- Explore a magical 3D world without conflict or enemies, rich with ambiance, a pleasant place to spend time in.
- Go anywhere you please as there is no one path, no right or wrong way to play.
- Rotate your perspective to navigate the complex environments, solve puzzles, and find secrets!

Key Features

- **Change your perspective** – Powered by Polytron's in-house Trixel Engine, FEZ features 2D platforming in a 3D world. Players can rotate the environment, thereby changing the landscape and the world as they know it.
- **Expansive mysterious world** – Players enter a huge world with many different and surprising areas which can be explored in any order.
- **Explore and discover** - FEZ is a world with no enemies and no combat. Take your time and get immersed in a non-threatening, richly detailed world.
- **Awesome Soundtrack** - Music by Rich Vreeland (aka Disasterpeace) complements the 8-bit art style to create world rich in ambiance. The original soundtrack and an official remix album are available via Disasterpeace's bandcamp.
