FRANCES JAMES TO HEAD 1921-2 Y. W. CABINET

MISS MARGARET WHITE GIVES INSPIRING ADDRESS AT Y. W. C. A. MEETING

New Officers Receive Training to Assist Them to Qualify for Positions in New Cabinet

Miss Margaret White, the resident Y. W. C. A. secretary of the Florida State College for Women, conducted the training of the local cabinet, committee chairmen and faculty advisers here April 8-10.

Her talk was most inspiring and of great practical value. Beside outlining the work of the association, Miss White discussed the development of the student movement, particularly the relation between our association and that of the national and world organizations.

All who heard Miss White feel a deep sense of gratitude and appreciation for what she did by way of inspiration and instruction. The one regret is that she could not remain for a longer time.

The immediate purpose of the council was to prepare the new cabinet for the examination which is soon to take place and to give them the necessary training for their work next year.

The New Officers

Frances James, President; Ruth Waldron, Vice-President; Ruth Boudier, Secretary; Lee Wilkerson, Treasurer; Ada Brockman, Under Graduate Representative; Helen Julius, Program Chairman; Margaret McKay, Social Chairman; Lorraine Page, Social Service Chairman; Easter Russell, World Fellowship Chairman; Hazel Watts, Publicity Chairman. The new advisers are: Dana Sprague, Mrs. Sprague, Mrs. Corbin.

ROLLINS NINE DEFEATS STETSON AT DELAND. SCORE 7-1

ARRANTS PITCHING FOR ROLLINS STRUCK OUT 13 MEN. SPLENDID BACKING BY WHOLE TEAM

HATTERS NOW ELIMINATED FROM STATE CHAMPIONSHIP. LAST OF STETSON SERIES WILL BE PLAYED TODAY

The old team, backed up by one of the strongest roster delegations of faculty and students ever sent out by Rollins, gave Stetson another exhibition of real baseball yesterday, and again put Gardner in the dust with a score of 7-1. Rollins simply has Gardner's goat. He was replaced by Anderson in the fourth.

Rollins got a bad start. In the first inning Stetson, with three men on bases and none out nearly made a coup, but brilliant handwork and cooperation of every man on the team laid them a goose egg. Arrants pitching his usual "climatic" game, held them powerless, and struck out 13 men.

This game puts Rollins one more lap ahead for the State title and eliminates Stetson. Rollins has proven herself. The way the students backed up every man, and every play was beautiful.

Stick with them, and just make 'em win. They are playing the game for you, and your support is appreciated by them. Details of both games in next issue of the Sandspur.

BIG INTERSCHOLASTIC WATER MEET DRAWING ATTENTION

TWELVE HIGH SCHOOLS HAVE ENTERED, MAKING TOTAL OF 24 TEAMS TO BE HERE APRIL 29

Rollins Club of Winter Park Will Give Dinner in Honor of Visitors

The great interest that is being taken by the high schools throughout the state in the annual high school water meet to be held here April 29, only adds one more bit of evidence that this event has a peculiar place in the activities of high schools in Florida. Never before in the history of the state has the interest in water sports been as great as it is this year. Never before has it been possible for 12 high schools within Florida to compete with each other in any sport. This friendly competition, state-wide as it is, will do more to strengthen Florida athletes than anything else possibly can.

The plans for the meet are rapidly being drawn to a conclusion. Application blanks are coming in fast, and

ALPHA PHI EPSILON TO GIVE DINNER IN HONOR OF MERCER DEBATING TEAM

High School Debating Societies Invited to Send Delegates

At the annual business meeting of the Alpha Phi Epsilon Fraternity (Honorary debating and literary work) it was decided to give a dinner on the evening of Friday, April 23, in the college dining hall in honor of the men composing the debating team of Mercer University, who debate the Rollins team in Knowles Hall that evening.

New Officers

The new officers: Fred Zorbaugh, President; Ruth Boudier, Vice-President; Easter Russell, Secretary-Treasurer; Ross Powers and Helen Julius, Councilors, are to be in charge of the dinner, and it will no doubt be one of the most interesting events of the college year. In addition to serving as a welcome to the Mercer debating team, it will be the first social function given by this organization since its installation at Rollins several weeks ago.

It has also been decided to invite

STUDENT STARTS TO GIVE THE FAIRY PLAY IN MOON LIGHT AT FREEMAN HOME

Costumes are by the Famous Van Horn Designers of Philadelphia

On Thursday, April 21, a regular fairy play is to be given on the lawn of the Freeman home, a location particularly fitted for the moonlight revels of fairy lands. The Expression Department is again to be responsible for the play. As can be seen by the following cast, the girls are to take all of the men's parts, and it may be added that they are going to make well-camouflaged men. The nimble fairies, mischievous sprites,

TO FRATERNITY MEMBERS

Here are some questions for fraternity members to answer:

- Am I worth my salt as a member of my fraternity?
- What am I doing to help Rollins, and the frat?
- Am I supporting athletics by going out for the team, or if unable, do I take an active interest by leading my voice in the cheer?
- What about Delphi? Am I letting slip an opportunity for intellectual polish and self-expansion?
- What kind of a supporter of Y. M. or Y. W. am I?
- What concern have I in The Sandspur? Am I trying out for my department?
- Am I proud of my class-room work, and do I cheat, or help others to cheat in examinations?

How about glee club, dramatics; in fact, of what worth am I anyhow? In brief: Am I a pleasure loving idler, or a virile, red-blooded student with a love for pleasure combined with an "active" interest in the welfare of Rollins, and a love in my heart for the fraternity. Of course, it will be impossible for a person to enter all those branches of student activity, but still there is some one or more of them in which one may take an active part.

Now honestly, am I worth my salt?

WHO GETS THE HONORS?

Who gets the honors in college? Stop a minute and think. Isn't it he who "puts out" either when requested, or better without request? Isn't it he who displays an active interest in some one or more of the student activities, and shows himself to be capable and ambitious? If you want to get somewhere in college outside of your classes, let someone see that you mean it. Do your little jobs well; be neat and businesslike. Remember that the fraternities are looking for good pledge material all the time, and one who shows himself well is apt to get a bid.

HOW ABOUT IT?

Let every student on the campus who has the welfare of Rollins at heart bear in mind the great opportunity that is coming with the Water Meet. Here is a chance for you to make the right or the wrong impression on the receptive minds of these high school students, many of whom are going to college somewhere next year. If so, why not Rollins? Show a little initiative, and go over to the office in search of the kind of information they are likely to want. Know all the courses Rollins offers, and the many superior advantages of your college. Put yourself in their shoes and try to think of the things you would want to know if you were they. Tell them what Rollins is doing in athletics, and some of the plans for the future. Look and act like college students. Make them want to come to Rollins. In short, be a good sport.

THE OPEN FORUM

Dedicated to discussion, nominations and suggestions concerning the Fall Election to be held April 29, Open to all. Contributions must be good.—Editor.

Everyone values the friendship of a quiet, reserved man who does not try to impress one with his wisdom. It is such men who accomplish things in this world. They do great things, receiving but little credit. The credit is not what they seek. It is to fulfill their duties in a just and creditable way. Indeed, they need but slight attention because they have the ability and the "stick-to-it-ness" to go ahead. When a job is placed in their hands it is as good as finished. We are constantly on the lookout for such men. More than any other organization on the campus, The Sandspur must have its hero.

We have two men at Rollins who are especially noticeable and who possess these characteristics. Dean Tragan is one. Who does not admire that man? If silence were golden, he would be a millionaire. Every time he opens his mouth he says something worth while. But it is not my purpose to bring the Dean to light, because he is already there. The other example is one of our fellow students. Some of his good qualities are as follows:

He is a hard worker who enjoys his work and gets work* of good from it.

At present he holds a responsible position on The Sandspur staff.

He is one of those young men who realize the value of a good education and has the grit and determination to put himself through college.

He is a frat man and upholds the fellowship and good-will that is their standard.

He knows the printing business from A to Z. His father is an editor of a paper. On many occasions, during the absence of his father, he has kept things running smoothly. He arranged the articles, wrote the editorials, set the type, and then printed the paper. This requires skill and good, sound judgment.

He ranks high in his class work and in the esteem of his fellow students. His teachers regard him as one of their brightest pupils.

He has the entire interests of Rollins in his heart and will use The Sandspur to emphasize this.

He isn't any "snob," but a regular fellow who makes friends wherever he goes.

It is because of the above qualities that he was elected to The Sandspur as Managing Editor. He has fulfilled his duties in an admirable way. More than any other man on the campus he deserves the position of Editor-in-Chief of The Sandspur next year. He has worked many nights till two and three o'clock in the morning in order that the students might receive their copies of the paper on time.

Now do you know who I mean? Impossible not to, for everyone knows WALLACE (Steve) STEVENSON.

Seeing that Steve has gone to "Grove Haven (his last word, it will be easy for me to get his assistant, little Dave, to slip him in the paper or me, and even then I am liable to be ruined when Steve gets back. However, let me state that everything herein said is absolutely the truth and nothing but the truth.

Here's to The 1924 Sandspur with "Steve" Stevens as its guiding light.

MAY DAY FESTIVAL WILL BE HELD ON CAMPUS MAY 2

May Queen to Be Selected From Junior Class By Popular Vote

The crowning of the May Queen will take place Monday night, May 2, on the college campus. For many years this beautiful custom has been practiced at Rollins College under the auspices of the Y. W. C. A. Last year the honor of being May Queen was extended to a girl in the Junior class, instead of a Senior girl, which is usually the custom, and this year the same plan will be carried out. The May Queen has not yet been elected, but much interest is already being shown, for the competition will be great, and each voter is desirous of having his or her favorite lady of the class be the honored one.

It will be remembered that last year's celebration was a great success. The grand march, the Queen's procession, the coronation, and the individual dances which followed were all as beautiful and fairy-like as tradition tells they should be. The campus was artistically lighted and decorated, while above all the moon "lent its glorious ray." This year's festival promises to be equally, and perhaps more, beautiful than last.

The object of this celebration, besides presenting beauty and giving enjoyment to the guests, is to raise money for the Blue Ridge Fund. Each year a number of girls interested in the work of the Y. W. C. A. are chosen to go to the annual conference which is held at Blue Ridge, N. C., and the May Day celebration has always been the most efficient means of raising money to make the conference possible for the Rollins Y. W. girls.

DEFINITION OF A FLORIDA "CRACKER"

A Florida "cracker" was so named because in the early days they lived largely on profits from range cattle and there were many "range riders" who prided themselves with the crack of their long whips used in driving cattle.—Lake Conita.

DEAN BARRETT ADDRESSES GRADUATING NURSES

Miss Ida M. Barrett, Dean of Women at Rollins College, was honored by an invitation to give the graduating address to a class of nine nurses of the Orange General Hospital Training School, Monday evening, April 11. Miss Barrett was formerly Superintendent of the Hodge Memorial Hospital, Grand Rapids, Mich., and so was able through her vast experience to give the graduate nurses words of preparation for the difficult things ahead of them, to give them an idea of the vastness of the field, and the great opportunities for service in it.

This class was the first to graduate, and the college feels justly proud in having as its dean the one to give the first commencement address.

"PALM BEACH POST" LAUDS DR. WARD AND HIS WORK IN POINCIANA CHAPEL

Wide-awake Journal, Edited by Rollins Girl, Speaks of Closing of Winter Services

The following clipping, taken from the columns of the Palm Beach Post, edited by Miss Ruby Pierce, a Rollins girl, will be of much interest locally:

"One of the largest congregations of the season attended the Easter service at the Royal Poinciana Chapel yesterday morning to hear

the farewell sermon for the season of Dr. George Morgan Ward. The little chapel was beautifully decorated and a special organ recital preceded the regular morning service. Miss Doris Doe was the soloist of the morning, singing during the offertory, "Open the Gates of the Temple," and she also sang a duet, "I Am the Resurrection and the Life," with Mrs. Mabel Lyle. Every seat in the chapel was taken long before time for the service to begin and the aisles were filled with chairs to accommodate the overflow, and even the dressing rooms and the porch outside the chapel were filled with eager listeners. Such a large crowd of people at a day in the season was indeed a tribute to Dr. Ward, proving the love and esteem in which he is held by all who know him, and to hear him speak once is to want to hear him again and again, for his sermons never fail to carry a helpful message to every member of his congregation. Mrs. Robert C. Black has invited Dr. Ward to speak at the Prosytherian church at Polham Manor, N. Y. where she is a regular attendant, on Sunday, May 22. This is to be a regular Palm Beach Sunday at Polham Manor, for Mrs. Black has also engaged the Chicago Master Singers' Quartet, who have been heard so often at Palm Beach this winter, for special music on that occasion, and is sending out more than a hundred invitations to New Yorkers and others who will be in the neighborhood at that date to attend the service."

Student Opinion

This column is edited for anything any student may want to put before the public. If you have a kick, send it and sign your name. Don't be afraid of criticism. If you should want to compliment someone on something, this is the place. Is the Student Body dead? Well, then, let's have some snappy articles for this column.

NEWS EDITOR

The back seats of the Assembly Hall reveal some startling facts every Thursday morning in the form of bent hairpins, torn fragments of love notes, etc. These are relics of the night before. It seems incredible that some students use the Delphic meetings as instruments to gain such slight pleasures. The kitchen mechanics who flock to the public parks with their beams every Thursday night, sitting on secluded benches listening to the stump orator deliver an address on the value of Blue Jay corn cobs, are perhaps justified in looking an occasional hairpin. College students are supposed to be above such trivial displays of affection.

The Delphians are endeavoring to complete a successful year by making their closing programs of exceeding interest to all of the students. Let us get out this puppy love stuff and all attend the few remaining meetings determined to make them a success. Better attention could be had if all those persons present would sit on the same side of the aisle. No seat in the front row should be allowed to remain unoccupied. No more back row cooling matches!

We have been having only a fair attendance. The programs have been excellent. It is a hard job to arrange interesting programs. Success is a comparatively easy matter for all of the students to support these meetings with their attendance. We want everybody out at the next meeting. Those who have been sitting in the back seats are urged to favor us with their continued attendance. From now on the front seats are the best. Save next Wednesday night. We want everybody there.

DR. WARD RETURNS TO CAMPUS AFTER PLAYING TRIP TO CHICAGO

Dr. Ward returned to Winter Park last Thursday, after having spent a week in Chicago, where he was called on college business. Upon his return to Florida he reported very cold weather in the North.

He is now back in his office in Carnegie Hall making plans for the coming year. These plans will be announced later.

Among the many calls which are daily made on his time is an invitation from New York to preach in one of the large churches there. Dr. Ward has accepted the invitation, and will deliver a sermon there on May 22.

KIDSUMMER NIGHTS DREAM TO BE IVY LEAGUE NIGHT

(Continued from page one)

Over comedians and dignified royalty will be:

Thesus, Duke of Athens—Marion McKay.

Egeus, father of Hermia—Elnora Moudel.

Lysander, betrothed to Hermia—Ruth Dixon.

Demetrius, in love with Hermia—Helen Everhard.

Philstrate, master of the revel in Thessus—Maud Stevens.

Hippolyta, queen of the Amazons, betrothed to Thesus—Fannie Barnes.

Hermia, daughter of Egeus, in love with Lysander—Marion Rickard.

Helen, in love with Demetrius—Father Miller.

Oberon, king of the fairies—Loren LaDoo.

Titania, queen of the fairies—Bob Scudder.

Puck—Sarah Wright.

Peasblossom, Cobweb, Moth, Mustardseed—Eajelo.

Quince, a carpenter—Loren Smith.

Bottom, a weaver—Elizabeth Hall.

Flute, a bellows monger—Blanche Whitney.

Snout, a tinker—Elfrida Kolbe.

Snout, a tailor—Helen McKay.

The costumes are to be from the most famous of the costume houses of America, Van Horns of Philadelphia. The very name Van Horn speaks for itself. The costumes will be a week in advance, but the three assets of an ideal setting, altar, college steps, and previously beautiful costumes, will make the play be far the different and well reduced of the "college theatrical" class. All are urged to come and see the modern college girl's interpretation of one of the world's master pieces of drama. Tickets 50 cents.

The Wages of Sin is Death

Prayer of Cloverleaf

The Student Government is my guardian. I shall not err. It leadeth me to down at 10:15, it leadeth me away from my pal's door. It preserveth my youth; it leadeth me in paths of correctness for my future's sake. Yes, though I walk stealthily through the corridors of study hall, I will fear no evil, for thou art with me, thy protectors and thy officers; they watch me. Thou teachest me to hasten to and fro from the beanery; to walk the straight and narrow road to town, looking neither to the right nor to the left.

Surely goodness and studiousness shall follow me all the days of my life and I shall dwell in the house of obedience forever.

HIGH STATE OFFICER URGES STUDY OF FLORIDA HISTORY

Commissioner McIver Makes Strong Appeal in Florida School Journal

In an interesting and comprehensive article on "Florida," Commissioner of Agriculture W. A. McIver, in a recent issue of the School Journal, makes a strong appeal for the study of Florida history, which it is hoped the college students of the state will heed.

"We want the children to know the geography and history of Florida. It is of more value to us to know the resources of the St. Johns river region than of what happened at one time or other on the Euphrates or Tiber. Napoleon built a road across the Alps to afford passage for men and cannon, to destroy Italy. Flieger built a greater road across a Florida sea to allow the passage of men and the commerce of peace. Let home history loom large in your studies. The Congressional Library at Washington contains over 1,500 books under Florida title. Each school should have a map of Florida and children should be familiar with geography of the state."

(Editor's Note: Amen!)

MAVOR OF MATTLAND ADDRESSES DELPHIC

At the regular Delphic meeting a very informal program on debating was held, at which Harold Hill, '26, spoke on the advantages of public speaking in an effort to arouse a greater interest in this art among more students. He said that debating was one of the hardest things a student can undertake, speaking particularly of the work which is being carried on in preparation of the Mercer debate.

Alfred Stuart, one of the debaters for the Mercer debate, showed his great ability in logical and clear thinking, by briefly outlining the points to be taken in the final debate.

A musical selection was given by Helen Julius as a closing number.

"LAUREY" SENTINEL SPORT WRITER TELLS 'EM

The following clipping has been taken from a recent issue of the Orlando Morning Sentinel and may be used as a good tip from one of the leading sporting writers of the state:

"Rollins looks like the best bet among the Florida college ball clubs this season to capture that old state title. Her overwhelming victory over Stetson in the two-game series here last week eliminates the green and white. Southern managed to make one of the two-game series at Clearwater, but the Winter Park ball boys say that the Methodist school could not be a hard proposition for Rollins in a three-game series. The superiority of Florida isn't taking on any of the Florida schools this season, but in order to qualify for state honors, the Gators will have to dispute with Rollins the right to the title."

entries and numbers are being assigned. The 12 schools that will be represented will send two teams apiece, making the number of high school students who will be our guests come to over 140. While they are in Winter Park the hospitality of the college and town will be extended to them in every possible way. Friday evening, April 8, the Rol-

lins Club of Winter Park held a very important meeting. At this time it was decided that the club should assume responsibility in furthering the "TWO — SANDSPRINK

water meet in every possible way. Three committees were appointed, one for taking care of the housing of the guests of the college, one for carrying out the arrangements for the dance to be held Saturday evening in Lyman gymnasium, and the third to arrange for a luncheon to be given in honor of the contestants Saturday noon. The club will cooperate with the committee in charge of the meet in every possible way to make the visit of the high school representatives a pleasant one.

The students of the college will be given an opportunity to stage several events during the day's program. Special time will be given over to the sailing races, those recent and popular additions to our aquatic events. It is hoped that several records that were established last year will be smashed this year. St. Petersburg alone holds the enviable record of taking eight firsts in the past meet. Competition will run high in both the local events, and those between the visiting schools.

TWO ROLLINS' GIRLS GRADUATE FROM BLODGETT MEMORIAL HOSPITAL

Two former Rollins' girls, the Misses Elizabeth Poeschmann and Mary McHugh, have just returned to their homes in Winter Park from the Blodgett Memorial Hospital, Grand Rapids, Mich., where they graduated in the 1924 class.

Their first year and a half was spent under the direction of Miss Ida M. Barrett, dean of women at Rollins, then superintendent of the hospital. Miss Barrett's superintendency dates back 25 years. Blodgett Memorial Hospital is one of the largest and finest in America.

TORTOISE DEFEATS JACK-RABBIT

Saturday, April 9, was a fateful day for the Tortoise, under command of "Sugar" Byrd, for she was striped of her honors by the lusty Jack-Rabbit, Paul Potter at the helm. It was neck and neck almost to the finish, but the Tortoise slipped in the winner by a third of a canoe's length. These races are held every Saturday afternoon at 3:30. Come and see; the fishes will entertain you by playing their scales.

SIGMA PHI NOTES

Sigma Phi announces, with great pleasure, her next pledge, Wistful Stone. Hurrah for Easter and Wine!

Bertha Green spent the week-end with Mrs. Fletcher, alias, dear old Pat, who says that "her Alden" does not object to being run out now and then.

Hazel Watts and Gertrude Davies spent the week-end in Frost Proof with Marcella May Converse. We hope they were the same sweet angels they are here at school.

Jimmie James and Bobbie Brookman stayed away over night, in Orlando, last week. Wonder if "that third floor" missed the President of Student Council.

We've often wondered why Nora Wells and Frances Bell are so quiet. We have lately decided that a record of their fine accomplishments will act as answer. Some of our envious members object to that statement, but everyone knows that they are just as accomplished—maybe.

The Sigma Phi's were entertained royally at Mrs. Fletcher's home, Thursday, in honor of Helen Waterhouse. Oh, those hot dogs!

Sigma Phi has decided to give their dance after all. Watch for the big announcement.

All the brothers are over the effect of the party now, but Bro. Arants is still trying to collect the grocery bill.

If Bro. Sloan continues to use the front porch and yard for a driveway he might as well put in his order for some puncture-proof tires, at once. A word to the wise is "beamoup."

If the fellows fail to obtain some better table manners soon, Bro. Arants has threatened to make public his latest film entitled, "The Non-Day Splash or Hit Me in the Eye with a Potato." Simply horrible, that's all.

This here A. A. crew is a record-breaking gang, what I mean. Henry found five broken records on the floor the other morning. Something must have happened the night before.

Bro. Henderson hasn't been to Fort Pierce lately, but from all rumors he's going again soon.

BASEBALL! Federal League, Virginia Drive Sunday at 2:30 p. m.

The AA house has been invaded by a series of rainbows in the form of a new suit. This suit belongs to our illustrious brother Boyle and the man who holds first mortgage on it. The house is never quiet. The suit can be heard at all hours. Alarm clocks have been done away with as Goof's new garment which holds our own colors, is heard crying every morning, to be let out of the closet.

Watch and listen for it.

K. E. KICKS

Florence and Dixie have been spending the week-ends at home in the same old way—with one or two exciting variations!

Helen McKay is surely having her troubles. She has been ill at her home in Tampa for several days. We hope she will soon be with us again—feeling as good as new.

Leo really intends to walk to the next baseball game, if she can go no other way.

Dolly and Mary coming back from the movies, both half asleep.

D.: "Mary, d'a know Bill Jones?"
M.: "Yes. What's his name?"
(Please laugh.)

Marian was honor guest at a party in Orlando last Thursday evening. Helen chaperoned her fair young room-mate in this excursion into the gay life.

Marian and Helen spent last Wednesday in Daytona. Other people were there.

Helen Dickinson entertained the K. E. girls at her home for several nights, during the absence of her parents.

PHI ALPHA FOAM

"Grah"

Lots of osts last Sunday night, thanks to Bro. Ingram. All the "aters gathered after supper with a few of our alumni brothers and a royal good time was spent.

New Inmate

"Kid" Soley is the latest addition to the House. He will have a time taking care of himself down there with Bro. Warner to look after him.

Additions to Dish-Washers' Union

Pledges Rominger and Levee need not fear about their future, as they can secure positions at any time as competent dish-washers.

Horse Pistol

We are all very sorry and feel very sympathetically for Bro. Holliday, who was gassed in the laboratory last week, slightly injuring his eyes. He is at present looking upon a dark world through some colored glasses. Cheer up, Rex.

ROLLINS CLUB OF TAMPA TO HOLD ANNUAL DINNER AT YACHT AND COUNTRY CLUB APRIL 22

Dr. Ward to Be Principal Speaker—
Delegation Plans to Go Down From Campus

The annual dinner of the Rollins Club of Tampa will be held at the Tampa Yacht and Country Club on the evening of Friday, April 22, with Dr. George Morgan Ward, President of Rollins, as the principal speaker. Mrs. C. W. Greene, President of the Club and in charge of the Tampa division of the recent endowment campaign, is in charge of the arrangements.

The purpose of the dinner is to celebrate the successful completion of the recent campaign for an additional endowment of \$500,000, and it is expected that a large number of the former students and alumni of Rollins residing in or near Tampa will attend.

Quite a number of Tampa students and others from the campus are expecting to motor down to Tampa for this occasion and it is being looked forward to with much pleasure by all.

SOUTHERN RAILWAY TO ARRANGE SPECIAL CAR FOR ROLLINS STUDENTS RETURNING TO OHIO

Mr. J. W. Jamison, District Passenger Agent of the Southern Railway, who arranged a special car for Rollins students coming from Ohio last fall, was a visitor on the campus last week and announced that similar arrangements would be made by his company if the required number of those returning after commencement would signify their intentions of taking advantage of the opportunity.

A notice has been posted on the bulletin board in Carnegie Hall and all those interested in making up such a party are requested to sign their names. Mr. Jamison will return to Winter Park in the course of ten days to make the actual reservations.

PSALM OF HOLLINS

(Apologies to Longfellow)
 "Yell me not in mournful numbers"
 Athletics now are on the bum;
 Hound up from your penance slumbers.

Come and help us make things hum,
 If we can go to work in earnest,
 We'll make the batting average high.

"From Hollins it came to Hollins re-
 turneth."
 Will be a quotation from Mars by
 and by.

Now's the time to do your prattling,
 Do not wait tomorrow's dawn;
 You'll be in the grave relaxing,
 All your chance of practice gone.

Try and be there on the dot,
 Grab a bat and hit a few;
 Down the kicker's, "It's too hot,"
 With a joyful yell or two.

The season surely is a pippe',
 And we ought to make it big,
 When you hear some growler rippin'
 Simply hit him on the wig.

Those who do not like our system,
 Ought to straightway "hit the
 grill."

"Bonal for Brewster," that's our
 motto,
 Or arise and straightway "git."
 "Let us then be up and doing,"
 Adding scores to Hollins' fame.
 Clean athletics we're pursuing
 Like our famous Boston game.

Repeater

Fred: "Are you going to Martin's
 birthday party?"
 The Other Fred: "How old is she?"
 Fred: "Twenty."
 The Other Fred: "I was there last
 year."

At the Dance

Frodoke (returning from punch
 bowl): "Shall we sit this one out?"
 Fair One: "No, I think we had bet-
 ter walk it off."

Same Thing

The Greeks used an instrument
 called the lyre. The instrument is
 still used, but now it is the mouth
 organ.—Harvard Lampoon.

Co-operation

Prof.: "I want to see you make a
 good mark on this exam."
 Student: "So do I. Let's pull to-
 gether."

Signs of Learning

Painter: "Is 'paint' singular or
 plural?"
 Werner: "If a man wears pants it
 is plural, and if he does not, that's
 singular."

 Potter: "Yes, it turned turtle."

A Natural Phenomena

He saw a peach across the way,
 All smiles and passing fair,
 Quick shift—a word—an answer gay,
 The peach becomes a pair.

President

Ward: "What makes her so anoma-
 lous?"
 Bell: "She has acid-mouth."

In 1923

Sky Co-ed: "I'm going to scream
 anyway, so you might as well kiss
 me."

As Per Usual

"Having a bum time?"
 "Bored to death."
 "Let's sneak away somewhere."
 "Can't. I'm the host."

Check Needed

Broke, broke, broke;
 As flat as a flip, O gee;
 And the mocking tones of the rolling
 bones
 Will ever come back to me.

Crossed Up

Grub: "She has such affectionate
 eyes."
 Stoney: "Why?"
 Grub: "They are always looking
 at each other."

RESERVATION OF ROOMS TO BE
 CANCELED MONDAY, APRIL 23

Announcement comes from the
 Treasurer's office that reservation of
 rooms will begin Monday, April 23,
 and that a deposit of \$10 will be re-
 quired on each room reserved. This
 fee will be applied on the student's
 bill after the opening of college next
 September. If, however, a student
 decides to cancel his reservation be-
 fore the first of September, the de-
 posit will be refunded.

The general expenses for the year
 have been slightly increased for the
 coming year and run as follows:

For semester of 18 weeks—

Board	\$115.00
Room	25.00
Tuition	30.00
Student Association fee	10.00

\$200.00

For the full year of 36 weeks (two
 semesters) the charges will be dou-
 ble the above or \$400. The tuition
 charge of \$30 entitles the student to
 instruction (theoretical) in any de-
 partment. Extra charges will be
 made for practical music, practical
 science laboratory, home eco-
 nomics, laboratory, expression, and
 reporting.

wound field day and carried it to 98
 feet 2 inches. The small ball
 throw was 164 feet 3 inches, but now
 Neil holds it at 172 feet 7 inches.

Remembered by Who Breaks Honors

As the field day is over, the girls are
 leaving a notable mark for the coming
 year's tournament. For the girl who
 wins the singles a mascot is to be
 given in addition to an "F." Doubles
 are to be played also, and "Ps"
 awarded to the winners. In 1922
 they were won by Helen Harris and
 Dorothy Boal. The latter is the
 editor of the Flambeau and is well
 known on our campus.

At the meeting of the Orange
 County Teachers' Association held
 last Saturday in the Winter Park
 High School, Dean Sprague gave an
 address on "Education and Our
 Rural Civilization." He spoke in part
 as follows, making two points prom-
 inent: (1) Rural education is one of
 the greatest factors in the problem
 of rural civilization. Many of the
 best people leave the countryside be-
 cause they cannot get adequate edu-
 cational facilities for their children;
 so they crowd into the cities, where
 the children grow up into white col-
 lar jobs, dwell in slums, and adopt
 race suicide.

Rural civilization must be built up
 by good roads, the best of schools,
 telephone service, moving picture
 houses, etc., until the most ambitious
 people will be glad to live in the
 country.

(2) The rural teacher should
 learn to use the educational re-
 sources of the local community to a
 greater extent.

In every small town there are peo-
 ple who have traveled and know
 geography; others who have raised
 blooded stock, raised good crops,
 cultivated fine comforts, earned the
 best fruit; yes, and scores of people
 who have something effective to
 teach children, who are always in-
 terested in real accomplishments as
 well as in fair tales. If the com-
 munity is called upon by the teach-
 er, its members will respond, but
 they want leadership and direction.
 The reaction from this is a stimu-
 lated intellectual interest through-
 out the whole community, and a general
 rise in the quality of the social life
 as well as in the teacher's salary.

WIFE OF PRESIDENT OF UNI-
 VERSITY OF FLORIDA DIES

On Monday, March 28, the funeral
 of Mrs. A. A. Murphree, wife of Dr.
 Murphree, president of the University
 of Florida, was held. Although
 she became very ill some two weeks
 ago, and her daughter was sum-
 moned home from the college, her re-
 covery was still hoped for, and the
 information of her death came as a
 shock to her many friends.
