Mon. 5:30.

Dear Freddy:

Been so awfully busy that my letter writing has been somewhat restricted, so much in fact that my folks recently sent my some self-addressed envelopes. What kind of a hint do you suppose that is.

The Alpha Deltts certainly had a big brawl last week-end. Nothing raucous of course, but very lively at all times. The Delamaters, and Sarah Everett were down and they seemed to be having a great time. Personally I think Penn State would be too much

for you.

Grand Rapids is probably getting set for a big time over Christmas with all the big parties and the like. About New Years day, it is perfectly O. K. with me, do you think will have snow, there is plenty now, in fact too much for a person who won't buy galoshes. We're having a party Wednesday and one there, so I suppose the snow will probably melt tomorrow.

Have to classify for next semester, taking a bunch of pupils. no use studying too much, so I'm arranging a schedule of no classes on Tuesday & Thursday, but plenty on the rest of the week.

I hope you have the neighborhood
in shape as the brats are an
awful bore. My pal Herman
Overhardus is going west to play
in the all-star game so he probably
won't get up to St. Rapids.

Dinner bell is ringing so I'd
better sign off.

as ever
Gerry
