Chief, Tokai-Hokuriku Civil Affairs Region, APO 710

Chief, Shikoku Civil Affairs Region, APO 1050

1. A review of the March Monthly Activity Reports of the Civil Affairs Regions reveals that many of these reports are not properly reviewed or edited prior to submission to this section. Because of this, four regions were required to delete and/or amend and resubmit certain portions of their respective reports.

2. Civil Affairs Section OD #1, governing the Monthly Activity Reports, stresses brevity and conciseness. If a subject or matter is significant enough to be discussed in detail, it should be covered either as supplement to the Monthly report or in a separate report. If such a report is in process, or contemplated, reference to that report should be inserted in the Monthly Activity Report.

3. The value of a report is proportional to its reliability. This applies equally to facts reported and to the interpretation given these facts. In some instances reports have contained irrelevant, inconsequential, and immaterial details. Reports should be scrutinized to assure that the essential elements of information are included and should be checked to insure that the pertinent When? Where? Why? Who? and How? are answered.

4. Some annexes are characterized by overstatement and an unwarranted use of superlatives. This has caused difficulty in the verification of reported items, and has prevented a proper evaluation of the subject by this section. It is emphasized that verbosity, uncontrolled superlatives, and overstatements must be eliminated.

11 APRIL 1949

SUBJECT: SECURITY

TO : YOU

1. WOULD YOU SAY THE THING YOU DO OVER THE TELEPHONE IF YOU KNEW THAT YOUR CONVERSATION WAS BEING PUT OVER A LOUD SPEAKER SYSTEM?

SOMETIMES IT IS'

2. WOULD YOU SAY THE THINGS YOU DO OVER THE TELEPHONE IF YOU KNEW THAT 20,000 JAPANESE COULD LISTEN TO YOUR CONVERSATION IF THEY WANTED TO?

THEY CAN'

3. WOULD YOU SAY THE THINGS YOU DO OVER THE TELEPHONE IF YOU KNEW THAT THE INFORMATION WOULD GET TO THE PARTY YOU WERE TALKING ABOUT ALMOST AS QUICKLY AS IT GETS TO THE PARTY AT THE OTHER END OF THE LINE?

IT OFTEN DOES'

4. THE STATEMENTS UNDER THE ABOVE QUESTIONS ARE <u>FACTS.</u> THERE IS NO GUESSING INVOLVED.

A. ONE OF THE TESTS USED BY THE JAPANESE COMMUNICATIONS PERSONNEL, FOR CLARITY AND DISTORTATION ON A TELEPHONE LINE, IS TO PUT THE CONVERSATION OVER A LOUD SPEAKER SYSTEM IN THE MANY REPEATER STATIONS BETWEEN TERMINALS.

B. IN ADDITION TO THE TELEPHONE OPERATOR, WHO MIGHT LISTEN TO YOUR CONVERSATION, THERE ARE REPAIR MEN, DAL TECHNICIANS, CONSTRUCTION MEN AND REPEATER STATION MEN.

C. THERE ARE MANY ACTUAL CASES WHERE INFORMATION OF A SECRETIVE NATURE HAS BEEN OBTAINED AND PASSED ON TO INTERESTED PARTIES, BY LINE TAPPING, BY LISTENING TO YOUR CONVERSATION AT ANY ONE OF MANY PLACES, REPEATER STATIONS, DIAL EXCHANGES, IN CABLES AND AT SWITCHBOADS AND MAIN FRAME ROOMS.

5. REMEMBER THIS --- <u>YOU MIGHT AS WELL BROADCAST IT OVER A RADIO AS SAY IT ON A TELEPHONE</u>.

6. THE USE OF THE TELEPHONE IN DISCUSSING "CLASSIFIED" MATTERS SHOULD BE GOVERNED ACCORDINGLY.

2. COUNTERFEIT MILITARY PAYMENT CERTIFICATE

The following Memorandum HC 123 (PM) Headquarters, Headquarters and Service Command, General Headquarters, Far East Command, APO 500, dated 2 April 1951 is quoted for your information and necessary action:

"1. Recently a fairly deceptive counterfeit $10.00 Military Payment Certificate made its appearance in the Tokyo area. The plates used in the printing appear to be of excellent workmanship, however, the paper is of fairly low grade.

2. Careful examination of spurious notes disclosed several features which can be used to distinguish them from the genuine. The following are probably the most expedient methods of detection:

a. "United States" appears twice on the back of $10.00 notes. On spurious notes, the last "s" in the word "States" is irregular in both instances and is readily distinguishable.

b. By minute examination, a small white circle can be detected in the extreme upper left corner of the black shaded portion on the face of a $10.00 note. Within the circle appears a small crescent of which the outer edge meets and blends with the black shaded portion at about 10:00 o'clock, on genuine bills. On counterfeit bills, the crescent is completedly surrounded by a circle of white.

3. In the event a person is detected passing a counterfeit note, the Criminal Investigations Division should be notified and every effort be made to detain the passer."

3. DAYLIGHT SAVING TIME

CINCFE message XX49285, 13 April 1951, is quoted for the information of all concerned:

"The Japanese Government, in accordance with amendment to the Summer Time Law, dated 29 March 1950, will change to Daylight Savings Time effective 2400 hours, 5 May 1951, such time to continue until 2400 hours, 8 September 1951. In consonance therewith, it is desired that all occupation forces within Japan, and the forces in Korea, (presently observing "I" time) change to Japanese Daylight Savings Time ("I" time plus one hour) at midnight 5-6 May 1951. (051500-Z May)"

4. OPENING OF FUKUOKA EDUCATION CENTER

a. The Information and Education Section, announces the opening, on 7 May 1951, of the Fukuoka Education Center which will be located on the 3rd Floor of the Central Labor Office Building, opposite the Provost Marshal Building.

b. All Officers, Nurses, Enlisted Men, DAC's and dependents of occupation personnel are cordially invited to participate in the Group Study Courses offered at this center. Each course will be of five (5) weeks duration with two study periods of two hours each per week.

c. There is no charge for registration, materials, or tuition. Anyone desiring to attend any of the classes listed below, please submit your name immediately to the Personnel Sergeant Major.

COMPLAINTS, GRIEVANCES, AND REDRESS OF WRONG

1. References:

a. AR 20-5, 22 April 1948.

b. Paragraph 3, AR 600-10, 8 July 1944

c. Article of War 121.

2. Purposes: To prescribe a system for hearing and giving careful consideration to complaints affecting individuals, and to allegations of facts or conditions detrimental to the efficiency of the service.

3. Policy and procedure:

a. It is the policy of this headquarters to establish such procedures and practices as are necessary to assure each individual in this command free access to his immediate and superior commanders for the purpose of submitting legitimate complaints or grievances.

b. Individuals should seek counsel through command channels prior to making a complaint to an Inspector General, however, the right of the individual to make a complaint to an Inspector General without first discussing the complaint with one of his immediate commanders shall not be denied.

c. This headquarters, Office of the Senior Adviser 4th NPR Region, and each Commanding Officer of U.S. Army Troops at NPR Camps will designate and publicize within their respective command a period when he will be available to members of his command for the purpose of hearing legitimate complaints or grievances and to give advice and counsel in personal and/or official matters. Commanding Officers will establish such procedures and practices in their respective units as are necessary to insure that no person is permitted to interfere in any way with any individual who seeks advice, counsel or makes a legitimate complaint or grievance.

d. If officers designated to hear complaints are unable to satisfy the individual making a complaint or grievance, the individual will be advised of his right to see the Chief, KCAR; and, if the individual so requests, an appointment will be arranged for the purpose of making the complaint or alleged grievance.

All legitimate complaints registered will be forwarded without delay to this headquarters giving the nature of the complaint and the corrective action taken together with any appropriate recommendations. Trivial matters will not be reported.

e. When an Inspector General from higher headquarters is present within the command, place and date of a complaint session will be announced.

TRAVEL OF DEPENDENTS TO JAPAN
"This headquarters continues to receive inquiries concerning resumption of travel of dependents to Japan. In some instances the individuals concerned insist that they have learned from reliable sources that dependent travel has been resumed. No authorization for travel of dependents to Japan has been given since the restriction was imposed by SCAP in July of this year. When circumstances permit this restriction to be removed, full publicity will be given for the benefit of all concerned. In the meantime, it is directed that no personal inquiries be made to this or higher headquarter."

LEAD-OFF ANNOUNCEMENT:

Self-imposed censorship is urgently required of all members of the occupation in the present situation. The discussion of military matters in public, over the telephone, or even in small private conversations is potentially dangerous. The repetition of usually baseless rumors may be equally harmful.

Even experts sometimes disagree whether certain information might be of value to the enemy. Protect our troops and help to insure victory by censoring yourself. Don't say it! Don't repeat it! Stop rumors!

Movies at Compound Theater

Owing to existing conditions it is impossible to maintain a fixed movie schedule.

There will be a movie at 1930 hours, Thrusday, 10 August and it is proposed thereafter to follow as closely as possible the following schedule:

Sundays
Wednesdays
Fridays

Movies will be shown as received and titles announced as soon as possible prior to showing.

CINCFE Radio ZX 11807 is quoted for your information:

"I am in receipt of the following message from our Joint Chiefs of Staff in Washington: 'We are proud of the efforts of all three services and ask that you give a "Well Done" to all concerned.'

"This splendid commendation is passed on with the utmost pride, and I desire that it be repeated forthwith, together with my own hearty congratulations, to all subordinate commands. I desire, further, that to the extent the rigors of battle may permit the contents of this message be made known to every soldier, sailor and airman participating in this historic effort. Signed MacAuthur."

Self-Inposed Censorship

1. Present operational requirements demand self-imposed censorship by every individual of the occupation forces. The potential danger in the discussion of military matters in public, over the telephone, or even in small private conversations cannot be over-emphasized. It may be just as harmful to repeat the usually baseless rumors that you hear.

2. Protect our troops and help to ensure victory by censoring yourself. Even experts sometimes disagree whether certain information might be of value to the enemy. Stop rumors! Don't say it! Don't repeat it!

Attention

Request that telephone contact with Nagasaki CIC relative to transportation billet, and ration be made with Cpl Berk Nagasaki 5005.

2. TO ALL DEPENDENTS

Dependent personnel are requested to give complete cooperation to packing and crating crews as well as check "out" and "in" crews for dependent housing. We are operating with a minimum of personnel and being late for an appointment with the above crews delays 4 or 5 other people in turn. This applies to all personnel under Camp Hakata housing control.

3. TO ALL CONCERNED

Commissary will be open each Tuesday from 0900 to 1200 in addition to the regular days now in operation.

5. TO ALL CONCERNED

Complaints have been made to this headquarters that attempts have been made to get maids to transfer from quarters at which they are now employed to other quarters against the wishes of the present employers. This condition can lead to unpleasant incidents that are to be avoided at any time and more especially at this particular time.

The Central Labor Office is set up to handle labor matters and such matters should be referred to it.

6. NOTICE ALL PERSONNEL

An office of the U. S. Consulate will be established in Fukuoka City in the near future. Until such time any amendments to passports, etc., must be accomplished at Yokohama or Tokyo offices. This office has been assured that lack of necessary amendments will not result in any delay in returning to the ZI.
