Nutrition During Pregnancy and Breastfeeding

General Overview (in order by year)

The Breastfeeding Answer Book. 2nd edition. Nancy Mohrbacher and Julie Stock. Franklin Park, IL: La Leche League International. 1996.

"African American women and their pregnancies: research papers from the program project: nutrition, other factors, and the outcome of pregnancy." Cecile Hoover Edwards (ed.) *Journal of Nutrition*, 124 (suppl. 6): 917S-1027S. 1994.

Breastfeeding: A Guide for the Medical Profession. 4th edition. Ruth A. Lawrence. St. Louis, MO: Mosby. 1994.

"Maternal nutrition and reproduction: why demographers and physiologists disagree about a fundamental relationship." James W. Wood. *Annals of the New York Academy of Sciences*, 709:101-116. 1994.

Nutrient Regulation During Pregnancy, Lactation, and Infant Growth. Lindsay Allen, Janet King, and Bo Lönnerdal (eds.). *Advances in Experimental Medicine and Biology*, 352:1-294. 1994. (Proceedings of a conference held August 9-12, 1992 in Stockholm, Sweden and Helsinki, Finland.)

"Nutrition during pregnancy." Barbara Luke. *Current Opinion in Obstetrics and Gynecology*, 6(5):402-407. 1994.

"Recent developments in maternal nutrition and their implications for practitioners." Proceedings of a conference. New Harmony, IN. April 30 - May 2, 1993. *American Journal of Clinical Nutrition*, 59(suppl. 2):437S-545S. 1994.

Breast-feeding: The Technical Basis and Recommendations for Action. Randa J. Saadeh (ed.). Geneva, Switzerland: World Health Organization. 1993. 119 pp.

Clinical Maternal-Fetal Nutrition. Barbara Luke, Timothy R.B. Johnson, and Roy H. Petire. Boston, MA: Little, Brown, and Company. 1993. 335 pp.

“Maternal nutrition and pregnancy outcome.” Carl L. Keen, Adrienne Bendich, and Calvin C. Willhite (eds.). *Annals of the New York Academy of Sciences*, 678:1-372. 1993.

“Nutrition during pregnancy: ACOG Technical Bulletin Number 179 - April 1993.” *International Journal of Gynaecology and Obstetrics*, 43(1):67-74. 1993.

“Nutrition during pregnancy and lactation.” Barbara F. Abrams and Christine A. Berman. *Primary Care*, 20(3):585-597. 1993.

Nutrition in Pregnancy and Lactation. 5th edition. Bonnie Worthington-Roberts and Sue Rodwell Williams. St. Louis, MO: Mosby-Year Book, Inc. 1993. 537 pp.

“Position of The American Dietetic Association: promotion and support of breast-feeding.” *Journal of The American Dietetic Association*, 93(4):467-469. 1993.

Nutrition During Pregnancy and Lactation: An Implementation Guide. Institute of Medicine. Food and Nutrition Board. Committee on Nutritional Status During Pregnancy and Nutrition. Washington, DC: National Academy Press, 1992. 133 pp.

Nutrition Services in Perinatal Care. 2nd edition. Committee on Nutritional Status During Pregnancy and Lactation. Institute of Medicine. Washington, DC: National Academy Press, 1992. 114 pp.

Nutrition During Lactation. Institute of Medicine. Food and Nutrition Board. Committee on Nutritional Status During Pregnancy and Lactation. Subcommittee on Nutrition During Lactation. Washington, DC: National Academy Press. 1991. 309 pp.

Nutrition During Pregnancy: Part I: Weight Gain, Part II: Nutrient Supplements. Institute of Medicine. Food and Nutrition Board. Committee on Nutritional Status During Pregnancy. Washington, DC: National Academy Press, 1990. 468 pp.

Adolescent Pregnancy

“Black and white adolescent females’ pre-pregnancy nutrition status.” Roger G. Sargent, et al. *Adolescence*, 29(116):845-858. 1994.

“Effect of high-sugar intake by low-income pregnant adolescents on infant birth weight.” Carine M. Lenders, et al. *Journal of Adolescent Health*, 15(7):596-602. 1994.

- “Position of The American Dietetic Association: nutrition care for pregnant adolescents.”
Journal of The American Dietetic Association, 94(4):449-450. 1994.
- “Zinc status of a group of pregnant adolescents at 36 weeks gestation living in southern Ontario.”
Shari A. Wolfe, et al. *Journal of the American College of Nutrition*, 13(2):154-164. 1994.
- “Adolescent gestational weight gain and birth weight.” Catherine Stevens-Simon, Elizabeth R. McAnarney, and Klaus J. Roghmann. *Pediatrics*, 92(6):805-809. 1993.
- “Maternal growth during pregnancy and lactation.” T.O. Scholl, et al. *Hormone Research*, 39(suppl 3):59-67. 1993.
- “Nutrition during teenage pregnancy.” Yolanda Gutierrez and Janet C. King. *Pediatric Annals*, 22(2):99-108. 1993.
- “A review of the epidemiology of nutrition and adolescent pregnancy: maternal growth during pregnancy and its effect on the fetus.” Theresa O. Scholl and Mary L. Hediger.
Journal of The American College of Nutrition, 12(2):101-107. 1993.
- “Skeletal maturity and growth of adolescent mothers: relationship to pregnancy outcome.”
Catherine Stevens-Simon and Elizabeth R. McAnarney. *Journal of Adolescent Health*, 14(6):428-432. 1993.
- “Weight gain attitudes among pregnant adolescents.” Catherine Stevens-Simon, Ida I. Nakashima, and Deborah Andrews. *Journal of Adolescent Health*, 14(5):369-372. 1993.
- “Adolescent pregnancy. Gestational weight gain and maternal and infant outcomes.” Catherine Stevens-Simon and Elizabeth R. McAnarney. *American Journal of Diseases of Children*, 146(11):1359-1364. 1992.
- “Cravings and aversions of pregnant adolescents.” Janet F. Pope, Jean D. Skinner, and Betty Ruth Carruth. *Journal of The American Dietetic Association*, 92(12):1479-1482. 1992.
- “Determinants of weight gain in pregnant adolescents.” Catherine Stevens-Simon and Elizabeth R. McAnarney. *Journal of The American Dietetic Association*, 92(11):1348-1351. 1992.
- “Maternal weight status and term birth weight in first and second adolescent pregnancies.”
Carol A. Hickey, et al. *Journal of Adolescent Health*, 13(7):561-569. 1992.
- “Prepregnancy weight and rate of maternal weight gain in adolescents and young adults.” Carol S. Johnston and Lisa A. Kandell. *Journal of The American Dietetic Association*, 92(12):1515-1517. 1992.

Allergy Prevention

- “Breastfeeding as prophylaxis against atopic disease: prospective follow-up study until 17 years old.” Ulla M. Saarinen and Merja Kajosaari. *The Lancet*, 346:1065-1069. 1995.
- “The development and prediction of atopy in high-risk children: follow-up at age seven years in a prospective randomized study of combined maternal and infant food allergen avoidance.” Robert S. Zeiger and Susan Heller. *Journal of Allergy and Clinical Immunology*, 95(6):1179-1190. 1995.
- “Feto-maternal interaction of antibody and antigen transfer, immunity, and allergy development.” Julie A. Lovegrove and Jane B. Morgan. *Nutrition Research Reviews*, 7:25-42. 1994.
- “Allergy prevention by maternal elimination diet during late pregnancy--a 5-year-follow-up of a randomized study.” Karin Fäith-Magnusson and H.I. Max Kjellman. *Journal of Allergy and Clinical Immunology*, 89(3):709-713. 1992.

Benefits and Risks of Breastfeeding for the Infant

- “Bottle feeding and the sudden infant death syndrome.” R.E. Gilbert, et al. *British Medical Journal*, 310(6972):88-90. 1995.
- “Breastfeeding and inguinal hernia.” Alfredo Pisacane, et al. *The Journal of Pediatrics*, 127(1):109-111. 1995.
- “Breast feeding and the development of juvenile rheumatoid arthritis.” Tom Mason, et al. *The Journal of Rheumatology*, 22(6):1166-1170. 1995.
- “Breastfeeding for optimal development. The alpha and omega in human milk.” Isidora de Andraca and Ricardo Uauy. In: *Behavioral and Metabolic Aspects of Breastfeeding: International Trends*. A.P. Simopoulos, J.E. Dutra de Oliveira, and I.D. Desai (eds.). *World Review of Nutrition and Dietetics*, 78:1-27. 1995.
- “Differences in morbidity between breast-fed and formula-fed infants.” Kathryn G. Dewey, M. Jane Heinig, and Laurie A. Nommsen-Rivers. *The Journal of Pediatrics*, 126(5, part 1):696-702. 1995.
- “Essential fatty acids in full term infants fed breast milk or formula.” Tamás Decsi, Iris Thiel, and Berthold Koletzko. *Archives of Disease in Childhood*, 72(1):F23-F28. 1995.

- “How breast milk protects newborns: some of the molecules and cells in human milk actively help infants stave off infection.” Jack Newman. *Scientific American*, 273(6):76-79. 1995.
- “Human breast milk and facilitation of gastrointestinal development and maturation.” Mary Beth Yellis. *Gastroenterology Nursing*, 18(1):11-15. 1995.
- “Iron status in breast-fed infants.” Alfredo Pisacane, et al. *The Journal of Pediatrics*, 127(3):429-431. 1995.
- “The relationship between stool hardness and stool composition in breast- and formula-fed infants.” P.T. Quinlan, et al. *Journal of Pediatric Gastroenterology and Nutrition*, 20(1):81-90. 1995.
- “Breast-feeding and acute otitis media.” Maryvonne L. Sassen, Ronald Brand, and Jan J. Grote. *American Journal of Otolaryngology*, 15(5):351-357. 1994.
- “Influence of breast-feeding on the infant’s intellectual development.” M.C. Temboury, et al. *Journal of Pediatric Gastroenterology and Nutrition*, 18(1):32-36. 1994.
- “Is breast-feeding in infancy associated with adult longevity?” Deborah L. Wingard, et al. *American Journal of Public Health*, 84(9):1458-1462. 1994.
- “Neurological differences between 9-year-old children fed breast-milk or formula-milk as babies.” C.I. Lanting, et al. *The Lancet*, 344(8933):1319-1322. 1994.
- “A prospective cohort study on breast-feeding and otitis media in Swedish infants.” G. Aniansson, et al. *The Pediatric Infectious Disease Journal*, 13(3):183-188. 1994.
- “Secretory anti-*giardia lamblia* antibodies in human milk: protective effect against diarrhea.” Juan N. Walterspiel, et al. *Pediatrics*, 93(1):28-31. 1994.
- “Working parents: the impact of day care and breast-feeding on cytomegalovirus infections in offspring.” Sergio Stagno and Gretchen A. Cloud. *Proceedings of the National Academy of Sciences*, 91:2384-2389. 1994.
- “Breast-feeding and child health in the United States.” Kathleen Ford and Miriam Lobbok. *Journal of Biosocial Science*, 25(2):187-194. 1993.
- “Breast-feeding and cognitive development.” Walter J. Rogan and Beth C. Gladen. *Early Human Development*, 31(3):181-193. 1993.
- “Breast-feeding and optimal visual development.” Eileen Birch, et al. *Journal of Pediatric Ophthalmology & Strabismus*, 39(1):33-38. 1993.

- “Breast-feeding seems to play a marginal role in the prevention of insulin-dependent diabetes mellitus.” U. Samuelsson and J. Ludvigsson. *Diabetes Research and Clinical Practice*, 19(3):203-210. 1993.
- “Breastfeeding and the risk of sudden infant death syndrome.” R.P.K. Ford, et al. *International Journal of Epidemiology*, 22(5):885-890. 1993.
- “Exclusive breast-feeding for at least 4 months protects against otitis media.” Burris Duncan, et al. *Pediatrics*, 91(5):867-872. 1993.
- “Breast feeding and the development of type 1 diabetes mellitus.” K.O. Kyvik, et al. *Diabetic Medicine*, 9(3):233-235. 1992.
- “Exclusive breast-feeding and weaning: effect on serum cholesterol and lipoprotein concentrations in infants during the first year of life.” Markku J.T. Kallio, et al. *Pediatrics*, 89(4):663-666. 1992.

Breastfeeding and Breast Cancer

- “A case-control study of lactation and cancer of the breast.” K. Katsouyanni, et al. *British Journal of Cancer*, 73(6):814-818. 1996.
- “Prospective assessment of breastfeeding and breast cancer incidence among 89,887 women.” Karin B. Michels, et al. *The Lancet*, 347(8999):431-436. 1996.
- “Breastfeeding and breast cancer risk.” Louise A. Brinton, et al. *Cancer Causes and Control*, 6(3):199-208. 1995.
- “Exposure to breastmilk in infancy and the risk of breast cancer.” Freudenheim, et al. *Epidemiology*, 5:324-331. 1994.
- “Lactation and a reduced risk of premenopausal breast cancer.” Polly A. Newcomb, et al. *The New England Journal of Medicine*, 330(2):81-87. 1994.

Breastfeeding for the Preterm, Premature, or Low Birth Weight Infant

- “State of the science: breastfeeding for mothers and low birth weight infants.” Paula P. Meier and Linda P. Brown. *Nursing Clinics of North America*, 31(2):351-365. 1996.

- “Transition to breast/bottle feedings: the premature infant.” Pamela K. Lemons and James A. Lemons. *Journal of the American College of Nutrition*, 15(2):126-135. 1996.
- “Delayed initiation of breast-feeding the preterm infant.” Pamela D. Hill, Janice L. Andersen, and Rita J. Ledbetter. *Journal of Perinatal and Neonatal Nursing*, 9(2):10-20. 1995.
- “Human milk and premature infants.” F.E. Martinez and I.D. Desai. In: *Behavioral and Metabolic Aspects of Breastfeeding: International Trends*. A.P. Simopoulos, J.E. Dutra de Oliveira, and I.D. Desai (eds.). *World Review of Nutrition and Dietetics*, 78:1-27. 1995.
- “Hindmilk improves weight gain in low-birth-weight infants fed human milk.” Christina J. Valentine, Nancy M. Hurst, and Richard J. Schanler. *Journal of Pediatric Gastroenterology and Nutrition*, 18(4):474-477. 1994.
- “Breast-feeding of very low birth weight infants.” Jo-Ann Blaymore Bier, et al. *The Journal of Pediatrics*, 123(5):773-778. 1993.

Breastfeeding Promotion (Please refer to the *Nutrition During Pregnancy and Breastfeeding Nutri-Topics-Educator Level* for materials on this topic.)

Calcium, Vitamin D, and Bone Health (See *Pregnancy Induced Hypertension (PIH)* section for articles on the relationship between calcium and PIH.)

- “Intestinal calcium absorption of women during lactation and after weaning.” Heidi J. Kalkwarf, et al. *American Journal of Clinical Nutrition*, 63(4):526-531. 1996.
- “Pregnancy and lactation as risk factors for subsequent bone loss and osteoporosis.” Sowers, et al. *Journal of Bone and Mineral Research*, 11(8):1052-1060. 1996.
- “Biochemical markers of bone turnover in lactating and nonlactating postpartum women.” Sowers, et al. *Journal of Clinical Endocrinology and Metabolism*, 80(7):2210-2216. 1995.
- “Bone mineral loss during lactation and recovery after weaning.” Heidi J. Kalkwarf and Bonny L. Specker. *Obstetrics and Gynecology*, 86(1):26-32. 1995.
- “Changes in bone mineral density and markers of bone remodeling during lactation and postweaning in women consuming high amounts of calcium.” Nanna A. Cross, et al. *Journal of Bone and Mineral Research*, 10(9):1312-1320. 1995.

"A prospective study of bone density and pregnancy after an extended period of lactation with bone loss." Maryfran Sowers, et al. *Obstetrics and Gynecology*, 85(2):285-289. 1995.

"Calcium kinetics in lactating women with low and high calcium intakes." Bonny L. Specker, et al. *American Journal of Clinical Nutrition*, 59(3):593-599. 1994.

"Calcium supplementation during pregnancy: a systematic review of randomized controlled trials." Guillermo Carroli, et al. *British Journal of Obstetrics and Gynaecology*, 101(9):753-758. 1994.

"Extended lactation and loss of bone." *Nutrition Reviews*, 52(1):26-28. 1994.

"Calcium metabolism in the pregnant and lactating female." Roy M. Pitkin. In: *Calcium Nutriture for Mothers and Children. Carnation Nutrition Education Series*, 3:27-37. 1992.

"Bone density changes during pregnancy and lactation in active women: a longitudinal study." Barbara L. Drinkwater and Charles H. Chesnut, III. *Bone and Mineral*, 14(2):153-160. 1991.

Diabetes and Gestational Diabetes

"Nutrition management in women with gestational diabetes mellitus: a review by ADA's Diabetes Care and Education dietetic practice group." Cathy Fagen, Jacqueline D. King, and Miriam Erick. *Journal of The American Dietetic Association*, 95(4):460-467. 1995.

"Type 1 diabetes mellitus and pregnancy." Peter Garner. *The Lancet*, 346:157-161. 1994.

"Vitamin E in plasma and milk of lactating women with insulin-dependent diabetes mellitus." Carol J. Lammi-Keefe, et al. *Journal of Pediatric Gastroenterology and Nutrition*, 20(3):305-309. 1995.

"Predictors of infant birth weight in gestational diabetes." Jennifer Snyder, Katherine Gray-Donald, and Kristine G. Koski. *American Journal of Clinical Nutrition*, 59(6):1409-1414. 1994.

"Blood glucose rise following prenatal vitamins in gestational diabetes." Suzanne Ponder Sparks, Lois Jovanovic-Peterson, Charles M. Peterson. *Journal of the American College of Nutrition*, 12(5):543-546. 1993.

- “Carbohydrate metabolism during pregnancy in control subjects and women with gestational diabetes.” Patrick M. Catalano. *American Journal of Physiology*, 264(1, pt. 1):E60-E67. 1993.
- “Effect of insulin-dependent diabetes on plasma lipoproteins in diabetic pregnancy.” Robert H. Knopp, et al. *Journal of Reproductive Medicine*, 38(9):703-710. 1993.
- “Gestational diabetes.” Donald R. Coustan. *Diabetes Care*, 16(suppl. 3):8-15. 1993.
- “Lipid tolerance testing in pregnancy.” Richard M. Cowett, Stephen R. Carr, and Paul L. Ogburn. *Diabetes Care*, 16(1):51-56. 1993.
- “Perinatal lactation protocol and outcome in mothers with and without insulin-dependent diabetes mellitus.” Ann M. Ferris, et al. *American Journal of Clinical Nutrition*, 58(1):43-48. 1993.
- “Prepregnancy weight and antepartum insulin secretion predict glucose tolerance five years after gestational diabetes mellitus.” Boyd E. Metzger, et al. *Diabetes Care*, 16(12):1598-1605. 1993.
- “Self-reported compliance with diabetes self-management during pregnancy.” Laurie Ruggiero, et al. *International Journal of Psychiatry in Medicine*, 23(2):195-207. 1993.
- “Weight gain in women with gestational diabetes.” Patrick M. Catalano. *Obstetrics and Gynecology*, 81(4):523-528. 1993.
- “The breast-feeding experience of women with type 1 diabetes.” Margaret P. Gagne, Ellen W. Leff, and Sandra C. Jefferis. *Health Care for Women International*, 13(3):249-260. 1992.
- “Caloric restriction in pregnant diabetic women: a review of maternal obesity, glucose and insulin relationships as investigated at the University of California, San Diego.” Dorothy R. Hollingsworth and Denise M. Ney. *Journal of the American College of Nutrition*, 11(3):251-258. 1992.
- “The Diabetes in Early Pregnancy Study: changes in cholesterol, triglycerides, body weight, and blood pressure.” Charles M. Peterson, et al. *American Journal of Obstetrics and Gynecology*, 166(2):513-518. 1992.
- “Plasma and erythrocyte magnesium changes following a glucose challenge during pregnancy.” Margaret A. Smith, David A. Nagey, and Phylis B. Moser-Veillon. *Journal of the American College of Nutrition*, 11(4):426-431. 1992.

Eating Patterns, Dietary Intakes, and Nutrition Assessment

- “Breast-feeding determinants and postpartum food habits among Korean-American women.” Elaine Kris Ludman, Keum Jee Kang, and Lois L. Lynn. *Topics in Clinical Nutrition*, 11(2):53-59. 1996.
- “Maternal intake of cruciferous vegetables and other foods and colic symptoms in exclusively breast-fed infants.” Katherine D. Lust, Judith E. Brown, and William Thomas. *Journal of The American Dietetic Association*, 96(1):47-48. 1996.
- “Maternal eating patterns and birth weight of Mexican American infants.” Cindy Brattan Wolff and Howard K. Wolff. *Nutrition and Health*, 10(2):121-134. 1995.
- “Nutritional assessment of the pregnant woman.” Carol West Sutor. *Clinical Obstetrics and Gynecology*, 37(3):501-514. 1994.
- “Beer, breast feeding, and folklore.” Julie A. Mennella and Gary K. Beauchamp. *Developmental Psychobiology*, 26(8):459-466. 1993.
- “The caloric demand of lactation does not alter spontaneous meal patterns, nutrient intakes, or moods of women.” Heide Heck and John M. DeCastro. *Physiology & Behavior*, 54(4):641-648. 1993.
- “Cultural influences on food cravings and aversions during pregnancy.” Mary Coronios-Vargas, et al. *Ecology of Food and Nutrition*, 27(1):43-49. 1992.
- “Development of an interactive, self-administered computerized food frequency questionnaire for use with low-income women.” Carol West Sutor and Jane D. Gardner. *Journal of Nutrition Education*, 24(2):82-86. 1992.
- “Eating habits and eating disorders during pregnancy.” Christopher G. Fairburn, Alan Stein, and Rosemary Jones. *Psychosomatic Medicine*, 54(6):665-667. 1992.
- “Food beliefs and diets of pregnant Korean-American women.” Elaine Kris Ludman, Keum Jee Kang, and Lois L. Lynn. *Journal of The American Dietetic Association*, 92(12):1519-1520. 1992.
- “Taste and food preference changes across the course of pregnancy.” Deborah J. Bowen. *Appetite*, 19(3):233-242. 1992.
- “Use of a modified food frequency questionnaire during pregnancy.” Sharon Greeley, Lisa Storbakken, and Rhonda Magel. *Journal of the American College of Nutrition*, 11(6):728-734. 1992.

“Intake of tapwater and total water by pregnant and lactating women” Abby G. Ershow, Linda M. Brown, and Kenneth P. Cantor. *American Journal of Public Health*, 81(3):328-334. 1991.

“Pica practices of pregnant women.” Ronnie D. Horner, et al. *Journal of The American Dietetic Association*, 91(1):34-38. 1991.

“Trends in alcohol consumption by pregnant women: 1985 through 1988.” Mary Serdula, et al. *Journal of the American Medical Association*, 265(7):876-879. 1991.

Father’s Role in Breastfeeding

“The effect of a woman’s significant other on her breastfeeding decision.” Lisa A. Kessler, et al. *Journal of Human Lactation*, 11(2):103-109. 1995.

“Are fathers prepared to encourage their partners to breast feed? A study about fathers’ knowledge of breast feeding.” E.R.J. Giugliani, et al. *Acta Paediatrica*, 83:1127-1131. 1994.

“The decision to breastfeed: the importance of fathers’ approval.” Heidi Littman, Sharon VanderBrug Medendorp, and Johanna Goldfarb. *Clinical Pediatrics*, 33(4):214-219. 1994.

“Accuracy of expectant mothers’ predictions of fathers’ attitudes regarding breast-feeding.” Gary L. Freed, J. Kennard Fraley, and Richard J. Schanler. *The Journal of Family Practice*, 37(2):148-152. 1993.

“The father’s role in breastfeeding.” William Sears. *NAACOG’s Clinical Issues in Perinatal Womens Health Nursing*, 3(4):713-716. 1992.

Food and Environmental Safety Issues

“Breastfeeding and the working mother: effect of time and temperature of short-term storage on proteolysis, lipolysis, and bacterial growth in milk.” Margit Hamosh, et al. *Pediatrics*, 97(4):492-498. 1996.

“Does increased nitrate ingestion elevate nitrate levels in human milk?” Lois B. Dusdieker, et al. *Archives of Pediatric and Adolescent Medicine*, 150:311-314. 1996.

- “Intellectual impairment in children exposed to polychlorinated biphenyls in utero.” Joseph L. Jacobson and Sandra W. Jacobson. *The New England Journal of Medicine*, 335(11):783-789. 1996.
- “Perinatal exposure to polychlorinated biphenyls and dioxins through dietary intake.” M. Huisman, et al. *Chemosphere*, 31(10):4273-4287. 1995.
- “Reproduction and caffeine consumption -- a literature review.” Jean Golding. *Early Human Development*, 43:1-14. 1995.
- “Chemical contaminants, pharmacokinetics, and the lactating mother.” Walter J. Rogan and N. Beth Ragan. *Environmental Health Perspectives*, 102(suppl. 11):89-95. 1994.
- “Consequences on the newborn of chronic maternal consumption of caffeine during gestation and lactation: a review.” A. Nehling and G. Debry. *Journal of the American College of Nutrition*, 13(1):6-21. 1994.
- “Effects of xenobiotics on milk secretion and composition.” Carol T. Walsh and Margaret C. Neville. *Journal of Nutritional Biochemistry*, 5(9):418-441. 1994.
- “Increased risk of proteinuria among a cohort of lead-exposed pregnant women.” Pam Factor-Litvak, Zena Stein, and Joseph Graziano. *Environmental Health Perspectives*, 101(5):418-421. 1993.
- “Mono-ortho- and non-ortho-substituted polychlorinated biphenyls in human milk from Mohawk and control women: effects of maternal factors and previous lactation.” C.S. Hong, et al. *Archives of Environmental Contamination and Toxicology*, 27(3):431-437. 1994.
- “Newborn cardiac arrhythmias associated with maternal caffeine use during pregnancy.” Anthony Hadeed and Sharon Siegel. *Clinical Pediatrics*, 32(1):45-47. 1993.
- “Nurturing and breast-feeding: exposure to chemicals in breast milk.” Arpad Somogyi and Hans Beck. *Environmental Health Perspectives Supplements*, 101(Suppl. 2):45-52. 1993.
- “Fish consumption and reproductive outcomes in Green Bay, Wisconsin.” Ellen Dar, et al. *Environmental Research*, 59(1):189-201. 1992.
- “The relation of the accumulation of cadmium in human placenta to the intake of high-fibre grains and maternal iron stores.” A. Moberg Wing, et al. *European Journal of Clinical Nutrition*, 46(8):585-595. 1992.
- “Foodborne toxoplasmosis.” James L. Smith. *Journal of Food Safety*, 12(1):17-57. 1991.

“Lead in bone: implications for toxicology during pregnancy and lactation.” E.K. Silbergeld. *Environmental Health Perspectives*, 91:63-70. 1991.

“Safe ingestion of aspartame during pregnancy.” Patricia Carroll. *Topics in Clinical Nutrition*, 5(4):1-5. 1990.

Growth of Breastfed Infants

“Growth of breast-fed infants deviates from current reference data: a pooled analysis of US, Canadian, and European data sets.” Kathryn G. Dewey, et al. *Pediatrics*, 96(3):495-503. 1995.

“Implications of growth patterns of breast-fed infants for growth references.” C. Garza, E. Frongillo, and K.G. Dewey. *Acta Paediatrica Supplement*, 402:4-10. 1994.

“Intake and growth of breast-fed and formula-fed infants in relation to the timing of introduction of complementary foods: the DARLING study.” M. Jane Heinig, et al. *Acta Paediatrica*, 82(12):999-1006. 1993.

Incidence and Duration of Breastfeeding

“Changing hospital practices to increase the duration of breastfeeding.” Anne Wright, Sydney Rice, and Susan Wells. *Pediatrics*, 97:669-675. 1996.

“Potential cost savings for Medi-Cal, AFDC, Food Stamps, and WIC programs associated with increasing breast-feeding among low-income Hmong women in California.” Cynthia Reeves Tuttle and Kathryn G. Dewey. *Journal of The American Dietetic Association*, 96(9):885-890. 1996.

Update on the Dietary Guidelines for Americans

Many of the above publications refer to *Nutrition and Your Health: Dietary Guidelines for Americans*. These *Dietary Guidelines* were revised (fourth edition) in 1995. Many publishers and authors have not yet incorporated the new edition in to their publications. If you would like a copy of the new *Dietary Guidelines*:

Send a check or money order for 50 cents per copy payable to “Superintendent of Documents” to: Consumer Information Center, Department 378-C, Pueblo, CO 81009.
