VICTORIA, B.C., SATURDAY, SEPTEMBER 20, 1924

BRITISH AND FRENCH DECIDE DISARMAMENT

ABORIGINAL MURDER CHARGE FROM SORCERY ALLEGATION IN LIARD RIVER DISTRICT

Remarkable Case Reported, From Police Patrol Arriving at Telegraph Creek With Five Prisoners Charged With Participation in Horrible Superstition.

Belief in the exercise of sorcery dies hard in savage tribes, but that nomadic Indians should put to death a fellow creature in the twentieth century is surprising.

A Royal Canadian Mounted Police patrol yesterday reached Telegraph Creek with an Indian woman charged with murder of an aboriginal boy or youth named Atol or Moccasin at the Thirty Mile bar of the Liard River, who the tribe alleged practiced witchcraft. With the woman are five fellow tribesmen of the Nelson River band, all of whom except the interpreter being charged as accessories or as material witnesses to the crime.

D. SPENCER, LTD. NOW ABSORBS WEILER BROS.

Pioneer and Largest House-furnishing Firm Taken by Big Department Store

Stock Over Quarter Million Dollars Involved in Business Deal To-day

Purchase of the business of Weiler Bros. Limited by David Spencer Limited was announced today by J. W. Spencey, secretary-treasurer of David Spencer Limited.

By this deal, involving a stock valued at \$275,000, Victoria's oldest house-furnishings business is absorbed by another pioneer Victoria firm, the one which was first to launch on the general department store business in this city.

The big store, occupying half a city block at Government and Broughton Streets and running back to Gordon, was open to-day for the first time under the name of Weiler Bros. The business, which has grown up around that name for more than sixty years passes as the store closes at 6 o'clock this evening.

U.S. WORLD ARMEN FLY TO EL PASO

Aviators Make Jump From Dallas; Fight Strong Head Wind During Journey

Sweetwater, Tex., Sept. 20.—With the United States world fliers arrived here 12.35 p.m. en route to El Paso, Texas.

China Becoming Advertising Field

SHENG SHUNG HO. WASHMAN CAREFULLY WASHING DONE OF VERY DESCRIPTION PEKING

DON'T MISS DORCHESTER. Monday, Sept. 22 to Wednesday, Sept. 24. WHAT OTHERS SAY: Dr. Benedict Lust, Editor of the New York Herald of Health—'Dr. F. E. Dorchester is a true and genuine Naturopath whose conceptions reach up to the very heights of Nature Cure.'

Cunard

CANADIAN SERVICE

to Europe

Via the glorious
St. Lawrence Route.

THE Cunard-Canadian Route to Europe is absolutely unique in one respect — Montreal is the only "ocean port" in the world situated 900 miles from the sea, while Quebec is about 750 miles inland.

Both ports are used by the Cunard Line steamers. The magnificent oil-burning 20,000-ton ships, "CARMANIA" and "CARONIA" sail from Quebec to Queenstown and Liverpool — the popular "A" ships, "ANDANIA," "ANTONIA" and "AUSONIA" from Montreal to Plymouth, Cherbourg and London.

Cunard appointments, cuisine and service make your trip to Europe one of uninterrupted enjoyment, that will ever hold a treasured place in your memory of life's pleasures. And you are assured this, whether you travel Cabin or Third Class. For rates and sailing dates, see the Cunard Agent in your town, or write to

The Cunard Steam Ship Co., Limited
622 Hastings St., W. — VANCOUVER, B.C.

The rich man was motoring through a country district when he came across an old man seated outside a cottage with all his furniture around him.

stopping his car and giving the old fellow a pound note. "What's the trouble? Ejected, I suppose?"

"No, sir," was the mournful reply; "it's just my old woman whitewash- ing."

Mineral Salts--and Bread

It is important to you to know that Shelly's Bread is made of ingredients that supply calcium, phosphorus, iron and other essential mineral salts. According to high medical authorities these elements are necessary to the healthful diet.

You do not have to eat a dozen specially selected foods to get these, for good bread has a free supply of all. For the balanced ration nothing can quite substitute for Shelly's Bread. Eat more of it; serve it in various forms. But be sure you always get Shelly's, for "There's a difference in bread."

Serve Scalloped Tomatoes to the family to-night. Watch how they eat them, and my, how good it is for them.

SCALLOPED TOMATOES

- | | |
|------------------------|--------------------------------------|
| 1 pint canned tomatoes | 1 tablespoon grated onion |
| 2 cups bread crumbs | 4 tablespoons grated Canadian cheese |
| 1 teaspoonful salt | 1 cup finely minced celery |
| 2 tablespoons butter | 1/2 teaspoon paprika |
| 1 tablespoon sugar | |

Drain liquid from pint can of tomatoes. Butter baking dish, cover bottom with half of the tomatoes. Over this sprinkle half of the following: Salt, sugar, paprika, onion, cheese and celery. Then add half the bread crumbs and half the butter. Add remaining layer of tomatoes and other ingredients. Cover dish with remaining half of the bread crumbs and the butter. Bake twenty minutes in a hot oven. One half cup of chopped nuts may be added to make this a meat substitute.

One of the most comfortable corsets made for this type of figure. A circular section under bust gives added comfort. Long skirt and long over hip with elastic inserts assure perfect freedom.

Price \$9.50

Snowy Table Linen

Of all things, table cloths and napkins benefit most from the mild, cleansing Sunlight bath. An ordinary washing wears table linen out even more than table use. How different the Sunlight way! Just soak the clothes, after rubbing lightly with Sunlight Soap, and all dirt is loosened, all grease dissolved—and this without any grinding rub on the wash board. Then you rinse and the dirt just runs away. Result: freshness, purity and snowy cleanliness.

LEVER BROTHERS LIMITED TORONTO

SUNLIGHT SOAP

The pure lather of Sunlight Soap cleanses the clothes naturally, NOT chemically. The \$5,000 Guarantee of Purity is stamped on every tablet of Sunlight Soap.

AT THE THEATRES

**Genuine News Room
Shown in Screening
"It Is the Law"**

So much criticism has been leveled at motion picture producers and directors in the past for their inaccuracy in reproducing scenes showing newspaper offices and reporters at work that J. Gordon Edwards, who directed the Fox special production, "It Is the Law," at the Pantages, used the city room of one of the New York papers as his model in building a newspaper office scene for the picture. He even went further than that and enlisted the services of several genuine New York reporters to appear in the scene.

The section of the newspaper office which will be shown reproduces a busy corner in the office of the Morning Telegraph.

**Mae Murray Says
She Answers Admirers
In Own Handwriting**

Mae Murray, Metro star whose latest photoplay, "The French Doll," is now showing at the Playhouse Theatre, is a "Consulting Engineer in Dancing" as well as the screen ex-

ponent of the art. Miss Murray has been offered fabulous sums for personal instruction in dancing, but she will undertake nothing that might interfere with her screen work. However, she dispenses gratis dollars' worth of advice to her followers throughout the country.

"Hardly a day passes that I do not receive several letters from mothers with talented daughters, seeking information regarding the possibilities of dancing as a career," Miss Murray explains.

"I enjoy these letters not only because I know that they are sincere but because I like to feel that they are a tribute to the dancing revealed in the terpsichorean sequences which I interpret in many of my pictures. I always reply to such letters personally and offer the writers as much help as I can, suggesting in-

structors whom I know are among the best in the country."
Miss Murray has created and staged every dance that has been photographed in all of her pictures and has several decided novelties in "The French Doll."
"The French Doll" was written by two French authors and, brought from Paris to a sensational year on the New York stage, with Irene Bordoni in Miss Murray's film role. It was adapted by Frances Marion from A. E. Thomas' English adaptation from the French. It is a Robert Z. Leonard presentation through Metro and is sponsored by Tiffany Productions, of which Mr. Leonard is director general and M. H. Hoffman general manager.

**Wild West Show
Staged in Filming
"The Sawdust Trail"**

A complete "Wild West" show, with sideshow, ballyhoo stands, a ring, trapezes and other accoutrements, were erected at Universal City for Hoot Gibson's latest Universal special production, "The Sawdust Trail," now playing at the Columbia Theatre. It is a collection of thrills laid in a tent show, alternated with wild automobile and motorcycle chases. Gibson appears as a college scapegrace who joins the show, and whose adventures thrill and amuse.

**Theme of Story
Centres in Several
Lands With Action**

Thousands who read John Fleming Wilson's story "The Man Who Came Back" will revel in the William Fox screen version of the story, now showing at the Capitol Theatre. It is an outstanding success as a stage play produced by William A. Brady and as a picture; it promises to be even better.

George O'Brien and Dorothy Mackail in the principal roles, play dramatic characterizations with a sincerity which places them in the ranks of the really talented. O'Brien plays the young waster who heads for the rocks with a cargo of money and drink, Miss Mackail is a dancehall girl who takes to drugs, but who later saves herself and the man she loves.

A capable cast interprets the characters as clearly as they were drawn in the book, a fact for which Em-

Supply of Adjectives Exhausted by Pickford
Play Says Robertson
Wen setting forth the qualities of a motion picture, an abundance of superlatives is the thing most needed, according to the unwritten law of motion picture publicity and advertising. A photoplay is always the "most stupendous," "most beautiful and spectacular" and the "greatest ever produced."
"With regard to 'Dorothy Vernon of Haddon Hall,' the latest screen production of Mary Pickford, now at the Dominion Theatre, we are told by Manager Robertson that the use of these well-worn superlatives is justified. 'Never since Miss Pickford started her screen career has she assembled such a cast of players,' says Manager Robertson.
"Weeks were spent in the selection of the cast. Sets that for beauty and reality cannot be adequately described, were constructed after thorough study and research had been made. On the screen one sees the impressive castles of early England set in the landscapes that transport the watcher to that picturesque country."
This new United Artists release is from Charles Major's novel, "Dorothy Vernon of Haddon Hall." Special music and a special presentation will feature this showing.

**Estelle Taylor Won Confidence of Her
In "The Alaskan"**
Estelle Taylor and a frantic white Leghorn hen recently disputed the possession of a chicken house in the Rocky Mountains. Eventually a compromise was effected. The actress and the hen, with regained composure agreed there was room for both.
The incident occurred during the filming of Thomas Meighan's latest vehicle for Paramount, James Oliver Curwood's "The Alaskan," playing at the Dominion Theatre next week.
While the company was on location in Alberta, Herbert Brenon, the director, selected a small group of farm buildings for certain scenes. The buildings were mainly deserted. One

KEDON CHILDREN TO GIVE CONCERT
Brilliant Russian Family in Programme at Memorial Hall, Tuesday
On Tuesday evening, September 23, a very high class concert has been arranged by a committee from the Ladies' Musical Club and the Rotary Club, to take place at the new Anglican Memorial Hall, Vancouver Street, at 8.30 p.m.
This will be the first introduction to the musical people of Victoria of the Kedon family, instrumentalists of the highest order who have recently arrived in Victoria from their native country, Russia, and who have decided to reside here. The Misses Mina and Ella, and their brother Aron are an acquisition to any community, having been brought up from childhood in an atmosphere of music, and at early ages began their musical studies at the Moscow Conservatory of Music, under the best

NEWS IN BRIEF

A special meeting of the City School Board will be held late Monday afternoon to deal with staff appointments.

Building permits have been issued for 1145 Faithful Street, a garage; to S. J. Thomson for a garage at 2148 Ridge Road; to J. W. Ambery for alterations at 1144 Richmond Avenue, and to D. McKenzie for alterations at 440 Griffiths Street.

Mrs. A. S. Christie, 1246 Richardson Street, has been named by the committee of the Girls' Club, Stanley Avenue, as their treasurer. Cheques for the work of the Girls' Club will in future be made out to Mrs. Christie.

An appeal by the Friendly Help Association for donations of fruit and vegetables is made through Miss Lawson. Apples and plums are plentiful at the present time. Miss Lawson points out and could be distributed through the association to persons urgently in need.

Christ Church Cathedral—Holy Communion, 8 a.m., 8 a.m. and after matins; matins and sermon 11 a.m., preacher, the Dean; evensong and sermon 7 p.m., preacher the Dean. Sunday school (in the Memorial Hall)—Senior classes 9:45 a.m., junior classes 10:45 a.m. Very Rev. C. S. Quainton, dean and rector.

There will be no meeting of the directors of the Chamber of Commerce on Monday, it having been cancelled so that the members of the board can attend the Canadian Club luncheon at which the Hon. P. C. Larkin, Canadian High Commissioner in London, will speak.

The influx to the Auto Tourist Camp at the George has dwindled down to the point where there are now only about 200 cars parked there. By this time next year the season was virtually over but the camp will remain open until the end of the month to accommodate belated auto parties.

A deputation of residents on the Old West Road appealed to the Saanich Council last night for repairs to that highway, greatly damaged by traffic diverted by paving operations on the West Road. The delegation was promised that an early examination would be made and all possible work done.

Arrangements have been completed whereby Rev. J. Williams Ogden of Vancouver will deliver his famous lecture "Mighty London: The Wonder of the World," on Friday, October 2, in St. Andrew's Presbyterian Church. Mr. Ogden has a great reputation as an interesting and forceful lecturer, his description of places being most graphic and accurate. Those who have heard Mr. Ogden are looking forward to his forthcoming visit to Victoria.

Great interest is being aroused by the proposed sale by tender of certain timber stands on the Malahat Indian Reserve eleven, announced by Duncan G. Scott, Deputy Superintendent General of Indian Affairs, Ottawa, yesterday. In the advertisement carrying the notice the omission of a figure by typographical error made it appear that the year's rental asked on the property was \$11.72 in place of the actual rental \$117.25.

The following minute was passed at the British Columbia and Alberta quarterly meeting of friends, held here September 13: "We view with grave concern the large and increasing amount of betting on horse racing which has taken place on race tracks contiguous to the cities of Victoria and Vancouver of late years. We feel that this is a menace to the moral welfare of the people, and also that it is a serious economic loss. The clerk is desired to send a copy of this minute to the Premier and the members of the Provincial Legislature, representing the two cities named, urging them to use their influence towards the restriction of horse racing facilities."

EVENTS TO COME

A meeting of the Ward V. Saanich ratepayers will be held at Royal Oak School on Tuesday at 8 p.m. All those interested in the transportation question affecting the district are asked to attend.

The Royal Society of St. George will hold its first meeting of the season on Tuesday next at 8 p.m. in the Campbell Building. A musical and recitative programme has been arranged by a committee of the gentlemen, who will also have charge of providing the refreshments. The members of the society will take this opportunity of welcoming their president, Dean C. S. Quainton, who will preside.

A silver tea and sale of work will be held in Harmony Hall Wednesday next from 3 to 11 p.m. Mesdames Brown, Smith, Ferguson and Janson will assist.

Court Maple Leaf, A.O.F. will open their Winter programme with a social dance on Monday night, September 22 at 8.45 in the Foresters' Hall, Broad Street. Larmans' Orchestra has again been secured.

TO DIRECT NAVY INQUIRY IN THE U.S.; SECRETARY WILBUR

According to an announcement made to-day by Secretary Wilbur, a board is to be appointed to investigate the relative importance of surface craft, submarines and aircraft in the United States navy. The appointments at the next session of Congress will be largely based on the recommendations of the board. The Secretary of the Navy had a conversation to-day with President Coolidge.

DISABLED WORKERS ASK MORE SUPPORT

Red Cross Workshop Not Receiving Patronage it Deserves

A meeting of the Victoria City and District branch, Canadian Red Cross Society was held at the headquarters, Belmont House, on Wednesday afternoon, Mrs. Harold Fleming, president, in the chair. Mr. F. W. Jones reported that very satisfactory progress was being made at the Red Cross workshop, but that more orders were needed to keep the men going on regular time, otherwise they will have to be cut down.

The president reported that thirteen families had been assisted since the last meeting; most of these were problem cases and entailed a great deal of time and consideration. The returned men in hospitals have been visited regularly, otherwise they will have to be cut down.

A report was also given of the meeting of the special committee held with the representatives of the Women's Institutes for Vancouver Island, when the matter of co-operation in the work of looking after crippled children was discussed, and the Junior Red Cross was assured of their hearty support.

A letter was read acknowledging receipt of the eight bales of blankets sent by this branch to the British Embassy in Tokio to be distributed among the sufferers from the Japanese earthquake. On account of the work in this connection the letter had been delayed.

TO WIDEN SCHEME OF PLAYGROUNDS IN THIS CITY

The William Stevenson Memorial committee decided last evening to seek the co-operation of the service clubs, parent-teacher associations, schools, churches, Sunday schools, Y.M.C.A., Y.W.C.A., Boy Scouts and youth clubs in its playground policy for the city.

The city is to be canvassed, and a tag day will be requested, to raise funds for the contribution to the playground improvement at Spring Ridge, so that a playground policy can be financed. Various suggestions for raising funds to develop the playgrounds are being considered, and work has started by the city, but at other points, were before the meeting. One suggestion was for a jam-boree.

The meeting decided to affiliate with the National Playgrounds Association, and to have an exhibit at the welfare exhibition here next month.

SAYS TAX TOTAL SHOULD BE GREATER

Labor M.P. Accuses Australian Government of Freeing Pastoralists From Burden

Special to The Times Melbourne, Australia, Sept. 20.—Accusing Sidney Kidman, the "Cattle King" of Australia, well-known in Victoria and Vancouver, of having evaded his income tax payments to the extent of nearly half a million dollars, Mr. Anstey, a Labor M.P., launched an attack on the Bruce-Page Government for having concealed from the public the wealthy pastoralists who did not pay their income tax and land tax.

Mr. Anstey asserted that the country was being done out of many millions because the Federal Treasury had, with a stroke of the pen, wiped out the land tax on 968,000,000 acres of land controlled by a few big men, mostly supporters of the Ministry. Sir Sidney's total land tax and income tax had never been investigated.

The Treasurer, Dr. Page, undertook to have a legal inquiry into the allegations, and the House then took a party vote, rejected a vote of censure based on the Government's alleged failure to enforce the law.

TO RENEW SAANICH WATER AGREEMENT

Ten-year Contract With Saanich Has Lapsed, Dating From 1914

One of the questions which will engage the attention of the City Council at an early date will be the consideration of the renewal of the ten-year agreement with Saanich for the sale of water in bulk to the municipality. The city gave Saanich attractive terms at a critical time in the history of its waterworks undertaking, and while the water has not been used as much as was hoped for irrigation purposes, the municipality has the city has both worked out the agreement without trouble. It would help the city if it could sell a good deal more water than has hitherto been the case. As the overhead cost of Books waterworks is heavy, the more water sold the better is the position of the city taxpayer.

A resolution will be presented by the city solicitor placing before the council the formal motion in connection with the dilapidated buildings and fences to which consideration was given by the council last week.

ACCUSED MAN PUT END TO HIS LIFE

Former Florida Prohibition Agent Committed Suicide on Ship in Seattle

Seattle, Sept. 20.—A World War veteran and former member of the Royal Canadian Mounted Police with a record of service in the British navy, C. A. McCarthy, thirty-one, now following a federal prohibition officer in Florida, committed suicide on the liner President Grant here last night by taking poison. McCarthy was in custody at the time, having been arrested here on arrival from the Orient on charges of jumping bail and attacking another prohibition agent.

LONG SEARCH It was a year ago that C. A. McCarthy slipped out of the grip of the law after arrest for assault on a fellow prohibition agent in Florida and violation of the prohibition law. He fled from Florida and eluded pursuers in an interlocking search only to be caught in Seattle Thursday night when he arrived on the liner President Grant as an assistant engineer.

Held in the city jail Thursday night following his arrest, McCarthy was taken to the ship yesterday to get his personal effects and wages by Deputy United States Marshal A. B. MacDonald.

Wylie MacDonald conversed with another assistant engineer who had shared a stateroom with McCarthy, the latter collected his clothing and packed it in a suitcase. Then he hid his razor and brush and placed them in the suitcase. Again stepping into the lavatory, McCarthy almost immediately reappeared.

"IT'S ALL OVER NOW" "It's all over now," he dramatically announced. "What do you mean?" inquired MacDonald, suddenly suspicious. "I've taken poison and will be dead within five minutes," answered McCarthy.

As he spoke perspiration broke out on his face and hands, his face paled and he swayed and would have fallen had not MacDonald caught him in his arms.

The deputy marshal carried McCarthy into an adjoining room and called the ship's physician, who was handing out a bottle of medicine, but because he did not have a stomach pump.

In the meantime, an ambulance from the city hospital arrived. McCarthy breathed his last as he was carried into the hospital.

JUMPED \$250 BAIL McCarthy was arrested by Deputy Marshal MacDonald on a telegraphic request from federal authorities at Pensacola, Florida. He was identical with F. A. Hazeltine, formerly in charge of prohibition enforcement in Florida, now divisional prohibition chief of the Seattle district.

McCarthy admitted to a reporter shortly after his arrest that he had jumped bail of \$250 after arrest on a charge of assaulting a fellow officer to whom he had sold liquor. He said he would plead guilty to the offense when returned to Pensacola.

"I sold some liquor to him all right," McCarthy said, "but I was double-crossed and when I found it out I beat up on him."

OBITUARY

The death occurred at the family residence, 2712 Fernwood Road, this morning of Mrs. Emma Beard, aged eighty-four years. She was born in England and had been a resident of the city for the past four years. The funeral will be held on Tuesday at 2 p.m. from the Sands Funeral Chapel.

PRINCIPLES OF THEOSOPHY

On Sunday at 8 o'clock in the rooms 101 Union Bank Building a public meeting will be held under the auspices of the Victoria Theosophical Society. An address will be given on "General Principles of Theosophy" to be followed by questions and open discussion.

"Why, pa, this is roast beef!" exclaimed little Willie at dinner one evening when a guest of honor was present. "Of course," said his father. "What of it?" "Why, you told me this morning that you were going to bring an old mutton-head home for dinner this evening!"

TELLS LEAGUE ABOUT NEW ITALIAN TREATY SIGNOR SALANDRA

The League of Nations Assembly was informed to-day by ex-Premier Salandra of Italy of the signing of a treaty under which Italy and Switzerland agree to arbitrate all their differences.

WOMAN KILLED BY EX-PRISONER SHE HAD HELPED

Wife of Wealthy Chicago Business Man Murdered in Pasadena, Cal.

Robbery Was Motive of Man Whose Release She Had Secured

Pasadena, Cal., Sept. 20.—Mrs. Clifton R. Hunn, wife of a wealthy Chicago business man, was the victim last night, police say, of an ex-convict she had befriended, who returned her kindnesses by beating her brains out with a hammer, shooting her through the heart and looting her apartment of gems valued at \$20,000.

The man sought, as the slayer in Harry Connor, alias Harry Garbutt, who, according to detectives, was released from an Illinois prison through Mrs. Hunn's influence after serving part of a sentence for robbery and who was aided with her money to start life anew after leaving his cell.

STORY CONFIRMED F. Gibson, a cousin of the slain woman, was in the apartment when Connor called late yesterday. He told the police that the ex-convict, without warning, locked him in the bathroom and then turned on his hostess and killed her. His story is confirmed by Virginia Hunn, aged eight, the adopted daughter of the murdered victim, who witnessed the killing.

BY REQUEST It was one of those restaurants which are all gold and white paint. The band was blaring out its most blatant melody.

When they had finished, a tired-looking diner beckoned to the conductor. "Well then," retorted the diner. "For the love of Mike, go and play draughts until I have finished my dinner."

MUSIC AT ST. COLUMBA

As the Sacrament of the Lord's Supper will be observed at St. Columba Presbyterian Church, Oak Bay, to-morrow at the morning service, the anthem by the choir will be Dudley Buck's "Communion Hymn." The evening anthem will be "O Jesus, Thou Art Standing," Miss Estelle Clark taking the solo part. A solo, "A Dream of Paradise," will be sung by Mr. Hundley.

DODD'S KIDNEY PILLS

NEWS AND NOTICES OF THE CHURCHES

UNNECESSARY TO CROWD TO CHURCH AT AN EARLY HOUR

City Temple Officials Say 7 o'Clock Early Enough For Evening Service

"Don't come to church a night until 7 o'clock." That is the earnest request coming from the officials of the Victoria City Temple. So many people make a practice of going at even such an early hour as 6.15 p.m. and the long wait constitutes a physical hardship, especially to the aged and infirm. Moreover, the officials point out, many people abandon all idea of attending the church services because the evening meal must be either hurried over or abandoned.

The object, it is pointed out, in people going early is to choose seats and also that aged and infirm people may take ample time to find accommodations. The ushers point out that under the new arrangements seats are to be reserved until 7.15 p.m. for the deaf, aged and infirm, and they will receive passes in the vestibule which will entitle them to the reserved section.

If by common consent, say City Temple officials, the evening congregation arrives at 7 o'clock instead of nearly an hour earlier the congestion will be no greater and the corps of ushers can seat the entire congregation in twenty minutes.

It will be the purpose of the church administration in the future to use every possible means to bring the morning congregation up to the capacity of the building. It is their thought that the City Temple will be filling its mission as far as its Sabbath Day administrations are concerned if it can offer its services to two capacity congregations each Sunday. To that end the special musical features will in the future be employed at the 11 o'clock service together with other elements calculated to make it the attractive hour for the family devotions.

The membership committee which succeeded in enrolling a large group of members and are continuing their campaign, to secure a 1,000 membership by the New Year.

The social service features of the church are being carried on by the various organizations of the City Temple, notably the Ladies Business and Vocational Club, and the members of this group have taken a room in the Sayward building for the acceptance of supplies, old clothing, fruit and vegetables and children's underwear. Several families in the city have been rehabilitated recently and the work is being extended as money and supplies come to hand.

TO CELEBRATE ANNIVERSARY OF INDUCTIO

Reception Planned For Rev. J. H. White of St. Columba

Preparations are going forward for celebrating the second anniversary of the induction of Rev. J. H. White to the pulpit of St. Columba Presbyterian Church. On Wednesday evening next the Ladies Aid Society will hold a reception for Mr. and Mrs. White in the schoolroom of the church, to which all residents of Oak Bay, regardless of creed, are invited. This is the replica of the affair of a year ago, which was one of the most enjoyable occasions in the annals of the church.

After completing his theological education at Edinburgh, Scotland, thirty-three years ago, Mr. White emigrated to Canada, hence his entire ministerial career has been confined to Canadian pulpits, save for the noteworthy service he gave to the land of his adoption in the past. His subsequent reference has appeared in these columns.

During the period of his ministry here, Mr. White has become an outstanding figure in religious and civic events, and has endeared himself to the people of Oak Bay of all sects and creeds by his appealing personality, his broadness of vision, depth of understanding and forensic ability.

In further commemoration of the anniversary of Mr. White's Victoria pastorate, his pulpit at St. Columba Church will be filled at both morning and evening services, Sunday, September 28, by Rev. Dr. W. H. Smith, Ph. D., D.D., principal of Westminster Hall, Vancouver, who is regarded as the foremost speaker in the presbytery of the Pacific Coast.

TO MARK LONG CHURCH RECORD

Rev. Dr. Campbell Will Keep Golden Jubilee of Ordination

Rev. Dr. Campbell, who was ordained to the Presbyterian ministry at Cannington, Ont., on September 21, 1874, will celebrate the jubilee of his ordination to-morrow and will be the preacher at First Presbyterian Church, with which he was so long identified on its old location, at the morning service.

On Monday evening representation of the Synod of B.C. of which he was moderator, of the Victoria Presbytery and of Westminster Hall, will gather at a social function to mark the occasion. As a student in Knox College he had won first prize in public speaking, which was a prophecy of a distinguished career to be fulfilled in later years. Whichever he was called to minister he always attracted large numbers of thoughtful people, and he never sent them away hungry. As a preacher he was eloquent, interesting, forceful and highly evangelical. It is not surprising that more than one congregation in the United States set covetous eyes upon him, and offered attractive inducements if he would accept their invitation; but he could never be happy under any other flag, and to him it was a high privilege to have a hand in the shaping of the ideals of the New Land which was his by adoption.

During his long ministry Dr. Campbell has occupied many prominent positions and offices within the church. He has acted as moderator in three different presbyteries, and in 1897 was made moderator of the synod of British Columbia. In addition to serving on many committees of the General Assembly he was for years a member of the Assembly's committee on home missions in this new Province. In every office he held, or work he engaged in, he gave his best efforts, were marked by tact and dignity, and were followed by spiritual fruitage amongst those whom it was his delight to serve.

In addition to serving on many committees of the General Assembly he was for years a member of the Assembly's committee on home missions in this new Province. In every office he held, or work he engaged in, he gave his best efforts, were marked by tact and dignity, and were followed by spiritual fruitage amongst those whom it was his delight to serve.

TO CELEBRATE ANNIVERSARY OF INDUCTIO

Reception Planned For Rev. J. H. White of St. Columba

Preparations are going forward for celebrating the second anniversary of the induction of Rev. J. H. White to the pulpit of St. Columba Presbyterian Church. On Wednesday evening next the Ladies Aid Society will hold a reception for Mr. and Mrs. White in the schoolroom of the church, to which all residents of Oak Bay, regardless of creed, are invited. This is the replica of the affair of a year ago, which was one of the most enjoyable occasions in the annals of the church.

After completing his theological education at Edinburgh, Scotland, thirty-three years ago, Mr. White emigrated to Canada, hence his entire ministerial career has been confined to Canadian pulpits, save for the noteworthy service he gave to the land of his adoption in the past. His subsequent reference has appeared in these columns.

During the period of his ministry here, Mr. White has become an outstanding figure in religious and civic events, and has endeared himself to the people of Oak Bay of all sects and creeds by his appealing personality, his broadness of vision, depth of understanding and forensic ability.

In further commemoration of the anniversary of Mr. White's Victoria pastorate, his pulpit at St. Columba Church will be filled at both morning and evening services, Sunday, September 28, by Rev. Dr. W. H. Smith, Ph. D., D.D., principal of Westminster Hall, Vancouver, who is regarded as the foremost speaker in the presbytery of the Pacific Coast.

TO MARK LONG CHURCH RECORD

Rev. Dr. Campbell Will Keep Golden Jubilee of Ordination

Rev. Dr. Campbell, who was ordained to the Presbyterian ministry at Cannington, Ont., on September 21, 1874, will celebrate the jubilee of his ordination to-morrow and will be the preacher at First Presbyterian Church, with which he was so long identified on its old location, at the morning service.

On Monday evening representation of the Synod of B.C. of which he was moderator, of the Victoria Presbytery and of Westminster Hall, will gather at a social function to mark the occasion. As a student in Knox College he had won first prize in public speaking, which was a prophecy of a distinguished career to be fulfilled in later years. Whichever he was called to minister he always attracted large numbers of thoughtful people, and he never sent them away hungry. As a preacher he was eloquent, interesting, forceful and highly evangelical. It is not surprising that more than one congregation in the United States set covetous eyes upon him, and offered attractive inducements if he would accept their invitation; but he could never be happy under any other flag, and to him it was a high privilege to have a hand in the shaping of the ideals of the New Land which was his by adoption.

During his long ministry Dr. Campbell has occupied many prominent positions and offices within the church. He has acted as moderator in three different presbyteries, and in 1897 was made moderator of the synod of British Columbia. In addition to serving on many committees of the General Assembly he was for years a member of the Assembly's committee on home missions in this new Province. In every office he held, or work he engaged in, he gave his best efforts, were marked by tact and dignity, and were followed by spiritual fruitage amongst those whom it was his delight to serve.

REV. A. K. McMINN WILL SPEAK ON "THE KU KLUX KLAN"

First Congregational Church Minister Will Tell Story of When He Saw on Vacation

Rev. A. K. McMinn, pastor of the First Congregational Church will speak at the Sunday evening service on the "Ku Klux Klan." When in the United States recently during his vacation, Mr. McMinn was specially invited to a large gathering of white robed and hooded order and got first hand information about an organization which is playing such an important part in the religious, political and racial life of the country. He was present at a large assembly of the Klansmen held in a fair ground outside one of the cities, heard speeches, listened to the initiation oath while a large number of men were initiated and made a close study of the organization of the Klan and its principles and objects.

The meeting began at 8 o'clock but lines of cars and crowds of pedestrians were making their several ways to the grounds hours before. Mr. McMinn estimates that there were at least thirty thousand people present in addition to the hooded Klansmen, and not less than six thousand automobiles parked in and around the fair ground and on the roadside guarded by Klansmen.

Mr. McMinn will tell the story of what he saw and give his estimate of the strength of the order, its power of self propagation, its permanency and its decided effect on the religious and political life of the United States. At the morning service Mr. McMinn will give the first of a series of sermons on "Great Religious Leaders." In this series Mr. McMinn will give special attention to the religious experience which operated as the dynamic of his leadership, his social and religious environment which conditioned their lives and to the special contribution made by each leader in his own time towards a reshaping of the life of the time.

During his long ministry Dr. Campbell has occupied many prominent positions and offices within the church. He has acted as moderator in three different presbyteries, and in 1897 was made moderator of the synod of British Columbia. In addition to serving on many committees of the General Assembly he was for years a member of the Assembly's committee on home missions in this new Province. In every office he held, or work he engaged in, he gave his best efforts, were marked by tact and dignity, and were followed by spiritual fruitage amongst those whom it was his delight to serve.

REV. JOHN CAMPBELL OF STRIKING PERSONALITY

Dr. Campbell is a man of striking personality, exceptional gifts, untiring energy and most lovable nature. As a student in Knox College he had won first prize in public speaking, which was a prophecy of a distinguished career to be fulfilled in later years. Whichever he was called to minister he always attracted large numbers of thoughtful people, and he never sent them away hungry. As a preacher he was eloquent, interesting, forceful and highly evangelical. It is not surprising that more than one congregation in the United States set covetous eyes upon him, and offered attractive inducements if he would accept their invitation; but he could never be happy under any other flag, and to him it was a high privilege to have a hand in the shaping of the ideals of the New Land which was his by adoption.

During his long ministry Dr. Campbell has occupied many prominent positions and offices within the church. He has acted as moderator in three different presbyteries, and in 1897 was made moderator of the synod of British Columbia. In addition to serving on many committees of the General Assembly he was for years a member of the Assembly's committee on home missions in this new Province. In every office he held, or work he engaged in, he gave his best efforts, were marked by tact and dignity, and were followed by spiritual fruitage amongst those whom it was his delight to serve.

By REV. GEO. C. PIDGEON, D.D.

REVIEW
Opening Period of Christ's Ministry

In the lessons that we have studied for the past three months we have seen the beginning of Jesus' new interpretation of God, and of the world. His idea of His calling differed from that of His contemporaries. He saw a new significance in the prophecies of the past, and he fulfilled them, advancing years and the work of a heavy congregation began to tell on his health. He resigned from his position on June 30, 1912.

set the Gospel message that a sinful past is no doom, and that God can forgive the sinner who repents. The individuals whom He thus transformed, He made channels of God's grace.

3. Jesus began here His wonderful ministry of teaching. We have to-day reached the Sermon on the Mount, or the great addresses that followed it. The truths which He revealed were simple, and were revolutionary. The doctrines of the new birth and of the spirituality of worship are cases in point. These great ideas are at the root of the Church's work and of the world's progress. By the new revelation that Jesus brought of God, He changed men's attitude toward God. To Him God was the Father and His heart was always open to His children. He delighted to forgive and heal. Jesus' first aim was to bring men to God and when this was done every other need was met.

4. Jesus began His wonderful ministry of healing. This also was an interpretation of God and it has changed men's attitude toward the sufferings of their time.

The thinkers of the church find their inspiration in Christ's teachings; the workers of the church and the world find their inspiration in Christ's actions. The volume of His message are almost innumerable; comparatively few deal with the human and spiritual value of His works. The miracle is accepting the message, and the difficulty of accepting the message is shown from many angles, but Jesus' works or mercy are rarely treated as a source of moral energy. Yet they are undoubtedly the greatest practical forces in modern times. It is significant that as men's intellectual difficulties about the miraculous thicken, the story of the sinner, effective ministry with its pity and power unlimited, gains in its influence over the minds of men. Our modern philanthropies of every sort—the hospitals, asylums, relief funds, Red Cross enterprises in war and peace, our Social Service centres at home, and medical missions abroad, our campaigns against destructive vice and struggle for social justice and better conditions for human life find their source in the story of Jesus' ministry to the bodies and minds of men. Wherever Christianity goes it finds the necessity of combating the evils from which men suffer, and this is its interpretation of the mind of the Master in such situations. It has always been so—take, for example, the community of goods in the primitive church and the work of St. Francis of Assisi and his friars in the Middle Ages. The only difference is that in our day, the story of the sinner, effective ministry with its pity and power unlimited, gains in its influence until it touches every side of the work of the Christian Church.

BAPTIST

MANUEL BAPTIST CHURCH—FERNIX
Wood car steps at church door, 11 a.m. and 7.30 p.m. Sunday School, 11.45 a.m. Habesha will preach at both services. Strangers welcome. Sunday School, 1.30 p.m.

A cordial invitation to join in these services is extended to all, and an special invitation to the friends of Dr. Campbell.

TOKIO RISES FROM RUINS

NEW BANK RISING—Out of the disorder left by the devastating quake and fire in Tokio, the steel frame of the new Yokohama Specie Bank promises new beauty to the district which it dominates. The photograph gives a good idea of the canals of Tokio.

NEW TOKIO IN MAKING—From Atagoyama, an eminence that extends northward from the rear of Shiba Park, a comprehensive panorama of Tokio is obtained. The first impression is that all the corrugated iron in the world has been sent to Tokio to be used as roofing for the thousands of temporary houses that have been built. The district about Atagoyama is one of small homes and stores, where business is going on with feverish haste.

NEWEST OFFICE BUILDING—The large building in the foreground is the newest Mitsubishi office building, while the one with the tower is the older building.

WITHSTOOD SHOCKS—Buildings like the above Pagoda at Asakusa Park have been defying the Japanese earth tremors for several hundred years.

MODERN PRINTING PLANTS—Offices of the Nich-nichi, one of the leading newspapers of Japan. It was unharmed by the shocks of the earthquake, but seriously felt the effects of the fire.

SHIPPING OFFICES—Handsome structure which houses the Nippon Yusen Kaisha, the largest steamship company in Japan, and which maintains one of its numerous services between Japan and Victoria. It had just been completed before the earthquake and suffered considerably in its exterior, but was rapidly put back into shape for occupancy. It faces the Imperial Palace grounds.

JAPANESE CABINET—Since the earthquake of September 1, 1923, Japan has had three Cabinets, the last one having been formed by Premier Kato in June of this year. The Cabinet of Premier Yamamoto, which was formed during the days when the earth was rocking and the flames were raging all about, was one of the short lived organizations. The elevation of the venerable Admiral Count Yamamoto to the Premiership, in the midst of all the excitement of the fire and earthquake was one of the dramatic episodes of the time. The Prince Regent called the statesman to the service of his country and conferred the office on him on the lawn of the palace grounds at a time when it seemed that the whole of the city was sure to be consumed. This Cabinet soon gave way to that of Premier Kiyoura, which held office until succeeded by the group of statesmen shown above. It faced one of the hardest tasks in the world and while bitterly assailed by partisans, did much to bring order out of chaos after the cataclysm. The new Cabinet, which is known as a "coalition cabinet," as its members were chosen by the Premier from the three great political parties of Japan, is the first of its kind to be tried in that country. In the Cabinet shown above the members are as follows: Front row, reading from left to right: T. Inukai, leader of the Kahushin party, Minister of Communications; K. Takahashi, leader of the Seiyukai party, Minister of Agriculture and Commerce; the Prime Minister, Viscount K. Kato, leader of the Kensei-ki party; Admiral Takarabe, Minister of the Navy. In the second row, from left to right are: Mr. S. Yokota, Minister of Foreign Affairs; R. Okada, Minister of Education, Minister of War; Baron K. Shidehara, Minister of Foreign Affairs; Y. Hamaguchi, Minister of Finance; Dr. M. Sengoku, Minister of Railways; and R. Wakatsuki, Minister of Home Affairs.

GREATEST DEPARTMENT STORE—The Mitsukoshi, Tokio's largest department store, withstood the earthquake, but was completely burned out. While one of the buildings was being repaired, the other was open for business, and resounded to the sound of thousands of getas as the customers crowded back to the merchandising establishment.

CONCRETE MIXERS ROAR—In sharp contrast to the quiet of the Palace grounds is the feverish activity across the Moat. The whirr of electric hoists and roar of concrete mixers is heard everywhere. The building under construction in the centre is the Imperial Theatre.

THE PRINCE OF WALES A "NAUGHTY NAUGHT" AND OTHER TALES

Where Men Are Best Needle Workers Prince of Wales Stagers Officialdom Some Strange Native Legends of Welcome Prince Takes in a "Naughty Nautch" Station Transformed for a Performance Discovering the Ancestor of the Maypole Dance Departed Lover Pictured in Solo Dance.

By WILLIAM TRANT

Noted International Journalist of the Last Half of Last Century, Who Retired From European Affairs, and Made His Home in Victoria for Several Years Before He Died on Sept. 4, last

I DO NOT purpose giving an account of the tour of the Prince of Wales through India. It is not well illustrated in the chronicle by Dr. W. Russell, illustrated by Sydney Hall; in books published by some of the "specialists" and in some of the magazine articles? All I intend to do is to record incidents of peculiar interest that were generally overlooked by the purveyors through the "usual channels of information."

Arrived at Tuticorin we watched the pearl divers and inspected some handsome lace was given to the Prince as a present to the Princess, now Queen Alexandra. This was not a trivial incident, but really a very important one, because those who had made the lace were the first women in India that had accomplished such a task. It is a remarkable circumstance, though not generally known, that all the beautiful needlework done in India—the gorgeous embroidery, the intricate robes of gold and silver brocade, is done by men. The women are not educated in workmanship so useful or beautiful. Thanks, however, to the successful efforts of the Zenana and other Christian missions the women are now being trained in this direction and the lace presented at Tuticorin was the production of the first woman who had been taught the work.

MIXING METHAPHORS

Some of the "Christian children sang in Tamil an ode especially composed for the occasion. One couplet declared "it is our secular, the other to be subject to a sceptre under which the leopard and the deer con-

tinually drink at the same stream," and expressed thankfulness at living under the shadow of the Prince's royal umbrella. I mention this because it was something quite new and interested the Prince very much, as indeed it did us all.

On leaving Tuticorin we took train to Trichinopoly to visit its wonderful rock, stopped off at Manichal and Mandras, the one district in India where missionaries have had any effect to speak of. (Twelve thousand native Christians came to see the Prince), and after short calls at a few interesting spots we arrived in due course at Madras.

PRINCE AND CIVIL SERVANTS

The first thing the Prince of Wales did at Madras was to stage of a ficialdom. India is governed by a bureaucracy. The civil servants are specially trained for the service and regard the natives as a conquered race from whom they exact the utmost deference. This has engendered what is called "side." There is not much of it at Bombay which in some sort is a cosmopolitan place.

In Calcutta, however, it is very "ony" by reason of the presence of the vice-regal as well as of a gubernatorial court; and Madras boasts also of its own peculiar "side." This "side" is cadmium pure and simple, a sort of veiled-headedness, and I say this with all respect to the culture of the men, their administrative ability and even their statesmanship. Just imagine, these civil servants put "C. S." after their names as though it were a title. They engrave the letters on their visiting cards, they add them to their names on doorposts, they

add them to the signatures of their correspondence. "YOUR PRISMATIC HIGHNESS" It will be readily imagined that persons of self-important imagined that the Prince of Wales had gone all the way from England to see them and them alone. They could not imagine the future Kings of a great empire would care a straw about the feudatory princes and chiefs of the conquered race. Imagine their surprise, therefore, when the list of persons to meet His Royal Highness was presented to him, he ran his pen through the names of these high and mighty persons, quietly observing, "I see plenty of you gentlemen at home, I have come here to see the people of the country." It was a staggerer to gold lace, but it was a wise thing to do and was not only a lesson but a warning. As if officialdom had triumphed at Madras the same sort of thing, only worse, would have been repeated at Calcutta.

Well then the Prince wanted to see the natives and one of the first places visited was a school. The Hindus are born metaphysicians and mathematicians by nature. A Hindoo of twelve will expand a binomial as easily as a Cambridge professor. The lads at this school had been drilled in the orthodox way of replying to the Prince should he address any of them, which the Prince as was his wont, would be almost sure to do. Picking up a prism compass, the future King asked a bright eyed lad what it was, and the flushed youngster replied "Please it is a royal compass, your Prismatic Highness, please it need hardly say provoked roars of royal laughter.

NATIVE VERBAL TRIBUTES

On the way to an elaborate entertainment we had an opportunity of noticing the decorations of the which had an amusing quaintness. On one of the official arches the municipal poet had produced the following couplet:

"Oh, noble Prince, great Bertie,
Thy humble servants welcome
This may not be high-class poetry, but it showed that the natives of Madras were familiar with the Queen's Diary in the Hindoo language, whence they had got the pet or family name of their future King. This was very gratifying to the Prince. Another legend on a triumphal arch showed that she was also ignorant of her diaphragm and what it did for her, and knew nothing of her cerebellum except that it was part of her foot.

This girl, charming as she appeared externally, was obviously unfitted for matrimony. Indeed, we should strongly advise every young lover to see to it that no girl, suffering from ignorance of this sort, is wiled upon a little gentle questioning just what is the state of knowledge of his prospective bride. He may frame his questions with a tenderness, calculated to allay any possible alarm; such as—"Whisper to me sweetheart, what are the premonitory symptoms of coagulation of the head?" If the anxious lover does not feel

their own bodies. We ourselves met a girl the other day who didn't know where her oesophagus was. Apparently she had been going round with her oesophagus for twenty years and didn't know she had one. Enquiry showed that she was also ignorant of her diaphragm and what it did for her, and knew nothing of her cerebellum except that it was part of her foot.

These thoughts towards matrimony, when a young girl begins to feel that she wants a house of her own, a large one, with a butler and a chauffeur, and two motor cars and a box at the opera, then the time has come when she must seek a husband. So, too, with the young man. The time comes when his surroundings begin to pall on him; when he ceases to care to spend his evenings with

billiard markers, prize-fighters and dog fanciers; when he begins to want to pass his time with some companion softer than a prize-fighter and dearer—if it is possible,—than a dog fancier,—then, we say, and we say it emphatically, the young man ought to get married.

WHAT YOUNG PEOPLE OUGHT TO KNOW

But stop! Before the young man, or the young woman can take any steps in the direction of marriage, they must first fit themselves for it. All the manuals on the subject are united on this. Young people must not be hurried into matrimony until they have an adequate knowledge of a great many things that it will be essential for them to know in married life. Most important is it that per acquaintance with the laws of health, a knowledge, in short, of their own bodies.

The young men and women of our present generation—in spite of the existence of the admirable little manuals of Dr. Snodgrass, Dr. Snodgrass, and others—are painfully ignorant of

WITH PRINCE

There may be naughty-naughts, just as by the side of our ballets we have the Can-can, but the Hindoo is amazed at the immobility of the European ballet. This may be disappointing to some of my readers.

When I returned to England I gave an account of my tour with the Prince to an audience of British Radicals of very red hue. They were quite mortified. They could not dissociate "royalty" with "immorality," or a "prismatic office" from "prismatic respectability."

There may be naughty-naughts, just as by the side of our ballets we have the Can-can, but the Hindoo is amazed at the immobility of the European ballet. This may be disappointing to some of my readers.

THE SCENERY OF SOOKE BASIN

After passing through the picturesque and rockbound Happy Valley, fringing the agricultural lands of Metchison, the valley here opens up between Pedder Bay and Sooke Basin. Hardly have we left the calm and protected Matheson lake reaching the narrow passage opposite Hill Head. The harbor is 2 1/2 miles long by 1/2 mile wide, and is almost closed by the projection across its mouth of the ridge of bars, has been derived from the sea level. The basin is almost rectangular in shape. From Sooke Harbor it is separated by a narrow passage opposite Hill Head. The harbor is 2 1/2 miles long by 1/2 mile wide, and is almost closed by the projection across its mouth of the ridge of bars, has been derived from the sea level. The basin is almost rectangular in shape. From Sooke Harbor it is separated by a narrow passage opposite Hill Head. AUTOMOBILE NEWS

STRATHCONA PARK AS ONE OF SYSTEM OF NATIONAL PARKS

Automobile Association Has Scheme Presented to it

Would Protect Fraser River Canyon From Desecration

One of the efforts which the executive of the Automobile Association of British Columbia discussed, while in session this week at Vancouver was the suggested nationalization of Strathcona Park, the large reserve in the heart of Vancouver Island, which is inaccessible except by trail as yet. If added to the parks system maintained by the Dominion Government it might, the executive felt, be used for extensive motor travel after

a road had been built connecting it with the Island Highway.

The Associated Boards of Trade of Vancouver Island, meeting in convention recently at Courtenay, supported the representations of the northern boards which desired communication to be opened to this wonderful mountain, valley, cascade, and wild life which has long been reserved from occupation. In 1912 the Provincial authorities made a number of preliminary efforts, bringing in an engineering expert, and sending landscape experts into the property, but owing to its inaccessibility only persons on pack horses, grizzly prospectors and similar hardy persons have hitherto been permitted to visit the park with its wild alpine beauty.

The subject will be taken up again, meanwhile the association is doing its best to secure a reserve of the Fraser Canyon from Hope to near Lytton so that the stringent regulations of the national park reserves with regard to refreshment booths, gasoline stations, and fire protection may be introduced. When the trans-provincial highway is built, the temptation to desecrate the beauty of this area will be much more urgent than at present, when the public is unable to use the abandoned highway which was once the wonder of this province.

PERPETUATES WINNING OF MEDAL FOR WINNIPEG TO VICTORIA HIGHWAY JOURNEY

The above medal was awarded by the Canadian Highway Assn. on Sept. 11th 1924 to A. F. Bement Esq. and Capt. E. S. Evans in recognition of the fact that they had driven the first automobile across Canada from Winnipeg to Victoria on an all Canadian route under the auspices of the Canadian Highway Assn. headquarters Victoria, B.C.

A commemorative photograph, from which the above has been reproduced, has been issued to mark the completion by members of the Lincoln Highway Association of the cross-country motor drive through the prairie provinces and B.C. in the interests of the Canadian Highway Association movement.

had not boiled, and the radiator was as full as when the car started. De Palma's mark not only set a new stock car record for the mountain but likewise demolished the former non-stock record, held by a stripped car, specially prepared for the climb. The non-stock mark was twenty-six minutes and fifty-six seconds—more than a minute slower than the Chrysler's new record.

From the summit of Mount Wilson, De Palma, accompanied by the newspaper observers, drove the Chrysler direct to the Culver City track, where he circled the mile track in fifty-nine seconds, and showed a speed of seventy-two miles an hour in the straightaways, demonstrating conclusively that the gear ratio of the Chrysler was strictly standard. Motor car authorities are of the opinion that the mark established by De Palma and the Chrysler will stand for a long time to come. The climb is regarded as one of the hardest offered by any mountain in the United States.

ELIMINATES ALL GLARE FROM SUN AND HEADLIGHTS

New Device Aids Motorist's Driving During Night and Day

W. F. Glover, who has been in the tire business in this city for the past fifteen years, is now introducing to Vancouver Island a device that may be fitted to any windshield to protect the driver from the blinding glare of headlights of approaching cars in night driving and which also acts as a sun visor during the day. This little device is entirely novel and means a great deal to the comfort of a driver, particularly in night driving, where it is not uncommon to meet a car on some dark road, with

blazing headlights, and whose driver is either too ignorant or too selfish to dim his lights in common respect for the well-being of other traffic. More than this it diffuses and lessens the brightest light and tends to make the road much clearer to the driver who makes use of it. There are several types of anti-glare attachments, all of which are handled by W. F. Glover.

The protective shade is made of pyralin, and is especially manufactured for the purpose to which it is put, enclosed in an aluminum frame with nickel-plated steel attachments. The shade itself is green, and the light, through the transparent face of it, is pleasing and restful to the eyes, having nothing of the harsh, tiring brightness common to those who drive the pavements in all parts of the world.

"SLOUCHY" PARKING

Cars left by their owners in a slouchy sprawling attitude somewhere between the curb and the fairway are becoming a dangerous nuisance in the parking area, declared members of the City Police Commission in session last night. Where parking is at an angle that angle should be 45 degrees to the curb. Cars, it is urged, should be as close together as it is possible to achieve in practice. A carelessly parked car keeps two other cars out of a legitimate berth, it is argued, and the police have been ordered to pass out warning cards to future offenders in this regard.

is put, enclosed in an aluminum frame with nickel-plated steel attachments. The shade itself is green, and the light, through the transparent face of it, is pleasing and restful to the eyes, having nothing of the harsh, tiring brightness common to those who drive the pavements in all parts of the world.

Mr. Glover is handling several such little devices as this, one of which is his chemical windshield wiper, one wipe of which lasts for twenty-four hours, and the whole arrangement being guaranteed for one year. It is useful where heavy rains fog the glass and vision is obscured. But one wipe from this glove-like arrangement clears the glass and keeps it clear for a time not less than twenty-four hours.

PIONEER FRANKLIN IN TALMADGE FILM

Norma, Screen Favorite, Used 1904 Model in "The Lady"

Norma Talmadge rides in a 1904 Franklin in her latest First National photoplay, "The Lady," now being filmed by Joseph M. Schenck productions by Director Frank Borzage at the United Studios. The Franklin of ancient vintage was thoroughly overhauled in Los Angeles before going out to the studios, and functioned nobly when Norma Talmadge, at the wheel, drove around the studio "lot" with her leading man, Wallace MacDonald. Alf Goulding and Boris Lloyd as guests. All four players wore motor goggles and linen dust-coats of 1904 pattern. The pioneer Franklin was built after the fashion of the horse-drawn "trape" which were in vogue at the time the "horseless carriage" first came in. All efforts on the part of the studio property department to purchase the ancient car proved futile.

CHRYSLER BREAKS CLIMBING RECORDS

Stock Machine Roars up Mount Wilson in Astounding Time

Ralph de Palma Drove Automobile to Summit in 26 Minutes

Another record has fallen before the Chrysler-car, sold here by Thomas Plimley, agent also for Packard, Maxwell and other well-known makes of cars. Mount Wilson, a California peak, not far from Los Angeles, and known to Pacific Coast motorists as a hard and dangerous pull for any motor car, recently surrendered before a strictly stock Chrysler Six touring car piloted by Ralph de Palma, world-famous racing driver, in the record time of 25 minutes, 45.55 seconds. The ascent was made over the Mount Wilson toll road, a narrow, winding trail with a rise of more than 4,600 feet in the nine and a half miles of roadway from toll gate to toll gate. The run was particularly remarkable in view of the fact that the car was not stripped, but carried all fenders and was minus only the top half of the windshield. Even the muffler was not removed, and no cut-out was used.

De Palma's only complaint at the finish of the run was over the fact that he had more power at his disposal than the rough condition of the road permitted him to use. With the exception of three short stretches where he dropped the low, second gear was used all the way up the mountain. At one point a speed of forty-four miles an hour was attained. The toll-road management restricts cars to a seven mile hour pace in regular daily travel.

The Chrysler's record run was checked by four Los Angeles newspapermen, and was timed and handled in exactly the same fashion as have the previous record runs in the past. De Palma was started from a toll-house at the foot by one of the newspapermen, while the other three at the hotel at the summit listened to the starting word over the telephone as the signal to click three synchronized stop watches. The time as shown by the three watches varied less than a second and the average of the three was taken as the time.

De Palma made a before-sunrise climb, to avoid the blinding glare of the early sun. The Mount Wilson road, due to the dry winter, is in by no means as good condition as when former runs were made, in the opinion of Maxwell Cory of the Mount Wilson Hotel. Notwithstanding this handicap, De Palma reached the top without other mishap than a slight dent on one rear fender where he scraped the rock of the mountain side on one turn. The heat indicator on the Chrysler dash showed less than 200 degrees at the finish, and water in the radiator

Excels in Strength and Performance

In its admiration of the good Maxwell's ability to outperform anything at anywhere near the price, the public should remember—

- 1st.—That no other car on the market, regardless of price, excels Maxwell strength and staunchness in proportion to weight and power.
- 2nd.—That at all vital points, metals and construction are the same as in cars that cost three to four times as much.
- 3rd.—That in its manufacture, no measures are too costly to protect the owner fully, in person and in pocket.

Those are the precise reasons why the good Maxwell—now under the supervision of Chrysler engineers—stands up and delivers its splendid service at such amazingly low cost.

All Maxwell dealers are in position to extend the convenience of time-payments. Ask about Maxwell's attractive plan.

A DESCRIPTION OF HOW A SUPER-HETERODYNE RECEIVER OPERATES

Trouble and Tuning Hints Are Given Which Will Benefit All Those Who Now Have or Intend to Build a Set of This Type

By R. H. STAHLMAN

The trend of development in radio has been toward high efficiency and extreme simplification. As an example of this the super-heterodyne receiver stands as one of the most perfect radio receivers so far developed commercially...

thousand kilocycles. Frequency is only another and more advanced way of expressing the familiar "wavelength." The relation between the length of the wave and the frequency is that radio waves travel with the velocity of light, 186,000 miles, or 300,000,000 metres a second...

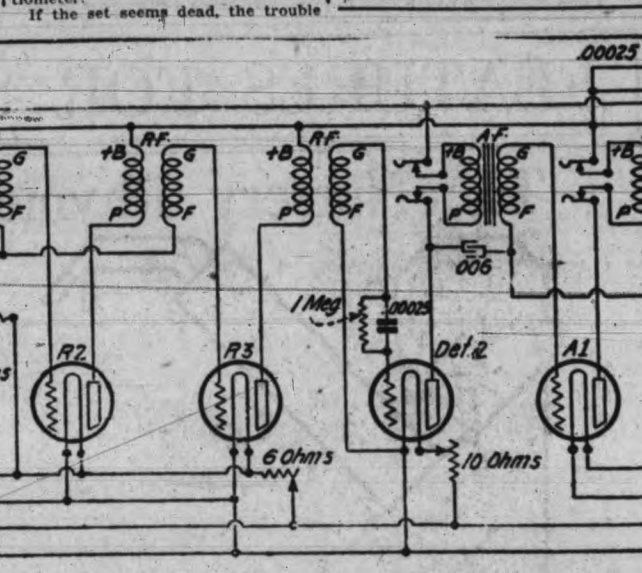

LIQUOR VOTE BY LABOR CONGRESS... London, Ont., Sept. 20—With only four or five out of 200 delegates dissenting, the Dominion Trades and Labor Congress yesterday passed a resolution favoring government control of the sale of spirituous liquors...

WELL CONSTRUCTED AERIAL GIVES FAR BETTER RESULTS

Amateur Sets Function Better With Well Designed Antenna

Although the receiving sets that are in use among the majority of broad-casting listeners to-day will function fairly on even poorly constructed aerials...

First, as in any set, attach loop or antenna, then connect the "A" battery and insert tubes, controlling current with the rheostats—get the potentiometer and you will never burn out your tubes...

is probably up in the audio amplifier, most likely a misconnection or an open circuit. Turn back the stabilizer almost to the point where oscillations stop, pick a good strong heterodyne point, on the oscillator condenser, adjust to center with the fine adjustment, stop oscillation with the stabilizer, then adjust loop condenser and swing the loop for maximum sound...

DAILY RADIO PROGRAMMES... SATURDAY, SEPT. 20... CNRO—Ottawa, Ont., 435 Metres. At 5 p.m.—Programme to be broadcast by the Canadian National Railway...

needs to be lengthened to do this. The position of the lead-in has already been touched upon. Keep all wires tightly stretched. Do not run the aerial parallel to any electrical or power line, nor the telephone lines...

TROUBLED WITH ITCHY PIMPLES Scattered Over Face. Cuticura Healed. My face was full of blackheads which later became little pimples. They were scattered over my face and neck and were itched when they became worse and itchy. I was troubled with them for about three or four months when I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. It helped me so I purchased more, and now I am completely healed. (Signed) Miss Esther L. Ball, Manhattan Beach, Michigan.

Last Minute News on Stocks and Financial Affairs

STOCKS CLOSE WEEK STRONG

New York, Sept. 20 (By R. P. Clark & Co., Ltd.)—The tone of the stock market was very strong to-day and the outside demand for stock showed a moderate increase.

It seems as though the trade pendulum is swinging in the right direction and the gradual development is naturally having its good effects on sentiment.

TONE STRONG IN STOCKS

New York, Sept. 20 (By B.C. Bond Co.)—Continuation of the forward movement in the main body of stocks took place in the week-end session.

Further confirmation of the professional character of the selling the previous day was afforded by the way in which industrial issues threw aside pressure and rebounded to the best levels of the week's recovery.

Industrial stocks maintained a strong tone at the start of the second hour and additional gains were scored.

Oils gave a better account of themselves during the short session and should gradually throw off the apathy of recent months, occasioned by continual cuts in the price of crude oil and begin to reflect the bullish price of the thorough liquidation that has taken place during the recent months.

WHEAT MARKET TAKES UP-DAY

Chicago, Sept. 20 (By R. P. Clark, Co.)—Wheat: Buying based on Winnipeg on strength early held the market for a time but the weakness of the pit situation was in the shrinkage of outside buying and moderate selling caused a late decline when the strength at Winnipeg vanished.

WHEAT MARKET TAKES UP-DAY

The local cash demand was fair, but the leading interests reported but little wheat for export. Canadian receipts are still small but, are expected to increase shortly causing further hedging pressure.

TO-DAY'S EXCHANGE

CANADIAN FIRMS TAKE \$85,000,000 OF CANADIAN BONDS

Issue Will be Offered Public Through Brokers Monday

Ottawa, Sept. 20—Public offering of the new Dominion Government domestic loan will probably be made Monday. The issue consists of \$35,000,000 two-year, four per cent bonds, and \$50,000,000 ten-year, four and one-half per cent bonds. It is understood the bonds will be offered to the public at a slight discount. A strong Canadian syndicate purchased the issue from the Government, but the rate which the Government received has not been made public.

Ottawa, Sept. 20—Hon. J. A. Robb, acting Minister of Finance, announced yesterday that his 1924 re-appointing programme had been completed by the sale of \$85,000,000 Dominion Government bonds to a strong Canadian syndicate. The issue consists of \$35,000,000 two-year four per cent bonds and \$50,000,000 ten-year four and one-half per cent bonds. The public offering will be made at a slightly higher price than the proceeds will be used in retiring an issue of \$107,000,000 bonds which falls due in Canada on November 15. The Minister being in a position to reduce his outstanding indebtedness by upwards of \$20,000,000.

NEW COMPANIES TO DO BUSINESS HERE

BUSINESS BETTER TRADE REPORTS TO-DAY INDICATE

Broadening, Especially in Retail Lines, is Announced by Bradstreets and Duns

New York, Sept. 20—Perceptible broadening of trade is reported to-day by Bradstreets and Duns commercial agencies. Duns finds that while buying conditions cautious and confined to immediate requirements there is a perceptible broadening in many quarters. Bradstreets reports continued moderate improvement in trade which is most pronounced in retail lines.

Marshall Field & Co. report this week's current and road sales larger than the week before and collections slightly better than a year ago. Western Electric billings issued to-day for the first eight months of 1924 were \$15,157,000, an increase of \$7,676,000 over 1923. Bookings were \$1,892,000, an increase of \$1,566,000. Business has so improved in the Middle West that plans are being made to reopen twenty-five banks in Minnesota, three of which will open in a few days. Stockholders have paid sufficient assessments.

WASHINGTON BANG BROWNS BADLY AND BREAK LEAGUE TIE

The Browns, hitless up to the fourth, drove Mogridge off the hill with four singles and a double. Mogridge hit safely in his twenty-sixth straight game with three singles and a double.

NATIONAL LEAGUE

New York, Sept. 20—The Giants gained a full game over Brooklyn in the National League race yesterday and maintained their two-and-a-half game lead over Pittsburgh in third place. The Giants defeated Chicago 4 to 2 and are now a game and a half ahead of the Dodgers, who were defeated by Pittsburgh 4 to 2.

BROOKLYN, SEP 20—EMIL YDE, STAR HURIER OF THE PIRATES, WON HIS FIFTEENTH GAME OF THE SEASON YESTERDAY AND PUT HIS TEAM WITHIN A GAME OF SECOND PLACE.

Brooklyn, Sept. 20—Emil Yde, star hurrier of the Pirates, won his fifteenth game of the season yesterday and put his team within a game of second place in the National League by defeating Brooklyn 4 to 2. Yde, with the best pitching record in the major leagues, fifteen won and two lost, held the Dodgers to nine scattered hits and was always in command of the situation despite three errors made by Maranville. Cuyler, the Pirates' rookie outfielder, made four hits in four times up.

PITTSBURGH, SEP 20—ST. LOUIS WON FROM BOSTON HERE YESTERDAY 4 TO 1. BOSTON USED THREE PITCHERS IN AN EFFORT TO CURB A THREE-RUN RAMPAGE BY THE CARDINALS UNSUCCESSFULLY IN THE FOURTH INNING.

Pittsburgh, Sept. 20—St. Louis won from Boston here yesterday 4 to 1. Boston used three pitchers in an effort to curb a three-run rampage by the Cardinals unsuccessfully in the fourth inning. The lone Boston tally came in the fourth inning.

CARDS BUMP BRAVES

Boston, Sept. 20—St. Louis won from Boston here yesterday 4 to 1. Boston used three pitchers in an effort to curb a three-run rampage by the Cardinals unsuccessfully in the fourth inning. The lone Boston tally came in the fourth inning.

ARMY BAYS REDS

Philadelphia, Sept. 20—The Phillies used nineteen men to beat the Reds here yesterday 9 to 5. Glenn started but lasted only three innings, giving way to Bette, who won. Four more. After that three others were used to keep the visitors in check.

Holder of 1924 Victory Bonds

We announce having opened a register for holders of the above Bonds. Write, telephone us, or call in and tell us how many you want to cash in or exchange, and we will protect you for that quantity.

REMEMBER that last year many holders of 1923 Victories had difficulty in exchanging their bonds for the new issue at the low price.

GHE WEEK LITTLE CHESTER HAS SPENT WITH HIS UNCLE BEN SEEMS LIKE A TRIP TO FAIRYLAND. EVERYTHING THAT ANY LITTLE BOY COULD WISH FOR IS AT HIS COMMAND. UNCLE BEN'S ESTATE IS SO LARGE THAT IT TAKES TWO DAYS TO CROSS IT. HOW WOULD YOU LIKE TO LIVE IN A GREAT BIG WONDERFUL CASTLE WITH A FRONT YARD AS BIG AS THE STATE OF DELAWARE AND A BACK YARD LARGER THAN NEBRASKA?

I WROTE TO MY PAPA AND MAMA AND TOLD THEM ABOUT ALL THE FUN I WAS HAVING ON MY VISIT TO YOU -

I WANT YOU TO BE THE HAPPIEST LITTLE BOY IN THE WHOLE WORLD - A SMILE ON YOUR FACE MEANS MORE TO ME THAN A MILLION DOLLARS -

EVERY HORSE YOU SEE BELONGS TO YOU - PICK OUT ANY ONE YOU LIKE AT ANY TIME -

I'LL RIDE A DIFFERENT ONE EVERY DAY AND I'LL LOVE EVERY ONE OF THEM - I'LL BRING THEM APPLES AND LUMPS OF SUGAR AND EVERYTHING -

I'M GLAD TO KNOW YOU LOVE ANIMALS - ANY BOY WHO LOVES DOGS AND HORSES AND NEVER IS CRUEL TO THEM IS SURE TO GROW UP TO BE A REAL MAN -

I DON'T LIKE SNAKES BECAUSE IF YOU AREN'T LOOKING THEY JUMP OUT AND BITE YOU IN THE LEG AND THEN YOU DIE - BUT I LIKE EVERY OTHER KIND OF THING THERE IS -

THERE IS THE LARGEST BUNCH OF SHEEP IN AUSTRALIA - THEY ARE CARRYING AROUND ENOUGH WOOL TO MAKE A WARM SUIT AND OVERCOAT FOR EVERY LITTLE BOY IN THE WIDE WORLD -

GEE, THEY'RE WHITE AND WOOLY LOOKING - IT'S JUST LIKE WATCHING A BIG WHITE SNOW-STORM -

NO, CHESTER, I COULDN'T TELL YOU HOW MANY CHICKENS, DUCKS, GEESE AND TURKEYS I HAVE ON THE ESTATE BUT THERE ARE ENOUGH TO FURNISH YOU WITH ALL THE FRESH EGGS AND NICE DINNERS YOU CAN EAT -

I'LL BET WHEN ALL THE ROOSTERS START TO CROW IN THE MORNING IT SOUNDS LOUDER THAN ANYTHING -

THEY ARE ALL YOURS, CHESTER - THAT LITTLE SPEED BOAT WITH YOUR NAME ON IT CAN GO FIFTY MILES AN HOUR -

OH, LOOK AT ALL THE SWELL BOATS -

I HAD IT MADE BY A KICKAPOO INDIAN CHIEF AND SHIPPED OVER TO AUSTRALIA FOR YOU TO PADDLE AROUND THE LAKE WITH - YOU MUST BE VERY CAREFUL TILL YOU LEARN JUST HOW TO MANAGE IT -

OH, BOY - THIS IS A SWELL CANOE -

THIS TRAIL LEADS TO THE MOUNTAINS WHERE THE GOLD AND SILVER MINES ARE - WHEN WE REACH THE MINE I WILL SEE THAT YOU FIND A NICE BIG NUGGET OF PURE GOLD -

WHEN YOU SEE THE WONDERFUL VIEW FROM THE PEAK OF THIS MOUNTAIN YOU WILL FEEL REPAID FOR THE HARD CLIMB -

I LIKE TO CLIMB MOUNTAINS - IT'S LOTS OF FUN -

NOW, CHESTER, YOU ARE LOOKING AT OUR BACK YARD - AS FAR AS YOU CAN SEE IN EVERY DIRECTION THE LAND IS OWNED BY ME - SOME DAY YOU SHALL BE MASTER OF IT ALL -

THIS IS BIGGER THAN ALL THE PARKS IN THE WORLD -

OH GOLLY - I'M HAVING SO MUCH FUN IN AUSTRALIA I DON'T KNOW WHAT TO DO - I WISH I COULD BRING EVERY LITTLE BOY AND GIRL IN THE WORLD OUT HERE AND LET THEM RIDE ON MY PONIES AND SAIL MY BOATS - AND THEN I'LL BET THERE WOULDN'T BE ONE UNHAPPY KID ANYWHERE - AND I'D BE HAPPY BECAUSE THEY WERE HAPPY - OH BOY - I WISH I COULD -

OH MISTER HOBBYHORSE IF YOU GIVE US FREE SUITS FOR OUR FOOTBALL TEAM WE'LL CALL OURSELVES "THE LIL' HOBBYHORSES"

Regular Fellers

by Gene Byrnes

I GOT THE FOOTBALL TEAM MADE UP! PUDDINHEAD CENTRE, BUMP LEFT END, SHORTY FULL BACK, LARRY DUNPHY RIGHT GUARD, AN' THE QUARTERBACK IS THE BRAINS OF THE WHOLE TEAM SO I'LL HAFTA BE QUARTERBACK! ALL WE NEED NOW IS SIX MORE FELLERS!

HOW ABOUT BLABBERMOUTH? AN' BAGGY SCANLON? AN' SWIFTY HOGAN? AN' TONY SPAGONI? AN' WILLIE STOKES? AN' CORKY WILSON?

THEY DON'T LIVE ON OUR BLOCK! WE ONEY WANT FELLERS WHO LIVE ON OUR BLOCK!

LOOK! A TOY STORE 'IS MOVIN' IN! CAN YOU BEAT THAT FOR GOOD LUCK? RIGHT ON OUR BLOCK TOO!

YES SIR MISTER HOBBYHORSE I THINK YOU USED GOOD JUDGEMENT IN PICKING THIS SPOT FOR YOUR TOY STORE! AND HOW ARE YOUR SIX CHILDREN?

FINE!

DIDJA HEAR WHAT THE MAN SAID? SIX CHILDREN! AN' THEIR FATHER OWNS A TOY STORE!

THAT'S JUST WHAT WE NEED ON OUR FOOTBALL TEAM SIX! AN' THEY LIVE ON OUR BLOCK HOORAY!

BUT WE'LL MAKE 'EM FURNISH THE FOOTBALL!

AN' ASK 'EM TO ASK THEIR FATHER FOR FOOTBALL SUITS ON ACCOUNT OF HE OWNS THE STORE!

I WANT A RUBBER NOSE GUARD!

I WANT A LEATHER HEAD GEAR AN' A RED SWEATER!

AN WE'LL TELL 'EM THEY OUGHTA FEEL LUCKY THAT WE LET 'EM ON OUR TEAM AN' IF THEY DON'T GIMME A BICYCLE I'LL CHASE 'EM OFF THE TEAM CAUSE I'M THE CAPTIN!

AN I WANT A SET OF BOXIN' GLOVES AN' IF I DON'T GET 'EM THEY CAN'T JOIN THE TEAM THAT'S WHAT I'LL TELL 'EM!

THEY HAFTA GIMME A PUNCHIN' BAG AN' ROLLER SKATES AN' A MOVIN' PITCHER SET OR NUTHIN' DOIN'!

HERE COMES MOMMA WITH THE CHILDREN NOW!

LET'S RUN DOWN QUICK AN' MEET 'EM AN' LET ME DO THE TALKIN'!

MARCH MARCH TWO BY TWO MY LIL' SISTER LOST HER SHOE
