

VOLUME 47.

VICTORIA, B. C., FRIDAY, JUNE 18, 1909.

NO. 138.

JUDGE DOUBTS CITY'S HONESTY

COUPLES RACE BETTING AND CHINESE LOTTERY

Fine of \$25 Imposed in First of Sixteen Cases to Be Heard.

The fate of the Chinese lottery cases has been decided so far as the lower courts are concerned. Ying Foy was this morning fined \$25, or three weeks in jail, by Judge Lampan, and as the evidence to be offered is practically the same in the cases of the other fifteen defendants, presumably they will have similar fines inflicted.

In giving his reason for not imposing a heavy fine, His Honor questioned the sincerity of the city in attempting to stamp out gambling, in view of the race-track betting going on daily on city property in Oak Bay municipality.

J. A. Altkman, who has appeared for the defendants throughout the proceedings along with George A. Murphy, asked for a reserve case on five grounds, as to the evidence not disclosing an indictable offence.

His Honor, in rendering judgment, said: "The accused is charged with unlawfully selling a lottery ticket, contrary to the Criminal Code. The section which applies is 236, and it will be noticed that the words 'selling a lottery ticket' are not mentioned. It is contended by counsel for the defence that no offence is alleged, and therefore accused cannot be found guilty. By section 852 of the code the use of popular language is allowed, and I think that the popular and short way of stating the facts constituting the offence here would be to say that the accused was selling a lottery ticket. 'Selling Lottery Tickets' is the short description of the sub-section in the sides lines to it.

"In Regina vs. Parker (9 Manitoba, 203, p. 209), heard in 1898, Mr. Justice Kilham says: 'The sale of lottery tickets would be equally an offence, whether a direct or indirect profit be intended,' etc.

"A lottery is defined (Archbold's Criminal Pleading, 1909, p. 1141) as a distribution of prizes by lot or chance without the use of any skill, and having regard to this definition and the provisions of sections 852 and 853 of the code, I think that an offence against section 236 is stated in the charge.

"The facts show that the constables bought and marked three tickets, paying 50c. each for them, and were told that the next drawing would be at 10.30 that evening. The next morning they went back and ascertained that on that tickets they had a six-spot and a five-spot, and they cashed on them \$1.65 and 50c. The third ticket was less than a five-spot, and on it they got nothing. Surely they obtained this money by chance only, unaided by skill. I do not feel inclined to receive a case because I am satisfied the accused is guilty."

City Prosecutor Moore asked that a substantial fine be imposed, the city being anxious to stamp out a species of gambling in which white people were more and more being drawn.

Judge Lampan said the city did not seem to be very decided in its moral stand. It was trying to stamp out gambling in Chinatown, in which whites participated, but at the same time allowed gambling to go on in other parts of the city, and betting on property owned by itself outside. He did not see how he could accede to a request for a deterrent fine under these circumstances, when he could not think the city was seriously trying to stop gambling.

Mr. Moore said the cases were not on the same plane. Betting on race courses was permitted by the code, but running a lottery was an indictable offence.

Ying Foy was asked the statutory question whether he had anything to say why sentence should not be passed upon him, and convulsed the court room by answering "not guilty." His Honor had to smile, but in spite of Ying's renewed asseveration of innocence fined him \$25 and costs.

Fong Chow, another defendant, will get a chance on Monday next to say how he wants to be tried.

DUTY IS RETAINED ON PRINT PAPER

Proposal to Place it on Free List Defeated in U. S. Senate.

(Times Leased Wire.) Washington, D. C., June 18.—Despite the sturdy fight put up by Senator Brown, of Nebraska, his amendment to the tariff bill to put print paper on the free list, was defeated by a vote of 52 to 25 in the senate to-day.

Bailey was the only Democrat voting against the amendment, and Beveridge, Bristow and Burkett, the Republicans, voting for it.

JUDGE STARTS FOR ALASKA

Washington, D. C., June 18.—Judge Overfield, successor to Judge Reid, whose resignation followed charges filed here, started to-day for Valdez, Alaska. He will convene court immediately after his arrival there.

MANY INJURED. Over Sixty Persons Hurt During Celebrations at Boston.

Boston, June 18.—The list of injured in the Bunker Hill celebration yesterday rivalled that of the actual battle 184 years ago. Sixty-five persons were treated at the hospitals of Boston and vicinity for injuries caused by fireworks and pistols, and many more were attended by physicians at their homes.

MURDERER HANGED. Salem, Or., June 18.—Adolph N. Nordstrom was hanged at the penitentiary at 11.30 this morning. His nerve did not fail him and he walked calmly onto the scaffold. He spoke for one minute, asking the spectators if they knew why he was there, and said if it had not been for liquor he would not be there. He asked everybody to forgive him, shook hands with Sheriff Cranshaw, of Tillamook, stepped back on the trap and 16 minutes later was pronounced dead by the physicians.

STARTING WORK ON COAL MINES

QUEEN CHARLOTTE PROPERTIES DEVELOPING

Trails Are Being Opened Up Preparatory to Actual Mining.

Queen Charlotte is to see marked activity this summer. The completion of the big deal for the coal properties originally located by Mr. A. Robertson is being followed by active work. Parties have gone to the island to cut out the trails that have got into bad shape. This is preparatory to putting in actual work on the mines.

Some of the same interests in the east are connected with the big timber companies that hold large areas of timber lands on the islands and work is to begin on these claims also. The capital represented in the timber proposition is about a million dollars and preparations are now being made to start in on development work on the property also.

Ten killed by lightning. Vienna, June 18.—Great loss of life and damage to property has been caused in the Sanok district by thunder storms. A barn in which fifty persons had sought shelter was struck and ten were killed.

DROPS DEAD WHILE PLAYING TENNIS

(Times Leased Wire.) Vancouver, Wash., June 18.—While playing tennis late yesterday afternoon, O. H. Stewart, 50 years of age, and a clerk in the headquarters of the department of the Columbia, dropped dead in the presence of a crowd that had gathered to watch the game.

Dr. R. D. Wiswall, who was on the grounds, quickly applied restoratives, but the stricken man did not regain consciousness. It is thought that the bursting of a blood vessel near the heart caused death.

THREE INJURED IN AUTO ACCIDENT

Occupants Thrown Out When Machine Runs Into Ditch.

(Times Leased Wire.) Crown Point, Ind., June 18.—Adolph Magnus, grandson of Adolphus Busch, the multi-millionaire brewer of St. Louis and Pasadena; Miss Florence Packard and Miss Harriett Barnes, all of Chicago, were injured Monday when their automobile turned turtle while they were en route to the Crown Point-Lowell race course.

Magnus and Miss Packard were seriously injured, and Miss Barnes was severely bruised. They were taken to the military hospital in the grand stands and cared for by the army surgeons, who accompanied the militia here. Miss Barnes was soon able to be about, but her companions remained at the hospital. It is not known whether their injuries are liable to prove fatal.

The accident occurred when Magnus' machine ran into a ditch.

LINEMAN ELECTROCUTED. Killed While Working on Pole Carrying Light Wires.

Spokane, Wash., June 18.—Twenty-two hundred volts of electricity passed through the body of Fred Kline, a lineman in the employ of the Washington Water Power Company, yesterday, killing him instantly. Together with S. D. Taylor, a fellow lineman, Kline was working on a pole carrying several light feed wires. According to the information received by Coroner Schlegel, Kline grasped two of the wires in his hand and 2,200 volts of electricity passed through his body, death coming instantly. He was carried to the ground by Taylor, who released him from the heavy leather belt which held him to the pole.

"STREET" MUST REFORM ITSELF

SOME OF EVILS OF SPECULATION

Recommendations Made by New York Investigating Committee.

(Times Leased Wire.) New York, June 18.—The reasons for the conclusion of Governor Hughes' committee on speculation that Wall Street must reform itself and that laws can hardly be expected to remedy the situation, were told to the United Press to-day by Maurice L. Muhleman, writer on monetary subjects, who acted as secretary of the committee. The report and its recommendation that the people must look to Wall Street for reform and not to Albany or Washington, was made public late last night, and is the topic of discussion everywhere in banking and financial circles to-day.

"The evils of manipulation and those growing out of other methods so often complained of," explained Mr. Muhleman, "such as 'wash sales,' 'matched orders,' as well as the examination of books of brokers, are all put up to the stock exchange to correct by rules and the committee does not hesitate to say that the exchange and its members have failed to prevent wrongdoing heretofore, and that the public has a right to expect something better from them."

"In other words, the stock exchange should reform itself?" asked the United Press representative. "Yes," responded Mr. Muhleman, "and because it is not incorporated it can easily do so. In fact, it has thus more power over the members and the transactions. Hence incorporation of the exchange is not recommended."

Curb Market. The curb and bucket shops are also left to be reformed by themselves. About them, Mr. Muhleman said: "It was recognized as a useful thing to have such an open market as the curb furnishes, and it was decided to recommend that the evils be regulated by some sort of organization, and since the curb is practically controlled by stock exchange houses it puts it up to them to reform it. Branch offices also come in for similar treatment: better regulation is urged.

"As to bucketshops, it is recommended that the law be strengthened relating to evidence in such cases—putting telegraph companies on their guard and increasing their responsibility for quotations, licensing tickers so as to have better control over them.

"In the first place," said Mr. Muhleman, in summing up the committee's conclusions, "speculation is regarded in some form a necessary incident to productive operations—you could never distribute your agricultural products, with reasonable prices for all, without it, for example. Speculation is valuable and requisite since it causes a lessening of fluctuations in prices. There is considerable gambling accompanying it, difficult to be extinguished from legitimate speculation. The law on that point is that if there is no obligation to deliver and receive the object of the trade, the transaction is of the gambling class. The rules of the exchanges forbid such transactions, but they also make delivery so easy by their system of 'clearing' or offsetting trades, that the gambling feature is often hidden. Yet the great value of the clearing system is recognized. The main problem is to eliminate the objectionable elements without impairing the utility of speculation. Laws cannot do this readily as rules of exchanges, hence attention is directed to that mode of correction."

Short Selling. "What about the so-called 'feeling of the lambs' and the waste in speculation?" he was asked. "These are recognized as serious evils," said Mr. Muhleman, "when not due to direct swindling, the losses incurred are due largely to the tendency of inexperienced persons trying to make large gains on small margins without knowing anything about the business. The committee says distinctly that such people usually lose, and the waste due to this indulgence, contributed to by innumerable persons all over the land, is very large; it recommends that large margins be required by rules so as to limit that class of operations—25 per cent. is suggested as a minimum."

"How is short selling regarded?" "Not only is short selling considered entirely legitimate, but the committee was unable to find any one that could offer any other rational means of keeping the bull operators within bounds, and so keep prices nearer steadiness, corresponding to values—it is regarded a safety valve for the consumer in the case of commodities."

Recommendations. "The committee does not recommend much legislation?" "No, and that is in harmony with the announcement at the outset of the report. But it does recommend some laws, thus stock brokers are to be penalized if they take accounts after insolvency, or if they use customers' securities without leave, or if they 'bucket' orders, and there is a recommendation for legislation to reduce the abuse of advertising, as also to correct injustices involved in holding companies."

"Taken as a whole," said Mr. Muhleman, "the recommendations of the committee are on conservative lines, but none the less insistent where evils are to be corrected. It points out those evils and calls upon the managers of the exchanges to correct them as a public duty, believing that they can do so without question."

MEDALS FOR AERONAUTS. Presented to Wright Brothers by Congress, State of Ohio and City of Dayton.

Dayton, O., June 18.—Medals authorized by congress, the state of Ohio and the city of Dayton were presented to Wilbur and Orville Wright, the famous aeronauts, on the second day of the "home celebration" in honor of the brothers.

The presentations were made at the late-grounds this morning. General James Allen, chief of the army signal corps, presented the medal from congress, Governor Harmon bestowed the state medals on the brothers and Mayor Burkhardt presented the tokens from the city.

STEAMSHIPMEN VISITING CITY

MAKING ARRANGEMENTS FOR TRADE WITH PORT

Osaka Shosen Kaisha to Eventually Make This a Regular Port of Call.

Edwin Orrett and Riutaro Fukao, the American representative of the Osaka Shosen Kaisha, the new Japanese line of steamships which is to commence running across the Pacific in July next, were in the city to-day making arrangements for their company to do business with this city. They expect to be represented here by R. P. Ribbet & Co.

While it is not expected that the business of the company with this port will warrant the steamers calling here just now, as soon as sufficient business offers they will make this one of their regular points of call. Probably for the first few months the freight for this city will be transported from Tacoma unless it is possible to warrant the steamers calling.

Three steamers will handle the business at the beginning. These will be the Tacoma Maru, the Seattle Maru and the Fitzpatrick, the last named of which has been taken on a time charter until the Chicago Maru is completed. Before July, 1910, however, three more big steamers will be ready for the service, the Panama Maru, the Mexico Maru and the Canada Maru. These vessels will be all of 12,000 tons register, and will be devoted chiefly to freighting. In the steerage, however, they will have accommodation for 200 passengers and a few first class. If they find there is a demand for passenger accommodation this latter will be enlarged. When all the vessels have been completed it is probable that a fortnightly service will be maintained between the Orient and this coast, but just at present they will run monthly.

The representatives of the company are enthusiastic over the prospects of the line. It is their opinion that the boycott which is at present being enforced against the Japanese by the Chinese is being gradually worn out, and that it will be only a short time before it has lost its influence. In the meantime the new company will work up a business which they expect to grow continually until they have a fair share of all the freights offering.

OREGON DAY AT A.-Y.-P. EXPOSITION

State Building is Formally Turned Over to the Fair Management.

(Times Leased Wire.) Seattle, Wash., June 18.—Oregon Day at the Alaska-Yukon-Pacific Exposition was favored with bright sunshine and cool breezes, to the delight of hundreds of Oregonians who flocked to the grounds to take part in the dedicatory services attending the formal turning over to the exposition of the Oregon state building.

The exercises began in the Oregon building at 11 o'clock this morning with an address by Hon. C. E. S. Wood, of Portland. The building was then formally tendered to the exposition management in a speech by Governor Benson and President Childers delivered the address of acceptance. During the ceremonies music was provided by the administration band, and vocal solos were rendered by John Clair Monthell and Miss Alice Justin.

In the afternoon there was a reception on the lawn surrounding the Oregon building, at which refreshments were served. Mrs. Governor Benson acted as hostess.

Fifty thousand guests at the largest luncheon ever given in the state of Washington will be a feature of State of Washington Day at the exposition on July 5th, according to plans being made by the Washington state fair commission. Governor Hay, state and government officials and members of the legislature will be the guests of honor at the fair for the day.

FORMER JUDGE ACQUITTED

Camden, N. J., June 18.—Former Judge E. A. Armstrong was acquitted in the criminal court here last night on the charge of converting to his own use certain stocks alleged to have been owned by the defunct State Mutual Building & Loan Association, of which he was president.

BRITISH CAPTAIN WILL REPORT

RUSSIANS SAY HE IGNORED COMMAND

Foreign Office Asks Details of Firing on Steamer by Torpedo Boat.

(Times Leased Wire.) London, June 18.—The foreign office to-day requested Capt. Robertson, commanding the British steamship Woodburn, to make a detailed report of the circumstances surrounding the firing on his vessel by a Russian torpedo boat which accompanied the Czar of Russia's yacht to Piktips Bay, where he met Kaiser Wilhelm yesterday.

The firing on the Woodburn is understood to have been the result of Capt. Robertson's failure to remain outside a prescribed limit set around the bay, prior to the meeting of the monarchs. Russian dispatches say the torpedo boat warned the commander of the British vessel that he was in forbidden waters, but the Englishman paid no heed.

Reports regarding the incident are conflicting and it is probable that the exact happenings will not be known until Capt. Robertson makes his official report.

Four Shells Fired. St. Petersburg, June 18.—Three blank shots and four shells were fired at the British steamship Woodburn by the Russian torpedo boat guarding the Czar's yacht at Piktips Bay, according to an official statement issued by the government to-day. Nothing beyond the bare facts connected with the incident has been given out.

The statement says that the Woodburn was steaming into the channel where the imperial squadron was lying when she was shot at by the torpedo boat. The shells were fired because the British ship was violating the prescribed regulations, which prohibited any vessel to come within a certain distance of the Czar's squadron.

Blank shots were fired by the torpedo boat as a warning that the Woodburn must put about. Capt. Robertson, commanding the Englishman, paid no heed to the blanks and the torpedo boat loaded her guns with solid shot, firing four before the Woodburn observed the order and returned the way she had come.

SPECTACULAR FINISH OF AUTO CONTEST

J. Matson Wins the Indiana Cup Over 236 Mile Course.

Crown Point, Ind., June 18.—J. Matson, driving a Chalmers-Detroit, won the Indiana cup race, over the Crown Point-Lowell course to-day. In four hours, 31 minutes and 21 seconds. The race was ten laps, making a total distance of 236 miles.

George Robertson, who won the last Vanderbilt cup race, was second in a locomobile, his time being four hours, 35 minutes and three seconds. A Mensen, in a Marion, was third. Monsen covered the course in four hours, 42 minutes and three seconds.

The finish of the race was spectacular as the three leading cars entered the final lap, every person in the grandstand was upon his feet cheering. The cars driven by Robertson and Matson were so close together as they passed the stand, that a blanket would almost have covered both drivers.

The biggest event of the local meet which is held under the auspices of the Chicago Automobile Club, will be run to-morrow for the Cobb cup. This race will be 17 laps, making 402 miles, which is 105 miles longer than the Vanderbilt Long Island course.

During the sixth lap Buick No. 4, driven by Burman, came up to the stand bearing Strang, who was put out of the race by a broken axle. Burman had deliberately disqualified himself by borrowing an oil cup. This left the Buick without a representative in the race.

The Marion No. 3, driven by H. E. Stutz, blew off a cylinder head and went into the ditch. No one was injured but Stutz was compelled to drop out of the race.

BLACK HAND SUSPECTS TAKEN

Twelve Arrested in Raid by Police at Cincinnati.

Cincinnati, O., June 18.—Twelve Italians were arrested in a raid last night and taken before Federal Commissioner Loveland. Two of the number, Vicenzo Arrago and Frank Spadero, were held on warrants charging them with conspiracy in connection with an alleged attempt to extort money from John Amicon of Columbus, O., by black hand methods.

Inspector Oldfield, who led the raid, said proof had been obtained that Spadero, up to three weeks ago, was the local president of the society of the Bannana, being succeeded by Salvatore Lima.

A large amount of literature was captured which the inspectors declare has an important bearing on the cases of the black hand suspects recently arrested at Marion, Columbus and other points.

FIRES DESTROY WIRE. Telegraphic Communication in Alaska Is Interrupted.

Seattle, Wash., June 18.—Forest fires raging along the telegraph line between St. Michael and Valdez have interrupted telegraphic communication with Norton Sound. According to information received at the local signal corps office, two miles of the line near Golosovin was burned, causing a break between here and St. Michael. The line damaged is between Fort Gibson and St. Michael. Men are at work endeavoring to repair the break. It is expected that communication will be re-established in a short time.

KILLED IN FIELD.

Fairfield, Ill., June 18.—As a result of a feud between certain young men of this city and members of the band in a theatrical company showing here, Dr. Charles L. Lehniger is dead. Frank McCullough is dying and Richard Sloan is suffering from a severe wound.

Herbert Orrin Pinnick, 15 years old, of French Lick Springs, Ind., is in jail for alleged complicity in the tragedy.

RATES ON WHITE PASS RAILWAY

COMMISSION GIVES IMPORTANT DECISION

Declares It Has Right to Say What Tolls Shall Be Charged.

(Special to the Times.) Ottawa, June 18.—The Railway commission gave judgment this morning upholding the contention of F. Congdon M.P. and the Dawson Board of Trade that under the amendment to the Railway act passed last session the commission has jurisdiction over the tolls charged by the White Pass and Yukon Railway on all traffic carried to or from Canadian points by the company and by co-operating or subsidiary companies. The company held that the commission had no authority over the tolls on through traffic in the American part of the road.

The commission declares that although the traffic is international it has a right to say what the tariff shall be and orders co-operating companies to become parties to the application of the Dawson board of Trade and rates with the commission.

This judgment is of general application to all railway companies carrying on an international business.

On the question of the rates charged by the White Horse and Yukon railway the commission have not yet decided but it is probable that a considerable reduction will be ordered.

Hon. W. Templeman has been actively supporting Dawson's demand for lower rates.

BERESFORD WILL VISIT CANADA IN SEPTEMBER

(Special to the Times.) Ottawa, June 18.—The governor-general announces the following: Information has just been received that Lord Charles Beresford will pay a visit to Canada in September for the opening of the Toronto Exhibition.

NEGRO CAPTURED AFTER LONG CHASE

Pullman Porter Says He Shot Railway Official in Self-Defence.

(Times Leased Wire.) The Dalles, Ore., June 18.—R. E. Brooks, the colored Pullman porter, accused of shooting Bernard Trumbull of the Illinois Central, at Shaniko, Ore., early last Wednesday morning, admitted to-day that he did the shooting, but insisted he used his revolver in self-defence.

Brooks was captured yesterday afternoon by a posse headed by Sheriff Chrisman on a road 22 miles from The Dalles. The colored man made no resistance as his struggle was nearly gone. All he had eaten since the shooting were a few crackers.

Brooks tells a different story from the one related by Trumbull, and McLaughlin. He says the two men had been abusing him: that when they tried to push him from the special train, he got his revolver, but he did not shoot until Trumbull was on top of him twisting his arm.

POLICEMAN SHOT. Killed During Pitched Battle With Three-Train Robbers.

Muskogee, Okla., June 18.—One man was killed and another fatally wounded early to-day in a pitched battle between three train robbers and a band of constables at Bragg, Okla., according to advices received here.

Johnson Kirk, a constable, was killed, and Paul Williams, an alleged robber, was fatally shot. Two other robbers escaped and are being pursued by bloodhounds.

The men piled ties in front of a freight train and attempted to rob their crew which had just been paid off.

CROWDS FIGHT TO HEAR HENEY

SPECIAL PROSECUTOR CONTINUES ARGUMENT

Says Attitude of Defence is In-sult to Honesty of the Jury.

(Times Leased Wire.) San Francisco, Cal., June 18.—Declaring that the attitude of the defence in the trial of Patrick Calhoun, accused of bribery in connection with the local overhead trolley franchise, is an insult to the honesty of the jury, Francis J. Heney created a sensation in court to-day.

"The counsel for the defence stood here," cried Heney, "with an audacity born of confidence in something which we know nothing about, and advanced arguments that were insults to your honesty."

Heney began the second day of his argument in a court room crowded to the doors with an interested and curious throng. Hundreds jammed the street and fought to gain entrance. The police regulations this morning were more strict than those of yesterday and fewer people were allowed to force their way into the entrance of the court room.

Heney opened with a review of testimony, taking up in detail and branding as false the repeated accusations that Rudolph Spreckels and James D. Phelan had coveted eyes on the system of the United Railways.

"The records show you here that Abe Ruef was convicted of offering a bribe in the trolley matter," said Heney. "Now, you have no right to say 'I'll acquit Mr. Calhoun because they haven't brought any witness here to testify that he saw T. L. Ford pay the bribe to Abe Ruef, or that he heard Patrick Calhoun authorize Ford to pay the bribe to Abe Ruef. When the murderer who knocked his victim on the head when no one else was in the room was convicted you didn't need any man to witness that crime to prove the man guilty. The circumstances prove him guilty."

Continuing, the special prosecutor said: "Calhoun wanted Cornelius, of the Carmen's Union, to whip his organization into line behind the overhead trolley matter, so that Ruef could put through his crooked deal without loss."

FIRE FOLLOWS GASOLINE EXPLOSION

Two Men Injured in Blaze on Waterfront at San Francisco.

(Times Leased Wire.) San Francisco, Cal., June 18.—Raging for more than a block along the waterfront, a fire that menaced the entire wholesale and commercial district, wharves and shipping, was checked yesterday afternoon only when a general alarm brought all the fire apparatus in the lower section of the city to the scene.

The fire was caused by a gasoline explosion in the rear of a pawn shop, where Edward Deverger was cleaning a coat. Deverger was burned seriously about the face and shoulders, and was taken to the emergency hospital.

Capt. Wm. Farrell, while directing his chemical company, was struck by a stream of water and thrown into a mass of smoldering wreckage. Rendered unconscious by the fall, he was painfully burned when rescued by his comrades.

Heroic efforts on the part of the firemen confined the fire to the block on East street bounded by Washington and Jackson streets. The loss will exceed \$25,000.

RAILWAY BUYS HOTEL

Winnipeg, June 18.—Negotiations which have been in progress for some time past for the purchase of the Empire Hotel by the Mackenzie & Mann interests have been consummated, and the big south end hostility is now the property of the Canadian Northern magnates. The hotel adjoins the big union station of the Canadian Northern and Grand Trunk Pacific railways.

STAGE COACH GOES OVER EMBANKMENT

Six Persons Sustain Injuries, Two of Whom May Not Recover.

(Times Leased Wire.) St. Helena, Cal., June 18.—S. S. Barnard, of the St. Helena sanitarium, and his wife, are near death from injuries sustained when the sanitarium stage pitched over a high embankment late yesterday and plunged thirty feet down the mountain side. Barnard is suffering from concussion of the brain, and his skull is thought to be fractured. Mrs. Barnard's jaw was broken in three places and her right shoulder fractured. She also received internal injuries. Four others, including the driver of the stage, were injured.

CHAMPION FAT MAN.

Resident of Canada on Way to Seattle Fair.

Johann Faust, said to be the biggest man in Canada and the United States, arrived in Victoria last night on his way to the Seattle fair, where he will become the attraction of a side show and be on exhibition as the biggest fat man.

Faust is a guest at the Dominion hotel, where a puzzled staff devised a sleeping apartment for him last night after considerable thought had been expended as to what to do with his bulk. While smoking a cigarette after dinner he was obliged to occupy the bell boys' bench, the only seat he could comfortably sit in. It is constructed to hold three.

Fast weighs three hundred and ninety-six pounds, is over six feet in height, and had to enter his bedroom sideways. He comes from Rosethorn, Sask., and is accompanied by Peter Abrams and Johann Siemens.

Show never falls on about two-thirds of the earth's surface.

Business and Residential Property

ON FORT STREET, running through to Mears street, with a frontage on both streets of 60 feet, with a depth of 125 feet. There are three small houses, all rented, on the property, which brings in over 8 per cent. on the investment. The Mears street frontage, which overlooks the Quadra Cemetery Park, would be suitable for residential purposes, while the Fort street frontage would make an excellent store site. The adjoining property has been advertised at \$2,000. Offered on terms, at the low figure of.....\$5,250

HOUSE WRECKED BY DYNAMITE EXPLOSION

Charge Placed Under Home of Railway Superintendent at Tucson.

(Times Leased Wire.)

Tucson, Ariz., June 15.—With a roar that awakened nearly every resident of the city, a charge of dynamite placed under the home of W. H. Whalen, division superintendent of the Southern Pacific railroad, exploded early this morning. Whalen and his wife, by chance, were sleeping in an outdoor dormitory in the cupola of their home, and although buried in debris, following a collapse of the tower, escaped death.

Following the explosion the wrecked building caught fire, and in a race between the flames and the local fire department to rescue the imprisoned victims, the firemen won by a narrow margin.

CROWDS FIGHT TO HEAR HENEY

(Continued from Page 1.)

ing his political prestige or take a chance of killing the goose that was laying the golden bribe eggs. A. A. Moore told you that Calhoun was not held up, so that his statement would be published and read by Ruef out at the county jail. They did not dare to accuse Abraham Ruef for fear that he might take another notion to offer testimony for a consideration.

"Public service corporations are not like the patriots of old, who said 'millions for defence, but not one cent for tribute.' Their motto is 'millions for tribute, but not one cent for defence' until they are indicted.

"When Calhoun spoke of 'the people' in his letters to the adorment committee, he meant the boodling board of supervisors. They were the representatives of the people."

Henevy announced that it is improbable that he will complete his address to-day. In this event the case will not go to the jury before to-morrow noon and a verdict is not expected this week.

SHOOTING FOLLOWS ELECTION.

Prominent Figure in San Francisco Longshoremen's Union Wounded.

San Francisco, Cal., June 18.—Henry S. Brown, a prominent figure in the local longshoremen's union, was shot in the back early this morning by Frank Muller, a leader of a faction opposing Brown and his followers in the annual election of the union. Brown was taken to the Harbor hospital in a serious condition.

Muller is held by the police pending the outcome of the victim's injuries. The shooting occurred after the ballots in the election had been counted. Muller accused the opposition with misconduct and a quarrel arose between the two men that ended in a physical encounter. After the belligerents had been separated by friends, Muller drew his revolver and sent a bullet into his opponent's back.

—Mr. Justice Irving is to-day hearing the case of Victoria-Phoenix Brewery Co. vs. Quagliotti. This suit involves the ownership of the lane running by the New England hotel, from Government street to the rear of the property.

GOOD PRACTICE BUT OMISSION NOT FATAL

Mr. Justice Irving on the Reading Over of Depositions.

That the reading over of depositions to witnesses in magistrates' courts is a good practice, but not one, failure to do which is fatal to a conviction, is laid down by Mr. Justice Irving in judgment handed down this morning. This is in the case of L. C. Klein, Lady-smith, convicted of keeping a gaming-house, on behalf of whom George A. Morphy applied for the quashing of the conviction. His lordship says: "Mr. Morphy's contention is that a magistrate in dealing with a case under part xvi in, by virtue of section 711, bound to take depositions in the manner prescribed by section 682. At first I thought that this contention was correct. It seems so reasonable a construction of the act, and so desirable a practice for magistrates to observe, that one is disposed at first, slight to accept it as sound; but section 798 places the point in a different light.

"Section 798 provides that, except as specially provided for in sections 796 and 797 (which two sections have nothing whatever to do with the manner of taking the evidence) neither the provisions of the act relating to preliminary inquiries before justices, nor of part xvi, shall apply to proceedings under part xvi. Part xvi relates to summary convictions. Section 788, subsection 4, therefore, must be read as authorizing the magistrate to proceed to dispose of the case summarily without regard to the provisions of the following sections, 682, 711 and 721.

"The result is that section 798 relieves the magistrate from the duty of reading the depositions over to the witness, before the prisoner enters on his defence.

"Although the conviction cannot be questioned because the magistrate did not read over to the witnesses their depositions, I think that magistrates, when they are proceeding under part xvi, would be adopting a good practice if they took the depositions in the manner prescribed by section 682, reading them to the witnesses in the presence of the accused, and dispensing with the signature only when necessary. The other points raised on the prisoner's behalf I disposed of on the argument. The conviction, therefore, stands."

It is likely that Mr. Morphy will apply to the Department of Justice to reduce the length of sentence. Klein served over a month before his second trial, when he was again sentenced to six months in jail. He would thus serve over seven months for an offence, the maximum penalty for which is six months.

SIMON LEISER HEADS WHOLESALE GROCERS

Elected to Presidency of Organization for the Province.

The highly honorable position of president of the British Columbia Wholesale Grocers' Exchange has fallen to Simon Leiser, head of one of the pioneer wholesale grocery houses in the province and president of the Victoria Board of Trade.

The annual meeting of the association was held this year in the Board of Trade rooms. It is customary to alternate the presidency between the two chief cities of the province, and Mr. Leiser held the vice-presidency last year, moving up at this meeting. The officers elected were:

President—Simon Leiser, Victoria.
Vice-president—H. T. Lockyer, Vancouver.
Hon. Treasurer—P. Wollaston, Jr., Victoria (re-elected).
Secretary—F. Elworthy, Victoria (re-elected).
Assistant Secretary—J. N. Ellis, Vancouver (re-elected).

Directors—Vancouver, Robert Kelly, G. Macdonald and C. H. Grosvenor; Victoria, L. A. Genge, James Thomson and H. G. Wilson.

SEVERAL PERSONS INJURED.

Spectators at Medal Presentation Trampled Under Foot.

Dayton, Ohio, June 18.—A score of persons were injured as the great crowd in the grand stand at the fair grounds attempted to leave the structure when Orville Wright finished his speech of thanks at the medal presentation to-day.

As the crowd surged towards the entrances, several persons were thrown to the ground and trampled. Many were faint and were removed from the jam with great difficulty. The injured were removed to a nearby hospital.

—An unsuccessful attempt was made to-day by the defendants in Huson et al. vs. Haddington Island Quarry Co. to have the case thrown out. H. D. Zwigg, for the defendant company, applied to Mr. Justice Irving in chambers for an order striking out the statement of claim. Frank Higgins opposed. The application was dismissed, with costs against defendants.

E. H. T. Drake, registrar of the Supreme court of British Columbia, left yesterday on his way to England, where he will spend the court vacation.

LAWYER WON CASE BUT HE LOSES \$10

An Error in Calculation, and an Impatient Client, His Undoing.

When Judge Lampman was giving judgment in the case of Namaka and Simpson the other day a slip in subtraction was made which may cost J. P. Walls \$10. The plaintiff was found to be entitled to \$60.82, against which were credits amounting to \$44.55. Judgment was given for \$16.27, judge and counsel failing to notice the error in mental arithmetic which had been made.

Whether the plaintiff noticed it or not history does not say, but he wanted to go fishing and Mr. Walls paid him what was coming to him. J. Stuart Yates was applied to to get the amount of the judgment and costs from his client, and when writing for that purpose noticed the error which had been made.

This morning he applied for the judge for a correction of the judgment. Before Mr. Yates could state what he wanted, Mr. Walls was on his feet with an objection that "it was too late."

Judge Lampman decided that he would have to hear what was that was too late, or why, from Mr. Yates before attending to Mr. Walls.

"The situation was a humorous one to all but the solicitor who had won—and lost—the case," said Mr. Walls ruefully. "I especially when the judge declared that he had power to amend his judgment."

"Lawyers should not act as bankers," his Honor observed.

"Bankers make a profit, but this makes a loss," said Mr. Walls ruefully.

In the case of Sage and Appleton, where in H. D. Helmecken, K. C. appeared for plaintiff, and H. H. Shadley for defendant, it turned out that the parties live in Nanaimo and the case was promptly sent on there for trial.

Windsor Grocery Co. vs. B. C. Electric Railway, an action for damages, is to be heard on June 24th at 10.30, and Oliphant vs. Stewart, an action over a launch, in which defendant wants a jury, on June 25th.

Sheriff Richards was appointed receiver of the estate of A. Howe, a Chemainus butcher, in order that the book debts may be collected. Sydney Child made the application on behalf of Goodacre & Sons, the execution creditors.

TOO LATE TO CLASSIFY.

NEW ADVERTISEMENTS.

JUNE CROP REPORT IS SATISFACTORY

Indications Are for Bountiful Harvest at Comparatively Early Date.

Winnipeg, June 18.—The Manitoba Free Press, in its annual June crop report, says in part as follows: "When the first crop report for 1909 was issued on May 1st, it showed that seeding operations were at least two weeks behind those of 1908. The June crop report shows that the two weeks have been made up, and that, except in a very few cases, the crop is as far advanced and in as good, if not better, condition than it was on June 1st, 1908. The May report indicated that there would be little, if any, increase in wheat acreage and the recent report confirms this, for, speaking broadly of the provinces, there is practically no more land sown to wheat than there was last year. This, however, does not mean that the crop of wheat in 1909 will not be larger than in 1908. The indications are strongly in favor of the yield being greater per acre. The land was better prepared, the seed sown was generally of a better quality, and up to the present time the crop has had almost perfect weather. A continuation of the same favorable weather conditions should make for a yield of from two to three bushels per acre greater than last year. There has been no damage from June frosts and up to the present time there has been sufficient rain, though reports indicate that rain now would be very generally acceptable. With a shower every other day from now until the end of June, at least 75 per cent. of the crop should be in the shot blade during the first week of July, and ready for the binder from August 5th to 12th. The reports indicate that the oat crop is in an exceptionally good condition and that there is an increase of acreage of about 25 per cent. The barley acreage seems to be increased about 10 to 15 per cent., while there is a marked decrease in flax. The only really unsatisfactory crop appears to be winter wheat. The references to it are limited, but none of them shows the progress that should be expected at this date. The winter wheat crop has not, however, become a very important factor in the wheat fields of the west as yet. Speaking broadly, the June crop is satisfactory and warrants the country at large in looking forward to a bountiful harvest to be reaped at a comparatively early date."

VESSELS CLASH ON FISHING BANKS

Captain of American Schooner Fires on Big French Trawler.

North Sydney, N. S., June 18.—The trouble which has been brewing between the French steam-trawlers, operating on the Quero Banks, and the American, French and Newfoundland hand fishermen, has broken out at last, and a clash has taken place on the Quero Banks, in which serious damage was done. Vessels which have arrived from Quero tell of a sensational encounter between the crews of the American fishing schooner Senator Gardner, and one of the French steam-trawlers. The fishing vessel had set her lines when the large French trawler approached, and carried away part of the Gardner's fishing gear. The Captain of the Gardner loaded a rifle, using lead slugs made out of mackerel jigs cut in pieces, and fired point-blank at the trawler, which hurriedly moved away. The same day a French fishing schooner lost nearly all of her trawls and lines by another steam trawler. The schooner's captain boarded the trawler which had done the damage, and brandishing a revolver, demanded that damages be paid for the loss sustained. No heed was paid, and he was forcibly ejected from the steamer's deck. On the following day a Newfoundland schooner had all of her fishing gear carried away by a steam-trawler and was forced to leave the banks and lose several days in order to obtain a new outfit. It is the opinion of many that violent encounters will take place during the summer months, as the steam-trawlers threaten seriously to interfere with the hand-line fishing on the banks.

ANNUITY SYSTEM PROVES SUCCESS

The Revenue Since Last September Amounts to \$160,000.

Ottawa, June 18.—The revenue up to date from the government system of annuities totals \$160,000, and the total number of applicants is 23. The revenue of late has averaged \$20,000 a week, but on one day of this week \$10,000 was received. The system of annuities was inaugurated only in September last, and the first few months were necessarily devoted largely to matters of organization. A number of agents and lecturers have been engaged, three in Ontario, two in Quebec, one each in Nova Scotia and New Brunswick, while the west has not yet been provided for. It is intended to carry on an active propaganda.

The department is about to enter upon negotiations with the manufacturers of the country suggesting the purchase of annuities for employees.

HELD ON CHARGE OF MURDERING WIFE

Physicians Find Poison in Ex-hummed Body of Woman.

Los Angeles, Cal., June 18.—Strychnine, a poison not used in the embalming fluid, was found in the stomach of Mrs. Eugenia T. Bennett by chemists and physicians, who made an examination after the body was disinterred on May 13th last. Her death occurred on February 12th and was supposed to have been caused by ptomaine poisoning from eating canned Chili con carne. Harper E. Bennett, husband of the woman is charged with her murder, and the report of the physicians was disclosed for the first time at the preliminary examination yesterday.

Bennett is a real estate dealer of this city. He went to San Diego after the death of his wife, and the statement of the prosecution is that he had an affinity there. He came back and was arrested after the report of the physicians was made to the district attorney. The physicians also testified that in the manner in which Mrs. Bennett died indicated strychnine poisoning and not ptomaine. Mrs. Mary E. Walker, the aged mother of the dead woman, testified that she hid herself in a bathroom and overheard Bennett tell a friend who was constantly with him immediately after his wife's death: "The coast is clear now, but I will watch the old woman."

MORE CASES OF CHOLERA.

St. Petersburg, June 18.—The number of cholera cases in the Russian capital is increasing daily. It is now believed that the filtration beds have become infected, as the districts of the city served with water from these sources are furnishing a larger percentage of cases than the two districts that get their water by direct pumping.

Falling into a flour bin, Jean Thompson, two and a half, of High street, Sydney, was suffocated.

ORGANIZING NATIONAL COUNCILS OF WOMEN

Reports Are Received From Turkey, Russia and Egypt.

Toronto, June 18.—The executive committee of the National Council of Women spent a long session yesterday clearing the way for business of the council, which met to-day at the university. During the meeting of the committee Mrs. W. Ogilvie Gordon, honorary corresponding secretary, gave her report, in which she gave with more detail the story of the expansion of the movement upon which Lady Aberdeen touched briefly Wednesday night.

A letter was read by the secretary from Mrs. Bowen of Constantinople, a sister of Ahmed Riza, the president of the new Turkish parliament. Mrs. Bowen wrote saying that she was hopeful of forming a national council for the women of Turkey before very long, and the executive elected Mrs. Sila Hunuh as honorary vice-president with power to carry Mrs. Bowen's desires into effect. From Finland Baroness Gripenburg wrote saying that a council was about to be formed there, while from ancient Egypt the same news came.

The Countess de Philosophoff reported that the minister of the interior had consented to allow the formation of a council in Russia.

WATERLOO AND AFTER.

The calendar and "An Old Soldier of the Queen" remind us that it is ninety-four years to-day since the British squares under Wellington endured with bulldog courage and tenacity the fire of the superior artillery of the French and repulsed so gallantly the repeated charges of Napoleon's dashing cavalry, culminating in the grand but futile onslaught of the Old Guard. Those were stirring and critical times in the history of Great Britain. They are good times to read about and think about, mellowed by the passage of time, in these days of alarm and hysteria, when there is a disposition to question the ability of the Empire of to-day, founded by the victories of Waterloo, to maintain its liberty and integrity in the face of the "Tripartite Alliance." The Kaiser has taken the place of "Boney" as the ogre of frightful men in the imagination of Britons at home. But it may be well to question the ability of the Empire of to-day, also in a sense one of the results of the victory of Waterloo, is in altogether a different position from the French Empire under the first Napoleon. The civilization of the twentieth century is not the civilization of the eighteenth century. The public opinion of the twentieth century is vastly more advanced than the public opinion of the eighteenth century. Any nation contemplating wars of aggression must take into account the change which has come over the spirit of Christendom. All civilized nations are subject to the influence of enlightened public opinion, which is opposed to war except as a necessity of national self-preservation. And if no nation entered upon war except under such compulsion, obviously there could be no more war. After all the rivalry between Great Britain and Germany is principally the result of commercial and industrial competition. The physical divisions of the two Empires are clearly defined. Neither of the nations concerned can ever hope to wage successful aggressions upon them. Outside of these there are courses "spheres of influence," principally upon the continents of Europe, Asia and Africa, which might be provocative of misunderstandings. Germany resents the disposition of Britain to insist upon the maintenance of the "status quo" in such quasi-independent countries. Her population is rapidly increasing, and she desires an outlet for the surplus which would

not necessitate relinquishment of allegiance to a Teutonic lord paramount. That is the chief reason why the Kaiser and his advisers chafe under the bonds they believe Great Britain is imposing upon them. There is every probability that these difficulties will be overcome by effluxion of time and without appeal to the "dread arbitrament of war," certainly a most dreadful thing to contemplate between two such puissant powers. There is no question that Germany is bent upon challenging the supremacy Great Britain has long maintained in the fields of commerce and industry; but we do not believe she, a nation of less than seventy millions, is so anxious to fling the sage of defiance in the face of an Empire of hundreds of millions, which has already given evidence of how completely it can be united in case of emergency.

The senior and the junior Matson organs are as far asunder as the poles in their opinions respecting the title of the Songhees tribe to the valuable reserve across the harbor. The senior organ holds that the Indians have neither legal nor a moral claim to the reserve and that it may be taken from them without compunction of conscience; the junior organ maintains that the rights of the Indians are regarded by Imperial authorities as sacred and inviolable and that but for the interference of the said authorities an act of dispossession would have been passed at the late session of the Dominion Parliament. It is perhaps hardly necessary to say that the organs are as far asunder in their facts as they usually are in their opinions upon public questions of importance. How would it do to settle the question in a manner similar to that in which it was proposed to dispose of the "castle upon the hilltop" but for the obstacles interposed by the criminal code or the statutory law—by raffle?

The trusts of the United States insist that they are entitled to protection against the cheap products of Canada. The protected interests of Canada claim that they cannot successfully compete against the highly-organized industries of the United States. In the republic the views of the trusts invariably prevail with Congress; in Canada we have government which stands between the consumers and the unreasonable demands of the extreme protectionists. It is fortunate for Canada that her system of government is democratic. It is unfortunate for the consumers of the United States that their government which in theory is democratic in practice is dominated by a senate representing an insatiable plutocracy.

John W. Arcander, LL.D., of the Bar of the state of Minneapolis, has written the story of the life and works of William Duncan, of Metlakatla, whom he designates "The Apostle of Alaska." Not having had an opportunity of carefully reviewing the work, we cannot pronounce upon either the spirit in which it is written or upon the accuracy of the statements it contains. But the story is undoubtedly of more than ordinary local interest, as it deals with events in which several Victorians of the olden time played more or less conspicuous parts. Fleming H. Revell & Co., of Toronto, are the Canadian publishers.

Artillery in the hands of the officers of the Grand Dukes of Russia appears to be about as dangerous as arbitrary authority in the hands of the Grand Dukes themselves. How many thousands of subjects of the Czar have been executed without trial since the conclusion of that humiliating war with Japan?

The delegates to the Imperial Press Conference were received in Great Britain with Royal honors and other things; but they were deprived by force of unfortunate circumstances with the greatest privilege of all—of being received and entertained by the distinguished and aggressive authorities, Marie

Corelli. And a curious thing in connection with the untoward event is the disposition of the British press to make light of the occurrence. Led by Punch, the general opinion of the Fourth Estate seems to be that Miss Marie Corelli and Hall Caine are the literary jokes of our own times.

In San Francisco the Calhoun farce, by courtesy called a trial, is nearing an end. There is little likelihood of the grafter upon trial receiving his deserts, but think of the splendid display of verbal pyrotechnics the counsel on either side gave for the benefit of the spectators.

The Victoria wholesale grocers' entertain representatives of the wholesale grocers' association of Canada at a banquet in the Empress Hotel on Thursday evening next. The function, needless to say, will be one of the most elaborate ever held in the capital.

WISE GOVERNMENT, WISE PEOPLE.

(Woodstock, Ont., Sentinel-Review.) Applications for old age annuities totalling a quarter of a million have already been received by the government. It is satisfactory to learn that the effort to encourage people to help themselves is meeting with such a ready response. It is an excellent undertaking, and the better the proposal is understood the more willing the public is likely to be to take advantage of it.

FOOTSAK!

(Hamilton Spectator.) African natives have christened Roosevelt Bwana Tumba. — the strong, fat man. My, won't that tickle Teddy's vanity? But what would they say if they saw Bill Tatt?

LARGE SUM FOR IRRIGATION WORK

(Special to the Times.) London, June 18.—At a meeting of the Southern Alberta Land Company the resolution that \$400,000 be spent on irrigation was carried.

PREMIER WARD SAILS FOR ENGLAND

(Special to the Times.) Wellington, N. Z., June 18.—Premier Ward sailed for England to-day to take part in the imperial naval conference. Huge crowds assembled. There was some cheering and some hooting as the steamer left, the hooting being due to the sudden prorogation of parliament.

THE GOULD SUIT.

Further Evidence at Hearing of Action for Separate Maintenance.

New York, June 18.—Liquor transformed Katherine Gould from a most charming woman into a nagging wife, according to the testimony given in her suit for separate maintenance by Henry A. Knowles, a New York insurance man. Knowles said that when Mrs. Gould had been drinking she was particularly nasty toward her husband, Howard, and related incidents illustrating his allegations. He said that Mrs. Gould often mortified her husband. Some laughter was heard when Knowles told of going to a masked ball dressed as Tribby. He said Howard represented Cupid at this ball.

JAPANESE GOVERNMENT WILL NOT INTERFERE

Leaders of the Striking Laborers Released on Bail.

(Times Leased Wire.) Honolulu, June 18.—Consul-General Uyono announced to-day that the Japanese government would not attempt to interfere in the affairs of the strikers on the sugar plantations here. He denied that he had advised the planters not to yield, and that he had reported to his government that the strikers were anarchists, but said that the situation was not one in which Japan could take a hand.

The leaders of the striking Japanese plantation laborers, who were arrested a few days ago, were arraigned to-day and released on bail. The strikers remain confident that they will win, and the planters are equally confident that they can break the strike. From present indications the fight will be a long and stubborn one.

PRESENTATION TO GOMPERS.

Labor Leader Says He is Determined to Uphold His Rights.

New York, June 18.—Samuel Gompers, who sails to-morrow for Europe as an envoy to labor organizations there, and a student of conditions affecting immigration to the United States, and foreign competition with home industries, reiterated last night at the bon voyage dinner given by the executive council of the American Federation of Labor, his determination to uphold his constitutional rights in defiance of need by of court injunctions. Mr. Gompers, as he spoke, showed evidence of deep feeling. He had been unexpectedly presented by the federation earlier in the evening with a purse of money, and one speaker after another had voiced his confidence in Mr. Gompers' discretion, uprightness and ability.

"I can only say this to you," he said, "that not upon what I have accomplished or what I have tried to do, can I be judged, but if earnest effort can serve as a measure, as God has given the light, I have tried to serve my fellowmen."

He was glad, he said, that his "fellow convicts," Mitchell and Morrison, as he named them, had spoken with him and denied that he or they wished to be in any opposition to the courts. "I have followed the biblical precept," he continued, "that if they smite the right cheek, hold out the left, but if there is no more cheek remaining to be smitten, you have to fight. When it comes to me as a choice of maintaining my rights as handed down to me by the constitution and disobeying an injunction which denies me those rights, I shall not hesitate."

District Attorney Jerome, who was one of the speakers, launched into a eulogy of Gompers, the address being not devoid of personal allusions to his own case.

WILL MEET AT CHICAGO.

Buffalo, N. Y., June 18.—The chiefs of police assembled here to-day decided to meet at Chicago next year.

It has been decided that each unit of the Italian national forces shall adopt a boy orphaned by the great earthquake as a "child of the regiment."

The young people of the Emmanuel Baptist church will have a boating party on Monday, 21st. The boats will leave Point Ellice boat house for the Gorge at 8 o'clock sharp. Refreshments will be served, and everybody is welcome.

The monthly meeting, for June, of the British Campaigners' Association is postponed until July 2nd, owing to the drill hall being closed during the annual camping of the Fifth Regiment, C. G. A.

The Coast Locators report a very satisfactory movement in real estate this week. Their recent sales include four of their own houses, three vacant lots and some valuable acreage. This company makes a specialty of placing on the market houses of which it is the exclusive owner.

The city hall alterations have progressed to the point of demolishing the partition walls which form the corridor leading to the assessor's and water commissioner's offices. The intention is to throw that end of the building on the ground floor, into one large office for the treasurer and water commissioner, the assessor being provided for upstairs.

The Park's Board will probably meet early next week, a quantity of business having accumulated during the weeks when there was practically no board at all. As now constituted the board consists of Mayor Hall, Ald. Henderson, Ald. Turner, Dr. G. A. B. Hall, M.P.P., E. A. Lewis and H. M. Fullerton. There is still one seat at the board vacant.

The funeral of the late Nell McColl Law took place yesterday afternoon at 2.30 o'clock from the family residence, 2767 Graham street, where services were conducted by the Rev. Mr. Henderson, assisted by Staff Capt. Hayes of the Salvation Army. The hymns, "Save in the Arms of Jesus" and "There's a Land That is Fairer Than Day" were sung. There was a large number of floral designs presented, showing the esteem in which the young man was held. Among these was a beautiful design from Smith & Champion and his fellow workmen. The following acted as pallbearers: J. Clino, J. H. Trace, G. W. Smith and H. Robinson.

Ald. Humber is wroth over another instance of the delays which take place in civic business. He has taken a deep interest in the repairing of Dallas road and the providing of such means of protection, along the foreshore, as will prevent the continued washing away of the roadway at certain points. He was successful in getting a committee appointed to consider the matter, and the council, on the recommendation of this committee, instructed the engineer's department to prepare an estimate of the cost of the plan the committee proposed. This was several weeks ago, but no report has been made by the department yet. Ald. Humber intends to find out what the cause of the delay has been.

WHOLESALE GROCERS WILL CONVEYE HERE

Annual Meeting of Dominion Exchange Will Be Held Next Week.

The wholesale grocers of the Dominion will assemble here next week, the occasion being the annual meeting of the Canada Wholesale Grocers' Exchange. At the last conference, held in Quebec during the recent celebrations, an invitation was given to come here by Percy Wollaston, manager of Wilson Brothers, who represented the local exchange of Victoria, Vancouver and Fernie. The arrangements for the meeting are in the hands of a committee representing the wholesale grocers of this city and of Vancouver. The delegates will arrive on Wednesday afternoon next, and the conference will open in the Board of Trade rooms on Thursday morning at ten o'clock. The business sessions of the Exchange are expected to finish about noon on Friday.

The British Columbia wholesale grocers will be generous in their hospitality to their brethren from east of the mountains. On Thursday evening a banquet will be held in the Empress, and on Friday a complimentary luncheon will be tendered the delegates in the same place. If business is through early enough on Friday there will be a visit by automobile to the Empira cannery at Esquimalt, and on the return—the rose snow at the drill hall will be visited and the delegates given an idea of the wealth of flowers Victoria possesses. There will be auto rides around the city and into the surrounding country on Saturday, and the races will be taken in the afternoon. From here the delegates will go across to Seattle to visit the fair.

A BIG SENSATION. New Hats Thrown Away—Clothing Prices Cut to a Whisper.

Arthur Holmes, for the past twenty-two years, one of Victoria's most trustworthy business associates, has decided to sell his entire stock of ready-to-wear clothes for men, boys and children and will discontinue handling this line in the future. Judging from the prices quoted in his large ad. in this issue, the public may well believe there is a genuine bargain treat in store for all. Mr. Holmes is known as a man whose veracity is beyond question, his word has always been his bond. Any statement made over his signature can always be depended on as being absolute fact. Commencing to-morrow (Saturday) at 9 a. m. his entire stock will be at the mercy of the people for 10 days. During the day on Saturday a number of men's and boys' hats will be thrown from the roof of the building. Smart people who value their dollar will surely pay Mr. Holmes a visit during the next ten days. A bona fide sale of fine clothing at slaughter prices is no every day occurrence.

Postmaster Shakespeare would be glad to receive any information as to the whereabouts of Mrs. Blanche Stanford, who is supposed to have been a resident of this city in 1904.

William Baylis, editor of the B. C. Poultryman and Horticulturist, is visiting a number of Farmers' Institutes on this island and the mainland, and is speaking on poultry raising. Last evening he addressed a meeting at Cedar Hill, and this evening he will speak at Sidney. On Saturday evening he will address a meeting at Royal Oak, and at Etobicoke on Wednesday, June 23rd. Some time during this month he will speak at North Vancouver.

DEATH OF WELL-KNOWN VICTORIA LADY

Mrs. Peacock, Formerly Miss Beanlands, Passed Away at Toronto.

It was with feelings of the deepest regret that the sad news was received in the city yesterday afternoon of the death in St. John's hospital, Toronto, of one who was well known and loved here as Miss Dorothy Beanlands, eldest daughter of Canon Beanlands. Some months ago she was wedded to Thomas Peacock, manager of the Traders' Bank of Canada, of North Bay, Ontario.

On the evening of the 6th of March deceased was severely burned by the explosion of an oil lamp in her room at North Bay, Ont., where she was employed as a kindergarten teacher. Immediately on receipt of the telegram announcing her accident, her father, Canon Beanlands, hastened to her. She recovered sufficiently to be married in a few weeks to Mr. Peacock, and Canon Beanlands went to Europe. She never rallied to any marked degree, however, although her friends never gave up hope until quite recently. About three weeks ago she was re-moved to St. John's hospital, Toronto, for special treatment, but instead of improving she grew gradually worse and passed away yesterday morning.

The funeral will take place in Hamilton, Ont., to-morrow afternoon, and will be conducted by her father, Canon Beanlands, who was called for as soon as all hopes of her ultimate recovery were given up by her husband. Canon Beanlands used all possible haste in starting on the homeward trip, but was not able to see his daughter alive.

Deceased had been absent from Victoria about two years, during which time she was under training for kindergarten work in Toronto, and for some time previous to her accident taught in the kindergarten school at North Bay, where she was a general favorite. She is survived by two sisters, the Misses Alyson and Angela Beanlands, both of whom are in Victoria.

COUNCIL'S EYE ON MOTOR FIRE ENGINE

Just the Thing for Hilly City, so One May Be Purchased.

The motor fire engines which Vancouver has are a great success, as Ald. Fullerton, chairman of the fire wardens, found during his trip to that city. Victoria is calling for tenders for a 700-gallon fire engine, and is asking at the same time for tenders for a steam-driven engine. From what Ald. Fullerton has seen in Vancouver of the value of the latter type it would not be surprising if the council decides to purchase one.

A head of eighty pounds of steam is kept up all the time, and the engine is thus ready at any moment to start out, propelled by its own power. It is out and away to the scene of a fire before the horses could be hitched, no matter how quickly. Its great value, however, in a hilly city, such as this is, is that it can get up steep streets without trouble. With horses it is ailing work hauling a heavy steamer up hill, and so matter how good the team is there is delay in reaching the fire. The initial cost for a motor-engine is not so very much more than for a horse-driven one, and is heavily outweighed by the saving in horses and horse-keep, to say nothing of the value of getting promptly to a fire.

WEATHER BULLETIN

Daily Report Furnished by the Victoria Meteorological Department. Victoria, June 18.—5 a. m.—The barometer remains high along the Coast, and the present fair weather is likely to continue for several days. With the exception of thunderstorms in some localities the weather remains fair and warm in the prairie provinces.

Forecasts. For 24 hours ending 5 p. m. Saturday. Victoria and vicinity—Moderate southerly winds, fair to-day and Saturday, higher temperature. Lower Mainland—Light to moderate winds, fair to-day and Saturday, higher temperature. Reports. Victoria—Barometer, 30.04; temperature, 62; minimum, 42; wind, 4 miles S. W. New Westminster—Barometer, 30.95; temperature, 46; minimum, 44; wind, calm; weather, clear. Kamloops—Barometer, 29.85; temperature, 44; minimum, 34; wind, 4 miles E.; rain, trace; weather, clear. Barkerville—Barometer, 29.98; temperature, 42; minimum, 42; wind, calm; weather, cloudy.

PANTAGES THEATRE Good Bill of This Week to be Followed By Scottish Entertainers next.

This week's pleasing show at the Pantages continues to draw good crowds. The rag time piano playing, catchy song hits, laughable farce comedy, roller skating etc. all combine to make, in conjunction to the regular attractions, an enjoyable programme. The great Scottish entertainers of Glasgow, who have just made a triumphant tour of the American Vaudeville Circuit, is to be the big feature next week. They are known as "The Scotch Macks."

The funeral of the late Allan Richardson Cameron who died in Chicago June 15th, took place this morning from the parlors of the B. C. Funeral Furnishing Co., at 8.45 and at St. Andrew's Roman Catholic Cathedral at 9 o'clock where solemn requiem mass was celebrated by the Rev. Father Beaton the funeral service at the church and graveside being conducted by the Rev. Father Van Nessel. A large number of old friends of the deceased attended the services and placed flowers on the casket. The following acted as pall bearers: W. W. Baines, T. L. Toye, F. J. Seal, S. A. Bantley, W. W. Rummala, R. J. Bantley.

LADIES' DAY IS BIG FEATURE

BRILLIANT SCENE AT WILLOWS RACE COURSE

Redondo Wins From Field of Class in Five Furlongs.

Ladies' Day at the race course was significant for one thing above others, and that was the largest attendance yet recorded at the course. The stand was full to its capacity, and ninety per cent of its occupants were of the fair sex, who had accepted the invitation of the Country Club and come to pay homage to the noblest of animals.

Yesterday was indeed the banner day of the meeting, and all over the stand were heard assurances that they are going out to the Willows again Saturday.

The stand yesterday presented a mass of color that had the many colored brilliant scene of jockey jackets on a course badly beaten. Throughout the stand the fair sex wore their latest and finest—there were the little Derby Day badges, the souvenir gift of the Victoria Country Club presented yesterday to everyone. The enthusiasm of the guests was great. Some bet because the horse had such a glossy coat. Some bet on the pretty names of the horses, and that was why Silver Wedding in the first race got such a lot of play at five to one. The books laid eight to one on May Pink, second in the second race, and the ladies who played a place again collected. Although Mike

Ashem in the third was a twenty to one shot, and would have netted pin money for all kinds of things, his unattractive name did not appeal to them, and this time they were right, for Mike only secured fourth place.

Ladies' Day at the Willows was a success, and Robert Leighton was noticed in the judges' box between races sitting with his face towards the stand. Nor was he the only admiring one, for many were the glances from under those millinery creations that were thrown to the dominant figure that rules the destinies of the Willows race course. After it was over Mr. Leighton said he had a notion to keep up the plan each week. If he has any doubt about it he will surely capitulate to-morrow.

The first race was all to Banposal, a two lengths' winner from Silver Wedding and Ornate.

Irish Mail just took the race from May Pink in the final burst of the five furlongs by a neck, and the Cain's mare had to be content with second money after setting the pace all the way. Herives looked a second-place horse all the way until the pace told at the finish.

Iras made the run of the day in the third event on the card, and running fifth coming into the straight developed a burst of speed that landed her ahead of Colbert and Black Cloud at the wire. Mike Ashem led the field until the home turn, but could not stand the pace and dropped to fourth. Redondo was made a favorite in the fourth and justified the faith of backers with a length and a half to the best of big Barney Oldfield, which beat Gallinda, his former conqueror, in the second money. Barney lacked the early speed and failed to get warmed up until reaching the straight.

Matthews, riding Rose Cherry, beat the ring tip, Maud McG., over six furlongs. The winner made her run after having entered the straight, and had just a head to the good. Bema was a two-lengths third.

The final event was the favorite's race, and registered Brooks' only win

for yesterday. He also made his run on Translucent on entering the straight, and beat De Grammont a head at the finish.

The fastest time yesterday was Redondo's run in the five furlong race, when he equalled Columbia Maid's time of 1:02. Columbia Maid carried 112 and Redondo 119 pounds.

The order in which the horses finished yesterday was as follows:

First race—Six furlongs. Selling. Fillies and mares. Three-year-olds and upward. Value to first \$150.

Horse and Jockey	Op. Cl.
Banposal, Shale	5-2 8-5

LACROSSE JUNIORS PLAY.

The lacrosse match played last evening between the Olympics and the Victoria West teams resulted in a win for the latter by a score of 4 goals to 1. The age of the members of the teams was supposed to be 14 years, but a number of the Victoria West lads will never see that age again. The Olympics were small compared with those from the west.

The match was the outcome of a challenge issued by the Wests, and which the Olympics accepted.

On starting play the Olympics commenced rushing, and after a few minutes of play C. Baker scored the first and only goal for the losers. In the second quarter Plumb scored for the Wests, and Popham soon put in another. In the third quarter the Olympics were beginning to tire. Popham shot another in this quarter, and in the fourth Todd scored one more, making the score 4 goals to 1 in favor of Victoria West.

Following is the line-up of both teams:

Victoria West—G. Rowe, goal; E. Davy, point; R. Wachter, cover point; G. Corke, 1st defence; W. Lee, 2nd defence; J. Shakespeare, 3rd defence; L. McBeath, centre; A. Todd, 3rd home; J. Kennedy (capt.), outside; H. Popham, inside.

Olympics—A. Redgrave, goal; F. Redgrave, point; A. Knox (capt.), cover point; S. Levy, 1st defence; E. Collinge, 2nd defence; T. Farallias, 3rd defence; T. Baker, centre; K. Rowbottom, 3rd home; C. Baker, 2nd home; L. O'Brien, 1st home; B. Brady, outside; H. Charlton, inside.

CRICKET TO-MORROW'S FIXTURES.

The Albion A eleven and the Victoria cricket club will meet to-morrow afternoon at the Victoria club ground at the Jubilee hospital.

The Albion B team will play the Empress hotel eleven at the Beacon hill ground.

The Victoria second eleven is matched against the garrison club at the Work Point barracks. All games are called for 2 o'clock.

The Albion teams are: "A"—Baker, Broadfoot, Parsons (Capt.), Hilton, Gardner, Richardson, Warden, McCall, Grimmanon, Gifford and Roitson.

"B"—Gregson, Asby, Hilton, Trimmen (Capt.), Spain, Hallam, Scott, White, Marsh, Duncan and Neilson.

FOUND DEAD IN BED.

Sudden Death of H. F. Baldwin, Chief Engineer of Oregon and Washington Railway.

Seattle, Wash., June 15.—H. F. Baldwin, chief engineer of the Oregon and Washington Railroad Company, was found dead in his bed at his residence on Broadway yesterday. It is believed death was due to heart failure, although a post mortem examination will be made to definitely ascertain the cause.

Baldwin was well known in railroad circles on the coast and in Chicago, from which city he came west two years ago.

At West Ashby, near Bultic, Lincolnshire, a wagtail has built its nest in a box-bive, and is sitting on ten eggs, despite the bees being busy at work below. The bird enters by the roof of the hive through a small hole; it has carried bit by bit quite a heap of hay and other material through the hole, and made quite

GRAIN SHIPMENTS BY WESTERN ROUTE

C. P. R. Will Make Preparations to Handle This Year's Crop.

Vancouver, June 17.-Assured that the bulk of this year's Alberta wheat crop will seek an outlet via Vancouver George J. Bury, general manager of the western lines of the Canadian Pacific railway, will visit Calgary on his way home for the purpose of discussing with elevator companies the best means for handling the prospective traffic. Mr. Bury stated that the railway company will be in a position to provide all the required transportation facilities. Until the conclusion of the conference, no action will be taken in regard to installing a grain-sacking plant in Vancouver. Equipment, however, will be installed in ample time to take care of the export shipments, which will run into millions of bushels.

FIGHTING FOR FREEDOM.

Hearing to Determine Sanity of Thaw Will Be Held on July 6th. White Plains, N. Y., June 18. - Supreme Court Justice Mills yesterday set July 6th for the hearing to determine the sanity of Harry Thaw, following the filing of a petition for a writ of habeas corpus by which it was hoped to secure his release from Matteawan asylum.

Going Out of the Clothing

\$20,000 Business! Worth of the world's best clothing to be distributed to the homes of the people for LESS than the actual cost of the raw material. Read! Think! Act!

ARTHUR HOLMES

Places His Entire \$20,000 Stock on the Market, at the Mercy of the Public for Ten Days Only

Commencing Saturday, June 19, at 9 A.M.

At emphatically the lowest prices ever quoted on choice, honest Wearing Apparel for men, boys and children in the commercial history of Victoria. The laws of cost, worth or value have not been given the slightest consideration.

Having decided to close out our entire stock of Clothing and handle only high grade Men's Furnishings, we will for ten days make the most daring, wonder-inspiring sacrifice of modern merchandise mortal man has ever seen since the day he was born. Take into consideration the fact that Arthur Holmes, for the past twenty-two years, has been one of Victoria's most trustworthy and straightforward business men, handling only the very best merchandise money could buy or experience could procure, and it will convey to you some idea of what this gigantic going-out-of-business sale means. We are going to do the battle of our lives. It will be a battle for the masses and not the classes. Herald the good news! It's wonderful. This is a premier effort in value giving without a counterpart or parallel, a supreme master movement of under-priced clothing, characterized by thousands of surprises. An original direct appeal to the economical instincts of thinking people, to whom the saving of a dollar is equivalent to a dollar earned. The only question is, Can you! Dare you! In justice to yourself and families, miss the greatest money-saving opportunity of your life. When the bargain flood gates swing open next Saturday, June 19th, at 9 a. m., we bid you welcome. Below we quote a few of the big values that meet the demands of the twentieth century in an emergency like this.

NOTICE! STORE CLOSED. BUSINESS SUSPENDED. NO GOODS SOLD. NO ONE ALLOWED IN BUILDING UNTIL OPENING DAY.

Advertisement for clothing sale with sections: Sensational Bargains in Men's Clothing, Pants Department, 600 Boys' and Youths' Suits All-most Free, Men's Furnishings and Hats.

No Waits! No Delays! We Have Engaged 20 Extra Salespeople

OUR GUARANTEE We assure each and every purchaser absolute satisfaction. We guarantee every price and statement made in this document to be gospel truth and we hereby bind ourselves to take back, exchange or refund the money on all goods bought proving unsatisfactory, returned in good condition within 48 hours.

Chalmers, W. H. Dempster, A. Brookback, W. D. Kinnard, Miss Chalmers, and Messrs. Kinghorn, Robinson, Hunter and Worlock.

HISTORIC STEAMER TO BE DESTROYED

Zafiro Has Been Sold to Seattle Junk Company.

(Times Leased Wire.) Seattle, Wash., June 18.—The merchant steamer Zafiro, which played an important part in the Spanish-American war, is soon to lose her identity in a junk yard, according to a report at the Bremerton navy yard. The vessel is to be sold to a Seattle junk company, whose offer to pay \$3,300 for it was the only one received in response to advertisements for bids.

What Other People Think

THE PARK "ZOO."

To the Editor:—I see in a recent letter in the local press three ladies have been interviewed by the Mayor regarding the removal of the animals from the park in Beacon Hill park. In a truly feminine way they consider (if they consider anything) the comforts of two or three small animals to be of more consequence than His Worship's time or His Worship's other duties.

del will travel by the C.P.R. and sail by the Empress of Britain.

The Brantford Expositor of a recent date refers to the marriage of J. A. Lindsay of this city, and Miss Adair, which took place in Brantford, Ont.

Brief mention was made of the marriage at the time in the columns of the Times. The Expositor says: "The pretty home of Dr. and Mrs. Palmer was the scene of two happy events this afternoon at 4.30, when Miss Naomi E. Adair was united in marriage to Mr. James A. Lindsay of Victoria, B.C., and Miss Coralie R. Adair, her sister, was joined in wedlock to Mr. Henry A. C. Jackson, of Montreal. Rev. F. J. Maxwell was the officiating clergyman at the double event. Only the immediate relatives of the contracting parties were present at the ceremony. The brides of the hour are both nice girls, who are well liked by their friends. Mr. and Mrs. Lindsay left this evening for the east and will sail on Friday on an extended trip to Europe. On their return they will take up their residence in Victoria, B. C. The groom is prominently connected with the Wellington Colliery Company. Mr. and Mrs. Jackson, after a honeymoon trip, will reside in Montreal. Many Brantford friends will tender the bride of the hour the heartiest congratulations and best wishes."

GARDEN PARTY BY LADIES OF ST. JAMES Splendid Time Spent on Grounds of Mrs. J. McB. Smith.

The delightful grounds of Mrs. J. McB. Smith on Government street were the scene of a very gay gathering yesterday afternoon, when the ladies of St. James' Guild gave their annual garden party.

A large Union Jack floating gaily in the breeze, and a rope of twisted bunting over the entrance gate lent an air of festivity to the scene as viewed from the street, while inside the gay dresses of the ladies, the music of the gramophone, and the home-like tea tables placed at the farther end of the lawn made up a very pretty and home-like picture.

"Putting" and other garden games were indulged in by some, while a great many enjoyed having their fortunes told by Miss Simmers, who, in a certain alcove and in gipsy costume, did a thriving business, for having one's fortune told is an amusement which never seems to pall.

Mrs. Vincent superintended the tea tables, Mrs. Wilkinson looked after the ice cream, and Mrs. Bainbridge had charge of the serving of strawberries and cream. They were ably assisted by the Misses Cooley, Finlayson, Lubbe, Leiser, Sweet, George, and a number of others. In charge of the work table, where both useful and fancy articles found a ready sale, were Mrs. Nicholles, Mrs. Creed and Mrs. Rivers. Mrs. Smith presided over the stall where delicious home-made candy was for sale in dainty paper boxes. She was assisted by the Misses Fell and Morely. Mrs. Warlock sold potted plants, and Miss Sorby acted as umpire for the game of putting.

During the afternoon, the well-known and popular vocalists, Mrs. Harry Briggs and Miss Sehl, contributed a number of vocal solos, which added much to the enjoyment of all present, both singers being in splendid voice. Miss Morse, of San Francisco, who was heard by many Victorians for the first time, made a most favorable impression. Miss Morse has a highly cultivated voice and a charmingly unaffected manner. Among the many present were noticed: Mrs. Broderick, Mrs. Vincent, Mrs. Nicholles, Rev. Mr. Miller, Mrs. Miller, Mrs. Rattenbury, Mrs. Fitzpatrick, Mrs. Wilder, Mrs. Ray Warlock, Miss Devereau, Mrs. Albert Wyld, Miss Henrich, Mrs. Gardiner, Mrs. David Leeming, Mrs. W. Boutin (Vancouver), Mrs. Dickenson, Mrs. C. E. Wilson, the Misses Lugin, Mrs. Kitto, Mrs. Blakie, Mrs. Trimen, Mrs. Frank Wright, Mrs. Robins, Mrs. Goward, Mrs. Englehart, Mrs. Gordon, Mrs. T. Leeming, Mrs. Weston, Mrs. Jesse, and a great many others.

PRETTY WEDDING AT SPRING RIDGE CHURCH

Mr. W. B. Wellwood and Miss Whittington Joined in Marriage.

A pretty wedding was solemnized at eight o'clock last evening in the Spring Ridge Methodist schoolroom, when Miss Helen Whittington, second daughter of Mr. William Whittington, was united in marriage with Mr. Wilmot Bryant Wellwood, the Rev. E. Holling officiating. The schoolroom was very prettily decorated for the occasion with marguerites and pinks, by the members of the bible class, and crowded with schoolmates and friends of the young couple. The bridal march from Lohengrin was played as the bride entered accompanied by her father, and preceded by her little niece and nephew, Doreen and Lawrence Whittington.

The bride, who was given away by her father, was beautifully gowned in white net over silk with veil and orange blossoms, and carried a bouquet of bride's roses. She was attended by Miss Belle Chapman, in a dainty bridesmaid's dress of blue mull with picture hat en suite. The groom was supported by Mr. William Manson of Nanaimo.

Many very beautiful gifts were received by the bride, testifying to the affection and esteem in which she is held. The groom's gift to her was a very pretty brooch which she wore during the ceremony. To the bridesmaid, he gave a pearl sunburst and to the best man a gold pin.

Mr. Harold Davis presided at the organ. Immediately after the ceremony a reception was held at the home of the bride's parents, and dainty refreshments were served.

Mr. and Mrs. Wellwood, left on last night's boat for the Sound, and on their return will make their home with the bride's parents at 1134 Stanley avenue.

NEW GRAND. Attractions of Manager Jamieson This Week Are Most Entertaining.

The nicest amusement attraction in Victoria this week is the New Grand theatre where a clever amusing bill is offered by Manager Jamieson to all who want an evening's entertainment.

The programme contains five acts all numbered among the best on the road and the illustrated song and the motion picture. The playlet of Frank Bacon and company is the winner from the standpoint of humor and the fifteen minutes in which the company of three occupy the stage is a continual shimmer of hilarity. The story is of an old way-back farmer who lives in the memory of the past and of his imagination which is extremely versatile. The turn is one of the best humorous comedies.

Gillihan and Murray, the black face men, and Gillihan especially in the evening dress turn, the Ramsey sisters, the merry musical misses, the Kenmore with the Swede and the mechanical doll, and the loose wire act of the Kregers are the other importations. Thomas J. Price sings "When the Nightingales Are Nesting, Sweet Marie," for which the management has provided some beautiful views. The motion pictures are more appreciated than usual by Grand audiences, as they are specially good.

Next week the Grand bill will contain some exclusive novelties, two of which are direct to Sullivan and Conside from New York. Full announcements will appear.

How One Washerwoman Was Converted to the Fels-Naptha Way.

Anty Drudge - "Why, bless my soul! Mrs. Old School, the washerwoman has seen the light at last and has adopted the Fels-Naptha way of washing."

Grocer's Boy - "She was forced to it, Anty Drudge. Mrs. Millionaire, her best customer, told her that if she didn't use Fels-Naptha she'd take her washing away. Was tired, she said, of having her clothes come back all yellow and some with streaks of dirt still in them."

A generation or so ago, if a woman had an errand she walked - she had to, there was no other way.

Later she could do it in half the time by riding. Now she can do it almost instantly, by telephone.

That's Progress, and Progress is made possible by science.

Fels-Naptha is science applied to the washday problem, and it's results are just wonderful.

Formerly washday was a time of sickening odors, back-breaking labor, a disordered house and the severest test on the clothes. This was necessary. There was no other way.

The Fels-Naptha washday - the scientific washday - isn't a washday at all in the old sense; merely an incident in the routine of household duties.

And if directions on the red and green wrapper are followed, the result is certain.

A pretty wedding took place on Tuesday evening at the home of Mrs. Lory, sr., 1458 Gladstone avenue, when Mr. Richard Lory was united in marriage with Miss Mary Tyrrell, of Belfast, Ireland, the Rev. T. E. Holling officiating. The ceremony took place in the drawing-room beneath a beautiful wedding bell, composed of white flowers and ferns, depending from an arch of ivy, and throughout the room a most artistic decorative flower scheme of pink and white was carried out. The bride, who was unattended, was given away by Mr. Dalagan, an old family friend. Immediately after the ceremony a wedding supper was served. The dining table, where an elaborate wedding supper was served, was artistically decorated in pink and white, relieved by green, long streamers of white extending from the chandelier to the centre of the table, where a handsome wedding cake occupied the position of honor. Mr. and Mrs. Lory will reside on James street.

ROYAL CITY HOSPITAL
WILL BE ENLARGED

Board of Managers Require
\$75,000 for Central
Building.

New Westminster June 17.—The over-
crowded condition of the Royal Colum-
bian hospital was again shown in the
report of the lady superintendent (Miss
Martin), presented to the board of
managers yesterday. The secretary re-
ceived authorization to engage another
graduate nurse at the hospital.

The board decided on a tentative plan
for subscriptions for the new buildings,
and examined the report of conditions
at Saskatoon, where a new hospital has
been built at a cost of \$60,000 by the
city council. The sum of \$75,000 is re-
quired by the managers for the new
central portion.

The mover of a resolution proposing a

ROYAL CITY HOSPITAL
WILL BE ENLARGED

Board of Managers Require
\$75,000 for Central
Building.

New Westminster June 17.—The over-
crowded condition of the Royal Colum-
bian hospital was again shown in the
report of the lady superintendent (Miss
Martin), presented to the board of
managers yesterday. The secretary re-
ceived authorization to engage another
graduate nurse at the hospital.

The board decided on a tentative plan
for subscriptions for the new buildings,
and examined the report of conditions
at Saskatoon, where a new hospital has
been built at a cost of \$60,000 by the
city council. The sum of \$75,000 is re-
quired by the managers for the new
central portion.

The mover of a resolution proposing a
bachelor tax, at Dungeness council, Co.
Tyrone, could not find a second among
his colleagues. He thereupon declared
that they were "ignorant blunderers."

INVESTIGATION OF CHARGES

FIRST SITTING WAS HELD YESTERDAY

Captain Johnson is Not Very Clear on Some Points.

The commission of inquiry into the charges against Captain Gaudin, of the Marine and Fisheries Department, was opened yesterday afternoon before Commissioner F. B. Gregory, in the office of the marine department. One witness only, Captain George Johnson of the Flanagan lighthouse, Esquimalt, gave evidence. After being examined by the commissioner he was cross-examined by Fred Peters, K.C., who appeared for Captain Gaudin. On several occasions the witness contradicted himself.

Before the inquiry commenced Capt. Johnson asked that counsel should be provided for him by the government. This was refused.

The commissioner read his commission and stated that he was ready to hear any complaints of malfeasance as long as they were made under oath in the form of an affidavit.

Mr. Peters asked that in the event of the charges not being substantiated, the counsel's fees should be paid by the government as it was unfair to ask that Captain Gaudin should pay them out of his salary.

On being sworn, Captain Johnson said that he received the appointment, to the Flanagan lighthouse on June 30th, 1901, the salary being \$500 a year. He was notified of his having received the appointment by Ralph Smith, M.P. Word was sent to him about that time by a man named Tait that a percentage of his salary would have to be paid to Captain Gaudin. Tait said he had been told to give him this message from a member of Captain Gaudin's family who was a school marm. Tait lived on Moresby Island but he had since died.

Witness was a little doubtful about taking the position, but decided to do so. He interviewed Capt. Gaudin the day before taking charge, who spoke to him like an angry dog. Ten days later the captain made his first and last inspection of the lighthouse. Witness pointed out many defects but they remain to-day as they were then.

Captain Gaudin was at the door of the Bank of Montreal when he was paid his first salary at the end of three months. He gave him ten dollars and the captain said "Thank you, I have a large family to support."

In regard to the other charges, Captain Johnson said he sent in a bill for \$10 for making two trips to the Sidney lighthouse. The captain refused to pay. Then Captain Johnson said: "I know what you want." Capt. Gaudin then went into the next room, obtained a new receipt, and tore the other up. He was not very sure about this, but he signed another receipt. This receipt was for a sum larger than \$10. The bill was for two trips at \$5 a trip inspecting the Sidney light. His impression was that he was paid in cash.

On being shown the check for \$15 witness said he must have handed Capt. Gaudin back \$5 or \$10.

Capt. Johnson, continuing, said since he had been at the lighthouse he had always been short of coal. He charged that he had been asked to sign receipts for coal which had not been delivered. He borrowed a set of steelyards to weigh the coal. He was supposed to have three tons delivered, but he found only 3,050 pounds.

Cross-examined by Mr. Peters, Capt. Johnson said he had been employed by the department for eight years. He said that if he had reported all the instances of crookedness it would have taken all his time. This on being pressed, he qualified. He reported Capt. Gaudin having taken part of his salary to Harrison, the keeper of the Victoria lighthouse. Capt. Gaudin never insisted that he should receive the money. He was given \$10 on three separate occasions.

Mr. Peters read the affidavit which stated that he had received \$40. Capt. Johnson then said it was \$40 he paid the captain.

Asked how it was he came to make the affidavit, he said the reason was "persistent tyranny."

He made four quarterly payments of \$10 each and then stopped. Capt. Gaudin met him at the bank door three times and the last \$10 was paid in the Brown Jug bar.

In 1901, on the 26th June, he was told by Tait that a schoolmarm named Gaudin, who was spending a vacation with his wife, told him that he was expected to pay part of his salary to Capt. Gaudin.

Witness said he made the affidavit before C. H. McIntosh and several others. It was a mistake when he said Gaudin met him at the bank door three times and the last \$10 was paid in the Brown Jug bar.

In answer to the commissioner witness said he weighed the coal received on only one occasion. It was about three years ago, the year before he left for England. The coal was delivered by the Cascade.

Continuing his cross-examination,

Mr. Peters elicited the statement that witness kept a diary but that these things were not entered. Liberal lighthouse keepers were badly treated, but Conservatives were treated well.

Mr. Peters pressed for an answer to his question as to who was with him when he took the affidavit, but witness refused to answer.

He denied that he shook his fist at Capt. Gaudin, but said he told him there was no love lost between them. Witness said he came to the office when the newspapers said Capt. Gaudin was in bed sick, and the captain wanted to fight him. He came to the office on May 17th, and asked for a stove. He was told that he could not have one. Witness said: "Do you want the lighthouse burned down?" and the reply was: "If it did burn down that would be your funeral."

Capt. Gaudin, sworn, said he had never received a single cent from any lighthouse keeper during the years he had been in office. He had never received any money from Capt. Johnson, and had never taken a drink in a public house with him or any other lighthouse keeper. He further denied all the other allegations. Dock Island light went wrong and Mr. Johnson made three trips, for which he was paid \$15. He did not get any part of the money back.

In regard to the coal transaction it was delivered in the steamer from the mines. Formerly it was purchased direct from the mine, but lately it was bought through Hall & Walker, but obtained on their order from the mines. The coal was then delivered through the supercargo and was paid for in the regular way. The receipt bill produced showed that 6,000 lbs. had been delivered at Flanagan lighthouse on November 10th, while Hall & Walker's bill showed only a ton and a half charged for. Other documents showed that only one and a half tons were paid for. This corresponded with the order for its delivery made by Capt. Gaudin. It was explained that a general order was given for coal and then distributed at the stations, the orders in detail being given to the superintendent aboard the ship.

The further hearing was adjourned until this afternoon.

HOSPITAL DEDICATED
BY BISHOP PERRIN

Well Equipped Institution Was Opened on Tuesday at Alert Bay.

Bishop and Mrs. Perrin and Rev. C. E. Cooper have returned from Alert Bay, Tuesday was a red-letter day in the history of the Indian village, when the new hospital in connection with the Columbia Coast mission, was dedicated by the Bishop of Columbia. The Bishop spent Sunday at the mission house, and administered the rites of baptism and confirmation to several Indian converts in the little church in the bay. The new local hospital is the third that has been erected, the others being at Rock Bay and Van Anda, but it differs from them in having two Indian wards for men and women.

The hospital is built about a quarter of a mile away from the cannery wharf, and is a large building with an ideal outlook over sea and mountain. On the right hand of the entrance, which is in the centre of the building, is the office, and on either side of the passage private rooms for patients, and at the end two large wards with six beds in each, one for men and the other for women. At the entrance, on one side of the passage is a perfectly furnished operating room and opposite a children's ward, while at the end is a similar arrangement to that already described, only for the treatment of Indian patients.

Everything was in its place and the wards in order on Tuesday, owing to the hard work which had been done by the two nurses who have been appointed, Miss Monk and Miss Motherwell

VICTORIA DERBY

RUN TO-MORROW

ELEVEN ACCEPTANCES
FOR CLASSIC EVENT

Big Event of the Race Meet is Expected to Bring Together Large Crowd.

To-morrow the second Victoria Derby will be run at the Willow's race track. The race is for three year olds, foals of 1906, over a mile and an eighth for a purse of \$1,000.

Eleven have accepted and include the best horses running at the Willows. The entries for the Derby having gone any distance, however, are Fredonia, which got third in a mile carrying 95 pounds; Roy Junior with a like performance, carrying 97; Roy Junior won a six furlong race and Fredonia won a seven furlong event. Others entered for the Derby that have been in the money are Dorothy Ledgett, second at six and a half furlongs; Ocean Queen, first at six and second at seven twice; Novgorod second at four and a half; Ornate third in a six furlong and Footloose second in a six furlong event.

Silver Knight, French Cook, Mr. Bishop and Mi Derecho have not shown anything like form yet.

Roy Junior carries 114 and Fredonia 112 to-morrow.

The first Victoria Derby was run last year on June 11th at the Willows track over a mile and a quarter. It was won by Ripper then owned by J. R. Mahanna and ridden by Hobart. Ripper is an aged bay gelding and is not eligible to race the Derby this year. The horse won from six starters by a length and a half.

The entries for to-morrow are as follows:

1st race—6 furlongs; selling; 4 year olds and up:

4497 Prince Brutus	109
4487 Geo. Kilborn	109
4451 Reene W.	102
4489 Elha	107
4492 Mechlin	107
4500 Curriculum	102
4497 Peggy O'Neill	102

2nd race—5 furlongs; selling; 3 year olds and up:

4458 On Parole	104
3596 Othmar	102
4487 Semproelle	99
4464 Shirley Rosmore	102
4411 Old Settler	109

(4485) Emma G.	107

*Apprentices allowance.

BRITISH CAPITAL IN CANADA.

London, June 13.—Mr. Palsh, joint editor of the Statist, in a paper read before the Royal Statistical Society, showed that Canada had received in the year ending June 14th, £27,500,000 sterling of British capital for government, municipal, railway and other public issues, which was twice the sum subscribed for either India, South Africa or Australia, and larger than sent to any other country, British or foreign.

Argentina came second with £24,750,000 sterling and the United States third, with £13,500,000. British investors received from colonial railways, chiefly Canadian, £7,600,000 annually in dividends, and £27,000,000 from United States railways.

"Can we wonder," says the Canadian Gazette, "that Britain is in no hurry to quarrel with the States?"

Maynard & Son

AUCTIONEERS

WE WILL HOLD OUR REGULAR SALE SATURDAY NIGHT, 8 o'clock

At our salesroom, 1314 Broad St. Consisting of

How About Fruit Canning?

YOU ARE BOUND to need some new jars, rubbers, jelly tumblers, etc., for the fruit canning this Summer and you are surely interested in knowing where the fullest assortment of canning accessories can be found and where your wants may be supplied with the least possible delay.

Fruit Jars. Jelly Tumblers Rubber Rings for Jars

These are the principal items and they can be had from us in the best qualities. There are many grades in these, as in all other lines of household needs, and it has always been the policy of this establishment to handle only the best. Some glass will crack when it is heated, some when it cools off. Try ours—it's the safest.

Strawberry canning shortly—get a supply of jars now. Try these Mason Jars.

PINTS, per doz., 80c, QUARTS, per doz. \$1.00, HALF-GALLONS, doz. \$1.35

SPECIAL VALUES IN ART POTTERY—SAMPLE LINE

WE ARE OFFERING some very special values in a sample line of art pottery. These items are displayed on a table in china store and you should have a look first time you are in the shop. Many useful pieces are shown—items for everyday use around the home. Prices are very low on every piece. We show such items and values as—

TEA POTS, at each, \$1 to	50c	VASES, at each, \$1.75 to	50c
OVAL TRAYS, at each, \$1 to	35c	BON-BON TRAYS, at each	\$1.00
CHEESE DISHES, at each, \$1.25 to	50c	ROUND TRAYS, at each, 50c to	25c

Watch The Windows

KEEP YOUR EYE on the windows for there is always something of interest to homekeepers in these windows of ours. You keep in touch with the newest and best in homefurnishings by watching these window displays and by strolling through the showrooms. Handsome Brass Beds are shown in one of our Broughton street windows to-day, Jap Rugs in another and Summer furniture and other "seasonables" in another.

Hemstitched Sheets, \$5.50

THIS is an excellent value in hemstitched sheets. Quality is very fine—Weiler quality, size 2 1/2 x 3 1/4 yds. Each pair packed in separate cardboard box. An ideal gift suggestion for some friend of yours about to be married.

Come up to the second floor and see these and ask to see other lines of sheets and sheetings. These are priced at, per pair \$5.50

Cottage Furnishings in China and Glass

☐ Dinner Services for the Cottage, in simple decorations, made up to suit your requirements as to number of pieces—among our open-stock patterns.

☐ Toilet Sets that in form and coloring breathe hospitality and harmonize with surroundings.

☐ Good Toilet Sets in dainty and unique designs.

☐ These and many other items to increase the comfort and enjoyment of cottage life in ample variety, are at your service here.

Porch Screens

TRY one of these porch screens for your verandah this Summer. Take one with you to camp. You'll find that you'll get heaps of comfort from their use and you'll soon forget the little price you paid for it.

We have a big range of sizes and we have priced them at such little figures that every home may have one. Two finishes are shown—natural and green. Made of split bamboo—very serviceable. Priced at—

\$1.25

"Decora" for Walls

WE HAVE just lately received a big shipment of Cook's Decora—the best in washable wall cloths. These new arrivals show some very attractive tile patterns suitable for kitchen, pantry or bathroom walls.

There is nothing so satisfactory as "Decora" for bathroom or kitchen walls unless it be tile, and tile is prohibitive in cost to the average homekeeper. "Decora" is applied to the wall same as wallpaper and is easily kept clean and fresh by wiping with a damp cloth.

Come in and let us show you this material and further explain some of its merits.

Sensible Souvenirs of Your Stay in Town

☐ This stock of ours is so pregnant with suggestions in the souvenir line, that it is quite impossible to itemize. It is a huge exhibition of souvenirs—that's what.

☐ Not showy, unsubstantial things, gimcracks or gewgaws, but artistic bits of decorated china, useful and decorative, such as you will delight in keeping.

☐ Lots of little priced things, which can be safely carried.

☐ Come in! You're truly welcome.

FORMER CONVICT IS ARRESTED FOR FRAUD

Confidence Man Obtained \$7,000 From Unsuspecting Visitor.

Arrested on a charge of obtaining \$7,000 by means of a confidence trick from a young and wealthy Englishman named S. H. Scutt in Victoria last week, Rockhart Dodds, alias Hazard, alias W. J. Stone, lies in jail at Vancouver, waiting to be brought here to answer to the charge.

Dodds is well known to the police here, and served a four-year sentence for a diamond robbery from the jewellery store of J. R. McMillan, Vancouver. He became acquainted with Scutt in Victoria and got him interested in the shares of a pulp company for whom Dodds was at the time selling stock. Mr. Scutt possessed of fourteen thousand dollars for investment, had unloaded half the amount through Dodds into pulp stock. The man having gained the confidence of the visitor on the first deal then proceeded to sell him a farm in Cumberland district for the balance of the money.

The two went to Cumberland to inspect the farm and the purchaser was told to leave the whole matter in the hands of Dodds. He was not to approach the owner, who was given out as a cranky man and needing careful handling. The purchaser obeyed instructions to the letter and on return to town after inspecting

the farm was told to pay a deposit of \$2,000 to Dodds and pay the balance of \$5,000 within two days. When the money was paid the accused left for Vancouver, where he placed \$5,000 in a safe deposit box and the \$2,000 in a bank account in his own name. The purchaser received several letters telling him a transfer of the property was being arranged, but as nothing definite came after considerable correspondence he became suspicious and engaged Frank Higgins to look into the matter for him. Mr. Higgins cleaned up the matter inside a few hours, and wired to the owner at Cumberland, who replied his farm was not and had never been for sale. The police were then informed and wired to Vancouver to have Dodds taken into custody. He was arrested last night and will be brought back here at once.

The police have been informed by the manager of the pulp company that accused was employed by them to sell stock and has \$5,000 lodged in a Vancouver safe deposit box and \$2,000 on deposit at a Vancouver bank. An attempt will be made to hold the money and have it returned to the rightful owner.

One of the most wonderful underground waterways in the world, which was constructed at the latter end of the eighteenth century by the Duke of Bridgewater, is now being used for the conveyance of waste water from the Earl of Ellesmere's collieries at Walkden, near Manchester. This unique canal, which is entirely underground, with its arms and junctions, covers over forty miles.

Opals often fall from their settings because they expand with heat more than other precious stones, and, consequently, force open the gold which holds them in place.

MUST PAY FINE FOR ASSAULTING RIVAL

Vancouver, June 17.—That the course of true love never runs smooth was well illustrated in a case that came up for hearing before Magistrate Williams yesterday. A young man named Joseph Lawler pleaded guilty to having assaulted F. D. McIlroy, but added in justification that McIlroy was keeping company with a young lady to whom his attentions were likely to prove only hurtful. He (Lawler) had himself kept company with this young lady for a year and a half, but through the agency of her brother-in-law she had left him and gone with McIlroy. He had seen them together on the previous evening, and it had so enraged him that he had tried to beat McIlroy up. He admitted that he should not have done it, perhaps, but he was intoxicated at the time.

Detective Scott said that some months ago the young lady in question had complained to him that she was afraid of Lawler. He had afterwards spoken to Lawler, and he had asked what would be the penalty if he beat that fellow (McIlroy) up.

"I suppose," remarked the magistrate, "that you were jealous?"

"Yes, I was jealous, your worship, I admit," he answered.

"Well, that does not give you the right to assault another man on the street. That sort of thing is often the cause of serious crimes. I think the assault was a very aggravated one, and impose the highest fine of \$50 and costs."
