The Triumph Peach

is the earliest yellow peach in the world. Any large grower of peaches who has sighed over the uneatable clingstone Alexander, and other early sorts with which he must afflict the market if he wants to be "in it," will welcome this new early *yellow* peach. It is of good quality, and when ripe is entirely free at the stone.

The color and style of the fruit is well shown by the equally wonderful Coloritype picture on the other side. This picture shows three peaches just as they reached us in June, 1895, after an eight-hundred-mile trip in an ordinary basket by express, without ice or special care—in itself a severe test of the shipping qualities of the fruit.

The tree is vigorous and hardy, and bears early and abundantly. The original tree is on the place of Mr. J. D. Husted, Vineyard, Georgia, and the great peach growers of that state have been quick to see the value of an early, firm, handsome yellow peach of good quality.

We have no trees to sell—our work is in producing accurate color pictures of fruit, flowers, vegetables, or anything that has color, direct from the objects, or from sketches or paintings. This is done by a wonderful process of German invention, perfected in the United States after years of exhaustive work and great expense, and which, by arrangement with the Coloritype Company, we control exclusively for all horticultural uses. We will be glad to send samples and give details to those interested in this

IDEAL METHOD FOR COLORED PLATES, CATALOGUE COVERS, HANGERS, Etc.

Introducers of new fruits can have valuable aid by addressing us, also, for *black and white illustrations*, circulars, etc., and the horticultural public knows we make the best catalogues, with plenty of pictures.

Root Grafts Made to Order.

The Secret of success among many buyers of root grafts, is that they realize the importance of getting them of a firm who has an established reputation for furnishing grafts that will grow, as well as be true to name, without this favorable start you are handicapped. If a long experience, maturing yearly into an increased business until its volume is second to none, is worthy of note, we claim your attention. Get our prices on our regular Commercial grades or any special graft that might suit your wants or fancy.

FRUIT TREE STOCKS.

We are still able to offer a good strong grade of No. 1 and No. 2 apple seedlings at reasonable prices. We have also to offer a full line of imported fruit tree stocks.

APPLE TREES.

Our Prices are Reasonable, Varieties Consistent, Grade Excellent, Age two years.

IMPORTANT.—Do you appreciate the importance of the location of St. Joseph, Mo., as a shipping point? Not only on account of its central location but more especially because of its being a Missouri river terminal making a great saving in tariff rates over all inland towns far and near, in whatever direction and whether with or without competing lines.

Shipments from St. Louis AT ONE DAY'S NOTICE.

→ **SURPLUS STOCK** ←

—FROM THE—

Huntsville Wholesale Nurseries.

HUNTSVILLE, ALA.

We have for the past sixteen years offered in assorted lots, at St. Louis, in Spring, such stock as we had in surplus. The plan has been satisfactory to our customers and ourselves. Herein is a schedule of what we now have in St. Louis for immediate shipment. This stock is exclusively our own growing at Huntsville, Alabama, fresh dug this Spring, and packed in the best manner, in moss, and warranted in fine condition. Everything is fine of the grade, with full fibrous roots, and not culled, as we adhere to a strict system of grading.

Below the Blizzard Line.

Our Nurseries are far enough south to escape the severe freezing weather. Everything is bright, green and fresh—sound to the tips. Nearly all the sorts offered are standard sorts, such as most nurserymen can use in assortment with their own growing. Orders should be sent in as early as possible; but the stock need not be shipped until wanted, as we are prepared to hold it here in good condition. We have nothing for sale not offered on this list.

It will be noticed by some of our correspondents that we have refused orders the past season for several articles listed. Our fear of overselling, and some countermands, account for this. We ask attention to the small-sized trees offered, for transplanting into nursery rows. All of the small trees, as well as the large ones, are very nicely rooted, and everything is young, smooth and bright.

We can refer to nurserymen who have bought of us in nearly every State and Territory. We have given satisfaction, and guarantee it for these shipments.

Terms—Cash with order, or 30 to 60 days from date of shipment to responsible, prompt-paying parties. Address W. F. HEIKES, Manager, 2018 Chouteau Ave., St. Louis, Mo., until May 1st.

For convenience in telegraphing for assorted lots, a cipher is given. The cipher word stands only for one box in cases where there are more than one in the same assortment.

FREQUENT BULLETINS.

We will issue Bulletins from St. Louis weekly during March and April. Any one not receiving them regularly will please write for copies.

SMALL TREES FOR TRANSPLANTING.

We ask particular attention to our quotations on small trees, which we recommend for transplanting into nursery rows. They should make saleable trees in the Fall of 1896 and Spring of 1897. We will sell for this purpose, any of the trees offered in this list of the following sizes: Standard Pears, $\frac{1}{2}$ to 9-16, 3 to 4 ft.; Dwarf Pears, 1 year, 3 to 4 ft. and under; Plums, Cherries and Peaches, 1 to 2 ft., 2 to 3 ft. and 3 to 4 ft.,—and take note, bearing the maximum legal rate of interest from date of shipment, payable May 1st, 1897. from parties in good commercial standing.

Boxes for transplanting may be ordered at any time, but not to be shipped before April 15th.

TREES FOR FALL OF 1896..

We are always ready to make prices. We have over 800 acres covered with nursery stock, one and two years old, and nothing older. Large stocks of Standard Pears, one and two years old; Plums and Cherries, one and two years old; Peaches, Apricots, Quinces, Roses, Mulberries and Figs, one year old.

Unsolicited Commendations.

KANSAS, March 25th, 1896.—“We found the stock received from you in fine condition, and nice stock.”

KANSAS, March 25th, 1896.—“Unpacked your trees yesterday. Found everything in first-class shape. Am well pleased with the trees.”

KANSAS, March 24th, 1896.—“We like the quality of your trees very much.”

KANSAS, March 25th, 1896.—“Trees just received. We took them from box yesterday, and we have this to say in your favor, that we never unboxed trees in finer condition. We also can say that we have never received trees with as fine roots, and you caliper a little better than grade asked for.”

MISSOURI, March 26th, 1896.—“Cherry trees arrived O. K., fully up to size, and thrifty,—as fine roots as I have ever seen.”

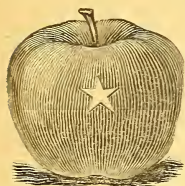

IOWA, March 28th, 1896.—“Box of trees came in fine order, though about nine days on the way. Your manner of packing is nearly perfect.”

ILLINOIS, March 18, '96.—“The big box containing 500 Pears and Cherries came in due time in perfect order, fine condition and fully up to grade. But I knew they would be so before I opened the box. Your trees are always so.”

ILLINOIS, March 23, '96.—“Stock received in first-class shape, and are very fine. We appreciate such stock.”

ILLINOIS, March 24, 1896.—“Yours is the best we get here, but there is a prejudice against it on account of its being grown so far south. I have planted largely of the stock bought from you; and give it the preference because it is clean, bright and thrifty, and it is proving itself as hardy as the same varieties from New York or anywhere else.”
