

## PARTIES IN BRITAIN DISPOSING FORCES FOR NOMINATION DAY

### Unionists Have Candidates In View In All But Thirty Constituencies; Liberals Have About Same Number; Labor So Far Has Put Forward 309 Candidates

London, Nov. 21 (Canadian Press Cable)—With five days remaining before nomination day, it is virtually guesswork prophesying how the parties will line up for the polling in the general election throughout Great Britain on December 6.

The Unionists assert there are only thirty constituencies where candidates have not been suggested. This, of course, does not mean that every suggested candidate will be nominated. Much will depend in a number of instances on what is done in the surrounding constituencies. If, for example, a Liberal or Labor candidate should resolve to run against a perfectly safe Unionist, the Unionists probably would embark upon a forlorn hope in a neighboring constituency merely to keep their opponents busy.

### 250,000 WOULD BE AFFECTED BY CAPITAL LEVY IN BRITAIN

London, Nov. 21.—Nearly 250,000 persons in Great Britain, it is estimated, have fortunes large enough to be touched by the capital levy proposed by the Labor Party, according to a statement issued by the party today.

Fortunes of £5,000 would be exempt and £5,000 of every estate exceeding that amount would also be free. The proposed scale of the levy increases progressively from five per cent on fortunes over £5,000 and under £5,000 to sixty per cent on those exceeding £1,000,000. The owner of capital amounting to but not exceeding £1,000,000 would suddenly find himself deprived of more than half his wealth, as £1,000,000 would be taxed at the rate of 55 per cent.

### STERLING GROWS STRONGER IN U.S. ON PARIS NEWS

New York, Nov. 21.—Consolidated in the allied unity over German policies was reflected in the foreign exchange market today when demand sterling rose more than four cents to 34.47, topping the recent high mark of 34.95, established Monday. Continental exchanges also moved up sharply in sympathy with the gain in sterling.

### PEACE RIVER PEOPLE ASK LOWER RATES

Make Application to Railway Board at Grande Prairie, Alta.

Declare Present Rates Are Retarding Development

### G. FITZMAURICE DIED LAST NIGHT IN PRINCE RUPERT

Prince Rupert, Nov. 21.—George Fitzmaurice, an old-time resident of the Yukon and well known in Northern British Columbia, died here at midnight following an operation. He was a brother of James Fitzmaurice, cartoonist of The Vancouver Daily Province.

### A LIQUOR ARREST

Minneapolis, Nov. 21.—One gross of Scotch whisky in quart bottles was seized late yesterday by Minneapolis police who stopped an automobile on suspicion at a street corner here, and Sam Markum, of St. Paul, who was arrested on a liquor charge, admitted having brought the load from Canada, police said.

### FINANCIAL FRENZY GROWS IN GERMANY

Dispatch Says Food and Other Prices Beyond All Reason

Berlin, Nov. 21.—Germany is in the midst of a financial frenzy not unlike that of the Londoner in the days when thousands of adventurers risked their lives in White Horse Pass and Dawson was wild over the discoveries on Bonanza Creek.

Prices in Germany have passed all reason. Flouring in trillions and handling hundred-trillion-mark notes has seemingly become the main business of the producers, storekeepers and restaurateurs.

### OMELETTES EXPENSIVE

An ordinary omelette of two eggs costs five gold marks, or more than \$1, and meat dishes twice that sum. The price of a single apple in the cafe is two and one-half gold marks, or more than 50c. The prices of clothing and leather goods are proportionately high and are still soaring.

Financiers of a statistical bent have figured that it would require a freight train of forty cars to haul enough 1,000-mark notes to pay for a pound of sausage.

Will Not Accept Notes

London, Nov. 21.—The German Reichsbank, beginning tomorrow, it is reported here, will not accept notes issued by towns and railways. This is expected to result in stopping the supply of intermediary currency.

### Paris Police Run Milk Wagons While Men Out on Strike

Paris, Nov. 21.—Paris and its suburbs had to go without milk this morning because of a strike of the milk handlers for higher wages. The police organized emergency deliveries and supplied automobiles in an effort to provide milk for the children by noon.

### DEPOSED GOVERNOR OF OKLAHOMA IS BRINGING APPEAL

Oklahoma City, Okla., Nov. 21.—Application of J. C. Walton, deposed Governor of Oklahoma, for a restraining order to set aside the verdict of the Senate Court of Impeachment, by which he was removed from office, was dismissed today by Judge John H. Cottrell in United States District Court here. Walton announced an appeal to the United States Supreme Court.

### GOVERNMENT PLANS LOG EXPORT PROBE BY FEDERAL EXPERTS

Complete investigation into raw log exports from British Columbia by the Federal Government's Royal Commission on pulpwood exports was proposed in the Legislature today by Hon. T. D. Pattullo, Minister of Lands, as an alternative to Kenneth Duncan's resolution favoring a tax on raw timber shipped out of this Province.

This resolution was laid before the House by the Lands Minister.

"Whereas quantities of timber are being cut from forests in British Columbia and elsewhere in Canada and taken out of Canada in an unmanufactured condition;

"And whereas it is desirable that Canadian timber should, as far as practicable, be fully manufactured before leaving Canada;

"And whereas the Canadian Government has appointed a Royal Commission for the purpose of enquiring into the exportation of pulpwood;

"Therefore be it resolved that this House do respectfully request the Government to extend the powers of the before mentioned Royal Commission, and to instruct them to enquire into all the circumstances relating to the export of unmanufactured timber, and to report as to what action, if any, should be taken in respect thereof;

"And be it further resolved that a humble address be presented to His Honor the Lieutenant-Governor, praying that copy of the resolution herebefore set out be transmitted to the Secretary of State for Columbia."

In a lengthy statement Mr. Pattullo outlined to the House the whole log export situation, and declared emphatically that it was the Government's policy to prevent log exports so far as possible.

He pointed out that Mr. Duncan's resolution suggested an export duty on British Columbia logs. "This," the Minister declared, "makes no reference to timber exported elsewhere from Canada. This of itself might seriously prejudice the position of British Columbia."

### Bank of Commerce to Buy Assets of Bank of Hamilton

Toronto, Nov. 21.—The following announcement was made at 3 o'clock this afternoon at the head office of the Bank of Commerce:

"At a special meeting held at noon today, the shareholders of the Canadian Bank of Commerce approved the agreement of their board of directors to purchase the assets of the Bank of Hamilton on the basis of an exchange of stock of the Canadian Bank of Commerce for the stock of the Bank of Hamilton on a parity of share for share. Votes representing over 80 per cent of the total capital stock of the bank were cast in favor of the agreement."

### SCHOOLS AID HOSPITAL DRIVE

Appeal Reaches \$50,000 Mark at Noon To-day

More Canvassers Are Still Needed by Committee

Schools in Victoria received the collection boxes for the Jubilee Hospital drive this morning, and the boxes will be distributed through the classrooms during the day. Canvassers will gather them in on Friday afternoon. Arrangements for placing the boxes in the suburban schools were in progress this afternoon, and it is expected that the whole of the high and public schools of Victoria and district will be reached in the above manner.

The committee is still welcoming subscriptions from the solicited list canvassed last week, and three of the four of the larger total in the list issued to-day should be included in the aggregate.

There are some features which are distinctly encouraging, as for instance the few refusals, the unsolicited subscriptions from points outside the city, and the splendid canvassing being done by members of the Kiwanis Club. A letter from a Cobble Hill man, forwarding a subscription, showed a spirit which Campaign Manager R. F. Taylor hopes will be widely copied.

The volunteers are coming into campaign headquarters better now.

(Concluded on page 17.)

### CARIBOO PIONEER CALLED BY DEATH

Was Notable Figure in the Halcyon Days of Lightning Creek

The adventurous career of William Houseman, with more than the customary share of sunshine and shadow, closed at the Jubilee Hospital Saturday night. One by one the friends of his prosperous days dropped away, and before his last illness rather than disclose his adversity he deliberately absented himself from the circles where he was best known here, so that few knew his days were numbered. Thus it came as a shock to Cariboo pioneers to learn they were no longer to see his picturesque figure on the streets of Victoria. He was eighty-three years of age.

### HIS EARLY CAREER

Houseman, who was widely known as the "Duke of York," was the son of a successful farmer in Yorkshire, England, and received an excellent education which made him a marked man on the frontiers where he spent the greater part of a long life. Gifted as a young man with a handsome physique, he was a member of the Cariboo in the halcyon days of Lightning and Williams Creek. With the late William Wilson, and others whose names are honored as the founders of families in British Columbia Houseman, who reached the Province shortly after coming of age, was one of the Cariboo pioneers.

### MAYOR OF YONKERS ENDED HIS LIFE BY SHOOTING

Yonkers, N.Y., Nov. 21.—Mayor Walter M. Foster was found today in the garage behind his home with a revolver near him and was taken to a hospital, where he died from a bullet wound believed by police to have been self-inflicted.

### QUALIFICATIONS OF NEW YORK DOCTORS ARE INVESTIGATED

New York, Nov. 21.—Aroused by the situation in Connecticut, where the alleged sale of bogus medical diplomas is under investigation by an extraordinary grand jury, the Board of Health today began an investigation into the qualifications of every practicing physician in Greater New York. Any physician found to be practicing without the requirements required under state laws will be reported to the Medical Society for possible action, it was declared.

### TWO MEN DROWNED

Prince Rupert, Nov. 21.—The names of the two men washed overboard from the fishing vessel Thelma I. were revealed today as Thomas Wilson, of 195 College Street, Toronto, and Spencer Allen, a native of Nova Scotia.

### SPEAKS FOR BRITAIN AT CONFERENCES IN CAPITAL OF FRANCE

The claim that five medical men who will not say that golf is the best exercise and recreation that can be found in the city of Victoria looks like falling ignobly for lack of support.

It has been declared that Victoria has enough golf links and the municipal golf links at Elk Lake will lose money.

A Times representative was assigned the task today of finding five doctors who would raise their voice against golf.

"The rapidly increasing popularity of golf is a regrettable thing for the medical profession," says Dr. F. M. Bryant. "It keeps patients away from the doctor to an alarming extent. I know of no better form of exercise than golf, and the medical profession suffers as a result. From a health standpoint we cannot have too many golf courses in the city."

Dr. W. T. Barrett suggests that golf may ruin the moral fabric of a man at the same time that it places him on the highest physical plane.

"I never heard of it doing any harm to a man's mind or constitution," he says, "but his moral conditions, yes. It has prolonged the lives of many men by years. Of course you have heard of several cases lately where men have died in other places, in bed for instance. These who died on the golf links would have died anyway."

(Concluded on page 17.)

### ALLIES SENDING JOINT NOTES TO BERLIN CABINET

One Deals With Military Supervision in Republic

Other Insists on Good Behaviour of F. W. Hohenzollern

Paris, Nov. 21.—The Allied Council of Ambassadors, called to consider the text of the note to be sent to Germany, reached a full accord at a meeting this afternoon. The result was declared by the members leaving the Council and by Marshal Foch to be particularly satisfactory.

The Council adopted the text of two notes to Germany, one concerning Inter-Allied military control in the Reich and the other the return from Holland of former Crown Prince Friedrich Wilhelm. Both notes will be delivered to the German Embassy here this evening as soon as they are signed by Premier Poincare.

The note concerning the former Crown Prince says the Allies take notice of his letter of renunciation of the throne of Prussia, dated December 1918, and communicated to the German Government. It tacitly accepts the German thesis that under these conditions Friedrich Wilhelm Hohenzollern may properly be considered a private citizen, but remarks that if the German Government finds itself unable to deliver him into the hands of the Allies, it nevertheless has the duty to be held by his letter of renunciation.

The note also requests the assurance of the German Government that it will not receive back to Germany of Wilhelm Hohenzollern, former Kaiser of Germany.

### LOOKS FOR INCREASE IN IMMIGRATION

Gouin Says More Settlers Will Come From Britain Next Year

Denies Report He Intends to Resign From Cabinet

New York, Nov. 21.—Sir Lomer Gouin, Minister of Justice of Canada, who arrived this morning on the liner Majestic on his way back to Ottawa after attending the Imperial Conference in London, said the prospect for Canadian immigration from the Old Country were good. He declared Canada would get a very fine class of settlers, and intimated there would be an increase in the tide of Britishers going to the Dominion next year.

Sir Lomer said the proceedings of the Imperial Conference had been satisfactory to him, and that he and those who were interested in all the matters discussed, and he believed the result would be to establish better relations with the Empire.

Sir Lomer denied the report that he contemplated resigning his Cabinet post at Ottawa because of ill health. He declared that, while his health had not been the best for some time during his sojourn in London, it was now much improved and he had not considered the question of resigning from office.

### CONCESSIONS MADE

The French willingness to meet the Allied note on the terms of the Allied note is said here to have been the satisfaction of the situation, Premier Poincare having given away on the three chief points involved during the negotiations between Paris and London, which terminated last night. M. Poincare assured the British, in the first place, that the ultimatum feature could be deleted from the German note; secondly, that the request for the expulsion of the ex-Crown Prince from Germany could be dropped, and thirdly, that no definite penalties were to be threatened immediately.

### BERLIN'S REPLY AWAITED

The British believe an Allied note along these lines will enable the German Government to accept the situation without endangering its position. Whether Germany succeeds, as a British spokesman put it today, in (Concluded on page 17.)

### PSYCHOGRAPHOLOGIST OVERWORKED; RESTS IN NEW YORK

New York, Nov. 21.—Rafael Schermann, Polish psychographer, today suffered a nervous breakdown attributed to overwork on criminal and mysterious cases and consultations. Since his arrival in this country two weeks ago the handwriting expert has worked upwards of fifteen hours a day analyzing specimens of handwriting which he poured in on him from all parts of the country. His manager announced that Mr. Schermann's third lecture, scheduled for today, and all other engagements had been cancelled.

### United Prairie Grain Growers Had Profit of \$532,000

Winnipeg, Nov. 21.—(Canadian Press)—A profit of \$532,000 was earned by the United Grain Growers, Ltd., in the year ended August 31 last. It was reported today to the annual meeting of delegates of the shareholders, held in Winnipeg. It was said by Hon. T. A. Crear, president of the company, that it was the strongest report ever submitted to the shareholders. Out of the profits there was taken \$225,488.58 for an eight per cent dividend. With the balance of last year included, the sum of \$268,729.83 was carried forward in the profit and loss account.

### TWELVE PLANES AS INITIAL FLEET IN PASSENGER SERVICE

### Commercial Aviator Says Three Seattle Firms Will Establish Twice a Day Service Between Victoria, Vancouver, Tacoma and Seattle by Spring; To Form Aero Club on Vancouver Island

Passenger aerial service between Victoria, Vancouver, Tacoma and Seattle will be an established fact by next Spring, reports "Buster" Matthews, well-known Seattle aviator, formerly of Victoria, who is now on a visit here.

One all-metal Junker monoplane, which was to have been used in the flight across the Pole, has been purchased by a Seattle firm for this purpose. The machine will comfortably accommodate seven passengers, but has been up with as many as ten. The company has one more machine in view and will secure others before the service is inaugurated with the opening of the tourist season.

Three different companies in Seattle are competitors in the field of aviation in the establishment of a regular passenger service, with two trips daily between the points mentioned, and it is anticipated that all three companies will put machines on the run, starting in the Spring and providing an all the year round service.

The company that has purchased the Junker machine contemplates securing a large Fokker plane and will add to their fleet as the service warrants. The Fokker plane is a monoplane which has detachable wings so that it can be transformed into a biplane for heavy loads. They carry fifteen passengers and have an enclosed cabin and observation seats in the open. The Junker is a completely enclosed machine and has been used extensively for aerial passenger service in New York State.

### R. W. PERRY NOW IN CRITICAL CONDITION

Inquiries to-day as to the condition of R. W. Perry, elicited the fact that the invalid is in a critical condition, but during the past twenty-four hours has rested a little more easily.

### PEOPLE TO VOTE TO DECIDE IF GREECE IS TO BE A REPUBLIC

Athens, Nov. 21.—The newspapers today publish a statement from Premier Gonatas, in which he declares no difficulties stand in the way of collaboration between the Government of Greece and King George. The statement adds that there is no question of the departure of King George prior to the meeting of the National Assembly and the holding of a plebiscite.

A dispatch from Athens November 12, said King George of Greece would comply with the request of the military republicans—provided that he should leave Greece for a brief period more than the clearing of the general political situation.

### \$365,000 LOSS IN THREE FIRES TO-DAY IN PACIFIC STATES

Portland, Ore., Nov. 21.—Loss estimated at about \$225,000 was caused by a fire which early this morning destroyed the Coast Coal Company's main dock and coal bunkers here. The flames for a while threatened havoc along the north waterfront where the plant was located.

In Estacada, thirty miles east of here, seven business houses were destroyed and four others damaged by fire which swept three-quarters of a block early to-day for more than an hour the entire town was threatened with destruction. Early estimates placed the loss at about \$40,000.

Los Angeles, Nov. 21.—A furniture factory and sixteen dwellings occupied by Mexicans were destroyed early to-day in a fire at Sixteenth and McGarry Streets, in the industrial district here. The loss is estimated at upwards of \$100,000.

### Tower of London is Expected to Last Another 1,000 Years

London, Nov. 21.—The Tower of London is expected to last another thousand years, says an authority, despite rumors that the ancient buildings were badly cracked and were in danger of collapse.

### Vancouver Man Sent to Prison on Narcotic Charge

Vancouver, Nov. 21.—Harry Walling, found guilty Monday of having narcotic drugs in his possession and suspected of being one of the leaders of an international drug smuggling syndicate sending drugs to the United States through the mails, was sentenced in police court today to four years in the penitentiary and a fine of \$1,900, with a further sentence of one year in case of default of payment.

Upon the conclusion of his penitentiary term he will be deported to the United States.

### DR. COOK, ARCTIC EXPLORER, CONVICTED IN TEXAS COURT

Fort Worth, Texas, Nov. 21.—Dr. Frederick A. Cook, explorer and oil man, was found guilty by a federal court jury this afternoon of having used the mails to defraud in the promotion of oil companies. He was found guilty on twelve of the counts in the indictment against him. The jury was out twenty hours.

### MAJOR HOLMES, PRESIDENT

The League of Nations Society in Canada added another link to its growing chain from coast to coast last night at a representative gathering in the Chamber of Commerce auditorium when the Victoria branch of that organization received its official induction. The meeting, called under the joint banners of the Canadian Club and the Women's Canadian Club, was attended by upwards of 100 people, with strong representation from the press, public and semi-public organizations of the city.

The election of officers resulted in Major Cuthbert Holms being chosen president; T. W. Cornett, secretary; R. Ross Sutherland, treasurer; and an executive committee of ten, on which Sir Richard Lusk, Dr. A. O. McRae, H. C. Nicholas, Lindley Crease, Dean Quinlan, Frank Sehl, Bigr. Gen. R. P. Clark, H. Despard Twigg, with Mrs. Young, Mrs. Louch, and Mrs. J. C. Hyndman will take their places. Dr. Leslie Clark officiated as chairman of the meeting, with Frank Sehl as secretary. The

BUSINESSMEN OPPOSE CITY PLAN TO RAISE TRADE LICENSES HERE

When the Victoria City Council asked the Private Bills Committee of the Legislature to-day to allow the city drastic business license powers and to give it complete control over its property in Oak Bay, it found itself faced with serious opposition. Representatives of city banks and of Oak Bay appeared to protest vigorously against these two proposals.

Banking interests, represented by Harold B. Robertson, and the B.C. Electric Railway Company, represented by its solicitor, A. D. King, declared that they did not oppose some increase in city license fees, but objected to the unlimited powers asked by the City Council in its private bill.

MANSON CUTS DOWN COUNSEL'S BILLS IN RAIL RATES FIGHT

The Public Accounts Committee got down to work at the Parliament Buildings to-day and decided to have G. G. McGeer, K. C., appear before them as soon as he can come to explain the vouchers in connection with his expense accounts while he was in the East on the freight rates fight.

Chief Accountant W. F. Bridge, of Attorney-General's Department, was examined by the committee to-day. He exhibited vouchers in connection with Mr. McGeer's disbursements and professional fees. These showed that from January 25 to April 23, 1922, in the inauguration of the fight, Mr. McGeer's bill was for \$25,000 professional fees and \$22,166 expenses and disbursements. The Attorney-General in taxing this, however, cut down the professional fee by \$2,000 and allowed the whole thing at \$43,886. For the period from April 23 to July 15, 1922, Mr. McGeer submitted a bill for \$5,000 professional fees, but the Attorney-General knocked \$2,000 off this and paid him \$3,000. There was a bill for \$4,750 for fees and disbursements during same period which was allowed. From August 2, 1922, to October 22, 1923, Mr. McGeer's bill was for \$25,000 fees and \$14,359 disbursements, a total of \$39,359 which has not been taxed and approved yet, Mr. Bridges said.

TOTAL BILLS Mr. McGeer's total bills so far amount to \$88,211, Mr. Bridges figures showed. Mr. Bowser asked Mr. Bridges if he knew anything about the Eastman advertising account, which proper-ly was a contract between two Vancouver newspapers.

Mr. Bridges—The advertising matter was between Mr. McGeer and the Premier. He was also asked about the \$12,500 advanced to Mr. McGeer on account of expenses. Mr. Bridges explained that this was merely a usual advance for the period of the work since August, 1922, and is deducted from the accounts.

Mr. Bowser pointed out that Mr. McGeer was allowed \$10 a day living expenses. Mr. Pooley—I see in these later vouchers that he was up to \$15 a day. Mr. Bowser—That was because the cost of living had gone up and he had to entertain some of the members.

Mr. Bridges explained that though the increased bill had been put in it hadn't been taxed yet or approved by the Attorney-General. Mr. Bowser asked about several items in the McGeer bills for "attendance upon H. H. Stevens."

Mr. Bowser—He must think Mr. Stevens is all right. Stevens said he gave him all the information on freight rates and this bill seems to bear it out. H. F. Kergin—I think we should bring Mr. Stevens before this committee.

Mr. Bowser took exception to Mr. McGeer putting in expenses for giving colored porters 50 cents tips on the trains. "We don't want our counsel traveling that way," he went on. "We want him to travel like us."

Mr. Kergin—He should have made it a dollar. TRAVELING EXPENSES Mr. Bowser and Mr. Pooley criticized the charges in the accounts for traveling expenses for six or seven freight rate experts who went to Ottawa. Mr. Bridges explained that these experts, including W. L. Miles, J. E. Walsh and E. B. Brown, made their terms or pay and one of the terms in most cases was that the traveling expenses of their wives should be paid across the continent and back again.

Allowances made Hugh Dalton, of Vancouver, were brought up, but it was shown where the Attorney-General had struck out a living allowance of \$10 a day for nineteen days for Mr. Dalton, because it was found that Mr. Dalton's expenses were being partly paid by the B.C. branch of the Manufacturers' Association. Allowances had been made for Mrs. Dalton's traveling expenses.

OBITUARY Many attended the funeral of the late Walter Cullum yesterday afternoon at 2 o'clock, at the Sands Funeral Chapel, where the Rev. M. McKee delivered a very impressive service. The many beautiful flowers testified to the high esteem in which the young man was held. The hymns sung were "Abide With Me," "Safe in the Arms of Jesus," and "There is a Land That is Fairer Than Day."

ARE DESTITUTE, NOW IN NANAIMO

Thirteen Men Say They Were Misled Into Emigrating to Canada

At the Nanaimo City Council meeting on Monday evening, thirteen men appealed for assistance, Mayor Busby stating they were immigrants who had recently come to Canada, induced by advertisements and lectures. This incident was the subject of allusion in the Legislature yesterday afternoon.

Speaking for the men, one of the leaders, Mr. Clarke, said, that they had been induced to come to Canada to look for work. One of them, Mr. Edwards, stated that he had listened to an address of Mrs. Mary Ellen Smith in the Old Country. She had toured the country with a car bearing placards "Canada Needs You."

On the strength of Mrs. Smith's eloquence, he had sold his pension, and had obtained sufficient money to come to Canada. The result had been that he landed when harvesting was at its height, and he had been employed for a certain length of time. Later when the harvest ended he came to B. C.

SOLD HIS PENSION Alderman McGuckie asked him who had advised him to come to Canada, and the reply was: "I was out of work for two weeks and a half, and when I saw the placards of the C.P.R. and also after I had heard Mrs. Smith speak, I thought that Canada was the place for me. I sold my pension. In the Old Country, there was a chance for a man to sell his pension under the Immigration Scheme providing he is going to emigrate to Canada, New Zealand or Australia. I got all I could for it and I am stranded here today."

Placards, posted by the C.P.R. were referred to by the men, and they asserted that had it not been for these placards they would not have been in B.C.

CARIBOO PIONEER CALLED BY DEATH

(Continued from page 1)

production which has seen no parallel—the labor-of-rookie—gold did not seem to him so much as the organizer's mining. As soon as he had obtained a competence, he built a roadhouse and restaurant between Van Winkle and Stanley, and he began to place the city's impetuous miner, and the struggling greenhorn. "This roadhouse became known far and wide for its homeliness and coziness. "The Duke" from his grand bearing was amplified into "The Duke of York" from his native county, and by that name he was far more widely known than his correct name.

As prosperity grew upon him he assembled a large number of friends who were quite willing to share his prodigality and advice. "The Duke" began to advise the fine string of horses with which he drove into Barkerville, the admiration of the countryside.

One story is told about this time—the late twenties—that when he ran out at his roadhouse, he sold the miners' champagne at beer prices, until a new stock came in, and there were some who were in the line from those who remember him at the summit of his fame, when the cuisine and the wine had to be of the best. His benevolent period was by word in the Cariboo.

THE COLLAPSE It, however, proved a meteoric career. While Lightning Creek was paying, and money free, Houseman did well, but from the early eighties onwards a collapse set in. The miners left the district, his trade went down, and down until it disappeared. The end came so far as his business was concerned, in the early eighties. While holding a claim on Dunbar Flats, a property which did not pay, and proved practically valueless, Houseman left the Cariboo, and he began a long sad wandering in the towns of the Interior, where he sometimes worked, but was often driven to the charity of old acquaintances. Always there was the belief that Dunbar Flats would revive, and he spent his days in searching for someone to find money to carry out developments. Age came him faster than money could be secured.

He began to winter in Victoria, but discovered reluctance to assist his ventures, which with the eternal confidence of the miner, were to yield a rich harvest to the participants. After a time he was driven to casual jobs, but almost to the end determined to try to maintain himself, and his last employment before going into hospital was to work at farm chores in Saanich.

It may be safely said of Houseman that when he had money no one ever appealed to him in vain, and his generosity undoubtedly aided his decline from affluence. The funeral took place this afternoon to Ross Bay cemetery.

THREE MEN LOST LIVES—Milwaukee, Wis., Nov. 21.—Three men working on a sewer line were suffocated yesterday and another was rescued after several hours of work by city firemen. The men were working twenty feet underground when the wall gave way, tons of earth falling upon them.

OLD COUNTRY FOOTBALL London, Nov. 21.—(Canadian Press Cable)—Football games played in the Old Country this afternoon had the following results: FOURTH QUALIFYING ROUND St. English C. R. 10, St. Andrew's 10, New Brighton 9, Southport 10. Friendly Matches—Casuals 1, Cambridge University 1. The Rugby Devonport Services 11, The Army 2. London Scottish 10, Royal Naval College 10. Woolwich 6, Sandhurst 14. St. Thomas Hospital 19, University College 11.

There passed away at the Royal Jubilee Hospital on Monday afternoon, Winifred, aged ten years, beloved daughter of Mr. and Mrs. Arthur Hinchley, of 817 Darwin Avenue, Saanich. The remains are resting at McCall Bros. Funeral Home. Announcement of funeral will be made later.

BIG FORD CARAVAN REACHES VICTORIA

Parade Shows Variety of Company's Cars From Lincoln to Smallest Runabout

With dozens of auto horns joining in one deafening chorus, the big Ford caravan which has been traveling throughout Canada arrived in Victoria this morning. With a long street parade, rivaling the old circus days, it demonstrated that the familiar car associated with the name of Ford represents by no means the full extent of the Ford products.

The caravan is winding up its tour at Victoria, having visited Courtenay, Parksville, Nanaimo and Duncan since it wended its way to British Columbia. One object of the caravan is to prove that there is Ford equipment for every transportation need.

This afternoon a road-building demonstration is being given at Elk Lake with a Ford tractor and a Wehr one-man grader and maintainer. These demonstrations during the tour have proved of great interest to civic authorities. The mechanics say, a Ford truck with a Ruckshell axle, a special axle for Fords, which gives four speeds ahead and two in reverse, will be demonstrated to prove its usefulness under difficult hauling conditions. Oliver plows and cultivators will be used in conjunction with the Ford tractor. These tractors will be driven in the parade to-day with the same speed of the other cars that passed through the business section of the city. Fords, as used in the lumber industry and for many other purposes to which the Ford engine is adaptable were shown.

Walter B. Revercomb, of Revercomb Motors, Tom A. Morrison, sales manager of the company, W. E. Morris, sales director of the National Motors, and W. Dinsmore, sales manager of the company, took charge of the parade in Victoria, and added to the caravan with cars. The smart appearing Lincoln was a feature of the procession.

Taberculous Veterans' Ball Great Success Nearly two hundred guests attended the enjoyable dance given last night at Alexandra House by the Tuberculous Veterans' Association, when Heaton's orchestra provided a fine programme of music and dancing continued till an early hour.

MAY BE READY WITH BY-LAWS

(Continued from page 1)

A special meeting of the City Council is expected on Friday afternoon to consider the draft by-laws to give effect to negotiations with the Amusement Centre, and to readjust the terms of the Empress Hotel taxation and water service when the agreement lapses twelve months hence.

The four by-laws are being drafted, and should be ready. If the meeting is held on that date, the Council will still be in time to consider the advisability of a special election before the annual poll. It was definitely stated Saturday that the plan for a special appeal had been abandoned, but since that time there appears to be some change of opinion.

NOTES TO GERMANY (Continued from page 1) maintaining "her traditional role of playing the fool" remains to be seen when the moment comes for French reply to the Allied communication WORD "CONSULT" A DIFFICULTY Paris, Nov. 21.—Lord Crewe, the British Ambassador, received instructions from London this morning regarding the note the Allies are to send to Germany. It was then announced that the Council of Ambassadors would meet this afternoon.

One little word—the word "consult"—is what has been delaying final action by the Council on the note since Monday, it appears from today's developments. After consultation between Jules Cambon and Lord Crewe on that point, the British Ambassador suggested another word to his Government which he thought might satisfy London and at the same time would remove the objections of the French Cabinet. It is understood the British accepted the modification, which amounts to acceptance of the French case for the right to act separately if Germany's attitude should make action necessary.

OLD COUNTRY FOOTBALL London, Nov. 21.—(Canadian Press Cable)—Football games played in the Old Country this afternoon had the following results: FOURTH QUALIFYING ROUND St. English C. R. 10, St. Andrew's 10, New Brighton 9, Southport 10. Friendly Matches—Casuals 1, Cambridge University 1. The Rugby Devonport Services 11, The Army 2. London Scottish 10, Royal Naval College 10. ### REJECTS NATIONAL WORK PLAN

Premier Baldwin Unwilling to Take up British Legion's Suggestion

Birkenhead Declares He Supports Baldwin's Policies

London, Nov. 21 (Canadian Press cable)—Premier Baldwin has written declining to countenance a national work plan of £200,000,000 advocated by the British Legion as a remedy for unemployment, contending this would bring to a standstill loan operations for Empire development and other purposes and thus stultify the present arrangements to relieve unemployment.

**PROBLEMS OF COST**  
Already there are signs that the election, coming so soon after the last one, is hitting those members of the House of Commons who have light purses. Several of them who have a weak hold in their constituencies probably will ask to be relieved of the expense of contesting their seats this time. Men of small means who have safe seats will be financed in part by the central office of the party to which they belong. Members who are re-elected on December 6 will draw no seasonal allowance for three months.

**GOSPEL OF WORK**  
"Large employers of labor just now prefer the gospel of work to the fiscal experiment," declares Sir Robert Hadfield, a noted steel manufacturer. Sir Robert, while always professing Liberalism, has never attempted to enter Parliament. He introduced the eight-hour day years before other employers in the same industry in this country.

**REJECTED BY NEWSPAPERS**  
Liberal journals up and down the country are sarcastically refusing offers from the central office of the Conservative or Unionist Party of a "short review of the life of Sir William Joynson-Hicks with photographic block," which that statesman is announced to speak in districts in which the journals in question circulate.

The Morning Post makes an announcement as follows:  
"If any Unionist candidate finds himself faced with an argument or question to which no satisfactory reply presents itself, a letter to The Morning Post or, in an urgent case, a telegram, in which the nature of the problem will be answered in our columns without delay."

**BIRKENHEAD'S ATTITUDE**  
The Earl of Birkenhead fulfilled his promise to support the Baldwin Government in the selection campaign when he struck his first blow for protection in a speech at a Constitutional Club luncheon yesterday. The only element of doubt that crept into Lord Birkenhead's speech when he said, like Austen Chamberlain, he would have preferred that the present combination should include the whole of the Chamberlain's fiscal programme. But that minor objection was completely obliterated by his categorical assertion of wholehearted support of Premier Baldwin. "We are confronted by an election," he said, "which calls for no heat at all; an election in which purely business considerations arise. I meet here two people, the Earl of Balfour and Austen Chamberlain, whom I regard as my leaders, but so far as I am concerned no single personal consideration survives for the purpose of this election."

**CAPT. BROWNE CANDIDATE**  
Captain R. C. Bourne, the celebrated stroke of the Oxford crew, is the Conservative candidate in Oxford. The Nottingham Chamber of Commerce practically has given a unanimous vote in favor of protection. The city is the centre of the lace trade and at present returns two Unionists, one Liberal and one Labor member.

### NEW SANITARIUM AT SASKATOON

Contracts Let For Construction of Building For Tubercular Patients

Saskatoon, Nov. 21.—Tenders for the construction of a provincial tuberculosis sanitarium here were opened in public by P. J. McNab, Minister of Public Works, and nine contracts, totaling \$484,866, were let covering the work. Smith Brothers and Wilson, of Vancouver, were awarded the general contract for \$181,000. The ornamental iron work goes to the Dominion Bronze and Iron Works, Winnipeg, for \$37,280, and the structural steel to the Dominion Bridge Company, Winnipeg. The plumbing and heating goes to the Northern Plumbing and Heating Company here for \$77,767. Other contracts went to Saskatoon and Regina firms.

**15,000,000 IN GERMANY NEED IMPORTED FOOD**

Berlin, Nov. 21.—It is estimated the German republic can feed three-fourths of its population without importing food. In other words, Germany has at least 15,000,000 more people than she can sustain. This estimate, however, is based on a greatly reduced per capita consumption. It also contemplates the use of nearly all the barley in the Reich for food and none of it for the brewing of beer.

**NO COMPENSATION BECAUSE OF DELAY**

Washington, Nov. 21 (Canadian Press)—After seventy-one years of controversy, involving appeals to Congress and litigation, the Supreme Court has decided that William E. Woodbridge, deceased, had abandoned his invention. This project was a rifle cannon, and that his estate was not entitled to any compensation from the Government for its use. Woodbridge, in 1852, filed his application in the Patent Office and his claims were allowed, but it was not until December, 1881, that he sought to have the patent issued. The Supreme Court ruled that this delay nullified Woodbridge's rights.

### G. S. LIVINGSTON RHODES SCHOLAR

Son of Late Vancouver Barrister Chosen For British Columbia

Vancouver, Nov. 21.—Garrett Stuart Livingston, twenty-one, son of the late Stuart Livingston, Vancouver barrister, who died a week ago, was chosen last night as British Columbia's Rhodes Scholar for 1923. Thirteen candidates were interviewed by the committee of selection, composed of Mr. Justice Gregory, of Victoria; Professor H. T. Logan, Associate Professor of Classics in the University of British Columbia; E. A. Munro, Principal of the Prince of Wales High School, Point Grey, and two Vancouver lawyers.

Livingston is acknowledged to be a brilliant scholar by members of the faculty of the university, where he is a fourth-year student in arts.

### DR. R. HAVENSTEIN, HEAD OF REICHSBANK, DIED IN GERMANY

Berlin, Nov. 21.—Dr. Rudolph E. Havenstein, president of the Reichsbank, is dead. Dr. Havenstein's successor will probably be Dr. Hjalmar

Schaht, Currency Commissioner of the Reich and managing director of the Darmstaedter Bank.

Dr. Havenstein became president of the Reichsbank in December, 1917, and directed the Imperial Government's financing of the World War. After the armistice he represented the Reich at various financial conferences with the Allies, including the negotiations with the Bank of England for the guarantees demanded by Belgium.

**MAGISTRATE FAILED TO USE HIS SEAL AND PRISONER IS FREED**

Vancouver, Nov. 21.—Because Magistrate McClymont, of Prince Rupert, neglected to affix his seal to the document after he had sentenced May Huter to six months in jail on a charge of liquor selling, Chief Justice Hunter upheld the application for habeas corpus presented by Harry Huter, son of the girl, and she was ordered released from Oakalla.

**TRADE PREFERENCE IS DECLARED AID TO AUSTRALIA**

Melbourne, Nov. 21.—Addressing Premier Bruce's constituents at Dandenong yesterday, Dr. Earl E. Page, Acting Premier, eulogized Mr. Bruce's work at the Imperial Conferences and quoted figures showing the value of the preferences offered to the Dominions by the British Government.

Dr. Page said the Premier, by his statement in regard to the principles

### CAVAN MAY VISIT CANADA

London, Nov. 21.—General the Earl of Cavan, Chief of the Imperial General staff, will leave directly after Christmas on an official visit to Singapore. He also has accepted invitations to visit Australia and New Zealand and will return to England in May next, probably by way of Canada.

### WOMAN IS CANDIDATE

London, Nov. 21 (Canadian Press cable)—Miss Eveline Pilkington, daughter of the late Colonel Richard Pilkington, noted glass-maker, is contesting St. Helen's in the general election against James Sexton, the Labor member and leader of the Liverpool dockers. Miss Pilkington is a magistrate and a member of St. Helen's Town Council.

### CHURCH UNION PLAN OPPOSED IN MONTREAL

Montreal, Nov. 21.—Groups representing twenty-five Presbyterian churches of Montreal and district yesterday constituted themselves the nucleus for the promotion of the anti-organic church union cause in the respective churches. Brigadier-General Smart, M.P.P., in a speech said he would fight the Church Union Bill to a finish in the Quebec Legislature and promised "for it a rough passage."

Teacher—Now, why do you think the mother bird sits on her eggs?  
Maude—I spects it's 'as she's got no chair.—Puck, London.

### LORD ROBERT CECIL SUPPORTS BALDWIN IN ELECTION TEST

London, Nov. 21.—The government received valuable support yesterday from Lord Robert Cecil, who in a farewell speech to his constituents at Hitchin, while frankly admitting that he still was a free trader, said that under the present exceptional conditions of unemployment, it was not advisable to reject without considering any proposal, the object of which was to give the government greater power to negotiate with foreign countries regarding tariffs. "Surely, to ignore such a proposal would be pedantry gone mad," he declared.

He advised his fellow countrymen to give the government liberty to set forth its proposals, especially as he could find nothing in the programme of either the Liberal or Labor Party adequate to remedy unemployment.

Lord Robert, upon whom a peerage was recently conferred, holds the office of Lord Privy Seal. Regarding

### "FOGHORN" MACDONALD DIED IN MONTREAL

Montreal, Nov. 21.—Major Neil B. Macdonald, known throughout Canada as "Foghorn" Macdonald, died here just before last midnight.

Death was due to pleurisy. The effects of his overseas service had an influence and Major Macdonald was unable to fight the disease for long. Major Macdonald was an international character. He had been associated in a great deal of construction work on railways, particularly in the west. In a later day he became interested in mining enterprises in Cobalt, where a brother now lives. He enlisted and crossed with the First Contingent as a member of a Western battalion and served in England and France. Major Macdonald was about sixty-three years old. He was born in Glengarry, Ont.

### JUDGMENT AGAINST HOME BANK SETTLED; \$90,000 REQUIRED

Toronto, Nov. 21.—Ninety thousand dollars of the assets of the Home Bank of Canada have gone to settle a judgment against the bank in favor of the Irving Bank of the Columbia Trust Company of New York. The United States bank had a claim against the Home Bank, created in sale of bills of exchange. Hearing a judgment in favor of protection. The city is the centre of the lace trade and at present returns two Unionists, one Liberal and one Labor member.

### JOHN W. McCLUNG WINS SCHOLARSHIP

Edmonton, Nov. 21.—Announcement was made here to-day that the Imperial Order of the Daughters of the Empire scholarship for Alberta has been awarded to John Wesley McClung, son of Mrs. Nellie McClung of this city. The winner served overseas with the P.C.L.I., securing a commission. He graduated from the University of Alberta this year with the degree of B.A. and is now completing his law course. The scholarship is worth \$1,400 and will enable the winner to take a law course at Oxford.

### SALISBURY SUPPORTS BALDWIN'S TARIFF

London, Nov. 21.—Lord Salisbury, writing as the Unionist candidate for the Commons in St. Albans, supports the Baldwin Government's fiscal policy as a means of raising revenue to restore agriculture and as a means of assisting "industries which are being crushed by the weight of the abnormal conditions of foreign competition," and concludes:

"Nevertheless, the fiscal liberty for which we ask ought to be exercised only with the greatest circumspection and sense of responsibility."

### MEN WHO STOLE FROM BLIND MAN SENT TO PRISON

Hull, Que., Nov. 21.—Found guilty of theft from a blind fiddler, W. McDonough and W. Scott, giving Montreal addresses, were each sentenced to serve five years in the penitentiary.

## A SPLENDID SCHEME

The revelation before the Legislative Committee on Municipal Affairs yesterday that steps were being taken in the development of the city property at Elk Lake into a popular resort by the establishment of a golf course, bathing beaches and a hotel should be highly gratifying to this community and its environs. There is no other locality on Vancouver Island which lends itself to such a scheme so easily and naturally, and visitors, particularly, are astonished that so little has been done in this direction. It ought to be possible to develop along the shore one of the finest bathing beaches and picnic grounds on the Coast, while the successful regatta held by the J.B.A.A. on the Lake last Summer disclosed the possibilities of the water area for aquatic sports. There is ample space contiguous to the lake for an eighteen-hole golf course, the first half of which, in fact, is now under way. Finally, a private company with ample resources, is willing to co-operate in the establishment of a hotel on a site to be leased by the city for the purpose. Our understanding is that the municipal authorities of Saanich in which this property is situated are in full sympathy with the proposal and will give such support as they can in the realization that the scheme will redound to the common advantage of the whole district. We hope the Municipal Committee of the Legislature will take such steps as may be required to facilitate the conduct of the work and that sufficient progress will have been made, during the Winter to make many of the promised attractions available to the public next Summer.

## ONE TOUCH OF

Very few politicians make the political mistake of telling the whole story. It simply is not done in the best regulated election campaigns. The truth of the assertion can be found in the following observations that Sir Robert Horne made at Glasgow during the course of his address there on Monday night:

It would be of infinite advantage to Canada to make a reciprocal trade agreement with the United States, yet she has persistently resisted through her loyalty to the throne and her place in the British Commonwealth. That was the spirit in Canada then (during the reciprocity election of 1911), but how long do you expect her to continue this attitude if you reject all the proposals for closer business relations and leave her to find benefits as she may in other directions?

What Sir Robert did not explain to his audience was the fact that the very interests that opposed reciprocity with the United States and succeeded in having the proposal killed—"out of loyalty to the Throne and Canada's place in the British Commonwealth"—were the self same interests that fought tooth and nail against the British preference in the first place and ever since. How comes it then that these Canadian protectionists, to whose loyal sentiments Sir Robert Horne proudly points, who are so mindful of pride of place in the British Commonwealth when it comes to dealing with the republic to the South, should be singled out as examples for emulation in the face of their historical objection to Canada's original concession to Britain? Where, oh where, is the consistency in Sir Robert's argument if, as he will no doubt be asked to do, before the campaign ends, he tells the whole story?

Sir Robert may also have forgotten that after the opponents of reciprocity in the United States had been beaten they furnished a considerable portion of the funds that were employed by their tariff kin on this side of the line—a not inconsiderable factor either. Sir Robert will also recall that after the advent of the Borden Government—a victory achieved solely on the party's determination to have nothing to do with reciprocity—Sir George Foster went down to Washington and negotiated a tariff adjustment by which the United States consented, on reciprocal lines, to put wheat, wheat flour, and semolina on the free list. That is to say the Conservative election cry of annexation and all the rest of it was conveniently ditched after the fight had been won. And why not from the point of view of the followers of Sir Robert Borden? Had not the reciprocity plank been in the platform of the party since the days of Sir John A. Macdonald, and was it not also provided for in the Tory Customs Law? Small wonder then that the proposal of the Laurier Government should be acclaimed by both sides of the House when Mr. Fielding introduced it for legislative treatment in 1911. In fact Sir George Foster—thereby suitably equipping himself for the task allotted to him at a later stage—said at the time that he was ready to throw his hat in the air in favor of reciprocity.

Sir Robert Horne is not on sound ground when he refers to Canada's attitude in 1911. The best he can do to suit his purpose is to applaud the opponents of reciprocity and indict the opponents of this country's preferential treatment of British goods. The trouble is they are identical interests. All of which suggests that one touch of high tariff nature makes the whole protectionist world kin.

## GIVE TO THE HOSPITAL

Although the response to the appeal for funds for the Jubilee Hospital must be encouraging to those who are devoting their time and energy to the task, it will be seen from the amount collected to date that there is still a long journey to travel before the goal is reached. There is, not the slightest suggestion of difficulty in raising the

sum required, the early and continued response betokens success, but it should be realized by every citizen that it will require a very large number of small amounts to bridge the gap between the present total and \$125,000. On that account we urge those who have not yet sent in their donations to do so at the earliest convenient moment. The collectors are all busy people with their own affairs to attend to. Their task is self-imposed and they are entitled to consideration.

## OUR EQUAL STATUS

Mr. John W. Dafeo, the able editor of The Manitoba Free Press, who has just returned from London where he has been watching the proceedings of the Imperial Conference, points out that the delegates to that important gathering, in affirming and recognizing the right of the Dominions to make their own special treaties and secure ratification, tacitly settled the question of equality of status between the various parts of the Empire.

Mr. Dafeo added the interesting information that this proceeding was initiated by the British Foreign Office itself. "It was not," he says, "due to urgings by the Dominions; it was a recognition by the Foreign Office that developments during the last four or five years had made the old policy obsolete."

This sidelight does not fit into the picture drawn by certain enterprising individuals in this country of the statesmen of Downing Street lying awake at nights hatching conspiracies against the autonomy of the Dominions. No doubt Mr. Dafeo will be charged by them with having been seduced from his Canadianism by the open-handed British hospitality which we are told is part of the deep-dyed plot—banquets, garden parties and so on—or that he fell a victim to propaganda of another sort. But, unhappily for that rejoinder, Mr. Dafeo is one of the most vigilant, as he is one of the ablest, journalistic champions of Canadian autonomy, and has long sought the recognition of equality of status among the Dominions which appears to have been conceded by the Imperial Conference. So when he tells us that this important step in the autonomous progress of the Dominions was initiated by Downing Street and not by the Dominion Governments he must talk by the book.

## JOIN THE LEAGUE BRANCH

Now that a Victoria branch of the League of Nations Society of Canada has been launched we shall hope that every citizen will consider it his and her duty to become an active member and make the local movement the success it deserves to be. Membership cards may be obtained from the Secretary and he will gladly answer all inquiries and attend to the enrollment.

It is not necessary for us to repeat the hundred and one arguments in support of individual and collective backing for the League of Nations through a national society such as that which is making excellent strides along educational lines in this country. It may be said once more, however, that every citizen can play a part and do his and her bit towards a more peaceable understanding among nations. Peace and the will to peace are personal matters and the individual can be articulate through the local organization.

## Note and Comment

If Mr. Bowser really insists that Mr. Manson should arrange for a police chief's uniform for himself the Leader of the Opposition should at least agree to teach the Attorney-General the Napoleonic pose.

A British banker declares his belief that the outlook for British trade is greater in Russia in the near future than with any other part of the world. Which means that John Bull will go in and get it.

What is coming next? An amateur radio fan at Hull, in England, heard a New York church service last Sunday morning and even the sound of the people leaving the edifice in question was perfectly audible. We wonder how the Entente would have fared if Premier Baldwin and Premier Poincare could have penetrated the ether in like manner.

## Some Thoughts for To-day

The true University of these days  
Is a collection of Books. Carlyle.

The brilliant chief, irregularly great,  
Frank, haughty, rash—the Rupert of debate. Bulwer Lytton.

Aurora had but newly chased the night,  
And purpled o'er the sky with blushing light. Dryden.

What are these,  
So wither'd, and so wild in their attire;  
That look not like the inhabitants o' th' earth,  
And yet are on 't! Shakespeare.

## Our Contemporaries

**NATIONALISM IN SOUTH AFRICA**  
Natal Advantages—General Hertzog's responsibility in public utterance has become more and more marked of late. Nationalism itself was politically born of that responsibility, and since its birth it has been fed and reared on it. We hope those Laborites who have some regard for the element of responsibility in government are satisfied with General Hertzog's latest proof of his ability to take up the duties of premiership. We have known for some time just what General Hertzog's premiership would mean to our relations with Britain, and he has shown us now what it would mean to our relationship with other countries, though, of course, when Nationalism is given full scope and free play South Africa will enjoy such a position of splendid isolation that what happens in other parts of the world will have no interest for us.

## Other People's Views

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of its being published. Communications must bear the name and address of the writer, and must be accompanied by the owner's address. The publication of articles is a matter entirely at the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

## A CORRECTION.

To the Editor—In your report of the Proceedings of the Private Bills Committee at the Legislature to-day the following statement was made by Mr. M. B. Jackson, M.P.P. and not by me as reported:

"He said that he had been at Griffith Park, Los Angeles, at 6 o'clock in the morning, and at that time there were forty-seven carloads of players waiting to play. He said they paid fifty cents, and on this the municipality was making money, and opening a third eighteen-hole course at Griffith Park."

Neither did I say "Are tourists going to go on the links crowded with tourists?" I said crowded with "citizens."

I shall be obliged if you will please make these corrections.

JOHN DEAN  
Victoria, November 20, 1923.

## OAK BAY HIGH SCHOOL

To the Editor—The writer is chairman of the Oak Bay School Board and submits this letter to you for publication on behalf of my colleagues. We have all read with a very great amount of interest the letter signed "Oak Bay" dated October 12, 1923, and subsequent communications from other people.

We welcome intelligent criticism of our school administration as it displays a healthy interest in that aspect of Oak Bay Municipal affairs. The Oak Bay School Board has carried on its work year by year very quietly and without any degree of ostentation. Economical in its administration has always been the goal we have aimed at, and I hope I will be pardoned for making the statement that the long unbroken record of school success in Oak Bay should constitute a basis for a continuation of the ratepayers' confidence in reference to our plans for a new High School building. His Honor Judge Lampan was chairman of the Oak Bay School Board for many years and gave his time very unselfishly to the welfare of the Oak Bay schools. The writer was one of his colleagues and always admired the sane views on school administration which the Judge held and carried into practice year by year. His worthy example we have since continued to emulate, and during the eight years the writer has been on the School Board, our sole object has been to render the ratepayers the best service possible. If on occasion a personal note it can be said with truth that all the school trustees for many years have been men who were large taxpayers in Oak Bay, and therefore, from the standpoint of one, could be reasonably trusted to give an economical school administration.

With this introductory preamble, I am permitted to state our present school situation in Oak Bay. The capacity of our two public schools, Monterey and Willows, is eight rooms each, capable of taking care comfortably of approximately two hundred and eighty pupils, or thirty-five pupils to a room. At the present time we have five hundred and sixty-eight pupils enrolled. It will, therefore, be seen that our public school facilities are taxed to their utmost. We have to report to the ratepayers of Oak Bay and our friends generally that there are scores and scores of bright little children growing up within the municipality, who will very shortly be joining the ranks of our school population, and the only way we can take care of them is to use the existing High School for a public school in its primary grades. There are enough little children growing up around the present High School to fill it to capacity during the next two or three years. Next September, when the school year opens, we must have more accommodation for little children joining the ranks of school pupils, and our only present temporary means of taking care of them is an old school building at the Willows which was condemned years ago as being unsuitable for school work. Our solution of our increasing public school population is the present High School building, and we must have this for that purpose to prevent a new High School to be built on Cranmore Road.

Dealing now with our High School population, we have to report that our present school facilities are taxed to the utmost. At the present time we have 173 pupils receiving education, and next June expect to receive an influx of over one hundred from our two public schools, while less than one-half that number will be going out.

In matters of school administration, one is obliged to look ahead and plan ahead. It is the considered judgment of the Oak Bay School Board that we must continue to expect an increase in the growth of our public school and high school populations. Words of mine are not needed to emphasize the fact that Oak Bay seems a great drawing card for new residents coming to the southern end of Vancouver Island. Perhaps the writer will be pardoned again for stating that one of the principle incentives which inclines people to come and reside in Oak Bay, is the excellence of our high school and public schools. It may not be out of place to here record that the Monterey and Willows schools ranked first and second respectively in the whole of the Province of British Columbia, at the examination last June. As regards the High School, it has maintained a very high standard year by year, and we are proud of its record. Closing out this paragraph, therefore, we feel we are reasonably conservative in our forecast that we must expect and provide for a continuous increase in our school population in Oak Bay.

The next matter for consideration is the type of building to be put up for the new High School. For the past ten years the Oak Bay School Board has unwaveringly adhered to the principle that buildings of a permanent character were the most economical in the long run, and in consequence, we have structures which

All sports have a definite etiquette. What point in bowling etiquette is being violated here?

The answer will be found among to-day's want ads.

will last one hundred years or more, in the Willows and Monterey schools. On the basis of a long period only, is any calculation fair about the per capita cost for the accommodation of school pupils. One hardly accepts "Oak Bay's" division sum on a one-year basis and the claim that the answer is the real cost. When the brilliant throngs of boys and girls who will pass through the new Oak Bay High School during the next fifty years, have come and gone, then only is it time to count the cost per capita for our school accommodation. Frame and stucco structures as compared with the brick constructions which we have in the Monterey and Willows schools, are not economical in the long run. The former class of buildings is more expensive to heat and the repair bill, after a number of years, is a very considerable item. In vivid contrast, the public school buildings we have are permanent in their character, and the repairs are so small as to be almost negligible.

I am sure that "Oak Bay," who wrote you on October 12, will not mind my correcting him by stating that we cannot build a new High School for from \$40,000 to \$45,000. In making this statement I presume that "Oak Bay" wishes us to conclude (Concluded on page 5.)

## ACROSS THE BAY

Tax on imported oil is now considered certain. Hart bares income tax revenue figures. Orientals in B.C. sawmills number over 3,000 now. Opposition launches new barrage of questions. Barrow shows cost of soldier settlements.

### EXPECT OIL TAX

A tax on imported fuel oil, designed to aid the British Columbia coal industry, hit by oil importations, is considered a certainty now, although no official announcement on the matter has been made by the Government. The purpose has been under consideration by the Government in consultation with its supporters for some time.

### INCOME TAX FIGURES

Since April 1 of this year to the end of October the Government has received \$2,207,843.84 in income tax revenue, Hon. John Hart, Minister of Finance, has informed the House. During the same period \$731,164.30 has been taken in personal property tax.

### ORIENTALS IN INDUSTRY

Chinese sawmill workers in British Columbia numbered 1,754 last year, Japanese 1,147 and Hindus 565, according to information laid before the House by Hon. A. M. Manson, Minister of Labor.

### MANY NEW QUESTIONS

Opposition and independent members have placed on the order paper many new questions to Ministers. These relate to various subjects from the recent British Empire Forestry Conference to the cost of the new Prince Rupert court house. W. K. Esquimaux, Conservative member for Rossland, has started asking the Government about Pacific Great Eastern finances again.

### ONLY FOR BURNABY

Plans of Burnaby Municipality to divide itself into zones for taxation purposes will not be made a part of the Municipal Act so as to apply to all British Columbia. The Municipal Committee and the Private Bills Committee in joint session yesterday considered the advisability of making the Burnaby plan applicable to the entire Province but the idea was rejected. The Burnaby bill, if passed, will be confined to Burnaby alone.

### FARRIS'S FEES

Answering the question put by R. H. Pooley, Conservative Member for Esquimalt, Attorney-General A. M. Manson said that the sum of \$10,000 was paid J. W. de B. Farris, K.C., in professional fees in connection with his recent appearance before the Privy Council in London. This sum included costs of preparation of appeals, conferences with London agents and counsel fees in four cases. Mr. Farris was also paid \$3,500 for expenses. He was absent three months.

### QUESTIONS RULED OUT

Questions asked by R. H. Pooley, Conservative Member for Esquimalt, regarding the amount of money paid to the Vancouver legal firm of which Robert Smith is a partner, were ruled out of order by Mr. Speaker Pauline this week. He said the question was irrelevant and not in keeping with House rules. He also declared that the question of whether Robert Smith was the son of the lady member for Vancouver was not in order.

### SETTLEMENT COSTS

Details of the cost of soldier settlement schemes in various parts of British Columbia have been supplied to the House by Hon. E. D. Barrow, Minister of Agriculture. He states that \$34,631.44 has been paid out by the Land Settlement Board in connection with the Merville settlement. Up to November 1 of this year, the Minister says, a total of \$746,312.98, including interest, has been spent on

the Merville scheme. The sum of \$244,730 has been received by the Government from the project. The Government has spent \$680,829.74 on the Creston settlement area and received back \$76,797.41. Mr. Barrow states. On the Fernie settlement area \$43,992.60 has been spent and \$22,845.02 received.

### CONVICT LABOR

There is no intention on the part of the Provincial Government to farm out convicts for general labor in industry. Attorney-General A. M. Manson assured the House yesterday. His explanation arose out of objections by Opposition members to a bill under which the Provincial Police are to be reorganized. The Opposition urged him to eliminate a clause permitting the farming out of convicts. This clause, Mr. Manson explained, is necessary even to allow convicts to do work in prison grounds. He declared, however, that convicts would not be used for general work in private business.

## SPEAKER OPPOSES IN RUNNING OUT LABOR CHARGES

### Guthrie's Declares Immigrants Were Brought Here and Left Destitute

### Says Mrs. Smith to Blame; House Votes Him Down

Forcing a division in an effort to bring unemployment conditions before the Legislature, Samuel Guthrie, Socialist member for Newcastle, was defeated hopelessly yesterday afternoon by a vote of twenty-seven to twelve.

Mr. Guthrie's charge that, as a result of Mrs. Mary Ellen Smith's immigration work, many men had come to British Columbia, and were out of work, he was ruled out of order by Mr. Speaker Pauline. Mr. Guthrie appealed to the House against Mr. Speaker's decision, but was unable to secure the support of all the Conservative members. J. A. Catherwood, John McRae and William Hunter, Conservatives, voted with the Liberal members in supporting the Speaker. Kenneth Duncan and Thomas Menzies, Independents, also supported the Speaker, while R. H. Neelands voted with Mr. Guthrie, who also was supported by W. J. Bowser and nine of his Conservative followers.

### DEMANDS RELIEF

The division arose out of Mr. Guthrie's demand that the Government relieve forty men who, he said, had come to Nanaimo as a result of Mrs. Smith's immigration efforts and were now destitute. The Government and not the city of Nanaimo should look after them, Mr. Guthrie affirmed. Conditions similar to those in Nanaimo prevailed elsewhere, he said. Attorney-General A. M. Manson stated that the Labor Department was dealing with the conditions about which Mr. Guthrie had complained. In any case this is a matter of immigration and comes under the Federal and not the Provincial Government, Mr. Manson declared.

Mr. Manson asked Mr. Speaker to rule Mr. Guthrie's demand out of order. Mr. Speaker, in supporting Mr. Manson, declared that Mr. Guthrie was out of order because his complaint was not urgent, as the Labor Department was dealing with it and not a matter for the House to consider as it concerned the control of the Federal Government. Mr. Guthrie interrupted several times to demand that he be heard, and it was only after he had been called to order several times by Mr. Speaker's bell that he appealed to the House.

## SCHOOL BOY WRITES ON FACTORY VISIT

### Tells of Trip to Sidney Roofing Company in Essay Contest

Following one of the visits to factories arranged by the Chamber of Commerce for Victoria school children, E. Hinchcliffe, a grade eight scholar of Victoria West School, has written an essay on "A visit to the Sidney Roofing Company," which is regarded as an excellent specimen of the class of essays written by the young students. The essay is printed in full:

Last Friday our class had the pleasure of visiting the Sidney Roofing Company. It is one of the largest industries in Victoria. It is situated on the water-front of the C.P.R. Docks.

We had hardly got inside when we were shown great bundles of rags; all kinds of cloth, serge, silk and even wool were mixed together. They put the rags through a cutter which chops them into little pieces. Next they are put into a large tub or vat with lots of hot water. They are then stirred up and pulled to pieces so that they resemble a great mud volcano. The rags then pass down into a great underground vat which stirs them up more and after being stirred for three hours it passes between great canvas strips which carries them on and over great rollers or drums, which are heated with steam. After being dried it passes over a roller which cuts it into the regular size. We pass out of the building to see how they make roofing paper.

The paper is on an endless chain which comes from a great roll. It passes through a pan of asphalt and as it comes out of one end it is covered with a floury dust called stoneston which keeps the paper from sticking together. It then passes to a man who rolls it into the regular size and then cuts it off. Down the far end of the plant is a man who cuts bungs out of cedar. They fit in the end of the roll of paper.

I have learned quite a lot from this visit because it shows us that things that are waste to us can be made into things of value. If we had only a few more industries in Victoria like the Sidney Roofing Company, Victoria would be the Montreal of the West.

### SMOKING ANCIENT ART

That tobacco was used sixteen centuries before Sir Walter Raleigh introduced it to Europe is the discovery of Dr. A. C. Kruyt. The statement is contained in a description which he recently gave to the British Association regarding an ancient race who once inhabited the land of Celebes, in the Dutch East Indies. Dr. Kruyt has spent sixteen years on this island and is returning for another five-year period to complete his investigations of the people there who used tobacco in those far-off days.

Highest and Lowest

## CITY'S FINANCIAL SITUATION BETTER

### Liquidates Current Loan to Bank; Policy of Land Exchange

By paying another \$100,000 off the debt to the bank, the city will remove the incubus of paying interest on the unpaid portion of its annual borrowing of \$1,000,000 from the Bank of Montreal. City Treasurer Smith reported the situation to the Finance Committee Monday, and showed that the estimate of revenue had been exceeded by \$22,000, one of the brightest features of the report on tax collections which he made. Some figures on the city's financial situation, from a statement prepared by Mr. Smith, show that water meter rents will bring in \$4,700 more than expected, water frontage rates \$1,180, Mr. Manson asked Mr. Speaker to rule Mr. Guthrie's demand out of order. Mr. Speaker, in supporting Mr. Manson, declared that Mr. Guthrie was out of order because his complaint was not urgent, as the Labor Department was dealing with it and not a matter for the House to consider as it concerned the control of the Federal Government. Mr. Guthrie interrupted several times to demand that he be heard, and it was only after he had been called to order several times by Mr. Speaker's bell that he appealed to the House.

Of the levy of \$1,744,118, the city has so far received \$1,401,827 in taxes. Arrears of taxes and interest were \$285,000, but which no provision was made in the estimate amount to \$217,509. The city expects to get another \$20,000 in land and improvement taxes by the end of the year.

The 1922 tax arrears have come in better than is usual, about fifty per cent. having been received. Local improvement sinking funds are in a better condition to-day than before. While last year the local improvement revenues had fallen \$112,000 short of the amount needed to meet the annual payment on serial debentures, this year the shortage amounted to only \$5,000, said Mr. Smith.

There is, of course, the accumulated liability of \$562,000, plus cost of discounting bonds, for which the city has received authority to borrow \$585,000, but which has not been placed on account of the validating legislation to be secured in the present session of the Legislature. This city, it is expected, will go into the New Year with about \$60,000 of unpaid bills, which is about the normal condition, the present council having about \$47,000 worth of bills from 1922 to meet when it took office.

### AN UNFORTUNATE CASE

It is not often, unless some policy arises, that the Aged Men's Home Committee has to draw attention to the personal history of the applicants, but a case has arisen of this kind in connection with the admission of Arthur Dudley Dupont, member of the pioneer family of the name. The chairman of the committee told the Council that it was a regrettable thing that a member of such a well known family should require relief, but apparently on some grounds which he said were exceptional. Mr. Dupont, who is now 75 years of age, is described as retired rancher and farmer.

### POLICY OF LAND EXCHANGE

Following the policy of exchanging land in accessible points for land difficult to access, the Council has decided to make "a trade" with C. Harris, of 2988 Douglas Street, of property on Montrose Avenue, between Jones and Cook Streets in the Smith's Hill district, for land on Blackwood Street, between King's Road and Hillside Avenue, for building purposes. Purchases of reverted lands are announced as follows: To Col. F. H. Barclay, southeast corner of Douglas Street and Fort Street, to Norman B. Elliott, 1540 Bank Street, Lot 21, Richmond Road, near Leighton Street.

## BRUNSWICK XMAS CLUB GETS AWAY TO A GOOD START

### Kent's Phonograph Store Announces Immediate Response to Unique Co-operative Plan

What is probably one of the most attractive and unique plans ever devised to support the "Better Home" movement is the Brunswick Christmas Club that opened last week at Kent's Phonograph Store. Through this co-operative purchase plan forty families will form a Club for the purchase of forty Brunswick Phonographs to be delivered at Christmas time through the old established firm of Kent's Phonograph Store. In consideration of this group order which enables them to forecast their needs, Kent's Phonograph Store are extending a variety of unusual privileges to each Club Member which not only makes the purchase easy but affords protection and security not generally accorded purchasers.

Club Members pay One Dollar, which reserves for them the right to select a Brunswick Phonograph by December 1. If they decide to withdraw the One Dollar is refunded. If not it is credited on the purchase price. Club Members then commence their club payments of \$1.50 to \$5.00 weekly, depending on the model selected. The Phonograph is delivered on Christmas Eve.

But the no cash payment and easy weekly payments are only part of the concessions. Each member is entitled to other special privileges including three months exchange privileges; privilege of half payments when sick or unemployed; immediate delivery of instrument by prepaying a few weekly payments; unlimited selection of Brunswick line or any other instrument in the store, including ten different models of the New Edition; Ten Dollar's worth of records added to contract on Club terms; one year double guarantee and yet Club Members pay only the actual cash price for their instrument with but a nominal interest charge on unpaid balance.

It is not surprising that such an attractive plan should appeal to the music lovers of Victoria, who desire to improve their homes at Christmas, without a large outlay or risk. As the Club is limited to forty members it is wise to call at Kent's Phonograph Store at once and enroll as a member, by simply paying a dollar. If you change your mind you get your dollar back. It should be remembered that all the privileges are extended on Brunswick and Edison Phonographs, the only Phonographs equipped with the oval horn. A complete variety always on display at Club Headquarters, Kent's Phonograph Store, 641 Yates Street.

## ASTRONOMERS HAD NO LUCK WORKING IN CALIFORNIA

### Dr. Plaskett Tells of Five Attempts to Observe Solar Eclipse

Dr. J. S. Plaskett, director of the Dominion Astrophysical Observatory on Little Saanich Mountain, last night gave an address to the members and guests of the Victoria branch of the Royal Astronomical Society of Canada, taking for his topic, "Recent Astronomical Events in California." Dr. Plaskett, a recognized authority on matters pertaining to the solar world, was among the few who were fortunate enough to witness the preparations for the eclipse of the sun on September 10, in California, the actual occurrence of this phenomenon, and to attend the meeting of the more important branch representatives of the American Astronomical Society in Pasadena. This meeting followed immediately on the heels of the attempts at experimental, during the brief period when the eclipse of the sun endured. Dr. Plaskett attended this meeting, of some of the greatest astronomers of the present, in person, and was impressed

with the manner in which they undertook to gain some further knowledge through concentrated effort during the eclipse.

The eclipse of the sun this year attracted the attention of leading astronomical lights—the world over, and men from Spain, Germany, Argentina and other parts, as well as from the English-speaking countries of the world, set up apparatus either in Avalon, Catalina Island, Lake Geneva, or some other point in the south of California or in Mexico, and under the most trying physical conditions. These men labored incessantly in preparation for the great event, but on the day when the sun was slowly veiled by a shadow, clouds unfortunately obscured the vision of the intent watchers, and the hopes of the astronomers were shattered.

Few of the photographs taken of the solar eclipse were useful in any way, stated Dr. Plaskett, except some of those which were taken from stations in Mexico, where weather conditions were more favorable. What pictures were taken did not cast light on some of the questions which the astronomers of the world had hoped might be decided. Tests of the Einstein theory cannot be followed out to the extent planned. During the address Dr. Plaskett showed some excellent lantern slides, illustrative of interesting features of the expeditions to California which were to view the eclipse, and also of some of the great American observatories, apparatus and laboratories. The observatory on Mount Wilson, which is said to be one of the finest in the world, and which, according to Dr. Plaskett, is doing wonderful research work, both of a chemical

is sealed in air-tight aluminum. 300 Cups to the Pound. — Try it.

and physical nature, was flashed on the screen. The address was given as a part of the programme of the regular meeting of the branch of the Royal Astronomical Society of Canada here, and the speaker was introduced by the president, W. E. Harper, astronomer at the Dominion Astrophysical Observatory here, and co-worker with Dr. Plaskett.

A Good Judge  
Wife—I was taken in to dinner by that officer you introduced me to. He was quite nice, and remarked upon my birdlike appetite. Hubby—Well, he should be a good judge on that point, dear. He runs an ostrich farm in South Africa.—Selected.

PAT'S WAY OUT OF IT  
A gentleman, newly married, said to an Irish servant at the hotel:—"Now, Pat, my wife doesn't want anyone to know we are on our honeymoon, so don't give us away." A fortnight later, when they left, the gentleman thought he saw some of the servants nudge each other, as he said to Pat:—"I hope you did not say anything?" "Now, don't you worry, sir," said Pat, "for haven't I told every one of them ye are not to be married for a month yet?"

# To Become Wealthy

## Is an Ambition That is Cherished by Many.

You, perhaps, have the same ambition. At least, you want to be well-to-do later on, and able to enjoy comfort and independence.

### What Are Your Chances?

Experience shows that of 100 average healthy men 25 years of age, the following will be true at 65:

- 1 only will be wealthy.
- 4 will be well-to-do.
- 5 will be compelled to go on working for a living.
- 36 will be dead.
- 54 will be dependent upon friends, relatives or charity.

### Facing These Facts

Can you afford to go along without a definite plan of saving and investment, uncertain whether you will be well-off or an object of charity?

There need be no such uncertainty about your future if you adopt the safe and definite plan of setting aside a deposit regularly each year for a Canada Life "Endowment at 65."

It will guarantee you in cash at age 65 the sum of \$2,000—\$5,000—\$10,000 or more.

It is a certainty—the full amount of your policy will be paid in any case, whether you live or die. Other investments may depreciate in value or fail. The

## Endowment at 65

will take care of your home, your business, or your personal interests, as nothing else can.

Substantial dividends are allotted at intervals.

If these be allowed to remain at your credit each year instead of being withdrawn, the face of the policy will be payable earlier than the date set.

Ask for Particulars.

Have you an attic, or a store room, or a place in a store house where dozens, perhaps hundreds of items of furniture and clothes are left year in and year out? Have you any number of pieces of furniture that "were Aunt Mary's," of the long-time-ago days of childhood? One hesitates about disposing of such things so they stand neglected, year in and year out, when they might become the cherished possession of someone who wants to use them NOW.

Clear out your attic, or storeroom, or place in a store house. Dispose of those things profitably through the classified advertisements. Useful things have a right to be used and here are many families who will be happy using those old things of "Aunt Mary's" that you can't use.

### CHARMING NUPTIALS LAST EVENING

Miss Mabelle Gertrude Edgar Becomes Bride of Mr. D. E. Bankart

A very pretty wedding took place last night at 8 o'clock at the home of the bride's mother, Mrs. W. C. Edgar, 139 Hollywood Crescent, when the Rev. W. P. Freeman united in marriage Mabelle Gertrude, only daughter of Mrs. W. C. Edgar, and Mr. Donald Ernest Bankart, youngest son of the late Mr. and Mrs. A. A. Bankart, of Eastbourne, England.

The ceremony was performed in the drawing-room, which was most artistically decorated with native chrysanthemums and Autumn leaves, and in one corner was suspended a large electrically lighted floral wedding bell under which the happy couple stood during the marriage service.

The bride, who was given in marriage by her brother, Mr. W. H. Edgar, of Vancouver, made a fascinating picture in her gown of white canton crepe, simply fashioned, and embroidered with satin beads. A handsome necklace of pearls, a corsage with orange blossoms, and a shower bouquet of Ophelia roses completed the bridal attire.

Miss Bessie Middleton made a picturesque bridesmaid in a dress of peach colored canton crepe, embroidered with beads, and wore a picture hat of gold lace, while the bouquet carried was composed of mauve chrysanthemums and Ophelia roses.

Little Miss Joan Sauter, in a dainty white silk frock and carrying a basket of baby roses and violets, made a dainty flower girl, while Master Richard Allan in a white silk suit acted as page.

The groom was supported by his brother, Mr. A. H. Bankart, who came from London, England, to be present at the wedding.

As the bridal party proceeded to the drawing-room the wedding march was played by Mrs. J. M. Brown. During the evening hours were rendered by Mr. R. M. McIntosh and Mrs. Harold Beckwith and Mr. Gordon Reed, of Vancouver, with Mrs. L. U. Campbell as accompanist.

Following the ceremony a reception was held, refreshments being served in the dining-room where the Misses Beth McMillan, Edna Middleton, Gladys Elliott, Phyllis Elliott, Beatrice Griffin and E. Macdonald assisted in serving.

Mrs. W. C. Edgar, the mother of the bride, was gowned in brown canton crepe and wore a handsome black hat.

Mr. and Mrs. Bankart left on the midnight boat for Vancouver, en route to Montreal, where they will make their home.

Among the out-of-town guests at the wedding were Mrs. C. H. Kemp, of Vancouver; Mr. and Mrs. W. H. Edgar, of Vancouver; Mr. and Mrs. A. H. Bankart, of London, England; and Mr. Gordon Reed, of Vancouver.

Mrs. J. L. Dunlop, Qu'Appelle Street, returned to Victoria from a business trip to Montreal, Winnipeg and Edmonton.

Mr. Herbert Wood, of Vancouver, arrived in Victoria yesterday and for a few days will be a guest at the Empress Hotel.

Mr. Ray Worloch, who recently returned from the Queen Charlotte Islands, has left for Prince Rupert, where he will spend the Winter.

Mrs. Homer Dixon left on Monday night for Winnipeg, where she will join Miss Nanton and Miss Marjorie Nanton and leave on a three months' trip to Switzerland.

Mr. and Mrs. John Galt, Rockland Avenue, who have been visiting in New York, Boston and Eastern Canada, returned to Victoria yesterday afternoon.

The Esquimalt Women's Institute are providing a lounge for the T.B. Yehing Rest-room in the city, and not for the Jubilee Hospital ward as previously announced.

Mrs. Marshall Beck and infant son of Vancouver are visiting in Victoria as the guest of Mrs. Beck's mother, Lady McBride. Miss McBride, of Westminster, is also the guest of Lady McBride.

Mrs. Jan Cherniavsky and Mrs. Michel Cherniavsky, who have recently returned from the Old Country, are now in Vancouver and will be the house guests of Mrs. B. T. Rogers over the Christmas season.

Messrs. Harry Farrah and John Billings, of Vancouver, were the week-end guests of Mr. and Mrs. W. A. Gourlay, Monterey Avenue, Oak Bay.

Mrs. C. H. Kemp, of Vancouver is spending a few days in Victoria as the guest of Mrs. W. C. Edgar, Hollywood Crescent.

Mr. W. R. Lord was in the city yesterday en route to his cabinetry shop at Nootka, where the packing of pilchards is in progress.

## PERSONAL

Mr. W. H. Edgar, of Vancouver, has arrived in Victoria on a visit to his mother, Mrs. W. C. Edgar, Hollywood Crescent.

Mr. J. L. Dunlop, Qu'Appelle Street, returned to Victoria from a business trip to Montreal, Winnipeg and Edmonton.

Mr. Herbert Wood, of Vancouver, arrived in Victoria yesterday and for a few days will be a guest at the Empress Hotel.

Mr. Ray Worloch, who recently returned from the Queen Charlotte Islands, has left for Prince Rupert, where he will spend the Winter.

Mrs. Homer Dixon left on Monday night for Winnipeg, where she will join Miss Nanton and Miss Marjorie Nanton and leave on a three months' trip to Switzerland.

Mr. and Mrs. John Galt, Rockland Avenue, who have been visiting in New York, Boston and Eastern Canada, returned to Victoria yesterday afternoon.

The Esquimalt Women's Institute are providing a lounge for the T.B. Yehing Rest-room in the city, and not for the Jubilee Hospital ward as previously announced.

Mrs. Marshall Beck and infant son of Vancouver are visiting in Victoria as the guest of Mrs. Beck's mother, Lady McBride. Miss McBride, of Westminster, is also the guest of Lady McBride.

Mrs. Jan Cherniavsky and Mrs. Michel Cherniavsky, who have recently returned from the Old Country, are now in Vancouver and will be the house guests of Mrs. B. T. Rogers over the Christmas season.

Messrs. Harry Farrah and John Billings, of Vancouver, were the week-end guests of Mr. and Mrs. W. A. Gourlay, Monterey Avenue, Oak Bay.

Mrs. C. H. Kemp, of Vancouver is spending a few days in Victoria as the guest of Mrs. W. C. Edgar, Hollywood Crescent.

Mr. W. R. Lord was in the city yesterday en route to his cabinetry shop at Nootka, where the packing of pilchards is in progress.

Lady and Sir Frank Barnard will leave Victoria on Friday for Southampton, en route for the Mediterranean, where they will spend the Winter months.

Mrs. W. C. Hembroff, Craigdarroch, accompanied by her daughters, the Misses Edith and Helen, is leaving to-morrow for Redland, California, where she will spend the Winter months.

Miss Eleanor Morden, of Detroit, is the guest of the Chief Justice and Mrs. Hunter at their home at Shawinigan Lake. Prior to coming to the coast, Miss Morden visited her brother, Mr. Harry Morden, at Richmond, Ontario, who was at one time a resident of Victoria.

Mrs. V. S. MacLachlan, of Victoria, was the guest, over the week-end, of Mrs. William Rutherford at Peep-o-Day Ranch, near Nelson. Mrs. MacLachlan and Mrs. Rutherford left for Balfour and Procter in connection with child hygiene work.

Mr. Harry Charlesworth, secretary of the B.C. Teachers' Federation, is in New Westminster, where he spoke to the Kiwanis Club yesterday, and will address a public meeting this evening on the "World Conference on Education at San Francisco." At that meeting Mr. Charlesworth was head of an important committee and has a very interesting story to tell on the subject.

Mr. and Mrs. Percy Criddle on Saturday evening were hosts at a dinner party given in honor of their niece, Mrs. Pakenham. Among those present were Mrs. Pakenham, Sir Frank and Lady Barnard, General and Mrs. J. M. Ross, Colonel and Mrs. Eaton, Dr. and Mrs. Hermann Robertson, Mr. F. M. Rattenbury and Mr. R. F. Taylor.

The Robert Valentine Harvey and Beaumont Boggs, Chapter, I.O.D.E., will hold their regular meeting to-morrow, Thursday evening, at 8 o'clock, in their new headquarters in the Hamley Building. Members please note change of address.

Mrs. W. A. Gourlay entertained a number of young guests at a dance on Friday night last in honor of her daughter Peggy, at her home on Granite Street. Her orchestra supplied the music. Among those present were the Misses Nancy Rosa, Connie Ross, Bunny Crompton, Millie Umbach, Beatrice Hill, Helen Ferguson, Helen Rutherford, Florence Oates, Elvynne Forde, Isabel Ormiston, Ursula Robbins, Ella Colbert, Isabel Davy, Betty Davy, Prudence Riddell, George Ford, Tom West, Arthur Colbert, P. West, Blair Dickson, Ed. McLean, Bobby Miller, Harold Haynes, Donald Adams, Douglas Cole and many others.

Mr. Alexander Sutherland, of Kaslo, will spend two weeks here.

Mrs. W. D. Todd left on Saturday night for East Robson, where she will be the guest of Mrs. S. S. McDiarmid before returning to Victoria.

Major and Mrs. Douglas Edwards, Esquimalt, entertained a few guests at the tea hour on Sunday afternoon in honor of Colonel and Mrs. Wentworth Irving, of Calgary, who are visiting in Victoria prior to leaving to spend the remainder of the Winter in San Diego.

Miss Mary Mabel Barlow, whose marriage with Mr. W. L. Whitney Griffiths takes place this evening, was the guest of honor at a reception given for her by the Misses Barton at St. Margaret's School on Saturday when her former colleagues and pupils assembled to give her their felicitations. Miss Zora McNab, on behalf of the girls, presented Miss Barlow with a silver-entree dish and lovely bouquet of roses, these and other charming gifts being gracefully acknowledged by the bride-to-be.

Miss M. Greig on Saturday evening was hostess at her home on Southgate Street at a miscellaneous "shower" given in honor of Miss Grace Cameron. A Japanese parasol concealing the gifts, centered the table, which was decorated in a color scheme of brown and yellow. Among those present were Miss Grace Cameron, Mrs. Cameron, Mrs. Greig, Mrs. Beethoven, Mrs. Marston, Mrs. Oxbourne, the Misses Jean Cameron, Eva and Ester Mess, Mona Rickaby, Ilace and Moira Terry, Gladys Cruickshank, Winnie Greig and the Misses Blankenbush.

### RECENT EUROPEAN VISIT DESCRIBED

Madame Sanderson-Mongin Speaks of Countries' Characteristics

Members of the Women's Canadian Club listened yesterday afternoon in the Empress ballroom to a delightful address by Madame Sanderson-Mongin, who has told of her recent trip to Europe with the Overseas Education League. Each country had its own characteristics, and if internationalism ever came to pass it was to be hoped that these would not be destroyed.

England, for example, in contrast with Western Canada, presented a picture of clean and trim cultivation, while many parts of France still retained a flavor of the Middle Ages. Neither in France nor England were there as many furnaces, lifts and telephones as to be found in Canada. With inimitable vivacity the speaker chronicled some of the "points" of the two countries, her crisp style adding much to the charm of her address.

Miss Lois Lockwood's song, "O, Lovely Night," was a pleasing addition to the programme.

Among the business transacted was the drawing up of a resolution advocating the segregation of youthful prisoners from older men, which will be sent to the authorities at Ottawa.

Miss Clay announced that the Children's Book Week would be observed next week at the Public Library.

Miss Cann, in the unavoidable absence through indisposition of Mrs. H. P. Hodges, presided over the meeting, which was well attended.

The Ladies' Aid of Eskrine Presbyterian Church will hold a sale of work, home cooking and candy on Wednesday, December 5, at 2:30, in the church, corner of Lurline and Harriet Road.

A sale of home cooking and miscellaneous articles will be held in the Leland Hall on Friday afternoon next. The sale will be opened at 3 o'clock by Miss Wistow, of Nova Scotia. Afternoon tea will be served. There will be an entertainment in the evening at 7:30.

"I never believe in expensive clothes," said the economical Mr. Underdown to his friend. "Cheap things can be just as good. This I'm wearing cost me five pounds. If I'd told you it cost ten pounds you'd no doubt have believed me." "Yes—if you'd told me over the 'phone," said his friend.

After seeing the typical tired business-man show, you feel great sympathy for business men who were too tired to get up and leave.

**COMB SAGE TEA INTO GRAY HAIR**  
Darkens Beautifully and Restores Its Natural Color and Lustre At Once  
Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle at little cost, at drug stores, known as "Welch's Sage and Sulphur Compound," thus avoiding a lot of fuss.

**YOUR HOME AND YOU**  
BY HELEN KENDALL  
A Stitch Ahead of Time  
Do you ever get household ideas from plays that you go to see? I do. I learned the trick of peeling apples all in one long paring by watching Carol MacCombs' character in "The Girl in the Sun." She swung a deft paring-knife indeed!

It was from Frances Starr, in "The East is the Way" some years ago, that I learned that the proverbial "stitch in time" isn't enough. She took a stitch ahead of time and ever since I have tried to go and do likewise.

As the girl who lived in a shabby hall bedroom, she came on the stage in street clothes—coat and hat and gloves. The first thing she did was to walk across the room to her little sewing basket, hunt out a needle and thread and, before she had even removed her gloves she proceeded to mend the fingertip of one of them, where it had evidently ripped.

I had visions of my own inefficient behavior with ripped gloves. I always drew them off, pulled the finger off a little ball—perhaps in a mending basket, perhaps not—knowing that they must be mended before they were worn, but the waiting until the last minute before going out to repair them, instead of doing it the first minute after coming in! From that time on I have always mended them before taking them off, and try to apply the same principle to other garments.

It is always easy to take a stitch ahead of time, of course. The stocking that develops a run or a hole in the heel, can't be taken off the moment one enters the house and mended. The same thing, of course, should be laid where it will not be overlooked, and the run should be stopped and the hole caught together before the stocking is washed. I know one woman who says that any hole in hose or stockings in size while going through the laundry, so can't quite pull the heel of the hole together, and after the stocking is washed she rips out the thread and darns the hole. A true "stitch ahead of time" is the darning of a thin place before the hole breaks through.

A stitch in time saves nine, perhaps, but a stitch ahead of time saves all the others.

### POPULAR SINGER VISITS SCHOOLS

Mr. Edmunds Sings to Children and Endorses Good Teaching

The children at Lampson Street School yesterday afternoon witnessed a memorable treat, when Mr. Victor Edmunds visited them and gave them a most enjoyable musical recital. Numbers, oratorios, selections and simple ballads figured on the programme, and were rendered with consummate artistry by the popular singer, Mrs. C. C. Wain giving valuable aid as accompanist.

The children thoroughly appreciated the treat provided, and later under Mr. Waddington's direction gave in their turn a number of fine selections, among them being "The Red Sarafan," and vocalized items from Beethoven, Mendelssohn and Schubert.

The children were commended on the progress they have made under Mr. Waddington's careful and skilful tuition, and on the excellent choice of music. A collection was taken under Mr. Edmund's direction for a raised platform to be erected in the school as an aid to Mr. Waddington's teaching. Mrs. Edmund and Miss Eva Hart were interested visitors at the school with the performing artists.

**Noted Lecturer and Writer Coming**  
To gather material for his forthcoming book, "Canada, To-morrow," Alfred E. Sanderson, the noted traveler, writer and lecturer, is a visitor to the coast and is expected in Victoria shortly.

Speaking last night before the Vancouver Rotary Club, Mr. Henderson urged a more wholehearted support of Canadian magazines by advertisers, contributors and readers. Canadian writers also deserved better encouragement. The country's fine resources, her vast prairies and rugged mountains were a wonderful inspiration.

Mr. Henderson, who is accompanied by Mrs. Henderson, will give several lectures on the mainland before coming to Victoria, and will visit other island points and Prince Rupert before returning to the East.

**GUILD OF HEALTH**  
Rev. T. E. Rowe will give an address in connection with the Guild of Health on Thursday night at 8 o'clock in the Church of the Holy Trinity Schoolroom. This opportunity to hear Mr. Rowe should not be missed by those interested in the subject of Spiritual Healing. The course of lectures now being delivered will conclude at Christmas.

### SAY MATTRESSES SOURCE OF DISEASE

National Women's Council to Investigate Manufacture and Materials

Toronto, Nov. 21.—Believing that the second-hand materials said to be frequently used in the manufacture of mattresses in Canada are a source of tuberculosis and other diseases, the executive of the National Council of Women will consider the situation at a meeting to be held at Georgetown, November 21-22.

It is stated that the materials often used in the making of dolls are open to similar objection.

**WEIGHT INCREASE NOT ALL GREY MATTER**  
Columbus, Ohio, Nov. 21.—The feet of the modern college girl are steadily increasing in size, according to Miss Lydia Clark, head of the Women's Department of Physical Education at Ohio State University.

Miss Clark claims that modern clothes and the great interest shown by the modern girl in outdoor activities are causes for the increase in size. Not only are their feet increasing in size, but statistics show that the increase in general. Figures from Vassar, Smith and Leland Stanford show that the average weight of the college woman has increased from 123.3 pounds to 128.5 on an average of 1.3 inches, Miss Clark says.

**UNIQUE CLUB**

# AT THE THEATRES

**Dream of Children Comes True in Big Picture at Royal**

Jackie Coogan is realizing the boyhood ambitions of thousands of lads throughout the country at the Royal Theatre this week.

In his whirlwind screen triumph, "Circus Days," he rises to the heights of a star of a big circus.

That is, he gets to be the chief clown, but before he "arrives" he has a rather hard time of it.

Running away from the farm of his brutal uncle, or hero, as Toby Tyler, get a "position" at a dollar a week and "found."

His task is to sell peanuts, popcorn and lemonade to the hungry and thirsty circus throng.

It's pretty tough for Toby, but all of a sudden an accident happens when he gets a chance to ride in the circus pageant and he jumps into the limelight as the hit of the show.

Unique dinner even prepared for use in a motion picture scene. Following the making of the banquet sequence, the entire company gathered about the table. Most of the food was found to be much too highly seasoned for the modern palate. Several of the sauces prepared for hot meats were discovered to be very appetizing however, and copies of the recipes were made for circulation.

Among the prominent members of the cast, who tasted the dishes provided for this dinner, were Wallace Beery, Kathryn Williams, Robert Agnew, Gareth Hughes and Adolphe Menjou.

**Four Hundred Year Old Dinner Served by Hollywood Chef**

This dinner waited four hundred years—and served piping hot! Recipes which have not been used for centuries were employed by a Hollywood chef in preparing an elaborate dinner for a scene in Pola Negri's new picture "The Spanish Dancer," which is on view at the Dominion Theatre all this week.

In carrying out exhaustive researches in New York prior to beginning work on "The Spanish Dancer," Herbert Brenon, the producer, discovered a volume written in Latin, which had once been the property of a religious institution in Malaga. The book contained advice upon preparing food for the table.

Translated into English, the recipes were given to a chef who prepared roasts, feathered game, fish, sauces and various forms of spiced cakes and sweetmeats for the banquet at which Antonio Moreno featured in "The Spanish Dancer," entertains the soldiers, who have been detained to execute him later.

Although the number included in the banquet scene did not exceed thirty, everyone in "The Spanish Dancer" company was anxious to sample what was probably the most

# EXTRAVAGANT REVUE IS RIOT OF COLOR

**"Plantation Days" is Great Drawing Card at Pantages Theatre**

"Plantation Days," which is being produced at the Pantages Theatre for the first time this week, was greeted by a capacity house at the opening performance last night. The act embraces a programme of musical, terpsichorean and humorous numbers.

The audience came away last night well satisfied with the offering, having demonstrated approval for the Pantages revue with vociferous applause.

It is the most extravagant revue that has been seen on the Pantages boards for some time.

The company opened its programme with an orchestral number led by the director, Wen Talbert. Following this, number after number of the most versatile variety was produced.

The opening scene, "Down the Levee," was a forecast of the ensuing numbers. The first was an opening chorus led by Jeanette and accompanied by the Pepper girls attired in gorgeous costumes. "Old Kentucky Home" by Jeanette, the wonderful high soprano, accompanied by the Plantation Four, was encored. "Plantation Days" was the next number, and the Pepper girls, the "Cotton Pickers" Revue" by the Four Crackerjacks was a sparkling piece of burlesque introduced in the usual "darker" style, retaining all the fun and amusement that generally accompanies these dialogues.

The fashion carnival was a revue in itself.

Beautiful and extravagant costumes were displayed in this number. Each costume represents a jewel.

The Midnight Strutters amuse their audience with many a lively step that has seldom been seen behind the "curtains" footlights. Seymour and Jeanette are the performers in this act and were encored several times.

Lilly from Louisville, Archie Jones and Walker Jones in a comedy dialogue, "A Little Bit of Everything," and the grand finale are the remaining features of this big revue.

"England" is a number in which Chappie and Laeta Shinn introduce are heard in scene six, while the following act proved an exhilarating comedy dialogue by Archie and Walker Jones in a comedy dialogue, "A Little Bit of Everything," and the grand finale are the remaining features of this big revue.

The production is being staged and produced by Lawrence Deas, producer of "Shuffle Along." The lyrics and music in this revue are by Chapelle, Stinnett and Talbert. The revue is direct from the Palace Theatre, London, Eng.

# French Wife of Tom Moore Is Now Among Film Stars

In the new Metro picture, "The Eternal Struggle," appearing on the screen at the Capitol Theatre, a new screen lumina is being introduced—flashes before movie fans. Miss Adoree is a member of a distinguished cast but it is certain her work in this picture will win stellar honors for her.

Miss Adoree is the twenty-three-year old wife of Tom Moore, the screen star. She is famed abroad for her interpretive dancing, and is a brilliant musician and a clever song writer besides.

While Miss Adoree was a dancer on the New York stage she frequently wrote her own accompaniments. Her song "When You Leave Me" had wide popularity.

Many of the thrilling scenes of "The Eternal Struggle" were filmed in northwest Canada. Miss Adoree narrowly escaped death twice—once when caught in the path of the snow slide near Banff, Alberta; and again when her canoe overturned in treacherous rapids. Although Reginald Barker, the producer, urged that she be doubled, "the plucky little star refused and went through her scenes without fear."

Miss Adoree plays the part of Andree, a French Canadian. She herself is French born and spent her childhood in France and England. She was a member of the first troupe of refugees which fled from northern France when the Germans entered in 1914.

# Playhouse Opens To-morrow With Screen Offering

"Can a Woman Love Twice?" Picture Put On By New Management.

Do you believe that a woman's first love is the greatest love of all? If you do your convictions are liable to be considerably shaken if you see "Can a Woman Love Twice?" the remarkable photodrama starring beautiful Ethel Clayton, which comes to the Playhouse to-morrow and Friday.

The picture tells with dramatic power the story of a widowed girl, mother who, forced upon her own resources, practices a great deception and through it meets even a greater love than she knew for her first husband.

The picture's utter sincerity of purpose and entertaining qualities make it rank with the best that the screen has offered this season; and, touching so deeply, as it does, a question vital to every one of us in particular and the home in general, it bids successfully for a permanent place in the memory of those who see it.

In "Can a Woman Love Twice," Miss Clayton has a role that permits full play of her emotional abilities, and she takes advantage of the opportunities offered by giving a performance of the highest degree. Malcolm McGregor is her leading man, and the capable supporting cast includes such players as Albert Hart, Wilfred Lucas, Fred Esmiton, Kate Lester, Baby Muriel Dana, Anderson Smith, Victoria Bateman, Theodore Van Elts, Clara Clark Ward and Madge Hunt.

Since the outbreak of the World War there have been thirty-two political assassinations.

OAK BAY HIGH SCHOOL

(Continued from page 4.)
time to provide facilities for a high school education according to modern standards. Our Monterey Public School of eight rooms without either a gymnasium or an assembly hall, cost ten years ago, \$60,000. The Willow Public School, built three years ago, having eight rooms and an assembly hall, cost \$95,000. In our proposed High School we have to plan for a great many more features than are necessary in a public school due to the higher grade of education which is established by the government curriculum. We must have a physical and chemical laboratories, a combined assembly hall and gymnasium, some place to keep all our books which one might call a library, as well as eight or a possible eleven class rooms, and the usual offices, etc., to take care of the comfort of both boys and girls.

TIDES AT VICTORIA

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, headache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub. Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

"FREEZONE" CORNS lift right off

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

OCEAN AND COASTWISE SHIPPING

NOVEMBER REPORTS NEW LUMBER EXPORT RECORD

11,250,000 Feet of Lumber Will Be Shipped Out of This Port By the End of November; Exceeds Previous Record By 1,250,000 Feet; Steamer Lehigh Will Take Out Largest Single Shipment; Will Load 1,500,000 Feet Here

The month of November lumber report exceeds all previous records made this year. The prediction by Victoria mills that this would be the record month of the year has been fulfilled. No less than 11,250,000 feet of lumber will have been sent out of this port by the end of the month. This exceeds the previous record of 10,000,000 feet by 1,250,000 feet of lumber.

The orders already announced have practically all been dispatched, while additional orders will mean that several new boats will either visit this harbor or some Island point, and Victoria lumber put aboard.

The largest shipment to go out of here on one steamer during the latter part of this month will be that which will be loaded on the steamer Lehigh. The Lehigh is replacing the steamer Pacific. She will take out from local mills over 1,500,000 feet of lumber made up of approximately 1,000,000 feet from the C.P.S. Lumber Company, 400,000 feet from the Cameron Lumber Company and 100,000 feet from the Victoria Tied Company.

The Lehigh will arrive here about November 26 or 27, and preceding this arrival is the steamer Kingsley, which is due here Sunday to load 1,000,000 feet of lumber from various mills. This lumber is for California ports.

OTHER SHIPS DUE

Following the Lehigh will be the steamer Skagway and the Fulyo Maru, both due on November 23 to load lumber. The Skagway will take out 750,000 feet of lumber for San Pedro, while the Fulyo Maru has 500,000 feet to load here.

Another large shipment to go out of this port will be a consignment of 1,000,000 feet of lumber for the steamer George H. Olson, which is expected at Chemainus or Port Alberni next week. The lumber will be taken to this ship on barges.

Many other cargo shipments are reported for the month of December and January but they are being reserved for the December report, which is also expected to be a large one, although not so big probably as the November quota. Some orders are being placed as far in advance as January 16 and this alone is an indication of what can be expected in the lumber export business during the Spring of next year.

TOURISTS BROUGHT \$170,000,000 TO CANADA LAST YEAR

Winnipeg, Nov. 21.—More than \$170,000,000 came to Canada through tourist traffic during last year, according to an estimate received today from Ottawa by Canadian National Railway officials here.

In addition to the great numbers of tourists brought into Canada by the railways during the regular tourist season, which this year was the heaviest the Canadian National system has known, it is estimated that over 1,000,000 automobiles entered the nine provinces of Canada on business or pleasure during the season.

During last year, according to government estimates, tourist traffic, as a revenue producer, took fourth place in Canada's industries.

Approximately 996,329 automobiles entered Canada during the 1922 season, either for pleasure or business and of this number nearly 50,000 came into the western provinces and British Columbia. The Pacific coast province headed the list with 35,235 cars registered for entry; Manitoba was second with 10,676; Saskatchewan had 497, and Alberta 462. The 1923 figures, when available, will, it is expected, show a large increase.

Approximately 996,329 automobiles entered Canada during the 1922 season, either for pleasure or business and of this number nearly 50,000 came into the western provinces and British Columbia. The Pacific coast province headed the list with 35,235 cars registered for entry; Manitoba was second with 10,676; Saskatchewan had 497, and Alberta 462. The 1923 figures, when available, will, it is expected, show a large increase.

SEATTLE'S PORT FIGURES INCREASE

Steamer S. F. Loop at Eagle Harbor For Repairs Following Collision

Seattle, Nov. 21.—Seattle's waterborne commerce for the first ten months this year exceeds by more than \$124,000,000 the corresponding period of 1922, according to figures issued by Port Warden Paul Edwards yesterday.

In value Seattle's commerce reached a total of \$29,538,191 in the first ten months of this year, compared with \$40,689,144 for the same period in 1922.

The increase in Seattle's commerce was due to a collision with the Canadian Pacific liner Princess Alice last Thursday discharged her cargo of lumber here yesterday and shifted to Eagle Harbor for repairs.

With a large cargo of freight, consisting of supplies and lumber for Japan, the British steamship Biomed will sail from here for the Orient Thursday. The Biomed is a new vessel to ply in Pacific waters. It was put in the Oriental service of the H.P. Line the temporarily in order to relieve the congestion of freight offerings.

DOLEAR SCHEDULE IS COMPLETED

Only Round-World Passenger Line to Start January 5

In addition to Havana, Los Angeles Harbor and Honolulu as previously announced, Alexandria and Naples will be added to the ports of call of the Dollar round-the-world line when the service is changed from freight to the only combination freight and passenger route around the globe, according to the new schedule issued this week. The first passenger vessel sailing from San Francisco will be the liner President Harrison, January 5, to be followed by the President Hayes February 2.

The President Adams will inaugurate the passenger service from New York, departing February 7, and from Los Angeles, sailing February 26. She will fall in behind the President Hayes at San Francisco, departing March 6, and will be followed by the President Adams, sailing February 26. She will fall in behind the President Hayes at San Francisco, departing March 6, and will be followed by the President Adams, sailing February 26.

The two steamers starting from San Francisco will be the Pacific Coast-River Plate service of the Shipping Board, from whom they were recently purchased, and the five to start from New York are being operated transatlantic by the Shipping Board.

REGULAR CALL PORTS The regular ports of call will be: New York, Havana, Colon, Balboa, Los Angeles, San Francisco, Honolulu, Kobe, Shanghai, Hongkong, Manila, Singapore, Penang, Colombo, Suez, Port Said, Alexandria, Naples, Genoa, Marseilles and Boston. San Francisco will be the home port.

Following the scheduled departure dates of the liners to follow the President Adams: President Garfield—New York, February 21; Los Angeles, March 11; San Francisco, March 15.

President Polk—New York, March 6; Los Angeles, March 25; San Francisco, March 29.

President Monroe—New York, March 20; Los Angeles, April 8; San Francisco, April 12.

President Harrison (completing first voyage)—New York, April 3; Los Angeles, April 22; San Francisco, April 26.

President Van Buren—New York, April 17; Los Angeles, May 6; San Francisco, May 10.

President Hayes (completing first voyage)—New York, May 1; Los Angeles, May 20; San Francisco, May 24.

STORMS DELAY MAJESTIC DAY

New York, Nov. 21.—Nearly a day late, the steamer Tyn-dareus, which was docked to-day after a six-day battle with storms and strong head sea. At times the liner was able to make only 300 miles a day, and the usual run of about 600 miles.

VESSEL MOVEMENTS

TYNDAREUS HAS LARGE STEERAGE LIST; ALSO SILK

Inbound Liner Has 4,500 Bales of Silk and 395 Chinese Steerage

The Blue Funnel liner Tyn-dareus, which was scheduled to arrive here on November 19, will dock here about 5.30 tonight from the Orient with one of the largest silk shipments and largest passenger lists that she has brought across the Pacific for some time. The Tyn-dareus up to a late hour to-day was reported busy at the quarantine station at 4 o'clock.

The steamer has an unusually large cargo for this port, totaling 400 tons, including shipment of tea, Japanese oranges and silk good in addition to the usual consignment of jly bulbs.

There is a large raw silk shipment aboard the vessel, there being 4,500 bales altogether of fifteen cars.

The Asiatic steamer on the vessel is the largest that has been brought from the Orient for some time. There are altogether 395 Chinese steerage. These passengers are taking advantage of the reduction in transpacific rates, and for the past two months Blue Funnel steamers going both ways have taken an unusually large number of Chinese steerage.

The Philoctetes, which left nearly a week ago, took out 350 steerage. The Chinese on the Tyn-dareus are not all for Victoria, however, although they are being landed here. Over one hundred of them will go to the Canadian National Railway to various points in Canada and the United States. Some are destined for New York, Philadelphia, Cuba, Havana and Trinidad, while some will be taken on to Seattle and Vancouver.

The small consignments on the Blue Funnel ships for Victoria are sixty-two bags, with eight bags for the seaplane, which will take this special mail on to Seattle.

GARLAND STEAMSHIP COMPANY TO ENTER ORIENTAL SERVICE

San Francisco, Nov. 21.—The Garland steamship company, entering its Pacific Coast representative, yesterday announced its withdrawal from the inter-oceanic trade and its assumption of its seven vessels in that service to the transpacific trade out of San Francisco and the Columbia River.

The freighter Campion will inaugurate the new service to the Orient. It is a bi-monthly schedule to be maintained from this port to the Columbia River, and thence to Shanghai, Hongkong, and Manila.

The liner Cadana, formerly the Sierra, has been repurchased by the Oceanic Steam Navigation Company and is being operated by the Pacific Coast Steamship Company. The vessel was drawn by the Government from this service six years ago and taken to the Atlantic Coast.

The Pacific Mail liner Venezuela arrived here yesterday from New York by way of San Pedro with thirty passengers and a heavy steerage list. The vessel had 367 tons of cargo for local discharge.

The liner Buford, of the Alaska Siberian Navigation Company, will undergo extensive overhauling preparatory to her cruise of the South Sea Islands in January.

The Matson liner Matsonia arrived here yesterday from the Hawaiian Islands with a large passenger list and a similar cargo. The Oceanic liner Ventura is also expected to arrive from the Antipodes was another arrival.

CHINESE INCREASE IMPORTS OF WHEAT

Are Adopting European Food in Preference to Rice, Says Geo. C. Dew

Montreal, Nov. 21.—The Chinese are to a great extent giving up rice for flour and are using wheat, and although they do not buy the highest grade, they seem to prefer the Canadian grain. This statement was made by George C. Dew, Asiatic freight agent of the Canadian Pacific Railway, who added that the greater part of the Oriental import produce handled by the Canadian Pacific was Canadian wheat and flour.

"Canada's trade with the Orient is steadily increasing each year, and has been so good this year that not one of our ships has left the British Columbia coast without a full load," said Mr. Dew.

As the Canadian Pacific steamships were carrying capacity loads all the time the Japanese earthquake did not affect the shipping a great deal, but the import business has been somewhat, the surplus western export business being otherwise cared for.

The import business has been fairly heavy and steady throughout the year. Shipments of goods intended for the Christmas markets seldom amount to much more, Mr. Dew said, and are much heavier than last year. Tea is the chief import from the Orient and is fairly regular. Shipments of this commodity are also routed via Canadian Pacific to other parts of the world, particularly Europe, over Canada, now regarded as the quickest Europe-to-Orient route, benefited greatly by its transcontinental traffic.

CUNARD LINE WILL HAVE BANNER YEAR

P. W. Whatmough Makes Prediction Before Going on World Cruise

"The Cunard Line expects a banner year next season," stated P. W. Whatmough, general passenger manager of the Cunard Line, before boarding the Transatlantic Empress for a four-months' cruise around the world.

In addition to continental attractions we have the great British Empire Exhibition in London from April to October, the World's Sunday School Congress in Glasgow in June, the Bar Association Convention in London in July, and the Taittanean Games, for the first time in 800 years, to be held during August. An attendance of 500,000 daily is expected at the London exhibition.

Mr. Whatmough sailed on the Transatlantic on November 15 on a cruise around the world. The tour around the world will occupy four months.

Will Attempt to Recover Treasure on Ss. Lusitania

Norfolk, Va., Nov. 21.—A crew is being recruited here by Captain E. F. Leavitt, who plans to make an attempt next Spring to recover the treasure that went down with the Lusitania when the big liner was sunk off the Irish coast during the war.

Six Passengers Was Total List of Atlantic Boat

New York, Nov. 21.—Three stewards accompanied each of the six men and women who comprised the complete passenger list of the National Greek liner Gladstone, formerly the Themistocles, and each a third-class passenger, had the big vessel to themselves, with the service ordinarily accorded a passenger list of 2,000 concentrated upon them.

The passenger death was due to the fact that Greece's immigration quota has been exhausted for this fiscal year.

THE COACH'S JOB Something of the taskmaster, the general and the diplomat, and a lot of the doctor must be hidden away in the man who would be the coach of a successful football or track team. Emergencies of all kinds are his daily routine. A thorough knowledge of first aid is as essential as a knowledge of the game played by his men. Bumps, bruises, strained ligaments and muscles are every day happenings, but the coach never becomes contemptuous of them. He knows that if neglected, they may result in anything. Trainers everywhere keep Absorbine Jr. in their lockers. They use it not only for sprains, cuts and bruises, but for the skin and blood protection of its disinfecting properties. In one convenient container it combines the functions of a number of preparations. It is the first of all the First Aid requisites in use in all of the leading athletic clubs. And there are just as many everyday uses for Absorbine Jr. in the homes of Canada as there are in the training camps. Always keep it in the home where you can "jump to it" in case of emergency. \$1.25 at your druggist. (Adv.)

NEWS IN BRIEF The Victoria Dental Society met last night at a supper held in the Dominion Hotel. The discussion was largely of a technical nature. William Lyall, of P. Lyall & Sons, Montreal, is in the city. Mr. Lyall did not wish to make any statement at this time, he told The Times. "Pompeii—The Romance of a Buried City" is the subject of a lecture illustrated by one hundred and twenty beautiful colored slides to be given at Wilkinson Road Methodist Church this evening by the Rev. J. Williams Hodgson, celebrated lecturer and traveler. Those desiring to register as poll clerks and other offices in connection with the forthcoming election should make early application to Returning Officer William Scowcroft at City Hall. A number of applications have already been filed.

EVENTS TO COME The regular monthly meeting of the North Dairy Parent-Teacher Association will be held in the North Dairy School on Thursday, November 22, at 8 p.m. All parents are requested to attend. At the Foresters' Hall tomorrow evening, the monthly meeting of the British Campaigners' Association will be held. Col. C. W. Peck, V.C., presiding. The annual meeting of the Society for Prevention of Cruelty to Animals will be held on Friday, November 30. Further particulars will be given later. The Victoria British Israel Association will meet on Thursday evening, at the hall, 1019 Cook Street, at 8 o'clock. Subject of the address will be "The Return of the Lord."

PLAN DRIVE TO SELL LANDS AT UNIVERSITY Legislation introduced by Hon. T. D. Pattullo, Minister of Lands, provides for the sale of British Columbia University lands at public auction upon terms to be fixed by the Lieutenant-Governor-in-Council. It may be desirable to initiate a "drive" in order to secure complete success in the sale of the university lands, Mr. Pattullo explains. The new law will enable the Government to carry out any plan of this kind.

NEWS IN BRIEF The death occurred with tragic suddenness at his home, 605 Trutch Street, early this morning of Simon Antonio Bantley, aged forty-nine. The deceased was well-known in musical circles in Victoria, having come here when nine years old from California, where he was born in 1874. His brother, E. Benedict Bantley, a former resident here and now of Puente, California, is also a well-known musician. Other relatives surviving the deceased are his widow, Mrs. Frances Bantley and four sons and three daughters, also one sister, Mrs. Rose Mellor, of Vancouver. For many years the late Mr. Bantley was engaged in a local cigar factory, and his skill as a violinist won for him a wide circle of friends. He was a member of several local lodges, including the Foresters, Eagles, Knights of Columbia and of the Young Men's Institute. Arrangements for the funeral are in the hands of Sands Funeral Company.

DETECTIVE HAS EXCITING MOMENT Hidden Shoes Contained Human Feet; Officer Gives Chase How Jong Chow, elderly Chinaman of respectable mien, came by an injured eye while ambling through Fan Alley presented a puzzle in the City Police. Officer W. H. How himself said Chin Lee did it, by means of a sudden blow with fist or other hard object. Chin Lee said, through W. G. Moresby, his counsel, that Jong Chow was not struck at all but must have fallen down and hurt himself. Both agreed that money matters had created a breach between the two men. THE LIGHT THAT FAILED Detective Marcus Phillips shed light on the matter from another angle. He had responded to a complain from the injured man, and had visited the home of the officer, saw a pair of shoes. A light in one room belled the locked doors and booted windows. Peeping through the window with his flashlight, the officer saw a pair of heels. Later the heels were seen to be the sight of a pair of feet at the door, and finally the accused himself stood revealed, from shoes to head. OVER ROOF TOPS Then followed the flight in which the detective caught rare glimpses of the accused as the latter booted across a roof-top and so out of sight. Tuesday, Nov. 20, Detective Phillips, from under a woodpile and found it to be the accused. The defence set up that no blow was struck, and that there had been no occasion for a blow. The complainant was acting under a grievous mistake. The Court found for the defendant and dismissed the case.

ELKS WILL CONDUCT MONTE CARLO NIGHT On Thursday evening, November 29, an "Evening at Monte Carlo" will be held in the Elk Hall, under the arrangement of Victoria Lodge, No. 2, Benevolent Fraternity of Elks, assisted by the Ladies of the Royal Purple, women's auxiliary to the Elks. Although fancy dress is optional it is hoped that as many as possible will be in carnival costume to give an additional touch to the diversified amusements in which guests will participate. Heaton's orchestra will supply the music. Mr. Alfred Wright is general convener of the affair, and has as assistants, Mesdames D. W. Spence, Champion, H. Collings, Alex. Peden, Ernest Butler and Messrs. F. C. Dillabough, H. B. Howe, Harry Reid, Gus Meehan, Bob Petch, Andy Hill, Jack W. Gillis, Jimmy Stewart, Gus Brown, Frank Sommers, Herbert Collings and Darrel W. Spence.

Prizes Awarded in Bungalow Contest Cash prizes were awarded last evening in the Bungalow Drawing Competition given by the Canadian Puget Sound Lumber & Timber Company, Limited, for school children, the judges being as follows: First prize, \$10, Barbara Eldridge (14 years); second, \$5, W. E. G. Farmer (14 years); third, \$1, Joan Reid (13 years); fourth, \$1, B. Forbes (13 years); fifth, \$1, Ernest Harris (15 years). Under twelve years: First prize, \$7.50, Merrile Girdwood (11 years); second, \$4, Louise Omundsen (11 years); third, \$1, Alec MacLellan (11 years); fourth, \$1, Kathleen C. Swayne (11 years); fifth, \$1, Helen W. Little (10 years). The prize drawings will be announced in Digton's window, Government Street, on Wednesday afternoon, and later in the window of the W. L. Morgan Fuel Company, Yates Street. The contest was arranged by the Canadian Puget Sound Lumber and Timber Company to create an interest in the home and home surroundings, in the rising generation, and classes from the different schools will later visit the company's factory and see the processes through which the wood passes before it is ready for the builder.

How to Make Pine Cough Syrup at Home This is equal for prompt results. Has no equal for prompt results. Has no equal for prompt results. You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pinex in a 16-oz. bottle and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and pleasant—children like it. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be plentifully loose from the formation of phlegm. The cause is the same—irritated membranes—and this Pinex and Syrup combination will stop it usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment. Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. It is a safe, reliable, and money-saving drug that gives 2 1/2 ounces of Pinex with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont. (Adv.)

HALL'S PULMONIC COUGH REMEDY

ALL BEER TO COME FROM ONE AGENCY; PLAN WILL STRENGTHEN LIQUOR LAW British Columbia breweries have created a central beer distributing agency from which the Government will purchase all beer for sale in liquor stores, it was announced at the Attorney-General's Department today. Amalgamation of all the breweries in the Province has just been completed, following negotiations extending over several months. Creation of a central beer-distributing agency will improve beer conditions in British Columbia greatly in the opinion of Hon. A. M. Manson, Attorney-General, and liquor officials. Under the new plan, all beer being sold through one organization, the element of competition among breweries will be entirely eliminated, it was explained today. "I believe that the new plan will effect a great improvement," Mr. Manson declared today. "I think it will aid materially in the enforcement of the Province's liquor laws." The action of the brewers in forming a central distributing agency followed Mr. Manson's vigorous attacks upon them late last summer. At that time he warned the brewers that unless the beer situation improved the whole Government control law might be wrecked. He threatened to stop buying beer for Government stores from any brewery which sold its product illegally to private concerns or individuals. After the Attorney-General had shown plainly that he was determined to enforce the liquor law as affecting beer, the brewers came to him and suggested methods of improving conditions. Among their plans was the central distributing agency scheme. This has been accepted during the last few days.

POLICE HOLD BALL TO-MORROW NIGHT Social Event Takes Place at Armories Thursday One of the main events of the social season in Victoria is the police ball, which will take place to-morrow, Thursday evening, at the Armories, at 9 o'clock. The building is in process of decoration by an energetic corps of helpers, who with bunting, flags and evergreens are effecting a striking transformation. Ozard's twenty-piece orchestra has been engaged for the occasion from 9 to 3 o'clock, and will render the very latest successes as well as a number of established favorites. A Knabe piano, kindly lent by Willis & Co. will prove a great acquisition. Refreshments will be served from 11 o'clock till 3, and the committee in charge of this important department Sergeants Heatley and Florence and Constables MacLellan and Allen are ready to vouch for its assured success. Chief of Police John Fry will be master of ceremonies, with Constable W. MacLellan as his assistant and the committee are offered as follows: Reception committee, Magistrate George Jay, John Fry, Chief of Police; H. J. O'Leary, Deputy Chief; Messrs. R. H. Wilton, J. T. Boulton, H. Blackstock, Serg. J. T. Boulton, Detectives Phipps, Rogers, McLellan, Calwell and Bamford. Chairman of committees—Chairman, Constable Bishop; secretary, Constable Forster; secretary, Constable Acreman and Constable Jarvis. Tickets are selling fast and may be obtained from police headquarters, or to-morrow night at the Armories.

PREPARE STRONG DELEGATION HERE Supporters of Educational Survey Will Seek Governmental Action There will be a large and influential delegation from the lower mainland in the city shortly to urge an educational survey of the Province. J. E. Wilton, secretary of the B.C. School Trustees' Association, and a trustee of Point Grey, told The Times today. The Vancouver board is organizing the gathering which will come to Victoria just as soon as a date can be set for the audience with Hon. J. D. MacLellan, Minister of Education. Dr. MacLellan told the trustees convention recently that the Government would not oppose the project if a convincing indication of public opinion was presented to the Department.

MUSICIANS AND STAGE WORKERS WANT REDUCTION IN LEVY A manifesto published at the last regular meeting of the Musicians' Union Local 115, places itself on record as supporting the petition of the Associated Amusements of B.C. asking a reduction in the amusement tax. The resolution, embodying this expression of opinion, also receives the support of the International Alliance of Theatrical Stage Employees, Vancouver Local 119. The Musicians' resolution reads as follows: "Whereas the Associated Amusements of British Columbia are petitioning the Provincial Government for a reduction of the amusement tax for a period of one year to five per cent as a temporary measure of relief; "And whereas the Musicians' Union is thoroughly apprised of the serious situation that the Amusement industry as a whole is facing in the Province of British Columbia, and is also convinced that the big factor contributing to this situation is the present amusement tax of ten per cent; "Therefore be it resolved that this Union put itself on record as being in hearty sympathy and accord with the Associated Amusements of British Columbia in their petition for reduction of the Provincial Legislature; "STAGE WORKERS' PLEA "Whereas the theatrical industry in the Province of British Columbia is, in our opinion, suffering under the heavy load of the amusement tax, which at present stands at ten per cent; "And whereas we believe that serious harm will accrue to the industry if it has to face another year under this incubus; "Therefore be it resolved that we most heartily endorse the petition of the Associated Amusements of British Columbia for reduction of the present tax to five per cent for one year as a temporary measure of relief; "Be it further resolved that a copy of this resolution be forwarded by this Union to all members of the Provincial Legislature of British Columbia for their information."

MUSTEROLE Guard Against "Flu" With Musterole

DRINK WATER IF KIDNEYS BOTHER Take a Tablespoonful of Salts if Back Pains or Bladder is Irritated. Flush your kidneys by drinking a quart of water each day. Also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may ten act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acid of uric acid, so they no longer irritate, thus often relieving bladder weakness. Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine you at least twice a year. (Adv.)

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acid of uric acid, so they no longer irritate, thus often relieving bladder weakness. Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine you at least twice a year. (Adv.)

Suggest One Body To Control Soccer Here

Victoria and District Football Association Endorses Plan Advanced By President; Officials of Three Bodies Now In Existence Are to Be Asked to Resign and Lower Island Football Association Formed to Control All Games

One organization to handle football on the Lower Island was the suggestion made to the meeting of the Victoria and District Football Association last night by its president, Alex. Robertson.

According to the plan unfolded by President Robertson all officials of the three existing bodies, the V.D.F.A., Wednesday League and Lower Island Football Association shall resign and leave the way open for the organization of a new Lower Island Football Association, which will have entire charge of the game in this city and district.

This plan was adopted by the V.D.F.A. last night and the officials are all ready to step down, provided the others will do the same, and set the new machinery in operation. It remains for the Wednesday League and present Lower Island Football Association to take action.

In order to have a round table conference an invitation is to be extended by the Victoria and District Association to the officials of the Wednesday League and L.I.F.A. to attend a special meeting to be held next Tuesday evening at 8 o'clock in the Victoria of France clubrooms.

President Robertson in announcing his willingness to retire, intimated that there were too many bodies governing football in Victoria at the present time and that for the good of the game he thought some steps should be taken to centralize the control. He presented his plan for what it was worth, and it is felt that it is the solution of the football trouble in this city.

If a new Lower Island Football Association is formed it would arrange and control the games on Wednesdays and Saturdays and any appeals from decisions made by this association would be taken to the British Columbia Football Association.

Just what progress will be made with this plan remains to be seen. It is rumored that the officials of the present Lower Island Football Association are ready to step down but the matter has not been broached to the Wednesday League yet and it is not known how they will receive it.

Tommy's Intend To Get Revenge For First Loss

Garrison Drawn Against Wanderers in Saturday's Rugby

For the first time this season there will be two games in the Barnard Cup series on Saturday afternoon. The meeting yesterday the Victoria Rugby Union decided to stage its first double-header now that the Navy is back in port and able to put a good effort on the field.

The Navy, which succumbed last Saturday in the only senior league game of the day, is going out to test its strength this week against the champions, the J.B.A.A. They will meet at the Cranmore Road grounds, and a real good game is expected.

The veteran Scott's shoes were fitted to land him. Dunn admits he recently turned down a \$100,000 offer from Brooklyn. But Jack has been holding on to his speedy shortstop, for he realizes that position on the hills is the keystone of an infield.

The new infield at the Yankee Stadium is chain lightning. It is troubling Everett considerably. Another year may be his limit.

Officials of the New York team will neither deny nor confirm the reported transaction with Dunn. Neither will the Oriole club, according to word from Baltimore.

Several clubs in the majors have tried to land him. Dunn admits he recently turned down a \$100,000 offer from Brooklyn. But Jack has been holding on to his speedy shortstop, for he realizes that position on the hills is the keystone of an infield.

The new infield at the Yankee Stadium is chain lightning. It is troubling Everett considerably. Another year may be his limit.

Looks Like Joe Boley Will Fill Scott's Place When Veteran Yank Quits Majors

Joe Boley, International League sensation, probably will be wearing a Yankee uniform before long.

Colonel Jacob Ruppert's scouts have been checking the speedy Baltimore shortstop for some time. Now they're all but closed a deal for him, it is learned from authoritative sources.

And it looks like he'll be stepping into Everett Scott's shoes some of these days. The veteran Scotty himself admits he's running along on his last lap in the majors. When he played his 1,000th consecutive game early last Spring, friends asked him how much longer he intended to play in the big leagues.

"Two years more as a regular if you will let me," he replied with a smile. Hugh Huggins apparently feels just the same way.

Boley, according to the present dope, is regarded as the man best fitted to plug up the big hole that will be left when age finally gets the best of Scotty.

Joe, a protege of Jack Dunn, veteran Oriole manager, is said to possess the most wonderful hands in baseball. He is a big leaguer in every respect and is ready to step right in and deliver the goods, say scouts who have seen him in action.

Several clubs in the majors have tried to land him. Dunn admits he recently turned down a \$100,000 offer from Brooklyn. But Jack has been holding on to his speedy shortstop, for he realizes that position on the hills is the keystone of an infield.

The new infield at the Yankee Stadium is chain lightning. It is troubling Everett considerably. Another year may be his limit.

Dispute Arises in France Over Horse to Run in Big Race

Paris, Nov. 21.—The selection of Epinar, Pierre Wibaux's crack three-year-old as the representative of France in the international cup race to be staged at Long Champs next May, is causing some controversy.

There is a contention in some quarters, that M. Wertheimer's horse should not be allowed the unquestioned supremacy of the French turf without elimination trials, and partisans of Nicias, Cheek Mate, Massine, Le Capucin and Fils de Savoie are asking that the first runner be given a chance to challenge Epinar's claim.

M. Wertheimer refuses, however, taking the stand that he was invited to enter Epinar and has accepted. He captured this year's winner of the French derby and Prix de Paris.

Siki Is Game But Is Badly Beaten And Loses Fight

Kid Norfolk Victor in Wild-Swinging, Thrilling Battle in New York

New York, Nov. 21.—Kid Norfolk, Harlem negro, last night received the judges' decision over Battling Siki, Senegalese conqueror of Georges Carpentier, in the thrilling, spectacular fifteen-round bout at Madison Square Garden. Siki proved a wild, free-swinging battler, but he was badly punished by Norfolk's relentless attack.

Siki, wearing green tights, started the first round with a spectacular rush, but during most of the round Norfolk landed several stiff jolts to the head and body. Siki drove Norfolk to the ropes in the second round with a savage attack that stirred the crowd to an uproar. Norfolk drew blood from the batter's nose, but took a shower of rights and lefts to the head.

Siki set a fast pace in the third, robbing Norfolk with two terrific swings to the jaw. Norfolk's legs kept blood flowing from Siki's nose. Norfolk opened a cut over Siki's left eye in the fourth and battered the Senegalese about the head. Siki's face was a crimson smear as the bell rang.

Siki countered with two wild swings in the fifth that sent Norfolk staggering back, but during most of the round the Kid beat Siki's tactics on his opponent's head. Norfolk sent Siki half way across the ring in the sixth, but Siki came back and exchanged stiff jolts with the Kid as the round ended.

Siki withstood a battery of rights and lefts to the head in the seventh, but during most of the round Norfolk landed a terrific left to the punishment, but occasionally flashed a furious attack that slowed up Norfolk. Siki staggered Norfolk with two slanting punches in the eighth, once driving the Kid to the ropes. They battled in rough and tumble fashion at close quarters.

Norfolk landed a terrific left at the start of the ninth and punished Siki with a left jab. Both slowed up their pace, but the batter retained his smile as he went to his corner. Siki was groggy under a battering attack to the head in the tenth, blood streaming from cuts on his eye, nose and lips. He made a few returns to Norfolk's attack.

Siki was game Siki in distress in the eleventh, lashing the batter with right and left hooks. Siki stood up again in the twelfth round, but he lunged wildly in return, but his blows seldom found their mark. Twice Norfolk's blows seemed low and he was cautioned by the referee. Siki battered about the ring in the twelfth but managed to block some of the Kid's blows and hang on.

Siki started with a wild rush in the thirteenth and landed a succession of smashing lefts to the chin. Both missed with the blows, but Norfolk rushed into the ropes, battering about the jaw. Siki tried hard to connect with a wild swing, but the Kid ducked away and came back with a smash to the head. Norfolk jolted Siki in the chin as the final bell sounded.

Horse Show Will Provide Splendid Attraction To-night

Everything is in readiness for the horse show which is to be staged at the Horse Show Building at the Willows to-night. His Honor the Lieutenant-Governor will formally open the show. A splendid programme has been arranged and the horses are all in good shape for their performance.

The programme is a varied one and includes jumping, the Corinthian class, bonding events and many other events usually associated with horse shows. A feature of the evening will be the polo games. This is the first time that the indoor game has been played here and there should be plenty of thrills.

President Robertson in announcing his willingness to retire, intimated that there were too many bodies governing football in Victoria at the present time and that for the good of the game he thought some steps should be taken to centralize the control.

This plan was adopted by the V.D.F.A. last night and the officials are all ready to step down, provided the others will do the same, and set the new machinery in operation. It remains for the Wednesday League and present Lower Island Football Association to take action.

ADOPT FIVE-YARD RULE

The Victoria Rugby Union has decided to enforce the five-yard rule. This is in effect in the McKeechie Cup series, and it was deemed good policy to enforce it in the city series.

The rep rugby team is to begin season training on December 1 for its McKeechie Cup games. The red shirt and white shorts of the Nainaimo Horners on December 25 and on January 5 the champion Varsity fifteen will be here to engage in a struggle, which is expected to prove the greatest game of the season.

Vancouver, Nov. 21.—Varsity rugby is to begin season training on December 1 for its McKeechie Cup games. The red shirt and white shorts of the Nainaimo Horners on December 25 and on January 5 the champion Varsity fifteen will be here to engage in a struggle, which is expected to prove the greatest game of the season.

Three Games to be Played To-night in S.S. Hoop Leagues

Three games will be played to-night in the Sunday School Basketball League series at the Trades Hall. Belmont Methodists, last year's winners of the intermediate "B" boys' league, will meet the Greys from First Presbyterian.

The Falcons, who are leading the intermediate "A" division after a win over James Macdonalds, will meet the St. Andrew's five in what should be a fast game.

First Presbyterian senior men play the On-we-gos in the senior men's division. The programme is as follows: 7.30 p.m., intermediate "B" boys—Belmont vs. Greys.

8.15 p.m., intermediate "A" boys—St. Andrew's vs. Falcons. 9 p.m., senior men—First Presbyterian vs. On-we-gos.

Two really good basketball games are scheduled for to-morrow evening at the V.I.A.A. gymnasium, Victoria West, between the following teams: 8 p.m., ladies' game—St. John's vs. V.I.A.A. 8.45—V.I.A.A. seniors vs. V.I.A.A. intermediates.

The line up of the V.I.A.A. teams will be as follows: Ladies' team—Mrs. Dix L. Brown, Mrs. Davies, C. Passmore and J. Pollard. Intermediates—J. Bothwell, Bud Hocking, C. Menkus, W. Passmore, McLellan and Dunn.

In Memoriam Winner of Race Pictures Reveal

New York, Nov. 21.—Slow motion pictures of the Zev-In Memoriam match race Saturday, at Churchill Downs, Louisville, exhibited yesterday for the first time by the Pathe Company, show in dramatic form an apparent victor by a half head, although at least, of this margin was due to the location of the camera six feet beyond the finish line.

The judges declared Zev winner in one of the most thrilling thoroughbred races in history. Calculation of the camera's location to the wire and distance from the horses at the finish gives In Memoriam an advantage of about four inches in the pictures, according to an explanation made by Emanuel Cohen, Pathe editor, to newspapermen, who witnessed a special showing of the films. Discounting this, however, it was pointed out, In Memoriam apparently had a head of approximately eight inches, inasmuch as the margin actually apparent in the pictures is about 12 inches.

The pictures show that Zev got off to a bad start, veering wide, and losing considerable ground. Jockey Earl Sande, up on the conqueror of Papyrus, and Max Garner who piloted In Memoriam, both whipped their mounts frantically in a driving finish.

Louisville, Ky., Nov. 20 (By the Associated Press).—Little Chance for a match race between Zev, In Memoriam at Bowie during the present race meeting here is seen by Robert Gilmore, trainer of Carl Wiedmann's crack three-year-old.

Bowie, Md., Nov. 21.—Hopes of a match race between Zev and My Own on this or any other track this year were dashed when Zev, Oct. 20, went down to defeat in the Prince George handicap here yesterday. The Grayson colt, a top-heavy favorite, finished sixth in a field of nine. He was never a serious contender and his owner said he would be withdrawn for the rest of the season.

King Solomon's Seal won in a drive from Dumlin, with Flagstaff third, the time for the mile and one-furlong being 1:56 1/5—one-fifth of a second slower than the track record. The winner was almost overlooked in the speculating, paying \$3.50 for each 1/2 ticket.

Arthur Havers Will Visit States Along With Jim Ockenden

New York, Nov. 21.—Arthur Havers, British open golf champion, and James Ockenden, open champion of France, will arrive in this country on December 20, according to cable advices received in New York today by Joe Kirkwood, the Australian golf professional. Havers and Ockenden will spend about three months in the United States, and will take part in exhibition matches on the Pacific Coast and in the various open tournaments scheduled to take place in the South during the winter months.

The international match between Havers and Gene Sarazen, the American professional golfers' association champion, originally scheduled for this Fall, has been postponed on account of the death of Havers' father, is expected to be played at Miami towards the end of the winter season.

San Francisco, Nov. 21.—Ed "Strangler" Lewis, heavyweight wrestling champion, again demonstrated his superiority over Andrea Costanoso, local Spanish grappler here last night when he pinned his opponent's shoulders to the mat twice with his famous headlock. It was the same hold that defeated the Spaniard in their match here last week.

The two men struggled for one hour, 36 minutes and 45 seconds before the champion won his first fall. The second fall came eight minutes and 12 seconds later.

Seattle, Nov. 21.—When a bantamweight gives away four or five pounds he is putting himself under a considerable handicap. Last night at the Crystal Pool, Teddy Silva, the little Los Angeles bantam, did this, and Vic Foley, who calls Vancouver B. C. his home, walked away with a decision in six rounds of clever mugging.

Foley looked better last night than he has in his last few bouts here. The little Irishman is a fighter and he prefers slugging to boxing. Instead of going out to spar with Silva as Spider Roach used to have him do during the early rounds, Foley tore in and slugged his way to victory. Although he was beaten, Silva was not disgraced by any means.

Looking Things Over

It now transpires that Papyrus, English Derby winner, would have been bought by an American had he been beaten Zev in the memorable International race at Belmont Park Saturday, October 13. The colt was reported to be for sale by his trainer, Basil Jarvis, and Montfort and B. E. Jones, the brothers who own the Audley Farm near Berryville, Virginia, had expressed a willingness to pay \$250,000 for him. This figure would no doubt have induced Barney Irish to part with his pet, as he afterwards sold Papyrus to an Englishman, J. P. Horning, shortly after his arrival back in England, for a figure said to be considerably less.

The future career of Papyrus will be watched with a great deal of interest by turfmen on this side of the Atlantic, as it is stated the horse will be raced as a four-year-old, which means that he will likely be sent after the Ascot Gold Cup and other English turf fixtures.

Fredericton, N.B., Nov. 21.—Fox farming in New Brunswick will be the future occupation of Herb Pennock, star southpaw pitcher of the world champion New York Yankees. This has been revealed during the annual encounter with the University of British Columbia hockey players. The University is sending over both a men's and a women's team to play the local enthusiasts at the Willows on January 5.

WRESTLER FINED

Oakland, Cal., Nov. 21.—Ad Santel, claimant of the world's light-heavyweight wrestling title, was fined a fine of \$10 in police court here yesterday for battery. His automobile collided with a street car here. When the motorman alighted and advanced, controller in hand, Santel said he thought he was about to be attacked and applied a wrestling hold to subdue the street car man.

HOLLANDER WINS GAME Detroit, Mich., Nov. 21.—Displaying unerring skill and decision in his play and following up his advantage wherever possible, Ary Bos, of Holland, won his second game in the pinning title tournament here today, defeating Albert J. Cutler, of New York, 200 to 255, in fourteen innings. Bos made a high run of 167 in the seventh, while Cutler's best run was only 100 in the twelfth inning.

In the second afternoon game, Jean Bruno, of Australia, completely overcame David McAndrews, of Chicago, 300 to 95, in fourteen innings. Bruno's high run of 155 came in the thirteenth inning. McAndrews' run of twenty-nine in the thirteenth inning was his best. He was far off color and his miscues were frequent.

# THE TIMES DAILY PICTURE PAGE

## GERMANY BOILING WITH REVOLUTIONS

Monarchists Fight Republicans, Bavarians Fight Prussians and Wittelsbachs Fight Hohenzollerns

General Von Seeckt, new commander-in-chief of Republican Army.

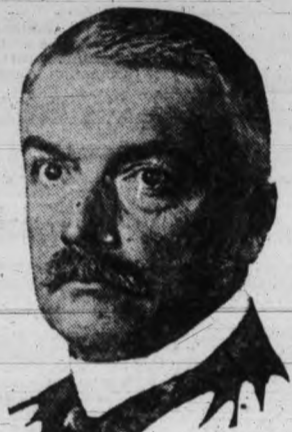

General Ludendorff, supreme commander of Hitler's forces, also arrested.

Adolph Hitler, Germany's would-be Mussolini, arrested by republican troops.

Bavarian Premier Von Knilling.

Dr. Karl Heinze, virtual dictator of Saxony.

Count Westarp, a leading militarist.

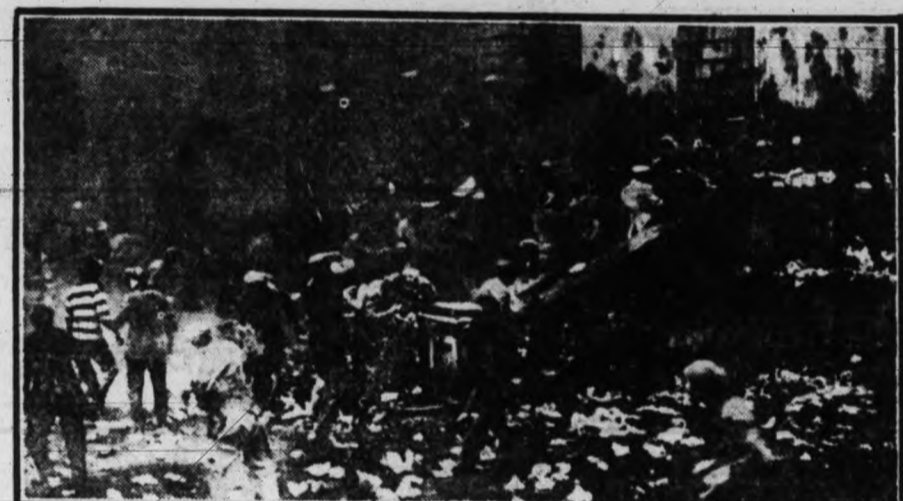

General Von Lossow, Minister of War.

Dr. Otto Von Kahr, newly proclaimed regent of the Reich.

EUGENE V. DEBS, several times Socialist candidate for the Presidency of the United States, is dangerously ill at his home in Terre Haute.

EXTRA! HORRIBLE RIOT!—April Fool! It isn't a riot at all. Merely students of Edinburgh University, Scotland, indulging in a bit of play. Plenty of mud-slinging and rag-throwing, and a grand and glorious time was had by all.

## SCHOOL DAYS By DWIG

GEORGE HARVEY, who has resigned as ambassador to the Court of St. James, has arrived in New York. This photo was snapped on shipboard.

J. D. OF EUROPE.—Henry H. Detering, Director-General of the Royal Dutch Petroleum Co., often called the "oil king of Europe," is in this country. It is not known whether his arrival has any industrial significance.

## FOOD AND GOLD—BOTH ARE VERY SCARCE IN GERMANY

Police! Some Berlin citizen has been fortunate (?) enough to get hold of a suitcase of paper money—million mark notes. He had to have a policeman help him get it safely out of the Reichsbank. Two dollars would have bought all the marks he carried away that day. On the following day a dollar would have accomplished the same thing.

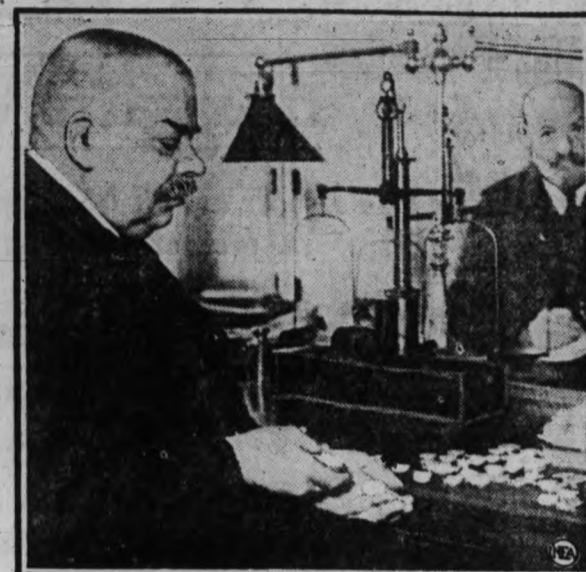

Photo shows an official of the Reichsbank in Berlin counting the gold resources of the institution. Formerly more than one man was needed for the job—but not now!

Old women are Germany's chief sufferers. This picture might well be called the greatest human interest photograph to come from the "new" Germany. It shows them waiting patiently at a Salvation Army soup station. They are holding coupons—money is worthless.

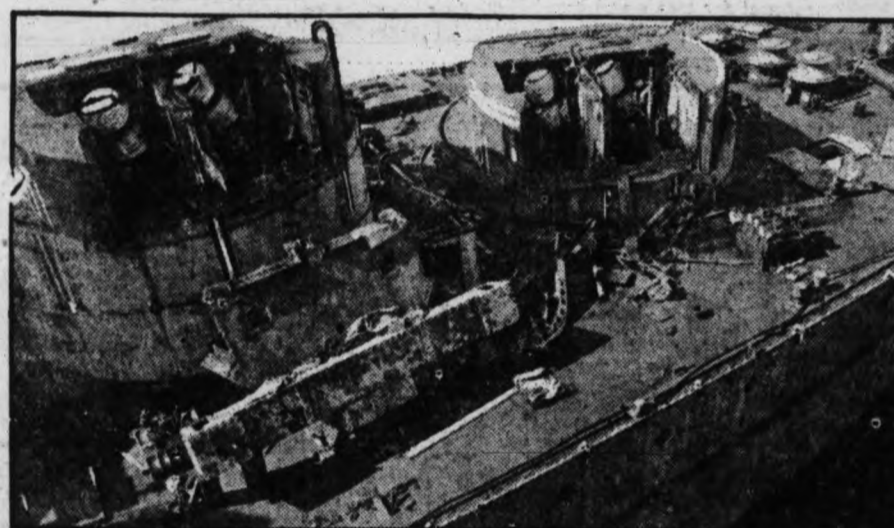

Hope springs eternal in the breast of the Reichsbank in Berlin. Marks are practically worthless, but they hold on to 'em anyway. Here is an employee of the bank counting the paper money—a good way to pass the time.

PRINCE HENRY, husband of Queen Wilhelmina of Holland, is conferring with the German government over the possible return of the ex-Kaiser to his native land.

SIR JAMES MATTHEW BARRIE is in a London nursing home, said to be suffering from nervous breakdown, brought on by overwork.

BULLDOG'S TEETH ARE PULLED.—Just what the navy scrapping treaty has meant to some of the best known battleships is shown by this picture of the forward deck of the U.S.S. Michigan, which is being junked at the Philadelphia navy yard. All the guns, etc., have been dismantled, and the remnant of the fighter is offered for sale.

PERFECT!—This foot—that of the wife of a prominent financier of Paris—is said to be the smallest in France. It's a No. 1. Do you have a smaller foot?

FAST WORK.—Electricity certainly puts Old Sol to shame in the Westinghouse Electric Co. plant at Baldwin, L.I. Experiments conducted there prove that plants subjected to the heat of 500-watt electric lamps, grow with double the speed of those subjected only to sunlight. Production of the world may be greatly increased by the discovery.

AT THE FUNERAL.—Hooded members of the K.K.K. attended the funeral of W. S. Coburn, killed recently.

THE LATEST NEWS FROM ALL OVER THE WORLD

STRAKE WAKES STRONG AND ACTIVE

(By British American Bond Corp. Ltd.)
New York, Nov. 21.—The stock market today started with good gains in the railroad group, traders being influenced by a statement of a prominent speculator that this group should improve considerably from now on.

## FOR THE CHILDREN

### The Sandman Story For To-night

Yes, there they were, the Grandmother pies, all singing as they sidestepped back and forth on the shelf. "Oh, we are the Grandmother pies and the Grandfather soon will be seen. For to those who eat pies at night we always appear in a dream." Frank had not believed it when his mother told him that if he ate the second piece of pie he might dream of great grandmother pies, but there they were when he opened the pantry door.

And now on the shelf below another row of big pies stood up and began to dance and sing.

"Oh, we are the Grandfather pies, and the cousins and aunts you will see." "All come to make merry your dreams. Oh, jolly old pies are we."

Frank had thought it all very funny until on the shelf below the Grandfather pies another row got up on their little stick-like legs and began to dance, then he saw that one big pie had only half a face.

"Oh, we are the cousins and aunts—we're mince and all of a kind; but though we are mince, we never mince matters, you'll find."

Frank began to feel very uncomfortable. He couldn't say why, but he thought it was on account of the pie with half a face, for it seemed to be looking straight at him with the one eye it had. He wished he had not eaten the second piece of mince pie for dinner.

When the cousin and aunt pies stepped to the end of the shelf and with one stick-like arm pointed right at Frank. "There he is," said the aunt pie. "That is the boy that spoiled my face. Ate half of me, that's what he did."

"Oh, oh!" said all the Grandmother pies, and the Grandfather pies took up the cry. Frank thought they must wake everybody up in the house if they kept up the dreadful noise.

"At your other half, did he?" said all the cousins and aunts. "Well, we will take his face, half of it, and make yours whole. Where is the essence and the fat?"

Out from under the shelf jumped a big wooden bowl on the same stick-like looking legs the pies had.

## THE STEP ON THE STAIR

BY ANNA KATHARINE GREEN

Author of "The Leavenworth Case," "The Filigree Ball," "The Mystery of the Hasty Arrow," Etc.

And a sharp knife-faced looking creature hopped after the bowl man, and took half his face for our cousin whose face he spoiled," commanded the cousin and aunt pies.

"But there were others at the table who finished a whole pie," pleaded Frank. "I don't think I should be punished for eating pie."

"No one had two pieces of pie but you," replied the cousin and aunt pies. "If it had not been for you we should not have a half-faced relative. And it must be cured; it can't be endured, not in pie land, anyway. Chop off half his face."

Frank started to run as the chopper man and the bowl man reached toward him. And he must have escaped from them, he thought, for here he was standing by his bed, the moonlight streaming in through the window.

"What is the matter?" said his mother, helping Frank back into bed. "You must have been dreaming and jumped out of bed. I guess the cold floor woke you up when your bare feet touched it."

"I told you not to eat two pieces of pie. Now go right to sleep again and forget the bad dream."

The next morning Frank had almost forgotten the dream, but he did remember something about dancing pies in the pantry, so he opened the door and looked in. But the mince pies there were resting in the plate as party-faced as any pie should look and the half-pie that had been so angry in his dreams was as silent as the others.

"Just the same I won't eat but one piece of pie for dinner to-night," thought Frank. "I don't want that chopperman to catch me."

## THE STEP ON THE STAIR

BY ANNA KATHARINE GREEN

"No reading this morning, Quenton. I have an errand for you. One which only you can do to my satisfaction." And thereupon he told me what it was, and how it might take me some hours, as it could only be accomplished in a town some fifty miles distant. "The car is ready," said he, "and I would be glad to have you take it now as I want you to be home in time for dinner."

I turned impulsively, casting one glance at Orpha.

"You may take Orpha."

But she would not go. In a flurry of excitement and with every sign of subdued agitation, she hurriedly rose and came over way.

"I cannot leave you, Father. I should worry every minute that Quenton will pardon my discourtesy, but with him gone and Edgar not yet here my place is with you."

"I got that dispute it, nor could he. With a smile half apologetic, half grateful, he let me go, and the only consolation which he turned to was that of his former antagonists. For nearly a month we turn have done his typewriting and never has he faltered in his dictation or seemed to lack decision as to what he wanted done. You may rest easy about his employing two lawyers even in one day. With so many interests and such complicated affairs about him, late and care for I only wonder that he does not feel the need of a dozen."

A little quivering smile answered this; and it was the hardest thing I have ever seen on his face. He took her sweet, appealing figure in his arms and comfort her as my heart prompted me to do.

"I hardly think Dr. Cameron would say any different. You can put the question to him when he comes in."

But when she had fitted from my side and disappeared in the hall above, I asked myself with some misgiving whether in encouraging her in this fashion, I had quite considered the effect of my own explanation of the same.

Had he not sent me out of the house in a fit of anger, and covered the time likely to be consumed by these two visits I might not have concerned myself beyond such complicated matters as the flight of my own power to discern?

"Alas! I was not to know that day, nor for many others. What I was to know was this. Why I had frequently seen Marib, and, yes, I will admit it, Clarke—the hard-headed, unimaginative Clarke—always step more quickly than they could to the flight of stairs leading to the third floor.

I was on this flight myself that night and about half way up, when I was struck by a brooding and unexpected sound as at the time before—but by a prickle of my scalp and a sense of being pulled back by some unseen force which brooding in my mind and rushed pell-mell to the top with a laugh on my lips which however never reached my ears. Then reason reasserted itself and I went straight on in the direction of my room, and was just turning aside from Wealthy's cozy corner when I saw some screen which brooding in my mind and revealed her standing there. She had seen me through a slit in the screen and for some purpose or other showed a disposition to speak.

Of course, I paused to hear what she had to say.

It was nothing important in itself, but to her devotion everything was important which had any connection with her sick master.

"It is late," she said. "Clarke is out and I have been waiting for Mr. Bartholomew's bell. It does not ring. Would you mind—Oh, there it is," she cried, as a sharp tinkle sounded in our eardrums. "You will excuse me, sir," releasing me with a gesture of relief.

An episode of small moment and hardly worth relating; but it is part

## Vancouver Island News

**FINED FOR TAKING FIREARMS ON LAND AFTER WARNING**  
Special to The Times  
Duncan, Nov. 20.—Before Magistrate James Maitland-Douglas, J. H. Crane, of Victoria, was summoned on Monday, for going on the enclosed land of another person at Corfield, Cowichan Bay, with firearms, without the permission of the owner, lessee, or occupant thereof, on November 12. Evidence was brought that the accused had committed the same offence on the previous day, when he had been warned. He was fined \$10 and costs.

There was only a small attendance at the card party arranged by the Cowichan Women's Institute on Monday evening. Mrs. Fofe and Mr. Labron were the winners of the first prizes, Mrs. Day and Miss Bell winning the consolation prizes. Mrs. Fleming and Mrs. Neal acted as hostesses, assisted by Mrs. G. Henderson, Mrs. J. A. Macdonald, Mrs. Storey and Mrs. Warwick.

There will be no more of these parties in this series this year, as it is thought people are too busy now getting ready for the holiday season.

## NANAIMO NEWS

Nanaimo, Nov. 21.—Nanaimo Unit, Army and Navy Veterans' Association was organized on the evening of Monday, Nov. 19, at the residence of George Gardiner, of Victoria, first vice-president of the provincial association; and B. G. Elphick, provincial secretary, the Nanaimo Unit starting out with an initial membership of twenty-five, and the following officers:

President, Comrade B. R. Bell; first vice, Comrade Fogden; second vice, Comrade Adams; secretary, Comrade Adamson; treasurer, Comrade Wilson; sergeant-at-arms, Comrade Blair.

The Nanaimo Unit has its headquarters in Queen's Hall, Victoria.

## SIDNEY PERSONAL NEWS

Special to The Times  
Sidney, Nov. 20.—There was a most successful and enjoyable card party given in the Deep Cove Social Club Hall, on Monday night. Twenty tables were occupied; military five hundred was played. The first-prize winners were: Mrs. J. Copthorne, Mrs. B. Deacon, Mr. C. Moses and Mr. C. Bradbury.

Those winning second prizes were: Mrs. Thomas, Miss M. Copthorne, Mr. B. Horth and Mr. B. Copthorne.

The winners of the consolation prizes were: Mr. and Mrs. Bristome and Mr. and Mrs. Derrick.

Those in charge of the delicious supper were: Mrs. Calvert, Mrs. Mears, Miss M. Horth and Miss N. Livesay. After supper Mrs. J. Copthorne sang; Mrs. G. McLean played the piano and Mr. B. Copthorne recited.

Mr. Bowman has returned from his long trip to the United States.

Miss C. Beales, of Victoria, has been staying with Miss Copthorne.

A grand concert and dance will be given in the Deep Cove Social Club Hall, under the auspices of the concert committee, on Friday, November 23, at 8:30 o'clock.

The annual meeting of the senior A. S. Andrew's Branch and the W. of M. of the Victoria, British Columbia, is to be held in Matthew's Hall, on Thursday, November 22, at 2:30 o'clock. The two branches are to be amalgamated. Mrs. Dixon, of Victoria, is to speak at the meeting.

Mrs. Philip has returned home after a few days' visit to her mother, Mrs. Dundas, in Vancouver.

## A GOOD SUGGESTION

The librarian at a certain museum was engaged in a cataloguing and arranging some ancient books that had just arrived from Egypt, when he noticed a perplexed look on the face of his assistant.

"What's the matter, Brown?" he asked. "Is there anything that you don't understand?"

"Yes," answered Brown. "Here is a small papyrus on which the characters are not decipherable. How shall I class it?"

"Um!" thoughtfully returned the librarian, examining the papyrus. "Suppose you call it a doctor's prescription in the time of Pharaoh!"

## Times Book Review

By Prof. W. T. Allison

**LITERARY NOTES**

Major John Richardson, author of "Wacousta," a new edition of which has just been published, was born near Niagara Falls, Upper Canada, in 1797. His father was an army surgeon, and his mother, a Miss Erskine, had been educated in a convent in Montreal. He was educated, apparently, partly at home, partly at Amherst and Detroit, since during his father's absence on service at St. Joseph's the son was left with his maternal grandfather, whose residence was in that part of the country. He volunteered in the war of 1812, and was present at many of the engagements of which he gave an account in his volume on the subject. Subsequently he fought in Spain with the British Legion, and during his service on the continent, he composed "Wacousta." In 1828 he returned to Canada as a special correspondent of The London Times. "But gave up the occupation on account of political differences with his employers." He established The New Era in Brockville in 1840, three years later organized a second newspaper in Kingston, and in 1845 was appointed superintendent of the Welland Canal at ten shillings a day. This position he held a very short time, and when the police were disbanded he left Canada for the city of New York.

F. H. Kirkpatrick, who has just published a practical book entitled, "Public Speaking, A Natural Method," is well known throughout Canada by reason of his large circle of former students at the Conservatory School of Expression and other colleges. During the Summer of 1923, Dr. Kirkpatrick spent three months in connection with Chatsquis, in the Western Provinces. He is also special lecturer on public speaking in McMaster University, St. Augustine's Seminary, and the extension department of the University of Toronto.

Oriental laundriesmen carry their recommendations with them, reports Dale Collins in "The Bee-Tracks of the Speelacks" (Doubleday, Page & Co.). "At Ambolia the laundriesmen who flocked out to us unfurled huge sheaves of testimonials. They were

## RUSSIAN GROUPS COME TO CANADA

Sixty-Six Boys and Men Are to go to Work

Montreal, Nov. 21.—Twenty-six Russian boys, ranging in age from sixteen to twenty-two, are in Montreal having arrived yesterday en route to the Canadian and British Governments. They are refugees from the Bolshevik Government in Russia and were taken care of by the British mission at Constantinople. Positions have been found for fourteen of them on Quebec and Ontario farms and it is expected the remainder will be placed shortly.

Another party of Russians arrived in Montreal at the beginning of the week. There are forty in the party and they are under contract for lumbering work in Northern Ontario.

## Pro-phy-lac-tic Tooth Brush

The library of the late Sir Robertson Nicol was recently sold at auction in London. There were in all 20,000 volumes and they brought a total of £1,000. The books in many cases were the worse for wear and there was little to take the collector's fancy.

Johannes V. Jensen, the greatest of living Danish novelists and poets, will visit London this Winter, where he will deliver a lecture before the Shakespeare Association on the character of Hamlet, concerning which he has unorthodox views derived from the old popular tales of Denmark. Mr. Jensen lives in Copenhagen, and is said to be an extremely retiring personality. His latest works, "The Long Journey," "Fire and Ice," and "The Cimbrians," just published by the Methuen Co., are two of the finest imaginative tales of the early Northmen ever written.

The following striking poem on John the Baptist recently appeared in "Rhythmus," an English poetry magazine:

**BEHOLD THE BAPTIST!**  
A wild pleasure for St. John,  
The desert under his feet,  
Under red cliffs pondering,  
Shaggy-headed, facing down,  
Stooping to look upon a triak,  
Meditating by his brink,  
Stripping fruit from desert trees,  
Stealing honey from the fierce small bees.

A wild pleasure for Saint John,  
Visionary, swift and thin,  
Wrapped about by a goat's skin,  
Nothing more had worked or woman  
(Woven) like a hairy beast,  
Curled in a beast's cave to rest,  
Breathing from a saint's elation  
Of the terrible and lonely pathway to  
salvation.

A wild pleasure for Saint John,  
A blinding recognition,  
To have known his Lord and mission,  
From the desert to have gone,  
Shining from outrageous things  
In the angry ears of kings,  
The hill that head from desert sands  
A Princess hot with dancing carried be-  
tween her hands. W. T. A.

**SPENDING MONEY BEFORE GETTING IT MAKES CITY TROUBLE**

Ex-Mayor Marchant appeared before the Municipal Committee at the Legislature and urged the advantages of monthly payment of taxes.

"The small man comes monthly to the city hall to pay his water rates, and he can pay his taxes then," he said. "There would probably be a larger collection of taxes."

Chairman Jackson suggested that in the city's private bill such collection, which had been attempted here and abandoned, might be made permissive instead of being stricken out altogether this year.

City Solicitor Pringle explained the difficulty was that the City Council changed the system back and forth. Mr. Marchant asked for a test of

five years before it was finally decided against.

The damning fact is that we overspend in Victoria," he went on, complaining of the old idea of spending money first and spending it afterwards.

"Borrowing money in advance has cost Victoria enormous sums. For interest and charges on its overdrafts Victoria in 1917 paid \$25,648. In 1918 the cost was \$40,000; in 1919, \$46,000; in 1920, \$60,000; in 1921, \$59,000; in 1922, \$57,000."

Mr. Marchant said that under the system of spending before the money is collected has resulted in there always being a deficit since 1913.

Alderman Sargent denied reports that the powers sought in the city's private bill meant a change in the present system.

"We have no intention of disturbing the present system of monthly payments," the alderman said. "We are having taxes paid in right along by people who want to make monthly payments."

**DEFINES ROUTE OF HIGHWAY ON ISLAND**

**Canadian Highway Association Adopts Policy to Aid Insular Section of Objective**

A proposal to define the route of the Canadian Highway on Vancouver Island received endorsement at a meeting of the association yesterday afternoon.

The motion, as adopted, recommended the route by ferry connection from Steveston to Sidney, thence by road to Victoria, and westerly to Jordan River; thence by a West Coast road to be built as near the Pacific Ocean as feasible, running from Barkley Sound to the Albernis, and thence by the best route to Strathcona Park. No attempt was made to define the route northerly beyond the Provincial Government reserve, except generally north-westerly to Cape Scott.

This route is to be indicated on the new map to be issued on a pamphlet defining the aims of the Association for which tenders were received, and opened. These tenders were referred to a committee for action.

Secretary F. Gloms read the report of the delegation to Hon. W. H. Sutherland last week, and the result was considered satisfactory.

It was decided to ask the secretary of the Victoria branch of the Automobile Club of B. C. to bring the aims of the association to the notice of his club for endorsement, and this Mr. Webb promised to do.

In connection with the presentation of framed copies of the photograph of planting of the first post of the Canadian Highway at Port Alberni, on May 4, 1912, to certain leading public men in Canada, W. H. Dawes, Secretary of the Sidney Board of Trade, asked for one for the arch at Sidney, a course which will be followed later.

**TWO MEDALS FOR PATHFINDERS**

**Highway Association Will Encourage Motorists to Use Canadian Route**

At the meeting of the Canadian Highway Association held yesterday afternoon, details were explained of two gold medals yet to be claimed by pathfinders in the realm of transcanadian highways.

One of the medals was purchased from a balance of the funds of the original Victoria Motor Club, the earliest motor club in Canada, which was the predecessor of the Island Automobile Association. The medal has now passed into the custody of G. D. Christie. Mr. Christie is in charge of the award until it can be claimed by the first motorist from Winnipeg to Victoria by the Canadian route.

The other medal was donated by Alderman A. E. Todd to the Island Automobile Association for presentation to the first automobile touring continuously from Louisburg, N.S., to Victoria. The Association, after some discussion, adopted a suggestion moved by Stephen Jones to make the Eastern terminus at Halifax, as the Nova Scotian capital, although the interest in Louisburg was the French-Canadian headquarters in Canada. Mr. Beckwith, however, agreed that Halifax might gain for the Association more publicity.

This medal can be won from West to East, as well as from East to West, but as some of the regulations are out of date a committee, headed by Alderman Todd, as donor, was named to revise them.

The meeting decided to obtain whatever publicity was possible in the interest of the competitions, so that next year there may be renewed interest in earning them.

One dollar, invested for 100 years at six per cent, compounded, will earn \$338.94. Three per cent, it would earn only \$19.21.
