, and may, if they think fit, from Time to Time increase the same until it amounts to not exceeding 10,000*l.* as a Fund to be called the Reserve Fund, to be immediately applicable, in case of Need, to the Restoration and Maintenance or Repair of the Barrier Banks, Sluices, and Bridges of or for the Protection of the Middle Level proper, which after the Commencement of this Act are to be maintained by the Middle Level Commissioners ; and every such Investment may be made in the joint Names of the Chairman and any Two Members of the Middle Level Board herein-after constituted in or upon any of the Public Stocks or Funds or Government Securities of Great Britain, with Power for the Board to cause the same to be called in or converted, sold out, varied, or transposed at any Time or from Time to Time ; and neither the Board nor the Middle Level Commissioners or their Treasurer shall be answerable for any involuntary Loss or Deficiency of or in the said Money, Stocks, or Funds.

Inasmuch as the Owner of Lands numbered 11 in the First Schedule hereto, and which lately belonged to John Gamble, deceased, is *ratione tenuræ* or otherwise liable, or reputed so to be, to maintain the Barrier Bank upon or near the said Lands next the Hundred Feet River, and as it is expedient that such Banks should be under the Control and Charge of the Middle Level Commissioners, therefore the Middle Level Commissioners and the Owner for the Time being of the said Lands may enter into a Contract or Agreement for the Maintenance by those Commissioners of the said Bank in consideration of the Payment by such Owner of such gross or yearly Sum, and upon such Terms and Conditions in other respects, as the Parties may mutually agree, and the Charge of maintaining such Bank shall, after any such Agreement, be placed to the Adventurers Account, and the same Account shall be credited with such gross or yearly Sum.

23. From and immediately after the Commencement of this Act the Powers and Duties granted to, vested in, or conferred upon the Corporation by the "King's Lynn Port Act" shall be transferred to and vested in the Conservators of the Ouse Outfall in the same Manner to all Intents as if the Conservators

of the Ouse Outfall had been named in the King's Lynn Port Act instead of the Corporation; and the Conservators of the Ouse Outfall shall and may exercise all such Powers and Rights under or in relation to the King's Lynn Port Act as the Corporation could or might have exercised in case this Act had not been passed.

24. From and immediately after the Commencement of this Act the several Sections of the Nene Navigation Act which are specified in the Third Schedule to this Act annexed are by this Act repealed, except only so far as is otherwise expressed in the same Schedule; provided that the Repeal thereof shall not have any retroactive Operation.

From and immediately after the Commencement of this Act, and except only as is by this Act otherwise expressly provided, the Middle Level Commissioners shall to all Intents represent the Nene Navigation Commissioners as if the Nene Navigation Commissioners and the Middle Level Commissioners had originally been and continued without Intermission to be one and the same Body; and the Middle Level Commissioners shall have and may exercise in their own Name all such Powers and Rights of Action as the Nene Navigation Commissioners would have and might exercise in their own Name if this Act were not passed.

36. From and after the Commencement of this Act, but subject to the Provisions of this Part of this Act, the Middle Level Commissioners shall have the Superintendence of, and shall and may maintain, manage, and regulate, the Navigations which immediately before the Commencement of this Act were under the Superintendence of the Nene Navigation Commissioners, in the same Manner and subject and liable to the same Restrictions to all Intents and Purposes as the Nene Navigation Commissioners had or could have done if this Act had not been passed; and all Powers which under the Nene Navigation Act or otherwise were immediately before the Commencement of this Act vested in or could or might be exercised by the Nene Navigation Commissioners, or any Committee thereof, for the Preservation and Improvement of the said Navigations or in relation thereto, shall become and be vested

The Middle Level Commissioners to have the Management of the Navigation.

in or may be exercised by the Middle Level Commissioners, or any Committee thereof in that Behalf appointed by and under or in accordance with the Provisions of this Act, and the Provisions as well of the Middle Level Acts as of the Nene Navigation Act, and of the Wisbech Canal Act, remaining in force: Provided that the Middle Level Commissioners shall not be compellable to do any Act or Work for the Improvement of the Navigation upon the Old Bedford River, or upon that Part of the Forty Feet River or Drain which lies to the East of Horseway Sluice.

Application of
Navigation
Tolls, &c.
until Payment
of Debt.

37. The Middle Level Commissioners shall keep a separate Account, to be entitled the "Navigation Account," of the Tolls, Rents, and other Income (if any) by this Part of this Act transferred to and vested in the Middle Level Commissioners, and shall yearly and every Year pay and apply the Monies to be received on such Account to the following Purposes and in the following Order; namely,

In Payment to the Middle Level Commissioners of the yearly Sum of 45*l.*, which under the Nene Navigation Act was payable to the Corporation out of the Tolls collected at Standground and Salthirn otherwise Salter's Lode Sluices, and at the Old Bedford Sluice, in order to keep in repair the said Sluices and the Ebb Doors thereof:
- 2nd. In Payment to the Sutton and Manea Committee of so much of One Moiety of the net Amount of the additional Tolls granted by the Second Middle Level Act as shall be received at the Old Bedford Sluice, and which, under "The Middle Level Drainage Amendment Act, 1848," were made payable to the Sutton and Mepal Commissioners; and as to the Residue of such One Moiety of the said additional Tolls, to pay or transfer the same to the General Account of the Middle Level Commissioners:
- 3rd. 6. They may, by special Order only, borrow not exceeding 1,500*l.* on Mortgage of the Tax which they are authorized to levy.

"The Eastern Union Railway Act, 1862."

Recites that by "The Eastern Union Railway Amendment Act, 1853," the Company were required to redeem certain Preference Shares enumerated in the Preamble to the said Act, and amounting in the whole to 359,900*l.*, by the Payment to the Holders thereof of 109*l.* for every 100*l.* of the nominal Value of such Shares, and the Company were also compelled by legal Decision to pay to the Holders of the said Shares, in addition to the said Premium of Nine per Centum, the Arrears of Dividend on the said Shares, to an Amount in the whole of about 80,000*l.* ; that by the same Act they were authorized to "create and issue Shares in the Stead of " and to the nominal Amount of the Redemption Money so " paid or to be paid," and such Shares were to be deemed paid in full, and they were authorized to attach to them a preferential Dividend, but at a Rate not exceeding Four per Centum per Annum ; that a large Number of the Holders of the Preference Shares refused to accept the said new Shares in the Stead of their former Shares, and the Company found it impossible to issue to the Public Shares at that limited Rate of Dividend, and in fact they only created and issued such Shares to the Amount of about 330,000*l.*, instead of to the requisite Amount of about 490,000*l.*, and being required as aforesaid to redeem the said Sum of 359,900*l.* upon the Conditions aforesaid within Six Months after the passing of the said Act, they were compelled to borrow Money for the Purposes of such Redemption, and have been in consequence subject to pecuniary Liabilities to the Extent of nearly 200,000*l.*, bearing Interest at fluctuating Rates, and it is expedient that they should be authorized to create and issue Shares bearing a preferential Dividend not exceeding Five per Centum per Annum to discharge the

Cap. ccviii.

“The London and North-western Railway (Additional Powers) Act, 1862.”

Recites that it is expedient that the London and North-western Railway Company should be empowered to construct certain new Railways and Works in order to connect the Company's Railways with certain other Railways and with Iron-works and other Undertakings, also to stop up and to divert certain public Roads, and to purchase some additional Portions of Land; that it is also expedient that the Company and the Cheshire Midland Railway Company should be empowered to enter into and carry into effect Agreements with reference to the Construction by the said Companies or either of them on the Lands now or hereafter belonging to them or either of them of a Station or Stations at Knutsford for the Use of the Two Companies jointly, or of each or either of the Two Companies separately, and with reference to the Management, Working, Maintenance, and Use of the said Station or Stations or any of them, and the Cost thereof, and that the Agreement between the Two Companies, a Copy of which is contained in Schedule (D.) to this Act, should be confirmed; and that it is also expedient that the Fifth and Sixth Sections of “The London and North-western Railway (Additional Works) Act, 1858,” relating to the Construction by the Company of certain Works in the Boroughs of Manchester and Salford, should be repealed, and that the Company should be empowered to stop up and discontinue as a Thoroughfare the Footpath in the said Sections mentioned in lieu of which such Works were directed to be made; that by the 293d Section of 7 & 8 Vict. clxv., authorizing the Construction of the Chester and Holyhead Railway, it is provided that the Bridge for carrying that Railway over the River Foryd shall be a Drawbridge, and that a prescribed Depth of Water shall be maintained in the said River or Parts thereof; that the Traffic upon the said River is extremely unimportant, and there is no Necessity for maintaining the said Bridge as a

Drawbridge, and for retaining the prescribed Depth of Water in the said River, but the Retention of the said Bridge as a Drawbridge is attended with Danger to the Traffic on the said Railway, and it is therefore expedient that the recited Provision should, subject as herein-after mentioned, be repealed; that it is also expedient that so much of "The Midland Railway (Burton Branches) Act, 1860," as prohibits the Use across the Roads referred to in Section 34 of that Act of the Railways therein described as "Connexion Railway, No. 1," and "Connexion Railway, No. 2," with Engines or Carriages drawn or propelled by Steam or Atmospheric Agency, or drawn by Ropes in connexion with Stationary Engines, or otherwise than by ordinary Animal Traction, should be repealed; also that the Company on the one hand, and the Monmouthshire Railway and Canal Company on the other hand, should be empowered to enter into and carry into effect Arrangements and Agreements with reference to the Use by the Company of the Undertaking or any Part thereof of the Monmouthshire Railway and Canal Company, and with reference to the Transmission of Traffic upon and over the Railways or any Parts thereof of the Companies Parties to any such Agreement, and to the Interchange of Traffic between their respective Railways, and to the dividing and apportioning between such respective Companies of the Tolls, Rates, and Charges arising from such Traffic; that the Company, the Great Northern Railway Company, and the Manchester, Sheffield, and Lincolnshire Railway Company respectively have acquired certain Lands, and are empowered to acquire certain other Lands, in the Township of Wavertree and Parish of Childwall, in the County of Lancaster, for the Purposes of Station and other Accommodation, and a more convenient Arrangement of the Premises of the respective Companies might be effected if the said respective Companies were empowered to transfer the one to the other, or to make Exchanges of some of the Lands so acquired or to be acquired by them respectively; that the Undertaking of the Cannock Mineral Railway Company is, under the Authority of Parliament, agreed to be leased to the Company in consideration of a fixed annual Rent, and it is expedient that Provision be made for converting such Rent into fixed Annuities, or for redeeming the same by the Creation and Issue of Stock in the Company bearing a fixed perpetual preferential Dividend, or for empowering the Company to distribute by their own Officers and Servants the said Rent rateably amongst the Holders of Shares in the Capital of the Cannock Mineral Railway Company, and for enabling the Company to keep the Register of Shareholders in such Capital; that the Holders of Shares in the Stour Valley Railway are entitled to receive from the Company a Dividend in a certain Proportion to the Dividend payable on the ordinary Stock of the Company, and it would be convenient if Provision were made for the Conversion into ordinary Stock of the Company of the Shares or Stock in the Capital

of the Stour Valley Railway Company ; also that the Company should be empowered to raise further Capital, and that their Powers in relation to their Debenture Stock and the Rights of the Holders thereof should be amended ; that by "The Nuneaton and Hinckley Railway Act, 1859," a Company was incorporated by the Name of the Nuneaton and Hinckley Railway Company, with Power to construct the Railway and Works in that Act mentioned, and Powers were granted for enabling the Nuneaton and Hinckley Railway Company and the Company to enter into Agreements for the Use and Working by the Company of the Railway or any Part thereof of the Nuneaton and Hinckley Railway Company, and for other Purposes in relation thereto ; that by "The Nuneaton and Hinckley Railway Extension Act, 1860," the Name of the Nuneaton and Hinckley Railway Company was changed to "The South Leicestershire Railway Company, and their Railway was called "The South Leicestershire Railway," and they were empowered to make the Railway and Works in that Act mentioned, which were thereby declared to form Part of their Undertaking ; that under the Provisions of "The Nuneaton and Hinckley Railway Act, 1859, the Company and the South Leicestershire Railway Company have entered into an Agreement for the Use and Working by the Company of the South Leicestershire Railway ; that the Company and the South Leicestershire Railway Company are desirous that an Alteration should be made in the Line of Railway authorized by "The Nuneaton and Hinckley Railway Extension Act, 1860," and that a Portion of that Railway as at present authorized should be abandoned.
