INDEMNITY BILL PASSED BY HOUSE

Measure Providing Greater Remuneration For M.P.s Sent to Senate

Ottawa, June 30.—The House last night gave third reading to the bill to increase the seasonal indemnity from \$2,500 to \$4,000, and the bill went to the Senate. The end came after a keen and exciting debate. The public galleries were filled as in the early days of the session.

It was not till the committee stage was reached that the House had its first division on the bill. Then Roch Lanctot, of Laprairie-Napier-ville, seconded by Mr. Proulx, of Prescott, moved an amendment to have the increase applicable only after a general election. Amid enthusiasm, Mr. Lanctot's motion was defeated by 107 to 111.

Only One Supporter. Later, on the third reading, Mr. Proulx moved that the whole measure be rejected except the section providing increased remuneration for the Assistant Clerk of the House.

Judges' Salaries. Mr. Proulx, seconded by Mr. Lanctot, in the afternoon moved a six months' hoist of the bill to increase judges' salaries, but the motion was declared lost on division and the bill passed all stages in the House.

Will Probated in Quebec; Application Also Made in Ontario

Ottawa, June 30.—Application has been made for an Ontario probate of the will of the late Sir Wilfrid Laurier. The Superior Court of Quebec has already granted the probate, but on account of a small estate in this province a second probate is necessary.

The document is a simple affair and gives no indication of the high rank held by the writer. He simply describes himself as a barrister-at-law, and signs the document "Wilfrid Laurier." It is dated July 27, 1912.

LLOYD GEORGE SENDS MESSAGE TO STATES

Boston, Mass., June 30.—A letter from Premier Lloyd George of Britain, urging settlement of a general understanding between the American and British democracies, was read to the International Congressional Council in session here last night by Rev. J. Morgan Gibbon, of England. In his letter, which was addressed to Mr. Gibbon, Premier Lloyd George said:

"The future largely depends upon the co-operation of all the western democracies in the colossal task of rebuilding the world on better lines than those which crashed in ruins during the Great War. It is especially on our two countries that the responsibility rests, because they have now in command the energy, the wealth, and, as I believe, the ideals necessary to the making of a new and better world.

MANY HUNDREDS GIVE TESTIMONY

Mrs. M. Draper Among the Latest to Receive Remarkable Benefits From Taniac

So many people throughout Canada have testified to having used Taniac with such splendid results following influenza, grippe, operations, typhoid and pneumonia, and other troubles that result in a run-down condition, that it has become universally recognized as the most powerful reconstructive tonic of the present day.

In Vancouver hundreds have told in no uncertain terms how Taniac has built them up in weight and restored their strength after all other means had failed.

One of the most striking testimonials in connection with this fact is the following, which was given a few days ago by Mrs. M. Draper, who with her husband live on their motor launch, the "She," at Coal Harbor, and whose postal address is "General Delivery," Vancouver. This is what she says:

"Before I had the flu I was in a very badly run-down condition, and suffered a great deal from indigestion. I couldn't eat a thing but what would sour in my stomach and I could hardly breathe. At times I had such pains between the shoulders that I could not move my arms without suffering, and at night I would roll about restlessly for hours and get up in the morning hardly able to drag around. My nerves were in such a frightful state that I used to jump at my own shadow. My husband took me for several cruises around the coast, but this failed to do me any good, and I was getting thinner and weaker all the time. Then about two months ago I had such a severe attack of flu that I was expected to pull through. This left my old troubles worse than ever before, and I became so weak that I couldn't even get around the room without holding on to the furniture.

"But the war Taniac has built me up is surprising and to-day I am like a different woman. The first bottle convinced me that it was just the medicine I needed, and very soon I had a splendid appetite, and could eat anything I wanted without ever being troubled with indigestion or stomach trouble. All the aches and pains left me, my nerves got better, and I could sleep so well at night that in the mornings I just felt full of life and energy. I am so much stronger now that I can take long walks without getting tired, and am feeling as well as I ever did in my life. Taniac is the best medicine I have ever tried, and I hope this statement of my experience will be of benefit to others."

And His Family Medicines

MOST people first knew Dr. Chase through his Receipt Book. Its reliability and usefulness made him friends everywhere.

When he put his Nerve Food, Kidney-Liver Pills and other medicines on the market they received a hearty welcome, and their exceptional merit has kept them high in the public esteem.

Take Dr. Chase's Kidney-Liver Pills for example. There is no treatment to be compared to them as a means of regulating the liver, kidneys and bowels and curing constipation, biliousness, kidney disease and indigestion.

FREIGHT RATE PROBLEM IN U. S.

Washington, June 30.—Freight rates must be increased 5 1/2 per cent. if the roads' demands for increased freight tariffs and the merchants' demands for increased pay are granted and the whole burden placed on the freight traffic, the Interstate Commerce Commission was told yesterday by Clifford Thorne, of Chicago, representing shippers.

QUEBEC FARMERS AND POLITICS

Montreal, June 30.—At the closing of the second annual convention of the United Farmers of Quebec here last night, no action looking toward the formation of a political party was taken, the reason being given that the organization was in doubt as to what steps to take until the question of amalgamation with the Cultivators' Union of Quebec is settled.

CENTAUR COMPANY WINS CASTORIA CASE

Montreal, June 30.—Mr. Justice Duchesne, in the Superior Court, issued an interlocutory injunction yesterday against the American Drugists' Syndicate, Limited, restraining it from the use of the word Castoria in connection with the manufacture or sale of a preparation it recently placed upon the Canadian market. The action against these defendants was instituted by the Centaur Company, which for more than thirty years has made Fletcher's Castoria, and the court held that the complainant company has a valid trade mark on the word Castoria in Canada, and that no one other than the Fletcher Company can make and offer for sale in Canada a veruna laxative under the name

NO ALTERATION YET IN DEPARTMENT

Saanich Council Will Not Make Change Until Bylaws Are Submitted

No change will take place yet in the engineering department of the Saanich municipality, which has been under discussion for some weeks. The Council has naturally found its expenditure rise in overhead charges since the engineering department was created in December to prepare for the submission of the water and sewer by-laws. It was expected that the by-laws would be ready for submission in April, but various circumstances have conspired to prevent that occurring until late next month, or possibly August, as the plans have yet to receive the approval of the provincial health authorities.

After a lengthy meeting in private on Thursday evening, the session was resumed last evening to talk over the future policy to be adopted. The whole situation with regard to the cost of the department, and public works has received a thorough airing, it is said, and a statement this morning credits the Council with the intention of continuing the status as at present until the by-laws are ready.

Some of the ratepayers' associations have been rather critical of the Council in maintaining two senior officials in the engineering department, a course they maintain is unnecessarily expensive.

BRIEF LOCALS

Rotary Club.—Owing to the intervention of the holiday, there will be no meeting of the Rotary Club this week, according to the announcement made by T. J. Goodlake, the secretary, this morning.

Firemen's Dance.—To-morrow being a public holiday, the weekly firemen's dance will be held this evening instead of on Thursday evening.

Catholic Picnic.—The Catholic picnic will be held at Macaulay Plains to-morrow. Persons should take No. 4 car, and rest off at Head Street. Officials will meet all cars. Sports commence with a baseball game at 10.30 a. m., and refreshments may be procured on the grounds. All Catholics are welcome.

Concert by Choir.—A concert will be given by the St. Andrew's Presbyterian Choir next Friday evening at the Eskimo Church on Beak Street. A varied programme has been prepared, consisting of solos, duets, quartets and choruses. The concert will commence at 8.15, and a cordial invitation is extended to all.

Short Police Session.—Only two cases were called in the city court this morning, and only one of these appeared for trial. William Booth, charged on remand with being disorderly, was found to be insane by the medical authorities and his case will be disposed of on Friday. Information laid against Andrew Lindstrom for having a bottle of whisky in room 12 in the Commercial Hotel will lead to a summons. There will be no court held to-morrow, being Dominion Day.

Robert Valentine Harvey Chapter.—At the meeting of the Robert Valentine Harvey Chapter, L. O. D. E., held last night, the chief business was the making of plans for the garden party, which is to be held, by kind permission of Mr. and Miss Agnew, in the grounds of their lovely home, "Schumann," Rockham Avenue, on July 14. This date will mark the first anniversary of the founding of the Chapter, and as it also coincides with France's Day, the members have decided to invite the members of the French Red Cross to attend the fête as honored guests.

Another Fielders' Organization.—At a meeting held in the Oddfellows Hall last Monday under the auspices of the Grand Army of United Veterans J. Harry Flynn was successful in establishing a branch of that organization in this city. The branch is to be a political organization, it was explained, in that its members could discuss that phase of the Canadian situation. R. P. McLernan was elected president, M. A. Orford first vice, J. McKenzie second vice, L. McLeod, secretary, and J. D. Featherston treasurer. Five directors were chosen as follows: Messrs. Chitty, Wilson, Sheldon, Williams, Litchfield and McPhie.

CRITICIZES "AMAZING INDIFFERENCE" HERE

G. G. Bushby, Chairman of Local Jewish Relief Committee, Issues Statement

George G. Bushby, chairman of the local committee of the Canadian Jewish Relief Committee, this morning issued the following statement in regard to the efforts which are being made locally to raise \$25,000 for the relief of the suffering thousands in Central Europe:

"As chairman of the Victoria Committee of the Canadian Jewish Relief Committee I wish to draw to the attention of the people of Victoria the campaign which we are trying to carry on for the relief of the starving children of Eastern Europe, while at the same time we are attempting to prevent the cruel scourge of typhus from reaching Canada from that infected region.

"If the dread epidemic of typhus is not halted and confined in its present permanent seat of infection in Eastern and Central Europe it will sweep over this country in a wave ten times greater than did the influenza epidemic, and in a form ten thousand times more disastrous.

Black Plague.

"The black plague originated in Eastern Europe and Central Asia, destroying 25,000,000 people, and almost destroying the civilization of that day.

"Means of communication are rapid in these modern times, and the means of dissemination of infection are therefore more perfect than was the case during the black plague of Europe, so if typhus is not stamped out or kept under control at the seat of infection, it will spread like wildfire in every direction.

Typhus Terrible.

"The report to the Council of the League of Nations, dated June 25, 1920, states that of the 100 million of Europe many legions from five years of war, is virtually unbacked in many districts. Poland is thoroughly infected, the disease having raged there continually since the beginning of the war. In 1916 there were 24,538 cases. In 1917, there were 63,846, and in 1919 increasing to 231,266, while the first two months of 1920 developed 45,500 cases, at which the present year will far exceed the record of the previous ones.

"In addition to the Polish situation, typhus is raging in Serbia, Roumania, the Baltic States and Russia. On the strength of this and other international experts the Council of the League has voted three million pounds sterling to be expended immediately in an attempt to stem the tide of contagion which is sweeping over Central and Eastern Europe.

"The people of this community must take this matter seriously; they must drop their attitude of indifference, and realize that this is a little sort of criminal. In the case of the starving peoples of Eastern Europe the indifference of the Europeans is a crime, with the exception of a few of the poor and a sprinkling of the well-to-do, in to avoid a stronger term, positively amazing, while apparently it will be time enough to trouble about the typhus when the typhus is raging here.

"The time to fight the typhus is now, and the way to fight it is by helping to clean up the infected areas in Europe, as it takes money to carry on this fight.

"Good people of Victoria, just devote ten minutes for thinking this matter over carefully. During that ten minutes try to see your own little ones in the process of starving to death. Try to visualize a land where there are no children alive under the age of five years. Try out your own soul and let your conscience be your judge."

Mr. Bushby emphasizes the need for more volunteers to help in the work of canvassing. To-day a number of ladies have taken up their stand in the leading stores and in the banks, and it is hoped that the public will and their support with the same generosity which has characterized appeals for other worthy causes.

Baptist Church, Picnic.—Owing to the fact that the site chosen at Macaulay Plains by the Douglas Street Baptist Church for their picnic to-morrow had already been selected for the St. Andrew's Cathedral and St. Joseph's church picnic, the Rev. Theo. M. Habershon announces that the event will take place instead, with the kind permission of the Uplands Company, at a small cove a little to the south-west of the yacht club, Uplands. Two street cars have been requisitioned for the affair and will leave the church at 2.30 a. m., returning to town at 3 p. m. For the benefit of those taking later cars it is announced that on leaving the car at the Uplands terminus they should turn sharply to the right and walk straight down towards the sea.

OPPOSITION LEADER BACK AND HOPEFUL

Mr. Bowser Is of the Opinion That People Are Ready For a Change

With a feeling of optimism as the antidote for a slight cold, W. J. Bowser, K. C., M. P., Leader of the Opposition in the local Legislature, returned to his home in this city this morning from a tour of the middle interior.

During his absence from the capital Mr. Bowser has addressed a number of public meetings in behalf of the cause of which he is the presiding leader. He reports a gradual conversion on the part of a large section of the electorate to the idea that change of Government would be in the best interests of the Province.

His reception, he says, was marked at all points by its cordiality and a willingness on the part of the people to discuss the issues of the day on their merits. Mr. Bowser is of the opinion that his party will be able to make a successful appeal to the electorate when the time comes.

Quite a number of the policies of the present administration he declares have failed to captivate the popular imagination, while he reports unfavorable criticism of the manner in which the Government has handled its soldier and general land settlement program.

The Leader of the Opposition found very considerable interest being manifested in the proceedings leading up to the Oliver-Elliott libel suit and at all points visited he found the Dolly Varden legislation and its sequel had completely "caught on."

MANY ENJOY PICNIC AT MOUNT DOUGLAS

Three Hundred Picnic at St. Mary's Function on Saturday

If enjoying a motor ride depends on being packed in the car like sardines in a box, then the three hundred members of St. Mary's must have enjoyed their trip to Mt. Douglas and back last Saturday beyond words. Six of Cameron & Calwell's eight-seater cars left the church at 9 a. m. with their carrying capacity taxed to the limit, and the two cars at 1.30 received the same test.

Ideal weather prevailed throughout, and there was a great rush on the ice cream and candy stalls, unfortunately the demand was greater than the supply.

The morning passed away quickly, some like ducks took to the water, other went exploring. Lunch was served the children at noon.

Just as those responsible for the supper were contemplating a trip to a lake shop Shelly's van appeared, much to their relief.

Supper was served at five after which Col. the Rev. G. H. Andrews was strong in his praise for those who had worked hard in making arrangements and preparing the feast for the children.

Everything passed off without a hitch and one and all voted it was the best outing yet.

The first of the eight eight-seater cars arrived about six o'clock and from then until half past seven cars were leaving for home.

The Sports programme was as follows: (Handicap)—1, G. Joseph; 2, Jones; 3, Cook.

TO APPOINT HIGH SCHOOL PRINCIPAL

A new principal for the Victoria High School will be appointed by the School Board to-night. A special meeting is to be held for this purpose. Among those considered for the position are: Former Superintendent of Education Alexander

Robinson, J. Hamilton Smith of the High School faculty, and T. W. Connett, another High School teacher.

It is expected that the Board will have before it the resignation of R. B. Paul, who for twelve years has been Municipal Inspector of Schools and who was recently appointed head of the new affiliated college of the High School.

Appointment of a Municipal Inspector is assumed to have already been made for a time yet.

Capitals Were Helpless Before Gomes' Twirling

Tacoma Outfielder Spent Evening in Pitcher's Box and Held Victoria to Three Hits; Struck Out Fourteen; Wee Kelly Fared Badly at Hands of Tacoma.

Tacoma, 11; Victoria, 1.

Tony Gomes, the fleet centre-fielder of the Tigers, who became a life-saver on Monday when he knocked the ball out of the park and saved his team from defeat, again sprang into the limelight at the Stadium last evening. He took a day off from tending to the centre pasture and went into the pitcher's box to show the world that his left arm is just as good as that of some of the high-priced twirlers in this league. And Tony accomplished his object. The fops are all willing to concede that he is a better pitcher than an outfielder. He simply stood the slugging Capitals upon their benches.

Gomes opened up with a display of speed which baffled the local hitters. The ball was hurled so fast that it was safely in Stevens' mit before some of the Capitals had started to swing. One high ball which got past Stevens smashed through two series of wire netting into the press box. Gomes had considerable stuff on the ball, but had to be careful as he was inclined to be wild. Had it not been for the splendid catching of Stevens, who stretched and reached like a giraffe, a lot of Gomes' curves would have finished up against the grandstand.

Fourteen Victims.

Gomes had the Capitals talking to themselves when they found they could not hit. Fourteen of the Leardites fanned the breezes, and only three of them were successful in getting hits. Zienke's home-run in the sixth saved the Capitals from a shut-

BROWN TO TRY AND WIN THIRD GAME WITHIN ONE WEEK

Ebert Brown, the star hurler of the Yarrowes team, will try to establish a new record in amateur baseball in this city to-night by winning his third straight game in a week, pulling his team from the cellar position to the top of the ladder, in that time.

The Colliers-Vets will be represented on the mound by Dick Rossan, Yummy McGregor, Earl-while Collier, will play short for Yarrowes and relieve Brown in case he latter fails to do the iron-man stunt.

The game starts at 6.30 and promises to be a lively contest.

Dominion Day Will Be One of Biggest Sports Days in Years

To-morrow will witness a number of very important sporting features, which will be savored with inter-city and international competition.

The chief events of the day will be as follows:

8.30 a. m.—Start of bicycle race from Victoria to Sidney. Riders will leave from the corner of Yates and Broad Streets.

10 a. m.—Start of Pacific International Yachting Association's regatta at Cowichan Bay.

10.30 a. m.—Cricket game between Victoria and Vancouver at Jubilee Hospital grounds.

10.30 a. m.—Baseball game between Victoria and Tacoma at the Stadium.

2 p. m.—Dominion Day sport at Sidney.

3 p. m.—Baseball game between Victoria and Tacoma at the Stadium.

3.30 p. m.—Bowling match at Beacon Hill between Cedar Cottage, of Vancouver, and the Victoria Lawn Bowling Club.

Sports are also to be held at various up-Island towns, including Ladysmith.

In a delayed start with Kierstead. Five runs were tallied by this hitting, fumbling and base-running.

Three more runs were chalked up in the ninth. Gomes singled, Graham shot one over second, and the ball went between Zienke's legs to the outfield, allowing both Gomes and Graham to score. Stevens lifted the ball out of the lot for the last fall.

Davis, the Tacoma left-fielder, provided the thorns for Umpire McCoy. In the fifth he sent a hard drive to left field, and pulled up at second. McCoy called him out for not touching first base. David said a whole lot of things to the ump, who after extended conferences, ordered him from the field.

Beavers Beat McKay.

Vancouver, June 30.—Vancouver took the second game of the series from Seattle yesterday, when, by bunching triples and doubles, they scored five runs, while the tail-enders were gathering two. Hoagland and McKay both pitched good ball, but McKay was in trouble most of the way, the Beavers' batsmen being in threatening mood throughout the proceedings. Hinkle started with the stick, being credited with three hits, one a triple and another a double.

Says Victoria Will Win Out in Cricket Match

Captain Goward Confident of His Team Triumphant Over Vancouver; First Ball Will Be Bowled at Jubilee Grounds at 10.30 o'Clock; Great Crowd Expected.

"It's going to be a hard-fought match, but we're going to win. We have a strong team and are all on our toes. We're going to win this match and tie up the series and then we will be prepared to beat Vancouver in the deciding match."

This emphatic announcement was made this morning by H. A. "Giddy" Goward, captain of the Victoria cricket team, which will meet Vancouver in the second inter-city match at the Jubilee Hospital grounds to-morrow. Giddy is confident that the Capital City will redeem itself. He is better satisfied with the team which he will lead against the Mainlanders than he was with the team he took across the Gulf to Vancouver on the King's Birthday.

CONFIDENT OF SUCCESS

"GIDDY" GOWARD

Captain of the Victoria Cricket Team which will meet Vancouver to-morrow at the Jubilee Hospital Grounds.

BRITISH OPEN GOLF TITLE NOW AT STAKE

Abe Mitchell Completes First Round in 74 and Second in 73; Americans Playing

Deal, Eng., June 30.—The first four rounds of mental play for the British open golf championship began this morning on the links here under a clear sky, but with a brisk southwest wind. Experts were agreed that it would extend England's best to defeat Walter Hager and Jim Barnes, the American professionals. The British are depending upon "Abe" Mitchell, George Duncan, Harry Vardon and Ritchie to keep the trophy on this side of the Atlantic.

Mitchell, one of the first to complete his round, turned-in a creditable 74. Barnes started rather poorly. He took a five for the first hole, pulling his drive into the rough and missing an easy one. He finished his first round in 73.

Duncan, one of the hopes of England, took an 84 this round.

Herd Has Best Score.

Alexander Herd, of Coombhill, returned the best score up to the noon hour, doing the first round in 72. Arnaud Massey, of Nivelles, turned in an 81.

Other scores for the first round were: Harry Vardon, 78; Cyril Tooley, 85; J. H. Taylor, 78.

Barnes played steadily in the homeward half of the first round, his only weakness being a tendency to get to the left of the course. This was partly accounted for by the wind.

Holes Out in One.

In the second round, Mitchell went out in 43. He holed the short in eight in one. He completed the second round in 78, making his total for the two rounds 147.

Edward Ray, of Oxhey, returned a score of 72 for the first round, tying Herd's score.

Walter Hagen finished the first round in 82.

Other results: James Braid, 79; Ritchie, 79.

Later—Deal, June 30.—At the end of the second round Hild and Barnes each had a total of 153; Wilson, Holland and A. G. Havers, of West Lanchashire, 155, and Duncan, 160.

Some people seem to have no use for anything common—not even common sense.

Stars continued to fall in yesterday's round of the tennis handicap being held at the Willows by the Victoria Lawn Tennis Club. Miss Neame and Procter, a pair who were conceded a good chance in mixed doubles, fell before the steady playing of Mr. and Mrs. Mogg.

take the second set, which she finally won 8-6. The last set was one of the finest seen in the present tournament.

Matson and Robertson remained in the running for the men's doubles by defeating Whitaker and Cicert, without much difficulty. To-day's matches are attracting much interest, particularly the singles between Matson and Robertson, the men's doubles between McKenzie and Procter and Robertson and the ladies' singles between Miss Lawson and Miss Cotworth.

Yesterday's Results.
Yesterday's results were as follows: Mackenzie and Mrs. Lawson beat Meakin and Mrs. Meakin, 6-1, 7-5. Mrs. Morton beat Miss Taylor, 6-2, 8-4.
Matson and Robertson beat Whitaker and Cicert, 6-5, 6-4.
Misses Archibald and Hardie beat Misses Fox and Wilson, 6-2, 9-7.
Boucher beat Beatty, 4-4, 5-2.
Mrs. Leeming and Kennedy beat Mr. and Mrs. Morton, 5-7, 7-5, 6-2.
Mr. and Mrs. Mogg beat Procter and Miss Neame, 4-4, 4-2.

TWO YOUNGSTERS MADE THEIR MARK

G. Silburn and L. Plumb Being Developed by V.A.S.C. Show Great Form

Several surprisingly good swimmers are being developed in Victoria at the present time. Two youngsters, still in their teens, displayed splendid form last evening in the handicap race held by the V. A. S. C. at the Gorge. George Silburn, the winner, and Langton Plumb, who swam second, both started from scratch and made 100 yards in fine time. These two lads will be heard from before the end of the season, and in a couple of years should be real champions. Silburn is eighteen years of age and Plumb is fifteen.

This was the second handicap race held by the club, and in order to speed up the trials the officials of the club have decided to hold the handicaps every Tuesday and Friday nights.

Won Polo Practices.
The members of the Elks' Swimming Club were guests of the V. A. S. C. last evening, and a friendly game was played between the two teams. The Elks were defeated by 3 to 0. Langton Plumb played a splendid game at centre, and with a little more experience will develop into a valuable player. Jack McNeill played a fine game for the winners. Stan Warn starred for the Elks.

Following the swimming a banquet was held in the club house and was attended by nearly 100 members and friends of the club. A community sing-song enlivened the evening, which concluded with short speeches wishing success to the enterprising club. The V. A. S. C. has built a new dressing room for children and has installed electric light. A big new foot sign bearing the name of the club has been set up to attract attention, and advertise the club.

Club Picnic.
The club will hold a picnic to-morrow at Telegraph Beach. The members and their friends will leave the Brunswick Hotel at 9 o'clock and plan to have a great day.

BOY DEFEATS BEST CANADIAN GOLFER

Eighteen-Year-Old Boy Proves Sensational at Beaconsfield This Morning

Beaconsfield, Que., June 30.—A golfing sensation occurred here this morning in the third round of the Canadian amateur golf championships, when J. H. McCullough, Beaconsfield, defeated eighteenth-year-old George Lyon, of Lambton, ex-Canadian champion and probably the best amateur golfer in the Dominion, by 4 and 1.
McCullough was one up at the sixth hole and increased his lead until the finish.
Western winners of the first round of the first consolation games played here yesterday included:
Matt Thompson, Elmhurst, Winnipeg, from E. S. Merritt, Royal, Montreal; A. Campbell, Winnipeg, from D. V. Williams, Kanaw; K. C. Allen, Winnipeg, from F. R. Cochrane, Toronto; B. L. Anderson, Lambton, from P. G. Hale, Winnipeg.

SIX BIKE RIDERS RACING TO SIDNEY

Tommy Peden, Former Champion, Among Entrants; Big Sports Day at Sidney

Six crack bike riders will participate in the long grind to Sidney tomorrow. At 8.30 o'clock these peddle-pushers will be sent away from the corner of Yates and Broad Streets by George L. Warren and in less than two hours they should be at the Sidney Hotel.

The entries include Tommy Peden, who was a consistent winner over the route when the Victoria-Sidney race was an annual affair in the bygone days. Tommy expects to break his old record, as the roads are now in great shape.
The champion, however, will find strong opposition this year. Among the other entries are H. D. Picca, C. Patterson, C. Staples, J. McCalle and C. Everett.

It is expected that a large crowd will gather at the starting point to see the boys get away. The whole of Sidney will be gathered on the main road to greet the riders as they reach the finishing line.

Big Day in Sidney.
Dominion Day will be a big day in Sidney. The people there are taking a keen interest in the programme of sports which has been arranged by the Sidney Athletic Association, which is putting the town on the map as one of the best sporting centres in the Province.
A very lengthy programme of sports has been arranged and post entries will be received. Several Victoria athletes are going out to try and make a clean-up. They will find the competition very keen as Sidney has some good athletic material.
A lacrosse team from Victoria will leave the Metropolis Hotel at 1.30 o'clock to-morrow afternoon for Sidney to try and lower the colors of the Sidney team. A hot game is expected.
The net receipts of the day are to go to liquidate the cost of fencing and putting into shape the new athletic grounds, Memorial Park, on Beacon Avenue, now the property of the people of Sidney.
In addition to the programme of sports Sidney and James Island are to meet in an inter-club tennis tournament, two sets each of men's singles and doubles and mixed doubles, to be played for a trophy to be donated by the Sidney branch of the Comrades of the Great War.

AIREDALE TERRIER KEEPS DOWN COST OF PLAYING GOLF

New York, June 30.—All the cagy tricks of golf have not been learned by any means despite the fact that the game is centuries old. A man and his wife—Van Cortlandt Park devotees—sprang a brand new one last week. They brought along a well-trained Airedale for a caddy, and the successes were astonishing. Thousands of duffers know the Van Cortlandt eleven-hole, where a tee shot across the pond is more of a mental hazard than an actual difficulty. With the well-high prohibitive costs of golf balls a considerable number of beginners steer clear of this nightmare and ship from the tenth to the twelfth. This pair, however, play this hole for all its worth. Mrs. Golfer smacked three into the pond, but never batted an eyelash, for just as often as the ball slashed into the water "Brownie," the Airedale, took a flying dive, swam out and returned with the floater. They should worry if golf balls are one dollar a throw!

BOXING FEDERATION IN SOUTH AMERICA

Santiago, Chile, June 30.—The South American Boxing Federation, composed of the associations governing the pugilistic sport in Argentina, Chile and Uruguay, was organized here recently. It is planned to hold both amateur and professional championships annually, rules for which are to be drawn up. It proposed that for the amateur championships only natives of the competing countries can participate, and for the professional classes only residents of at least five years or those who have been naturalized at least one year shall be eligible. Penalties imposed upon boxers in one country will be effective in the other two.
The first amateur championship will probably be held this year in Montevideo.

Fine Launching Staged at Harbor Marine Plant

S. S. Canadian Winner, First of Two Government Ships Built Here, Makes Graceful Debut; Wife of Minister Performs Sponsorial Duties.

The Canadian merchant marine tonnage afloat was boosted another notch last evening when the 8,100-ton steel merchantman Canadian Winner was successfully launched from the plant of the Harbor Marine.

The Canadian Winner is the first ship of her tonnage to be launched at Victoria. She is the first ship to be turned out by a local plant to fly the houseflag of the Canadian Government under its shipbuilding policy for the expansion of water-borne commerce. Incidentally she is the first ship to be built in Canada by a plant employing almost exclusively returned war veterans. The Canadian Winner was sent afloat under most auspicious circumstances. The sun shone brilliantly. The launching arrangements were adequate to assure success.

The launching of the ship was a charmingly performed by Mrs. S. F. Toimie, wife of the Federal Minister of Agriculture, and Victoria's member in Ottawa, who has worked actively for the development of the shipbuilding industry here.

The launching platform was crowded with guests, principally friends of the sponsor and officials of the shipbuilding industry here. A number of visiting shipbuilding experts were also in evidence. Other guests were accommodated in a temporary grandstand which had been erected on the heights overlooking the shipways. The overflow assembled in the lower yard. All the employees, who had been given a holiday, were present, with members of their families and friends. The naval lads who belong to the organization which has been given cadets to the big British shipping companies plying out of British Columbia ports, were on hand with their bugle band and bearing a splendid banner, which informed all and sundry that they "were ready to man 'em," meaning, of course, the ships of the Canadian Merchant Marine.

Veteran in Charge.
The launching arrangements were in charge of James Clark, veteran shipbuilder, who has turned out close upon two hundred ships in various parts of the world during his lengthy career as a naval architect.

Mr. Clark instructed Mrs. Toimie as to the most up-to-date method of reducing champagne bottles to fragments, and as the bottles were smashed the gaily-decorated container across the steel forefoot. Superintendent Clark, who was directing the launching, took a miniature shower-bath when the sparkling contents of the bottle splashed over him. He got the full force of the deluge and smiled as the crowd laughed good-naturedly at his temporary discomfort.

Guillotine Revived.
The guillotine was then revived and brought into play. The sponsor manipulated the contrivance and the sharp blade dropped, severing the blocks and supporting two fifty-pound weights, causing the boxes to shatter against the steel plates on either side of the keel-plate abutment. Simultaneously the suspended weights dropped and released the launching trigger.

Started Easily.
When the great hull started she glided easily and with increasing momentum she gathered way, and after a plunge gracefully settled in the waters of the Inner Harbor. Cables and kedgcs were so placed to swing the ship as she entered the water. One of the cables snapped but that was a mere incident. The vessel fetched up nicely with a few lengths and as she slowed down the powerful C. P. R. tug Nilan foamed along alongside, and took the hull in tow for the wharf at the Victoria Machinery Depot, where the engines and boilers will be installed.

Tremendous Din.
A great din was created as the big steel hull displaced the water. There was a veritable bombardment of steam whistles and the crowd helped to swell the noise.

Immediately after the actual launching ceremony Mrs. Toimie was presented with a pearl and sapphire bar brooch by Charles J. V. Spratt, President of the Harbor Marine Company.

Among the guests of the company were several experts, including James Lockhart, general manager of John Coughlan's shipbuilding plant at Vancouver, and J. McIlland, representative of the Department of Marine, in connection with the construction of Government ships on the coast. T. Louden, assistant superintendent of the Canadian Government Merchant Marine, and C. C. Keeley, general agent of the C. G. M., on the coast, were among those assembled on the launching platform. Other local shipbuilders were in evidence. Within a few weeks it is expected that the Canadian Winner will be ready to undergo her official trials over the measured mile in Parry Bay.

Strict Regulations to Stem Course of Cholera

Every Precaution Adopted By Quarantine Officials at Kobe Is News Brought By Japanese Liner Making Port To-day.

Strict quarantine regulations are being enforced at Kobe and other ports because of the cholera epidemic prevalent in Japan, it was stated by officers of the O.S.K. liner Africa Maru, in port to-day from Japanese ports.

Several deaths recently occurred at Kobe from cholera and the authorities are taking every precaution to keep the outbreak within bounds. It is usual for the Japanese passenger liners to take aboard sea water at Kobe for the washing of fish and various other purposes. On the occasion of her last visit to Kobe, however, the regulations prevented this.

All the passengers were subjected to rigid inspection with the object of preventing the spreading of the epidemic. No sickness developed aboard the Africa Maru during the voyage, the ship's doctor reported upon the arrival of the liner here.

Healthful Quarters.
Special attention is now being paid by the Japanese steamship company to sanitary conditions and proper ventilation in the steerage quarters aboard the trans-Pacific ships.

The new liners Arizona Maru and Alabama Maru will be models in this respect, it is stated. In the past it has been customary to herd all sexes together in somewhat confined steerage space. The

new liners will have steerage cabins for the accommodation of two people, this plan being adopted with the object of giving more seclusion to married couples.

The Arizona Maru will be the first of the new O. S. K. passenger and freight ships to be shipped in the Victoria service. She is scheduled to sail from Yokohama July 23, and is expected to reach this port August 12. Captain T. Fuchigami, who has been in command of the Aita Maru, in the European trade, will be master of the Arizona Maru.

Turenga and Sir Tom Are Even Favorites for Race
Yachtmen on Each Side of Boundary Backing Their Own Vessel; Race For Power Boats From Seattle Is On To-day; Boats Will Finish at Brentwood To-night.

To-morrow morning at 10 o'clock the two yachts Turenga, representing the Royal Vancouver Yacht Club, and the Sir Tom, representing the Seattle Yacht Club, will be sent away on their first race for the Lipton Cup. These yachts arrived at Cowichan Bay yesterday, and are to-day sailing over the course to allow the crews to become familiar with it. Both boats were built before the war to compete for the cup, but hostilities caused a cancellation. All Canadians are backing the Turenga to out sail the Sir Tom, while the Puget Sound yachtmen are even wagering that the Geary product will win in two straight heats.

The first regatta of the Pacific International Yachting Association promises to be a great success. All preparations for the commencement to-morrow have been completed and are declared to be perfect. The Royal Victoria Yacht Club has spared neither expense nor effort in its arrangements.

Brentwood Cup Race.
The race for the Brentwood Cup is on to-day. This morning at 5:37 o'clock the first power boat left Seattle for Brentwood and the last to start away sailed at 10 o'clock. The boats are expected at Brentwood between 5 and 6 o'clock to-night. The craft are handicapped according to the Racing Association, which bases the handicaps on displacement and horsepower. The boats entered and their names are as follows:
Zina, Capt. W. M. Maacham, 5:37 a. m.; Sovereign, Capt. John Graham, 6:03 a. m.; Lady May, Capt. W. S. Palmage, 6:45 a. m.; Toria, Capt. Francis Frink, 8:39 a. m.; Sueja, Capt. James Griffiths, scratch, 10 a. m., and the Muriel, Capt. J. S. Gibson, commandor of the Seattle Yacht Club, scratch, 10 a. m.

Capt. Griffiths's Sueja and Mr. Frink's Gloria are new boats launched during the past few months. The Muriel is known as a fast craft but whether she is fast enough to overcome the three hours and fifty-three minutes handicap given Capt. Graham's Sovereign is a question that will not be settled satisfactorily until the race is concluded. The Lady May has been in numerous events on the Sound and is known as a reliable performer, as is Mr. Maacham's Zina.

The Programme.
The programme for the regatta will be as follows:
First race, Class R yachts—First race of series for Sir Thomas Lipton Cup between Sir Tom, of Seattle Yacht Club, and Turenga, of Royal Vancouver Yacht Club.
Second race—Free-for-all handicap race for the Cowichan Bay Yacht Club Challenge Cup.
Third race—First race of series of the dinghy class.
On Friday all yachts will leave Cowichan Bay at 8 a. m. for the Royal Victoria Yacht Club at Cadboro Bay where the programme for the day will be as follows:
First race—Dinghy class, second race of series.
Second race—Dinghy class, third race of series.
On Saturday there will be a change of venue to the Royal Roads, where the following races will be sailed:
First race—Yachts and schooners of 32 feet W. L. and over.
Second race—Sloops and cutters, 22 feet W. L. and over.
Third race—Yachts and schooners under 32 feet W. L.
Fourth race—Sloops, cutters and cat boats, under 22 feet W. L.
Fifth race—Class R yachts, second race of series.
On Sunday there will be an inter-club cruise from Cadboro Bay to Port Angeles Harbor and return starting at 10 a. m. Yachts and schooners will compete for the Sir Thomas Lipton Challenge Cup. At the same time all types of yachts will compete in a free-for-all handicap for the Royal Roads course.

List of Officials.
Officials in charge of the big regatta are as follows:
Honorary Judges—Capt. W. H. Logan and A. C. Burdick; Judges, John Graham, Seattle; Alex. Marshall, Vancouver; E. J. O'Reilly, Victoria; Starter, B. B. Temple; timekeeper, H. E. Stewart; regatta committee, H. T. Barnes and W. E. Adams.

VETERANS OUT OF WORK AT SHIPYARD

Launching of Big Freighter Releases Large Number of Men; Car Ferry Contract

Now that No. 1 shipyard is clear at the Harbor Marine yard an early start will be made in laying down the steel car-ferry ordered by the C. P. R. The clearing up of the debris following the launching of the Canadian Winner was under way to-day and the ways will be made ready to take care of the preliminary work on the big ship. The delivery of this craft is set for October and the contractors are losing no time in getting down to work on the new contract.

Second Ship Advanced.
The Canadian Traveler, the second 8,100-tonner, will be launched the Fall leaving the shipways vacant. The repairs of the Harbor Marine yard depend upon the shipbuilding policy of the Government. Further contracts are forthcoming, the completion of the present contract. The housing of shipbuilders, proposed by the Canadian Government, would in all probability act as a stimulant to the steel industry here.

TELEGRAM IS FALSE, PREMIER SWEARS IN ELLIOTT TRIAL

(Continued from page 4.)

Premier Cross-Examined.
Premier Oliver went on the stand at 3 o'clock yesterday afternoon. He was on for exactly one hour. For most of that time he was under examination by his counsel, Mr. Jackson.

A few minutes to 4 o'clock, Mr. Jackson turned the Premier over to Mr. Maclean for cross-examination. Mr. Maclean put several questions to the Premier, which the Premier answered. Then just as the crowd in the court room thought Mr. Maclean was getting warmed up he sat down and the taking of evidence in the case was through.

Never Made Offer.
Mr. Maclean asked the Premier about his statement to Mr. Jackson that he had offered \$12 an acre for section 408.

The Premier denied that he had made that statement. Mr. Maclean had made that statement, he said, and wanted the stenographic records turned up. Mr. Oliver said they should also be turned up to see exactly what he had said as he was quite confident.

Mr. Maclean then asked him what he did say. The Premier refused to answer saying that Mr. Maclean had asked that the record be turned up and that therefore it should be turned up before the case proceeded.

Misquoted Asserted.
The Premier asserted that before this counsel had made him say things that he had never said and that he wanted to prove it.

The argument between the two continued for a short time, while both thought the stenographer was turning up his notes. But all the time the stenographer was taking down what the witness and Mr. Maclean were saying to each other.

Finally the Premier explained that he had discussed a price of \$12 an acre as a price for the land but had made no offer of \$12.

This Mr. Maclean accepted. Swears Charges "False."
Mr. Jackson read the offending statements in the Elliott telegram.

These Elliott telegram statements Mr. Oliver swore were "unqualifiedly false in word and suggestion."

"Did you ever abandon your examination of these lands and make a selection for yourself?" asked Mr. Jackson.

"No," the Premier replied. Mr. Cromie Again.
The Premier asserted that Mr. Cromie of the Vancouver Sun, who was the third party brought in to acquire the land, had offered \$12 an acre for the land.

But he denied that he made an offer of \$5 an acre, as he "would never have expected to have had it accepted. It was a matter of a few days before he was offered a price of \$12 an acre for the land."

Not Crown Land at All.
"I want to say right here that section 408 is not crown land as described by Mr. Elliott," said the Premier. "It is privately owned land."

"I family the same as any parent has a right to do."

San Sober Farm.
The Premier told that when his son returned from service he canvassed several parts of the Province for suitable land to settle on. He then consulted his father and his son's advice. He said that his son, Jack Oliver, then wrote to Mr. White in Vancouver about getting this land.

"I never knew until Peter and Keith's visit in October, 1919, who owned these lands," said the Premier.

Fared Penalizing Tax.
"Pettley and Keith wanted to know the effect of the Land Settlement Act, but that the board might order the owners to list their lands with the board or the alternative of a penalizing tax."

"Pettley and Keith were apparently desirous of retaining control of their own lands, and wanted to know what the effect of the Land Settlement Act would be on their land holdings."

Only Nebulous Proposals.
"The impression on my mind was they had no concrete proposition, but only something nebulous. They left my office with an understanding that they would submit it."

"I said our main object is to get people on these lands and make them productive. I said that if you are prepared to consider a proposal on its merits. They were to submit it in writing."

Did Not Invite Them.
"If you in any way initiated or inspired Pettley and Keith to come to interview me," asked Mr. Jackson.

"No," replied the Premier, "and that statement in the telegram is absolutely false."

"Was there a suggestion of any settlement or retained soldiers being put on that land?"

"No."

Never Interfered.
The Premier swore that he had never at any time selected a single acre of land under the Land Settlement Act, or the Soldiers' Settlement Act, or that he had made any suggestion either to the Land Settlement Board or the Minister of Lands with regard to lands suitable for these Boards.

"If there is any suggestion that there was an arrangement tacit or expressed between Pettley and Keith and the Land Settlement Board, that is false," Mr. Jackson suggested.

"Never in my mind has there ever entered the possibility of my interference to protect the property of anyone," the Premier replied.

He added that he was too busy as Premier of the Province and Minister at the head of two departments to have time even for such activities.

Mr. Savage Explained.
William Savage, barrister of Vancouver, was the first witness brought on by Mr. Jackson in his rebuttal. He testified that the business of Pettley and Keith was brought into his firm in 1912. This business developed into a big land business, and this was turned over to Mr. White, another member of the firm. This firm dissolved in 1918.

October 19, 1919, however, Mr. Savage testified, he came to Victoria with Pettley and Keith, introducing them to the Premier. Pettley and Keith wanted to tell the Premier that they did not want to join in any land settlement scheme. The Premier explained the land settlement legislation and told them any plan they had for settlement must be put in writing, and be

WOMEN EVERYWHERE

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for Women's Ills.

New Haven, Conn.—"For two years I suffered with female weakness, pain in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has done me I will be very much pleased."
—Mrs. CHARLES E. MORGAN, 37 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

they decided it was a section well suited for a land settlement farm.

Taken By Settlement Board.
The Premier went on to testify how he asked the Land Settlement Board whether they would take the property and they decided to take it. So he passed over to them his option on the land, being out of pocket on the deal to the extent of the \$11 he paid for searching the title, he received one dollar in the transaction.

Sought Another Section.
After the Board took this land, the Premier testified that he got into touch with Mr. Savage, of Vancouver, concerning lot 468. Mr. Oliver mentioned the fact that Mr. Savage had offered \$12 an acre for the land.

After the Board took this land, the Premier testified that he got into touch with Mr. Savage, of Vancouver, concerning lot 468. Mr. Oliver mentioned the fact that Mr. Savage had offered \$12 an acre for the land.

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung, when they pay more attention to their social and household duties than they do to their health. It is any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. F. H. Ryan, Sand Point, N.S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

ROYAL VICTORIA

Once more Tom Mix the daredevil of the screen is in town and will be seen at the Royal Victoria Theatre to-night in his latest picture "Fame and Fortune." It is a story that gives the star an opportunity to prove once more that he is absolutely fearless and some of the action which he exhibits in this picture exceeds anything ever seen before on the screen. It is just five reels of excitement, romance and more excitement. The two-act Sunday comedy "The Spotlight Shine" rounds out the programme that will make enjoyable evenings entertainment.

DOMINION

Ultra-modernism is the keynote of the latest Cecil B. DeMille production, "Why Change Your Wife?" which is now at the Dominion Theatre. The costumes worn by Gloria Swanson and Bebe Daniels in the leading feminine roles are the latest creations of the modistes—and then some. A complete household of six rooms, all done in semi-impressionistic style, will delight the eyes of home lovers. The best shops in the country were combed for just the right kind of furniture to match the interior designs. Much of the ware is laudable.

VARIETY

Eugene O'Brien, the poised and pleasing star of Selznick Pictures, is drawing crowds to the Variety Theatre this week with his new feature production, "The Heart of Annie Wood." It is the story of a young country girl who is being acted, directed, staged and photographed with an artistic perception and a nicety of detail. "The Heart of Annie Wood" is a charming story, and Mr. O'Brien is at his gorgeous best as a young painter who loves Hedda Dana, a singing girl. This part is played by pretty Lucy Cotton. For the past two years a luminous centre of attraction in New York's musical comedy. The picture has ambitions—so has Hedda Dana. Through an old-fashioned coach of Hedda's, the impressionistic young painter becomes convinced that love is not for them until their faces are blown away. They go their separate ways, bitterly Stewart to honors across the sea and Hedda to triumph in the homeland. But all roads lead to love when life is young.

COLUMBIA

One of the most elaborate and expensive sets ever built for a moving picture will be seen in the Columbia Talmadge latest Select Picture, "The Veiled Adventure," in which she is presented by Lewis J. Selznick, and which is offered at the Columbia Theatre. The entire studio in which Miss Talmadge made the picture was converted into an elaborate beauty parlor. From the reception hall to the Turkish bath portion of the institution, everything was correct and in working order. The main shop-room was a beautiful example of interior decorating, as well as of scenic correctness. Huge counters were filled with a stock of genuine cosmetics, luxurious chairs were scattered about for the convenience of patrons. Off the main room were the little private compartments given over to the various fields of beautification. One compartment was a complete little manicure shop, another a massage room and another a shampoo room. All of the compartments were elaborately fitted with real hot and cold running water, electric massaging devices, steam baths and every other thing that could possibly be necessary in such an establishment.

PRINCESS

The Mildred Page Players offer as their fifth week's bill, "Nothing But the Truth," a three act comedy written by Willie Collier, the author of so many famous comedies. Mr. Byron Aldenn will be featured in the role created by Max Fagan in which he starred for the past two seasons. "Nothing But the Truth" has been such a money maker for the owners that it is not till the past season that it has been released for stock companies. Miss Mildred Page and Byron Aldenn again have the leading roles, while the balance of the cast all have strong supporting roles. In the very near future Mr. Aldenn is producing a play at the Princess Theatre, written by Mr. Don Mullally, brother of Miss Mildred Page. At the present, the play is minus a name, and Mr. Aldenn is going to ask the audience to name the play, and to the patron who submits the best title after seeing the production will be given a season's pass to the Princess Theatre.

WASTING CANADA'S WATER POWERS

Inefficient and Obsolete Plants Not Developing Power Available

Canada occupies an outstanding position in regard to water-power wealth, not only with respect to the aggregate power at sites already developed and in use, but even more so to that awaiting development. The total of our potential load-water, twenty-four-hour power is estimated at some 15,000,000 horse-power.

Although the greater amount of power is produced in large and efficient plants, there are many inefficient small plants. Each of these plants, however, is valuable as a producer of energy and, owing to the number, the aggregate amount of power they represent is considerable; moreover, these smaller plants are usually situated in the more thickly populated areas, where power is at a premium.

It is interesting to note how conditions in some of the small plants can be improved at a relatively low cost, as illustrated by the reconstruction of a small hydro-electric plant of some 400 h.p., operating under a head of fourteen feet.

The original plant was designed by the new plant, all modern and efficient practice and methods were utilized. The new plant is showing marked increase in efficiency over the old, due to the increased efficiency of the units and of the method of operation. The plant has carried for the past two years more than twice the load that the old plant normally handled and has not yet experienced the shortage of water which formerly occurred each year in the late Summer and Winter months. The results at this plant illustrate what reconstruction can accomplish for small plants operating wastefully, either through antiquated equipment, leaky dams or other inefficient works.—L. G. Denis.

WHAT HE REALLY CAME FOR.
Tommy had an accident while fishing and had fallen into the pond. Just as he was scrambling out an old lady came along. "Dear, dear me!" she said fustily, "how did you come to fall in the pond?"

"I didn't come to fall in the pond," said Tommy, "I came to fish."

MURDOCK CHARGES NOT INVESTIGATED

Resignation and Board of Commerce Debated by Commons Members

Ottawa, June 30.—That there was nothing in the Murdock allegations against the Government of sufficiently tangible form to be the basis of an investigation was the Government's reply to demands of Liberal members for an inquiry into the Murdock charges.

The long heralded debate on the Murdock charges lasted from 11 o'clock last night until 2.30 o'clock this morning.

Hon. Arthur Meighen said he saw no reason for referring to the charges as a "scandal," the only reason the Government had for not publishing the Robson letter being Judge Robson's personal protest against publication. They did not reflect on the Government. The Government would welcome an investigation based on facts instead of "diminutive fictions."

Mr. King
Hon. W. L. Mackenzie King said that no such serious charges had been leveled against any Government for many years as those contained in James Murdock's letter of resignation from the Board of Commerce, addressed to the Prime Minister on June 24 last. There were made not by a political opponent of the Government, but by one of its own appointees, who was in a position to know what was really going on.

He detailed the incidents in connection with the formation of the Board. The Government had proposed the public with ample protection to replace that under the former Act. Instead the Board had dwined away and the people were now wailing out any protection. The Board had refused to take any action, however, the Government had allowed the Board to peter out.

The letter sent by Mr. Murdock to the Government at the time of Judge Robson's resignation had been withheld from Parliament and the people despite requests from the Opposition that the correspondence be produced. Apparently this letter would catch the eye of the public, and the Government had allowed the Board to peter out.

U. S. REPUBLICANS' ELECTION CAMPAIGN
Washington, June 30.—The Republican Presidential campaign will be based on an appeal to restore party government as a constitutional substitute for personal government, Senator Harding, the party Presidential candidate, announced to-day after a conference with Calvin Coolidge, his running mate, and National Chairman Will Hays.

At the same time Governor Coolidge in a formal statement decided that there must be a return of public opinion toward a self-control by the people, toward a great and overwhelming desire to observe the law.

Proper Thing Now is to Peel Off Soiled Skin
Those who harbor sticky, greasy, shaly, streaked complexion should religiously remove cream, powder and rouge during the heated days. There's no need for them, anyway, since the virtues of mercurial soap, and the skin-softening action of a peeling cream, are so well known. The result is a clean, clear, bright complexion. It's the proper thing now to peel off soiled skin. Use like cold cream.

AERO MAIL FROM SOUND ASSURED

Definite Announcement of Service; First of Kind on Continent

Seattle, June 30.—Official sanction for hydro-aeroplane mail service between Seattle and Victoria, the first international air mail service in North America, was received here to-day from Otto Praeger, Second Assistant Postmaster-General. Edward McGrath, Superintendent of Aerial Mail Service in the Northwest, who was in direct charge of operation last Winter of the New York and Chicago air mail service has left Seattle to-day, to make the final arrangements with Canadian postal authorities.

The first hydro-aeroplane bearing Oriental mail for the British Columbia coast is expected to leave at Victoria on Monday morning. The airplane, which is being operated by the Boeing Airplane Company's hangar on Lake Union at the foot of Roanoke Street, will first trip to Seattle, where it will be refueled, and then proceed to Victoria. The mail will be carried by planes on contract basis. The trips will be made to connect with all ships sailing from the Orient and carrying mail.

SINKING SHAFTS AT FLIN FLON MINE
The Pas, Man., June 29.—Shafts at the Flin Flon mine are now being sunk by air drills. Recently two shafts were put in operation and the shaft sinking changed from hand work to air drills. Both shafts had been sunk by hand to a depth of fifty feet, which are about 550 feet apart, contain two compartments. The shaft sinking is being done at a rate of 4 1/2 to 5 feet per day. It is expected to strike ore at 100 feet. The two shafts will be connected by drifts. It is estimated that they will be sunk to a total depth of 400 feet, with levels at every 100 feet.

ALBERTA LOST 90,000 CATTLE
Calgary, June 30.—The total loss in livestock in this province last Winter and Spring has been estimated by the Department of Agriculture to be not more than eight per cent, according to a statement made by A. Craig, Deputy Minister of Agriculture.

The Government has issued an official statement, said Mr. Craig, fixing the average loss in cattle at not more than 10 per cent. The loss more than 50 per cent in some of the districts, but the average over the whole province was not more than that. It is estimated that about 90,000 head were lost, which makes the loss a little more than one head for every farmer in Alberta, as it is estimated there are 90,000 farmers in the province. Some districts lost as high as twenty-five per cent.

LOWERS COTTON PRICES
Silver Slump Results in European Mills Asking Less For Their Products.
New York, June 30.—An echo of the financial slump in India and Japan, the former the result of the depreciation in silver, has been reflected here in lower prices asked by British cotton mills for their products.

It is understood that much of the British foreign trade in cotton goods is done in India and Japan. The depreciation in silver, however, has been reflected here in lower prices asked by British cotton mills for their products.
