The Door of Hope Closed to the Negro by the Progressive Party. Thoughtful Negroes have no Reason to Support Bull Moose Ticket

There may be a few—and a mighty few—individuals here and there on the Progressive State ticket that colored voters can vote for; but they have nothing in common with the Progressive ticket as a whole, whether State or National. While disfranchising thousands of white voters in this State, the Progressives, which is nothing more than a Lissner-Johnson machine, have absolutely closed the "Door of Hope" to the Negro voters throughout the State. As for Governor Johnson, vice-presidential candidate on the Progressive National ticket, he has given the colored voters less consideration than any other governor in the past twenty years. Gov. Johnson has not only not given the colored voters, who supported him, representation in making his thousands of appointments but has taken from them the only decent paying job they had.

The position of Governor's messenger was created by Gov. Budd, a Democrat, and given to Mr. John Wiley, one of his Negro supporters. During the administrations of Governors Gage, Pardee and Gillett, the position, was held by a Negro, and, owing to the increased responsibility of the position, the salary was raised from \$100 to \$125 per month. Gov. Johnson has seen fit to give the place to a white man, despite the fact that there were a number of worthy Negro applicants for the position, who had loyally supported the Governor when a candidate. The only logical conclusion the Negroes

could reach in the matter was that the governor undoubtedly considered the pay too high for a Negro.

Having absolutely ignored the colored voters of this State, if there is any reason why they should support Gov. Johnson and his Progressive National ticket, we would like to know it! The Governor has seen to it that every class of voters were cared for except the Negroes. What is true in regards to the Governor is equally true of every man on his Congressional and Electoral ticket—they do not regard the Negro as a citizen.

The Negro Ignored by this City and County Officials.

The actions of the City and county government under the Progressive rule is so in keeping with that adopted by the governor, that it shows that the policy of ignoring the Negro has been well digested and agreed upon. Without the Negro vote, Mayor Alexander would have, long ago, passed from the political memory of men. That vote saved him when he ran independently against Lauder for supervisor. It saved him and the Good Government ticket when a candidate for mayor against Smith and the so-called machine. And all that the Negro voters have received at the hands of the mayor and his party, has been a loss of positions they held under the city government, when the mayor was swept by their votes into power, and a lowering of their standing

as citizens. In order to cheat the Negroes out of their rights, the civil service has been juggled and the color line drawn in the public service.

When Hon. M. P. Snyder, a democrat from North Carolina, was mayor of this city, he put the Negroes in both the police and fire departments. He put them into parks and used his influence to get them into the street department. It was with his support and during his administration that civil service was adopted by the city.

Owing to the policy of fair play adopted by Mr. Jas. Hanly, another democrat, the city employed in the street department, more than a dozen teams owned by colored men.

This continued until Mayor Alexander and the Good Government bunch got possession of the city government. As soon as the so-called Progressives got complete control of the city, in spite of the fact that the colored employees had proven themselves in every way worthy of the confidence reposed in them, they were sneakily let out of the parks and their teams removed from the street department. The colored men in the fire and police departments are protected by civil service or they, too, would have been disposed of. It is the fixed policy of the Progressive City government, that, regardless of fitness to hold positions, carrying with them responsibility, the Negro citizens and tax payers shall be given only posi-

tions as cuspidor cleaners and street scavengers. Negro deputy clerks, who formerly assisted at the City Hall, have entirely disappeared since Mayor Alexander and his bunch took charge. This is equally true at the County Court House. Of the 260 regular clerks employed by the County, the Negroes have no representation.

Such has been the contempt with which the Negro voters have been treated under the so-called Good Government crowd that when a colored girl, some months ago, applied for admission to the nurse training school of the County Hospital, she was refused solely on account of the color of her skin. Yet the nurse training school of the County Hospital is a public institution, supported by public taxation.

These are about the only inducements that Gov. Johnson and his party, the Progressives, have held out to the Negroes for their support. And it is safe to say that nine-tenths of the thoughtful Negroes of the state will, with the regular republicans, cast their votes against the Bull Moose ticket in this state. To do otherwise would be an endorsement of the treatment they have received. If the Negro finds the Progressives, with whom he lives, closing the "Door of Hope" in his face, what can he hope to gain by putting them in control of the National government?

Dr. George E. Haynes, professor of Social Science at Fisk University, is director of the "National League on Urban Conditions Among Negroes." This body is composed of white and colored persons, and has for its purpose the improvement of social and economic conditions among Negroes in cities.

JOHNSON FOR WILSON

Father of the Governor is Against His Own Son

(By Direct Wire to the Times) Sacramento, Oct. 8—(Exclusive Dispatch.) Grove L. Johnson,

father of Gov. Johnson, will vote for Wilson next month. He makes this declaration in a letter to W. F. Mixon, editor of the Woodland Mail, a Republican paper which recently declared for Wilson after the Taft electoral ticket was ruled off the ballot. Mr. Johnson says in his letter; "I read with much pleasure this morning that you would announce through your paper that Republicans should vote for Wilson so as to rebuke the wicked theft of the Republican party by the Bull Moose State Convention. I think every Republican newspaper in the State should follow your example. Enclosed I send you a copy of resolutions adopted by our Republican Club here, some two hundred strong, last Wednesday night. I think such resolutions should be adopted all over the State. I have not voted the Democratic ticket since 1875. But this year, I shall and believe that a majority of the voters of California will do likewise."

INTERESTING MEETING OF THE MINISTER'S ALLIANCE. BISHOP CALDWELL SPEAKS.

An unusually large number of ministers and visitors assembled at the Y. M. C. A. building, Tuesday morning attracted by the announcement that Bishop Caldwell of the A. M. E. Zion church, one of the most distinguished preachers of the race, would speak. President Kinchon was away attending the conference at Long Beach. Vice-President Harris presided. Secretary McPherson was out on his district. His station was filled by Rev. Ramsey. The reports made by the pastors were, as usual, helpful and interesting. Many pastors reported increased attendance and higher spiritual fervor.

Resolutions of respect and esteem for Rev. and Mrs. Tillman, recently of Pasadena, were read and adopted. Earnest expressions of good will and esteem were made concerning the reverend and his most excellent wife. A reso-

lution was introduced by Rev. Jas. A. Stout to establish a Charity Fund in the alliance for the purpose of helping worthy examples of charity among us. This proposition will be discussed at the next meeting. After the business session the president introduced Bishop Caldwell who delivered a most forceful address on, "The Problems of the Church in the West." His masterly treatment of this subject evidenced the keen investigation and close study of many of the matters of church progress in this section. The extensive travels of the bishop through all sections of the country placed him in position to make interesting and effective comparisons of the churches throughout the country and the spirit of the people toward them. In his conclusion he said that California furnished a problem singular and peculiar but cheered the ministers as he said that he had been impressed by the alliance that we were taking the right steps toward its fortunate solution. His remarks were roundly cheered and a vote of thanks extended.

Rev. Jas. A. Stout will address the alliance next Tuesday on the subject: "Ancient Theology in the Light of Modern Science."

Will Speak at the Lyceum

Rev. Geo. Ringo, democratic candidate for Congress from the 10th Congressional district will speak at the Lyceum, Sunday, Oct. 13th. Invitations have been extended to the Progressive and Socialist candidates who are expected to be present and speak. Every body is cordially invited. Masonic Temple, 1209 Central Ave., 4. p m.

THE NEGRO AND PROHIBITION

By Dr. Booker T. Washington

Long years of observation have convinced me that strong drink is one of the worst evils that beset the Negro. If the money they

spend annually for strong drink was invested in property their wealth would be increased each year by millions of dollars.

Ever since prohibition has been agitated in the South I have been greatly interested in it and have watched closely its effect upon the Negro. My own observations and the best information that I can obtain convince me that prohibition is a good thing for the Negro. Under prohibition he generally drinks less whisky than he does when he has access to licensed saloons. I am reliably informed that since the restriction of the sale of liquor in South Carolina drinking has visibly decreased among the Negroes. In Alabama since prohibition went into effect the amount of liquor consumed by the colored people has been greatly reduced. This I have observed to be especially true in my own county.

Another thing that prohibition does is to enable the Negroes to save more of their money. In a single court in Alabama since prohibition has gone into effect the fines imposed upon Negroes have decreased fifty per cent. annually. This means that these same Negroes will have that much more money to spend for food, for clothing and to invest in property.

Another thing that prohibition has done is to diminish crime. I find that it is true that wherever there is prohibition crime among the colored people has decreased. Chief Justice Walter Clarke, of the Supreme Court of North Carolina, says that since the State-wide prohibition law has gone into effect in that State crime has been reduced fifty per cent. Murder in the first degree in North Carolina decreased twenty-two per cent; burglary, twenty per cent; attacks with deadly weapons, thirty per cent; larceny, thirty per cent; manslaughter twenty-five per cent; murder in the second degree (thirty five per cent. In some instances, according to Chief Justice Clark, crimes have decreased more than sixty per cent since prohibition.

I find that in Columbus, Ga.,

Negro arrests after prohibition went into effect decreased twenty-six per cent.

I recently made an investigation of the effects of prohibition upon crime in Alabama. I sent out inquiries to sheriffs, chiefs of police and recorders of police courts, asking their opinion as to the chief cause of Negro crime and the effects of prohibition on Negro crime. The majority of these replies show that strong drink is the chief cause of crime among the Negroes of the State. These statements are corroborated by the report of the State Attorney-General, which shows that fifty three per cent of all murders in the State were due to strong drink.

The effects of prohibition on crime among the people of my race in many cases were remarkable. In my own county in Alabama crime has been reduced sixty per cent since prohibition went into effect in the county four years ago. In many other counties in the State there has been a like reduction in the amount of crime since the advent of prohibition. When everything, therefore, is considered, it appears that prohibition is an excellent thing for the Negro.

ALL FOR WILSON

The political tide of this state as well as the country at large is flowing toward Woodrow Wilson for president of the United States; each day adding to the volume of the tide. Gov. Wilson's chances, to carry this state, are indeed flattering. The disfranchisement of tens of thousands of Republicans, by the Progressive machine of this state, has driven them into the Wilson camp; and every voter who believes in the absolute right

of each individual to vote as he pleases and have his vote counted as cast, should unite with the forces opposing the Johnson-Lissner machine, so-called Progressive, and put it out of business. The fight against the Johnson-Lissner machine is not a partisan one, but a fight between the people and the narrowest and most flagrant boss rule that ever threatened the liberties of the people of this state. The voters are thoroughly aroused to the dangers that threaten their liberties and on the 5th day of November will teach the Progressive machine a lesson that it will never forget.

The Country Press is Coming to Wilson with a Rush.

The "San Bernardino Sun," a staunch republican daily has come out for Woodrow Wilson for president. The Long Beach Daily Telegram and the Daily Press, both republican papers, have hoisted the Wilson banner. The Pasadena Daily News, the Whittier Daily News, also republican, have each abandoned the Progressive camp. These patriotic papers have scented the danger and have united to do battle against the people's common foe.

Let the patriotic voters of the state, regardless of race, color or creed, do likewise.

THAT "JULIAN HARRIS" LETTER

At the request of the Legue we mailed a big bunch of the Julian Harris letters to the Independent Politician League at El Dorado, Kansas. Since the publication in this journal of Atty. Wickliffe's address to Col. Roosevelt there has been a steady demand for the Julian Harris letter. Hon. Theo. W. Jones, ex-commissioner of Cook County, Ill, is president of the Independent Political League.

Mr. Jones is rendering the race splendid service.

MR. FRANK H. MOUSER

The election of Mr. Mouser to the legislature is no longer a doubt. His splendid run at the primaries demonstrated his popularity. He received 720 votes more than his nearest competitor, and had a majority of 160 over his four competitors. At the late Progressive convention, Mr. Mouser secured the adoption of a plank in their platform pledging a minimum wage for women in all industrial occupations. He has been a resident of California 23 years and was educated in the public schools here. He is, therefore, in every sense, a Californian. Besides *The Liberator's* support, Mr. Mouser has the loyal support of both Revs. Jones and Hubbard, late candidates before the primaries.

THE LYCEUM HOLDS AN INTERESTING SESSION

The discussion of current topics at the Lyceum last Sunday covered a wide range and was the most interesting that has been witnessed there for a long time. The discussions were full of good sense and sparkled with wit and humor on both sides. The discussion of the defeat of the Grandfather Clause at the recent election in Arkansas brought out the fact that the Prohibitionist and white moral forces did everything in their power to disfranchise the colored brothers. The Democrats refused to put the Grandfather clause in their platform. That clause being opposed by prominent democrats throughout the state. The colored men are learning with sincere regret that too often the moral forces among the white people are among the first to deny them equal opportunity to improve their condition. There seems

to be more prejudice against the Negro in this class than in any other. This ought not be the case.

At the close of the session the program committee was re-organized by the appointment of the editor of this journal as chairman. Rev. D. R. Jones and Prof. W. E. Easton were also appointed members of the committee. Prof. Easton was also elected recording secretary. The Lyceum's attendance being of the sober, thoughtful kind.
