Inspection and Report

1. Capt. Hill came to this office 18, May 1949, held a short conference with Lt. Speedy and myself, then left on an inspection trip with Mr. Abe interpreter of the National Rural Police.

2. On the following day, he made the following comments, as a result of his inspection and conferences with the police:

a. "Pride in the police force" should be emphasized always, especially in the schools.

b. To apply some means of a screening system of police personnel at the school, and also, those in regular duty.

c. Superintendent Shibata of N.R.P. is a mighty good man.

d. Chief of M.P., Nagata is inefficient in discharging his duties, and also, has been very impolite and unwilling to coorperate with the SCAP officials. That a bad report will be made of him.

e. Received info on Hospital Corps from Top Police.

3. Left this office at 1130 hrs., 19 May '49 on a sight-seeing town of Kyoto Area, then depart.
