

FLIPPING WITH THE FLIP CAM! OUT THE CAM!

Help us create our Wikimania movie and become the Wikimania art director. We want YOU to capture the atmosphere and attendees. Just interview your Wikimania

fellows and film it! In the Chapters Village you can find flip cameras. In the end, we will all have fantastic material for a wonderful Wikimania movie. Join in!

HOW TO FLIP OUT?

1. Come to the WMDE desk in the Chapters Village and pick up a flip camera.
 2. Look around and find somebody to interview. You and your interviewees must assign Wikimedia Deutschland the right to release the film under a Creative Commons licence (CC-BY-SA) and you should agree with being part of our little flip-out movie.
 3. Interview a Wikimaniac about the following 3 things:
 - *Who are you, where are you from and why are you here?*
 - *Why is Wikimania important for the global movement?*
 - *(Please complete the tweet:) I love free knowledge because...*
 4. You want to ask more questions on your own? Go ahead! But don't make it too long.
 5. Bring the camera back to the WMDE desk where we can download your material or pass the camera to another person together with this instruction.
 6. Be happy and proud of yourself! And check http://wmde.org/flip_out for the results.
