PRO BONO PUBLICO

PREFACE

In submitting Volume V of the Gastonia Directory, it is gratifying to note the progress that is being made in industries and growth of population.

A great factor in the upbuilding of any city is its civic pride; the fact that your citizens stand as a unit on everything that affects the prosperity of your city is worthy of commendation.

The City Directory is one of the foremost enterprises of any city; it is generally referred to by the press of the whole country as a semi-public institution of great value.

The Directory is more than a mere list of names of residents, giving their various occupations and addresses, it is an infallible guide to your city, for your people and for the stranger within your gates. It not only deals with your people, but with your government, your institutions and various other organizations. It is a recognized standard work of reference and becomes the most reliable history of your city and its citizens. As there is no other publication in the world which gives the information as contained in the City Directory, there is probably no other publication in which all the people are so vitally interested.

To gather the data and compile a volume of this character is no easy task. It requires much time, a well defined system, the patience of Job and incurs no little expense. Few people have any idea of the work it means and the tenacity it takes to publish a reliable directory.

In preparing this book the publishers have spared neither time nor expense, and if errors occur or a single name is omitted which should appear in the work, it is generally the fault of the public and not of the publisher, as every house is visited and it is not the publisher's or canvasser's fault if some one fails to give all the information or gives it incorrectly. The intentions of the reliable publishers are always for improvement, and you can always count on getting as accurate a directory as circumstances will permit.

The estimate of the population of a city is a matter necessarily enjoined upon the directory publishers.

POPULATION OF GASTONIA 20,787.

In concluding, we desire to thank our patrons for their support and to extend our thanks to the public in general for the courteous way in which nearly everyone supplied our canvassers with the desired data. We shall continue this publication from time to time to meet the demand.

Yours truly,

COMMERCIAL SERVICE CO.

TRADE AT EFIRD'S AND SAVE THE DIFFERENCE.

EFIRD'S DEPARTMENT STORE

TEL. No. 372

209-211 WEST MAIN AVENUE, GASTONIA, N. C.

Who Is Your Competitor?

What competition do you fear most? The competition from a store which advertises, or the other kind?

Directory advertising—regular advertising—is a vital part of the sales effort of aggressive, optimistic firms. For business enterprises in which such an advertising policy prevails, the outlook is always rosy.

THE House of Directories

P. O. Box 952

Asheville, N. C.

The Association of North American Directory Publishers

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of the Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and protective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
