DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Date: April 10th, 1946.

Subject: Application for the permission of temporary use of one section of Old Numazu Naval Arsenal.

To: Shizuoka Military Government.

Through: Japanese Liaison Office, Shizuoka.

1. Name of facility: Old Numazu Naval Arsenal.
2. Location: Numazu City, Shizuoka Prefecture.
3. Ground to be used: Ground of area of 177,437.5 sq. meters.
4. Object of Utilization and Reason:

We have got orders from the Railway Bureau of the Transportation Department for repair of Railway Cars and electric equipment of electric locomotives which are important to our country. In executing the above orders, we wish to use temporarily a section of old Numazu Naval Arsenal as follows:

1. One old two-storied steel concrete building of building area of 3,230 sq. meters which was electric power station.
2. Distribution panel-boards which are equiped in the building.
3. Private tracks of 4,550 meters.
4. 15 tons travelling crane.

We are planning to equip several Machine Shops, Forge, Office and Godown in the building.

The Private Tracks are the most important factor to this work for carrying of the cars, and moreover this Arsenal is located on the scope of electrized tracks from Tokyo which is convenient to carry cars.

We know that the 15 tons travelling crane is the repara-

Encl 5-2

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

tion object; but while it is still left in the building, we would like to use it with your permission.

We will try to take the best care of it and will deliver it anytime at your request.

Japan has lost and damaged many railway cars and tram cars during the wartine, so Japanese people is unexpectedly suffering from the shortage of the cars and this has lately caused many troubles and even many terrible accidents, therefore, the Railway Bureau are doing their best efforts to rebuild the cars.

Being requested by Railway Bureau, we have, in the first programme planned to make electric equipments for the repaired and newly built cars in order to help our distressed conditions.

Hoping to be favoured with your valuable permission at the earliest opportunity.

I am authorized to sign for the company.

Yours faithfully.

Signed: C. T. Hanew

Chotaro Hanew.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

SHIZUOKA PREFECTURAL GOVERNMENT

Aug. 7, 1946.

Recomendation to the Application Made by the Kabushiki Kaisha Koito Seisakusho for utilizing a section of Numazu Naval Arsenal.

The K.K. Koito Seisakusho is mainly producting electric apparatus of railroad car, light equipments and electric apparatus in general, and its products are reaching 30% of our country's manufacture.

We think that you can realize the important part this company is playing in the reconstruction of railway car, which is the base of stabilizing our miserable national livings.

This company was incorporated in 1913 as a private enterprise, and sence then was engaged in connection with railway works. By utilizing the experience and installation that is convenient from location and view of will furnished with installation, is a help to settle up the plan of rebuilding railway car that was greatly damaged by war.

We beg you best consideration of this company to grant permission to use a part of this area.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

SHIZUCKA PREFECTURAL GOVERNMENT

Sept. 16, 1946.

SUBJECT: Recommendation on the "Koito" Factory's Application for utilizing part of the facilities of former Numazu Naval Arsenal.

TO : Hqs., Shizuoka Military Government Team.

As you know, rehabilitation work of our railway is only too slow in its progress, though it requires extreme urgency and so we are sparing no efforts for it.

Lately the authorities of our Railway Traffic Board have ordered for the work the "Koito" Factory, which has been engaged in the manufacture of railway cars for some [illegible] in technical skill.

However the same factory is inconvenienced by possessing no car-sheds now. If part of the above-said arsenal would be granted for us to utilize, the efficiency of the work, we trust, is to be much expected.

That the said arsenal lied between the main factory and Shizuoka Factory, and that the Arsenal has side-tracks provided -- these two points are further peculiarly convenient to the factory.

We earnestly wish that you would favourably consider this application.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Serial No. of Report

APPLICATION FOR OPERATION AND REPORT ON INDUSTRIAL FACILITIES

TO: _____

THRU: _____

Name and Address of Reporting Unit

Date

1. Name of Facility: Koito Seisakusho Ltd.
(Koito Manufacturing Co., Ltd.)

2. Location : No. 28 Minamicho, Takanawa, Shiba-ku, Tokyo.

3. Name of President or Manager: President, Genrokuro Koito.

4. History:
a. Date of construction: April 1913.

b. Date of first operation: June 1913.

c. 1935-1941 Production (Annual value in Yen: quantities of principal products by units or weights.)
As Shizuoka Works (former Ayaha Stocking Manufacturing Co., Ltd.) was purchased and amalgamated by us April 1943, our products for 1935-1941 did not appear. Therefore we can show the products of our Shinagawa Works;

(Unit of ¥1,000)

Year	Lighting equipment for marine and land	Electric equipment for aircraft.	Railway electric equipment	Total
1936	340		1,125	1,465
1937	332		1,480	1,812
1938	1,090		2,267	3,357
1939	1,876		2,647	4,433
1940	1,082	1,010	3,325	5,417
1941	2,392	2,486	1,856	6,734

d. Present capitalization in Yen: ¥29,011,000.
(Capital: ¥11,360,000. paid up.)
(Debt: ¥17,651,000.)

e. Changes made in capital structure since 1935: 1. April 1913, this company was established as private concern. 2. April 1936, was reorganized as Joint Stock Co., and the capital was increased to ¥2,500,000. 3. April 1938, the capital was increased to ¥5,000,000. 4. April 1943, the capital was increased to ¥11,360,000. The debt from Mitsubishi Bank is ¥17,651,000.-- March 1945. Total capitalization is ¥29,011,000.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Main Product for each period
1. April 1936, the capital was increased to ¥2,500,000.
   a. Lighting equipment for Railway Car as Head light, tail light and other lighting equipment.
   b. Electric apparatus in general:
      Electric apparatus of home use.
   c. Lighting equipment for Army and Navy as projector, switches and other lighting equipment.

2. April 1938, the capital was increased to ¥5,000,000.
   All equipment were increased in order to increase the number of products during these years.

3. April 1943, the capital was increased to ¥11,360,000. in order to establish Shizuoka Works.

f. Name and address of parent company: Head Office:
Koito Manufacturing Co., Ltd./
No. 28 Minamicho, Takanawa, Shiba-ku, Tokyo.

g. Number of shares outstanding: 227,200 shares.

h. Number of stockholders: (Give names of those owning 10 o/o or more of total)
   1. Number of stockholders: 1,036
   2. Mr. Ryuta Ono, President of Senji Kinyu Kinko (Financial Institution during the wartime)

i. Funds received from Government (Bounties, subsidies, etc.):
None, but the debt of our Head Office from Mitsubishi Bank, Kyobashi Branch is ¥17,651,000,00 on March 2nd, 1946 and our investment to Shizuoka Works is ¥17,214,477,95 on March 1st.,1946.

j. On a separate sheet give outline sketch of plant layout with approximate dimensions.

5. Description
   a. Principal products
      1. Wartime: 1. Electric equipment of aircraft as panel-board, switches, plugs, terminals, marker light and landing field light.
      2. Electric apparatus of Railway Car as head light, tail light, and other lighting equipment, switches, contactors and projector.

      2. At Present: 1. Electric apparatus and electric equipment of Railway Car as head light, tail light and other lighting equipment, switches, contactors, projector, electric coupler, repair of electric machine and tool and wiring.
      2. Electric apparatus in general as projector, electric apparatus of home use.

      3. Planned for 1946-47:
      1; Electric apparatus and electric equipment of Railway Car.
      2. Railway Car and its wiring.
      3. Repair of Railway Car.
      4. Electric apparatus in general.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

b. Capacity:
1. Wartime: 1. Electric equipment of aircraft for 3,156 airplanes.
2. Electric apparatus of Railway Car for 200 cars.
2. At present: 1. Electric apparatus of Railway Car for 840 cars.
2. Railway Car and its wiring for 36 cars.
3. Repair of Railway Car for 120 cars.
4. Electric apparatus in general for 36,000 pieces.

3. 1946-47. (With unrestricted access to materials)
1. Electric apparatus of Railway Car for 1,680 cars.
2. Railway Car and its wiring for 72 cars.
3. Repair of Railway car for 240 cars.
4. Electric apparatus in general as headlight, projector and hot plate for 72,000 pieces.

c. Number of Employees (Shizuoka and Shinagawa Works)
1. Wartime: 2,238 (May 1945)
2. At present: 919 (January 1946)
3. 1946-47 (At Maximum Capacity): 1,100 for 1946. 1,500 for 1947.

6. Machinery and Equipment in Plant: (Shizuoka and Shinagawa Works)
Shown on the attached papers.

7. Present stocks of Raw Materials, Supplies and Unfinished Goods.

Description	Quantity	Condition
1. Material		
a. Aluminium	73.7 tons	of use
b. Copper	11.2	
c. Brass	61.0	
d. Steel	268.0

(SQUARA METER)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Date: April 10th, 1946.

Subject: Application for the permission of temporary use of one section of Old Numazu Naval Arsenal.

To: Shizuoka Military Government.

Through: Japanese Liaison Office, Shizuoka.

1. Name of facility: Old Numazu Naval Arsenal.
2. Location: Numazu City, Shizuoka Prefecture.
3. Ground to be used: Ground of area of 177,437.5 sq. meters.
4. Object of Utilization and Reason:

We have got orders from the Railway Bureau of the Transportation Department for repair of Railway Cars and electric equipment of electric locomotives which are important to our country. In executing the above orders, we wish to use temporarily a section of old Numazu Naval Arsenal as follows:

1. One old two-storied steel concrete building of building area of 3,230 sq. meters which was electric power station.
2. Distribution panel-boards which are equiped in the building.
3. Private tracks of 4,550 meters.
4. 15 tons travelling crane.

We are planning to equip several Machine Shops, Forge, Office and Godown in the building.

The Private Tracks are the most important factor to this work for carrying of the cars, and moreover this Arsenal is located on the scope of electrized tracks from Tokyo which is convenient to carry cars.

We know that the 15 tons travelling crane is the repara-

Encl 5-3

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

tion object; but while it is still left in the building, we would like to use it with your permission.

We will try to take the best care of it and will deliver it anytime at your request.

Japan has lost and damaged many railway cars and tram cars during the wartine, so Japanese people is unexpectedly suffering from the shortage of the cars and this has lately caused many troubles and even many terrible accidents, therefore, the Railway Bureau are doing their best efforts to rebuild the cars.

Being requested by Railway Bureau, we have, in the first programme planned to make electric equipments for the repaired and newly built cars in order to help our distressed conditions.

Hoping to be favoured with your valuable permission at the earliest opportunity.

I am authorized to sign for the company.

Yours faithfully,

Signed: C. Hanew

Chotaro Hanew.

Serial No. or Report

APPLICATION FOR OPERATION AND REPORT ON INDUSTRIAL FACILITIES

TO: _____

THRU: _____

Name and Address of Reporting Unit

Date

1. Name of Facility: Koito Seisakusho Ltd.
(Koito Manufacturing Co., Ltd.)

2. Location: No. 28 Minamicho, Takanawa, Shiba-ku, Tokyo.

3. Name of President or Manager: President, Genrokuro Koito.

4. History:
a. Date of construction: April 1913.

b. Date of first operation: June 1913.

c. 1935-1941 Production (Annual value in Yen: quantities of principal products by units or weights.)
As Shizuoka Works (former Ayaha Stocking Manufacturing Co., Ltd.) was purchased and amalgamated by us April 1943, our products for 1935-1941 did not appear. Therefore we can show the products of our Shinagawa Works;

(Unit of ¥1,000)

Year	Lighting equipment for marine and land	Electric equipment for aircraft.	Railway electric equipment	Total
1936	340		1,125	1,465
1937	332		1,480	1,812
1938	1,090		2,267	3,357
1939	1,786		2,647	4,433
1940	1,082	1,010	3,325	5,417
1941	2,392	2,486	1,856	6,734

d. Present capitalization in Yen: ¥29,011,000.
(Capital: ¥11,360,000. paid up.)
(Debt: ¥17,651,000.)

e. Changes made in capital structure since 1935: 1. April 1913, this company was established as private concern. 2. April 1936, was reorganized as Joint Stock Co., and the capital was increased to ¥2,500,000. 3. April 1938, the capital was increased to ¥5,000,000. 4. April 1943, the capital was increased to ¥11,360,000. The debt from Mitsubishi Bank is ¥17,651,000.-- March 1945. Total capitalization is ¥29,011,000.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Main Product for each period
1. April 1936, the capital was increased to ¥2,500,000.
   a. Lighting equipment for Railway Car as Head light, tail light and other lighting equipment.
   b. Electric apparatus in general:
      Electric apparatus of home use .
   c. Lighting equipment for Army and Navy as projector, switches and other lighting equipment.

2. April 1938, the capital was increased to ¥5,000,000.
   All equipments were improved in order to increase the number of products during these years.

3. April 1943, the capital was increased to ¥11,360,000. in order to establish Shizuoka Works.

f. Name and address of parent company: Head Office:
   Koito Manufacturing Co., Ltd.
   No. 28 Minamicho, Takanawa, Shiba-ku, Tokyo.

g. Number of shares outstanding: 227,200 shares.

h. Number of stockholders: (Give names of those owning 10% or more of total)
   1. Number of stockholders: 1,036
   2. Mr. Ryuta Ono, President of Senji Kinyu Kinko (Financial Institution during the wartime)

i. Funds received from Government (Bounties, subsidies, etc.):
None,but the debt of our Head Office from Mitsubishi Bank, Kyobashi Branch is ¥17,651,000.00 on March 2nd, 1946 and our investment to Shizuoka Works is ¥17,214,477.95 on March 1st., 1946.

j. On a separate sheet give outline sketch of plant layout with approximate dimensions.

5. Description
   a. Principal products
      1. Wartime: 1. Electric equipment of aircraft as panel-board, switches, plugs, terminals, marker light and landing field light.
                  2, Electric apparatus of Railway Car as head light, tail light, and other lighting equipment, switches, Contactors and projector.

      2. At Present: 1. Electric apparatus and electric equipment of Railway Car as headlight, tail light and other lighting equipment, switches, contactors, projector, electric coupler, repair of electric machine and tool and wiring.
                     2. Electric apparatus in general as projector, electric apparatus of home use.

      3. Planned for 1946-47:
         1. Electric apparatus and electric equipment of Railway Car.
         2. Railway Car and its wiring.
         3. Repair of Railway Car.
         4. Electric apparatus in general.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

b. Capacity:
1. Wartime: 1. Electric equipment of aircraft for 3,156 airplanes.
2. Electric apparatus of Railway Car for 200 cars.
2. At present: 1. Electric apparatus of Railway Car for 840 cars.
2. Railway Car and its wiring for 36 cars.
3. Repair of Railway Car for 120 cars.
4. Electric apparatus in general for 36,000 pieces.

3. 1946-47.(With unrestricted access to materials)
1. Electric apparatus of Railway Car for 1,680 cars.
2. Railway Car and its wiring for 72 cars.
3. Repair of Railway car for 240 cars.
4. Electric apparatus in general as headlight, projector and hot plate for 72,000 pieces.

c. Number of Employees (Shizuoka & Shinagawa Works)
1. Wartime: 2,238 (May 1945)
2. At present: 919 (January 1946)
3. 1946-47 (At Maximum Capacity): 1,100 for 1946. 1,500 for 1947.

6. Machinery & Equipment in Plant: (Shizuoka & Shinagawa Works)
Shown on the attached papers.

7. Present stocks of Raw Materials, Supplies and Unfinished Goods.

Description	Quantity	Condition
1. Material		
a. Alminium	73.7 tons	of use

SUBJECT: Application for removal from O.D. No.5 plant areas not containing reparations machinery. (Numazu Naval Arsenal (No.37-23) Numazu)

TO : Commanding Officer,
Tokai-Hokuriku Mil Govt Region Hq & Hq Det,
APO 710 (Nagoya, Honshu)

1. Forwarded herewith in quadrupliceate is application of subject plant for removal of all areas and buildings not housing reparations machinery from O.D. No.5. The application also covers proposed utilization of building and areas if released.

2. All reparations machinery is housed in concrete structure No.33 on attached map with the exception of one (1) overhead crane in adjoining building No.42. Building No.42 is to be used for repair of railway cars in event pending application for use of same by Koito Mfg. Co. be approved.

3. The arsenal proposes to fence in the area around building No.33 if this application be approved and maintain guard at this building.

4. This office believes the security of the machinery at this plant will be increased and the custodial problem greatly simplified if the proposed plan is adopted. Favorable consideration is recommended.

JAMES W. COLEMAN
Major, INF.
Commanding.

SUBJECT: Machinery from Reparations Installations Dispersed Prior to Occupation and After Surrender from Military Arsenals.

TO : Commanding Officer, Tokyo-Kanagawa Mil Govt Dist, APO 343

1. This office has been advised by the Prefectural Financial Bureau that there are approximately 48 machines located in the Tokyo-Kanagawa District dispersed from Arsenals and Laboratories on reparations listing which should be inventoried for reparations.

2. These machines are as follows:

a. Dispersed from the Numazu Naval Arsenal (plant No. 37-23 on reparations list)
(1) Tokyo Shibaura Denki K.K.
Kawasaki City
Kanagawa 4 Machines
(2) Tokyo Shinkukan K.K.
Tokyo-To 43 Machines

b. Dispersed from the Acoustic Ordnance Technical Research Laboratories, Numazu-shi (plant No. 37-24)
(1) Kanagafuchi Tsushin Kogyo K.K.
Yoroi-Machi Oi
Shinagawa-ku, Tokyo 1 Machine

3. As the machinery is located in the district under your jurisdiction it is requested that the machinery be placed under custody by you and carried for inventory in your district.

FOR THE COMMANDING OFFICER:

CLARENCE S. DAVIS,
Capt., A.C.
Adjutant.

TO : Commanding Officer, Tokyo-Kanagawa Mil Govt Dist. APO 343

1. This office has been advised by the Prefectural Financial Bureau that there are approximately 48 machines located in the Tokyo-Kanagawa District dispersed from Arsenals and Laboratories on reparations listing which should be inventoried for reparations.

2. These machines are as follows:

a. Dispersed from the Numazu Naval Arsenal (plant No. 37-23 on reparations list)
(1) Tokyo Shibaura Denki K.K.
Kawasaki City
Kanagawa 4 Machines
(2) Tokyo Shinkukan K.K.
Tokyo-To 43 Machines

b. Dispersed from the Acoustic Ordnance Techinical Research Laboratories, Numazu-shi(plant No. 37-24)
(1) Kanagafuchi Tsushin Kogyo K.K.
Yoroi-Machi Oi
Shinagawa-ku, Tokyo. 1 Machine

3. As the machinery is located in the district under your jurisdiction it is requested that the machinery be placed under custody by you and carried for inventory in your district.
