Observation made from American Airlines Flight 266 while flying over Ft Wayne, Ind. A group of unidentified objects were sighted in the air due North at 1955 CST. They were in two small groups joined to make a total of five (5). They were first observed to be stationary and appeared to be stars. Then they departed at terrific speed. No estimate of the speed was made. Their altitude was estimated to be 30-40,000 feet. They appeared to be in the vicinity of Goshen near Airway green 3.
