

For 24 hours ending 5 p. m., Saturday: Victoria and vicinity—Southerly winds, generally fair and moderately warm.

Opera—The Piper, Variety—The Devil, Gorge Paris—Peggy's Pierrots, Royal—Gypsy Band, Columbia—The Molly Coddie, Princess—A Runaway Match.

Coal Strikers In Britain Reject New Scheme of Owners

But Only Sixty-Four Per Cent. of Miners Mark Ballots; Government Informed of Result of Vote; Strikers' Executive Meets.

London, June 17.—The result of the striking coal miners' vote on the mine owners' settlement offer was announced this afternoon as follows: For acceptance of the mine owners' terms, 183,827; for rejection, 432,511.

London, June 17.—(Canadian Associated Press)—Serious dissatisfaction has arisen among the rank and file of the Miners' Federation over the vote on the owners' latest proposals and as a consequence many of the men are expected to take matters into their own hands and return to work under their own arrangements. The situation is somewhat confused, however, and the strikers' executive is meeting to-day to consider it.

It is estimated that more than fifty per cent. of the Federation's 1,000,000 members abstained from voting. The miners' leaders are faced with the possibility that the strike must be continued while the Government's £10,000,000 bonus will be withdrawn and thousands of men will return to work. The way the dispute has been allowed to drift and the failure of the strikers' leaders to offer advice or recommendations to the districts on the issue involved in the ballot are said to be causes of serious dissatisfaction in some quarters.

Government informed. London, June 17.—The decision of the striking coal miners on the owners' proposal was communicated to the Government when the result of the balloting was learned. The executive body of the miners will meet again to-night. Only 64 per cent. of the membership of the union voted on the latest offer of the owners.

QUALITY CATTLE SCHEME ENDORSED

Move For Salt Spring Protected Area Backed by Agriculturists

Plans to make Salt Spring and the adjoining islands in the Gulf of Georgia the centre for the breeding of cattle of distinctive quality have been endorsed by members of the Islands Agricultural Society at their special meeting this week.

The proposals were originally put forward by Alfred Clark, and then taken up and pushed by M. B. Jackson, K. C., M. P., for the islands. They include the formation of a protected area embracing Salt Spring and a few nearby islands, into which importation of cattle and all farm stock will be placed under severe restrictions as to health and quality.

Agriculturists of Salt Spring Island are urging this exclusion, because the district is free from cattle disease, and the cattle there are uniformly superior.

Some other islands of the Gulf which also have a good stock, have been included in the plan. Reports to-day were that most of the islands invited will come in.

A committee of Messrs. Clarke, Gibson, Smith and Price has been appointed by the Agricultural Society to pass the scheme on to the Department of Agriculture for adoption.

COTTON STRIKE IN ENGLAND SETTLED

Textile Workers Accept Offer of Employers

Manchester, Eng., June 17.—The cotton strike was settled to-day. The United Textile Workers at a joint meeting accepted the employers' offer for a settlement.

Other industries. London, June 17.—(Canadian Associated Press)—The settlement of the dispute in the Lancashire cotton industry has given much relief to the public. Half a million workers were involved in the trouble.

The situation in the engineering trade, however, suggests grave doubts for the future and there are signs of trouble in several other industries over proposed reductions of wages.

INSURANCE FOR VANCOUVER FAIR

Vancouver, June 17.—The directors of the Vancouver Exhibition Association have received an offer from Lloyds, London, to insure the Association this year against any falling off in the total gate receipts as shown by the average for the past three years, because of rain. If the attendance is less than that average, the Association will receive the difference in dollars and cents. The offer is the result of action taken in February, when W. J. Bonavia, secretary of the Provincial Department of Agriculture, was asked to take the matter up with Lloyds.

WOMEN'S STYLES ARE CONDEMNED

Resolution Passed by Women's National Council

Officers Elected at Session in Calgary

Calgary, June 17.—(Special Correspondence of The Times)—Present day extremes in women's dress were condemned in a resolution passed at this morning's session of the annual meeting of the National Council of Women here. The resolution supporting pronouncements made by churches in criticism of present day styles was sponsored by Mrs. Willoughby Cummings and seconded by Mrs. W. J. White, of Vancouver. So general was the approval that not a voice was raised against it and it was passed by a unanimous vote.

Officers. Several British Columbia women were honored in the election of officers, which resulted as follows: President, Mrs. W. E. Sanford; Vice-Presidents, elected in order named—Mrs. Willoughby Cummings, Toronto; Lady Gibson, Hamilton; Mrs. Adam Short, Ottawa; Hon. Mary Ellen Smith, Vancouver; Lady Taylor, Winnipeg; Dr. Ritchie England, Montreal; Mrs. Arthur Murphy, Edmonton; Provincial Vice-Presidents—Alberta, Mrs. O. C. Edwards Macleod; British Columbia, Mrs. S. D. Scott, Vancouver; Manitoba, Mrs. S. E. Clement, Brandon; New Brunswick, Mrs. E. A. Thornton Smith, St. John; Nova Scotia, Mrs. C. E. Carmichael, New Glasgow; Ontario, Dr. Stowe Gullen, Toronto; Quebec, Dr. Ritchie England, Sackatchewan, Mrs. J. R. Everett, Regina; Corresponding Secretary, Mrs. Horace Parsons, Toronto; Recording Secretary, Mrs. Harry Carpenter, Hamilton; Treasurer, Mrs. Chas. Thornburn, Ottawa; Conveners of Standing Committees—Ontario, Mrs. Stowe Gullen, Toronto; Conservation of Natural Resources, Hon. Mary Ellen Smith, Vancouver; Education, Mrs. C. H. Welsh, New Westminster; Equal Moral Standards, Dr. Margaret Patterson, Toronto; Fine and Applied Arts, Mrs. Dunham, Toronto; Household Economics, Mrs. J. C. McIvor, Toronto; Citizenship, Mrs. W. Dennis, H. J. fax; Laws, Mrs. D. C. Edwards, Macleod; Mental Hygiene, Mrs. S. Stead, Halifax; National Recreation, Mrs. A. C. Cathart, Vancouver; Canadian League of Nations, Mrs. S. E. Clement, Brandon; Professions for Women, Mrs. Margaret Lewis, Edmonton; Dominion Council, Mrs. J. C. McIvor, Ottawa; Suppression of Objectionable Printed Matter, Mrs. John McGilivray, Kingston; Taxation, Mrs. E. M. Murray, Halifax.

QUALIFIEDLY AGREES TO DISARMAMENT

London Times States Attitude of Question

London, June 17.—In a lengthy double-column editorial, The London Times to-day discusses a dispatch from its Washington correspondent interpreting the attitude of the Harding administration and United States opinion on the general aspects of a plan for a working Anglo-American understanding of worldwide scope, particularly on disarmament.

The correspondent declares in effect that while Ireland and the apparent unwillingness of this country to apply the principle of equal opportunities in mandated territories were the chief obstacles to a working arrangement between the United States and Great Britain, the first step to that end might be made in an arrangement to limit expenditures for naval armaments. The dispatch suggests that an agreement might come from the British side.

Financial Formula. The editorial, referring to the correspondent's suggestion that the coming Empire conference should result in a financial formula, commends the idea that the plan for limitation should be determined by a financial formula, and that while Great Britain eagerly reciprocates the desire for an agreement, it must be conditioned to circumstances in which this country stands.

Obligations of honor, as well as vital interests regarding the maintenance and consolidation of our relations with France on the basis of the Versailles Treaty, the newspaper asserts, "are essential parts of our policy."

Open Door. The paper declares, in discussing the address of Charles Hughes, United States Secretary of State, at Providence, R. I., June 15, that there should be no discrimination in favor of nationals of any country. "Opinion here for generations before the war," it continues, "strongly opposed anything in the nature of an exclusive commercial policy and warmly favored the open door and equality of opportunity."

(Concluded on page 15.)

DR. C. WEIZMANN VISITS WINNIPEG

Winnipeg, June 17.—Dr. Chaim Weizmann, president of the World Zionist Congress, arrived here to-day from the West and was tendered a civic welcome. The 19th troop of Winnipeg Boy Scouts, the first Jewish troops in Western Canada, formed a guard of honor at the station. A parade was held in Dr. Weizmann's honor, with delegates from the various Jewish organizations and Jewish school children participating.

Britain's Relations With Japan Not to Offend U.S.

London, June 17.—Austen Chamberlain, Government Leader in the House of Commons, declared in the House this afternoon with regard to the renewal of the Anglo-Japanese treaty: "Although I do not in any way wish to prejudice the action of the Imperial Conference, it is right to say at once that we shall be no party to any alliance directed against the United States or under which we could be called upon to act against the United States."

Paris, June 17.—(Canadian Associated Press)—The settlement of the dispute in the Lancashire cotton industry has given much relief to the public. Half a million workers were involved in the trouble. The situation in the engineering trade, however, suggests grave doubts for the future and there are signs of trouble in several other industries over proposed reductions of wages.

MARSHAL JOFFRE TO VISIT ORIENT

Paris, June 17.—Marshal Joffre will make an official visit to China and Japan in the Fall, returning to France by way of the United States. He will leave Paris at the end of September, and will visit Indo-China and Tonkin, and later will go to Tokyo, where he will stay several weeks, after which he will sail for San Francisco on his way home.

Liquor Sales Speed Up; Americans Cheer Law

Liquor sales under Government control speeded up late yesterday and to-day.

The number of permits sold has now gone to over 400. When Government Control came into effect less than 100 permits had been taken out. Most of the buyers are going in for hard stuff, although a few beer-orders have been put through.

Speeding up of liquor sales is attributed to the fact that people are beginning to understand that it is quite easy to get liquor through the Government stores, and that all red tape has been eliminated.

The St. Francis Hotel store in the quiet part of Yates Street is proving to be the more popular of the two stores operating in Victoria, although it has just been opened and cannot be known as well as the one at 755 Yates Street, in the centre of a busy shopping district.

The tourist liquor trade in Victoria so far has been larger. A big American launch carrying two dozen men on a holiday tour stocked up here yesterday afternoon. The holiday boat returned yesterday to the Sound with all members of the party giving cheers for Government control.

Table Licenses. Nelson, B. C., June 16.—Endorsement of the views of Right Rev. A. J. Deane, Bishop of Victoria, in support of Kootenay, favoring table licenses for beer and light wines in hotels, was formally expressed to-day by the sixteenth annual synod of the Kootenay Diocese, which met here yesterday with a division, though some delegates questioned the advisability of taking the action.

Coast Breweries Starts. Vancouver, June 16.—Confident that the pendulum of public opinion will swing to a position where freer conditions for the sale of malt liquors will be demanded, the Coast Breweries, Ltd., has secured a lease for an industrial site on Granville Island.

Captain John McClellan is associated with the enterprise, the projectors of which contemplate spending \$150,000 on installing a brewery. The necessary certificates have already been granted at Ottawa to comply with the Inland Revenue Act and an early start is contemplated.

California interests are said also to be sounding out the public opinion in Vancouver with a view of entering the Oriental export trade. Vancouver water is said to be highly esteemed as a base for beer in demand, but are not kept in stock.

TORONTO BUYING RADIAL RAILWAYS

Toronto, June 17.—Premier Drury sent a communication to Mayor Church last night expressing the readiness of the Ontario Government to guarantee bonds of \$2,235,000 for the city's share of the radial railway purchase in the "clean-up" of the Mackenzie electrical interests in the Toronto district.

NEW LOW LEVEL PRICE FOR SUGAR

New York, June 17.—A further reduction by the Federal Sugar Refining Company of 15 points on fine granulated to the basis of 5.60 cents a pound to-day established the lowest price reached for more than five years.

SINN FEIN RAIDS IN LONDON AREA

London, June 17.—A campaign of widespread cutting of railway and signal wires and burning of signal cabins around London, attended by violence against signalmen, was carried out during last night by men said to be Sinn Fein raiders and members of the Irish Self-Determination League, nine men being arrested.

An official police statement says: "All the men arrested give local addresses. They are young Irishmen between sixteen and twenty-two. It has been known for some time that the heads of the Irish Self-determination League in London have been in correspondence with the so-called Irish Republican Army, which has been directing the murders and outrages in Ireland."

Cabins Destroyed. At Acton Bridge, Vembly, Bromley and other stations boxes containing signal wires and burning of signal cabins around London, attended by violence against signalmen, was carried out during last night by men said to be Sinn Fein raiders and members of the Irish Self-Determination League, nine men being arrested.

At Acton Bridge, Vembly, Bromley and other stations boxes containing signal wires and burning of signal cabins around London, attended by violence against signalmen, was carried out during last night by men said to be Sinn Fein raiders and members of the Irish Self-Determination League, nine men being arrested.

H. DEWART STILL LIBERAL LEADER

Toronto, June 17.—"A Summer brainstorm" was what Hartley Dewart, K. C., Liberal Leader in Ontario, to-day termed a report in circulation here to the effect that a special committee appointed a year ago to arrange for the reorganization of the Liberal Party in Ontario was carrying on without consulting him, and that a movement was on foot to depose him as leader.

CURZON CONFERS WITH BRIAND

Discusses Problem-Facing Britain and France

Visit to Paris Subject of Great Interest

Paris, June 17.—Lord Curzon, British Secretary of State for Foreign Affairs, arrived here to-day to confer with Premier Briand relative to problems, possibly including reparations and Silesia, facing France and Great Britain.

Great interest is taken in his visit to Paris in view of recent reports that Premier Lloyd George had decided to confine his mission to home politics, leaving foreign affairs to Lord Curzon.

British Pleas. London, June 17.—The news that the American Secretary of State and Japanese Ambassador, Shidehara, would attempt to iron out the differences between Japan and the United States without calling the League of Nations or the Allied Powers singly into the discussion of the Yap issue was most heartily welcomed in British official circles. It always has been contended here that if the Paris decisions on Yap were to be changed, it was a matter for the United States and Japan alone to thresh out.

Certainly Great Britain does not want to become involved either at Geneva or at the Supreme Council table. If Mr. Hughes and Ambassador Shidehara can come to an understanding and the Yap issue escapes the League of Nations except for probable ratification of the agreement, Britain will have her hands entirely free in dealing with Japan on the question of the Federal of the Anglo-Japanese alliance and at the same time keep her skirts clear of any controversy with the United States, which every one of authority in the Government is studiously attempting to avoid.

No Change. An official stated yesterday that Great Britain had not changed her attitude that legally Yap belongs to Japan, because the fact was nothing official to show that the United States had made any protest or reservation when the islands were granted to Japan. The British maintain, however, that they have absolutely no interest in the matter and that if Japan and the United States can agree that the United States should get the islands and that it should be internationalized, they have no complaint whatever.

ANTI-WASTE MAN ELECTED IN BRITAIN

Hertford Contest Went Against Lloyd George

London, June 17.—(Canadian Press)—The Lloyd George candidate was defeated in a by-election to-day when Rear-Admiral Suter, running on an Anti-Waste platform, carried off the Hertford constituency rendered vacant by the resignation of Pemberton Billing. The result of the balloting, which was announced this afternoon, was: Admiral Suter, 12,323; Sir H. Carlisle, Coalition Unionist, 5,553.

At the 1916 general election Mr. Billing had a majority of 2,470 in a three-cornered fight.

Used Planes. The campaign which preceded the voting was a lively one. Admiral Suter, who was at one time head of the Admiralty branch of the Air Force, adopted a scheme of distributing his literature by aeroplanes. Included among his supporters was the defeated Coalition candidate in the last general election, E. P. Barnard.

The Government candidate, Sir H. Carlisle, received support from farming interests.

QUEBEC GIRL WINS CANADIAN PRIZE

Best Essay on the Subject of Fish

Ottawa, June 17.—Iva Halsman, of Outremont, Quebec, has been awarded first prize in the Fisheries Department essay-writing contest, having submitted the best essay on "Why Canadians Should Eat More Fish." The contest was started last year and is held annually. Iva, sixteen years old, won the prize of \$25 for the best essay in 1920.

Prizes of \$25 each have been awarded in the Western Provinces as follows: Margaret Jackson, sixteen, Calgary; Frances Hankle, thirteen, Penly, Sask.; John C. Oliver, sixteen, Keresdale, B. C.

EASTERNERS WON TARGET PRIZE

Halifax, N. S., June 17.—Word has been received in Halifax that the Colchester Academy, Truro, N. S., has won the 1921 Dominion marksmanship championship with a score of 1379, defeating the best school shots in Canada. The marks were the highest made for many years. Calgary was second with 1,367.

MAN CONFESSES GHASTLY TRAGEDY

Mrs. Rutledge and Children Burned in Alberta

Innisfail, Alta., June 17.—Following the inquest into the deaths of Mrs. Effi Rutledge and her four children in a fire which destroyed their home nine miles from Innisfail Tuesday night, J. J. Rutledge, the husband and father, was formally charged with murder, and as he is in hospital suffering from burns, the preliminary hearing has been adjourned until June 25.

The details of the tragedy, as related by Rutledge in a signed statement which he gave to the Alberta provincial police in hospital, are appalling.

A fact. He declared that following discussions with his wife over the possibility of taking their children away from their home, they decided to kill themselves and their children. The debate whether they would drown or shoot the little ones, but the question of the means was lacking, so decided on death by fire. Rutledge described what he said were the arrangements, and for sheer brutality they have few parallels in Canadian tragedies. One child, whose screams were struck by him, he said, to render her unconscious and save her pain, and he may have struck more.

Fled. When the beds were blazing with the aid of gasoline and coal oil, his courage failed him and he fled, carrying a girl, Poppy.

Very Shaw, Mrs. Rutledge's sister, gave a signed statement, and also testified at the inquest to the effect that she did not know of the death pact.

June 22—Civic picnic, Mount Douglas Park.

MAIL MESSENGER IN KANSAS ROBBED

Baxter Springs, Kas., June 17.—Four bandits held up Guy Shields, mail messenger, here early to-day, took him half a mile west of town, put him out of his motor car and escaped with five pouches of mail.

PERMANENT SETTLEMENT OF MANDATES DESIRED

Paris, June 17.—Dr. Gaston Da Cunha, President of the Council of the League of Nations, has addressed identical notes to the Premiers of France, Great Britain, Italy and Japan with regard to the urgency of having the approval of the United States in settlements between themselves before decisions can be taken by the Council on mandates for the former German colonies. The contents of the note have been communicated to the United States Government.

A Washington dispatch yesterday said: "The American Government does not contemplate participating in the deliberations of the Council of the League of Nations, which will consider of problems arising out of the allocation of mandates."

Canadian Delegation In London Prepares For Big Conference

Meighen Wishes No Time Lost at Sessions of Empire Prime Ministers; Correspondent Says Hazy Notion About Conference Exist In London.

London, June 17.—(By Staff Correspondent of the Canadian Press)—Although the fighting in Ireland and England's reverse on the cricket field are still transcendent questions here, the British public, judging from the newspapers, is beginning to show some interest in Monday's opening conference of Prime Ministers from the various parts of the Empire. To-day's debate in the British House of Commons, when the agenda of the conference is to be discussed, will undoubtedly increase this interest, and incidentally will serve to disclose the mind of Parliament and of the Government on some of the more important questions with which the conference will deal.

Thus far even the most important journals here afford little indication of what the British people want and show less understanding of what the conference really is. For instance, The London Times, which takes a more intelligent interest in Empire affairs than most British papers, appears to have a confused idea as to the real scope and purpose of the gathering, while the lesser journals persist in terming it an "Imperial Peace Cabinet," and seem to be under the impression that it possesses executive powers.

MANY EMIGRANTS ARE STRANDED

Europeans Suffer As Results of U. S. Law

Antwerp, June 17.—The new United States immigration laws are causing congestion at the port of Antwerp, especially as regards "pushovers," of whom many are being left behind by each steamship and are unable to find shelter.

There are now more than 3,000 emigrants here stranded. The steamship Kronland, which sailed June 12, was unable to take 850 emigrants and carried only 230.

A dispatch from Cherbourg, France, last night said: "The Cunard and White Star steamship lines are erecting a huge hotel here. The building will accommodate 2,500 persons. The construction of the hotel is due to the fact owing to the new immigration regulations enforced by the United States, many third class passengers are left behind here at each sailing."

WISH TO EXPLOIT CHINA'S RESOURCES

Japanese Attitude Stated by Finance Minister

Tokyo, June 16.—The newspapers to-day give prominence to a statement by Baron Takahashi, the Finance Minister, concerning Japan's economic relations with China, in which he declares that Japan, which has poor natural resources, must realize the economic independence of Japan and China. He points out that China's trade alone has shown a favorable balance in Japan's recent foreign commerce.

The new Chinese consortium, Baron Takahashi continues, is an economic syndicate of which railway loans are the principal object.

The newspapers quote the concluding paragraph of Baron Takahashi's statement as follows: "In the event of the new consortium failing to give effective services in this direction, I believe it may be found necessary for Japan to act independently and take such measures as would furnish the railway loan with the approval of the Diet and under guarantee of the Government."

MOVE TO REDUCE RAILWAY COSTS

Canadian Systems Advise Men of Wage-Cut

Montreal, June 17.—The Canadian railway companies to-day formally advised their employees through their representatives in conference here that on July 1 they would be invited to accept a twelve per cent. wage reduction. The number of men to whom the wage decrease applies is 150,000.

Causes. The reasons given for the decrease are: 1. Inability of the railways to continue present wages, despite short time in shops and elsewhere and the adoption of every economy possible. 2. A deficit of \$11,000,000 being carried by the Grand Trunk this year. 3. The action of the United States Railroad Labor Board, whose decisions have always been copied in Canada, in declaring a wage reduction of twelve per cent. among the union representatives here stated that they will report the proposals of the railroads to their respective unions.

MANNING DOHERTY SPEAKS OF TOLMIE

Ottawa, June 17.—(Canadian Press)—No one has ever accused Hon. S. F. Tolmie, Minister of Agriculture, of being responsible for the propaganda in England against the British embargo on Canadian cattle, said Hon. Manning Doherty, Minister of Agriculture of Ontario, this morning in answer to statements attributed to Dr. Tolmie in London that he was not responsible for the embargo.

"If the embargo is lifted," Dr. Doherty continued, "no one will aim at being responsible for that either."

BOYCOTT AGAINST SASKATCHEWAN

Hon. G. Langley Speaks of Bond Sales

Prince Albert, Sask., June 17.—"Beyond all question there is a determined boycott of foot in connection with all debentures of this province," said Hon. George Langley, Minister of Municipal Affairs, in addressing the Union of Saskatchewan Municipalities here yesterday.

While the province was able to dispose of its bonds to the dealers at considerably better terms than could be secured by either Alberta or Ontario he said, the fact remained that the dealers had been unable to dispose of them. The Provincial Government, he said, had never defaulted for one moment in the matter of interest or principal of its several municipalities this "insidious campaign" had commenced and had been pressed to the detriment of the province and to the municipalities which had maintained their standing and loyalty to meet their liabilities.

BANK CLEARINGS IN CANADIAN CITIES

Winnipeg, June 17.—The bank clearings in the principal cities of Canada for the week ending yesterday, as compared with the corresponding week a year ago, were:

| | 1921 | 1920 |
|--------------|---------------|---------------|
| Montreal | \$122,950,617 | \$151,400,950 |

MURDER AND SUICIDE IN CHICAGO

Chicago, June 17.—Mrs. Margaret Ennis, aged seventy-two, stepmother of Callistus S. Ennis, a wealthy real estate dealer, was shot and killed yesterday by Sergeant Thomas Smith, fifty of the British army and former middleweight pugilistic champion of Ireland.

After slaying Mrs. Ennis, Smith blew out his brains.

The slaying was the result, according to the police, of Smith's jealousy.

THREE COLORADO MINERS KILLED

Telluride, Colo., June 17.—Three men were killed by gas fumes that followed an explosion in a mine at Rio, near here, last night.

The dead: Joe and Louis Stampfel, brothers, and Cameron Stiles. Stiles made his way to safety but lost his life when he returned to the mine after summoning aid for his fellow workers.

BRITISH CAUSED SEIZURE OF GUNS

London, June 17.—The Daily Sketch says that the seizure of arms on the steamship Eastside was due to the enterprise of Irish officials, who informed the American authorities of the fact that the guns had been bought and were to be shipped.

LESS TO BE PAID TO UNEMPLOYED

London, June 17.—In the House of Commons Mr. Hon. Thomas Macnamara, Minister of Labor, presented a formidable unemployment insurance balance sheet, which showed a deficit of nearly \$24,000,000.

Frank Hodge, the miners' leader, declared the Government could easily find the money to keep the present payments going.

The second reading of the bill, however, reducing the weekly benefits to 16s. for men and 12s. for women, and also increasing the contributions from workers and employers, was carried on a division of 214 to 33.

Friendly critics of the measure object to the same payment for childless unemployed persons as to fathers of families.

UNDERWENT OPERATION.

Paris, June 17.—Princess Anastasia, American-born wife of Prince Christopher of Greece, yesterday underwent another operation. It was reported she was resting comfortably.

NEW SERUM WILL SAVE MANY CATTLE

Keeps Foot and Mouth Disease Away

Paris, June 17.—The discovery of a serum rendering cattle immune to foot and mouth disease has been made by Professors Vallee and Carre, of the Alfortville Agricultural Commission, and reported to the Senate by Senator Beaumont.

The discovery is the result of years of experimenting with blood and the fixation of the bacillus of the foot and mouth disease which is so infinitesimal that it could not be retained in the smallest filter. Fixation now has been accomplished and the serum has been made in small quantities.

NEW IRRIGATION WORK STARTED

Ditches Being Dug in Lethbridge District

Lethbridge, Alta., June 17.—In a downpour of rain, the ceremony of turning the first sod in the Lethbridge Northern Irrigation project took place yesterday afternoon at a spot on the line of the main ditch just north of Lethbridge. More than 500 residents of the city motored out to the scene. Lieut.-Governor Brett and Premier Stewart officiated, and other members of the Government and members of the Federal Parliament and the Provincial Legislature, were in attendance, who is now a Minister without portfolio, as a general protest against spending money before it is voted by Parliament.

Regarding the suggestion that he is prepared to resign, Dr. Addison declared that such a course would end all discipline.

Mr. Lloyd George is said to have resolved to move the votes for the salary himself if necessary, and stake dissolution of Parliament upon it.

In anti-coalition quarters, it is admitted that the matter is not worth forcing an election upon, and the probability therefore, is that many Unionists who signed the protest will abstain from voting, while the coalition whips will ensure a full attendance of those whose loyalty can be relied upon.

STEEL DIVIDEND WAS REDUCED

New York, June 17.—The board of directors of the Crucible Steel Company of America declared yesterday a 1 per cent quarterly dividend on common stock, instead of the usual two per cent dividend. This reduction was made, a statement said, because of "general conditions and depression in the steel business." A readjustment of wages and salaries also had been made necessary, it added.

WM. MOFFATT DIED.

Toronto, June 17.—The death occurred here yesterday afternoon of William Moffatt, general manager of the Imperial Bank.

CHEAPER MEAT FOR BRITISH USERS

Scottish Witnesses Heard by Embargo Commission

London, June 17.—More Scottish witnesses appeared yesterday before the cattle commission. One of these said that the Glasgow Corporation had for twenty years advocated the admission of Canadian cattle which, he said, were more free from disease than the home supply. In his opinion, all the evidence pointed to the fact that Canadian cattle imports would lower the price of meat.

One witness reminded the commission that the Minister of Agriculture had lost his election at Dundee on the embargo question.

The president of the London Retail Meat Traders urged the necessity of providing the country with a more abundant supply of home killed meats, such as would come from Canada.

Mr. Marshall, commenting on the evidence of Hon. Duncan Marshall, Minister of Agriculture of Alberta, says it was notable on account of the Minister's frank presentation of the Canadian case.

"A year ago," says The Herald, "when he attended the Highland show, Mr. Marshall impressed the agriculturists in Scotland as an administrator whose grip on agricultural affairs was refreshing, as was his breezy oratory."

"His estimate that it would take 214 to bring a Canadian steer over here is important. He used this argument to combat the fears expressed that either Irish, English or Scottish raisers of cattle would be driven out of business through competition with Canada. With freights at the present level, only the best of Canada's surplus would be likely to be shipped."

668 MURDERS BY IRISH EXTREMISTS

London, June 17.—Murders by rebels in Ireland since July 1920, have totalled 668, Sir Hamar Greenwood, Chief Secretary for Ireland, stated in the House of Commons yesterday. The number of members of the crown forces convicted for murder in the same period, he added, was: Military, none; Royal Constabulary, one; police-auxiliary, one, who was found to be insane.

Dublin, June 17.—Robert Kane, tried by court martial for having in his possession cartridges, caps and bullets, was sentenced yesterday to ten years in prison.

Patrick O'Donnell was sentenced to fifteen years for having 200 rounds of ammunition.

ONTARIO TO BE "BONE DRY" IN JULY

Ottawa, June 17.—(Canadian Press)—The date when Ontario will become a "bone dry" province is likely to be fixed by Order-in-Council to-day or to-morrow. Either July 15 or 20 is mentioned as the probable date. The sixty-day period which must elapse after the holding of the plebiscite is up to-day and the Government probably will pass an Order-in-Council without delay. After the passage of the Order-in-Council, thirty more days must elapse before the province becomes dry.

SALARIES NOT INCREASED.

Winnipeg, June 17.—Voting to stand by their parishioners for better or worse in what they believed would be a period of after-the-war reaction, the clergy of the Anglican Diocese of Rupert's Land, assembled in synod here, refused yesterday to grant themselves an increase in stipend.

A recommendation brought in by a committee on the Archbishop's charge suggesting a minimum of \$1,500 for married clergymen and \$1,500 for single men, was defeated. The salary situation, it was decided, will remain as it is at present, with no set minimum. A married clergyman in the country receives about \$1,500 annually.

A delegation from the Methodist Conference was received, following which the synod voted to do all in its power from now until the General Synod session in October to educate the people to a spirit of unity.

GARY DECLARES CAPITAL NEEDED

U. S. Steel Corporation Head Addresses Students

Syracuse, N.Y., June 17.—E. H. Gary, chairman of the Board of Directors of the United States Steel Corporation, told Syracuse University students in a commencement address that capital is necessary to the progress and prosperity of every country and any people. The only alternative to it, he declared, was the anarchy or Sovietism now gnawing at the vitals of Russia. This Russian system he described as a poison in the natural system of nations and individual life, which would eventually lead to destruction. If the people of the United States would study the facts about this vital question, he said, there would be no epidemic of Sovietism here. Capital and the rights of all people would be conserved. In this country the door of opportunity was open to both capital and labor, and neither, he said, should be permitted to abuse it. He expressed the opinion that there might be no objection to a fair and reasonable law subjecting organized capital, exceeding certain amounts, to governmental inquiry and restriction in its uses, "provided organized labor should also be subjected to the same statute."

Opportunities
Mr. Gary began by pointing out that the people of the United States have the greatest opportunity for success in every department of worthy endeavor. The expression that "the world owes each individual a living" was too frequently used, and it was foolish to endeavor to support that claim by citing the acknowledgment principle that all men are created free and equal. This meant, he said, no more and no less than the right of equal protection and opportunity.

Speaking on the relations of capital and labor, Mr. Gary said that these two interests recognized their interdependence, but that the majority of employers or managers of business were more solicitous for the welfare of the workmen and did more to promote their comfort and happiness than outsiders ever had done, or were disposed to do. Labor was never in the world's history more highly respected nor treated as liberally as to-day, he declared. It had been demonstrated to be profitable fairly, and this would insure the latter full justice.

Laying stress on the necessity of capital, he said: "Money is essential to provide facilities for preparing one to accomplish the best results in any profession or calling. The material progress and prosperity of any and every country are to a considerable extent the result of large capital. Without these the inhabitants would be neither happy nor comfortable."

Development.
"Accumulated capital provides the facilities for development, improvement, extension and application of natural resources. This could not be done by small contributions of money."

"In times of war," Mr. Gary declared, "it would have been impossible to have fully supplied the needs of the country without recourse to contributions by large capital."

"Except for the accumulated capital invested in business enterprises and the working capital to maintain and extend them," Mr. Gary continued, "millions of men and women who work for wages or salaries would be without a chance to earn a decent living. To the extent a nation is without capital in a corresponding degree are its industries in a state of decay and its people impoverished and despondent."

"In short, for a desirable and proper degree of comfort, contentment, happiness, advancement in any direction, protection against disease and destruction, every inhabitant of every land is dependent upon individually accumulated capital."

Distribution.
"The only alternative which has been suggested is that the government shall forcibly take possession and control of all capital, and distribute the income derived from it amongst the people per capita. This would inject into the natural system of national and individual life a poison which would eventually lead to destruction. It would smother ambition, enervate the body, remove competition for legitimate success in every line of activity, destroy incentive for development and progress and create a nation of laggards, weaklings and paupers. Slight motive for succeeding in any natural and honest direction would exist if the final results were to be applied for the equal benefit of others."

NEGROES WHIPPED IN GEORGIA TOWN

Buildings Burned; White Girl Was Murdered

Autreyville, Ga., June 17.—A negro church was burned yesterday by persons whom the authorities believe to have been members of the mob which last night applied the torch to the homes of several negroes, a lodge and church buildings. Several negroes were whipped, and one was shot when he opened fire with a shotgun. The disturbances resulted from the murder of Lorena Wilkes, a twelve-year-old white girl. John Henry Williams, a negro, was arrested charged with the murder, and narrowly escaped a crowd of several hundred men.

Aching Limbs

Pain in the system causes pains, aches and stiffness. The poisons are quickly removed by the use of Dr. Chase's Kidney-Liver Pills. One pill a dose, 25c a box, all dealers.

Dr. Chase's Kidney-Liver Pills

U. S. OIL WELLS TO BE DRY SOON

Prof. Bownocker Gives Them Only 16 Years, Unless New Source Is Found

Columbus, O., June 17.—The oil supply of the United States will be exhausted in sixteen years, if the present rates of production are kept up and no new territory is discovered, it is asserted by Professor John A. Bownocker, state geologist and professor of geology at Ohio State University.

According to Professor Bownocker the United States has petroleum reserves amounting to six or seven billion barrels. The rate of production in 1920 was 440 million barrels a year. However, he said, the rate of production will reach its highest mark production will reach, Bownocker said geologists believe. The production rate is expected to decline this year.

Thus, Professor Bownocker points out, this country actually can produce oil for longer than sixteen years, but at a constantly decreasing rate each year.

More than 60 per cent. of the world's oil supply is produced in the United States. Oil is imported here from Mexico, second in oil production, but Professor Bownocker declared, at Mexico's present rate of production, her wells will cease to be a factor in two or three years.

GERMANS DISCUSS BRITAIN AND U. S.

Observe Co-operation of English-speaking Peoples

Berlin, June 16.—Reports from Washington and London that President Harding is working on a policy of understanding and co-operation with Great Britain in international affairs are attracting great attention in the German press and engaging public opinion. The newspapers display the dispatches prominently under such headlines as "Anglo-Saxon Alliance," and "British American Entente for World Domination."

The conservative papers take the reports as text for serving up again the war-time arguments of an iracundious press. The Nationalist and the United States to overwhelm Germany and attribute to the suggested entente designs against France and Japan.

At Conference.
The Vossische Zeitung, which long has been a consistent advocate of the so-called policy of understanding and co-operation of the continental European powers, including Germany and France against Great Britain and the United States, assumes that the Washington report is a semi-official announcement of American conditions for the creation of a system of Anglo-Saxon hegemony for submission by the impending British Empire conference in London, notably the naval demands which the British Empire must satisfy in order to guarantee the predominance of the white race in the Pacific Ocean.

The Vossische Zeitung also interprets the reported aim of the Entente to reëstablish order in the world as meaning pressure to speedily terminate the numerous conflicts in Europe and Asia Minor, which now are clouding the international map.

No Objection.
The Lokal Anzeiger thinks the proposed entente would curb Franco-Germany, and that Germany therefore has no objection.

The extreme reactionary Deutsche Zeitung discussed the matter from a military standpoint and argued that the new policy is due to the realization by Britain and the United States that military conflict between the two powers would be bound to be inconclusive, and that the evidence that warfare merely would give other powers an advantage.

SINN FEINERS HAVE MORE AMMUNITION

London, June 17.—It is stated the Sinn Fein raiding parties in Ireland seem to have a more plentiful supply of weapons and ammunition than heretofore. There was a time months ago when the Government hoped by a wholesale seizure of arms in Ireland to make the "Republican Army" impotent and thereby to end the war. At one time that it was having the desired effect. In every ambush it could be clearly noticed that the Sinn Feiners were saving their powder. Recently, however, there apparently has been no attempt to conserve ammunition. They pour a steady fire into the lorries now where a few months ago they would have fired only a few shots.

The ammunition is coming from somewhere besides Ireland, for it cannot be manufactured there in quantities, but all efforts have failed to reveal the source of supply.

GIFT OF SALMON.

LONDON, June 17.—Sir Alfred Mond, Minister of Health, referring in the House of Commons yesterday to the gift of canned salmon from the British Columbia Government during the war, concerning which criticisms have recently been published, declared that it was inspected by officials of the ministry, who also undertook its distribution, and found it entirely satisfactory.

No complaints were ever received from participants in the gift.

ACCIDENTAL DEATH

Vancouver, June 17.—Accidental death was the finding of the coroner's jury which held an inquest yesterday on the body of Patricia O'Leary, proprietor of the Cliff Hotel, Seattle, who died in a hospital here Wednesday from injuries received the same day in a fall from a second story window in a local hotel.

Victoria Daily Times

FRIDAY, JUNE 17, 1921. Published every afternoon except Sundays by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

THE HIGH SCHOOL.

If the School Board of Victoria is unable to deal with a state of affairs which appears to have developed at the High School it had better confess its incapacity and dissolve.

DR. TOLMIE'S TASK.

Although it will not be argued seriously that Canada's case has suffered by the public utterances of Ontario's Minister of Agriculture during his recent visit to Great Britain it is just as well that the Hon. S. F. Tolmie should have placed the embargo question before the people on the other side in its proper perspective.

DISCRETION WANTED.

Canada's economic condition at the present time has a double relationship with the country's immigration policy. Unrestricted admission of immigrants at this stage would result in untold hardship and unemployment.

place of adoption more carefully. But in the main the West conveys but a faint impression of international boundaries or national customs. On that account it is reasonable to suppose that the people of the Old World who are seeking a new country would just as readily turn their eyes to Canada as they would to the republic to the South.

As long as the Dominion Government follows a selective process there should be a tremendous field to choose from and little need to exercise very rigid exclusion laws. It should take all its precautions at the point of origin.

FIZZLING OUT.

All the earlier forecasts of the result of the miners' ballot in Great Britain seem to have been fulfilled. It is definitely established that a two-thirds majority in favor of continuing the strike has been obtained although more than fifty per cent of the Federation's membership refrained from voting at all.

WILL LLOYD GEORGE FALL?

Although party lines in the general acceptance of the terms are somewhat difficult to define in the political composition of Great Britain at the present time the people seem to have adopted an essentially practical method of displaying their interest in public affairs.

OTHER PAPERS' VIEWS

IN THE YEAR OF THE BIG WIND (The Cleveland Plain Dealer) It wasn't so long ago that King Constantine said of Mustafa Kemal Pasha: "We can give just one puff at any time and blow him off the map."

bearer was able to poll nearly seven thousand votes more than his opponent—a Coalition Unionist at that—is illustrative of public sentiment. It does not follow that the victory of the anti-waste candidates in such an exclusively Conservative constituency as St. George's and an essentially agricultural riding of Hertford will convince Mr. Lloyd George that his time to appeal for a new mandate has arrived.

SINN FEIN TACTICS.

Even that section of public opinion in Great Britain which does not agree with the Government's policy in Ireland would authorize the sternest kind of treatment for the bands of Irish Self-Determinationists who staged and took part in a wide-spread cutting of railway and signal wires and the burning of signal cabins near London last night.

NOTE AND COMMENT

Has anybody stopped to think how much lemonade could be bought for the sum which the Government is obliged to ask for a bottle of its best Scotch whisky?

When the clubs which propose to sell beer in spite of the new law and the liquor importing firms which are ready for a little legal encounter have settled their business with the Government it may be that the ordinary mortal will be able to see a law in operation in conformity with the expression of his own opinion last October.

If Dr. Addison had been a howling success in any of the Departments of the British Government over which he has presided one would not wonder that Mr. Lloyd George should defend the payment of his salary although he might be temporarily out of a portfolio.

PUTTING PORTLAND ON THE MAP.

Over in Portland the people are looking for a big boom and their expectations certainly appear to have considerable foundation in fact. Portland has a fine Waterfront and the Portland plan to the extent of expressing willingness to finance the pier with Portland and South Portland paying for the site.

HIS WATERLOO COMING

That strange hybrid known as the "Liberal-Conservative" is likely to be revived in order to form the forlorn hope in the heterogeneous units which make up Premier Meighen's last line of defense.

LETTERS Letters addressed to the Editor and intended for publication must be sent to the Editor, The Times, 1111 Douglas Street, Victoria, B.C.

HEARD HEARD! To the Editor.—I beg to correct a statement appearing in the report of the Lady Douglas Chapter meeting that I had resigned the regency on account of failing health and declining years.

THAT LIQUOR TAX To the Editor.—In order to circumvent the atrocious actions of the pitilessly-minded Dominion Government, is there any reason why our Provincial Government should not establish its own distillery?

THAT PETITION. To the Editor.—The undersigned was largely responsible for the circulation of the petition asking the Police Commissioners of Esquimalt to reconsider the resignation of James Palmer.

WANTS TO KNOW? To the Editor.—Will you kindly publish this letter in your paper. I feel it my duty in the interests of my family to deny certain things published by the Commissioners of Esquimalt.

TEN YEARS ADDED TO LONG SENTENCE Kingston, Ont., June 17.—Convict Leo Rogers, convicted of doing grievous bodily harm to Inspector Walter Duncan of the Dominion Police, has had ten years added to the eleven-year sentence which he

equally certain that there were no other than householders and property owners on his petition. There were two hundred and sixty-six signatures to the petition. Surely such a petition was worthy of consideration.

FRANK CAMPBELL, 651 Constance Avenue, Esquimalt. PRICES IN RESTAURANTS.

To the Editor.—Referring to a recent letter of mine, under above heading, which you were good enough to publish, I notice that a local store displays in an attractive way the purchasing power of \$25 a year ago and to-day.

AN INVESTIGATION of coal prices was made recently, and I suggest that the next prices calling for investigation are those in restaurants. Will the Chamber of Commerce take up the matter, or the Retail Merchants Association, or the Victoria and Island Development Association, or some other responsible and active body?

MER. JAMES PALMER, 425 Admirals Road, Esquimalt, B.C.

impending clash between the Greeks and the Turks, talking to the Associated Press to-day, said he felt convinced that the Greek army now was able to crush the Turkish Nationalist forces under Mustafa Kemal Pasha.

Outgrown bicycles find ready buyers through the classified ads.

TWENTY-FIVE YEARS AGO TO-DAY

The Commissioners appointed by the Imperial and Federal governments to study seal life in the Behring Sea arrived from the East last evening. They are Professor D'Arcy Thompson and assistant, of England, and James Macoun and Andrew Halkett, Ottawa.

The assizes opened this morning before Mr. Justice Drake. A. G. Smith, D. A. G. appeared as counsel for the Crown. F. B. Marvin is foreman. The Grand Jury and the other jurors are: M. Bantley, D. Carmel, C. A. Goffin, G. R. Jackson, S. Leiser, F. Lewis, John Nicholles, W. H. Perry, S. Reid, G. C. Shaw, J. Savannah, J. Q. Tarka, G. P. Ward and P. Wollaston, junior.

had still to serve. He is nineteen years old. On December 29 last he struck the inspector with a piece of lead pipe, which he had concealed in his hand, while interviewing the officer in a vault off the warden's office.

King of Greeks FEELS CONFIDENT Thinks Greeks Will Defeat the Turks Smyrna, June 17.—King Constantine, who is here to take part in the

Paragon is to Bread What Variety is to Life the spice of it—the flavor that makes the eating of bread truly enjoyable. Paragon Flour The Flour That Never Fails TO the goal that looms largest in the mind of the conscientious housewife—the nourishment of a family—her bread must not fail to supply the essential qualities of Paragon. Paragon is perfected by science, because of the special care—the expert attention—the careful tests—to which it is subject at every stage of the milling. Paragon does entire justice to your skill—makes fragrant, appetizing, all-inviting bread—adds to your leisure by its convenience—gratifies by the praise you will receive. Order your supply of Paragon to-day—and use it regularly. Yours Truly The Miller of PARAGON & VELVET FLOUR Made in Vancouver by the VICTORY FLOUR MILLS Limited 806 Beach Ave., Vancouver, B. C. Tel. WASHING IS THE HARDEST PART OF HOUSEWORK

Washing with a tub and wash board is positive drudgery. When a woman washes with a tub she is washing all morning and is completely tired out by noon. Nothing is so hard as the stopping and rubbing motion necessary to clean clothes on a rub board.

Don't dread wash day, made Blue Monday a joy day by using a Time-Saver Electric Washer and Wringer. Sold on easy terms.

Social Progress

At Christ Church Cathedral on Wednesday morning, the Dean of Columbia officiated at the marriage of Elma, daughter of the late Robert Lowry Alexander, of Prince Albert, Sask., and Mrs. Alexander, of 1423 Harrison Street, Victoria, to Mr. Leslie F. Ross, of Edmonton, son of Mr. and Mrs. James Ross, Isle of Wight. The church was prettily decorated with marguerites, pink peonies and greenery. The bride, who was given in marriage by Mr. A. P. Welsh, of Westholme, looked very pretty in her suit of cream tricotette with picture hat of georgette. She carried a bouquet of Ophelia roses, pale pink sweet peas and maidenhair fern, and was attended by her sister, Miss Effie Alexander, who wore a pink dress. The young couple leaving later for a motor tour of Vancouver Island. They will later make their home in Edmonton. Among the many gifts received by the bride was a gift of flowers from the Kuntuks Club, she being the first member to marry since the club was formed.

Kuntuks Club Was Honored in Seattle

Victoria Delegation Attended First Showing of Famous Peace Film

The delegation from the Kuntuks Club returned to the city yesterday from Seattle, where they had the privilege of attending the first international meeting of business women, held under the auspices of the Seattle Professional and Business Women's Club.

This international meeting was arranged by the Seattle women as an appropriate concomitant of the first showing in America of the famous film "The Sacred Faith of a Scrap of Paper," which has been made by Samuel Hill, the American philanthropist. Mr. Hill is an ardent apostle of the gospel of world peace, and his film shows the first steps taken towards the project which will have its culmination in the opening of the Peace Portals at Haize on September 8, when Marshal Joffre of France and the Crown Prince of Japan are expected to be in attendance at the ceremonies.

Prior to the showing of the film by Mr. Hill, the Victoria delegation was warmly welcomed by the Seattle women, the President, Miss Fairbanks, voicing the hope that the meeting would be the forerunner of a lasting co-operation between the business women of Canada and the United States. Miss Lottie Dowton, President of the Kuntuks Club, gracefully replied, expounding the aims and objects of the Victoria body and extending a warm welcome to the Seattle women to visit Victoria and its beauty spots.

Similar expressions of cordiality were expressed by the other speakers, including Mr. Hill, Judge Hanford and Mr. Frank Terrace.

Delightful hospitality was extended to the Victoria women during their brief stay in the Sound City. In the afternoon they were taken by Mr. Hill on a three-hour motor tour of the city and the surrounding beauty spots of the Columbia Highway, and after the evening meeting adjournment was made to the palatial home of Mr. Hill, where supper was served. Prior to the meeting the Victoria delegates were the guests of the Seattle Club's executive at dinner.

The members of the Kuntuks Club returned deeply impressed with the real spirit of good-fellowship which greeted them in the Sound City and are confident in the hope that the visit will, in a small way help towards the cementing of the ties between the women of Canada and the United States.

THE SANDMAN STORY FOR TONIGHT

LADY JANE GRAY

Lady Jane Gray was a very pretty girl, but, unlike the poor lady in history for whom pussy was named, she did not lose her head.

In fact Lady Jane, as she was called, had a very wise head, as you will soon learn, and Rover found it out also in a way that made him very much ashamed.

When Jane Gray arrived at the farm where Rover lived, he, being a very young dog, looked upon her as being just a kitten and, therefore, for his special amusement.

He never missed a chance to chase her up a tree, which was the only place she was free from his teasing, and he often joked her out of the warm chair, where she had curled up for a nap just to see her hump her back and look cross.

Rover forgot Lady Jane would one day grow up and become a big pussy, just as he would grow up to be a

WHAT DO WE PLANT?

and started for his dish of food. But the chain brought him up short, and although he stretched and pulled he could not reach it.

Lady Jane got up and walked slowly toward the dish. Then she pushed with her nose until Rover could reach it and mewed:

"Do you remember how you used to tip over my saucer of milk, Rover, and how you drove me away some times and would not let me eat?"

"Lady Jane," said Rover, sitting down on the ground, "I know where there is a fine bed of catnip over in the field, and I saw five mice running around the barn this morning, and if ever I see a puppy bethring a kitten I promise you I will shake that fellow well."

Lady Jane jumped up and ran for the field, swinging her tail as she went, and Rover knew he was for given; and as he looked after her he said to himself:

"Some kittens grow up to be cats, but Lady Jane is a nice, grown-up kitten. She paid me back in kindness for the rude things I did, which proves she had been rightly named."

BRIEF LOCALS
In Police Court—in a short session of the police court to-day H. Stanley, G. H. Price, J. Duncan, McKenna, W. Hurst and H. Stevens were each fined \$1 for riding bicycles on the sidewalk contrary to the by-law.
Tours Island—William L. Alter, of Long Beach, California, is touring Vancouver Island by automobile, accompanied by his wife. He spent some time at Cameron Lake, and is fishing in a number of the island's best fishing streams.
Naval Meeting—The naval branch of the Esquimalt Great War Veterans' Association will be held in the G. W. V. A. rooms, Fort Street, to-night at 8 o'clock. All members are requested to be present, as a report from the delegates to the Provincial Convention will be presented, which will be of great interest to the ex-naval ratings and marines.

To Leave City—J. H. Griffiths, past president of the Victoria Psychic Research Society, who will leave Victoria shortly, was last night entertained as guest of honor at a farewell gathering of the body. Mr. Griffiths will leave to-morrow evening for Long Beach, California, where he will spend a brief holiday before leaving for Sydney, N. S. W.
Church Sale of Work—A church sale of work under the auspices of the Langford Women's Auxiliary will be held in the grounds of Mrs. Waddington, Goldstream Road, on Wednesday, June 22, at 2:30 p.m. There will be a good variety of children's clothing, aprons, middy blouses, etc., home cooking stall, candy and ice cream competition. Afternoon tea will be served in the grounds.

Children of Mary.—A dance and card party of a very successful nature was given by the Children of Mary last night at the Knights of Columbus Hall. The affair was well attended, over 200 being present. The winners of the prizes were as follows: Ladies' first, Mrs. Sabin; gentlemen's first, Mr. Frank; ladies' booby, Mrs. first, Mr. Frank; ladies' booby, Mrs. Hines. Ozard's orchestra provided an excellent programme of music for the dancing.
Silver Tea.—A silver tea held yesterday afternoon by Princess Alexandra Lodge, No. 18, Daughters and Maids of England at the Esquimalt Hotel, was a great success. The visitors on arriving were received by Mrs. Silk, W. P., assisted by Mrs. Censford. Delicious afternoon tea was served. Mrs. Hatcher, convener of the social committee, took charge of the collection, also the guessing competition of a beautiful cake donated by Mrs. Hymers, and won by Mrs. Loft.

Judgment For Plaintiff.—The action of Chisholme versus McDonald and Watson was concluded in the County Court yesterday. His Honor Judge Lampman awarding judgment for plaintiff in the sum of \$20.74. Plaintiff's claim had been for \$251.82, claimed to be due as balance of wages for work as a bricklayer for the defendants, contractors for pile driving. E. C. Elliott appeared for the plaintiff with Henry C. Hall, M.P.P., for the defendant.
Police Commission Meeting.—Definite action in the appointment of a new chief of police for Esquimalt is expected to result from the session of the Esquimalt Police Board to-night. The meeting is to be held under Reeve Lockley, Chairman of the Board, in the Municipal Hall. Fifteen applications were received for the post, some being eliminated at a previous meeting held on Wednesday last. The remainder are to receive consideration to-night. Police Board to-night.

Dance at Saanichton.—There will be a dance held in the Agricultural Hall, Saanichton, this evening, under the auspices of the North and South Saanich Agricultural Society. Heaton's orchestra will furnish the music, and dancing will be from nine to one. The dining-room arrangements are in the capable hands of the West Saanich Women's Institute, and strawberries and cream will be among the good things provided. As there has not been a social event of this kind taken place in the hall for some little time, it is anticipated that there will be a large attendance.
Moose Legion Frolic.—A Legion Frolic for the purpose of initiating candidates into the second degree of the Moose order will take place at Ladysmith on Saturday, June 25. Over 100 have already been written up and it is anticipated that the day appointed will see at least half that number enrolled. A large contingent will make the trip from Victoria, and our angels will be well represented, and Vancouver Legion who are putting on the ceremonial will go to special dinner and take their famous band along. E. E. Fisher, the recently elected president of the Northwest Moose Association, will be on hand and L. W. Long, the district supervisor is coming from Seattle. Victoria jazz band with some newly invented instruments will enliven the proceedings.

In Supreme Court.—The action of Peatt versus Caulfield was continued in the Supreme Court to-day before Mr. Justice Clement, being in connection with riparian rights and alleged wrongful actions of defendant in property adjoining Glen Lake. A. D. Crease and D. M. Gordon are appearing for defendant, with D. S. Tait and J. S. Brandon for plaintiff. Evidence was heard to-day, explaining the enigma of a ditch on level land that reversed the direction of its water flow without apparent reason. The hearing is continuing.

DALLAS ROAD BEACH POPULAR; PAVILION WANTED
The bathing season at the Dallas Road beach, near the Dallas Hotel, has been open since June 1, but is only taken advantage of by nearby residents and hotel guests for want of a dressing pavilion, according to a statement to The Times to-day. It is argued that the city should provide such accommodation, so that others may take advantage of this beautiful little sandy beach.

The WEATHER
Daily Bulletin Published by the Victoria Island Inland Department

CAN'T BEAT "TIZ" WHEN FEET HURT
IN AN OLD STREET.
The twilight gathers here like brooding thought,
Haunting each shadowed doorway and its door,
With gone, forgotten beauty that was wrought
Of hands and hearts that come this way no more.
Here an intenser quiet stills the air
With old remembering of what is not,
Of silver slippers gone from every stair,
And silver laughter long and long forgot.
Deeper and deeper where this dusk is drifted
Gathers a sense of waiting through the night,
About old doors whose latch is never lifted,
And quiet windows vacant of light.
Deeper and deeper, till the gray turns blue
And one by one the patient stars peer through.
By David Merton in the Bookman

Mrs. JONES SELLS BLOCK IN VANCOUVER
Well-known Hotelman Transfers Interest in Property
Vancouver, June 16.—A new department store is to be added to Vancouver following the completion to-day of the deal whereby the Jones Block on Hastings Street, passed from the possession of Stephen Jones, of Victoria, to the L. R. Steel Corporation. Final payment of the purchase price of \$225,000 was made to Mr. Jones, who called upon his old tenants to notify them of the change of ownership.
It is the intention of the new owners to add another three stories to the building and use them in connection with their chain of stores.

CLAIMING DAMAGES FOR ACCIDENT
Plaintiff Had Nose Partly Sheared Off and Was Badly Injured
In the County Court to-day before His Honor Judge Lampman the action of Cooper versus Cronk was opened.
The action is one for damages claimed by plaintiff as the result of injuries alleged to have been received when a car in which he was riding was struck from the rear by a car owned by defendant at the corner of Oswego and Niagara Streets in October last.

The action is one for damages claimed by plaintiff as the result of injuries alleged to have been received when a car in which he was riding was struck from the rear by a car owned by defendant at the corner of Oswego and Niagara Streets in October last.
Dr. R. L. Fraser gave evidence of the injuries received by the plaintiff when he met with the accident. The damages were very grave, stated witness, the plaintiff's nose was sheared off at the tip and was hanging by a thread of skin; fractured ribs were driven into the lungs, and a nasty gash was made from eyebrow to forehead. At one time the life of the injured man was in doubt, but he pulled through after six weeks' treatment. The nose was afterwards replaced and is now practically normal, except for slight scars, stated witness.
The plaintiff, Thomas Cooper, of Brown & Cooper, on the stand stated that he had seen the car approaching from the right at a fast rate of speed, and had hurried to the corner, thinking he would have plenty of time. Next followed a crash, and a blinding flash and that was all, and witness recalled no more. He was incapacitated from his usual work and could not now lift any weight. He had suffered terribly, and had not been able to rest at all for four months. He had employed a man at \$20 a week to fill his place for this period, and had to pay \$100 in doctor's fees, \$87 for the hospital treatment, \$6 for taxi, four months' wages to his substitute, at \$20, and the damages to car amounting to \$205. He would not state the damages he claimed, but left that to the discretion of the court.
Two of the city police force were called in evidence.
The hearing is proceeding.

Saanich Central P. T.—A special meeting of the Central Parent-Teachers' Association will be held in St. Mark's Hall this evening at 8 o'clock. A full attendance is requested.

USED PIANOS—ALL HIGH-GRADE MAKES—AT EXCEPTIONALLY LOW PRICES
This week we are able to offer several of the highest grade American and Canadian pianos at prices which are but a fraction of their original cost.
The quality of these instruments will satisfy the most exacting music-lover. All of them have been through our piano renovation department, and a number of them are in such perfect condition that they cannot be distinguished from new instruments.
Ask to see these pianos to-day—your request will in no way obligate you to buy. Convenient payment terms can be arranged.

"Casey" Stunt Spoiled Good Chance for Caps

Engle Had Hero's Stage Set For Him in Eighth Inning With Bases Full and One Run Needed to Tie Score, But He Whiffed the Breezes; Carroll Called Some Bad Ones.

Vancouver, 6; Victoria, 5.

Casey's memorable feat of striking out with the bases full in the ninth inning when the village of Mudville had prepared a great celebration was duplicated at the Stadium last evening when Engle, the local centre fielder, whiffed at three fast shoots from Brindza, the Beavers' hurler, in the eighth inning. The bases were loaded, one run had been scored, another was needed to tie the score, and the fans were all primed to buy a liquor permit for a hero. Engle was counted on being the man to deliver, but he swung like the flywheel of a Ford and retired the side.

The Capitals came again in the sixth in an effort to get back the one run which Umpire Carroll had handed to the Beavers. Dempsey tracked a double to right field and Patton, the new shortstop, had a chance to send the fans home chattering his name, but he too did the Casey's stunt and fell a victim to strikes for the third out.

Was a Good Game.

The game was a keen exhibition with both teams driving hard for a win. The advantage first went to Vancouver but the Capitals outwitted them. Then as the teams went down the stretch the Beavers got to the front and despite the killing finish of the Caps Purcell kept his boys in front and won by the odd run.

Easter started to fling for the Capitals. He had his big outburst working nicely, but a flock of errors put him in the mustard-pot in the second and Vancouver chased over two runs. In the fifth Easter shot some neat speedy balls over the heart of the pan and the Beavers leashed out three singles, which with a base on balls and a stolen base, accounted for two more runs.

Bad Call Did It.

In the sixth Carroll paved the way for Vancouver's winning tally. Wiggins cut a lively ball to the right-field fence and in stretching it into a double Messenger had him tagged out at the bag, but Carroll called the runner safe. Mark Purcell then delivered a single, which scored Wiggins. To square himself for the bad call on Wiggins the umpire let Easter get away with a life at first in the sixth, when he was out by a good yard.

A double by Bill Purcell followed by Solomon's single scored the last run for the Beavers.

Hartman, a slow-working south-paw, was on the mound for the visitors and he had a nice variety of shots. He was relieved in the eighth inning when the Capitals got

wise to his offerings and Brindza was called on. Brindza has everything, including luck, and he turned back the locals without any further scoring.

How Caps Started.

Hanson's double and Engle's single gave the Capitals their first tally in the third inning and in the fourth the Blankshippers stopped out in front. Handley led off with a double and Patton scored him with a single. Rego crossed up the Beavers' infield with a weak hit and Riley took a "hard throw" at first made a wild "beave" to third to catch Patton, who scored on the error. Engle went around the bases in the fourth when Hartman muffed up his drive. Bankhead sacrificed him along and Dempsey's sacrifice fly brought him home.

The eighth seemed to hold good things in store for the Capitals. Patton opened with a single and Tony Rego delivered his third single. Anfinson was sent in to bat for Easter and smashed a double over third base, driving Patton and Bankhead relieved Hartman and forced Messenger to pop out. Hanson's bat seemed to hold the power to drive in runs so Brindza purposely walked him. With the bases full the fans were looking to Engle to do something. And he did. He struck out.

The Capitals tried to tie up the game in the ninth but Brindza was too-wily and kept the ball where his opponents could not connect with it.

Unsteady Fielding.

Both teams were unsteady in the field. Patton, the new shortstop, looked fairly well in the field. He accepted a hard ball and Bankhead while he scored two runs and hit safely twice.

The Beavers were at full strength, the two Purcell boys being back in the game and Jim Riley playing second base.

The box score follows:

Credit hit to Hartman, loss to Easter. Error of game, 230. Umpire, Carroll.

Tamoca Steps Yakima. Tacoma, June 17.—Tacoma batted Williams hard in the early innings and won from Yakima 5 to 6. The Braves had won thirteen straight.

Score by innings: R. H. E. Yakima..... 6 10 4 Tacoma..... 8 8 2 Batteries—Williams, James and Cadman; Ely, Hovey and Stevens.

WIMBLEDON TENNIS STARTS ON MONDAY

London, June 17.—The draw for the British turf lawn tennis championship play which begins at Wimbledon, Monday next, will bring many prominent players together in the first round. Under the English rule the 1920 champions in each class will not play through the tournament, but will meet the winner or runner-up in the challenge round. As a result the names of William T. Tilden, of Philadelphia, holder of the singles championship, and Miles Stenhouse Leggion, of France, women's singles title holder, do not appear in the draw.

FRANKLIN LEADS FIELD HOME IN HARDWICK STAKES

Ascot Heath, Eng., June 17.—The Hardwick Stakes of 2,000 sovereigns for three-year-olds and upward, over a course of one mile and a half, run here to-day, was won by Lord Carnarvon's Franklin. James A. de Rothschild's Milenko was second, and Sir George Bullough's Golden Myth was third. Twelve horses ran.

THIRTY HOMERUNS MADE AT PORTLAND THIS YEAR

Portland, Ore., June 17.—Four home runs were recorded here yesterday in the game between Los Angeles and Portland, and they brought the total number for the season on the home lot to thirty, made in thirty-three games. No such record ever was approached here before. Of yesterday's homers three were made on the Los Angeles side and one by Portland.

All-Star Soccer Team Will Have Severe Test

THE TEAMS

| White | | Shrimpton | | Taylor | |
|--------------|----------|---------------|-----------|----------|-------|
| Muir | Brewster | J. Allan | Petticrew | A. Allan | Munro |
| Bridges | | | | | Totty |
| O | | | | | |
| Jim Cummings | Baker | John Cummings | Plump | McInnes | |
| Brynjolfson | Copas | S. Sherritt | Leeming | Church | Wale |
| "WHIRLWINDS" | | | | | |

These promises to be a thrilling contest at the Stadium to-morrow evening when the All-Star soccer team which has been picked to meet the Scotch International on their visit here, stacks up against the "Whirlwinds," a nom de plume given to an aggregation of footballers which believes that it has the ability to beat the "pick."

Art Curtis, who is managing the "Whirlwinds," announced the line-up this morning and on paper the challengers look every bit as good as the "All-Stars," and there probably will be a lot of folks who think that in some departments Curtis has a superior team to what the Selection Committee thought was the best soccer team in the city.

Have Added Incentive. The "Whirlwinds" are mostly native sons, and they are capable of going at a hard pace and keeping it up. They will have an added incentive in the fact that they wish to demonstrate to the Selection Committee that a grave mistake was made in picking the All-Stars. The Curtis crowd will have many supporters when the kick-off takes place at 6 o'clock to-morrow evening.

It is expected that a big crowd will be in attendance to see the game. There is no question but that it will be full of excitement, and it will prove a good test match for the All-Stars and help them to get into condition. A second test match will be played between now and June 20, so that the players can become accustomed to one another's play and be

CAREFUL NURSING NEEDED BY BOXERS

Jim Corbett Thinks Heavyweights Need Extra Attention During Next Week

By JAMES J. CORBETT, former Heavyweight Champion.

New York, June 17.—Georges Carpentier and Jack Dempsey have just entered what I consider the most crucial period of their training for the big battle at Jersey City, July 2. Between now and June 20, both fighters must be carried along carefully, and the manner in which they are handled, say during the next ten days, will mean a lot.

After June 20, it will be the aim of their trainers, having built them up to a certain point of physical fitness, to prime them for the big fight.

Dempsey and his rival are both in very fine physical condition to-day. They have reached the point where it would be very harmful to do too much or too little work, though the chance of over-training is the most dangerous. This is where the value of a trainer who knows his man comes in. And from what the fighters have done within the last few days I imagine that Kearns and Dempsey have both entertained the idea that their progress might overtake that of the other.

Threat Made There Will Be No Heavyweight Bout

New Jersey Boxing Commission Will Not Allow Dempsey-Carpentier Fight Unless It Names Referee; Hard Feeling Is Cropping Up; Fighters Are Training Hard.

Hackensack, N.J., June 17.—A threat that there would be no Dempsey-Carpentier fight in Jersey City July 2 if the New Jersey boxing commission could not have the privilege of naming the referee, was made last night by Commissioner Doherty at a dinner to C. J. Lyons, another member of the commission.

Commissioner Doherty said a serious situation had arisen as a "certain party" believed he should have the privilege of naming the referee.

Must Show Backbone.

State Senator Alexander Simpson declared if the commission did not show backbone in sticking up for its rights and name the referee the next Senate would repeal the New Jersey boxing law.

New York, June 17.—Controversy is expected before a referee is named by the New Jersey state boxing commission for the Dempsey-Carpentier bout.

It had been expected selection would be made by the commission yesterday, but after adjournment it was announced action had been indefinitely postponed at the request of Promoter Tex Rickard. It was understood that "certain party" of opinion has developed among those with interests at stake.

According to reports, J. Harry Erie, a New Jersey referee, had been tentatively picked, with three other New Jersey referees as alternates, but opposed developed from Dempsey's camp because the commission had ignored candidates named in the original contract for the fight.

Want a Compromise. The matter was reported to have been referred to Rickard, with a request that he try to effect a compromise.

It was learned unofficially that the commission would stand on its rights under the state boxing law, which empowers it to name and license all referees. It also was ascertained that none of the five named in the contract had yet applied for a referee's license.

It was considered not unlikely that difficulties might arise in adjusting rules in the New Jersey boxing regulations regarding seconds, hand bandages, etc., which appear to conflict with the state code specified in the boxers' contract.

Carpentier Works Secretly. Manhasset N. Y., June 17.—Georges Carpentier, challenger for the heavyweight championship, went into retirement again to-day. Spectators were strictly excluded from the French fighter's camp and Carpentier put in a hard day of real work under the supervision of his trainers.

Improving Jack's Speed. Atlantic City, N. J., June 17.—With Jack Dempsey back to his training camp to-day, development of the champion's speed to match that of the crafty Georges Carpentier is the chief aim of his handlers. Dempsey will be called upon to do more boxing with smaller and lighter sparring partners as he advances into the final two weeks of training.

Poor Old Jack. Pawhuska, Okla., June 17.—Jack Dempsey, world's heavyweight champion, was made co-respondent in a divorce suit filed here to-day in district court by F. R. Boulanger, an Ojase Indian. In his petition, Boulanger alleges his wife, Lilly, has been carrying on clandestine correspondence with one Jack Dempsey, of Los Angeles, Cal., and claims to have a letter written from Dempsey to her. The case will probably come to trial in September.

Plump Denies Statement. "Toots" Plump, who is regarded as one of the best inside forwards in the city, wishes it distinctly understood that he was not asked to play on the representative team. The statement was made that he had refused to play. "This is entirely wrong," says "Toots." "I was not asked to play."

All members of the All-Star team are requested to meet at the G. W. V. A. rooms at 5:15 o'clock to-morrow afternoon. Any players unable to turn out are requested to notify Jack Neary, phone 1562.

ence of reporters, it is true. But he has been working very hard in private. And to my notion the slight cut Jack Dempsey received over his eye came more as a blessing than anything else, for it was not serious, and it gave the champion a chance for a respite from too much boxing.

The Different Methods. Dempsey's training schedule of boxing in public every day makes his handling much more difficult than that of Carpentier, for no matter how fast or slow a pace he sets with his sparring partners, he expends energy and what is more, he boxes in the full glare of the boiling sun.

In Carpentier's camp the ring is pitched behind a barn in the shade of trees, and Georges sets most of his sunning on the road in the early morning. It is noticeable that he has so far failed to show what might be called even a fair coat of tan, and as he is naturally fair skinned, this is unusual.

Must Show Mentality. One more thing is very essential in connection with the handling of both fighters from now on until they enter the ring, and that is the nursing of their mental attitudes.

Dempsey, according to all reports, and certainly when I last saw him, has exhibited the best nature of any heavyweight champion—most over-trained for such an important battle. Carpentier, though usually cool and self-possessed, has shown several flashes of nervous temperament, though for the most part his ready smile has been easily provoked.

Keeping these two heads in a happy frame of mind almost as much as whipping them into just the right physical pitch.

SCOTCH SOCCER TEAM PLAYING U. S. CLUBS

Games Arranged at New York, Philadelphia, Boston, Fall River and Bethlehem

New York, June 17.—The Scottish soccer team, which has been playing matches against leading Canadian teams, will open its tour in the United States next month, playing at Bethlehem, Pa., July 12; Philadelphia, July 15; New York, July 17; Boston, July 19, and Fall River, Mass., July 21. The tour in the United States is under the direction of Thomas A.

MISS RHODES WINS KINGSTON TENNIS

In the final match of the ladies' singles in the handicap tournament of the Kingston Street Lawn Tennis Club played yesterday afternoon, Miss Rhodes (oves 30, beat Miss Leighton (oves 20), the score being 7-2, 2-6, 6-3. The match was keenly

Cowichan Lake Fishermen

A Tuganonger car will leave Leifur's every Saturday at 1.30 for Cowichan Lake, returning Sunday at 6 p. m. Get Your Ticket Early.

contested and proved interesting throughout, the play being of a high order.

THERE ARE THREE REASONS

why some cigar retailers do not feature or even carry "LAVELLO" (2 for 25c) or "P. & R." (10c) Cigars.

FIRST—They cost too much.

SECOND—These stores are loaded up with unsalable lines they are trying to get rid of.

THIRD—They do not realize that their rents are paid with their profits on lines that are easy to sell; that a smaller profit on a fast selling line is a better profit than the long profit on lines that lie on their shelves; that repeat sales hold customers, and that the dealer who puts service above everything else is not the man who is crying hard times. BEST SERVICE means nothing more or less than giving BIGGEST VALUE FOR YOUR MONEY.

THERE ARE THREE REASONS

why most cigar retailers (not always the largest) DO carry and feature "LAVELLO" and "P. & R." Cigars.

FIRST—Because, although these cigars do cost more, they more than make up the difference in their profits in increased sale and repeat.

SECOND—Because these cigars do not lie on their shelves as unsalable stock; they move fast, are always fresh and in just the right condition, and do not tie up money in shelf warmers.

THIRD—Because these merchants really believe that "LAVELLO" and "P. & R." Cigars are the biggest value for the money they can recommend to their customers.

THERE ARE THREE REASONS

why "LAVELLO" and "P. & R." Cigars have shown the largest increase in sales of any two cigars made in Canada during the past year.

FIRST—They are the biggest value cigars for the money that are produced in Canada.

SECOND—They are the heaviest advertised lines on the market throughout the west.

THIRD—Because they are Union Made, Hand Rolled, clear Havana Goods, manufactured by a firm which has sixteen years' reputation for putting out high class cigars which have been kept to the same high standard of quality year in and year out.

JOHNSON WILL FIGHT AFTER LEAVING JAIL

Former Champion Is Offered \$55,000 to Meet Harry Wills at Jersey City

Leavenworth, Kansas, June 17.—Jack Johnson, former heavyweight pugilistic champion, serving a sentence in the federal prison for alleged violation of the Mann Act and who will be released July 7, has been offered \$55,000 to meet Harry Wills at Jersey City, N. J., August 9, it was declared here last night.

Johnson's first public appearance after his release from prison will be at an athletic show in Leavenworth, July 27.

FOURTEEN HORSES TO RUN IN BROOKLYN RACE

New York, June 17.—Fourteen horses, the largest field for any eastern turf classic this season, were carded to-day for the Brooklyn Handicap to be run this afternoon at Aqueduct. The race is for a purse of \$10,000. Mad Hatter and Greg Lag are favorites. Exterminator, Eternus, Leonardo II, Audacious, John F. Grier, Blazes, Earl Jones, Dunscombe, Yellowlegs, Captain Alcock, Royce Bell and Veto were the other entries.

THE TRIALS OF A HOUSEWIFE

How They Have Been Endured and How Overcome by Lydia E. Pinkham's Vegetable Compound

Experience of a Providence Woman

Providence, R. I.—"I took Lydia E. Pinkham's Vegetable Compound for a female trouble and headache. It began just after my baby was born, and I did the best I could about getting my work done, but I had awful bearing-down pains so I could not stand on my feet. I read in the papers about Lydia E. Pinkham's Vegetable Compound and the good it was doing other women, and I have got dandy results from it and will always recommend it. You can use these facts as a testimonial if you wish." Mrs. Emma L. Cannon, 15 Main Court, Providence, R. I.

Ohio woman for three years could hardly keep about and do her housework she was so ill. Made well by Lydia E. Pinkham's Vegetable Compound. "For about three years I was very nervous and had headache, dizziness, dragging-down pains, could not sleep at night, and had no appetite. I got medicine from the doctor but it did not help me. I saw Lydia E. Pinkham's Vegetable Compound advertised in a newspaper and took it with good results, and am now able to do my housework. I recommend your medicine to my friends and you may publish my testimonial."—Mrs. CHRISTIE A. BALL, R. 15, Fayette, Ohio.

An Illinois woman relates her experience: Bloomington, Ill.—"I was never very strong and female trouble kept in so weak I had no interest in my housework. I had such a headache I could not cook a meal or sweep a room without fainting with pain. Bobbing my head with alcohol sometimes eased the pain for a few hours, but did not stop it. I heard of Lydia E. Pinkham's Vegetable Compound, and six bottles of it have made me as strong and healthy as any woman; and I give my thanks to it for my health."—Mrs. J. A. McQuitty, 610 W. Walnut St., Bloomington, Ill.

The conditions described by Mrs. Cassen, Mrs. Ball, and Mrs. McQuitty will appeal to many women who struggle on with their daily tasks in just such conditions. In fact, it is said that the tragedy in the lives of some women is almost beyond belief. Day in and day out they slave in their homes for their families—and beside the daily routine of housework, often make clothes for their selves and for their children, or work in their gardens, all the while suffering from those awful bearing-down pains, headache, dizziness, nervousness, throb in the temples, which say the very foundation of life until there comes some time when Nature gives out and an operation seems inevitable. If any woman would only profit by the experience of these three women, and remember that Lydia E. Pinkham's Vegetable Compound is the natural restorative for such conditions it may save them years of suffering and subsistence.

There is hardly a neighborhood in any town or hamlet in the United States wherein some woman does not reside who has been rendered to health by the Lydia E. Pinkham's Vegetable Compound, and you will find in a great many cases that at some time or other she, too, has been benefited by taking it and will recommend it to you. For more than forty years this old-fashioned root and herb medicine has been restoring suffering women to health and strength. Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

BLAZING BEACH CAUSES ALARM

Chief Warns Public of Danger to City

Shortly before 5 o'clock last night a beach fire at Horseshoe Bay gave the fire department much concern. Carelessness on the part of persons unknown led to a beach fire below high water mark setting fire to a pile of matted drift wood logs, the conflagration spreading along the beach and upwards for some distance. The residents of the district feared a serious outbreak, and were insistent on the action of the department. Four men and apparatus were engaged for the disturbance—a loss of time and material that seriously weaken the city fire fighting force. The Chief stated to The Times to-day that if picnickers and others save fires carelessly alight on beaches around the city they do so at the risk of serious conflagrations breaking out in town, and the city department being too weakened to get an effective action. A careless fire on the beach may cause the loss of half the city, and all are cautioned to see that any fires they light are

thoroughly extinguished—the fire department neither having enough men nor apparatus to spare to extinguish the result of such carelessness.

WHERE CATS SCORE

Strictly speaking cats cannot see in complete darkness any more than human beings can. But owing to peculiar construction of their eyes they can make much better use of whatever light there is and find their way through a room which appears to be very dark. The pupils of a cat's eyes are capable of being enlarged or contracted to a great extent, thus letting in every particle of light. Moreover, this enlargement of the pupil takes place almost instantly, and there is little apparent hesitancy on the part of a cat entering a dark room after being in the bright light. The same principle holds good to a lesser extent, in the case of the human eye, for after we "become accustomed to the dark" or after the pupils of our eyes become sufficiently dilated to allow the rays to enter—we are able to see much more distinctly than formerly. This, however, takes an appreciable time, whereas a cat automatically in the eyes of a cat—Tit-Bits.

J. B. Moore, a former resident of St. Thomas, was found drowned in the Detroit River and the police fear foul play.

WOMEN SEEK TO EFFECT RADICAL REFORMS IN LAWS

National Council Considers Many Economic and Social Problems

Calgary, June 14.—(By Mail From Our Own Correspondent.) The National Council of Women, following the preliminary business on Monday, to-day began work seriously and is now hearing reports from the various committees. Invariably, interesting discussions centre about these reports and not more than four or five are heard each day.

Mental Hygiene. The report on mental hygiene, laws, taxation and a discussion on the Women's National Bureau of Information were the interesting features of to-day's session. This evening, executive committees are meeting, following a drive about the city which was presided by a W. C. T. U. conference. The report presented by Mrs. J. Hall on mental hygiene covered a wide field and showed how necessary work along these lines has become.

She dealt with the phases of mental derangement consequent upon the neurosis of the present day (an outcome of the modern craving for excitement), the danger both social and economic of allowing the mentally deranged to reproduce the kind, as is possible at the present time, the connection between crime and mental deficiency, and the possibilities of careful class work and medical inspection in the schools.

"Madhouse" Dance. Taking up the first phase she said "the strain and stress of to-day tends toward neurosis and mental derangement, nor is this strain incidental to our business only; even our recreations are increasingly mad and add thousands to the sensation-seekers across the water. This indecency is called "the madhouse" and deserves our active opposition should it ever reach Canada.

The danger to children from certain classes of film was, she felt, a very serious problem, and has been shown by court records. Well balanced children with good home influences were in no serious danger from films, but to the weak-minded or impressionable child there was most assuredly a serious danger. While the responsibility lay with the parents, the responsibility lay not wise enough themselves to see the danger.

Mental deficiency played a great part in crime, for recent prison surveys had shown that 25 per cent. of the prisoners were mentally defective; that thirty per cent. of all prisoners in Canada are feeble-minded, and are the majority of criminals. An official survey in Oregon had shown that ten per cent. of the whole population was delinquent and dependent on public money, and that 25 per cent. of the school children were found to be sub-normal.

Immigration Perils. These things point beyond a doubt, she said, that the feeble-minded are a heavy loss both economic and industrial, and that some means must be devised to spare the children of the future from the burden of the feeble-minded. More psychiatric clinics are needed, for they are, she said, the logical continuation of inspection in schools. Special class work, medical inspection and careful training has done much for the sub-normal children in the schools.

Another great need, she thought, was a more careful medical examination of immigrants coming into Canada. Canada is accepting a million every year on fostering immigration, but care should be taken to see that Canada receives the right class of immigrants, else Canadian taxpayers will be burdened to pay for their care.

Women's Burden. Mrs. Sears, of Ottawa, who recently ran as an independent candidate, created a keen discussion with her report on the proposed Women's National Bureau of Information. The purpose of this bureau is to encourage the use of Canadian-made goods, built up in Canada and to overcome the unemployment problem.

Her plan is to foster Canadian-made goods, and would also encourage the manufacturer to bring his goods to a higher standard, to have all goods trade marked and to have them placed on the market at a price not greater than the United States article of similar value.

They believe this could be worked out by appointing a Federal Board of three women at Ottawa and provincial boards in every Province. They would see to it that women's organizations spread the made-in-Canada propaganda.

The Council referred the report back to the committee on home-economics after a lengthy discussion. Many views were expressed. Some thought that Canadian women who bought goods made in other countries when they could obtain home-made goods of as good a quality at a similar price were helping to keep Canadian men out of work. Others thought that the inflated prices were the cause of unemployment.

Shifting Taxes. Mrs. E. M. Murray presented an excellent report on taxation, outlining the working of the income, luxury and excess profit and sales tax. Some of these she said, had seemed at first to rest on the profiteer and the extravagant, but experience proved that such was not the case, and that as with all unscientific taxes, the burden was shifted from shoulder to shoulder until it reached the shoulder of the ultimate consumer and helped to increase for him the cost of living.

"It is not easy in these days of public education," she said, "to deceive the masses as to the nature of taxes as it once was. They know that this, too, like the tariff, the luxury and excess profit tax and sales tax all increase the cost of living. The trouble is that the class of tax is that it does not stay put, but shifts from one to another until it reaches the consumer. She believed, she said, that as a result of the Fordney Bill, Canada would place an increased duty on American products, and this would help to increase the cost of living."

Following the report by Mrs. W. Loughby Cummings on the re-arrangement of the by-laws, came a resolution asking that federated societies might have the privilege of sending by mail on matters contained in the agenda. There was considerable discussion

position to this proposal, it being pointed out that the principle would kill the parliament of women.

Women on Juris. The report from the laws committee presented by Mrs. O. R. Edwards, of Montreal, was lengthy and went fully into detail. It may be summarized by outlining the legislation for which the Council is asking this year. The Council for 1921 asks that women be included in the panel of all Juris sitting on cases where women are concerned. The law should be amended so that women be given the same homestead rights that men now enjoy, that an extension of the indeterminate system of sentence be applied to men and women convicted under the Criminal Code sections dealing with sexual offences, that section 44 of the Criminal Code be amended by substituting the word "eighteen" for "sixteen" (this section deals with the age of those who come under the jurisdiction of the law); that punishment by fine for crimes of an immoral nature be abolished, that wife desertion be made an extraditable offence, a uniform divorce law for Canada, that married women be given the right to take out naturalization papers as if she were a "femina soluta" and that the law be amended so that there shall be no distinction of sex in the grounds for granting an application for divorce, and that the wife's domicile shall be considered the place where she resides.

Committees Appointed. The committees appointed to serve on the Social Service Council, the Political Party, the Motion Pictures, Murray and Mrs. G. Wright; Social Hygiene, Mrs. Cummings, Mrs. Paul Smith (New Westminster), Mrs. R. J. Macdonald and Mrs. J. Kelly; Indian Affairs, Mrs. Thibault, Mrs. Houlton, Mrs. Cummings, Mrs. Edwards and Mrs. W. J. White, of Vancouver; Immigration, Mrs. Parsons, Mrs. Law, Mrs. Lewis, Mrs. Kirk, Mrs. Muldrew and Mrs. Stollt, Family, Mrs. Smythe, Mrs. S. D. Scott (Vancouver), Mrs. Andrews, Mrs. Rose, Mrs. Cole and Mrs. Watt; Criminology, Dr. Guilen and Miss Mowat; Motion Pictures, Mrs. Doyle, Mrs. MacIver and Mrs. Forbes Reid; Child Welfare, Mrs. Clement, Mrs. Clyde Macdonald, Mrs. Graham, Mrs. Smilie and Miss Barrington; Law and Legislation, Mrs. Edwards, Mrs. Arthur Murphy and Mrs. Stapleford.

The most interesting report given at the Wednesday afternoon session was Dr. Stowe Guilen's report on citizenship. She gave an account of reports received from various councils concerning citizenship, and offered a number of suggestions and recommendations.

Civic Clubs. She recommended the formation of civic clubs to study the science of government and all the problems of reconstruction, the introduction of courses in citizenship in the school curriculum, and that English be made the basic language of instruction in the school, and an educational campaign through the medium of public meetings at which subjects pertaining to good government and national life, would be discussed.

She advised the council to work to have the franchise extended to women after eighteen years, for she thought that surely a girl's person was more valuable than property. Equal guardianship laws such as British Columbia, Alberta and Saskatchewan have also much to be desired. She would establish the maxim that equal labor demand equal pay, and eight hours for women and youths in factories.

She urged the necessity for mental examination of all sub-normal children with registration of abnormal cases and education suited to the possibilities of the individual, while mentally deficient women should be kept under constant care and supervision. She would insist on the erection of homes for the mentally deficient, the importance of industrial schools for boys and girls, vocational training, the appointment of women as juvenile court judges and women physicians attached to institutions for women, who should make all examinations for children, women and girls who are the victims of sexual crimes.

Foreign Born. She touched briefly upon the problem of the foreign born, and urged women voters to arouse themselves on these matters.

Several progressive recommendations were contained in the report from the educational committee. These recommendations included general uniformity of curricula, revision of text books, revision of supplementary reading, the establishment of credits home work, "teacherages" for teachers in localities where there is a foreign population, an international bureau of education (accessory to the League of Nations) and the international interchange of public school teachers.

The first and last recommendations were withdrawn.

MANY SUBJECTS BEFORE W. C. T. U.

Yesterday's Meeting Brings Successful Convention Here to End

The Hearst publications, the need for inspection of persons handling foodstuffs, and the increasing modesty in dress, were among the catholic range of topics discussed at the final sessions of the Provincial Women's Christian Temperance Union yesterday.

Young People's Work. The evening was devoted to the Young People's Department of the Association, Mrs. Williscroft, of Vancouver, formerly of Victoria, and secretary of the recently-formed Y. W. C. T. U., took the chair. Tableaux symbolizing the work of the organization were given by a number of girls, including children of the Oriental Home, Miss MacMurray, W. C. T. U., silver street, of Vancouver, recited the poem, "The College Oil," with which she won the dictionary prize recently.

Rev. Richmond Craig, of Vancouver, a prominent prohibition worker, gave an interesting address on "The New Crusade." Mrs. Wellwood, representing Kamloops, which has taken the largest percentage increase in membership during the year, received from Miss Sproule the W. C. T. U. banner awarded for such merit.

Report on Home. A paper of especial interest to Victorians was the forty-second annual report of the Provincial W. C. T. U. Home for Women, read by Mrs. Andrews for Mrs. Gee, at the afternoon session yesterday. It was difficult, she said, to give more than a brief outline of this invaluable work. The unfortunate one coming under the care of the Home must have their future protected from stigma and bad report. The mere facts, however, were eloquent enough. Twenty-six women and eight children had been admitted to the Home during the past year, and eight babies had been born. The generosity of the public was evinced in the success of the Annual Pledge Party when groceries and gifts in cash up to \$167.25 had been received. Other donations referred to were the I. O. D. E. contribution from their Rose Day Fund, \$87.24; Women's Canadian Club-Christmas gift—\$18; Joshua Kingham, \$10.50; Victoria City Council, annual grant, \$600, and Christmas gift, \$25, and Provincial Government grant of \$1,700.

Much appreciation was expressed at the loving devotion and efficient work of the Matron Mrs. Inglis and her assistant Mrs. Webber; and of the good services of Mrs. Nicholas in connection with the Sunday afternoon Bible Class.

Appreciate Mrs. Spencer. Motions of thanks were passed by the meeting to the staff, and to those doctors who so generously gave their services to the Home. It was also voted that a letter of appreciation be sent to Mrs. David Spencer for the helpful interest she had always taken, and a letter of deepest sympathy to Mrs. Noah Shakespeare, a member of the committee since the inception of the Home, in her recent sad bereavement.

Against Hearst Papers. Miss Lena Grant, of Vancouver, for the resolution committee raised several interesting points. The following resolutions received unanimous support:

"Whereas, being convinced that harm is being done throughout the Dominion of Canada through the insidious propaganda that is being carried on in the circulation of pernicious publications, and the harmful influence they exert at this time of unrest.

"Therefore be it resolved that the Provincial convention of the W. C. T. U. go on record as condemning the circulation of pro-German Hearst publications in the Dominion and calls upon the Dominion Government to prohibit their importation into and their sale in Canada."

"Being alive to the danger of the transmission of disease through the common duties of life, be it resolved that we ask that it be made compulsory for every person seeking employment wherever food is handled, such as hotels, cafes, shops, dairies and so forth, to present with their applications a clean bill of health in order that the public be protected as far as possible from infection."

Other resolutions passed by the

Ramsay's Family Cream Sodas

An ideal hot weather lunch—fruit with custard, or salad with dressing, and Ramsay's Family Cream Soda! B. C. BOND ISSUE TO BE SOLD HERE

Other Firms Join in Financing \$3,000,000 Issue

The \$3,000,000 bond issue allotted by the Provincial Government at a price of 93.11, is to be marketed in British Columbia cities, it was announced today by Ray Castle, bond manager for Pemberton & Son.

The bonds will likely be placed on the market again at two points, one in the Victoria and Vancouver by the end of this week.

A. E. Ames & Co., in whose name the bonds were taken over from the Government have been joined in the financing of the issue by Pemberton & Son, Wood, Gundy & Co., Harris, Reid & Co., and the Canada Bond and Mortgage Co.

The bonds will likely be placed on the market again at two points, one in the Victoria and Vancouver by the end of this week.

FRESH PRODUCE

CHANGES PRICES

Meat Products Fluctuate; But-ter Steadily Dropping

Many variations may be noticed on the retail market prices with fresh supplies on the market. Meat prices show a marked reduction, while fresh arrivals are registered on the vegetable market.

Six of the reductions in the meat products show a decline of five cents, while other drops were not under three cents.

Local green peas may be seen on the market again at two pounds for 25c. and 40c. With local strawberries on the market the price has dropped to two boxes for 25c. This is a change over the old price of 20c. a box.

Butter prices are still doing their bit to bring down the high cost of living. Butter prices are still on the decline. The retail quotations for to-day are as follows:

Vegetables: Carrots, lb. 10c; Onions, lb. 10c; Potatoes, lb. 10c; Apples, 3 lbs. 25c; Bananas, doz. 45c; Lemons (Calif.), doz. 45c; Peaches, doz. 45c; Apricots, per lb. 40c; Cherries, doz. 40c; Almonds, per lb. 45c; Walnuts, per lb. 45c; Filberts, per lb. 45c; Raisins, 2 lbs. 25c; Eggs (local), doz. 25c; Butter, Salt Spring, lb. 50c; Creamery, lb. 45c; Oleana, per lb. 30c; Eggs (foreign), doz. 25c; Bananas, lb. 25c; Pineapples, lb. 45c; Citrus, lb. 45c; Apples, lb. 25c; White Spring Salmon, lb. 25c; Red Spring Salmon, lb. 25c; Cod, whole fish, lb. 15c; Cod fillets, lb. 15c; Halibut, lb. 15c; Haddock, lb. 15c; Sole, lb. 15c; Kippers, lb. 15c; Fresh Herring, lb. 15c; Smelts, per lb. 20c; Shrimps, lb. 25c; Cod, lb. 15c; Beef, lb. 15c; Belling Beef, lb. 15c; Sirloin Steak, lb. 25c; Porterhouse, lb. 25c; T-bone Steak, lb. 25c; Pot Roast, lb. 25c; Lamb, lb. 15c; Pork, lb. 15c; Mutton, lb. 15c; Bacon, lb. 15c; Hams, lb. 15c; Apples, Calif., per crt. 45c; Peaches, Calif., per box 6.00; Cantaloupes, 54; Plats, 15; Plats, 15; TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, June 17.—Wheat trading was light volume to-day on the wheat market, although considerable selling by elevator companies was going on during the early part of the session in July wheat, which was related to the contract made some days ago, July fall to 112 1/2 after pressure, but made some recovery later.

The cash wheat market was steady. There is a fair demand in existence principally for the 1921 crop. Offers were light and little business is being worked. There is a small demand from millers for cash wheat.

The coarse grain future markets continue to show a slight upward bias. Barley is 1/2 cent higher, rye 1/4 cent higher, and wheat 1/4 cent lower.

Wheat—Open High Low Close: July 1921 124 1/2 125 1/2 124 1/2 125 1/2; Oct. 1921 124 1/2 125 1/2 124 1/2 125 1/2; Dec. 1921 124 1/2 125 1/2 124 1/2 125 1/2.

Barley—Open High Low Close: July 1921 79 79 79 79; Oct. 1921 79 79 79 79; Dec. 1921 79 79 79 79.

FURTHER PRESSURE IN SOME DEPARTMENTS

(By Burdick Brothers, Ltd.) New York, June 17.—The stock market generally speaking was lower to-day, particular weakness was observable in the general list of tobacco and sugar shares. Baldwin Bisco was also subject to further sharp selling and a loss of six dollars a share was recorded in this stock at one time during the day. No special news.

Opposite Hudson Bay Building, The Victoria Bedding Specialists

All our goods are new and guaranteed.

Great reductions in beds, springs and mattresses, diningroom, bedroom furniture, couches, rugs and assorted furniture.

at last night's meeting of the Amputation Club. It was decided that unemployed members should wait on the Liquor Board, and if no satisfaction is given then an appeal will be made to the Premier.

It was reported that the impression had gone abroad that political influence had influenced the appointments by the Liquor Board, and considerable discussion was held over the unemployment question, and the lack of consideration shown amputation cases.

It was explained that the Toronto Amputation Association was regularly supplied with lists of vacancies in the Provincial civil service and it was decided to ask for the same privilege here.

The association decided to take up with the Vancouver branch the question of amalgamation for the purpose of forming a Dominion-wide Amputation Association.

AUTHORS' ASSOCIATION

To-morrow at 8 o'clock p.m., a meeting will be held at 484 Jubilee Avenue, Victoria, for the purpose of forming the Vancouver Island Branch of the Canadian Authors' Association, recently inaugurated at Montreal. Steps will be taken to elect a permanent executive.

ROTARIANS TASTE SAANICH BERRIES

Entertained to Banquet and Dance at Royal Oak

Big, red, luscious strawberries, fresh from the farms of the district, formed the central feature of the Rotary Club visit to Royal Oak as the guests of the Women's Auxiliary to the Saanich Health Centre last night. A sumptuous banquet was served for the hundred and fifty Rotarians and their wives in Royal Oak Hall by the ladies of the Auxiliary under Mrs. T. T. Hutcheon and Mrs. Watson, wife of Reeve Watson, who also took a prominent part in the affair. Just when the savoring had finished this delightful supper, the ladies brought on large crates of strawberries which were served in thick Saanich cream.

Following the banquet, the guests inspected the Saanich Hospital, Centennial Square, and they were shown over the building by Reeve Watson, who explained its purpose and the use to which it will be put soon. A number of doctors who are members of the club, were loud in their praise of the building.

The remainder of the evening was devoted to dancing in the Royal Oak Hall, where a number of Saanich residents joined the Rotarians.

President Lester Patrick, who presided over the meeting, conveyed thanks of the club to the ladies who had entertained the Rotarians, and declared that the affair had been one of the most delightful ever held by Rotary here. Among the guests present was F. A. Pauline, M.P.P. for Saanich, and Frank Frederickson, of Winnipeg, the most brilliant of Western Canadian hockey stars.

SAYS SHOULD SPEND FURLONGS HERE

Europeans in China Would Be Glad to Come Here, Says J. N. Davey

There is a wonderful opportunity for Victoria and Vancouver Island in China announces J. N. Davey, of the B. A. Point-Compass-Limited, who recently returned from a four months' tour of the Orient.

There are many wealthy Europeans in the cities of China who would consider this country a paradise, and all it wants is a little publicity and publicity to induce these people to spend their furloughs here," says Mr. Davey. He explained that it is the general practice for all employees to be given 12 to 15 days' furlough each year. Most of the Europeans return to their homes by way of the Suez Canal, but Mr. Davey, who is very enthusiastic about the attractions of this district, claims that it would be an easy matter to get them to break the long sea voyage by coming this way.

While in China Mr. Davey showed a number of Victoria and Vancouver Island pictures to members of the prominent clubs and he says that they were simply delighted with the beauties of the place and keenly interested in the prospects of making a trip here.

People Are Interested. There is also a great opening to encourage these Europeans to send their children to private schools here, says Mr. Davey. There are various reasons, from a health and intellectual standpoint, why these folks do not care about having their children trained in the schools conducted in China.

A man who does not own a motor car in China is a mere nobody nowadays, says Mr. Davey. Although there are only sixteen miles of roads in Shanghai, all sorts and makes of cars are to be seen there, English and French makes and Fords. Outside of the few in the cities there are practically no roads in the country.

Mr. Davey spoke of the wonderful canal system and referred to the deep contrast in the country's appearance, and the people's condition during the dry and the wet seasons. Truly it is a case of either a famine or a feast with the Chinese, and the scenes which he witnessed were too heart-rending to repeat.

Industrious Workers. The lack of farm implements is offset by force of numbers, said Mr. Davey, who cited the fact that the port of Nagasaki, where ships were hulked by hand basket, was within nine minutes of the world's record for bunkering, by machinery or any other method. The same remarks apply to work on the farm, where the holdings are all small, every inch of soil is cultivated, and there are millions to do the tilling.

Trade opportunities for Canada are good, says Mr. Davey, but manufacturers should not send out irresponsible representatives. The goods must be A. 1. and diplomacy is required, in approaching the buyers in the Orient.

The point that Mr. Davey was most enthusiastic about, however, was the opportunity which Victoria has of getting large numbers of men to spend their furlough here with their families. The excellent facilities here for golf would be an attraction in itself, as the Europeans in China are great golf players.
